

The Amazing Son In-Law Chapter 2751-2760

Chapter 2751

Seeing that Marven was coming, Pollard greeted him to sit down beside him.

The diamond box of Tianxiang Mansion is the most luxurious one in the whole Mansion. The huge round dining table can satisfy at least twenty people dining at the same time, so it looks a little deserted when three people sit.

After Marven sat down next to Pollard, Pollard looked at the opposite Melba and said, "Melba, there are only three of us. Why are you sitting so far away? Sit here."

Melba said embarrassedly, "I will sit here. Here, with such a big table, it's awkward for three people to sit next to each other."

Pollard shook his head helplessly, and said, "I don't insist, it's up to you." After that, he asked Marven, "Marven, you can drink a cup?"

Marven said with a smile: "I'm fine, it depends on whether you still have to work in the afternoon."

Pollard smiled: "There is no class in the afternoon, so I plan to take a half-day vacation. The two will drink two glasses at noon, and then I will take Melba home to take a good rest, she finally came back, I can't leave her down and go to the park for jogging."

Marven nodded and said, "Indeed, Melba is here. She didn't suffer less for a while. She really has to take a good rest these two days. If that's the case, I will accompany you to drink two glasses at noon. I will have dinner later, and let Orvel drive you and Melba home."

Pollard laughed and said: "Okay, let's have a few glasses open!" At this moment, Orvel just opened the door and asked Marven: "Master, the cold dishes are ready, can I serve it first?"

Marven was busy. He said: "Come on, two more bottles of Moutai by the way, I will accompany Professor Watt to drink two glasses."

"Okay!" Orvel agreed without hesitation, and said: "The hot dishes I will give you directly according to the specifications of the diamond box. It's all arranged."

Marven waved his hand: "Don't be so extravagant, the dishes in your diamond box are for 20 people, and we are only three. How can we finish eating so much."

Pollard also hurriedly said: "Let's just eat whatever you want, but don't be too extravagant and wasteful. Now the whole country is promoting diligence and thrift. We have to respond to the call and put an end to waste."

Marven thought, "Uncle, want Don't you go directly to the back kitchen to see, if you are interested, let the chef arrange it on the spot. The three of us, ordering four dishes and one soup is almost going to be sufficient."

Pollard hurriedly said, "No, no, this is me. I am not picky about eating. I can eat anything you like."

Marven smiled and said: "It's true that I have a choice syndrome, so I still ask you to go and take a look and choose a few dishes."

Orvel listened to the side. Confused, he thought to himself: "What kind of medicine is sold in the gourd, Master? If you want to order, can I just bring up the menu? Why did you let Professor Watt go to the back kitchen? What? Generally speaking, most restaurant back kitchens are forbidden for customers to visit, and Tianxiang Mansion has never had this operation process."

Just as he was wondering, he suddenly caught a glimpse of the face sitting opposite Marven. However, Melba, who frowned slightly and had a sad expression, suddenly understood in his heart.

"It turns out that Master wanted to take this Professor Watt apart and stay alone with his daughter..."

Thinking of this, Orvel hurriedly said to Pollard: "Professor Watt, you are Master's distinguished guest. Of course, you have to decide what to order."

After he finished speaking, he directly made a gesture of inviting and said respectfully: "Professor, please move to the back of the kitchen, I will introduce you to our specialty dishes in Tianxiang Mansion!"

Pollard felt that his hospitality was difficult when he saw this, so he had to agree and said: "Okay, then I'll be more respectful than fate!"

Then, Pollard and Orvel left the box together.

As soon as the two left, Marven looked at Melba and spoke with a bit of embarrassment: "Well, Melba, isn't the close-fitting clothes I bought for you in the morning inappropriate?"

Chapter 2752

Melba felt ashamed and angry when she heard this.

Shameful, Marven was embarrassed enough to buy her personal clothes, and now he asked about this directly face to face, which made her feel ashamed.

What is annoying is, Marven, what the hell is he buying! Either it was extremely revealing, or it was impossible to wear it at all. Now that the strap behind the upper body is still hanging on the body, it feels more uncomfortable and unbearable.

However, Melba also knew that these were the unintentional mistakes of Marven. Even if she was angry in her heart, she was not angry with him, not to mention that he had saved her life and was her savior.

So, she could only bite the bullet and say: "That...that...that's okay..."

Marven asked subconsciously, "Are you sure it's okay? Have they all collapsed?"

Melba was extremely ashamed, and at the same time she asked in surprise: "You...how do you know..."

Marven said a little apologetically: "This is really not the case. I bought it without thinking. I should have brought bigger ones but bought small "

Melba turned red, she did not want to continue discussing this topic with Marven.

Marven took out the underwear that he had just bought from his pocket at this time. He wanted to walk over and hand it to her, but felt that it would be weird to hold the underwear directly to others, so he put them on the dinner table. Pushing in front of her, he said in a somewhat embarrassing manner: "This is a new purchase. I deliberately bought it two sizes larger. Would you like to go to the bathroom and change it now?"

Melba never dreamed that Marven could even get it from his pocket took out another piece of underwear!

And what surprised her even more was that this underwear turned out to be the brand she saw when she was in the car!

"That means that Marven said that he had something to do, but he actually went to buy me underwear? His thoughts coincided with me..."

Thinking of this, Melba was moved all of a sudden.

She didn't expect Marven to be so considerate.

At this time, she was really embarrassed, and quickly grabbed the underwear Marven pushed over, stood up, blushed and

said, "Thank you, Mr. Ye..." After speaking, she hurried to the box. In the bathroom.

She took off the underwear that was of very inappropriate size at the fastest speed, and the marks of the joints on the back were very obvious.

She couldn't wait to throw this underwear into the trash can, but a thought flashed in her mind, making her realize that this was the first underwear Marven gave her and the first she had received in her life. A piece of underwear given by a man.

So, she rolled up this underwear in a wicked manner and took it quietly.

Afterwards, she took out the newly bought one by Marven. This time, the size was indeed very suitable, which made her breathe a sigh of relief.

The feeling before was like a size 40 foot, but walking all day in size 35 shoes.

It is finally normal now.

A few minutes later, when she came out of the bathroom, the whole person was in a complete state.

Prior to this, she had been very cautious, did not dare to make any big moves, and her mood was even worse.

But now, the size of this newly bought underwear by Marven is very suitable. After changing it, all the negative feelings and emotions are instantly wiped out, making her a lot easier.

After coming out, she clasped her changed clothes with her hands behind her back, for fear of being seen by Marven.

This was mainly because the Chanel dress that Marven bought for her didn't have a pocket, so she didn't know where to put the dress, so she could only carry it on her back.

Seeing Marven, Melba said with some embarrassment: "Mr. Ye... thank you so much..."

Chapter 2753

Marven smiled slightly and said seriously: "It's all right, is it fitting this time?"

Melba blushed and nodded.

This time the underwear really fits perfectly.

But she was not too embarrassed to say it directly.

As a result, she could only lower her eyelids slightly, and said unnaturally: "Mr. Ye, can you please calculate the total amount of money spent, I will definitely pay you back when I get the opportunity!"

Marven waved his hand: "Between you and me. You don't have to be so polite. I am also your future boss, so I will treat it as an introductory gift for you." Melba was even more embarrassed and thought to herself: "It's okay to give clothes as a gift, but silk stockings and underwear. What kind of thing..."

But after another thought, if she no longer struggles, this matter will be over now, but if she has to return the money to Marven, then this matter is equivalent to it's not over yet.

With such an embarrassing thing, she just wanted to turn it over as soon as possible, and didn't want to have any sequels.

So she quickly said gratefully: "Since Mr. Ye has said so, then... then I won't be polite to you."

After speaking, she quickly turned around and hid the clothes at the same time. Before, she lowered her head and returned to her seat.

At this time, Pollard opened the door and said with a smile: "I went to see it, I really don't know what to choose. Mr. Orvel recommended a few special dishes, but I'm not sure if it suits your appetite."

Marven smiled and said, "The food here tastes good. If you feel really unappetizing, you can order something else."

As he said, Orvel walked in with four bottles of Thirty Years Old Moutai Liquor in person, respectfully. Said: "Master Ye and Professor Watt, you two will drink these four bottles first, and I will bring more if you don't have enough!"

Pollard hurriedly said: "Oh, Mr. Orvel, I don't have that much alcohol. When I was young, I could drink a catty or so, and now it's six or seven taels. What's more, this Moutai has a high degree. Just half a catty..."

Orvel said with a smile: "Professor Watt, although this alcohol has a high alcohol content, but you can't stop drinking it, you can open it up and drink a few more glasses!"

Pollard was in a particularly good mood, and continued to say "Okay! Then drink a few more glasses!"

Marven heard that he took the initiative to pour a glass of white wine for Pollard and for himself, and then ordered Orvel: "Mr. Orvel, you can prepare some drinks for Miss Watt."

Orvel Just about to get it, Pollard said at this moment: "Melba, Marven is your savior, you can drink some too, just to serve him a few cups!"

Melba hesitated, then nodded and said, "Okay. Dad."

Marven said hurriedly: "Melba hasn't taken a good rest yet, so let's just let Orvel get a bottle of red wine." Orvel hurriedly said, "OK Master Ye, I'm going now."

Melba Looking at Marven gratefully, she said: "Mr. Ye, I will use red wine to respect you later!"

Marven smiled: "We are the same generation, so don't be so polite between us in the future, just call me with the name, it will be fine."

Melba nodded lightly, and said: "From now on, I will call you President Ye at work, and I will call you by your name in private."

Marven smiled slightly and said nothing.

After Orvel delivered the red wine, Pollard picked up the wine glass and said to Marven: "Marven, this girl of mine is my only blood. I will offer you a glass with Melba, thank you for your life-saving grace!"

Marven quickly stood up, picked up the glass, and said: "Uncle is serious, don't say thank you, it's all in the wine."

Pollard immediately said: "Yes! It's all in the wine, come on, let me do it first Regards!"

Chapter 2754

Pollard is indeed very happy today.

The only daughter not only escaped the danger, but also returned to him safely.

What's more important is that after this time, she must be more aware of the dangers in the world, and will no longer blindly pursue some unrealistic ideals as before.

And the daughter has also promised Marven that she will stay to help him, which means that he can live with his daughter in the safe and comfortable city of Wrestvel for a long time.

When he is happy, he'll naturally drink a few more glasses.

After three rounds of drinking, Pollard became a little drunk.

He thanked Marven for everything, and finally focused on his daughter.

He looked at his only daughter with a three-point drunk and seven-point favor, and exclaimed: "Melba, you and Marven are both about the same age, but Marven has been married for 4 years. You should pay more attention to personal issues, right?"

Melba drank a small bottle of red wine. Although she was not drunk, her pretty face was already a little red.

Hearing that Dad suddenly started to care about her life-long events again, she said embarrassedly: "Dad... don't worry about this kind of thing. There are so many friends around me who are still my age, for further studies in school. It doesn't matter if you are married in your 30s.

As she said, she suddenly remembered the lie she had told her father, and quickly said, "Tell you... let me talk about my situation... ..Didn't I tell you everything..."

Pollard looked at her, paused for more than ten seconds before finally sighing, and said with emotion: "Even if you like girls, is it not time to find a girlfriend at this age?"

"I..." Melba didn't expect that her father would say these words in Marven's face. She suddenly felt extremely embarrassed and made a stop. Trying to find a way how to answer.

Marven suddenly remembered what Pollard had told him before, that the girl Melba was indeed very rebellious, and her sexual orientation was somewhat different from that of ordinary girls.

Thinking of this, the first thing that came to Marven's mind was the other two female hostages he saw in Hamid's custody, in Syria.

So he blurted out and asked: "Melba...Syria, you had two other female companions, was one of them your other half?"

Melba heard this, and the whole person was stunned for a few seconds. After a long pause, she came back to her senses and said in shame: "Mr. Ye, what are you talking about... Those are my classmates... how could there be my significant other..."

She didn't expect that Marven was relieved when he heard this, and said with emotion: "Oh, it's fine if you don't have, it's fine if you don't."

Pollard was bored with a glass of wine at this time, and then raised his hand in the air. Signed and said: "In fact, Dad has also seen it now. Now this society, this situation is very common. In many countries, they can already legally marry, including the United States. If you find another one you like, you can get your marriage certificate in the United States."

Melba was extremely embarrassed and said quickly: "Oh, I think you must have drunk too much, you can drink less!"

"I didn't drink too much... .." Pollard said seriously: "In fact, these words have been held in my heart for a long time. I have always wanted to tell you that I just didn't find a chance. You just came back safely today. I have to take this opportunity to talk to you.

Talking from my heart." Without waiting for Melba's reply, he continued: "What Dad really hopes is that you can be happy and healthy, not that you have to live the way I want you to live. Life is short, just follow, and live in your own favorite way."

Chapter 2755

Speaking of this, he poured himself a glass of wine, drank it in one sip, and then said: "Dad has also paid attention to some foreign girls who are in the same situation as you during this period. I find that their lives are also very happy. Blessed with happiness, they have also received the understanding and support of their friends and family members. Some have even been legally married and live together in an open and honest manner. There are even many couples in this situation who choose to use the test tube method to reproduce their offspring. I think this is also the case. A very good solution that can not only meet your mate selection needs, but also allow you to continue your blood, killing two birds with one stone, what do you think?"

Melba's expression is already dumbfounded.

She really didn't expect that her father had always thought that her s3xual orientation was towards girls.

In fact, it was just a period of rebellion, used to deal with and prevaricate Dad's rhetoric.

At that time, her father always wanted to make her fall in love and marry earlier, so he would often help her find some high-achieving students of the same age in the school where he worked, and even some of his proud disciples.

But at that time, Melba did not have the nature of falling in love at all. Half of her mind was learning, and the other half of her mind was used to keep the world in mind. She often participated in various environmental protection and anti-war propaganda activities and even personally met a few friends. Went to Syria to make anti-war films.

At that time, it was the pinnacle that she was blinded by hypocritical universal values. She received higher education in the West, so she felt that the universal value of the West was the key to saving the entire world and even the entire human race.

Westerners call for environmental protection and energy-saving every day, but the per capita electricity consumption in the United States is three times that of China. With a population of 5% in the world, the United States consumes 25% of the world's oil and creates 25% of the world's greenhouse gases.

Young Americans promote anti-war and peace throughout the world every day, without knowing that their country is the real global war machine.

However, after experiencing the disaster in Syria, Melba finally woke up.

She finally understood that the premise of being world-minded is to first figure out what the real world looks like.

Right now, the Chinese people are down-to-earth, live and work in peace, make every effort to make their lives better, and at the same time never take the initiative to send troops to attack other countries and provoke disputes. This is the real universal value.

Seeing this clearly also made her a little bit more understanding of her father's previous bitterness.

At this moment, Pollard looked at Marven and asked, "Marven, your uncle doesn't have many acquaintances in the city. You have been here for a long time. If you have a suitable girl by your side, you can introduce her to Melba."

Marven nodded, not knowing how a face came to mind, so he said seriously: "Uncle, I know a nice girl. She has a personality similar to Melba. Her name is Zhiyu, Melba, and Zhiyu. The names look pretty good."

"Good thing," Pollard, who was already drunk, asked hurriedly: "Does she like girls too? If so, just let me know. Introduce them and let them meet each other."

Marven embarrassedly and said: "I don't know this to tell the truth. I didn't have the opportunity to ask her"

"Okay" Pollard nodded and said: Then you must take it seriously ahead of time. Thank you so much

Melba did not expect that her father had started to make Marven introduced her to a girlfriend.

She garnered unparalleled courage and said: "Dad, there are actually things I did not tell you clearly

Pollard was suddenly startled after what he already knew about his daughter, and asked nervously, "Is there something more explosive to tell me, Melba?"

Although your father is not very old, his heart can't be too strong. Can you tell your dad what is going on?

Melba lowered her head and didn't dare to look at Pollard. She explained in shame: "In fact, I don't really like girls."

Hearing what Melba said, Pollard never recovered.

He blurted out subconsciously and asked: "Don't like girls?! You don't like girls, can you still like boys?!"

Melba didn't expect that her father would look shocked when he heard this answer, and couldn't help asking: "Dad...then what do you think I should like boys or girls?"

Pollard immediately beamed, and said happily, "From the perspective of being a dad, of course, I still like men for you, a child in the future is better!"

After finishing speaking, he hurriedly looked at Marven and blurted out: "Marven, forget the girl named Zhiyu, please see if there are suitable young talents around you, if there is one, introduce them to Melba!"

Marven smiled slightly, nodded, and said: "Okay, I will pay more attention when the time comes." Melba said with an awkward expression: "Dad, I have no plans in this regard, for the time being, Mr. Ye risked rescuing me from such a danger, I always have to focus on work first, and wait two years for love affairs."

Pollard said with a smile: "Oh, as long as you say that you like boys, Then my heart feels more comfortable, wait for two years and wait for two more years, Dad is not in a hurry!"

After that, he poured a glass of wine in a hurry, and said to Marven: "Come Marven, have a drink with Uncle. Today is really double happiness, double happiness is here!"

Marven naturally knew why Pollard was so happy, smiled and picked up his glass, and said: "Since Uncle is happy, then I will drink a few more glasses."

He was drunk after pushing the cup for the next fill and so.

By the time meal was almost finished, he was already confused.

Seeing that the food was almost eaten and the wine was almost drunk, Marven said to Melba, "Melba, it's been nice to be here today, I will ask Orvel to send you and Uncle home, and you will have a good rest when you go back."

Melba nodded lightly, and asked: "Mr. Ye, do you have time tonight? I want to invite you to dinner alone to express my gratitude."

Marven waved his hand: "Forget it today, you should take a good rest for two days. In two days, let's make an appointment again. By the way, we will also have a good talk about the preparations for the development of the ocean shipping business."

Melba said, "That's it, I'll wait for your message."

Pollard said drunkenly at this time, "Marven.. ..You...you are really a noble person...in the future, you, or the ocean shipping company, have any use of your uncle...just speak!

Marven nodded and smiled: "OK Uncle, don't worry, I will have to trouble you in the future."

Pollard immediately retorted, "What is the trouble? How can this be the trouble? But Melba will have to trouble you a lot in the future. Take care, this child is smart or clever and has a lot of knowledge, but because she lacks social experience and reality, I am afraid that she has a high eye and a low hand, so you should not take care of her too much in the future. If she does well, you can say and do more."

Marven laughed: "Uncle, I believe Melba certainly deliver."

Pollard laments: "That is better and better"

Then, after looking at Marven, didn't know which of the tendons didn't match up. He suddenly sighed, "Hey! You just got married too early, otherwise, if you could be my son-in-law, I won't have to worry about her..."

Melba blushed immediately: "Dad, what are you talking about..."

Pollard chuckled twice, and said: "I drink too much, but I could sigh with emotion!"

Marven said with a smile: "Since you are drunk too much, then I will send you back to rest first."

After that, he called Orvel, let Orvel drive, and sent Pollard and Melba home.

After Orvel drove away, Marven felt a little worried. He didn't know if he should go home first or go to Shangri-La to take a rest.

So, he called Zak Chen and asked him: "Old man, did Ruoli's mother leave?" Zak Chen hurriedly said, "Master, I just received a report from subordinates that Roma has already taken a helicopter to the airport. It is estimated that she can reach Wrester in about four hours."

Marven calculated the time and said that it was fast even if it was more than three hours. There is no need to toss home again. After all, his wife must not be at home at this time.

So he directly drove back to Shangri-La, planning to take a rest and wait for Roma's arrival.

Chapter 2757

At the same time. Chengfeng had waited for Zynn's response, and he was more or less drumming in his heart.

It stands to reason that Zynn went to see Ito Yuihiko this morning, and now it is time for lunch, no matter whether his talks with Ito Yuhiko goes well or not, he should always report to him on the progress.

So he took out his phone and called Zynn.

A cold reminder came from the other end of the phone: "Sorry, the user you dialed has been turned off."

Chengfeng's heart suddenly slammed!

"That's awful!" He blurted out, "Zynn is probably in an accident!" The butler Anson hurriedly took out his mobile phone and said, "I'll call the young master's man."

After speaking, the mobile phone immediately dialed out. A prompt of shut down came soon.

His expression changed and he made several calls in a row, but the result was the same.

So he said nervously: "Master, all four of them are turned off..." Chengfeng shuddered and blurted out: "It's over! It's over! He must have fallen into the hands of others just like Shoude."

Anson asked nervously, "This...what is the big man in Wrestvel?! Could it be that the Ye family is doing a ghost in the back?!"

Chengfeng frowned and said, "Hurry up and arrange for someone. Check to see if Zynn left Shangri-La before his disappearance. If not, then the Ye family's hand is naturally the greatest! I must ask Zhongquan to give me an explanation!"

"OK, lord!"

Anson immediately tried to find a way to find relationships. , Search for the trajectory of Zynn.

Soon, the results came back, and all aspects showed that Zynn did not leave Shangri-La today.

This made Chengfeng furious immediately.

He didn't expect that the Ye family would dare to directly attack his son.

Moreover, since Zynn was caught by the Ye family, so is Shoude 90%!

Afterwards, he made a direct call to Zhongquan.

As soon as the phone was connected, Zhongquan's voice came over: "Oh, why would Brother Su call me?" Chengfeng directly cursed angrily: "Zhongquan! Don't fcuking be close to me, I'll ask you, about my son. Where is Zynn?!"

Zhongquan didn't expect Chengfeng to swear as soon as he came up, and asked coldly: "What a joke! How do I know where your son is?"

Chengfeng gritted his teeth and said: "Stop fcuking pretending and don't try to confuse me! Zynn last night Staying at your Ye Family's Shangri-La Hotel in Wrestvel, he disappeared completely after getting up this morning. Who else did it if you didn't do it?!"

Zhongquan was suddenly startled.

He subconsciously asked: "Chengfeng, take this seriously?"

Chengfeng cursed: "Nonsense! How can I talk to your nonsense? If you don't give me an explanation for this matter, I will let you fight this old life. The Ye Family will pay the price!"

Zhongquan almost immediately concluded in his heart that this matter must have something to do with Marvin.

However, he naturally couldn't speak directly to Chengfeng, so he said: "Chengfeng, I can swear to God what you said, I don't know anything! And I have never instructed anyone to do anything to your son! Since you said that the person disappeared in Shangri-La of my Ye family, then wait until I ask the specific situation first, and after I understand the specific situation, I will give you an explanation!"

Chapter 2758

Zhongquan hung up, and his first thought was to call Zak Chen immediately and ask what was going on.

Leon hurriedly asked: "Master, what happened?"

Zhongquan sighed: "Zynn Su disappeared in Wrestrvel today, and he was in Shangri-La before he disappeared. Now Chengfeng called me to answer for the situation. I must first Ask Zak Chen what's going on!"

Leon was dumbfounded, and blurted out: "Zynn is also missing?! the second son disappeared a few days ago, and he was also in Wrestrvel, also living in a hotel and he was gone... .."

Zhongquan sighed: "Shoude's thing is easy to say. Anyway, it was not missing on our site. Life or death has nothing to do with us, but Zynn's situation is somewhat tricky this time. Anyway, people are here. He was in Shangri-La and he has gone. Once the Su family makes use of the question, we can't argue it!"

Leon turned his mind and said immediately: "Master, I think this matter is 80% related to Master Marvin..."

"Marven?! "Zhongquan blurted out: "Do you think Marvin did this?!"

Leon nodded and said seriously: "I think if this matter is really related to Zak Chen, then Master Marvin must be behind the sword. , Otherwise, even if Zak Chen was given eight courage, he would not dare to attack Zynn."

Zhongquan nodded slightly in agreement.

After all, Zynn is nominally the number two figure in the Su family.

And Zak Chen was a subordinate in the Ye family.

Even in the subordinates, he can only be at a medium level.

The difference in status, ability, and strength between the two are huge. How could Zak Chen come up with such an idea?

Therefore, the only possibility is Marvin.

Thinking of this, Zhongquan couldn't help being a little big head.

He rubbed his temples and said with a sad expression: "Although I don't know Marven very much, I still know his style very well."

"In my opinion, Marven and his father are both good-looking. It's very similar, but the acting style is really completely different..."

Leon nodded and said in agreement: "The young master acted in the past, of course, he was far-sighted, vigorous, and energetic, but he was honest. In other words, there are also some who are too pursuing perfection, and caring too much about image and public opinion..."

Speaking of this, Leon couldn't help feeling: "Back then, even if others used all kinds of shameless tricks to deal with him, he still chose to fight back in an open and honest way, and he would never use the same method to return color..."

Zhongquan also sighed: "Hey! So this was also Changying's shortcoming, he paid too much attention to the ideas of openness and integrity. , It's okay to face ordinary opponents. With his superhuman ability, he could crush the opponent, but once the opponent is very strong and does everything he can, he loses his advantage and initiative... .."

Leon nodded in agreement.

At this time, Zhongquan said again: "But Marven is completely different from his father!"

"Marven's style of acting is standard pragmatism, with a strong purpose."

"For him, all the driving force is to realize himself. For this purpose, his methods are also diverse and unrestricted. He can do whatever he wants."

Chapter 2759

Please re-read the previous chapter first. The content has been changed.

"He is the kind of person that you provoke, then he will fuck you, he must do you, and he knows very well that if he can't do you, for now, he will come back, anyway, his purpose is one and it's to finish the work."

"Also, he doesn't have so many restraints and shackles in his eyes."

Zhongquan laughed at this, and said: "For example, about him and Cynthia, Cynthia is his aunt, but that So what? Cynthia didn't like him and didn't respect his marriage. When she went to Wrestvel, she bypassed him and went to meet Viola, arrogant Viola, and intervened in the marriage. Marven detain her and made her suffer in Wrestvel."

After saying that, Zhongquan shook his head and smiled with emotion: "Oh! Cynthia has lived for 40 to 50 years, and she has not suffered anything in these 40 or 50 years, and it is only a little bit.

Zhongquan's expression became serious again as soon as his voice fell, his expression became serious again, and he said, "But Marven is a little impulsive this time. Ah! How irrational it is to act directly on the Su family! The Su family's reputation is damaged and the ocean transportation is damaged, but other businesses are still operating normally. Acting directly against Zynn, isn't this forcing the Ye Family to start a war with the Su Family?"

Leon followed Zhongquan's words at this time and said, "Master, if there really is a war, it would be fine. Anyway, the Su Family has always been our biggest opponent. Even though we have lived peacefully together for 20 years,

Zhongquan waved his hand and said in denial, "Although it is said that, things can't be handled like this. We have conflicts with the Su family. To put it bluntly, it is the contradiction of money, the contradiction of interests, and the contradiction of status, but it is not a life-and-death contradiction. We should fight against the Su family, not by force! And we don't have any advantage in the military fight. The family members acted on us if they were in a hurry. The trouble would be great."

He took out his cell phone and said, "I'll call Marven first and ask what's going on."

At this time, he took out his cell phone and said. Marven is meditating and resting in Shangri-La.

Previously, he had consumed too much aura in Syria, which made him feel more or less mentally regressed, and he felt that he was not awake.

He also wanted to follow the method mentioned in the "Nine Profound Heavenly Scriptures" and try to absorb the so-called heaven and earth aura from around him, but where are the heaven and earth aura in this modern metropolis with iron walls and brick rooms?

Moreover, more than ten meters below the ground are underground garages and foundations, with very little soil, and even the green trees are transplanted from the back.

Such trees, even if they have a century-old age, are meaningless, because when these ancient trees are artificially transplanted, their aura has suffered a huge loss. When they are transplanted into cities, the soil is shallow and the pollution is heavy. It is good to be able to live. What kind of aura is there to help him?

This feeling is like being thrown into the center of the Sahara Desert, with unobstructed bursting sunlight above his head, and endless dry desert under his feet. Even the moisture in the air has long been evaporated to the extreme. Isn't that a foolish dream to find water here?

The phone rang, and he opened his eyes from disappointment. When he looked at the screen of the phone, his brows wrinkled.

"Zhongquan Ye?"

"It seems that the old man is here to ask him questions."

Marven snorted and pressed the answer button.

“Marven!”

Zhongquan’s voice came.

Marven asked, “Is there something?”

Zhongquan blurted out: “Marven, tell the truth to your grandfather, Zynn disappeared in Wrestvel. Did you do the thing?!”

Marven said indifferently: “Well, I did it, what’s the matter?”

Chapter 2760

Zhongquan really didn’t expect Marven to admit it so simply.

This sudden magnanimity caught him by surprise.

After a while, he subconsciously sighed: “Marven, you are crazy!”

Marven frowned: “Where am I crazy?”

Zhongquan sighed: “You are crazy because you attacked Zynn when you shouldn’t! Think about it! He is the eldest son of the Su family. He disappeared in Shangri-La. Can we leave the Ye family aside?”

Marven asked, “What? Chengfeng asked you?”

“Yeah!” Zhongquan said with a sad face, “Chengfeng” called and yelled at me and told me to fight the Ye family! You know, our two families have always spoken but didn’t do anything. If we break the rules this time, the Su family would definitely retaliate wildly. We are also the party who is in the wrong, and it will be difficult to stand up at that time!”

Marven smiled: “You called for this only?”

Zhongquan heard the disdain in Marven’s tone, and spoke very politely.

Said: “Marven, I know that you have a bad temper, and you are unwilling to bear it in many cases, but you still have to look at the overall situation! Now that you start with Zynn, you can’t cause any substantial damage to the Su family. This guy is completely affected by his Dad. What’s the point of tying him up? Instead, you gave the Su Family a reason to target us!”

Marven said indifferently, “I didn’t do it for the Ye Family. It is to let him pay the price for the Anti-Ye Alliance back then. When he targeted my father, I would target him now. Not only did I tie him up, but I would also take him to Waderest Mountain to the ancestor worship ceremony. Kowtowing at the parents’ graves to admit their mistakes!”

Zhongquan was taken aback by Marven’s remarks, and blurted out: “You...you are trying to force the Su family to fight us to the teeth! If that’s the case, I would rather not hold an ancestor worship ceremony this year. And we must not start a war with the Su family now! We have already made the Su family very dissatisfied. As long as we wait patiently, the upper side will surely gradually put pressure on our family.

, It is equivalent to helping the Su family to divert the attention from above. When the time comes, the trouble will fall on us..."

Marven sneered and said: "Master, don't be so scared, this matter is not what you thought. It's so complicated, and you can rest assured that I have sent Zynn to Syria, no one can find him, and I won't let the outside world know his whereabouts, so it won't hurt you."

Zhongquan said helplessly: "Marven, why do you think the question is so simple? The person disappeared in Shangri-La. Even if you deal with it without showing any traces, we are still in a hundred words guilty and responsible!"

Marven smiled: "Master, the first question you asked me was What?"

Zhongquan asked in astonishment: "What?"

Marven said, "It's the first question you asked me when the phone was just connected."

Zhongquan blurted out: "I asked you about Zynn's disappearance. Er, did you do it?"

Marven snorted, and said casually: "Oh, it wasn't me."

"Uh..." Zhongquan was speechless at once, and then said helplessly: "Marven, you are boring... Chengfeng is not a kid either. If I tell him this, will he believe it?"

Marven smiled and said, "Is there any way he doesn't believe it? Tell him, Mr. Zynn Su has never been to Shangri-La."
