

## The Amazing Son In-Law Chapter 2831-2840

### Chapter 2831

“Roma, now is not the time to be inspired,”

Luther said solemnly. It is important to consider the overall situation.

We must push the He family to new heights, and we must not be blinded by a little hate!”

Roma became irritated and shouted, “Dad!” Ruoli has nothing to do with what I’m about to say.

It’s entirely because Mr. Ye’s circumstances are much superior to those of the Su family! If you can believe it, it’s true.

I’ll just have to wait before you return to make my final decision!”

“However, I have promised Anson that the bus will stop at He’s door at ten o’clock tomorrow morning,”

Luther said, embarrassed. Wouldn’t it be because I’ve hit Old Man Su’s face, and if he gets upset, the whole He family is affected if I hesitate for no reason at that time?”

Roma hadn’t expected her father to turn around so quickly, and he was angry and nervous for fear of offending Chengfeng, so she blurted out, “Okay!” Then I’ll leave and come home.

I should be able to make it home before the sun rises. By then, I’ll have told you.

“Explain everything!”

“If Roma can return before dawn, in any case, it won’t affect the original plan, it doesn’t hurt,” Luther reasoned when he learned this.

“If this is the case, then you can return as soon as possible,” he said, opening his mouth. Let’s talk about it in person if you have anything to say.”

“All right!” Roma clenched her teeth and said, “Then I’ll start!”

“Ruoli, mom has to go,” she said to Ruoli next to her after hanging up the phone.

“Mom, Grandpa insists on cooperating with the Su family?” she asked hurriedly.

“Yes,” says the speaker. “Anson went to Mocheng and gave your grandpa a price of 2 billion yuan,”

Roma said helplessly. Your grandfather has already given his consent. Tomorrow morning at 10 a.m., he’ll carry the family over.

I must return to see him before he departs and remind him of Master Ye’s fate.

The most important thing is to give him Master Ye's pill and let him decide for himself."

"Your grandfather... is far too sure of what he thinks," Roma sighed as he said.

The internal boxing system of the He family, as well as the He family's Qi San and Awakening syrup, are both the best martial arts medicines in his eyes.

He doesn't even realize that the high quality on the way, the pride of the He family, and the basis for survival aren't worth mentioning in front of Young Master Ye's pill!"

For him to recognize it, he must taste it.

### **Chapter 2832**

Ruoli also knew very well grandpa's temperament.

He was too convinced of his own set of perceptions, as her mother put it.

They believed that the earth is the center of the universe and that the sun and all the stars revolve around it, just as those who believed in geocentric theory did in ancient times.

This seemingly absurd theory persisted in the world's major civilizations for thousands of years.

The heliocentric theory proposed by Copernicus was gradually disproved until the 16th century.

It demonstrates that these words are deeply embedded and influence a person's vision and pattern.

Therefore, even if Roma described the medicinal pill given by Marven on the phone, Luther would never believe it.

Allowing Roma to return to Mocheng and personally hand over the pill to him is the best and only option.

Only then will she be able to alter his cognitive concepts.

So, Ruoli hurriedly asked: "Mom, it's so late, how are you leaving?"

"There is no way," Roma said helplessly. "Now there are no flights from civil aviation." I have to wait until tomorrow morning at the earliest.

It'll be too late, so I'll have to bother Young Master about getting the plane ready..."

"All right!" Ruoli quickly picked up the phone and said, "I'll call him."

"FOR such things, don't annoy the Master," Roma said, stopping her. Master does, after all, have a family.

It would be difficult for him to justify himself to his wife if you call him too late, so don't bother him."

“I believe Master has a lot of faith in Zak Chen,”

Roma said after speaking. He organizes a lot of stuff for Master. Let’s find him, who I believe has sufficient authority to arrange the plane.”

“Mom, wait a minute, I’ll tell the staff!” Ruoli said with a nod.

“Please inform Mr. Zak Chen, I have an urgent matter to find him,” Ruoli said as she hurriedly got up, hurried to the door, and said to the staff outside the door.

Zak Chen arrived a few minutes later, running all the way over.

“What’s the matter with Miss Su?” he asked hurriedly when he saw Ruoli.

Ruoli most likely informed him of the situation.

“No problem,” Zak Chen said without hesitation when he learned that Roma needed to return to Mocheng as soon as possible.

In ten minutes, the helicopter on top of the building can take off.

Arrive at the airport and board a private plane to the Northeast. I’ll also book a helicopter in advance in the Northeast so Ms. He can get to Mocheng as soon as possible!”

Chapter 2833

Ruoli exhaled a sigh of relief and thanked Mr. Zak Chen, saying, “Thank you very much!”

“Not a big deal!” says the voice.

Roma also changed her clothes at this time, and sadly said to Ruoli, “Ruoli, I’m so sorry, your mom said to be with you tonight, but I have to go again...”

“Mom, it doesn’t matter,”

Ruoli said with a smile. It gives me great pleasure to see you. Furthermore, I assume that grandpa would want to work with Master after seeing the pill that he has given to you.

You can return to Wrestrvel. We can meet every day if that’s the case!”

“Yes!” exclaims the speaker.

“You are here waiting for mom, and mom will come back as soon as possible!” Roma said lovingly, touching Ruoli’s cheek.

“Wow!” exclaims the speaker.

Anson had already informed Chengfeng that the He family had agreed to re-cooperate when Roma was rushing back to Mocheng.

Chengfeng exhaled a sigh of relief when he learned that the He family would be able to join him and his family in Suhang the next morning.

While the He family's power might not be enough to equal the mysterious master's, it does put him in a better position.

He'll also have more energy to consider how to mediate with Zhiyu, his granddaughter.

After all, that individual had twice rescued Zhiyu.

Zhiyu's safety would be a bit more assured if he is able to defend himself.

So, after praising Anson, he went straight to work putting together a special aircraft.

The He family numbers more than a hundred people and only a medium-to-large passenger plane can transport them all at once.

In terms of the bus, he's afraid that at least four buses will be required, as well as one or two additional trucks to transport luggage and materials.

Chengfeng arranged for his subordinates to pack passenger flights, buses, trucks, and other equipment, on the one hand, and to leave Mocheng with his family at ten o'clock tomorrow, on the other hand.

In this situation, you'll be able to get to Suzhou before it gets dark.

#### Chapter 2834

Luther didn't dare to postpone the plan for tomorrow at this stage. He had already begun informing the rest of the He family and packing his own luggage.

Late at night, the whole He family became extremely busy.

Anson stayed in the guest room, satisfied, listening to the sounds of people walking around and the movement of things moving next door.

He knew Master Su was a little puzzled this time, but he managed to keep the He family inside the 2 billion quotations.

This is something that should be credited. The master will, of course, have it when he returns. It has been expressed.

Anson fell asleep to the sound of ding and cling.

All night, Luther and his son Tom, as well as several other key members of the He family, were almost awake.

Everybody had their own ideas. Except for Luther, everybody else had already figured out how to get a piece of the 2 billion dollar annual profits.

What they'll get and how they'll use it once they have it.

The sky in the east had started to steadily light up at six o'clock in the morning.

Last night, there was a snowstorm, and Mocheng was almost completely covered in snow.

Because of the cold, most residents of this small city spend more than half of the year at home for the holidays.

This is also a very quiet time, with very few people on the street.

A helicopter appeared in the southern sky at this precise moment.

Roma sat in this aircraft, anxiously searching the horizon for Mocheng, which was just a few hundred kilometers away.

Marven had given her two blood-saving, heart-saving tablets, which she kept in her arms.

She assumes that if her father and the Su family are reunited, no matter how intense the conviction, if the father takes one of them, he will change his mind immediately.

"Brother, please find a suitable place to land one or two kilometers away from the compound, so as not to be discovered by someone who is interested," she said to the pilot when they were more than ten kilometers away from He's mansion.

Since helicopters are unusual in small towns, they are sure to draw attention.

It makes no difference if others are paying attention. Anson, who lives in Roma's house, is Roma's main concern.

If he discovers that she returned to a helicopter, he will most likely become suspicious and investigate the helicopter's sources.

If he discovers some information about the Ye family, it will undoubtedly become an issue in the future.

He wouldn't be suspicious if he doesn't find the helicopter, even if he sees her in He's villa.

"Ms. He, on the map, I can't find a suitable landing place in the area, but the distance outside the city is a bit far away," the pilot hurriedly said. "Do you have any recommendations?"

"There is a river about 1.5 kilometers southeast of He's family," Roma said. In the winter, the river is totally frozen.

Tanks ran on the ice and helicopters flew over the ice when I saw the troops practicing a few years ago. It's perfectly fine."

“On such a cold day, the river must be able to carry it,” the pilot said. Then I’ll simply land on the river, as you mentioned!”

Chapter 2835

The helicopter touched down on a sheet of ice as hard as a rock.

Roma didn’t wait for the plane to come to a complete stop; instead, she pushed open the door and jumped out.

She rushed to her 1.5-kilometer-away home after saying her goodbyes to the pilot.

Many members of the He family had already risen early at this stage.

The He family’s lifestyle has always been a little different from that of mainstream society.

They, on the other hand, have a lot in common with the ancients.

The He family, for example, seldom uses new technology in their daily lives. Except for necessities such as telephones, the He family rarely uses mobile phones, computers, or the Internet.

He family is made up of generations ranging from eighteen to fifty years old men and women alike. All are busy studying martial arts as long as they are with their families.

Everyone will do it whether it’s spring, summer, fall, or winter. As long as the rooster crows, in a quarter of an hour, get up and begin training.

They normally sleep for around six hours if there are no special conditions, and the rest of the time is spent doing exercises.

Other elderly people who have finished practicing medicine, as well as married women, get up early every day to do some housework in order to keep the whole family in order.

Despite the fact that the He family was up early today as well, there was no scene of young and middle-aged people practicing.

All were preoccupied with packing their belongings and finishing household chores. After all, the family had to relocate this time, and even the elderly members of the family have to accompany them.

As a result, this huge house would be in a semi-desolate state for a long time with no one to manage it, so it must be resolved before leaving.

Luther, the He family’s elderly member, dressed neatly in the morning. Even though he was over a year old, he put on his most upright collection of Tang suits, combed his silver hair back into his back, and carefully groomed his grey beard.

Even though he was eighty years old at the time, he was still wearing the same style.

Luther wandered alone through the He family compound's forecourt and backyard, his gaze drawn to this century-old mansion.

He is not a materialistic person. The only way to spend the two billion yuan pledged by the Su family is to improve the He family.

He was also very clear in his heart that he was already an old man, and that even though he had a strong base of martial arts practice throughout his life, he still needed God's blessing if he wanted to live to be a hundred years old.

As a result, the entire play will be completed in no more than 20 years.

Money has always been something outside of his body for him, and he has no desire to live a lavish lifestyle.

He hopes to be able to live in peace in Mocheng before he reaches the earth if he puts aside the He family's future plans.

It is not easy for him to take his family to fight in the south while he is in his eighties.

It's just that he's involuntary in a lot of things, but this time it's only because his family has burnt out the last of his life before he died, and he's made up his mind in his heart that he'll never return before death.

#### Chapter 2836

Luther is not being hypocritical or pessimistic; rather, he has already considered it in his core.

Why did the Su family father suddenly allow Anson to visit him at this time, as well as give such favorable cooperation terms?

The only explanation is that the Su family is now facing a formidable foe, and the He family is desperately needed to boost the Su family's military ability.

As a result, even though the impact of these two billion is immense, making this money would be difficult.

Perhaps He family will face innumerable difficulties in the future.

Luther didn't know if he was doing the right thing by leading the He family to the south at the time.

A familiar footstep echoed from far to close, just as he was feeling down.

He had already guessed that his daughter Roma was the one, before he turned around to confirm it.

He couldn't help but frown again before turning around.

He pondered the following: "Roma's power is impressive, but she lacks control over her body and breath!"

This person's power, in my opinion, should be at least one level higher than Roma's!"

"Who would this person... be?" says the narrator.

Luther's heart couldn't help but become tense at this point.

His internal strength had been lifted from his dantian to his hands when he unexpectedly turned around, in case he needed an emergency shot.

However, when he turned around, he saw that the person approaching him was indeed Roma, his daughter.

She seems to be the same as she was when she left yesterday.

Luther, on the other hand, noticed that Roma today appears to be very different from yesterday!

This conflicting sensation is akin to returning to the same pool of water after a day, and it always appears to be the same size and age.

But today she gives the impression that the same pool of water is much deeper than it was yesterday!

"Roma, you...how are you doing?" he inadvertently inquired.

"Father, can I speak to you in private?" Roma hurriedly interrupted him.

Luther instantly sensed that this daughter's breath regulation is indeed much more subtle after she spoke.

Look not at just saying a word, but at Roma's involuntary control of her breath while speaking. She's not the same person she used to be.

So he stifled his surprise for the time being and hurriedly said, "Come, go to my study!"

Chapter 2837

Roma chased after her father, and the two dashed to the backyard study.

They just met Tom, Roma's eldest brother, on the way. Tom was about to greet the elderly gentleman.

He was startled to see Roma standing by his side. Tom was taken aback and inquired: "Dad didn't say you went to the Jiaodong Peninsula yesterday, Roma. What time did you return?"

"Brother, I just returned, and I have something to communicate with Dad," she quickly responded.

Tom's cultivation is similar to Roma's, if not slightly lower because he is oblivious to the changes in Roma's body.

He assumed her sudden reappearance was due to father's pledge of cooperation with the Su family.

He guessed that Roma, as Ruoli's mother, would certainly not want the He family to continue cooperating with the Su family, so she returned in a rush, presumably to prevent this.

As a result, he hurriedly stated: "There are just a few hours before departure, Dad. Let's get to work and get ready."

Have you packed all of your belongings? If they aren't packed, I'll have someone come over to handle it for you!"

"I'm almost done packing," Luther said. "You should go to work first; I have something to discuss with Roma."

Tom hurriedly said: "Please don't take too long, Dad. We can't afford to wait to hear from the Su's."

We have mentioned that we would begin at ten o'clock. At about 7:00 or 8:00 p.m., I expect the car to begin loading."

Luther understood what Tom was saying. He was afraid that after speaking with his daughter Roma, he might change his mind.

Luther is certainly responsible for his daughter Roma, but he is also adamant that he will not change his mind because this is such a significant matter for the He family. He is not permitted to be arrogant as the head of the He family.

"You should prepare, or start loading your luggage at eight o'clock as scheduled," he told Tom, "and the whole family will leave on time at ten o'clock."

When Tom learned of this, he smiled and said, "That's OK, Dad, I'll make arrangements now."

Roma did not talk on the side, but she did pick up on some subtleties in her father's and elder brother's conversation.

She couldn't help but smile and think to herself: "Dad now seems to be unwavering in his willingness to work with the Su family."

My father has always done what he said, but I'm afraid that after ten minutes, he'll break his own pledge to those who insisted on it..."

### **Chapter 2838**

The father and daughter walked through the front and back courtyard halls, one after the other, to Luther's study.

Luther entered the house first, followed by Roma.

He turned around and closed the door, then said to Roma, powerless and guilty, "Roma, you must forgive your father in this matter."

Dad is still unwittingly..."

"Dad, I know you're worried about the He family..." Roma nodded.

"Yes!" exclaims the speaker. He sighed and said, "Why would I be able to make such a decision if it weren't for the He family?"

It appears to be a casual sentence, but it smacked in the face."

He explained "Don't blame Dad, Roma. Dad, likes you, wants to recover Ruoli so you don't have to deal with Su's family again. Only go all out in your hunt for Ruoli!"

Roma gave a bitter smile and muttered to herself: "What else can I do if it's too good to be better than it is now, but you are a bit one-sided about the issue.

The He family now has a once-in-a-lifetime chance, but it is not related to the Su family, but rather to Marven, the great Master Ye."

Yet, since she couldn't say it outright, she formulated a tactic to make small steps forward.

Luther took a serious look at her at this point and asked: "By the way, Roma, I notice your power, breath, and overall feelings have improved significantly since yesterday? What really is going on?"

"Dad, how much progress do you think I have made now?" Roma asked her father, who she didn't expect to see it.

Luther smacks his lips together and says, "Actually, I didn't see much of a difference. You can always only go through two meridians in my opinion, but I have a peculiar feeling..."

"Dad, what kind of feeling are you talking about?" Roma asked as she smiled slightly and looked at her father.

Luther pondered for a moment before saying, "What's the best way to put it? For instance, you resemble a pool of water.

Your surface area hasn't changed much since yesterday, so when I look at it, it doesn't seem to have changed, but I still get the impression that the water in this pool has gotten much deeper overnight, and it's bottomless. This makes me a bit perplexed."

In reality, Luther's metaphor simply depicts Roma's true transformations.

### **Chapter 2839**

Roma's power has increased significantly, but this can be split into two categories.

The first aspect of her development is that her physical strengths are rapidly improving, and her stamina, speed, vision, and endurance have all greatly improved; however, this kind of strength is literally invisible to outsiders, regardless of how good their eyesight is.

It's difficult to tell how many pounds of muscle a guy has, how fast he can run a 100-meter sprint, or how fast and how much stamina he has in long-distance running just by looking at him.

As a result, Luther is oblivious to Roma's changes in these regions.

The degree of smoothness of Roma's second line of appointment, which has significantly improved from before, is the second feature of her development.

Originally, her Ren Vessel had a 50% pass rate and her Du Vessel had a 20% pass rate.

However, her Ren Vessel is now a huge success, and her Du Vessel has hit 40%.

However, this is also very fascinating. Luther would be able to see the difference at a glance if Roma opened up the third meridian or if Ruoli, who had opened up the three meridians, returned to Luther.

After all, the two were brought together. Between the opening of one meridian and the opening of three meridians, there is a world of difference. It's as if they're in the same body of water.

It was just about the size of a basketball court yesterday. It has suddenly grown to be twice the size of a football field.

With such a large distance, Luther himself only opened three meridians, allowing him to see it at a glance.

What's odd is that, unlike Ruoli, Roma was unable to open up the third meridian, but she did greatly boost the first two.

The pool of water, in Luther's view, has always been the size of a basketball court and has not changed.

He couldn't see the smoothness of Roma's second line of the main one with his naked eyes, but he had the impression that Roma's overall level had risen significantly, so she gave him the impression that the same pool of water had suddenly become much deeper.

#### **Chapter 2840**

Roma looked at her perplexed father and proactively stretched out her remaining left arm in front of Luther, the palm of her hand raised, and said, "I know you have a lot of reservations, Dad.

You should give it to me because I said nothing. Number one will be aware of the situation."

Luther knew what he had to do, so he quickly put his finger on Roma's veins and measured her internal strength.

He was taken aback by this look.

As if hit by lightning, he trembled: "Your Ren Vessel, Roma...has been a huge success?! I'm not sure how this is possible... I've been studying martial arts for a long time and have never met someone who has mastered it. Pulse of Dacheng..."

With so many ancestors, no one has been able to split the Ren pulse to more than 90% in the past few hundred years of the He family. Only 80% of the strongest evidence has been reported...

You, on the other hand, How is this accomplished?!"

Roma "This is what I said to you over the phone, Dad. This time, I realized that we're all just frogs at the bottom of the well. A master of turning his hands into clouds and rain is well beyond our grasp!"

Luther was eager to ask: "Tell your dad, Roma, what adventure did you have this time in Wrestvel?! What is the name of that Young Master Ye?! Is it true that he supported you in the success of Ren Mai?!"

Roma said with a nod, "Father, Master Ye's power is unfathomable! And the best part is that a man like Master, who possesses magical abilities, would take the initiative to work with our He kin! This is a once-in-a-lifetime chance for our He family!"

"You haven't said how Master Ye made you improve so quickly!" exclaimed Luther, impatient.

Roma "Your daughter was lucky enough to receive a god pill from Master Ye. My second meridian has significantly improved since taking it.

Not only that, but I believe my body is much more capable. It had previously risen by more than one step!"

"Is that a God pill?" Luther was a fool, and he blurted out with a look of surprise on his face: "For hundreds of years, our He ancestors have exhausted all methods of looking for the best medicinal materials in the world, and some will even spend their entire lives doing so.

I'm soaking in the medicine jar, but no one seems to be having much luck with the veins. What kind of magical pill could generate this effect?"

Roma reached into her pocket and pulled out two mediocre pills, handing them to Luther and saying, "These two, Dad, are the god pills, as I previously said. Master Ye is the one who sent these back to you. H said, if the He family continues to work with him, he will give five divine pills as well as a yearly salary of 100 million yuan."

Luther took the pill in both hands, terrified in his heart, and exclaimed, "Is this god pill really that god?"

Roma "Isn't it real, Dad, that I've mastered the pulse? You can take one to test the effect if you don't believe it."

"If this god pill really has such a strong impact," Luther exclaimed, "then the He family will surely look forward to this young master in the future!"
