

## The Amazing Son In-Law Chapter 2761-2770

### Chapter 2761

Zhongquan was helpless: "What is the meaning of this kind of kid-like sophistry?"

Marven said sternly, "I'm not sophistry, it's the actual situation. Zynn never stayed at Shangri-La. The check-in information does not have his name, and the monitor there has no record of his entering the hotel, do you understand?"

Zhongquan hurriedly asked him: "You erased all the surveillance video when he checked in." "No." Marven said lightly, "When he came in, it was for quietness." Close to Takehiko Ito, but afraid of being discovered by Shangri-La's true identity, so he asked the people under his hands to open the room, and then he disguised himself and moved in quietly, bypassing the surveillance, naturally he didn't leave any check-in information.

So if Chengfeng finds you again, you just tell him directly, saying that you have checked the check-in information for the entire Shangri-La, and there is no such person as Zynn. If he is not convinced, you can ask him to take out Zynn and move into Shangri-La. Come up with evidence, or let him go to the police directly."

After speaking, Marven said again: "Then you can bite him again and ask him what he meant, whether he deliberately wanted to trap the Ye Family and find a reason to start a war with the Ye Family.

Zhongquan all listen to the staggering. At first, glance, feel Marven said that this idea is not very reliable.

but try to figure out a closer look, and feel seems to have worked.

Think again, people can not help but be overwhelmed with admiration and even his mind Unable to hide his excitement, he murmured: "Damn, if Zynn swaggered into Shangri-La, then he must have a unshirkable responsibility for losing Shangri-La, as the Shangri-La belongs to the Ye family. It is definitely impossible for the Ye family to give an explanation.

"But the door of Shangri-La is open 24 hours a day. This son Zynn obviously can walk in, but you have to sneak in like a mouse, and you don't leave any traces on your own initiative, then you can be fucking damn if you lose it on my head, this is really a joke.

Thinking of this, he suddenly became excited and blurted out: "Marven, it turns out that you had thought about this a long time ago. This thing is really awesome.

Marven said indifferently, "I can't talk about awesomeness, but it won't bring you the trouble, but even if you say that, you can only make the Su Family suffer a dumb loss. The Su Family will definitely record the disappearance of Zynn on your head, but I am still under-fed, so You will have to help with this.

Zhongquan smiled and said, "It doesn't matter. As long as Chengfeng has no direct evidence to prove that the disappearance has something to do with the Ye family, he has no reason to start a war against us. If there is no reason to start a war and then force a war, the people above have their opinions It will only be bigger, so in this way, Chengfeng would definitely not dare to make a mistake.

He could only be dumb and finished. He hurriedly asked again: "By the way, Marven, why did you send Zynn to Syria? That too under a warlord named Hamid's hands."

Marven was not surprised when he heard him mention Hamid. After all, the whole journey to Syria was arranged by his subordinate Chester, and Hamid sent him away. At that time, Chester also saw him. Chester will inevitably report these situations to Zhongquan.

Therefore, Marven also admitted very generously, saying: "I asked Zynn to sponsor Hamid with 100 million US dollars, and then I sent him there to experience life. The place is isolated from the world. As long as I don't let him go, the Su family may not be able to find him for fifty years."

Zhongquan couldn't help but said excitedly: "Awesome and beautifully done."

### **Chapter 2762**

Seeing that Zhongquan has no longer had his previous worries, Marven said: "If there is nothing else, I'll hang up first, and I'm tired of the troubles along the way, so I have to take a good rest."

Zhongquan said in a hurry, "OK, well, well. Take a good rest first, grandpa won't bother you!"

Marven was about to hang up, and suddenly remembered something, he said, "Oh, yes, I plan to do ocean transportation. In the future, the Ye family will not talk to me or try to snatch it?"

"What?" Zhongquan exclaimed: "You are going to do ocean transportation?"

"Yes." Marven said lightly: "It's already in preparation. I will tell you after the project starts. When the time comes, then I will take over the dividends released from the Su family. In addition, in the market south of the Yangtze River, I hope that the Ye family will not come to intervene."

Zhongquan hesitated for a while, bit the bullet, and agreed, "Okay! In this case, then I will fully support you in starting a business in that part."

"OK," Marven sidwawk: "If so, then hang up,"

Zhongquan hung up the phone with mixed feelings.

Leon on the side listened silently, and when he saw him hung up the phone, he asked, "Master, what did he say?"

Zhongquan probably repeated what he had said with Marven on the phone just now.

Afterwards, he sighed: "Master Marven is really amazing. He went to Syria alone, and even called the commander of the opposition forces a brother, and also asked Zynn to spit 100 million US dollars to the other party. This is tantamount to cultivating overseas contacts. This time, Zynn disappeared, and the Su family's dumb loss is settled."

After speaking, he said with some annoyance: "It's just that Marven suddenly said that he would engage in ocean transportation and hope that I would not interfere in Jthe business in his area. I originally

wanted to take the opportunity to grab this piece of Su's business market, but he wants it, and I have to give it to him. In this way, we will suffer a lot of losses.... .."

Leon asked him: "Then what are you going to do?"

Zhongquan said helplessly: "I won't move the Su family for the time being. Let's see if he can do it. It would be a good thing if he can take advantage of the trend to make it bigger. Then I can give him the transportation market in the south, but At that time, there must be conditions. I will use this market space for him to return to the Ye family in a fair manner."

...

At this moment, Chengfeng is waiting for Zhongquan's message while urging his subordinates to collect clues.

However, just like when Shoude disappeared, the entire Wrester is a black hole, devouring his two sons and all information related to them.

At this moment, Anson reported a piece of news: "Master, the eldest master arranged the financial affairs of an overseas company this morning and transferred 100 million US dollars to a Swiss bank account!"

"What?!" Chengfeng blurted out: "Hurry up. Check it out for me! See who the receiving account belongs to!"

Anson said helplessly: "Master, this is not available. The main reason why UBS has been popular all over the world and survived to this day is to protect customer privacy. It's impossible to find out whoever checks it."

After that, Anson added: "However, UBS was forced to sign agreements with some countries. Under certain special circumstances, it can provide services to certain countries. Customer information, but this is also limited to the national level. If you can find the relationship above, it may be possible..."

"It doesn't exist..." Chengfeng smacked his lips: "The people all over the country are there. Scolding me, I have a lot of opinions from above. They didn't directly ask me to explain in the past. I am already burning the incense. If I go to them for help at this time, wouldn't I hit the gun?"

Anson said helplessly: "Then there may be no other way..."

Chengfeng frowned, and muttered: "I don't quite understand, since 80% chance is there that Zynn fell into the hands of the Ye family, then what's the point of making this 100 million dollars from the Su family? They can't care about such a little money..."

Chapter 2763

Anson opened the mouth and said: "Maybe it was the smoke bomb they deliberately released?"

"Smoke bomb?" Chengfeng was even more surprised, and said: "It's not interesting to have this kind of smoke bomb? ..."

Just when Chengfeng was puzzled, Zhongquan called.

Chengfeng hurriedly connected, and blurted out: “Zhongquan, where is my son!”

Zhongquan said coldly: “Chengfeng, how do I know where your son is?”

Chengfeng cursed: “You fcuking fcuk, fcuking with me is a rogue Huh?! My son disappeared from your Shangri-La Hotel! You fcuking tell me that you don’t know?”

Zhongquan immediately warned, “Chengfeng, it’s not so fcuking bloody! You said your son disappeared at the Shangri-La Hotel, I let the People check all the check-in information of Shangri-La, and there is no such name as Zynn Su! And I also asked people to check the surveillance video, there is no footage of Zynn staying in Shangri-La at all. I fcuking suspect now seriously. Did you deliberately find fault with me? Did you make Zynn hide, then write and direct such a story, and then ran over to question me and start a war with me?”

Chengfeng heard this. Suddenly he exploded, and he blurted out: “Stop fcuking f@rt! Am I so bored?!”

Zhongquan sneered: “Who the hell knows you? Didn’t the Japanese use the same reason in 1937?! I didn’t expect it. After so many years, let your old stuff learn it!”

“Fcuk!” Chengfeng gritted his teeth angrily: “Zhongquan, you f@rt your mother!”

“I f@rt?” Zhongquan said coldly: “Your son is just the root. never been to Shangri-La, you come to question me now, this is not finding fault that? whenever your son really moved into Shangri-La, you come back to me, I have nothing to say, your son may come before?”

Your son, if he hasn’t been here before, you dare to frame me, believe it or not, I will call the police directly, or simply let us go to the people above, and have a good explanation in front of them to see who is doing the trick!”

Chengfeng was speechless immediately.

Only then did he remember that his son had gone to Wrestrvel quietly, and he had not said anything about it.

Moreover, when he checked in, he specially asked irrelevant people to open the room, and then he sneaked into Shangri-La quietly under the cover of his confidant.

More importantly, he hasn’t been out or showed up since he checked into the hotel. It stands to reason that Shangri-La could not have known his existence.

“So, how did Zynn disappear?!”

“Could it be...Is it really not the Ye Family’s work behind this incident?”

“If it isn’t the Ye Family, who would it be... ..” At this time, Chengfeng suddenly thought of his second son, Shoude.

The second son, Shoude, had disappeared at the Wrestvel International Hotel, and the hotel had nothing to do with the Ye family.

Moreover, the way he went missing was also very strange, and he disappeared suddenly without leaving any clues.

In this way, the disappearance of Zynn really has the same effect...

Chapter 2764

At this time, Anson, the butler of the Su family, spoke to the side: “Master, I always feel that this matter is very strange, and the Ye Family still can’t get rid of the relationship.”

Chengfeng sighed, “Yes. Even if it was the Ye Family’s actions. We have no good way this time. After all, from the beginning, Zynn deliberately avoided the sight of outsiders. Now there is no evidence to prove that he has been to Shangri-La. How can we say that he was there? Even if this matter is brought to the top, we are still making trouble.”

Anson said depressedly: “Then we can’t just eat this and be the dumb losers, the second young master is missing, and the eldest young master is also missing. When did our Su family suffer from this kind of loss...If this spreads out, in the future, in front of outsiders, the Su family will lose face...”

Chengfeng clenched his fists and felt a wave of nasty anger in his heart. There is nowhere to vent.

How could he not be annoyed when the two sons disappeared one after another.

However, the two sons are like sinking into the sea, making people unable to find any information or clues, which is full of weirdness.

Moreover, even though Chengfeng knew that the Ye Family must have inseparable ties to the incident, he still didn’t want to believe that all of this was the Ye Family’s work.

Because in his knowledge of the Ye Family, it absolutely does not possess such abilities.

Take the situation when the second son Shoude disappeared, at that time the top master of He family stayed at the Wrestvel International Hotel together with Shoude to ensure safety.

But even so, Shoude still disappeared under his nose.

Afterward, in addition to pleading guilty to matter, Old He also concluded in one word that the strength of the person who kidnapped the second young master must be above him.

Just this sentence left Chengfeng’s heart lingering.

At first, he couldn’t figure out how could anyone in Wrestvel have the strength above Elder He, and secondly, he didn’t believe that Ye Family could have such a top expert.

So, he said to Anson with a cold face: "Wrestvel is an extraordinary place, maybe there are really some amazing masters living there. I don't know if the old guy Dan can find relevant clues this time. I have invited a top metaphysical master from the UK and asked him to go to Wrestvel quietly. If he can find a clue, this person will be able to kill him and eliminate my troubles!"

Anson couldn't help asking, "Master, then What do we still want Dan and his great-grandson to do? The two of them took so much money from us and were unwilling to help us kill people. The price/performance ratio is too low!"

Chengfeng inevitably said a little annoyedly: The old thing! It was due to my father's respect for him, so I invited him over. I didn't expect this old thing to be so ignorant. This time, if he can help me find the man behind the scenes, everything will be paid back. Well, if he can't find, I don't think he needs to return to the United States!"

...

After several hours of flying, Roma finally arrived in Wrestvel before dark.

As soon as the plane landed, Zak Chen's men directly used a helicopter to take her from the airport to Shangri-La.

Hearing that she has arrived at Shangri-La, Zak Chen immediately came to Marven's room and knocked on the door.

When Marven opened the door, he respectfully said: "Master, Roma is here, when will you see her?"

Marven said, "Just now, where is she now?"

Zak Chen replied respectfully: "I." I asked my subordinates to take her to my office."

Marven nodded: "Come, let's go to your office and meet her."

Zak Chen asked hurriedly, "Master, do you want to invite Miss Ruoli over?"

"Don't worry. "Marven said: "I want to talk to her first."

"Okay," replied Zak Chen.

#### Chapter 2765

Marven and Zak Chen came to the office together. Zak Chen opened the door first. At this moment, a middle-aged woman in her late 40s or early 50s with only one arm was sitting on the sofa in the office.

This woman is Ruoli's biological mother, Roma.

Roma was also a standard lady back then. Her appearance was originally a first-class beauty. Coupled with years of martial arts practice, she was tall and well-proportioned, but she lacked an arm that seemed a bit off.

Seeing Marven and Zak Chen walking in, Roma hurriedly stood up, her expression and demeanor were somewhat cautious.

In her opinion, after all, the other party is the Ye Family Young Master, with noble status, and she is just a member of a martial arts family and a disabled person, so she feels a little inferior.

As soon as Marven entered the room, he walked towards her with a smile, and said, "Hello, you should be Ms. Roma, right?"

Seeing Marven, Roma also guessed from the details of Zak Chen opening the door for him. It's Ye Family Master.

So she said very humbly: "Master Ye, I'm just an inconspicuous female in the He family. I can't afford to meet the Young Master Ye, you are so polite..."

Marven smiled slightly: "Ms. He doesn't have to be this way. Say, in terms of age, you are my elder, and I naturally have to respect it."

Roma did not expect that Marven would not have the slightest pretension of a young master, and the first impression of him deep in her heart was very good.

Moreover, she vaguely felt that the young master in front of her, although she could not see any martial arts cultivation skills, always gave people an unfathomable feeling, and should not be an ordinary person.

So she asked respectfully: "Master Ye, I don't know why you are looking for me?"

Marven smiled and said: "Ms. He, please sit down first, don't stand up and talk."

"Okay. ..." Roma nodded and sat back on the sofa.

Marven also sat down opposite her, and said, "I heard that Ms. He's family is a well-known martial arts family in China?"

Roma hurriedly said, "Master Ye, our He family has indeed practiced martial arts for many years, but we can't talk about it. It's very famous. After all, there are many families in China, Crouching Tiger, Hidden Dragon, and there should be many who are stronger than the He family."

Marven smiled: "Ms. He doesn't have to be so humble. As far as I know, the He family is one of the four major martial arts families in China. Being able to rank in the top four proves that it is definitely not a vain name."

Roma smiled faintly and said: "The martial arts family itself is nothing special. After all, it is necessary to live by the real top family, otherwise, like ours. The family, once the financial support of the top family is gone, I'm afraid the descendants of the family will not even have the conditions to practice martial arts."

After that, she looked at Marven and asked curiously: “Master Ye, you want to see me by name, I don’t know what it is. What’s the matter? Is the Ye family interested in cooperating with our He family?”

Marven smiled: “Of course I want to cooperate deeply with Ms. He and the He family, but I do not represent the Ye family, but myself.”

Roma was a little puzzled. The young master of the Ye Family in front of her said that he does not represent the Ye Family. Could it be that he has established himself?

At this time, Marven said again: “By the way, Ms. He, I invite you over this time, mainly because I want you to come over to meet an old friend. As for cooperation, we can take a long time to discuss.”

“Old friend?!” Roma was surprised. “Master Ye, I don’t know who is that you are talking about?”

Marven smiled and said, “Ms. He, don’t worry, you will know who it is when she comes.”

After speaking, He winked at Zak Chen, and said, “Mr. Zak Chen, go get her over!”

Chapter 2766

Zak Chen naturally knew that Marven asked him to invite Ruoli, who had been in Shangri-La for a long time.

So he immediately reverently said: “Master, wait a minute, I’ll be back!” Seeing Zak Chen leave, Roma was astonished in her heart.

She really couldn’t figure out what kind of relationship she would have in common with the Ye Family Young Master in front of her.

After all, she saw him for the first time today, and she doesn’t even know what his name is, let alone what kind of young master he is from the Ye family.

However, she did not ask more, after all, she knew very well, as long as she waited patiently for a few minutes, the answer would naturally be revealed.

At this moment, Ruoli was waiting anxiously in the room.

Since Marven decided to let her meet her mother, she has been waiting for her mother’s arrival.

However, he did not communicate with her the progress of the matter in real-time, so she also didn’t know when her mother could arrive in Wrestvel either.

Just when she was thinking about it, Zak Chen rang the doorbell outside the door.

Ruoli hurried to the door and opened it. As soon as she saw Zak Chen, she couldn’t help but blurt out and asked: “Mr. Zak Chen, is my mother here?”

Zak Chen nodded slightly and said: “Ms. He has arrived. Chatting with Young Master, he asked me to invite you over.”

Ruoli became excited and blurted out: "Then take me there!" Zak Chen said in a casual way: "Miss Su, please come with me." They moved to Zak Chen's office.

Along the way, Ruoli's heart, because of excitement is beating faster and faster than normal.

When she came to the door, the whole person was already a little uncontrollable.

Before Zak Chen opened the door for her, Ruoli couldn't wait to push the door in.

As soon as she entered the door, she saw Roma sitting on the sofa, tears rolled down, and she choked up in her mouth: "Mom..."

Roma stood still as though she was struck by lightning. on the spot.

She subconsciously followed the prestige, and she realized that her daughter Ruoli, who was unsure of her life and death, and who had been thinking about her for a long time, was standing at the door!

At this moment, she was so excited that she blurted out and exclaimed: "Ruoli?! It's really you?!"

After speaking, she hurried to Ruoli's side, raised her remaining left arm, and stretched out her hand. Touched her face, choked up, and said: "It's you Ruoli, my dear daughter...Mom, this is not a dream right... I..."

Ruoli grabbed her mother's hand and cried. Said: "Mom, you are not dreaming... It's really me... I'm not dead..."

At this moment, Roma's emotions were completely out of control, and she patted Ruoli's back. Leaving into her arms, she cried and said, "Ruoli, it was so hard for mom to find you... I thought I would never see you again in this life..."

Ruoli Hugging her mother tightly with her hands, she cried sadly and said: "Mom, I also thought that I would never have a chance to see you in my life, and I would never have a chance to be filial..."

After speaking, she looked not far away. She choked up and continued: "Thanks to master Ye's rescue in Tokyo, otherwise, I'm afraid I would have been executed long ago..."

Chapter 2767

Roma hurriedly turned around, looked at Marven shocked and moved, and asked, "Master Ye, you saved Ruoli?!"

Marven smiled slightly and said calmly: "When the accident happened, I happened to be there. I took her back to China by boat, so I rescued her and brought her back."

After speaking, Marven said again: "By the way, Ms. He, I kept Ruoli at Shangri-La during this period of time, and did not allow her to contact the outside world. I'm sorry to worry you for such a long time. Please don't think negative."

Roma hurriedly said, "Where are you saying, Master? You saved my only daughter. I'm grateful that you haven't had time. Why? It's a strange meeting..."

Roma suddenly realized that her daughter Ruoli seemed a little different from before.

After practicing martial arts for many years, she noticed that Ruoli's aura is much more stable than before, and also faintly stronger, so she asked in surprise: "Ruoli, your martial arts training has broken through?!"

Ruoli nodded and said, "Thanks to Master Ye's initiation, he helped me to completely open up the Ren Vessel and let me succeed in it. In addition, I have been staying in the hotel room during this period of time, practicing hard and consolidating. Because, so there has been considerable improvement in strength!"

Roma said dumbfounded: "What? Your Ren Vessel has been successfully established?!"

Roma, who has practiced martial arts for half a lifetime, understands what it means to completely open Ren Vessel.

People have eight channels of strange meridians, and those who can get through the two channels are already top-notch masters to ordinary people.

If you can get through more meridians, that would definitely be a master of martial arts.

But even a martial arts master who can get through half of the odd meridian and eight channels, on average, can only get through 50 or 60% of each meridian.

Moreover, for so many years, hardly anyone has ever heard of anyone who can completely open to the realm of Dacheng.

In the past, the top masters of the He family did not have the opportunity to completely open up the Ren Vessel, and at most, they were able to get through 80%. He was at the top of the pyramid of the entire He family for so many years.

According to what he himself said, the reason why he was able to achieve such an achievement mainly relied on the 80% of the line of Ren.

The Ren and Du two meridians are the most basic of the eight meridian channels. For martial arts masters who practice internal martial arts, these two meridians are equivalent to the two most important arteries in the human body.

Their importance to the human body is equivalent to the two most important strategic transportation railways in a country. The greater the volume of these two railways, the stronger the country's combat readiness.

In the event of war, such a large artery can transport 10,000 people a day, or 100,000 or 200,000 people a day, which will play a decisive role in the victory or defeat of the war!

Therefore, there is a meridian that can reach an unobstructed degree of more than 80%. For martial arts masters, it is equivalent to having a very powerful strategic artery. Based on it, the strength of the whole person will be greatly improved.

If this meridian can be completely successful, then the martial arts behind it can be said to be twice the result with half the effort!

For so many years in the entire He family, there has never been a person with a great reputation, so Roma can't believe that such a huge breakthrough will happen to her daughter.

So, she asked Ruoli with a look of shock: "Ruoli, are you kidding with your mother?! A person of Renmai Dacheng, I have never heard of it in my life..."

Ruoli unswervingly said: "Mom! I didn't make a joke with you! Master Ye is a top master with great supernatural powers. After he helped me completely open up the Ren Vessel, my strength has improved by leaps and bounds, and now my main Vessel has continuously broken through thirty percent, now I am faintly breaking through the 40 percent. In the beginning, my Ren channel was only 40 percent, and the main channel was less than 20 percent!"

Roma subconsciously pinched Ruoli's vein with her hand, and then used internal force to explore it. After a while, Her whole person's expression immediately became extremely shocked!

Immediately afterward, she came back to her senses, released Ruoli, turned around to look at Marven, and suddenly knelt on the ground with a thud, choked up, and said: "The great kindness of Master Ye is unforgettable!"

### **Chapter 2768**

Roma has been looking for Ruoli for so long. Although she has been reluctant to give up, she also vaguely felt that the chance of getting her daughter back was very slim.

Even, she had accepted the fact in her heart that her daughter was killed, but the core driving force generated by maternal love deep down in her heart urged her to continue to look for her, because this is her only sustenance.

During this period of time, Roma felt that as long as her daughter is alive, no matter what price she pays, she can accept it. Even if her daughter is injured and paralyzed, she will be satisfied as long as the daughter is still alive.

However, she didn't dare to dream about it. Not only did her daughter stand in front of her intact, she even made a huge breakthrough in her cultivation.

This is simply a blessing in disguise, and it is a blessing in the sky because of that killing affair!

The fact that Ren Mai is a great success is a height that countless martial arts masters dare not reach for a lifetime!

Apart from anything else, Ren's pulse is great, at least Ruoli's cultivation base, at the original speed of cultivation, has stepped forward for fifty to sixty years.

Even if she allowed her to practice for another fifty or sixty years, she might not be able to cultivate Ren Channel to the fullest.

Therefore, the daughter is so lucky, how can she, a mother, not be excited.

It was the Ye Family's Young Master who saved her daughter's life and allowed her to improve her cultivation by leaps and bounds. Therefore, deep in Roma's heart, she was even willing to use her life to repay Marven's great kindness.

Seeing Roma kneeling in front of him, Marven was about to step forward to help, Ruoli also hurriedly followed her mother and knelt down.

Mom knelt to Grace for her, how could she stand.

She knelt next to her mother and choked up and said: "Master Ye, if I can see my mother again, it is all due to your kindness. From now on, Ruoli is willing to follow you by your side and serve you with heart and soul!"

Ruoli said. When speaking, her heart is actually a bit selfish.

She knew that Marven was not the kind of person who bound her with kindness, so she was very worried that after Marven let her meet her mother, he would directly ask her mother to take her away.

Although Ruoli missed her mother, wanted to see her, and let her know that she was still alive, she did not want to go back to live with her mother.

This is because she wants to be able to stay with Marven in the future.

On the one hand, it is indeed for repaying the gratitude, and on the other hand, it is only because she has already fallen in love with him.

Moreover, she also knows very well that her status as an illegitimate daughter is not worthy of Marven's status. Just like her mother Roma and father Zynn back then, although they had feelings, they were ultimately divided into masters and servants. So she hoped that she could stay by Marven like her mother was by her father's side.

That's why she told Marven that she was willing to stay by his side and follow him.

When Roma heard this, she understood her daughter's choice in her heart.

### **Chapter 2769**

At this moment, she was struggling deep in her heart.

She didn't know what her daughter was thinking.

It's just that she recalled the ill feelings between herself and Zynn, and then thought of the hardship of raising Ruoli alone. She was afraid that Ruoli would follow in her own footsteps in the future.

If possible, she would never want her daughter to end up like herself.

When there was a tingling deep in her heart, Marven suddenly said: "Ruoli, I saved you at the beginning, and I didn't want you to reward me with your own life, so you don't have to follow me all the time in the future. You can completely change your head and start your own new life with a clean identity."

Ruoli hurriedly shook her head and said, "Master, if I leave the current situation, if they know what I am, if I don't have you as my asylum, I am afraid that sooner or later, I will fall into the hands of the Japanese. I am afraid that no one in the world can protect me..."

Speaking of this, Ruoli whispered sadly: "So... if I hope to stay with Master, on the one hand, I can do something for you, and on the other hand, I also hope to continue to be protected by you master..."

Roma At that time, suddenly realized that her daughter and herself are actually quite different.

Back then, as Zynn's bodyguard, she had been serving Zynn wholeheartedly. It can even be ignored that she dedicated her entire youth to him, and one arm was also dedicated to him.

Then she gave birth to Ruoli for him, which is equivalent to devoting to him in disguised form in the second half of her life.

But the daughter's difference is that this Young Master is her lifesaver. If her daughter stays with him in the future, it will not be her daughter's blind dedication.

In this way, her life will naturally not be as sad as her own.

So she hurriedly said, "Master Ye, if Ruoli has made a catastrophe in Japan, they will never let her go easily. You were able to rescue her from them, and you must be able to protect her well. She has been practicing hard since she was a child, and dare not say that she has the outstanding aptitude, she can be regarded as the upper-middle grade among her peers. After you help her get through the line of Ren, her strength can definitely be regarded as the best among her peers in the country. With her by your side, she will definitely be able to help you solve many problems, so please keep her by your side!"

Marven is also very clear in his heart, as long as the body of Ruoli is not found for a day, the Japanese Will never give up.

Once Ruoli's identity is exposed, she will definitely face the scourge of death.

Therefore, staying by his side should be the best option for her.

Moreover, Marven also felt that he did lack some truly capable assistants.

Whether Orvel, Zak Chen, or other representatives of the Wrestvel family, including Warnia, are ordinary people with little cultivation skills. Although Aoxue's current strength is good, she is still a little girl in school after all. He is sure, he can't let her do some fighting and killing things for himself.

Therefore, keeping Ruoli and cultivating her into a confidant is also a matter of very practical significance to him. Ruoli not only has the strength but also could command dozens of masters when she was in the Su family. The ups and downs in Japan prove that she still has strong leadership ability. If she is asked to come forward and cultivate a strong force for him in the future, it will be of great benefit.

Thinking of this, Marven said, "Ruoli, since you are willing to stay by my side, you will be my person from today. From now on, you will follow my orders, and you will do your best to protect me and keep me safe, if you decide to leave one day, you can tell me honestly and bluntly that you don't want to stay here at that time, but you must keep in mind that before you leave formally, you can't do anything about it, don't eat anything, understand?"

Ruoli blurted out without hesitation: "Please don't worry, Master, as long as you don't dislike me, even if I leave this life, I will follow you after my death and never give up!"

### **Chapter 2770**

Marven assisted the mother and daughter to their feet, then turned to Roma and said, "This time, Ms. He, you came to Wrestvel to check on Ruoli's affairs. Please make every effort to keep it fully confidential.

Keep it a secret from everyone, including the He family!"

Roma knows that the safest way to keep a secret is to not tell anyone; otherwise, if an opening is made, it can become known to outsiders in the future, no matter how small the opening is.

Roma knows that if Ruoli is her own daughter, she will never show it to the outside world. The rest of the He family, on the other hand, is difficult to categorize. Her father, too, may not be absolutely trustworthy.

As a result, she is naturally tight-lipped about her daughter's safety.

As a consequence, she claimed emphatically: "You may rest assured, Master, I will keep my mouth shut on this. I'm not going to tell anyone after I leave this place!"

"Mom, when are you going to leave?" Ruoli inquired as soon as she heard this.

"I told your grandfather that I will go to Jiaodong Peninsula tomorrow to find your whereabouts, so I will go there tomorrow," Roma said after a moment's thought.

Ruoli was distraught, holding Roma's one-armed body coquettishly in her arms like a little girl: "Mom... Can't you stay with me for another day because you haven't seen me in a long time?"

"Ruoli, of course, mom wants to stay with you, don't say stay with you for one more day, even if I am here with you in the future, mom is able to..." Roma sighed and said seriously.

Roma, speaking of this, said helplessly: "But... everybody in the He family knows I've been searching for you for a long time.

This time, I also told your grandfather that no matter what Maste Ye says to me or what So says to me, I have to go to the Jiaodong Peninsula tomorrow to look for you.

I'm afraid your grandfather would become suspicious if I unexpectedly stay in Wrestvel and do not leave..."

"While I have no doubt that your grandfather would not harm you, the He family has a tangled web of relationships and too many uncontrollable variables.

And, despite the fact that we have broken with the Su family, I have always believed that they are secretly watching us.

If they inform the Su family that you are still alive, it is possible that they will continue to pursue you."

Ruoli's expression became resentful when she heard Roma mention the Su family, and she said coldly: "Mom! Our He family has devoted many years to the Su family's business, but in the end, the Su family is not only uninterested in our old relationship, but also uninterested in my family, and even sold me to the Japanese Self-Defense Force. I'll pay back this anger in the future!"

Roma "In the eyes of the Su family, we are the bodyguards they paid for. They were the servants of the nursing home in ancient times. They believed that as long as they provided us with money, we should be happy. We're desperate, and we're not deserving of their feelings, in their opinion."

She spoke with a sigh and said: "In terms of retribution, Mom recommends that you put it off for the time being. In any case, the Su family's power is unrivaled by the He family.

In the future, you will obey Master. Just sit by Master Ye's side in the saddle, and don't think about getting vengeance on the Su family."

Ruoli, red-eyed and choked, said: "I'm not going to give up on vengeance. Three and five years will not suffice; three and five years will not suffice; ten and eight years will suffice.

With just twenty participants, it's practically impossible. Years, even decades, will pass before I make the Su family pay for all of this!"

Roma: "It doesn't make sense for Mom to persuade you based on what's in your heart, but you must control your emotions.

Your cultivation standard has reached a critical point. Don't let hate take over your life. What a demon can't achieve a thinking human can achieve!"

Ruoli gave a soft nod.

At the time, Marven said: "You and Ruoli haven't seen each other in a long time, Ms. He, so you should go back to your room and relax. I'm sure you've got a lot to say to each other.

I'm going to let you go. Have dinner, and if you need any additional assistance, please contact the service staff."

“Thank you, Master!” Roma said with a small bow.
