

The Amazing Son In-Law Chapter 2261-2270

Chapter 2261

Marven left the hotel, rode on his little eDonkey, and headed for the Pearl River Lijing first.

This community has just opened, and recently it has been advertising and promoting sales everywhere in Wrestvel, so Marven also heard about it.

If you change it to a few years ago, any newly opened community will be sold out by crazy citizens and speculators in a very short time.

However, recently real estate brokers are not doing well, and many new communities are experiencing slow sales, so these developers have begun to do everything possible to promote sales.

Theresa originally wanted to apply for a real estate sales job, but because the salary for this job would not be settled until the next month, so she had to go back and work as a temporary etiquette lady in an etiquette company.

To put it plainly, the etiquette company is a human intermediary company.

Like housekeeping agencies, they signed a large number of girls who wanted to be courtesy ladies, and then set different prices according to the external conditions of each girl, and then took the information of these girls to match with Party A.

For example, if a clubhouse opens for a celebration, if twenty slender, beautiful and temperamental ladies are needed, they will directly talk to the etiquette company.

The etiquette company takes the profile photos of the etiquette, let Party A choose, after the selection, negotiate the price, and then arrange the schedule and time with the etiquette.

Generally speaking, the cost of Party A to the etiquette company is, on average, an etiquette lady, ranging from 400 to 800 per day.

However, these etiquette companies will take half or more from the middle and give the etiquette ladies 200 to 400 rewards.

Although Theresa is not as pretty as Avella, she is definitely a beauty, with a good figure and good temperament. In Party A, she can get 800 stalls.

Correspondingly, the etiquette company should also give her 400 days' remuneration.

However, the person in charge of the etiquette company realized that Theresa was short of money, so he deliberately lowered her price, only willing to give her two hundred yuan a day.

Theresa felt that the three relatives in the family were waiting to eat and take medicine, and they couldn't cut off their cash income every day, so even if they were exploited a little bit harder, they could only accept it with anger.

At this time, she was wearing a blue cheongsam-style lady etiquette uniform, standing at the door of the Zhujiang Lijing sales office to welcome guests.

The current season is still the first month, the temperature is very low, and the uniform she wears is very thin, and her calf wearing only silk stockings is exposed underneath. After standing at the door for less than half an hour, her body has become stiff from the cold.

However, in order to make money, she did not dare to have any complaints, and could only clenched her teeth.

At this time, she had been standing at the door for more than an hour. She was trembling with cold, her face was pale and her lips were blue, but she still forced herself to keep the sign of the lady of manners smiling, nodding and bowing to every customer who entered the sales office. ,say hello.

At this time, a woman wearing a mink fur coat came out from the sales office and said to Theresa: "Vicui, today President Liu ordered that all of our hostesses must sign an exclusive guarantee agreement with the company, while there are no customers. Come to see the room, you sign the agreement with me."

The woman's name was Chen Xiaofei, who was the site supervisor of Theresa's etiquette company and the second-in-command of the company.

Theresa asked respectfully, "Sister Chen, what does the exclusive guarantee agreement mean?"

Chen Xiaofei said arrogantly: "The exclusive guarantee agreement means that from now on, you can only cooperate with our etiquette service company exclusively. You cannot have any form of business dealings with other etiquette companies. Otherwise, the company has the right to request You compensate."

Chapter 2262

Theresa asked again: "Isn't it an exclusive guarantee agreement? In addition to exclusively cooperating with our company, what does guarantee mean?"

Chen Xiaofei explained: "The guarantee means that you have to guarantee a minimum of 28 events for the company in a month. If due to your personal reasons, the number of events in the month does not meet the requirements, the company will also ask you. Compensation, or deduct part of your labor costs."

Theresa asked, "Will the company benefit from signing this agreement?"

"Benefits?" Chen Xiaofei pouted, "The good thing is that as long as you follow the company's requirements and have at least 28 activities per month, the company will give you a basic salary of 5,000 yuan."

When Theresa heard this, she said with joy: "Sister Chen, what do you mean is that in addition to the 200 yuan for each event, the company also gives a basic salary of 5,000 yuan?"

“Yes.” Chen Xiaofei nodded and said, “This is a contract specially prepared by the company for employees. Most people don’t have this opportunity.”

After all, she handed the agreement to Theresa and urged: “Come on, quickly sign and get a fingerprint. I will take it back to the company and report it to Mr. Liu when I’m done.”

Theresa was overjoyed. If there are 28 activities in a month, the activity fee alone will be 5,000 yuan, plus a basic salary of 5,000 yuan, which is more than 10,000 yuan!

She hadn’t looked down upon her with a monthly salary of over 10,000 before, but now, a monthly salary of over 10,000 is of great significance to her.

With this income, their family no longer has to go hungry. Moreover, as long as the money is used for living expenses, as long as they don’t buy things randomly, the family can definitely eat well, and the recovery speed of their father and brother’s body must be it can also be a lot faster.

She was overjoyed and didn’t think much about it. She probably looked at the contract and saw that the basic salary of 5,000 yuan per month was indeed written, so she relieved herself and immediately signed her name, and then covered it with the ink pad that Chen Xiaofei handed over. Made his own handprints.

After receiving the contract, Chen Xiaofei smiled triumphantly and said, “Oh, Theresa, you are welcome to become the exclusive contract artist of our Shangmei etiquette company. You must work hard in the future!”

Theresa said excitedly: “Sister Chen can rest assured, I will definitely work harder!”

Chen Xiaofei hummed, and said, “Okay, I’ll go back to the company first. After you are off work, you can sign with your team leader to go back.”

Theresa hurriedly asked, “Sister Chen, are you still here this afternoon?”

Chen Xiaofei waved her hand: “I won’t come here. The company has taken over etiquette work in several other properties today. I will go to inspect the site this afternoon.”

Theresa has worked with this company for a few days, knowing that Chen Xiaofei is the person responsible for on-site payment of salaries. At the end of every day, she takes cash to settle the settlement for everyone, so when she heard that she would not come in the afternoon, she hurriedly asked Said: “Sister Chen, do you find the team leader to settle today’s expenses after get off work?”

Chen Xiaofei looked surprised: “The cost? What is the cost?”

Theresa hurriedly said, “It’s the etiquette expenses for today...200 yuan...”

Chen Xiaofei looked at Theresa and said with contempt: “I said Theresa, did you not wake up? What dreams are you here?”

Theresa said nervously, “Sister Chen, I...what’s wrong with me?”

Chen Xiaofei shook the contract in her hand and said coldly: "Theresa, the contract is plain and clear. The company will give you a basic salary of 5,000 yuan and pack your 28 activities per month. All your remuneration is in these five. Thousands of dollars are included in the monthly salary. What are you asking me for today's etiquette expenses? Doing a job and asking for two money, why do you think so beautiful?"

Chapter 2263

Theresa heard Chen Xiaofei's words and asked in surprise: "Sister Chen, didn't you just say that? The money for the activities is money for the activities, and the basic salary is not included!"

Chen Xiaofei curled her lips and said: "What you think is really beautiful! I tell you, Mr. Liu said that in the future, all etiquette ladies must settle monthly, so starting from today, you will work hard for the company, as long as you work well Twenty-eight activities, you will receive a basic salary of five thousand on the 15th of next month!"

Theresa's expression suddenly became embarrassed, and she said, "Sister Chen, one event is 200, and 28 events should be five thousand and six. The company uses five thousand yuan to pack it. That means I have to give the company three for nothing every month. ..."

As she said, she said embarrassedly: "I have a tight hand recently, and I can't accept this kind of monthly settlement cooperation method, or I won't sign it..."

"Huh? No sign?" Chen Xiaofei sneered, "Theresa, do you think that the ladies of manners have stiffened their wings after a few days of work?"

Theresa shook her head and said religiously: "Sister Chen, I didn't mean that, I think this cooperation method is really not suitable for me..."

Chen Xiaofei snorted and said seriously: "Theresa, let me tell you that you have signed the contract. At this time, if you want to break the contract, you must bear the responsibility for the breach!"

Theresa realized that she had been deceived, so she hurriedly asked, "What is the responsibility for breach of contract?"

Chen Xiaofei raised the contract in Yang's hand and sneered: "This is clearly written in black and white. You have signed the contract with the company voluntarily. If you voluntarily breach the contract, you will have to pay the company a penalty of 500,000 yuan. Otherwise, the company has Right to sue you in the court!"

As soon as Theresa heard this, she felt a little frustrated, and hurriedly pleaded: "Sister Chen, I rely on two hundred yuan to support my family every day. Please see that there are two patients who are paralyzed in bed in my house. , Raise your hand, and void that contract..."

"Void?" Chen Xiaofei sneered, "What is your dream? If you want this contract to be voided, you can also get 500,000 yuan in penalty!"

Theresa said, "Sister Chen, if I get half a million yuan, I won't come to do this job..."

“Yo!” Chen Xiaofei sneered and sneered: “Listening to your Theresa’s tone, it seems that you think this job is shameful?”

Theresa hurriedly shook her head: “I didn’t mean that, I just wanted to say, I really can’t spend that much money...”

Chen Xiaofei roared fiercely: “You fucking can’t get the liquidated damages and still haunt the old lady here? If you can’t get the liquidated damages, you can work honestly with the old lady! This contract has a total of three years. In three years and thirty-six months, you have to do 28 games every month, otherwise, one less game and one thousand deductions until all deductions are made!”

“What?!” Theresa cried anxiously, and blurted out: “Aren’t you a cheat? It’s less than two hundred dollars for one game. If you lose one game, you will deduct one thousand. If I do 20 a month, Three games, five games are missing, then you want to deduct all my five thousand dollars?”

Chen Xiaofei glared at Theresa and said with a smile: “You should be thankful that the contract is only deducted, and you are not compensated. If you are allowed to compensate, if you do not count, you will have to lose the company’s money!”

Theresa blurted out, “It’s too dark for you! I’m not doing it! I won’t honor the contract!”

“Not fulfilled?” Chen Xiaofei sneered, “If you don’t fulfill it, then follow me back to the company and give the company an IOU of 500,000!”

Theresa was anxious and asked, “Why?!”

“Why?” Chen Xiaofei curled her lips in disdain, turned and rushed to a golden cup car at the door to beckoned. In the car, four strong men of five big three and three thick came out of the car and directly surrounded Theresa.

Chen Xiaofei scolded the brawny men: “Take her in the car and get her back to the company! I don’t believe it anymore, I can’t stop her from being Theresa!”

“Okay Sister Phil!” One of the strong guys immediately responded, and even if he led someone to the front, he grabbed Theresa by the arm, and scolded: “Honestly follow us in the car, otherwise you will feel better. of!”

Chapter 2264

“I’m not going!” Theresa blurted out, “You are committing a crime in broad daylight! I want to call the police to arrest you!”

“Report to the police?” Chen Xiaofei came up and slapped Theresa, yelling: “You fucking think that the police can bluff me? Tell you, there are so many ways for the old lady to see you with a stubborn hoof like you! The old lady has a million ways. Kill you!”

Theresa blurted out, “You are too bullying! Now it’s a society under the rule of law! How can you allow you to be so foolish!”

Chen Xiaofei sneered and said, "What about bullying you? What my old lady likes to do is bullying! I tell you, President Liu is the number one person with a surname on Wrestvel Road. If you dare to be honest, it's not just you who are not good. In the end, no one in your family will have good fruit!"

She said, "Theresa, don't blame me for not reminding you, don't say anything else, just the contract you signed and drew in my hand, I can pay one hundred and twenty thousand at any time. The price of ten thousand dollars is sold to a debt collection agency. When the time comes, people from the collection agency will come to your house every day to block you and force you to pay back the money. Paint, no matter where you go to work, they will go to the place where you work and go to death.

Chen Xiaofei's etiquette company was originally built by a gray group in Wrestvel.

Their mode of operation is to first use normal cooperation to lure the little girls in, then trick them into signing a sales agreement, and then use the sales agreement to firmly control them.

Plain looks generally become their coolies, with the lowest remuneration, helping them to be polite ladies everywhere, desperately squeezing, and some even run three or four activities a day.

And those who look better are basically forced to go to KTV to be princesses or young ladies, and some are even forced to go on the road of the dust.

Chen Xiaofei feels that Theresa's appearance is indeed excellent. If she is controlled and sent to high-end clubs, she can create at least 50,000 or 60,000 benefits in a month, which is definitely a cash cow.

She was also worried that Ye Chang had many dreams, so she hurriedly said to those people: "Quick, get her in the car!"

Several strong men immediately grabbed Theresa and dragged into the car.

Theresa's scared soul was not possessed, and she blurted out, "Help! Kidnapping!"

Some passers-by heard it and looked over immediately.

Chen Xiaofei hurriedly said loudly: "Don't get me wrong, we are Wrestvel Shangmei etiquette company, a formal enterprise!"

"This girl is one of our employees. Some time ago, her family had an accident and her parents had a car accident. Our boss kindly loaned her 500,000 yuan to see a doctor. In the end, she did well and quietly took the money to gamble!"

"I don't want to talk about losing all the money, and abandoning her parents in the hospital. We are going to take her to the hospital to see her dying parents and see if we can reawaken her conscience!"

When everyone heard this, they didn't know who to believe.

At this time, Chen Xiaofei whispered to those people: "Get in the car!"

Those people immediately pulled Theresa out of the car door, and she was about to push her into the car.

Theresa was frightened at this time, and her heart was desperate. She knew in her heart that once she got on the car, she would be on the thief ship, and she might not be able to get off in her life...

Just when she was desperate and didn't know what to do, she suddenly heard a familiar voice whispering coldly: "Let her go!"

Chapter 2265

With this roar, Theresa and others including Chen Xiaofei immediately followed the reputation subconsciously.

At this moment, I saw Marven riding his electric bike and quickly approaching everyone.

Immediately, Marven stopped the electric car and did not get out of the car. He put his legs on the sides of the electric car and said in a cold voice, "Let her go to me."

When Chen Xiaofei saw that Marven was riding an electric car, his expression immediately became extremely disdainful, and sarcastically said, "Who should I be a hero to save the United States? It turns out to be a fucking scumbag!"

After speaking, she gave a cold snort, and scolded: "Smelly Diaosi, I tell you, don't be nosy here, otherwise, my old lady will make you unable to eat!"

Seeing Marven's sudden appearance, Theresa immediately felt a strong sense of security in her heart, and hurriedly cried out, "Brother-in-law, brother-in-law, please help me, brother-in-law..."

When Chen Xiaofei heard this, she couldn't help but sneered: "Oh, you are her brother-in-law, what's the matter? Want to redeem her?"

Marven smiled and asked her, "How do you call this lady? I don't know where my sister-in-law has offended you?"

Chen Xiaofei curled her lips: "You are not worthy of knowing my name. As for how your sister-in-law has offended me, you don't need to know so clearly. You only need to know one thing. Your sister-in-law owes me now. Five hundred thousand, if you pay the money, I will let her go now; if you don't pay, then I will take her away!"

Theresa hurriedly said aggrieved: "Brother-in-law, I don't owe them any money at all. They lied to me to sign a contract. The contract came with a penalty of 500,000. They were completely contract fraud... .."

Marven waved his hand: "Okay, Theresa, don't talk, I'll talk to this lady."

After all, he looked at Chen Xiaofei with a smile, and said, "Beauty, isn't it half a million? This matter is really easy to solve. Otherwise, you can give me a card number or your Alipay now. Account, I will call you 500,000 immediately."

Chen Xiaofei frowned and looked at Marven, and said coldly, “Cut, what the hell are you? You are not willing to ride a better electric bike like you, can you get half a million?”

Marven didn’t get angry, so he took out his mobile phone and smiled: “In this way, you can turn on your Alipay now, and I’ll transfer the money to you now. If the money arrives, you will release the person directly; if the money does not arrive, you must kill it. Follow you.”

Chen Xiaofei began to hesitate at this time.

She thought to herself: “Looking at this stupid look, it doesn’t seem to be bragging. If he can really put out 500,000, this is an excellent deal. Even if I bring Theresa back and force her to work for me, You can squeeze her at most tens of thousands of dollars a month. If you want to squeeze out 500,000, it will take at least half a year or even longer...”

“Now that this idiot is willing to spend half a million to settle this matter, wouldn’t I just make half a million for nothing in one morning?”

Thinking of this, she immediately said to Marven: “Since you really have the intention to settle this matter for her, then I will give you a chance, but don’t blame me for not reminding you in advance. If you dare to play with me, Not only will I take your sister-in-law away today, even you will not end well!”

Marven smiled and said: “Don’t worry, you have so many people here, how dare I play you?”

Chen Xiaofei snorted and immediately took out her mobile phone and opened her Alipay.

Marven casually scanned her QR code for payment, and then immediately filled in an amount of 500,000 in the transfer column.

Because the amount is relatively large, Alipay requires full name verification, so Marven smiled and said to Chen Xiaofei: “Beauty, it won’t work if you don’t tell me your name this time. The transfer needs to be verified.”

Chen Xiaofei hugged her shoulders and said arrogantly, “My name is Chen Xiaofei, and I’m the elder Chen, small and small, Faye Wong’s Phil.”

Chapter 2266

Marven nodded, entered her name on it, and then clicked Confirm. After Alipay’s face recognition was passed, a prompt popped up immediately indicating that the transfer was successful.

Chen Xiaofei’s hand shook, and a prompt popped up immediately: “Marven transfers 500,000 yuan to you!”

When she saw this piece of information, she was surprised that she couldn’t add anything, and she was excited to say: “Mom! This money is so smoothly earned! I have never made such a good money in my life! President Liu If you know it, at least I will be rewarded with 100,000 yuan!”

Excited, Chen Xiaofei couldn't help but glanced at Marven, and smiled: "I didn't expect that Mr. Ye was quite generous. In order to help your sister-in-law, you can use your fingers to get 500,000 yuan. I want to get Mr. Ye's financial strength. Isn't it the same?"

Marven laughed and said, "It's not the same, I'm just a little silk? It's not easy to work hard to accumulate some wealth. If it weren't because she is my sister-in-law, I wouldn't be able to take it so easily."

Theresa saw that Marven really gave half a million yuan, and immediately cried and said, "Brother-in-law...you can't just give them the money like this...They are just a bunch of bandits... ."

Chen Xiaofei immediately scolded, "Theresa, please pay attention to your words. Our contract is written in black and white. You have also handprinted it yourself. I am using this money to act according to the contract. Why is it a robber?"

Theresa trembled with anger, and said angrily: "Are you a robber, you know yourself! The contract itself is fraudulent!"

Marven said at this moment: "Once you are done with Theresa, stop talking nonsense."

Theresa didn't expect Marven to accept the compensation so easily, and choked up: "Brother-in-law...I know it's easy for you to make money, but you can't afford them so freely..."

Marven laughed, "How can you make them cheaper?"

When Chen Xiaofei heard this, she immediately echoed: "That's right, how can it be cheaper for us? Follow the rules, the money itself is what you should pay to the company! Or Mr. Ye knows the law, you girl knows what a shit! "

Marven turned his face at this time and said to Chen Xiaofei: "Miss Chen, you have misunderstood what I meant."

Chen Xiaofei frowned, "What do you mean?"

Marven smiled and said, "The money I gave you was indeed not for you in vain. I borrowed this money from you, with an interest of 500,000 per minute. Now two minutes have passed. You should pay me back with the interest. 1500000."

After speaking, Marven said again: "Oh, yes, I suggest you hurry up, it will be three minutes right away, and then it will be two million."

Chen Xiaofei gritted her teeth immediately, and cursed: "You're fucking crazy, aren't you? Playing this game with my old lady? Do you think my old lady can bird you? Really damn mentally retarded!"

After that, she waved to the strong men around her and said coldly, "Let's go!"

What Chen Xiaofei thought in her heart was: "The 500,000 yuan has already arrived at my Alipay. I naturally don't have to continue to talk to this guy. I just leave. What can he do to me if he rides an electric bike? If he dares to follow me Pretend to be forced, you have to deal with him on the spot!"

Upon hearing this, several strong men immediately pushed Theresa aside, preparing to get in the car and leave.

Marven pointed at Chen Xiaofei at this time, and said coldly: "Others can go, Miss Chen, you have to stay, when will you pay back the money, and when will you leave."

When Chen Xiaofei heard this, she immediately scolded, "Damn, don't give me a face! Come here, hit me!"

Chapter 2267

The strong men around Chen Xiaofei had already been gearing up.

Their company, which specializes in gray areas, wants to make money entirely on performance.

Chen Xiaofei's performance depends entirely on how many little girls she deceived, and then how much value she squeezed from these little girls.

The performance of their thugs depends on how many times they move their hands.

In layman's terms, if there is no chance to do it for a month, they can only get a basic salary.

But if there are fights every day this month, they can get at least tens of thousands of wages.

They have seen this business today. Chen Xiaofei already has 500,000 in Alipay. If they try to teach the mentally retarded guy in front of them, they will have at least 20,000 or 30,000 of the 500,000.

Therefore, as soon as they heard Chen Xiaofei's order, they immediately stepped toward Marven and pressed them, and each of them was going to take action.

Marven smiled lightly on his face.

Not to mention a few thugs, even a few martial arts masters like Su Ruoli are not enough in front of him.

So, he directly greeted him with a smile.

Kicked one with a bang, knocked another with a bang, and then lifted a strong man with both hands, and threw them lightly with both arms, and threw those two people away by the side of the road. In the green belt of the tree, I fell unconscious.

When the two remaining people saw that Marven was like cutting melons and vegetables, they easily eliminated their 4 companions, and they were so scared that they turned around and flee.

But before they turned around, Marven grabbed the back of the neck directly, and then, they all turned into two parabolas and flew into the green belt on the side of the road.

Chen Xiaofei looked silly.

She never dreamed that this hanging wire riding an electric bike would be so powerful.

This kind of strength is even more powerful than those famous red sticks on the road!

Only then did Chen Xiaofei realize that she was making trouble today.

So she hurriedly smiled and said, "Mr. Ye, I'm really sorry. I didn't know that Taishan offended you. Don't mind. I will transfer the 500,000 yuan back to you!"

Marven smiled and said, "Don't, six minutes have passed. The principal is 500,000 and the interest is 3 million. You have to give me 3.5 million in total."

Chen Xiaofei said with a weeping face: "Mr. Ye, you said and laughed... the total is only half a million, and you have to charge half a million in interest for one minute. There is no such ruthlessness in ancient and modern China and foreign countries..."

Marven smiled and asked her: "Why, haven't you seen it?"

Chen Xiaofei shook her head and said, "Mr. Ye, I have never heard of such a high interest rate..."

Marven nodded: "Okay, not only have you heard of it now, but you have also seen it with your own eyes. I advise you to stop talking nonsense, otherwise it will soon increase by 500,000."

Chen Xiaofei wiped her cold sweat, and said awkwardly: "Mr. Ye, don't tease me. You are also working for the company. Although you gave me the money, I still have to give it to our boss. I am a part-time worker. , How can I get so much money to pay you..."

Marven said calmly: "Then you can call your boss over, but don't blame me for not reminding you in advance. If your boss takes 20 minutes to come over, the interest will increase by another 10 million."

When Chen Xiaofei heard Marven say that she should call her boss, she was overjoyed.

The reason why she pleaded for mercy to Marven was because she couldn't deal with him alone.

Chapter 2268

But since he asked himself to call the boss, he could call the boss over and let the boss solve the matter.

Thinking of this, she immediately said diligently: "Then wait a minute, I will call our boss!"

After speaking, he quickly took out his mobile phone and dialed a number.

As soon as the phone was connected, Chen Xiaofei said anxiously, "Mr. Liu, help me, Mr. Liu, I have some trouble at Pearl River Lijing..."

Mr. Liu on the phone, named Liu Zonghui, used to be a local bastard. He once became a bit famous, but later became a red eye because he went to gamble abroad and lost his hand. Up.

His right hand was abandoned, and he couldn't continue to mix in the underworld where the weak and the strong were eating, so he gathered a group of people and set up a etiquette company.

The reason why I chose to work in the etiquette company is because the etiquette ladies contacted by the etiquette company are all girls, and they are all girls with a little bit of beauty but no background.

After all, all the ceremonial ladies who have come to do a few hundred dollars a day, what power background can the family have? After being bullied, naturally no one can stand for them.

Because of this, Liu Zonghui has been engaged in prostitution business in recent years.

He was on the phone, and after hearing Chen Xiaofei's story, he suddenly jumped into a rage.

"Damn, some people dare to worry about my Liu Zonghui's money! Wait, I'll bring someone over here!"

Chen Xiaofei reminded vaguely: "Mr. Liu, then you must be well prepared..."

Liu Zonghui immediately smiled and said, "Don't worry, Brother Zhongliang happened to be drinking tea in my place, I will bring Brother Zhongliang over!"

Chen Xiaofei asked excitedly, "Brother Zhongliang is in our company?"

"Yes." Liu Zonghui sneered, "The little Di who signed last week was spotted by Brother Zhongliang when he was working on KTV yesterday. Brother Zhongliang wanted to take her, so he came to say hello to me. I confiscated Brother Zhongliang. Money, so he owes me a favor. Just let him help me on this matter."

Chen Xiaofei was so excited that she hurriedly said, "Okay, Mr. Liu, then come here!"

Liu Zonghui smiled and said, "Okay, tell him that I will be there soon, at most ten minutes!"

Chen Xiaofei hung up the phone and looked at Marven with full pride.

She knew in her heart that once Zhongliang came to help, Marven would be finished.

"Ma Zhongliang's name, who doesn't know in the underground world of Wrester?"

"He is Orvel Hong's four heavenly kings! There are at least a few thousand brothers under him. Although this guy with the surname Ye can beat, he is hard to beat with four hands! I will wait to see you being chopped off by Ma Zhongliang's men. Disabled!"

However, although she was very proud in her heart, she didn't dare to pretend to be forceful in front of Marven. Instead, she said very politely: "Mr. Ye, our boss said, come here in a while, you can wait a moment. Don't worry..."

Marven smiled and said, "I'm not in a hurry. The one who should be anxious is your boss. After all, this minute is 500,000 yuan. If he lingers for a while, he might be bankrupt."

Chen Xiaofei chuckled and cursed in her heart: "Fuck! You stupid really take yourself seriously, don't you? Five hundred thousand a minute, you fucking dare to think about it, and wait until you are dying. , I see how you pretend!"

Theresa on the side was a little worried, and whispered to Marven, "Brother-in-law, their company boss is a gangster. Maybe they will bring a lot of people over, let's go first!"

Marven waved his hand and said with a serious face full of justice: "How can I leave now? If I leave, what if his boss can't find me afterwards?"

"You know if this money is delayed for a day, do you know how much his boss will pay me? One minute is 500,000 yuan, one hour is 30 million, twenty or forty hours is 720 million. There are principles, you can't be so cheating, you know?"

When Chen Xiaofei heard this, she lowered her head, covered her face with her hand, and said in her heart, "Emma, from which haystack did this guy jump out? That mouth is really bragging... "

Chapter 2269

She was patient and waited for fifteen minutes on the spot.

Fifteen minutes later, a Mercedes-class car finally drove to the parking lot at the entrance of Zhujiang Lijing.

Following the S-Class sedan, there were two 11-seater vans. At this time, the two vans were full of people holding machetes.

The direction of the vehicle was coming from behind Marven. Liu Zonghui in the car saw Chen Xiaofei, and then immediately realized that the man sitting in the electric car in front of Chen Xiaofei with his back to him should be following him. The guy Chen Xiaofei yelled at.

He was very disdainful to secretly: "A sling riding an electric bike, dare you fucking pretend to be with me? It just happens to be itchy hands today, so I will practice with you!"

However, when he thought of Chen Xiaofei's words, this Diaosi brought down his six younger brothers alone, and he felt a little drumming again.

I thought to myself: "What if this guy is really good at hitting me, and I'll be fucked by a face-to-face encounter?"

Thinking of this, he was so busy looking at Ma Zhongliang next to him, and said flatly, "Brother Zhongliang, you will have to work hard later. You can help me out. Since the beaten my hand was abolished, no one on the road has been You recognize me and don't give me face anymore. Unlike you, who can become the four heavenly kings by Orvel Hong, no one in Wrestvel can give you face..."

Ma Zhongliang was very proud of this wave of praise, and said with a smile: "Zong Hui, it's just a small hanging silk, dare to look down on you, just look down on me, wait a while, brother will take a good breath for you!"

After speaking, the driver stopped the car beside Marven.

Ma Zhongliang pushed the door directly and got out of the car, staring at the back of Marven's head, and cursed coldly: "Let me see which one is not long-eyed, dare to offend my brother Ma Zhongliang!"

At this time, more than 20 younger brothers stood behind Ma Zhongliang.

Several of them belonged to Liu Zonghui, but most of them belonged to him.

When Chen Xiaofei saw that Liu Zonghui had really brought Ma Zhongliang over, she became excited and jumped and smiled at Ye Chenjiao: "The surname is Ye, you're fucking dead today! You are waiting to be chopped into meat sauce by Brother Zhongliang Right!"?

Theresa said nervously, "Brother-in-law...they are so many people..."

Marven curled his lips and said lightly: "What's the use of more people?"

Ma Zhongliang didn't recognize Marven's voice at once, so he said furiously: "Boy, you are very arrogant! Even Ma Zhongliang doesn't look at me, I think you are bored!"

Marven turned around slowly at this time, looked at Ma Zhongliang, and said with a smile: "Oh, it turned out to be Brother Zhongliang, why? Bring so many brothers, is this going to kill me?"

Ma Zhongliang saw Marven's smiling face, and his soul frightened suddenly!

He never dreamed that the Diaosi that Liu Zonghui asked himself to help teach, turned out to be Master Ye Chenye, whom his boss Hong Wu highly respected!

"This... isn't this a fucking dog? Isn't this..."

Ma Zhongliang cried out in his heart, and his legs became weak involuntarily.

Immediately afterwards, he knelt on the ground with a plop in the eyes of everyone's surprise, and choked: "Ye...Master Ye...I really didn't expect it to be you here... .. also ask you to have a lot, don't be familiar with my stupid dog..."

Liu Zonghui was stupid and blurted out, "Brother Zhongliang...you...how did you kneel down for this hanging silk? What kind of thing is he, he!"

As soon as Ma Zhongliang heard this, Qi Qiao suddenly became angry!

He struggled to stand up, stepped forward to Liu Zonghui, rounded his arms, and slapped his face severely!

With a snap, Liu Zonghui was beaten back several steps, his whole person was already dizzy, his eyes were staring.

Chapter 2270

He covered his face and asked in amazement, "Brother Zhongliang, you...what are you hitting me for? Punching that stinky silk!"

Ma Zhongliang's whole person was shivering, and he stammered: "You...you are really going to die! You dare to say that Master Ye is a stinky silk! I think you are really tired and crooked.!"

After speaking, he immediately shouted to all his men: "Damn, hold him down and beat him to death!"

Although most of Ma Zhongliang's younger brothers had never seen Marven, they had heard of Master Ye's name.

After all, this is the benefactor that Orvel Hong talks about all day long, and Orvel Hong is the godfather of the entire Wrester underground world. It can be said that his benefactor is the benefactor of all members of the underground world in Wrester.

This Liu Zonghui provokes who is not good. He has to provoke Master Ye. Isn't this just playing a lantern in the toilet and seeking death?

As a result, these little brothers immediately rushed forward and pressed Liu Zhonghui to the ground, which was a violent beating.

Liu Zonghui was beaten up and screamed, crying and wailing: "Brother Zhongliang, forgive me, Brother Zhongliang, I don't know this Mr. Ye is your friend. If I knew it, I wouldn't have a conflict with Mr. Ye if I killed him! Please forgive me!"

"Forgive you?" Ma Zhongliang, who was anxious, blurted out without thinking: "Fuck you uncle, I fucking spared you, who the fuck spared me? If Master Ye blames it, I fucking eat. If you can't, you have to go around. Even if Master Ye doesn't blame me, if this matter reaches the fifth master, the fifth master will destroy me! You bastard hurt me, you know?!"

Liu Zonghui cried and said, "Brother Zhongliang, forgive me, I really know I was wrong..."

After speaking, he looked at Marven again, crying and begging: "Master Ye, please forgive me, Master Ye!"

Marven smiled lightly and said to Ma Zhongliang, "Okay, let your people stop first."

When Ma Zhongliang heard this, he hurriedly blurted out and shouted: "Fuck you, stop for a while, Master Ye is about to speak!"

A large group of people were surrounding Liu Zonghui, who was on the ground and kicked fiercely. Hearing this, he quickly closed his hands and backed two steps, standing motionless.

At this time, Liu Zonghui was beaten to bloody blood and his face was swollen into a big pig's head.

Chen Xiaofei on the side was already frightened, looking at Liu Zonghui blankly, not knowing what to do.

Ma Zhongliang hurriedly bowed at this time, and said to Marven respectfully, "Master Ye, please give me an order..."

Marven nodded, and said to Ma Zhongliang: "My little horse, it's not that I said you, civilized society, don't fight and kill at every turn. In this large crowd, how bad is it for ordinary citizens to see the impact?"

Ma Zhongliang was taken aback for a moment, and hurriedly slapped himself in the face, and said with a shame: "Master Ye, you are right to criticize! It's because I am too low-quality, which has embarrassed the people of Wrester..."

Marven said indifferently, "Just know."

After speaking, he looked at Liu Zonghui and said with a smile: "Liu from Shangmei etiquette company is always, right?"

With blood still hanging on the corner of Liu Zonghui's mouth, he said weakly, "It's me...it's me...Master Ye, it's me who was wrong, I didn't know Taishan, who offended you, Please forgive me..."

Marven waved his hand and said seriously: "Oh! There is no right or wrong in the adult world, and some are just benefits."

After all, he pointed to Chen Xiaofei, who was pale, and said with a smile: "Look, I have told your President Chen before you came, I lent your company 500,000 yuan before about thirty minutes ago. , I have an appointment with you President Chen. The interest rate is 500,000 yuan per minute. After these 30 minutes, the interest rate is 15 million yuan. Together with the capital, the total is 15.5 million yuan. See when you will pay Check it out?"

Liu Zonghui's whole person shuddered, and he blurted out: "Master Ye...Grandpa Ye...you...your interest is too high...for a minute Five hundred thousand, don't you want my life..."

Marven smiled and said, "Look, your company made a fortune on the overlord clause; and I, this person, makes money on external loans. You have your ability to make a fortune, and I also have my way of making money. Of course those who come out have to respect each other."
