

## The Amazing Son In-Law Chapter 2771-2780

### Chapter 2771

Marven said, with a small smile: "By the way, Ms. He, if you're interested in the He family, we should talk about a potential collaboration.

I'll recruit you to work with me at that time, removing the need for you and Ruoli to split."

Ruoli on the side said excitedly: Roma did not talk "That's fantastic! Then you'll switch to Wrestvel, Mom!"

Roma "If you just told me not to tell anyone about Ruoli, then I can't bring anyone from the He family over, and let her work together..."

However, if I am unable to carry any family members, I am a disabled person with restricted ability, and I am uncertain what I can do for you at that time..."

"Ms. He, I understand what you mean," Marven said with a small smile. "However, in my view, this issue is not contradictory."

After a brief pause, Marven spoke up and explained: "First and foremost, I am very interested in working closely with the He family.

This cooperation is focused on me, you, and the rest of the He family, so you don't have to worry about Ruoli whether you support her or not.

Even if the He family sends thousands of people to Wrestvel with you in the future, they will have no idea who Ruoli is."

Roma said with a slight nod: "Even though the entire He family has developed deep cooperation with you, Master, it is still impossible to inform the other family members of Ruoli's situation except for me. Is it okay if I view this way?"

"No problem," says the speaker. With a smile, Marven said: "The He family has now broken away from the Su family and needs a steady source of income, so I'm considering broadening my sphere of influence.

It's when people need to be hired, so I'm hoping He's be willing to work with me. Furthermore, the compensation I can offer to He is unquestionably something He will not be able to refuse."

Roma politely bowed slightly and said: "My father decides whether or not the He family can comply with you, so I'll take the liberty of asking you what kind of conditions you should give the He family.

If it is more convenient for you, you will inform me directly, and I will forward your message to my father, who will make the final decision."

"What conditions did the Su family give you before?" Marven asked, laughing.

Roma "Every year, the Su family will pay the He family a fixed contract payment. The total sum is 600 million yuan, which is split into 50 million yuan monthly payments.

In addition, there will be an event at the end of the year. There is an estimate to be made. If the He family performs the necessary number of tasks during the year. We will earn an additional one to two billion in bonuses."

"This is essentially the same as the basic salary plus success bonus model for jobs," Marven said lightly.

"Yes," says the speaker.

Roma: "The He family could only do their best to support the Su family in the past in order to make more money.

This is mostly due to the fact that there are immediate descendants of the He family who practice martial arts. More than fifty people live in the He household, and the different medicinal materials needed by so many people to practice martial arts account for more than half of their income.

If we break up with the Su family after the accident, they will instantly stop paying us in cash, including the last payment. The monthly payment of \$50 million was not repaid.

During this time, the He family's financial condition worsened, and everyone's cultivation development was seriously hampered."

When Marven heard this, he raised his brows and inquired, "Ms. He, may I inquire, what kind of medicinal materials do you need for cultivation?"

## **Chapter 2772**

"Master, our He family's internal boxing system has a relatively large demand for temperature and medicinal materials,"

Roma said in response to Marven's query. It is primarily composed of qi-invigorating drugs, as well as medicinal materials for body strengthening, such as ginseng, Ganoderma lucidum, velvet antler, and cordyceps sinensis.

Some Chinese herbal medicines used for bathing medicinal baths are primarily responsible for body strengthening."

"Our family has two prescriptions, one is called Bukisan, and the other is called Xentel, Bukisan is made of precious medicinal materials such as ginseng and Ganoderma in a unique way, and the traditional Chinese medicine made by boiling will replenish qi, blood, and internal force after oral administration, so as to enhance the internal force and enhance meridia," Roma said.

"As for the Xentel, it's a decoction made from a variety of Chinese herbal medicines that people soak in to strengthen their bones and muscles and improve their overall strength."

"Then how much does your entire family spend on medicinal materials each month?" Marven inquired.

“In the past, our investment was at its peak, at least 20 to 30 million yuan every month,” Roma hurriedly explained, “basically, we can guarantee that every member of the martial arts family will receive a pair of Buqisan powder and a pair of Xantel powder every month, or even two to three pairs if the Body Decoction is a key training object.”

“However, since the family’s financial condition is a little stretched,” Roma sighed and said, “my father temporarily cut off much of the investment in medicinal materials because the family’s financial situation is a little stretched.”

“At the moment, the family’s approximate monthly cost of medicinal materials is about three to five million yuan; most family members with ordinary qualifications can no longer receive medicinal materials; there are only a few main training items, which they can scarcely use, but the medicinal materials are also greatly discounted, and the medicine’s effectiveness is naturally weakened.”

“How is the effect of your two medicinal materials?” Marven inquired once more.

“In fact, even if the medicinal materials are not discounted, the effect is not very strong,” Roma said helplessly,

“mainly because the effects of the prescriptions we use are relatively average, and the loss of medicinal materials is great. People may see immediate results, but for those who already have a certain training base, the effect can only be said to be average.”

“When it comes to prescriptions, I happen to have a pill that can improve the body’s internal and external power. I personally think it’s very healthy, but I’m not sure if it’s appropriate. The inner heart of your family, Madam He, you can try this medication with Ruoli,” Marven said peacefully.

Marven drew two blood-saving, heart-saving pills from his pocket as he spoke.

This type of pill isn’t particularly important to him. He can refine it in vast amounts if he needs to.

This type of pill has little effect on someone like Marven, but it has a great effect on ordinary citizens.

If someone suffers from hemiplegia and high paraplegia, both of which can be treated with this medication.

Ordinary people can significantly enhance their physical health by taking it, which has the benefit of extending lifespan to some degree.

This drug possesses remarkable medicinal properties. Internal strength is certainly a panacea that you can’t even think of for martial arts practitioners like Roma and Ruoli.

It can not only strengthen the body and strengthen the meridians, but it can also significantly enhance Internal strength.

Like Aoxue initially relied on a blood-saving, heart-saving pill, and her strength quickly improved in a short period of time.

She went from being well behind Ito Nanako to overtaking her with just only one pill. This demonstrates how effective this type of effect can be on ordinary martial artists.

The power of Ruoli and Roma can be seen by Marven. Even though they are at the top of the martial arts family, they are still poor, and they can't even make it to the table.

As a result, the effect of the He family's medication tonic method must be small, and it may not even exceed one-thousandth of that of the blood-saving heart-saving pill.

As a result, he had a strategy in his head.

"Didn't the Su family previously use the money to purchase the He family?"

"Then I'm going to change my course today!"

"To profoundly bind He family, I will use money as a complement and medicine as the mainstay!"

"Doesn't the family want to cultivate more masters?" "How can it give you 10 billion a year with your current system alone?"

"Even if I let the people eat ginseng every day, how about it?"

"Using that method of stacking medicinal materials, in any case, the effect is certainly not as good as my blood-saving heart-saving pill!"

"After personally witnessing the effects of the blood-saving heart-saving tablets, I believe the He family will certainly regard it as a normal!"

"At that time, all I have to do is give the He family a few pills every year, and the entire He family will be desperate to follow me!"

Roma is also unaware of Marven's feelings.

Chapter 2773

When she saw Marven take out two tablets and hand them to her and her daughter, she couldn't help but ask, "Master, can we just take this medication now?"

"Yes," Marven said solemnly, "this drug is made with a special formula, it melts in the mouth and the result is released very easily, there are no toxic side effects, and you can try it right now."

Despite the fact that Roma has no idea how powerful this pill is, she is certain that Marven will not hurt her or Ruoli, so she said without hesitation,

"Thank you, Master, then I will give it a try!"

She put the medicine in her mouth without hesitation after speaking.

Ruoli didn't give it much thought until swallowing the drug.

Both of them were shocked to find that after taking the pill, it melted like ice cubes in hot water and then turned into a liquid current into the body.

This is both the mother's and daughter's first encounter with this sensation, so it's understandably thrilling.

The Pill is refined using the process described in the "Nine Profound Heaven Classics," though it is not as successful as the Rejuvenating Pill. It differs from all other Chinese medicine pills in terms of nature at this point.

Other pills are boiled in ordinary ways, and then the boiled concoction and mud are turned into wax pills, making them relatively difficult to swallow. Once swallowed into the belly, the pills would slowly digest and release the drug for a long time.

Marven's tablets, on the other hand, were different.

The pill's entry transforms into a warm current that flows into body, and then one can sense an incredibly pure internal force rapidly radiating through the body's meridians!

Mother and daughter have never experienced an internal force so strong and pure. They'd all been caught off balance.

Roma was the first to regain consciousness. "Ruoli, this internal power found in the pill is incredibly awesome, quickly direct it to run in the pubic region, and don't waste this great opportunity!" she exclaimed, unable to control her inner ecstasy.

Internal force can be run in the body by all martial arts practitioners who practice the inner family heart system, and they know how to move it through the body meridians and into the dantian.

It's just that most martial artists' internal strength is pitiful, like gathering dew on grass leaves every morning because the amount is so minimal that every drop appears to them to be extremely important.

Ruoli and Roma have always been the same, working hard every day to run a small internal force, nourishing and developing their own power a little at a time, and change has been slow.

Marven's blood-saving, heart-saving pill, on the other hand, was like a downpour in their bodies, and the surge of internal energy totally outstripped their understanding!

Roma even believes that in front of Marven's pill, His most precious form is completely different from the mud, and it isn't worth mentioning!

If Marven's pill contains a powerful heavy bomb, the qi scattered in front of it, at best, it's just a rub that even children would dare to hold in their hands and set off the weapon

Even if a million or ten thousand pairs of Buqisan Powder were combined, they couldn't compare to Marven's pill!

## Chapter 2774

The most important difference between the He family's Bukisan and Marven's Pill is the medicinal properties, the medicinal effect.

The essential properties of a drug are referred to as medicinal properties.

Right now, I'm only using the analogy.

Blood Rescue Pill is a military-grade heavy bomb.

The Buqisan is just a regular firework.

The difference is not only in the amount of energy released, but also in the fundamental nature of the explosion.

Combat explosives, for example, can pierce a one-meter-thick steel plate and a ten-meter-thick concrete fortification. Ordinary firecracker gunpowder, on the other hand, will not pierce a one-meter-thick steel plate. It's a fundamental flaw in the natural world.

He's Buqisan is an example of this.

One pair per month is equivalent to a monthly extra meal of large fish and meat. It can increase nutrient intake and boost physical health to some degree, but I want to eat a masterpiece just by consuming this kind of food. It's all a bunch of nonsense visions.

Marven's blood-saving Heart-saving pill, on the other hand, is a one-of-a-kind panacea!

Ruoli, who was standing to the side, felt the same way.

She has always been regarded as one of the Su family's most eligible offspring, so she used to get at least Sanfu Bukisan and Xentel Decoction every month, but these two medicines just gave her the feeling of "It's better than nothing," and she was still far from making rapid progress.

The pill provided by Marven, on the other hand, contained a surge of internal power that not only improved the meridians immediately but also strengthened the entire body from the inside out.

Furthermore, this internal force is not a scourge of wild beasts tearing through the body, but rather a meticulously nourishing force that feeds the whole body from the inside out. The pill's effectiveness has increased. It seems like every cell in the body is following this.

What shocked her the most was that the third meridian she had been unable to break through, the Chong meridian in the odd meridian's eight channels, also broke through silently at this time!

This kind of breakthrough isn't quite as spectacular as thunder on the horizon, but it's just as smooth and normal as piercing a sheet of window paper!

Furthermore, the main Vessel, which had been opened, was on the verge of breaking through 40% to 50%!

You should know that in the He family for many years, only one male, Ruoli's grandfather, has opened up the three levels of meridians.

Despite the fact that Luther has opened up the three meridians, they are not as smooth as Ruoli's.

Ruoli's power unexpectedly became the top one of the He family, at least doubled on the previous basis, with only Marven's pill!

How could she not be ecstatic about such a fantastic opportunity?

Her mother, Roma, benefited greatly as well!

Her eight odd meridian channels are similar to Ruoli's. They only open up Ren and Du's second channel. The Ren channel is 50 percent complete, while the Du channel is 20 percent complete.

However, the strong medicinal effect of this pill caused her Ren Vessel to succeed immediately, and the main Vessel also broke through to 40%.

Her present strength is comparable to Ruoli's before she began taking the drug.

Be mindful that Ruoli's meridians have been sparsely passed through by Marven with aura prior to taking the drug. Renmai Dacheng not only raised her cultivation level significantly, but she also laid a stronger foundation for future cultivation. A sturdier base.

Roma now has the same solid base.

"Thank you. Master bestowed such a precious pill to me and my daughter. Your great kindness is unforgettable for me!" Roma knelt on her knees again, reverently and with great gratitude, and said, "Thank you. Master bestowed such a precious pill to me and my daughter. Your great kindness is unforgettable for me!"

"Master, thank you for your pill... This pill must be very expensive, right?" Ruoli said excitedly as she knelt on the ground subconsciously.

"Of course it's expensive," Marven said flatly. "This kind of medication has a price but no market; no one has it except me."

"If Ruoli, I believe you used the medication to get through the pulse just now, and your power has almost doubled; it's gratifying!" Marven said.

When Roma heard this, she was taken aback and exclaimed, "Ruoli, you...you have broken through the pulse!"

"Yeah..." said Ruoli, her eyes red, "Mom, my pulse has been opened up..."

“Since your grandfather opened Chongmai 40 years ago, there has been no second person who can open Chongmai for 40 years... Today you finally did Get through...” said Roma, who was in tears and in awe.

Chapter 2775

Ruoli couldn't take her gaze away from Marven. No one could compare to the picture of Marven in her mind at the time.

She couldn't understand why Marven possessed such incredible strength and abilities.

He only gave her a pulse for the first time, but she didn't expect to be able to support her get through the whole pulse.

He gave her a pill this time, but she didn't expect it to help her get through the third meridian.

For average citizens, these two historic breakthroughs are once-in-a-lifetime occurrences.

Many people have spent their entire lives cultivating and learning, but they have yet to fully open the Ren Vessel.

More people tried their hardest to learn martial arts, but they were unable to complete the three meridians.

However, in a very short period of time, she was presented with two excellent opportunities, one after the other.

Furthermore, Marven's assistance was instrumental in achieving the two major breakthroughs in a flash.

It also means that Marven will achieve a significant breakthrough for a martial artist of his caliber while conversing and laughing.

From this perspective, Marven's power maybe a hundred or thousand times greater than his!

Roma was ecstatic. She was inundated with surprises today. Her daughter is still alive, and she has made significant progress in her cultivation.

Is it not possible to get any more thrilling than this?

In addition, she was struck by her daughter's light, and in one leap, she fully opened up the Ren Vessel, doubling her power. It was clearly a divinely appointed opportunity.

This young man in his twenties was the one who provided her with this series of surprises and opportunities.

“Master, the whole He family, would like to see you as the head of our horse! All will follow your dispatch!” she said earnestly to Marven.

“I am even now when I am hiring people,” Marven said indifferently, “and if the He family is able to cooperate with me in all ways, then I will provide the He family with five medicinal pills per year for an additional 100 million yuan!”

When Roma heard the words “Five Pills,” she was overjoyed.

She thinks about her family, so she instantly thought, “If one pill can double a person’s ability, why can’t the family develop at least five first-line masters, or train two? A Super League top-ranking expert!”

“If these remarkable talents continue to receive the pill in the second year, their power will undoubtedly grow rapidly!”

“If Ruoli can get an elixir from it every year in the future, she may be able to get through the fourth meridian after four or five years, and her power will grow again!”

“You must understand that the entire He family has hundreds of years of martial arts history, and there is only one master who can get through the four meridians! If Ruoli takes Master Ye’s pill, she is very likely to become the He family’s hundreds of years of martial arts history Second person!”

“Give the He family ten years, Ruoli will be able to open up five meridians, and there may be some more masters in the He family who can open three or even four meridians!”

“In that case, the He family’s power will be greatly enhanced, and it may even become the country’s number one martial arts family!”

“Ten years may seem like a long time, but it is a blink of an eye in the He family’s long history of hundreds of years!”

Chapter 2776

In reality, Marven doesn’t think this type of blood-saving, the heart-saving pill is worth mentioning.

It’s just a matter of hooking your thumbs, whether you owe the He family fifty or one hundred dollars a year.

However, he wants to restrict the number to five per year in order to impress upon the He family the importance of this item.

Marven also understands that, in terms of the Blood-saving Pill’s usefulness for martial arts practitioners, giving two pills a year is enough to make the whole He family work for him.

The He family deserves five stars because it will enable them to concentrate on training three or five talented warriors in a systematic manner each year.

Roma was well aware of the importance of this pill and recognised that it represented a significant growth opportunity for the He family; she didn’t have time to ask her father for instructions, so she decided on behalf of the entire He family.

She was certain that her father would not say no! He and his family could not refuse!

“From now on, at the end of the twelfth lunar month of the lunar calendar, I will make a year-end evaluation based on the performance of the He family in one year,”

I would naturally offer He’s a few extra pills at the end of the year if the family is really committed to Do its best and work hard for me.”

Roma’s heart swelled with joy as she learned of this. “Then I’d like to thank Master for the more than a hundred people from the He family!” she said without hesitation.

“Master, in your view, is it appropriate for the He family to move from Mocheng to Wrestvel?” Roma asked again.

“The movement of the family is too much, it is needless,” Marven said after a moment’s thinking. You should talk to the Patriarch of the He family first after your return. Tell him first if he has no objections.

Ten generations of the He family’s strongest descendants will travel to Wrestvel. Ms. He will be in charge of these ten. I’ll find you a suitable house to settle down in Wrestvel ahead of time.”

“As for Ruoli, she will stay with me for the time being,” Marven said, looking at Ruoli.

“No problem,” Roma hurriedly replied. “I’ll return to Mocheng the next day and tell my father about the situation.”

I am certain that my father will not object, and I will obey Master’s instructions for the rest!”

“If you do anything, obey Master’s orders!” said Ruoli, bowing after her mother.

“Ms. He, these two tablets, please take them back and give them a tasting, lest you have nothing to say,”

Marven said as he nodded and pulled out two more blood-dissipating heart-saving pills. He isn’t a fair judge.”

“Master, one should be enough...” Roma said, a little pleased but also a little nervous.

“One of the two pills can be tried by your father, and the other can be divided into several parts, placed in water, and tried by the younger generation of the He family,” Marven said with a smile.

It is, in reality, beneficial to the younger generation. People do not take more than one at a time because at least 30-40% of the medicinal power is not absorbed by the body at once, resulting in waste.

All of the therapeutic effects can be best used with this step-by-step approach.”

“Oh, I knew I wouldn’t take the whole pill...” Roma said abruptly, regretfully.

“It won’t matter,” Marven said with a smile, “there will be opportunities in the future.”

“You take these two pills first, then the remaining three pills,” Marven said again. When you confirm and the individual arrives in Wrestvel, I will give you all at once.”

“Master, you have just sent us four in a row,” Roma exclaimed, surprised. There should be one left based on five in a year!”

“The two previously given to you and Ruoli are not counted,”

Marven said calmly. That’s a little gesture of concern for you mother and daughter. In the future, I will give you two extras per year. These two are unrelated to the He family.”

Chapter 2777

Roma became anxious and unsure of what to say, so she shouted, shocked and delighted, “This...this is too costly, how can we...”

“I and Ruoli are both destined, not to mention the long-term cooperation in the future,” Marven said with a wave of his hand. Ms. He doesn’t have to think about it anymore because a small pill isn’t important.”

“You mother and daughter have finally met again,” Marven continued, “There must be a lot to say, I won’t bother you too much.”

Roma saw that Marven had already agreed to end the discussion and realized she didn’t have to worry any longer, so she said politely, “Please follow Master’s arrangements!”

“Young Master, then I will take my mother back to my home,” Ruoli said from the side, taking a step forward and bowing. Please let us know if you have anything to do with us.”

“Go ahead, contact the staff directly if you have any needs,” Marven said with a nod.

Thanking Marven the mother and daughter, Roma and Ruoli were able to return to their hotel room.

Roma couldn’t stop crying as soon as she walked into the room.

“Mom, why are you crying again?” Ruoli rushed forward and questioned.

“I am so relieved...” Roma sighed as she brushed away her tears. Mom has uncontrollably considered countless possibilities since your crash, both good and bad,

But still, it’s the best possible I’ve ever considered, and it’s less than one-tenth of what it is now... Mom had not expected your life to take such a dramatic turn...”

“Mom, I’m sorry, this time has made you worry...” Ruoli said, her eyes red.

“With today’s situation, Mom’s previous worries are all worth it...” Roma grinned, relieved.

“By the way, Ruoli, what is the origin of that Master?” she inquired, curiously. She can’t believe she has ever heard of such a strong Ye family junior! “Can you tell me his name?”

“Master’s name is Marven Ye,” Ruoli hurriedly said.

“I have an impression of this generation of men from the Ye family, there appears to be no one called Marven...” said Roma, frowning.

“Mom, do you know Changying Ye?” Ruoli inquired.

“Changying Ye?” exclaims the narrator. “Of course I know,” Roma exclaimed, “that was the Ye family back then, one of the most illustrious in the world, your father...”

Roma inadvertently mentioned Zynn, but she was afraid that her daughter would be upset if she talked about what the Su family had done, so she quickly said, “I don’t want to talk about your father.” Why, did you suddenly bring up Ye Changying? Many years ago, he died suddenly.”

“Mom, Master Ye is Changying’s son,” Ruoli said quickly. He moved to Wrester with his parents when he was eight years old. His parents died suddenly not long after.

Master Ye hasn’t stopped since then. He’s been in the orphanage since he was a child. He has not, in truth, returned to the Ye family. Despite the fact that his surname is Ye, he now runs his own business.”

“I didn’t expect him to turn out to be Ye Changying’s son...” muttered Roma, all surprised.

### **Chapter 2778**

Roma can’t help but think of Zynn when she thinks of Changying.

She has known Zynn since she was a child, so she is very familiar with his youth.

She is aware of how good Changying was at the time, as well as the fact that Zynn has always existed in the shadow of him.

She was struck by a sense of irony.

Zynn was crushed by Changying in every way at the time, but he was not convinced in his heart.

He didn’t finally breathe a sigh of relief until Changying’s death.

Who would have guessed that Changying’s son has progressed to such a high level?

Despite the fact that Roma saw Marven for the first time today, he was able to quietly rescue her daughter from the Japanese Self-Defense Forces, and he continued to hide her from the sky so that no one would notice.

Marven’s strength was far from ordinary, if not frightening, as revealed by her daughter’s knowledge.

Ruoli’s life may have been saved, but he also caused the Japanese Self-Defense Force to lose face in front of him!

The leopard can be seen in the tube.

This incident alone demonstrates Marven's extraordinary abilities.

What surprised her, even more, was Marven's ability to easily transport her daughter's Ren Vessel to the realm of Dacheng!

In the eyes of martial artists, this is nothing short of a miracle.

It is an understatement to conclude that it is a miracle.

After all, martial arts training is frequently the best effort for the majority of your life.

Even a great master has no exception when it comes to martial arts instruction.

Every martial artist aspires to be the ultimate Dacheng, but no one knows what that entails.

In their lifespan, they can only do their best. If they try their hardest but still don't achieve great success, they should allow their children and grandchildren to pursue great success on their own terms.

He is gone, and he has descendants, and there are countless descendants, much like her forefather who made considerable strides.

What exactly did Marven's conduct imply?

### **Chapter 2779**

To use an apt example, Marven removed all the massive earth boulders that grandfather should have dug at least 20 years before his fingers!

This type of skill is referred to as supernatural strength.

There's also Marven's pill, which is so magical it's impossible to put into sentences.

Even if the world's martial arts family is bankrupt, Roma believes that if this kind of magical medicine is sold, they will compete desperately.

How about a billion dollars? How about two billion dollars?

Even if one billion is used, relying solely on cultivation and the help of certain medicinal materials may not be enough to achieve the effect of this pill.

Nothing is more important than enhancing one's cultivation level for those who practice martial arts.

As a result of these factors, Roma assumes that Marven will most likely make moves on the Su and Ye families and even the country's top families on his own in the future.

She remembered that her daughter seemed to have a clear sense of allegiance to Marven, and that behind that allegiance was an obvious girl's mind, so she asked Ruoli,

“Ruoli, tell your mother the truth, do you feel that way towards Master Ye?”

“Mom, what are you talking about?” Ruoli asked, a little embarrassed.

“Master is not only my lifesaver, but also my mentor; my cultivation level is all thanks to successive breakthroughs, so I love and appreciate him in my heart...”

“You are born from me, can Mom still not understand you?” Roma asked, smiling slightly.

“You look at his eyes in a way, I have never seen it in your eyes, and I feel your true love for him.”

“I don’t...” Ruoli retorted flusteredly, then paused for a moment before sighing slightly:

“Hey... Really, I have to say something to my core. A man like Master really understands him. After that, how many women can be indifferent to him?

Not only me, but even sister Zhiyu has been enamored of him for a long time...”

“What?! Zhiyu?! She likes Master Ye too?” exclaimed Roma.

“I think Sister Zhiyu likes Master, she almost likes the devil,” Ruoli said with a wry smile.

“Didn’t Zhiyu disappear with Liona? Have you seen her?” Roma hurriedly inquired.

“Sister Zhiyu and Aunt Liona also live in this hotel,” Ruoli said solemnly.

“What did you say?!?”

Roma became agitated and exclaimed, “The mother and daughter live here too?! Then they know I’m here?”

Liona has always had a special place in Roma’s heart.

After all, she had that kind of relationship with her husband when she was pregnant, and then she gave birth to Ruoli.

She was interested in other people’s relationships no matter what, including when she was pregnant. The third partner in the other party’s marriage.

As a result, she was terrified of seeing Liona again.

“It’s unlikely for the two of them to discover you’re here,” Ruoli said at the time. Master kept them here, after he rescued them.

He didn’t let them leave the room because he didn’t want the news to get out. I was also here.

After spending so many days in this hotel, it wasn't until this morning that master's men summoned them, and I noticed that the mother and daughter were also here."

### **Chapter 2780**

Roma was even more surprised, her mouth gaping open from ear to ear: "You said Master even rescued the mother and daughter?!"

"Of course!" says the voice. "They would have both been killed by Chengfeng if it hadn't been for Master's intervention!" Ruoli nodded.

"Why is Master Ye taking you to see them?" Roma asked, thoughtfully nodding.

"This..." Ruoli paused for a moment.

She was unsure about telling her mother about her father, Zynn.

She is also concerned that her mother will be upset;

Don't say it, but she is worried about her mum.

"Ruoli, is there anything you want to say to mother?"

Roma asked hurriedly when she noticed Ruoli was reluctant to answer."

"Mom, I'm telling you something, don't be anxious to get upset," Ruoli said after a brief pause.

"Let's talk about it," Roma hurriedly said.

"Mom is not in a rush or getting mad, so you can stand in front of me without getting angry, even if the sky falls!"

"Dad was also caught by Master," Ruoli said.

"What are you talking about?"

Roma was speechless in shock, opened her mouth and eyes wide, and stared at Ruoli for a long time before summoning the courage to ask, "Could it be that Master Ye...?" Is your father dead?"

"That's not the case," Ruoli said, shaking her head. "Dad is still alive..."

When she heard this, Roma exhaled a sigh of relief.

Zynn holds a special place in her heart.

After all, the best years of her life had been almost entirely dedicated to Zynn, and she had even dedicated her body to him.

Despite the fact that they haven't seen each other in years, the feeling in her heart remains constant.

What she feared the most when she learned that Zynn had fallen into Marven's hands was that Marven would kill Zynn on the spot.

After all, Zynn was easy to kill with Marven's strength.
