

The Amazing Son In-Law Chapter 2331-2340

Chapter 2331

Walter's words made Lori's heart suddenly tense, and the intense pressure made her feel as though she was about to suffocate.

Although she dislikes or even hates Walter's proposal to herself, she also understands in her heart that the kidney source that Walter found in the United States is the only kidney source that she knows so far that can match her father. There is nothing else.

If this kidney source is really bought by others, then I will completely lose all hope.

Lori studied in the United States that year, so she is very clear about the situation in the United States.

Compared with China, the overall rule of law in the United States is relatively loose.

Not only is there a flood of guns and drugs, but even the trade of human organs is unregulated.

If a person wants to sell his kidney, even in a pet hospital in the United States, he can complete the operation of kidney removal, everything is very easy.

This means that if the donor finds a suitable seller, he can almost sell the kidney in one meal.

Once the kidney is removed, it will be shipped to the buyer in the fastest way.

In that case, I will have no chance...

However, Lori still couldn't make a decision in her heart.

After all, the price of wanting to keep this kidney source for his father is too great.

Even so big that you need to sacrifice everything yourself.

Your own chastity, your own career, your own morals, and even your own life.

Seeing her struggling expression, Walter smiled deliberately and said seriously: "Lori, since you are so difficult to make a decision, then forget it. Don't embarrass yourself anymore. I will tell the other party, I don't want this kidney. Now, let him sell it to the French, so as to save you from being so entangled and sad, what do you think?"

As soon as the voice fell, Walter had already taken out his cell phone.

Lori blurted out almost subconsciously: "No! Walter! No!"

Walter smiled and asked, "What? Have you changed your mind?"

As he said, Walter continued with a serious look: "Lori, in fact, the conditions I gave you are really very good. You don't have to resist so much. Give me your ten years of youth, and the reward I give you, You will not be able to earn it back in 20 or even 30 years. After ten years, you will only be in your 30s. There are opportunities to start your life again with a lot of cash."

"As for the children you gave me in the past ten years, if you think they will become a burden to you in the future, they can all be brought back to the United States to raise them."

"In this case, you will be a single woman worth hundreds of millions, even billions, ten years later!"

"In the words of your Chinese people, it is a typical diamond king!"

"At that time, countless young and handsome young men in their early 20s will kneel around you like a dog. Is there anything more wonderful in life?"

Lori had no expression on her face and said nothing, but the mother on the sofa who hid her face and wept bitterly was already unbearable, covering her ears with her hands.

She wanted to drive Walter out, or even fight out, but she had the same concerns as Lori.

It was very easy to drive Walter out, but that was tantamount to closing the door for Lori's father to survive.

Using the lives of the other's relatives as a threat, Walter can be said to have achieved the ultimate.

Chapter 2332

Lori was silent for a long time and said: "Walter, if I promise to be your lover and go to work in your company, can you promise me not to force me to divulge any Emgrand Group business secrets?"

When Walter heard this, he couldn't help but frown, and asked: "You are a professional manager in the Emgrand Group. Why are you so loyal to this company?"

Lori said seriously: "It is the bottom line of my professional ethics!"

Walter sneered: "Lori, your value to me has three aspects. The first aspect is your body; the second aspect is your ability; the third aspect is your value to the Emgrand In my opinion, the mastery of the core secrets of the group is indispensable for these three aspects!"

Lori gritted his teeth and asked: "Does it have to be like this Walter? I can promise you so many nasty terms, don't you leave me with a little room for bargaining?!"

Walter laughed and said: "There is no bargaining room that cannot be left, but the minimum principles cannot be lost. For example, I insist that none of these three aspects are indispensable, but if you have some opinions on the details of one aspect, we can discuss it. ."

Having said that, Walter smiled lightly and said: "For example, I am a person who likes children very much, and I firmly believe that the Chinese people respect the four words Ding Xingwang. According to my plan, you and me will be at least ten Give me five children, but if you think five children are too

many, you can bargain with me. If you finally decide to give me three children, I think it's acceptable. This is the way I recognize the bargaining. ,do you understand?"

Lori immediately scolded: "Walter! You are just a beast!"

Walter said with a smile: "Thanks to the praise, my father has been teaching me, humans, be animalistic!"

"He likes the famous saying of a science fiction author in China: For human beings, a lot will be lost if they lose their humanity, but if they lose their animality, they will lose everything!"

"The reason why human beings can survive in such a cruel society and climb to the top of the food chain is based on animality!" Remember to read a book

"Are cows and sheep cute? They are cute, but in order to fill their stomachs, humans have to kill them and eat meat!"

"Are foxes and minks not cute? They are also cute, but in order to withstand the severe cold, humans have to strip off their skins and make clothes!"

"Humans like sashimi, so they take meat from living seafood!"

"Humans like foie gras, so they fill the goose's stomach with food!"

"Humans hate mice, so they will kill them all!"

"Humans hate mosquitoes, so they will invest huge sums of money to develop various poisons that are only effective against mosquitoes!"

"This is animality!"

"To put it bluntly, all creatures with animal qualities are beasts! All beasts!"

"So, to me, the beast doesn't mean anything to degrade, on the contrary, it is a kind of compliment to me!"

As he said, he stared at Lori with a sneer, and said, "Lori, for the sake of classmates, I will help you again!"

"Later, I will let my subordinates in the United States pay the kidney donor US\$20,000 as a deposit, and let him keep the kidney for me for 24 hours!"

"This is the last 24 hours for you to make a decision!"

"After 24 hours, if you still don't accept my terms, then prepare a funeral for your father!"

"At that time, I will definitely buy the best wreaths in Wrethel and deliver them to the funeral home myself!"

Chapter 2333

After Walter said this, he turned and left the ward.

Lori looked at his leaving back, and his whole body trembled with anger.

Her mother Yufang Sun walked forward with tears in her face, took her hand, choked up and said: "Lori, forget it, give up, mom can't just watch you jump into Walter's fire pit..."

Lori's eyes were sour, tears couldn't help but burst into tears: "Mom, Dad doesn't have much time left now...If you can't get this kidney source, within half a month, maybe... ."

Yufang Sun slapped her hand a few times. Although it was painful, she resolutely said: "Your dad and I have lived for more than 50 years. In the past 50 years, we have lived full, happy, and prosperous. The same I am also very satisfied. If your dad leaves like this, I won't have any regrets in my heart. After all, our mothers have tried their best..."

Lori choked and said, "Mom...you tried your best, but I haven't... If I promise Walter, Dad's life will continue. If I give up this time, it will be decades from now. Here, I may always be living in guilt and unable to extricate myself... It is possible that I will not forgive myself until I die..."

Yufang Sun asked her back: "Lori, if you save your dad in this way, your dad may not be able to forgive him for the next few decades! You save him and let him watch you. Living in dire straits every day, this may be more cruel to him than death..."

Lori hesitated for a moment, sighed heavily, and said: "Hey...Mom...Let me consider this matter again. There are still 24 hours, and I will consider it carefully."

Yufang Sun wanted to say something, but he swallowed when the words reached his lips.

At this time, she didn't want to lead Lori too much to make a decision. After all, no matter how you choose this kind of thing, it is full of pain.

When Marven came to Qin Gang's house, the other guests hadn't arrived yet.

The dinner time is seven o'clock in the afternoon. At this time, it is not less than two o'clock in the afternoon.

Marven drove to the villa, Qin Gang already took Aoxue Qin and Steven Qin, waiting anxiously at the door.

Qin Gang was in a very good mood today, because Marven not only planned to host a banquet at his home today, but also promised to give him a rejuvenating pill.

Marven refined two kinds of pills this time.

One is the first to treat Dave's disease and refining the heart-dissipating pill. This kind of pill is relatively low-level, can cure all diseases and extend the life of the patient to a certain extent, but it does not have the rejuvenating pill to make the body ten The magical effect of a few twenty years old.

What he planned was to give back to everyone who came to the banquet today a blood relief pill as a gift to them.

In addition, because Qin Gang asked Aoxue Qin to give herself a top-quality purple ginseng that was more than four hundred years ago, so that he was able to make 30 rejuvenating pills, so he prepared and gave Qin Gang one extra. A rejuvenating pill.

Marven just stopped the car, and Qin Gang couldn't wait to greet him with his daughter and nephew, and said respectfully, "Marven, you are here!"

Little Chili Aoxue Qin also said very embarrassedly: "Aoxue welcomes Marven!"

Steven Qin also learned something, and said respectfully, "Aodong welcomes Marven!"

Marven nodded lightly, and said with a smile: "President Qin, today I chose to host a banquet in your house. It's really annoying."

Qin Gang hurriedly folded his hands and said, "Marven, you are too polite! You can choose to come to Qin's house for a banquet. This is Qin's blessing. If you can come, Qin's house will be splendid!"

Marven smiled slightly, waved his hand and said: "Okay, if you are polite, don't say anything to each other with business, let's go in and talk, and I plan to give Aoxue some guidance in the afternoon."

As soon as Qin Gang heard this, he smiled and turned away, respectfully making a gesture of invitation, and said sincerely: "Marven, please first!"

Marven once visited this villa of Qin's family by the lake.

Chapter 2334

Little Chili Aoxue Qin also especially drove a speedboat and took him for a long swim on the lake.

But the weather right now is still cold, and the lakeside scenery is more or less depressed, not as lush and vibrant as when I came last time.

Therefore, Marven said to Qin Gang in passing: "Mr. Qin, when the villa comes into the winter, the vitality is a little lacking. Don't look at the trees and grassland that are only temporarily withered, but in terms of Feng Shui, these must be regarded as dead objects. , So it's better not to live here before the beginning of the spring. It will have a little impact on your body and fortune."

When Qin Gang heard this, he immediately said, "Oh! Thank you, Marven, for reminding us that if this is the case, we will move back to the city tomorrow!"

Aoxue Qin subconsciously said: "Dad! Why don't we go to Tomson Yipin to buy a villa! Not only is the place big, but you can also be a neighbor with Marven!"

Qin Gang smacked his lips and muttered: "It's indeed a good idea, but the Tomson First-Class villas were all sold out when they were on sale. I don't know if anyone resells them yet. I'll let people know when I turn around!"

Aoxue Qin said with joy, "That's really great!"

After that, Aoxue Qin looked at Marven and asked in a shameful answer: "Marven, if we move to Tangchen First Grade, will we not bother you?"

Marven smiled and said, "How could it happen? If you really move in, it would be a good thing for everyone to be neighbors."

As soon as Qin Gang heard Marven express his attitude, he immediately relieved himself and said with a smile: "Since Marven has said so, then Qin will pay attention to it in these two days!"

Aoxue Qin was naturally extremely happy in her heart.

In fact, she didn't want to live in such a remote mansion. The main reason for living here was that there was a very complete exercise room. No matter the size or the facilities, it was no better than those professional exercise rooms in the city. Inferior.

However, if there is a chance to be a neighbor with Marven in the future, it doesn't matter if there is no such a good practice room!

While talking, Marven walked into the living room accompanied by three members of the Qin family.

Qin Gang invited Marven to sit down on the sofa, and then personally brewed Ye Sheng a cup of fine Jinjunmei black tea.

"Marven, this Junmei Jin was specially found by someone from Wuyi Mountain. The quality is excellent. Please have a taste."

Marven nodded, took a sip of tea from his teacup, and said with a smile: "The tea soup is sweet, sweet and smooth in the mouth, with a lingering fragrance. It really is a good tea!"

Qin Gang said hurriedly, "Since Marven likes it, I'll bring you two catties to taste later!"

Marven thought that Zhangren Lao loved to drink tea, so he was not very polite, and said with a smile: "Then there will be Mr. Qin."

In fact, the tea maker Junmei Jin, whom Qin Gang asked his person to find, made ten catties of black tea last year.

Among them, Qin Gang bought two and a half catties at a high price, accounting for a quarter of the share.

Originally, this was Qin Gang's plan to keep for a whole year of rations. Now he has drunk four or two, and there are about two catties and one or two left, but when Marven liked it, he didn't hesitate to prepare to give them all. on.

Of course, Marven never took other people's things for nothing, put down the tea cup, and then reached out from the pocket of his coat and took out two small boxes of red sandalwood.

Qin Gang saw the two wooden boxes in Marven's hand, nervously, and didn't even stop breathing consciously. He held his breath and looked forward to the contents of the two wooden boxes...

He knew that with Marven's unique personality, there must be one of these two wooden boxes, which contained the rejuvenating pill that made his soul linger and dreamed of!

Chapter 2335

Under Qin Gang's gaze, Marven handed the two wooden boxes to him and said: "Mr. Qin, the two pills in here are my little gift for you. The one on the right is slightly larger. Some, slightly darker in color, are the blood-dissipating heart-saving pill I gave you before; as for the slightly smaller and brighter pill on the left, it is the newly refined rejuvenating pill this time."

Qin Gang's excited completely has nothing to add, and he tremblingly said, "Master...Master Marven...How can I, how can I be worthy to be given you such a precious rejuvenation pill? , This... this... if this Rejuvenation Pill is put on the market for auction, let alone sell for two or three billion, it's really... it's too expensive..."

Although Qin Gang had great expectations for the Rejuvenating Pill, he knew deep down that the value of the Rejuvenating Pill was too high and expensive, and it was far from comparable to the 400-year-old purple ginseng he gave to Marven.

Therefore, when Marven took out the Rejuvenation Pill, Qin Gang retreated a little deep in his heart.

This also reflects Qin Gang's character in some ways.

If it is someone who only knows to take advantage, someone who gives such a valuable item will naturally accept it without hesitation, so as not to regret it.

But if it is this kind of person who knows the courtesy, then he is receiving a gift from others. The precious thing is the first thought that comes to mind in the depths of his heart. It is how he should repay the favor.

The Qin family is very rich, and their assets add up significantly, but they are tens of billions.

Most of these assets are real estate, as well as the market value of the company, and the real cash that can be freely disposed of is actually only a few hundred million.

If Qin Gang is really going to spend two billion in cash to buy a rejuvenating pill, he will feel that he has more than money but not enough current capacity.

Now that Marven gave him such an expensive pill, he was unavoidably panicked deep in his heart.

Seeing his tangled expression, Marven smiled slightly, and said: "Mr. Qin, how much money the rejuvenation pills can sell for, is not something you need to care about, because I refine things like the rejuvenation pills, and they are not made for making money."

"Since this period of time, I have also taken out a batch of Rejuvenating Pills, but you also know that the only one that was really sold was Li Tailai's one. The rest were basically given to friends or accidents that happened to them. It's time to take it out for help."

Speaking of this, Marven continued: "The most important single medicinal material for refining the Rejuvenating Pill is the best purple ginseng that is more than a hundred years old. The best purple ginseng you sent with Aoxue last time is of better quality than my last time. The photos taken at the auction are even better, so I will assume that you used that super-quality purple ginseng as a stock."

After Marven said, he couldn't help but smile and said: "So, you can be regarded as one of the shareholders of this batch of Rejuvenating Pills. Now, this Rejuvenating Pill is the return of your shareholding. Why are you embarrassed to accept it? What about taking it and saying nothing?"

As soon as Qin Gang heard this, his whole body was moved deep in his heart.

He knew very well in his heart that the reason why Marven said this was to take his feelings into consideration so that he could accept this rejuvenation pill more comfortably.

Moreover, he also realized that after Marven finished saying this, he was not as entangled as he was just now.

Of course, he is also very clear that the reason why Marven said that he was buying shares was to save his own face. He offered purple ginseng by himself, but in fact, there was no such thing as buying shares.

You know, the price of such a premium purple ginseng is about four to five million at best.

Chapter 2336

The reason why the sky-high price of 100 million was sold at the auction last time was entirely because Marven deliberately confronted Fredman Xiao and forced the price up.

Even if it is really a shareholding, the cost of four or five million cannot be exchanged for a return of two or three billion. Therefore, anyway, Marven can give him a rejuvenation pill, which is indeed a great favor.

Thinking of this, he immediately got up, stepped forward, fell to his knees, clasped his fists in his hands, respectfully said: "Master Marven's great kindness is unforgettable, please accept it next time!"

Marven supported him with one hand and said with a smile: "Take the pill and put it away quickly. Of all the people I invited today, you are the only one who has the Rejuvenation Pill, so please keep it secret from me. Don't let other people know, or I'm afraid everyone will think too much."

Qin Gang nodded immediately, and said firmly: "Master Marven, don't worry, I will die, but will not disclose this to anyone."

After finishing speaking, he hurriedly urged Aoxue and Aodong: "You two listen to me, don't divulge half of the word about Rejuvenation Pill, do you understand?!"

Aoxue and Aodong said at the same time: "Understood!"

Qin Gang looked at Aodong and said earnestly: "Aodong, you kid have been in trouble before and even went to hang out with Yu Jinghai from Hong Kong, so you must take this warning seriously and remember what I just said, understand?"

Aodong didn't dare to say half a word, and immediately said: "Second Uncle, I know, don't worry, if I dare to disclose half a word to the outside world, let Master Marven chop me to death!"

Qin Gang was satisfied and said to Marven: "Master Marven, Aoxue has always respected you very much. You can rest assured that although this kid Aodong used to be a jerk, he is indeed much more honest during this period. You don't have to worry..."

Marven nodded and said with a smile: "After you have gone, Mr. Qin, quickly put this rejuvenating pill in the safest place in your villa. As for me, the reason why I came so early is to give Aoxue some more guidance. So I won't waste time here."

Qin Gang said immediately, "No problem, Master Marven!"

After that, he turned to look at Aoxue and said, "Aoxue, you can take Master Marven to the practice room."

Aoxue was ashamed and happy, and nodded quickly: "Master Marven, please come to the practice room with me."

Marven nodded, got up, and went to her practice room with Aoxue.

When Aoxue came to the practice room, she said to Marven: "Master Marven, I have been practicing diligently recently, but I always feel that the overall progress is very slow, and it is almost impossible to make any obvious progress. Did you remember the last time? The effect of the pill is so strong that I can no longer improve my strength by practicing now?"

Marven smiled slightly and said, "The Sanda fighting skills you usually practice are like a 5-year-old child who needs to hold a basketball with both hands to practice shooting, and that pill is equivalent to let you have it all at once, all the abilities of NBA players. In this case, if you still practice basketball in the same way as a five-year-old kid, it will not greatly improve your overall strength. On the contrary, it will be a difference to your current ability. This is a huge waste."

Aoxue nodded and sighed: "You said Master Marven, I did feel this way recently. I always feel that with my current physical fitness, continuing to practice Sanshou fighting skills is a bit wasteful, but I don't know except, apart from these fighting skills, what else can I practice..."

Marven nodded and smiled: "That's why I came here early today. I want to change the direction of your martial art to a new route!"

Chapter 2337

“Change to a new route?!”

Aoxue couldn't help exclaiming: “Master Marven, what do you mean by changing the route? Is it... letting me practice judo, taekwondo or something?”

“Of course not.” Marven smiled deeply and said seriously: “Whether it is our country's ordinary traditional martial arts, or taekwondo, jeet-Kwon-do, Sanda, fighting, boxing, they are all things on the same road. If you change back and forth between them, you can only change the direction at best, and it is impossible to talk about completely changing to a new route.”

Aoxue asked incomprehensibly: “Master Marven, what you said, I don't understand. These events are common competitive martial arts events now. If I don't practice these, what should I practice?”

Marven said calmly: “Have you heard of Neijiaquan?”

“Inner family boxing?!” Aoxue asked dumbfounded: “Could it be...is it the core and most secret boxing techniques of those top martial arts families?”

Marven smiled and said, “Yes.”

Aoxue blurted out: “Master Marven...I have heard of China's four major martial arts families. It seems that each family has its own set of internal martial arts techniques. The secret is known, only by the direct blood relatives of the family, it is impossible for outsiders to learn even if they spend more money, I... can I have such an opportunity?”

In Aoxue's view, Neijiaquan was not something she had the opportunity to practice.

This kind of internal boxing technique is the secret of the top martial arts family, and it is also the core of the family's survival. It is like a secret formula of medicine, and it is absolutely impossible to disclose to outsiders.

Therefore, even if Qin Gang already has a net worth of tens of billions, his daughter Aoxue can only practice fighting and Sanda, a popular and common item.

A martial arts family which mastered internal martial arts, in the martial arts field, even the very top hand.

And such a family is far beyond the control of a family of the size of the Qin family.

The four major martial arts families in China depended on almost all trillion-level top families. Even if they survived by these top families, the martial arts family would never give up their internal secrets fist, because this is what they cannot do. The key to standing tall cannot become a common secret.

However, in Marven's eyes, the internal martial arts that martial arts people highly respected was worthless.

In the “Nine Profound Sky Classics”, just a variety of different levels of internal martial arts, at least a few hundred types are recorded, and these are just some very low-end martial arts.

In fact, the truly powerful exercises are not internal martial arts at all, but real energy and spiritual energy.

If voltage and current are used to measure the gap between Neijiaquan and True Qi and Aura, then Neijiaquan is like an ordinary AA battery. The voltage is only 1.5 volts and the current is very small.

Compared with the aura of the inner family boxing method, Zhenqi is equivalent to UHV electricity, which can start at 500,000 volts, even millions of volts.

The gap in this is simply a world of difference.

Therefore, Marven didn't even see the inner boxing technique in the “Nine Profound Sky Classics”.

It was just that he found that Aoxue could not find a suitable boxing method to practice right now, so he suddenly thought of these inner boxing methods and planned to choose one from them and let Aoxue practice.

So, he smiled and said to Aoxue: “I happen to know a kind of inner family exercise that is very suitable for girls to practice, called “Four Elephant Palm”. If you are interested, I can teach you?”

When Aoxue heard this, she was shocked and speechless!

Although she doesn't know what kind of inner family practice this “Four Elephant Palm” is, as long as it is in the category of inner family boxing, it is a priceless treasure!

Chapter 2338

And Marven is now willing to teach this priceless treasure to her, what a gift this is.

Seeing Aoxue not speaking, Marven smiled and asked her: “Why, don't you like it? Would you like to change it?”

“No, no, no!” Aoxue's eyes were tearful, and she waved her hand quickly: “Master Marven, I don't dislike it. I just think it's incredible...For many martial arts families, inner martial art is a tradition. The treasure of the family is the foundation of the family's foothold. It will never be passed on to outsiders, and many of them are only passed on from men to men. How are you willing to teach such a precious inner family boxing technique to me...”

Marven smiled and said: “In the eyes of others, this kind of internal martial arts may indeed be very precious, but in my eyes, it is really nothing. You should practice this “Four Elephant Palm” first. If you think of it someday not longer worthy of your strength, I will give you another one.”

What does the so-called “Four Elephant Palms” mean? Marven didn't know who left the inner boxing method. He only knew that this inner boxing method was more suitable for girls to practice in the records of the “Nine Profound Sky Classics”.

Moreover, in the record, the “Four Elephant Palm” was divided into nine layers, and the exercises were also divided into nine parts from one to nine. So Marven wrote the first layer and handed it to Aoxue.

This is not Marven stinging, but this kind of inner strength mental method, like a student’s textbook, different grades correspond to different grades of textbooks.

If a person is about to enter the elementary school from pre-kindergarten, the best way is to study the textbooks for the first semester of the first grade.

If at this time, all the textbooks for the entire 9-year compulsory education were thrown to her, it would make her lose her priority, interest, and patience.

Therefore, Marven’s idea is to give her the first layer of “Four Elephant Palm” first and let her enter the door of the internal family boxing first. If she practices well and makes rapid progress, then he will give her the second layer. she was ready for that.

For Aoxue, the mentality of “Four Elephant Palms” almost opened the door to a new world in her cognition.

She carefully looked at the whole set of mental methods and said falteringly: “Master Marven, I...I don’t seem to understand...There are so many names of acupuncture points and meridians. What does that mean?”

Marven smiled slightly and explained: “The biggest difference between the inner boxing and the outer boxing is that there is an extra qi from the inside.”

After that, he said earnestly: “As the so-called internal practice, one breath, external muscles, and bones, the most important thing in the internal family boxing is the qi in the body.”

Aoxue hurriedly asked him: “Then how can I take a breath inside? I can’t perceive the existence of those acupuncture points and meridians...”

Marven smiled and said: “Ordinary people can’t perceive it. It’s not that one doesn’t have this ability, but that one can master how to perceive meridians and acupuncture points.”

After that, Marven asked her: “Have you ever heard of a stunt or acrobatic performance called ventriloquism?”

Aoxue hurriedly asked, “Venus? Is it the way to speak with your stomach without moving your mouth?”

Marven nodded: “Yes! That’s it!”

Aoxue hurriedly said: “When I was young, my father took me to a ventriloquism show in a circus. The performer held a doll in his hand, and then he could talk to his own doll. When he talked, he would talk to ordinary people. Just open his mouth to say, but when he needs a doll to speak, he will close his mouth. In abdominal language, it felt quite magical...”

Marven smiled and said: "In fact, abdominal language does not mean really speaking with the belly, but after he learns to master the breath, he presses the breath down into the abdominal cavity and then uses the breath in the abdominal cavity to drive the vocal cords to produce sound. Mouth and tongue not moving at all."

Aoxue exclaimed: "Ah?! This is too difficult, right?"

Marven smiled and said: "We ordinary people will definitely think that this kind of thing seems to be difficult because when we speak, we can't feel where the so-called breath is, but after you study and practice breath for a period of time, then you can master the breath."

"At that time, you can naturally control your breath to sink into the abdominal cavity, or sink into the core!"

Chapter 2339

Listening to Marven's metaphor, Aoxue seemed to understand a little bit.

She asked curiously: "Master Marven, as long as I practice hard, can I feel the presence of breath and guide the breath to move in my body?"

Marven nodded and said with a smile: "Yeah! Don't you think how profound this thing is? Just like ordinary people singing, open your mouth and sing, and professional singers can control their breath and use their own Part of the body which comes to participate in the resonance of the voice when singing."

"Some singers can resonate in the head cavity, while others resonate in the thoracic cavity and abdominal cavity. In fact, it is not something mysterious at all. As long as you find the right and appropriate method and practice hard, you can rewind and unwind freely."

Aoxue said with excitement, "Thank you, Master Marven! I will practice hard and never let Master Marven down!"

Marven smiled with satisfaction, nodded, and said: "You must practice well. If you can practice the inner boxing technique to a certain level, then it is possible that in the future you will also be a master of the school itself."

Aoxue stuck out her tongue and said seriously: "I dare not expect to start a school. As long as I cannot let Master Marven disappoint, it will be my greatest satisfaction!"

Marven nodded and said: "Okay if you have this determination, this thing would not be effective in a day or two, let alone the internal martial arts, even if you are a ventriloquism performer, it may take a year or two to practice. Getting started, so you have to be calm, don't rush, don't be impatient."

Aoxue immediately promised: "Master Marven, don't worry, I will control my emotions, fight steadily, and never be impatient!"

Marven smiled and said, "That would be the best!"

After that, Marven began to help Aoxue and gradually familiarized her with the mental skills of "Four Elephant Palms."

After five o'clock in the afternoon, Qin Gang ran over to Marven and said, "Master Marven, Zak Chen, Mr. Zak Chen, and Orvel Hong are here and are drinking tea in the living room. Would you like to come out and sit?"

Marven smiled and said, "Okay, I'll come over in a while."

After finishing speaking, he said to Aoxue: "Aoxue, you have already practiced for the afternoon, you can just stop here today."

Aoxue was sweaty and tired at this time, so she nodded and said, "Okay Master Marven, then you go have tea first, I will go back to the room and take a shower before coming down."

Marven nodded, and then went to the living room with Qin Gang.

In the living room, Zak Chen and Orvel Hong just sat down.

When Marven came in, the two immediately stood up and respectfully said: "Hello Master Marven!"

Both Zak Chen and Orvel Hong knew Marven's identity and knew that he was the young master of the Wade family. In private, they called him young master, but as long as there were other people around, their title to Marven would be changed to Master Marven...

Marven nodded lightly with the two of them and smiled: "You two talked early enough. Did you come here together?"

Orvel Hong smiled at this time: "Master Marven, I happened to be working near the hotel of Mr. Zak Chen, so I made an appointment with him and came over together."

Marven smiled slightly and said: "By the way, Orvel Hong, I have handed over Zonghui's Shangmei etiquette company to my wife's cousin. Do you know this?"

Chapter 2340

Orvel Hong hurriedly nodded and said, "Master Marven, I know about this. Zhongliang that bastard has already told me. I slapped him twenty times as punishment for helping Zonghui to abuse people. I have warned him. If he dares to participate in anything that pushes the good into a prostitution, I will abolish him!"

Marven nodded and said seriously: "From now on, I will say hello to your brothers in the underground world. Everyone will eat together and work in unison, but there must be some morals. Porn, gambling, and drugs are a red line and you must not touch it. , No matter how much money, you can't touch!"

Orvel Hong hurriedly said: "Master Marven, don't worry about this. I have already told my subordinates. This time I heard about what Zonghui did in the etiquette company. I also told my subordinates

especially. Whoever dares to engage in this kind of stuff under my nose, I will definitely not forgive him!”

Marven was satisfied and said: “By the way, my wife’s cousin, what etiquette needs you usually have, you can take care of her business, but don’t be too exaggerated. Wendy used to have a flamboyant personality. I’m afraid she will be overwhelmed after gaining power.”

Orvel Hong nodded, “Okay Master Marven, I’ll see to it!”

After finishing speaking, he also asked with some doubts: “Master Marven, haven’t you and your sister-in-law always been very troubled? I remember that she seemed to have a bad attitude towards you before, and she was awkward with you when she followed Fredman Xiao. Why did you take care of her?”

Marven smiled and said, “Knowing mistakes can make corrections. It’s great to be good. But if they never consider reforming lustful self, I will save them for their lives and let them reform in Changbai Mountain.”

After listening to Orvel Hong, he nodded gently and exclaimed: “Master Marven, you are always open and face anyone who has offended you before and give them a chance to reform. Orvel Hong admires your heart. !”

Zak Chen couldn’t help but sighed: “Yeah, Master Marven, as someone else, with your strength, when facing these dregs, I’m afraid I will just kill him.”

Marven shook his head: “If a person is not guilty of death, but wants to punish him with death, that would be too much force.”

“The beggars gang Nanshan’s gang has lost all their consciences. They really deserve to die, but Regnar is certainly not guilty of death punishment, this is what I think.

“Yongzheng, Changming, and the son, although arrogant and defiant, they did not commit any capital crimes. If I kill them, how will I convince others in the future?”

Having said that, Marven sighed slightly and said sincerely: “I hope that my strength will continue to improve, and I also hope that my lineup will get stronger and stronger. Since I want to expand my lineup, I must be clear about rewards and punishments and be served by virtue. People, otherwise, how can we make everyone willing to use themselves for me?”

Orvel Hong clasped his fists and said with emotion: “Master Marven is right, Orvel Hong has been taught!”

As he was talking, Qin Gang brought in Wei’s Pharmaceuticals, now Wei Liang, the general manager of Jiu Xuan Pharmaceuticals.

Before Wei Liang arrived, he respectfully clasped his fists and said, “Hello, Master Marven!”

Marven nodded and said with a smile: “We are talking about the Wei family, you are here.”

Wei Liang asked curiously: "Master Marven, are you talking about the Wei family? What are you discussing, if I may know?"

Marven said lightly: "It's just chatting, talking about your father and your half-brother. I said that the reason why the two of them were sent to Changbai Mountain was mainly that they should not die."

Wei Liang couldn't help but nodded and said, "Master Marven, you are a loving and righteous person. My father has always looked down upon my mother's birthplace and the Changbai Mountain where I grew up. You let him go to Changbai Mountain for the rest of his life. For him, it is the best punishment!"

Marven nodded slightly, and then said, "By the way, Wei Liang, I haven't spared any time recently to ask you, what is the sales volume of Jiuxuanweisan during this time?"
