

## The Amazing Son In-Law Chapter 2401-2410

### Chapter 2401

At the same time, Orgeyon Su's family.

Shoude reported to Old Man Su: "Dad! Sister-in-law took Zhiyu and went to the auction site!"

"What?!" The expression of the old man Chengfeng suddenly became chilly!

He gritted his teeth and said: "Liona is really too much!" Shoude asked quickly: "Dad, what shall we do now?"

Father Su gritted his teeth and said sharply, "Since Liona completely ignores Su's face, she should not blame me for not giving her a chance!"

After that, he scolded angrily: "The European princess did not change after repeated teachings! Not only did she find a pagan boyfriend, but she was also even rumored to be pregnant with the pagan child. Where do you put the face of the royal family?! If she doesn't push the royal family to the extreme, how could the royal family attack her?! After all, it was all done by herself!"

Shoude lowered his voice and asked cautiously: "Dad, Do you really want to attack the sister-in-law?! Although the Du family is going downhill now, it is still in a high position as a whole. If we rashly act, we will definitely offend them..." said, Shoude.

He whispered again: "Moreover, the whole Orgeyon city is watching. If we do it at this time, everyone will know that it must be us..."

Chengfeng snorted coldly and said, "I'm not afraid they know or not. On the contrary, I'm afraid they don't know! Liona, a woman who has been taught repeatedly! If we don't do anything, the outside world will think that our family can let others insult and swallow their voices!"

Then, Chengfeng shook his hand fiercely and looked at him.

He said venomously: "As long as we do it cleanly and don't leave any substantive clues, even if the whole world knows that we did it, what can they do?"

Shoude hurriedly asked: "Dad, then Who do we let to do the task?"

Chengfeng said: "I have arranged this in advance. I originally thought that as long as Liona doesn't participate in this auction, I won't care about her. But since she doesn't know how to promote the family values, I am not the one to be blamed."

Shoude asked again: "Dad, what about Zhiyu?" Chengfeng said indifferently: "I have explained that they will not do anything to Zhiyu." After that, Chengfeng asked again: "Yes, what about the boy? Did he go?"

Shoude shook his head: "My links didn't mention Zhifei over there. He probably didn't go."

Shouli hurriedly said, "Dad, Zhifei is already at the City Airport. he will fly back at ten o'clock."

Chengfeng Hearing this felt somewhat relieved and said: "It seems that the child has not let down the name I gave him. It is the most important thing for people to know and differentiate between right and wrong!"

Shoude hurriedly said: "Dad, if you... If you really want to teach the sister-in-law, you must find a way to soothe the emotions of Zhifei , otherwise, I am afraid that this child can't think about it..." Shoude always meant something.

His greatest wish now is to do everything possible to make the old man full of anger towards his eldest brother's family.

He thought to himself: "Father let alone keeping track of disgruntled large family is not enough!"

"Because Father's body is now still in good health so that in the future he is likely to direct inter-generational transfer of positions"!

"In other words, the old man is very likely to pass on the generation of the eldest brother and me after another 10 years or 8 years, and pass on the position of the patriarch of the family to our next generation!"

"In case he passed on to Zhifei, What's the point even if he brings down the eldest brother now? After the father gives way, Zhifei will overpower me!"

"So, the old man must also lose confidence in Zhifei!" It is because of this mind, Shoude deliberately used this method of murder and condemnation to deliberately remind him that he should pay attention to calming Zhifei's emotions.

What he said was awe-inspiring, as if he really cared about his big nephew. In fact, he deliberately wanted to wake up the old man and wanted him to know that if he really killed Zhifei's biological mother, Zhifei would definitely act, he will hate him!

This kind of mother-killing hatred, no matter what method is used, is impossible to appease.

Shoude felt that as long as the old man recognized this, he would never give Zhifei any chance again because that would be troubling for his status!

## **Chapter 2402**

Su's expression becomes very ugly.

Shoude's words really made him realize more clearly that if he decides to attack Liona, then his eldest son Zynn and his family will definitely turn against him!

However, he also knew very well in his heart that if he didn't act on Liona, the Su Family's face would disappear in the eyes of the world!

In any case, he couldn't just watch Liona so presumptuous and enjoying her mind.

Once the Su family's face can be trampled on by such a woman, how can the family maintain its status and dignity?

Thinking of this, he said coldly: "When this matter is over, let Zhifei go to Australia to meet your eldest brother, and don't let him come back again!"

When Shoude heard this, he was extremely excited! "Dad telling Zhifei to go to Australia to meet the eldest brother. That would be equivalent to being sent into exile. The father and son will no longer have the opportunity to compete for the position of heir to the Su family. They can only spend their lives in Australia and die there in oblivion!"

"In this way, I am the best candidate for succession in my father's eyes. This is great! I am so happy!"

...

At the same time.

It was close to ten o'clock in the morning.

At the auction venue, dozens of people sat sparsely.

These are all bidders participating in today's judicial auction.

Most of their fancy is some second-hand real estate and cars.

Because almost all of the products sold by the company are involved in certain lawsuits and paperwork is complicated, so most ordinary people are not very interested in such transactions.

There have been many cases in the past. For example, a judicial auction house was taken, but the original owner refused to move out. In the end, the buyer was overwhelmed.

Because of this, foreclosed houses are generally sold at a lower price than the market price. If one is not afraid of trouble, one can save some money.

Since everyone is here to pick up and miss, it is difficult for judicial auctions to have a passion for outside auctions.

At outside auctions, sometimes two or more parties compete for a commodity, hundreds of thousands of items. In the end, because of mutual bidding and vindictiveness, the last few million transactions are also everywhere.

Participating in the judicial auction, everyone wants to save money and pick up the leaks. Everyone hopes to get a 20% discount for a house with a market price of one million. If it doesn't help, they will try to get a 10% discount. Once the 10% discount is exceeded, the attractiveness will drop sharply.

Therefore, such auctions are generally not interesting.

At ten o'clock, the auctioneer stepped in.

Since everything is simple and fast, there are no extra cuts. As soon as the auctioneer came on stage, he went straight to the topic and said: "Thank you all for participating in this judicial auction. The first item we are going to auction today is an Audi A6 under the company's name. The car has been licensed for three years and has a mileage of 113,000 kilometers. It has a starting price of 150,000 and a minimum bid of 1,000. It will start now. "

A used car like this, in the same condition. For second-hand cars, the transaction price in the normal market is generally around 210,000.

Because the ceiling is 210,000, everyone bids very sensibly.

After several bids, the price was mentioned as 180,000 all the way, many bidders gave up, only two people still insisted.

However, as the price was approaching the ceiling, the remaining two were also very cautious in bidding. A few minutes later, one of them raised the price to 195,000, and the other did not follow suit.

The auctioneer immediately announced that the first lot had been sold for 195,000.

In the box, Zak Chen looked through the auction materials at random and said to Marvin: "Master, there are eleven cars participating in the auction today. After the cars are sold, the auction will begin for the property. Your parents' former residence is listed in the real estate. The first one has a starting price of 880,000."

"I have already briefed the man, no matter what the price is called, he will follow to the end, and he will definitely help you take this house!"

### **Chapter 2403**

Marvin nodded lightly.

He is also determined to win the former residence of his parents.

After all, this former residence carries the last time of being together with his parents, which is of great significance.

As several foreclosure cars were gradually taken away, the auction entered the real estate auction part.

This time, there are 13 properties in the judicial auction, but among the 13 properties, the cheapest starting price is the one where Marvin's parents once lived.

The main reason is that the old house has been classified as a protective building in the city. Not only is it forbidden to demolish, but also to turn over.

More importantly, whoever buys this old house has a certain obligation to protect this old house.

The house is very old and cannot be demolished to obtain greater economic value. Even if you want to rebuild it, you are not allowed to do so. Therefore, such a house is basically not interesting for the developers.

No matter who buys this house, there is no chance of realizing it again.

However, Marven and Liona are both waiting for the shooting of this house.

Because this house has the lowest starting price, as soon as it enters the real estate auction, the auctioneer directly puts the photos of the house on the big screen and says: "The first house we are going to auction today is A protected old mansion located at the mouth of the old street. The specific information about this old mansion can be found in the auction manual, so we won't introduce more here, and we will start the auction directly. It's 880,000, and the auction begins now!"

As soon as the auctioneer's voice fell, Liona directly raised the sign and said, "One million."

"Good!" The auctioneer said immediately: "Bidder No. 34 bid one million, is there anything higher than one million?"

A plain-looking middle-aged man sitting in the corner immediately raised a sign and said: "One and a half million!"

This middle-aged man is Zak Chen's driver.

"One and a half million?!" The auctioneer was dumbfounded, and the starting price was 880,000. After only two rounds, it reached 1.5 million, almost doubled!

You know, there is almost no room for appreciation for this property!

If you spend 1.5 million to buy such a house, the only possibility is to smash it in your own hands.

Because of his surprise, he still didn't come back to his senses, Liona raised the sign again and said seriously: "I will pay two million."

The auctioneer was even more surprised.

He immediately looked at Liona and reminded: "Bidder No. 34, I have to remind you that the property is forbidden to be demolished and developed, and re-opening is forbidden. It must be kept in its original shape according to the requirements of the city, and at the same time bear the responsibility for its look after. Certain maintenance obligations must be met. Are you sure you know about these particularities?"

Liona counted and nodded: "I know for sure."

Although the auctioneer was confused, he nodded and said, "Bidder No. 34 bids 2 million. Is there anything higher than 2 million?"

The middle-aged man in the corner immediately said, "I'll pay 3 million!"

“Three million...” The auctioneer wiped his sweat and continued to ask: “Now the bidder on the 22nd is bidding 3 million, is there anything higher than him?”

“Four million!” Liona raised her hand almost without thinking.

Upon hearing this, the auctioneer hurriedly said: “Bid No. 34...”

After speaking, Zak Chen’s driver said loudly: “I will pay 5 million!”

This time, Liona didn’t even give the auctioneer any time to think, and said directly: “I’m paying eight million.”

Eight million?

The scene suddenly exclaimed!

This old house is worthless in the eyes of other people participating in the auction.

An old and dilapidated old house not only has no commercial value, but it is also very uncomfortable to live in.

An old house like this is either leaking or crumbling. It is very cold in winter and very hot in summer. If you live in such a house, it is better to just rent a low-rent house provided by the city.

So everyone feels that based on the starting price of 880,000, this house is likely to be unsold.

However, who would have thought that such a house of almost no value could be scrambled and pushed up to a price of 8 million in a short period of time.

Chapter 2404

Although Zak Chen’s driver didn’t have any money, Zak Chen had already confessed to him that he had to take down the house at all costs, let alone only 8 million, even 80 million.

Therefore, he was not to be outdone at all, and immediately raised his hand and said, “8 million eight hundred thousand!”

8.8 million, compared to the starting price of 880,000, a full 10 times.

However, the competition between the two is just beginning.

Liona didn’t seem to want to continue to raise prices a little bit like this, so she directly raised her hand and said, “Ten million.”

The whole auction scene was in an uproar again.

In the box, Zak Chen said in Marven’s ear: “Master, the second lady of the Du family, seems to be determined to win.”

Marven nodded and sighed helplessly: "I don't understand this aunt's thoughts too much. After all, she and my father have no real relationship foundation, why bother to seize this old house?"

Zak Chen said with emotion: "To be honest, although I am a few years older than you, I have heard of Liona's feelings for your father, and it is indeed a deep love..."

Marven said, at the auction outside, Zak Chen's driver had already bid the price to 12 million.

At this time, Liona followed closely and raised the price to 15 million.

Marven couldn't help but frowned, and said to Zak Chen next to him: "Send a WeChat with your driver and ask him to bid 30 million!"

"Okay!" Zak Chen nodded, immediately took out his phone, and sent a WeChat.

Immediately afterwards, the middle-aged man outside the auction scene raised his hand again, and directly doubled Liona's 15 million to 30 million.

The scene was full of hissing inhales.

A house worth less than one million was actually carried to a high price of thirty million, which is simply unheard of in the history of judicial auctions.

Liona was also shocked at this time.

She turned her head and looked at the man in the corner who had been raising the price with her, feeling very surprised.

"I really don't understand why this strange man has such a strong desire to buy the house I care about."

"Actually, before I came today, I had imagined that I would meet competitors at the auction."

"However, the competitor I expected should be the young man I met at Changying's former residence that day."

"Because that young man and Changying look almost exactly the same. If I don't guess wrong, he should be Changying's son."

"In the past few days, I have been thinking of ways to find his whereabouts, but I have not found any clues."

"And now, that young man does not appear at the auction, but besides him, who else is so obsessed with this old house? Who is this middle-aged man who bid 30 million? Or, Who on earth sent him?"

Just as Liona's thoughts were flying, the auctioneer said: "Thirty million once, 30 million twice, is there any price higher than 30 million? If there is none, the 30 million third ....."

After he finished speaking, Liona came back to her senses and hurriedly said: "50 million! I give 50 million!"

"This..." The auctioneer himself couldn't believe it, and shouted tremblingly: "50 million for the first time..."

Zak Chen's driver was even a little nervous.

Although it was not his money that was spent, he also felt that the money was spent too much.

So he hurriedly sent a WeChat message to Zak Chen: "Boss, are you still bidding?"

Zak Chen replied immediately: "Add another five million!"

So, the driver raised his hand again and said, "I'm out to fifty-five million!"

Marven looked at Liona next to Zhiyu through the one-way glass, sighed, and said to Zak Chen: "Old Man, if the second lady of the Du family raises the fare, let your driver abandon the shoot. Right."

Zak Chen asked dumbfounded: "Master, are you going to give up?!"

After finishing speaking, he hurriedly added: "Master! Don't say fifty-five million, even five hundred and fifty million, it's a drop in the bucket for us!"

Marven shook his head lightly, and sighed: "Hey, forget it, it's not a question of money, let this aunt be the winner!"

#### **Chapter 2405**

Zak Chen thought that Marven had waited for a long time, the old mansion that was determined to win, unexpectedly gave up and remained silent.

He himself couldn't help being anxious for Marven and blurted out: "Master, you have been thinking about buying this house for so long. Now it's just in hand. Don't give up! Otherwise, if you regret it in the future, there will be no regrets taking medicine..."

Marven sighed softly, waved his hand, and said seriously: "No more, no more, now it seems that Aunt Du needs this house more than I do."

After speaking, Marven said softly: "This is the old house where my parents and I lived together, but I don't have the courage to stand up and sit in the auction hall to participate in the auction. On the other hand, this Aunt Du can openly sit outside and bid, from this point alone, she is much better than me and more qualified than me to get this house."

Marven admired Liona in his heart.

Now, the vast majority of people don't know that he is the young master of the Wade family, and they don't know that he is the only blood of Changying left in this world. Therefore, out of caution, he didn't participate in this auction publicly, even signed up in the name of Zak Chen's driver.

From this point alone, he admired Liona's courage.

As the so-called gentleman is the beauty of an adult, Marven decided to abandon the competition and give this house to Liona.

Although he didn't know Liona, he also knew that Liona had loved his father for many years, but she couldn't get any substantial results back.

Perhaps this house can give her a visible and tangible ideological comfort for the past thirty years of loving his father.

This can be regarded as the father who has died in his own generation, thanking her for the friendship over the years.

At this time, the outside bidding continues.

Zak Chen's driver did not receive any instructions to give up. After Liona bid 60 million, he raised his hand again and bid 61 million.

Marven recalled the old house in his mind, sighed deeply, stood up, and said to Zak Chen: "Tell your driver to stop bidding."

After speaking, he put on a mask, turned, and left the box.

At the same time, Liona raised her placard again without hesitation, and said: "62 million!"

Seeing this, Zak Chen hurried to catch up, and while swiftly following up, he hurriedly sent a voice message to the driver: "Abandon the auction and stop bidding!"

His driver just raised his hand when he suddenly received the information and hurriedly clicked to play. The speaker heard what Zak Chen had just said, so he immediately put his raised hand back.

The auctioneer was already a little bit incoherent with excitement. Seeing that he raised his hand and put it down, he hurriedly asked: "Bidder No. 22, are you bidding or not?"

The driver said: "I give up."

Hearing these three words, Liona's heart suddenly filled with joy, and a big rock finally fell to the ground.

Immediately afterward, the auctioneer said loudly: "Sixty-two million once! Sixty-two million twice! Sixty-two million three times! Deal!"

Then, the auction mallet in his hand banged heavily on the table.

With this bang, Liona burst into tears of joy.

In the past few days, she has been awake at night for this house, not thinking about tea and rice, and she wanted to buy it, but she was worried that it will happen unexpectedly.

Now, finally, the dust settled.

Although the price far exceeds its original value as a house, for Liona, the house is priceless.

She fell in love with Changying from the ignorant years of her youth, until Changying got married and when Changying passed away, her love for him never faded.

Chapter 2406

Thirty years later, Changying left her with nothing but an indelible memory and some old photos.

Not to mention leaving her a token of sorrow in her heart, even if she wants to go to Changying's grave to worship, it is hard to climb to forget him.

Now, she finally bought the old house where he once lived, and the emotions in her heart for more than 30 years finally have a place to put.

Zhiyu saw her mother burst into tears, and her heart was mixed.

While feeling sorry for her mother's infatuation for so many years, she also sympathized with the inhumane behavior her father had entrusted these years.

However, when she changed her mind, thought that the father had already had a physical derailment, and there was an illegitimate daughter who was only one year younger than her, and she felt that the father was not worthy of sympathy.

Then, she thought of her benefactor.

Seeing her mother's life of infatuation, she couldn't help asking herself in her heart: "Zhiyu, Zhiyu, if you can't find your benefactor, will you be trapped like your mother and never get out? If that's the case. You are not as lucky as your mother. At least, she still knows Changying, and she grew up with Changying, and has many common experiences and pasts memories. You don't even know what your benefactor is called... .."

.....

At this moment, at the back door of Treasures Pavilion, Marven wearing a mask quickly walked out of the passage.

After going out, he looked up at the cloudy sky, his eyes were already filled with tears.

Ever since his parents passed away when he was eight years old, Marven has been the same as Liona the years, and he has nowhere to put his feelings towards his parents.

He is even worse than Liona because Liona still has some old photos at least, but Marven can't save even a photo of his parents.

After the parents' accident, they were airlifted to the parental city within a very short time, together with their parents' bodies and all the belongings in the old house. Marven was equivalent to entering the orphanage in a single suit. From that moment on, he almost lost all the items that can be pinned to grief.

Until some time ago, in the years before he went to the mountains to the graves, he was oblivious to their location of final rest.

Therefore, this house bears all his thoughts for his parents.

Just a minute ago, Marven was also determined to win this house.

He even felt that even if it cost hundreds of millions or even hundreds of billions, he must buy this house.

However, at that moment, he suddenly decided to not compete Liona.

Now, he doesn't regret his decision, he just feels a bit desolate and sad simply because of the loss of this house.

Zak Chen chased it out, seeing Marven's eyes filled with tears, his heart was shocked!

Knowing Marven for so long, this is the first time he has seen Marven with tears in his eyes.

He couldn't help but exclaim in his heart: "Is this still Master Wade whom countless people admire? Is this still Master Wade who walked out of the avalanche in the mountains under the Changbai Mountain range? where a sky thunder buried the eight heavenly kings? At this moment, he was like a child who could not find a way home, painful and helpless."

At this moment, Zak Chen felt a little bit more admiration for his young master at the same time.

Marven is no longer as simple as reluctantly giving up love, he left all his regrets to himself and left the psychological redemption and rebirth to Liona.

Thinking of this, he couldn't help sighing, stepped forward, and asked in a low voice, "Master, are you okay?"

"Yes, there is nothing." Marven waved his hand, abruptly suffocating his tears, and said: "Old man... can you drive me to the old house to have a look. Staying and going through some formalities, I want to go over and take a look, and it won't be that easy to think about it again after the handover is complete."

Zak Chen hurriedly said: "Yes master, wait a moment, I'll get the car!"

## **Chapter 2407**

Zak Chen quickly drove the car over. Marven was about to get in the car. Bao Fugui, the owner of Treasures Pavilion, hurried out and asked nervously, "Master Ye, why are you leaving so early?"

Marven said calmly: "Suddenly there is something to be dealt with, so I won't stay longer."

Bao Fugui hurriedly asked: "Master Ye, are you not satisfied with the service of Treasures Pavilion?"

Marven waved his hand: "No, it has nothing to do with your Treasure Pavilion."

Bao Fugui only breathed a sigh of relief and quickly asked: "By the way, Master Ye, were you interested in the items that were auctioned today? If so, please tell me, and I will help you win!"

Marven shook his head and smiled: "There is nothing I am interested in at the auction. I came here today to join in the heat, so don't worry too much."

With that said, he pointed to the Rolls-Royce in front of him and said to Bao Fugui: "I have something to do, so I will leave now, and we will get together again when I have time."

Bao Fugui hurriedly nodded and bowed his waist and said, "Master Ye, go slowly. If there is another auction in Treasures Pavilion next time, I must contact you in advance!"

Marven nodded, said goodbye to Bao Fugui, and got in the car.

Bao Fugui saw Marven's Rolls Royce leave the Treasure Pavilion before turning around and returning to the auction venue.

Afterward, Zak Chen carried Marven to the old house where Marven lived with his parents.

At this time, Liona, who finally won the former residence of Marven's parents at a sky-high price of 62 million, has come to the back office of the auction and began to go through the house purchase procedures with the staff.

The staff of the judicial department looked at Liona in shock at this time, and said: "Madam, are you sure you want to buy this property at a high price of 62 million? If you want to breach the contract now, we will only hold your bid deposit of 10,000 will be deducted and you will be added to the blacklist for only one year. Would you like to consider it again?"

This is a judicial auction after all, and all the funds from the auction will be used for the defendant to repay the amount involved in the case.

Therefore, no matter how much is sold, there is no actual interest involved in the judicial department. Therefore, they hope that the goods sold by the judicial auction can really be sold at a price-performance ratio.

They felt that the price Liona had set out was too ridiculous and that this house was not worth so much money without reason.

Once Liona paid the money, there would be no room for regret. All the money from the auction of the house will be used for judicial compensation immediately, and there will never be room for regret.

But in case Liona clears the money and regrets it, if she wants to coax it, she must come to the judicial department to coax it. At that time, it will more or less affect their own reputation, and it will be trouble for them.

Therefore, in order to put an end to the trouble, they hope that Liona will not be taken advantage of. It would be best to repent on the spot. When the next judicial auction comes, the house will be taken out again and auctioned at a normal market price.

Moreover, they also felt that Liona must have bid the price with that person on the spot, so they kept increasing the price one by one. Otherwise, it is impossible for a normal person to get such an incredible price.

However, she was very confident at this time and said: "I don't need to think about it. Please handle the payment for me as soon as possible and the rest of the transfer process. The sooner the better, thank you."

### **Chapter 2408**

The staff wiped their sweat and explained earnestly: "Madam, the starting price of this house you are buying now is only 880,000, and the highest market price is about 1.3 million. Your current auction price is nearly fifty times the difference! Are you sure you really don't need to think about it again?"

Liona shook her head and said firmly: "I have considered it clearly, and there is no need to consider it anymore from my side. Please help me handle it as soon as possible."

Several staff members exchanged glances, and one of them said: "In this case, we will handle the subsequent payment process for you. Is your bank account balance is enough?"

Liona counted and nodded: "Enough."

"Okay..." The staff took out the POS machine and said: "Madam, please confirm that your card issuing bank has a single day transaction limit in the required range. Many users have a single day transaction limit. The default is 1 million. If your transaction limit is not enough, please contact the bank."

Her daughter on the side said impatiently: "Where do you have so many problems, can you just swipe your card? If our card doesn't even have a transaction limit, how could you just wait for payment?"

The staff member embarrassedly said: "I'm sorry, miss, mainly because we haven't done a single transaction of such a large amount, so I want to confirm with you clearly, I am really sorry..."

After speaking, the staff entered the number on the POS machine, after confirming that it was correct, handed it to Liona and said: "Madam, please swipe your card."

Liona counted and nodded, took out the bank card and handed it to the other party, and then entered the password. Then, the POS machine displayed that the bank had confirmed that the transaction deduction was successful, so it automatically typed out the slip.

The staff really sighed. It seems that this is a rich person who doesn't take money seriously and spending dozens of times more is nothing to her.

Afterward, the staff took out five copies of the house purchase agreement and said to Liona: "Madam, please check the details of the contract. If there are not any problems, each of the five house purchase agreements must be signed, and every All pages must be signed for confirmation."

Liona counted and nodded, flipped through the terms, and after confirming that the ownership of the property rights was clear and there were no problems, she immediately began to sign her name on the contract.

At the same time, Orgeyon Su's family.

Shoude Su said to Old Chengfeng Su angrily: "This sister-in-law! this woman is really ignorant! Not only did she go to the auction, she also took the house with a maximum of one million for a price of 62 million. I think it won't be long before this incident will be known to the entire Orgeyon city, and the face of our Su family will be seriously damaged by that time!"

After that, he said angrily: "How the hell does she like Changying bastard! It's unreasonable!"

Chengfeng said with a cold face: "Don't call her sister-in-law! Our family doesn't have such a daughter-in-law!"

Shoude said angrily: "Dad! If I knew this was going to be the case. It would have been better to kill her on the way to the auction! That way, at least we could keep our family's face!"

Chengfeng said in a cold voice: "If we do this kind of thing in advance, it would be risking the world! If she still doesn't damage our Su family's face, our Su family will kill her in advance, if this is spread out. Our family will become the object of disgust for the whole world, and the object of criticism and ridicule for the entire Orgeyon upper class!"

After that, Chengfeng asked him back: "Have you forgotten that the world-famous princess in Europe was killed after she fell in love with a heretic, became pregnant with his children, and was about to get married! But even so, even if there has always been definite evidence from the outside world, and the royal family has been scolded for decades! If the royal family kills the princess just because the princess is in love with a heretic, the royal family would have been drowned in the saliva of the common people long ago!"

Having said that, Chengfeng sighed, patted his face lightly, and said: "Others have to slap us on our faces before we can kill them. You can't just because they stare at you. We must kill the other party! That is to poke a big basket!"

## **Chapter 2409**

Although Shoude has a moral character in his name, he doesn't have any "morality" in himself.

Not only is there no morality but even a hint of it is missing in his demeanor.

And Chengfeng, although he is also an unscrupulous person, at least he has the skill of scheming.

Such people are generally full of benevolence and morality on the surface and full of the mindset of vile men, thieves, and prostitutes.

But the key is that the full belly of male thieves and female prostitutes cannot be seen.

In the belly of Old Man Su, the bad water fermented for a lifetime, and no one except himself knows how many wicked things have been done, but the only one who really broke it was Ruoli.

In most cases, Elder Su is still very good at superficial skills.

At this time, Father Su had already regarded Shoude as his future successor, so he said with earnest words: "Shoude, you have to know that the survival rules and know-how of upper-class society, in general, are two words, teacher Famous!"

"A famous teacher?" Shoude hurriedly asked: "Dad, can you tell me more specifically?"

Elder Su explained: "The so-called famous teacher means that everything must have a decent reputation!"

"If we don't have any status, we will go straight up and give the other party a mess, then this belongs to the young people who don't play cards according to the routine and don't perform martial arts, and we can only do it for ourselves."

"Look at it. In wars between countries throughout the ages, even if the aggressor wants to invade a country, under normal circumstances, it will find a reason that can barely be justified."

"Just like the Lugouqiao July 7th Incident, the Japanese also lied that a soldier was missing, and then took the opportunity to start the incident."

"We still need a reason between countries, let alone our families."

Speaking of this, Mr. Su said with a cold expression: "Actually, I wanted Liona's life a long time ago! From the moment I knew Liona was going to Wrestvel, I wished that Liona's plane crashed and died on the way to Wrestvel. Then you can get it done once and for all, once and for all!"

"But, I could only think about it in my heart, not just do it!"

"Because Liona only went to Wrestvel, and didn't do anything that would humiliate the Su family's reputation. If she gets off her private jet because she is going to Wrestvel, then once the incident happens, the entire Su family will be destroyed.!"

"So, if we want her life, she must be known as a teacher only after she has done things that substantially damage the reputation of the Su family!"

"Now, during the duration of the marriage between Liona and your elder brother, she went to Wrestvel to bid for the old house where Changying lived, and the price was still multiple times higher than the market price. This has indeed affected the reputation of the Su family. At this time, you have a certain reason to kill her."

Shoude heard this and said with a face of being taught: "Dad, I understand what you mean! Hearing this from you today really made me start! In the future, I will follow you to study hard and polish myself!"

Shoude grew up so old, and today is really the first time he heard his father talk about this strategy.

In fact, the old man Su is very scheming, and there are countless strategies in his stomach. This is just a very simple point, not a sophisticated strategy.

However, because Shoude is the second child, he had no chance to learn such a strategy before.

This kind of strategy, like the art of the ancient emperor, is often only passed on to the prince who wants to inherit the ruler in the future. The other princes have no chances to learn, and they are not even qualified to listen.

The reason why the emperor was unwilling to teach his country's methods and strategies to other princes was that he was afraid that other princes would threaten the eligible prince's safety in the future.

#### **Chapter 2410**

This is like those martial arts sects. The head will always pass on the core martial arts to the successor of the next head, but not to other apprentices. The purpose is to ensure that the strength of the successor is higher and will not be overthrown by his own people.

In the past, the old man Chengfeng devoted himself to teaching his eldest son Zynn Su every day. As for the other sons, he never taught them any real strategies.

But now, the eldest son Zynn has been completely abandoned by him.

After the eldest son was abolished, the most ideal heir in his heart became the second son Shoude.

Therefore, he planned to train Shoude from now on.

At this moment, he felt in his heart: "I have at most ten or twenty years to live in the future, and Shoude will grow up from now, ten or twenty years, and he will have almost hardly settled in the dealings of affairs.

"In this way, he will not threaten my grasp of the Su family power over the next ten or twenty years."

"But if he changes to abide by the Tao and become the heir, maybe in five or eight years, I can't hold him down."

"Looking at it this way, the situation that happened to this day may not necessarily be a bad thing."

At this moment, Shoude hurriedly asked: "Dad, how are we going to kill Liona that b!tch woman now?! Have you sent a master in the family to Wrestvel?"

“No.” Chengfeng shook his head and said, “How can you use your own person for this kind of thing? Isn’t that equivalent to bringing trouble for yourself?”

Shoude asked in a puzzled way: “Dad, didn’t you say that we want to become famous? Now that Liona is insulting the family, don’t we already have a reason to do it?”

Chengfeng was very disappointed and rebuked: “Shoude! Being famous is a necessary condition, but it is by no means the only condition! If you just cover your face and run naked, you won’t be recognized. Would you just wear a mask in the future and won’t wear pants?!”

Shoude said in fear: “Dad, I... I didn’t mean that...”

Chengfeng snorted coldly, and said sharply: “You can hear clearly, even if the teacher is famous, this kind of life-killing thing, we must try our best to separate everything!”

As he said, he added: “The teacher I just mentioned is famous, but it just leaves us behind. The most important thing for us is not to let the other party find any evidence!”

“The best solution to this matter is to find a way to kill Liona, and although the whole world thinks it must be our Su family, no one should find any substantive evidence!”

“Like the famous princess in Europe, everyone knows how she died, but what’s the use? No one can show direct evidence of her murder. In the end, they can only say that she died in a car accident!”

“Ten thousand steps back, even if the outside world has evidence that the royal family murdered her, the royal family will at least have a reason to excuse itself or mitigate the crime.”

“For example, she was pregnant with a pagan child and intended to marry a pagan, which is detrimental to the royal authority”

“For example, she had already given birth to a prince for the royal family, but once she married a pagan in her second marriage, she would give birth to a pagan baby, and this pagan baby is the half-brother of the royal prince. Where is the prince’s face, where is the face of the entire royal family, and where is the face of the entire nation?”

“These are all the reasons why the royal masters are famous, and they are also the way to wash themselves after the big incidents in the future!”

Shoude hurriedly asked: “Dad, how can you make Liona’s death ambiguous?”

Chengfeng sneered and said: “What I am after is not to make her die an ambiguous death, I want to make her die impeccably!”
