

The Amazing Son In Law Chapter 271-280

Chapter 271

So, does this mean that she can like Marven and not feel sorry for her good girlfriends?

Maybe if she could get together with Marven, it would be a relief for her good girlfriend!

Thinking of this, she hurriedly said to Marven with joy: "Then I will trouble you, Marven."

Marven smiled faintly and said, "It's not troublesome at all."

His smile made Elsa's heart tremble again.

Reason tells her that Marven is a best friend's husband and there is no chance, but Elsa can't help but have strange thoughts because of the emotional impulse.

Marven didn't know Elsa's thoughts and left his phone number to Elsa.

At this moment, Ervin Jones leaned forward and said with a flattering expression: "Mr. Ye, you are so amazing. The evil stars like Shuangsha can't do a single trick in front of you. I Ervin Jones reveres you. Admire you by throwing five-body throwing on the ground, you are like a god among the gods!"

With that said, Ervin Jones knelt directly on the ground without hesitation.

Marven looked at him in a solitary manner, and deliberately asked him: "I said Ervin Jones, what did you run just now? Are you afraid I can't beat Shuangsha?"

"No, no!" Ervin Jones was pale and hurriedly explained: "Mr. Ye, you have misunderstood, how could I doubt your strength? I just got confused just now, so please don't take it to your heart."

After finishing talking, Ervin Jones banged his head and tremblingly said: "Mr. Ye, you are the real dragon on earth! From now on, I will not worship the sky or the earth, I will only worship Mr. Ye.!"

Avella looked at Ervin Jones's dog-licking gesture, shook his head, and said to Marven, "What do you do now? I killed both Oliver and Vincent, should we call the police?"

Marven thought for a while, and said lightly: "You get in the car first, I will solve it."

Avella nodded and got into the car with Elsa and Ervin Jones.

When they all got in the car, Marven took out his mobile phone from his pocket and called Zak Chen, the spokesperson of the Ye family in Wrestrvel, the owner of Shangri-La Hotel.

Soon the call was connected, and Zak Chen's respectful voice rang: "Mr. Ye?"

Marven said calmly: "I met Shuangsha. These two dogs barked at me. Now they have become two dead dogs. The corpses are on the side of the road. I don't want to leave any trouble. You send someone right now and deal with it."

Hearing this, Zak Chen was shocked and said: "Mr. Ye you solved the Shuangsha? God, that's a famous thief duo in Wrestvel! The methods are cruel and ruthless, and the strength is also number one in Orgeyon!"

Zak Chen couldn't help but said excitedly: "Mr. Ye you are so amazing. If the Ye Family knows your strength, it would definitely cause a huge sensation."

Marven said calmly: "It's enough for you to know this, don't pass it back to the Ye family, or I will never forgive you!"

Zak Chen respected Marven's orders, and said respectfully: "It's the young master, I must be tight-lipped, and I will send someone to deal with it right now."

Marven gave a satisfied hum, then hung up the phone and walked to the car.

Opening the car door, Marven sat in the driver's seat and started the car calmly, as if what he had killed just now was really just two dogs.

Elsa sat in the back row, her beautiful eyes staring at Marven's profile.

In her eyes, two shining lusters flickered in them, carefully tasted, there was actually a color of love and admiration!

Chapter 272

After the car arrived in the city, the terrifying storm just now gradually stopped.

Then, as the wind rose and the clouds rose, a rainbow of seven colors hung in the sky, attracting countless people to stop and watch.

Marven stopped the car at the entrance of the small commodity market and let Ervin Jones get out of the car.

After Ervin got off the car, he respectfully raised his bows at Marven, and said: "Thank you, Mr. Ye!"

Marven looked at him and said lightly: "Ervin Jones, you must never tell anyone what happened today, do you understand?"

"Mr. Ye, don't worry, Ervin understands!" Ervin Jones's face was full of admiration, and he had treated Marven like a god.

Marven nodded in satisfaction and drove away.

And Ervin Jones stood there, watching Marven drive away, but did not dare to move for a long time.

As for Elsa in the car, Marven and Avella directly took her to the hotel.

Elsa has always stayed in a hotel in Wrestvel and lived in Shangri-La. The security here is very good, and it is the property of the Ye family. It would take Elsa's cousin tonnes of courage, and he would never dare to attack Elsa here.

Until she got out of the car, Elsa's eyes looking at Marven were still very complicated. She was like a big rock in her heart. She had a lot of words. She wanted to say to Marven, she wanted to thank him, and she wanted to confess to him, regretting that she had no eyes. She read him wrong.

It was just that in front of Avella, what she wanted to say could not be said at all.

Can't help it several times, Elsa hesitated and stopped.

Elsa arrived at the door of the hotel, Avella hugged her and said softly: "Elsa, remember, you must call Marven when you encounter trouble, and don't let yourself be in danger."

Elsa nodded and said softly: "Don't worry, Avella, I will."

Marven looked at Avella holding Elsa, and couldn't help feeling sore. His wife had not held him many times, but she often held Elsa, her best friend.

Marven didn't notice. Elsa looked at Avella's eyes with some envy as well.

Taking into account that Elsa is Avella's best friend, Marven likes their company. For her safety, he took advantage of the second daughter's goodbye to send a message to Zak Chen: "Please send a message to Orgeyon Dong's family. If they follow the idea of harming Elsa anymore, I will level the Dong family!"

The strength of the Dong family is less than one-tenth of the Ye family, they will not dare to make another mistake

After separating from Elsa, after Marven and the two returned home, Avella hurried to the bathroom to take a shower and change clothes because of the rain.

Marven handed all the money he took back from Ervin Jones to Dave.

Dave triumphantly took over 300,000 and said excitedly: "These 300,000 are just the beginning. Next time I will earn him 3 million by picking up leaks. From now on, our family's good life will depend on me. Hahahaha."

Marven smiled awkwardly, and said in his heart, "Dave, Dave, you can spare Ervin Jones. This grandson has been cheated for so long, and I don't know how much money he can make, but he lost 300,000 from you all at once.

If you find some rubbish crafts for him, he thinks that he is the Old Master, and he is afraid that you will be angry, and then spend a lot of money to buy it, he will be tortured to bankruptcy sooner or later.

Although Ervin Jones is a profiteer, his human nature is not bad. It is indeed impossible to let him cut meat to the Old Master.

So Marven persuaded him: "Dad, you should not deal with Ervin Jones less in the future. This person doesn't have a word in his mouth. Sooner or later you will suffer a lot if you get caught with him."

Dave disdainfully said: "What do you know, you show people feng shui or something outside, that's a lie. We are doing a serious antique business. If you don't understand, don't follow suit. Keep your eyes open and look good. Go ahead."

Chapter 273

Seeing that Dave had identified this path of no return, Marven could only shake his head helplessly and returned to the bedroom.

When he walked into the bedroom, Avella had already taken a shower and put on lavender silk suspender pajamas.

The fragrant shoulders were like snow, the jade arms were smooth and tender, and most of her beautiful back was exposed. Marven couldn't help his throat dry as his eyes focused on her.

The pajamas, thin as cicada wings, neatly outline the graceful curves of her lying on her side. The skirt just covers her thighs. The two curvy legs are slightly close together, and the jade feet are round as jade.

Avella's face was reddened by his fiery eyes, and she quickly groaned: "What are you looking at? It's not that you haven't seen it before, what's so beautiful."

Marven smiled: "My wife, you look so beautiful, I can't see enough."

Avella rolled her eyes, but her beautiful eyes flashed with strange colors.

Today Marven's performance surprised her. Previously, she thought that Marven would only look at Feng Shui and know a little about martial arts, but she didn't expect him to be so brilliant.

At the critical moment, it was really unusual to be able to save the life of her best friend!

She couldn't help asking: "Marven, tell me why are you so powerful? Even Shuangsha are not your opponents."

Marven grinned and said: "This is a secret unless you let me kiss, otherwise I won't tell you."

Avella screamed, blushing, and said, "In your dreams."

Marven looked at Avella's little woman's posture, and his heart was hot. He turned around and opened the closet to find the quilt.

But when he opened the closet, he was stunned.

The closet was empty, and the mattress he usually used to hit the floor was gone.

“Wife, where is my quilt?”

Marven turned around and asked.

Avella recovered and said, “I just took it and washed it for you.”

Marven was speechless for a while, and even the place to sleep was gone, and said helplessly: “I can’t sleep on the floor without a mattress, then I’ll go to the sofa.”

“Really a pig.” Avella curled her lips, took out her personal bedding from the closet, and handed it to Marven: “You use mine.”

On the Wang bedding, there was still a faint fragrance, Marven exulted, and said dryly: “Wife, you are so kind to me.”

Avella glanced at Marven and said, “Go to sleep.”

Marven replied, holding Avella’s private bedding, smelling the faint fragrance, and couldn’t help but feel excited.

If this continues, wouldn’t he be able to sleep with his wife soon?

At this time, Avella said to him: “I have to be busy with the studio for these two days. I just got up the matter and I have to hurry up to find some orders. You stay with my dad at home. Don’t let him go out and buy things. Those antiques, have you heard of them?”

Marven hurriedly said: “My wife, I’ll go to help your studio? No salary, I’ll clean the table, sweep the floor, serve you tea, or something!”

Avella smiled and said: “No, the studio is still out of work. If the work goes alive, I can draw pictures and make design drafts. I don’t need your help. You can do housework at home.”

Chapter 274

Early the next morning, Avella hurried to the studio.

Marven rode his electric bike to buy vegetables at the vegetable market.

Avella has been busy working on the work of the studio recently. It has been very hard. He bought some high-nutrition dishes to supplement his wife.

When he finished buying vegetables, Marven just came out of the vegetable market and saw Elsa in there.

“Marven!” Elsa called him, her face full of excitement.

Marven looked at her and said in surprise: “Elsa, what a coincidence, you are here too!”

Elsa looked at Marven and said falteringly: “Yes, no, no, I am.”

Marven was a little confused, and said, “Speak slowly, have you encountered something?”

Elsa couldn’t help her cheeks getting embarrassed. In fact, she had been waiting outside Avella’s home early in the morning and had been following Marven all the way.

Elsa plucked up the courage, but her red lip lightly, and said, “I came here to thank you specially. Thank you for saving me yesterday.”

Marven couldn’t laugh or cry and said, “I saved you because you are Avella’s best friend. You don’t have to be so polite with me for that.”

What did he think it was because of this.

Elsa shook her head and summoned the courage to continue: “Marven, in fact, I still know that not only did you save me yesterday, but you were also the one who saved me last time at the Wrestvel Hotel.”

Marven snorted, how could Elsa know what happened last time? He masked himself last time, she shouldn’t have known it!

He hurriedly denied it and said: “You must have admitted the wrong person? I have never been to an Wrestvel restaurant. There must be someone else who saved you.”

Elsa looked at Marven with incomparably complex eyes, with unwillingness, admiration, and unspeakable resentment in it.

Why didn’t he even have the idea of confessing? Isn’t he so worthless in his own eyes? He didn’t even admit to saving her?

Thinking of this, she said with tears in her eyes: “When I was in the Wrestvel Hotel, Jay invited me to dinner. I was accosted by the rich second generation. As a result, Jay provoked others and was surrounded by people at the door of the restaurant. At the critical juncture, Jay left me and escaped. At that time, there was a masked hero, like a world-famous hero, who defeated everyone and saved me, and you also saved me.”

Speaking of this, Elsa’s complexion instantly turned red, and that day she had a skin-to-skin relationship with Marven, and her pants were taken off by him.

Of course, she also knew very well that Marven took off her pants, in fact, to save her, and did not have any unruly intentions.

Marven’s face turned green after hearing this, this lady, who really doesn’t open the pot, can she admit this kind of thing?

Of course not!

If he let Avella know that something like this happened to him and her girlfriend, she can't blow up the pot!

"Elsa, you really misunderstood. I can fight very well, but I am really not your savior."

After speaking, he hurriedly changed his words: "Even if it was me, it was only the one time I saved you yesterday!"

Seeing that Marven didn't admit it at this time, Elsa sighed faintly and took out the safe and wealthy stone from her pocket.

"What about this stone? How do you explain it?"

Marven's eyes widened, isn't this his own stone that has been lost for a long time? He couldn't find it all the time. Why was it in Elsa's hands? Could it be that he rescued her at the Wrestvel Hotel and it was picked up by her?

Chapter 275

No wonder he couldn't find this stone after that day, it turned out to be lost that day! And it happened to be picked up by Elsa

"I really can't explain it now, let me go", he said in his heart.

Thinking of this, Marven could only bite the bullet and pretended to be stupid, and said, "What do you mean, isn't this just a broken stone?"

Elsa looked at Marven's eyes seriously and said, "Don't lie to me, Ervin Jones has already told me that this stone is yours. It is called the Ping An Wealth Stone, and it is unique in the world."

When Marven heard this, he secretly scolded Ervin Jones bloody, how could this Ervin speak out.

Seeing that Elsa had grasped the conclusive evidence at this time, Marven could only nod and confessed: "Well, I admit that I was the one who rescued you at the Wrestvel Hotel at the time, and I saw you by accident that day. Tell Avella!"

As Marven admitted, the atmosphere between the two became silent for a while.

Marven was embarrassed that he had concealed his identity for so long, but Elsa directly pierced him, not knowing how to face her.

But Elsa's thoughts are surging like waves, and her mind is extremely complicated.

Elsa looked at Marven, wanted to speak a few times, but she wanted to stop. Finally, she mustered up the courage and took a step forward, only half a slap away from Marven's body.

"Marven, I like you!"

The corner of Marven's mouth twitched, and he took a step back without a trace, and said: "Elsa, I am your girlfriend's husband"

Elsa gritted her teeth and said: "So what? I know that you and Avella have no relationship basis. You were married at the time because of Mr. Xiao. If so, then you not a husband who snatches a girlfriend, you are my girlfriend's fake husband."

With that, Elsa grabbed Marven's hand and placed it on her heart, and said in a loving tone: "Marven, I am not an inferior beginning, and I am not inferior to her in any sense. I am still the eldest daughter of the Dong family. And I love you more than her, I am willing to do anything for you."

Marven felt the plumpness on Elsa's chest, quickly withdrew his hand, and refused: "Elsa, there is absolutely no possibility for the two of us. I cannot betray Avella, and I believe that you are just having a momentary impulse. Don't put your mind on me, it's not worth it."

Elsa was rejected by Marven, her pretty face said stubbornly: "No, I went back yesterday and thought about it all night, Marven, since you saved me for the first time, I have fallen in love with you, the second time you saved me, I have fallen in love with you hopelessly!"

As she said, she said loudly and emotionally: "I just like you! I just love you! You believe me, if you are willing to be with me, I will not let anyone look down on you! I can be the silent one next to you forever a woman who supports you!"

Marven couldn't help smiling wryly.

Elsa only knew that he was her lifesaver, but she didn't know he was also the chairman of the Emgrand Group and the eldest master of the Ye family. If he wanted not to be looked down upon by others, she could immediately disclose his identity and receive worship from countless people from then on.

However, that kind of life is not rare at all.

But Marven definitely couldn't say that, otherwise it would hurt Elsa too much.

Moreover, it will reveal his true identity.

Elsa looked at Marven and said stubbornly: "It doesn't matter if you reject me now, but I will definitely not back down. I will use my practical actions to let you know that I love you more and suit you better than ever. I can only be your underground lover in the future, and I am willing to follow you forever!"

Marven said helplessly: "Elsa, you are just a little impulsive now. I advise you to think about it carefully. Then, I go home to cook, you can think about it yourself."

After finishing speaking, Marven rode away on the tram like escaping.

Marven felt that Elsa must have been hot for three minutes, and after two days of hiding, she would definitely have no such thoughts.

However, at this moment, Elsa looked at Marven's leaving figure, but her eyes were still very firm. She said to herself: "Elsa, don't be discouraged, you can definitely do it!"

Chapter 276

The most eye-catching medicinal materials are really the best!

Even Marven himself had no way to buy the best medicinal materials!

Marven was a little shocked and couldn't help asking: "How can your father get so many such good medicinal materials?"

Aoxue hurriedly said: "Mr. Ye knows something. My Qin family manages a lot of business. One of them is medicinal materials. Our ancestors were medicinal materials dealers from the Qing Dynasty. We had our own mule and horse team to collect the top medicinal materials and transport them. We sold it to princes and nobles in the capital and sold it to rich merchants in Wrestvel. For so many years, we have not lost this business.

After that, Aoxue hurriedly said: "By the way, my father asked me to tell Mr. Ye that if Mr. Ye has any demand for medicinal materials in the future, tell us directly, the Qin family will do everything possible to meet your needs!"

Marven was also surprised.

Ever since he accidentally obtained the Nine Profound Heavenly Secrets, he was attracted by the mystery in it. There are so many abilities and prescriptions for refining medicine, but many medicinal materials have never even heard of it.

He was still worrying about this, but he didn't expect that the Qin family was a medicinal material merchant with a century-old heritage!

This is really nowhere to be found after breaking through the iron shoes, and it is all effortless!

So he couldn't hide his joy and said, "Okay! Very good! With the help of your Qin family in the future, my medicine refining will be much easier!"

Aoxue heard Marven talking about refining medicine, hesitated again and again, gathered courage, and knelt on the ground with a thud.

Marven was startled by her sudden movement, and asked in surprise: "Aoxue, what are you doing?"

Aoxue knelt on her knees, clasped her fists in her hands, and pleaded with a pious expression: "Mr. Ye! My father heard that you are going to make magical medicine, and he yearned for it, so I begged Mr. Ye, can I be here? After refining the magic medicine, it is also too"

Aoxue stayed for a long time and didn't say anything else.

She has always been admired by others since she was a child. How can she beg others? Not to mention begging for something.

Therefore, this thin-skinned girl is now embarrassed to tell her real needs.

Seeing her hesitating, Marven couldn't help worrying about her.

However, even if Aoxue didn't say it, he knew Aoxue's request in his heart.

So he said lightly: "Does your father also want a magic medicine?"

Aoxue nodded as soon as she heard this!

Immediately, she hurriedly said: "If Mr. Ye is too burdened, we will never force it!"

Marven smiled.

What kind of magical medicine is the medicine he wants to refine for Tianqi and the others? It's nothing more than the lowest grade medicine in the Nine Profound Heaven Scriptures.

This kind of thing is easy and trouble-free when refining. As long as there are raw materials, it can be produced in minutes, which is faster than steaming buns with noodles. What the Qin family wants is nothing more than medicine. Of course, he will not refuse.

The most important thing is that in the future, he will rely on the Qin family to prepare medicinal materials for himself.

If this time he can take the Qin family for his own use and let them become his disciples, it will be much easier for medicinal materials in the future.

So, he looked at Aoxue, who was embarrassed and flushed with eyes full of pleading, smiled slightly, reached out to support her, and smiled: "Your father wants my medicine, I can give it."

"Really?" Aoxue was suddenly excited when she heard this.

Marven smiled and said, "Of course it's true. Even if you don't look at your dad's face, I can't refuse it because of your little beauty."

In fact, Marven was joking.

But unexpectedly, after Aoxue listened, the deer slammed into her heart!

At this time, Marven, in order to invite people to buy their hearts, smiled indifferently: "Well, since I have a relationship with your Qin family, this time I will give you two pills when I refine the magical medicine!"

Chapter 277

Whether it was Qin Gang or Aoxue, they only dared to ask for one magic medicine that Marven had made.

In their opinion, it is already smoke from the ancestral grave to be able to get a magic medicine!

With this magical medicine in hand, in the future, as long as people still have half their breath, they can be rescued from purgatory. It is of great significance to a family like them.

However, no one dares to ask for it, Marven will give them two!

Aoxue stayed where she was struck by lightning when she heard this.

She looked at Marven with beautiful eyes, and a layer of mist was cast in a moment. Then, tears that were bigger than mung beans rolled down, and Marven inevitably felt pity when he saw it.

Aoxue was crying, and choked up and asked, "Mr. Ye, are you speaking the truth?"

Marven smiled and said, "What? Are you afraid that Mr. Ye lied to you?"

"Don't dare!" Aoxue hurriedly shook her head, the teardrops fluttered, making Marven feel so cute about her.

Aoxue wiped her tears and smiled, "I just can't believe that, thank you so much! Thank you so much!"

After that, Aoxue bowed.

She believed that even if her father was here and heard Marven say that he would give two magic pills, she would definitely bow down and thank you!

Seeing her excited look, Marven smiled slightly and said, "Aoxue, go back and tell your father that I, Marven, have always been a gentleman who has trouble chasing after a gentleman. After the magical medicine is refined, I will give him two pills. , But if I have any needs for the Qin family in the future, he must not reject me, do you understand?"

Aoxue nodded hurriedly, and said excitedly: "I understand Mr. Ye! Thank you!"

Marven nodded and said, "Okay, Aoxue, you don't need to kneel, get up."

Aoxue hurriedly said, "Aoxue obeyed!"

After speaking, she stood up cautiously.

Marven smiled and said: "We are not an ancient martial arts movie, needless to say so politely."

Aoxue hurriedly said: "Dad always teaches me that I must be polite and respectful to seniors. Mr. Ye, you have the ability to reach the sky. Naturally, Aoxue must be respectful and respect you!"

Marven smiled faintly and said: "I looked at your temper before, and seemed to have been spoiled since childhood. I didn't expect it to be a book and a gift, and I am impressed."

Aoxue was happy, but also a little embarrassed.

How can she know how to deliver gifts?

Before today, she was still that unruly little pepper.

It's her temperament if she doesn't accept anyone she can choke at anyone.

But now, in front of Marven, she was really convinced by 10,000 people, and her father was eagerly looking forward to her with expectations, so in front of Marven, she unconsciously wanted to be a well-behaved and loving kitten.

Seeing that it was late, Marven said to Aoxue: "Aoxue, I will accept the medicinal materials first, but I have to go out to buy vegetables or let's go out together?"

Aoxue realized that she was delaying Mr. Ye's work, and nodded hurriedly, saying, "Mr. Ye, Aoxue won't disturb you."

Marven shook his head slightly and said, "Don't think about it, go back and tell your dad that I will contact him after the medicine is refined."

"OK, Mr. Ye!" Aoxue immediately bowed and saluted.

Marven held his arms before stopping her, and then hid the medicine materials in the kitchen, and then went out with her.

At the gate of the community, Aoxue thanked him a lot, and then reluctantly bid farewell to Marven and drove home.

Marven, on the other hand, returned to the old wasteful son-in-law's appearance. He dragged a small cart for grocery shopping with a brand of washing powder and walked to the small vegetable market near his home.

Chapter 278

Aoxue returned home with great excitement in her heart.

At this time in the Qin Mansion, Qin Gang was waiting anxiously.

He didn't know whether Marven could agree to his daughter's visit to ask for medicine.

After all, although he wanted to be a dog for Marven, he was afraid that Marven would not look down upon a family like his own.

The Qin family in Wrestvel is stronger than Solmon Wang's but much worse than Warnia's.

And Marven is the target of the Song family. With the Song family in front, how can there be a chance to show his face?

Aoxue came back when she was feeling uneasy.

As soon as her car stopped in the courtyard of the villa, Qin Gang ran out quickly.

Just as she had stopped the car and pushed the door down, Qin Gang hurriedly asked: "Aoxue, how was it? Did Mr. Ye agrees?!"

Aoxue nodded and nodded repeatedly with tears in her eyes.

"Dad, Mr. Ye agreed!"

"Great!" Qin Gang burst into laughter with excitement.

At this time, Aoxue said again: "Dad, Mr. Ye said, he wants to give us two."

"What?!" Qin Gang was dumbfounded!

"Two?! Give us?! Mr. Ye is going to give us two magic pills?! You can't get it wrong?!"

Qin Gang felt that he could not even breathe.

Aoxue nodded at this time and said very seriously: "It is indeed to give us two magical medicines, I heard it right!"

"Oh my God!" Qin Gang burst into tears: "Mr. Ye is trying to pull our Qin family?"

Aoxue said hurriedly: "Mr. Ye said, he will have some demand for medicinal materials in the future, and wants us to cooperate well."

Qin Gang said excitedly: "Great Aoxue! Great! Mr. Ye is going to promote our Qin family! With his great god, our Qin family will be revitalized, so there is hope for us!"

After that, he asked again: "By the way, Mr. Ye saw you, does he show any special expressions?"

Aoxue's face flushed to the base of her neck.

She vaguely said, "Mr. Ye, Mr. Ye, he said he said"

"Oh, what did Mr. Ye say?"

Aoxue lowered her head and said in embarrassment, "Mr. Ye said, for the face of my little beauty, he can't refuse."

"Hahaha!" Qin Gang laughed three times and exulted: "There is a play! There is a play! It seems that one day in the future, Mr. Ye may also become my Qin Gang's son-in-law!"

Aoxue said shyly: "Dad, what are you talking about:

Qin Gang said excitedly: "Anything is possible! Aoxue, you have to keep working hard!"

After finishing speaking, Qin Gang said excitedly: "Mr. Ye has great magical powers, and his style of behavior must be different from ordinary people, and he certainly doesn't care about the worldly gazes and moral constraints. Otherwise, with his power, how could he succumb to the Xiao family to be a man? Home son-in-law? So, my daughter, you must continue to work hard and strive to cook mature rice with Mr. Ye. It is best to have a son for Mr. Ye. In that case, my Qin family really has to vacate. Go Up!"

Aoxue was so embarrassed that she couldn't wait to dig a hole and get in, covering her face and saying, "Dad, what are you talking about, it's disrespectful!"

After finishing speaking, she stomped her feet and ran back to her room.

Chapter 279

The matter of Marven's refining magical medicine spread like wildfire among several upper-class families in Wrestvel.

Solmon Wang, the owner of the Wang family, Fungui Bao, the owner of Treasure Pavillion, and Orvel, the owner of Classic Mansion, all heard the news.

Although the three of them couldn't help but want to ask Marven for medicine, Solmon Wang was the only one who really had the face to speak.

Solmon Wang is confident.

After all, he had already expressed his sincerity to Marven long ago, and even gave Marven a Tomson First-Class villa that had been bought for more than 100 million.

Therefore, he also ran to Marven's house in the afternoon, taking advantage of Marven's own home, and begged Marven for a magical medicine.

Marven did not refuse him.

After all, he's a relatively comfortable person. Although his son and nephew are a bit stupid and a bit bad, they have been taught the lesson. Now he treats himself honestly and docilely. It's just medicine, no need. Stingy.

Solmon Wang got an affirmative answer and slammed Marven three heads excitedly.

The richer people are more afraid of death. For them, the miracle medicine is like a miracle medicine for rebirth. Everyone wants to be able to get self-defense.

After agreeing to Solmon Wang and sending him away, Marven took out some medicinal materials at home and refined a batch of pills.

In this batch, he used only one-tenth of the medicinal materials to make 30 pills.

Moreover, because the pill this time uses a full set of prescriptions, the medicinal materials are much better than the last one, so the efficacy is more than ten times higher.

If the previous one can treat almost most moderate internal injuries and has some effect on all internal injuries, then this time the pill can almost heal fatal internal injuries.

Even Tianqi's years of old wounds and stubborn illnesses can be cured by swallowing half a capsule.

If you are chased by a master, even if you only have one breath, you can survive by taking this medicine.

After refining the medicine, Marven kept twenty of them, took out ten of them, and called Warnia, Tianqi, Qin Gang, and Solmon Wang that he had refined the magic medicine. It will be set up at Orvel's Classic Mansion tonight. Banquet, distribute the magic medicine to them.

When everyone heard it, they were ecstatic.

Unexpectedly, Mr. Ye is really a dragon! The magic medicine was made so quickly! It's almost as fast as making dumplings!

That night, everyone came to Classic Mansion in advance, waiting for Marven's ride.

Marven prepared meals for Avella, his father-in-law, and his mother-in-law before telling them that he had an old friend from the orphanage who had come back and wanted to meet for a small gathering and then slipped out of the house.

At the gate of Classic Mansion, Solmon Wang, Qin Gang, and his daughter, Warnia, the genius doctor Tianqi, his granddaughter Zhovia, Orvel, and others personally greeted them at the door.

Today, Classic Mansion closed doors and thanked guests, only to entertain Marven alone.

Seeing Marven, everyone's expressions were stunned, and they clasped their fists and said respectfully: "Welcome Mr. Ye."

Marven glanced at the crowd and smiled faintly: "You guys came really early, when did you arrive?"

Warnia smiled slightly: "Mr. Ye, it's rare for you to organize the game yourself. We must arrive a little earlier to show respect."

For today's dinner, Warnia deliberately dressed up and put on an elegant and noble black evening dress. The tulle lining outlines her perfect and slim curve, but it does not appear coquettish, but rather different. Charming.

Coupled with Warnia's perfect facial features, she showed her temperament to the fullest.

Chapter 280

Marven couldn't help but look at it a few more times, and today's Warnia is truly amazing.

If you compare her with Avella, the appearance and build of the two are almost equal to each other, but in terms of temperament, Avella is more than one grade lower than Warnia.

After all, Warnia is a daughter of the Song family, and her temperament is beyond the reach of an ordinary woman.

Aoxue also blushed and walked in front of Marven, and also bowed.

Unlike Warnia, who is a mature and intellectual beauty, Aoxue's heroic appearance is fused with the appearance of a current little woman, and it has a special flavor.

Aoxue painted light makeup, coupled with her own martial arts practice, the original temperament was like a snow lotus on an iceberg, extremely lingering.

However, after Marven was in her heart, she became like a flower in full bloom in the spring sunshine, a little more tender.

At this moment, she looked at Marven, her cheeks couldn't help showing a crimson color, adding a little daughter's gesture.

There was a strange flash in Warnia's eyes on the side, a woman's instinct made her subconsciously dampen Aoxue.

She thought to herself: This Aoxue of the Qin family, doesn't have ideas for Mr. Ye?

Grandfather has instructed her to find a way to recruit Mr. Ye as the son-in-law of the Song family.

And she was really tempted by this proposal.

Could it be that Aoxue from the Qin family had the same thoughts as her own?!

Marven didn't know the thoughts of Warnia and Aoxue, but just smiled at everyone, and said: "You will remember from now on, get along with me, you don't need too much red tape, I am a person who looks down on everything, you just need to treat me plainly."

When everyone heard this, they waved their hands quickly.

Qin Gang reverently said: "What kind of status is Mr. Ye, we should serve respectfully and not break the rules!"

Solmon Wang also followed: "Mr. Ye, as the Supreme Master of Nanguang, is kind to me and waits for me. Let alone wait for a while, even if we wait for a day, we won't say anything."

Tianqi couldn't help but put his hand over and said: "Mr. Ye is unparalleled in medical skills, but anyone in Wresvel will admire him as long as he knows Mr. Ye's superb skills."

Seeing this, Marven nodded helplessly and said, "Okay, let's not stand at the door, let's go in first."

Warnia smiled softly: "Mr. Ye, please first."

Marven didn't refuse and walked in the forefront.

The other big brothers followed Marven in turn, falling half of their body distance, not dare to increase it.

Entering the diamond box of Classic Mansion, the dishes in the elegant room are ready and the table is full of delicacies.

Marven didn't invite many people, but they were all important figures in Wrestvel City. All of them were bigwigs. If they were seen by outsiders, they would definitely be shocked.

As the owner of Classic Mansion, Orvel said in a respectful tone: "Mr. Ye, I heard that you are going to treat guests at Classic Mansion. So, I specially set up this table of dishes. The dishes are higher than the general diamond box specifications. There is more than one grade, and the wine is also a century-old Moutai aged wine that was specially delivered by air from Guizhou overnight. I hope you will be satisfied."

Although Orvel knew Marven's abilities a long time ago, the many bigwigs who came today completely shocked him.

Warnia, the eldest lady of the Song family, Qin Gang and daughter of the Qin family, Solmon Wang, the head of the Wang family, and the genius doctor Tianqi.

There is a single pick from here. They are all important figures in Wrestvel, but in front of Marven, they are like harmless little sheep. Therefore, people like Orvel who are mixed with society are even more inferior. Come to the table!
