

The Amazing Son In-Law Chapter 2901-2910

Chapter 2901

Ruoli hurriedly said: "Master, I'm really different now from before. Great changes have taken place in all aspects, and they are all changes in the right direction."

Marven nodded and said with satisfaction: "I believe these, because I can see it myself."

As he said, he took out a new mobile phone and handed it to her: "I asked Mr. Chen to buy this mobile phone before. It was originally intended to be taken with your sister when she left, but Mr. Chen paid it back.

I kept her mobile phone from before the accident, so I gave her her own mobile phone. I think I will just keep this mobile phone for you."

Ruoli hasn't used a mobile phone for a long time, and hasn't even learned about outside consultations through the Internet for a long time, so when she saw this mobile phone, she seemed very excited.

Young people who are accustomed to smartphones and the Internet, let alone leave their phones for a day, as long as they are awake and can't use their phones for more than two or three hours, they will become anxious.

Naturally, Ruoli is no exception to this point.

She is almost under house arrest in Shangri-La, and there is no channel for receiving information, so deep down in her heart, she has longed for a mobile phone.

But for this kind of thing, she was naturally embarrassed to talk to Marven, so she could only endure that kind of desire.

Seeing him actually took the initiative to give her a new mobile phone, she didn't know how happy she was.

Marven looked amazed when he saw her picking up the phone, and said with a smile: "It has already been activated, and there is a phone card in it. The phone bill can be overdrawn indefinitely. You can use it to talk to me or your Mom, contact Mr. Chen, other people but still try not to..."

"In addition, with this mobile phone, you can always know what is happening outside. If it is really boring, you can also use it to scan the news, watch a drama, etc. It will not be so boring."

Ruoli red eyes and said, "Master, thank you so much. During this period of time, I have been using my mobile phone even when I was dreaming, and I have already scratched my heart and liver..."

Marven nodded, and said, "Before I had some distrust of you, so I didn't dare to let you directly have a way to communicate with the outside world. You also need to understand this."

She nodded quickly and said, "Don't worry, Master, I understand this very well!"

“That’s good.” Marven smiled slightly and said: “There is another good news to tell you.”

Chapter 2902

Ruoli asked hurriedly: “What good news?”

Marven explained: “According to your mother, this time there are eleven people from your He family, including her. Among these eleven, your mother is the only woman. For reasons of convenience, instead of arranging her to live in that riverside villa, let her live in Shangri-La.”

After speaking, Marven said again: “To be more specific, arrange for her to live in the same room with you.”

“Really!?” Ruoli was extremely excited when she heard this!

She originally thought that it would not be so convenient for her mother to meet her with grandpa. After all, every time she came to see her, she would definitely be exposed. She was not afraid of anything. She was afraid that if her identity was exposed, she would give Marven trouble.

Now, Marven plans to arrange for her mother to her room directly, which is a great surprise for her.

He smiled slightly: “Of course I won’t lie to you. They should be here in the evening. I will make arrangements at that time, so you can wait with peace of mind.”

Ruoli was very excited, and respectfully said, “Thank you, Master!”

Marven waved his hand: “You don’t need to thank me for such a small matter.”

With that, he looked at the time and said, “Okay, I won’t stay any longer, I will explain to Zak Chen and Orvel, so that they can also be prepared.”

After that, Marven stood up and said, “I’m leaving.”

“Master...” Ruoli hurriedly stopped him, and asked embarrassingly: “Can you wait a moment, I will register a new WeChat first, and then add you as a friend!”

Marven nodded, and agreed: “Okay.”

She hurriedly turned on the phone, downloaded WeChat app from the app store, and quickly registered an account.

She gave her new WeChat a name, and then blushed and said to Marven: “Master Ye, let me sweep your...”

Chapter 2903

Marven opened his QR code and handed it to Ruoli.

She scanned it with her mobile phone, and Marven received a request to add a friend.

He clicked on this request and found that the account that requested to add him as a friend turned out to be nicknamed "Don't go anywhere".

He didn't understand at first, why Ruoli had such a name.

But when he thought that she had just said unswervingly that she wanted to stay by his side and told him not to drive her away, Marven understood her intention of naming her "Don't go anywhere".

"If you want to come, she should be saying, she wants to stay by my side, she won't go anywhere, right?"

Marven was moved in his heart, but didn't ask too much about this question. He directly approved the friend's request to add, and then said to her: "Then I will leave now."

Ruoli nodded and said hurriedly: "I will take you to the door!"

Ruoli sent Marven to the door, and he left.

After talking with her this time, he suddenly felt Ruoli's firmness and softness. These two completely different feelings were able to appear on the same person so naturally and harmoniously, which really surprised him.

Moreover, from the bottom of his heart, he also recognized Ruoli a little bit more.

There are some dedicated followers around him, but Ruoli is the strongest among these people.

Although she was still far away from him, Marven still had a sense of intimacy towards her that no one else had.

In a sense, Marven felt that Ruoli and himself were actually the same kind of people.

Both of them are aliens among ordinary people, and both are running in a different direction from the others.

Chapter 2904

The only difference is that Marven ran farther than Ruoli.

Out from Ruoli's room, he went directly to Zak Chen's office.

Seeing him coming in, Zak Chen hurriedly asked, "Master, have you finished talking with Miss Su?"

"It's over." Marven nodded and said: "Mr. Chen, call Orvel and ask him to come over as soon as possible. I have something to tell you both!"

Hearing that Marven has important things to do with him, Orvel immediately put down his work and came to Shangri-La as quickly as possible.

In Zak Chen's office, Orvel entered the door and saw Marven, so he hurried forward and asked respectfully: "Master, what can I do this time?"

Marven waved at him and said with a smile: "Come here, sit down."

After speaking, he greeted Zak Chen again: "Mr. Chen."

Zak Chen and Orvel sat next to Marven opposite.

Immediately, Marven said: "I have reached a cooperation with the He family. Starting today, the He family will send ten top masters to Wrestvel, ready to be at my disposal."

Zak Chen said happily: "Master, this is a good thing! With the He family masters, it can be regarded as a supplement to Orvel and me. Although we have a lot of manpower available under our hands, their strength is indeed better than martial arts. People are much inferior. Sometimes, not only will they not be able to help you, but they will even drag you back."

At this time, what Zak Chen thought of was that time with Marven, going to the Forbidden Mountain Tunnel to rescue Zhiyu and her mother Liona.

That time, in order to grab time, Marven jumped down when the helicopter was more than a dozen meters away from the tunnel entrance, but how could his men have this ability?

Even if the emergency rope drop was implemented immediately, because the overall process of rope throwing, inspection, hooking, and the decline was indispensable, it was nearly a minute slower than Marven. By the time they chased in, Marven had already dealt with the crisis. Solved it single-handedly.

Chapter 2905

In addition, there was also the time when he went to Syria to rescue Melba two days ago. Marven parachuted in a way that exceeded the limit of ordinary people, and was able to sneak into Hamid's heavily guarded base quietly.

And that time, he himself or none of his staff could walk with Marven and provide direct assistance to him.

The reason why such things can't keep up with the rhythm happen repeatedly is that the difference in strength is too big.

And Orvel couldn't help sighing at this moment:

"Master, before me, Mr. Chen, and Liang accompanied you to the Changbai Mountain to attack the Eight Heavenly Kings, I realized that there is a real gap between our group of people and your strength.

It's too big. It's a critical moment. Let's not say to help you. If we don't hinder you, it's a high incense. There is indeed some mud that can't support the wall. If you take He's family and let them stay by your side, we will be able to do well. To improve this embarrassing situation."

Marven waved his hand and said with a smile: "I am talking about cooperation with the He family, and it is not really necessary for the He family to help me.

Marven said, and continued: "Actually, my plan is to distribute the ten people of the He family to the two of you, so that they can make up for your shortcomings, and at the same time can help you cultivate a group of subordinates and improve their overall strength."

As soon as Zak Chen heard this, he became excited and blurted out:

"Master, if this is the case, that would be great! Although my staff has undergone the same high-intensity military training as special forces, they still can't make a breakthrough. The upper limit of ordinary people, their own strength is indeed still a lot worse than those of martial arts masters."

Marven nodded, and said:

"The melee strength of martial artists, especially the strength of physical combat, is indeed far superior to special forces.

However, once the special forces are blessed with thermal weapons, their overall strength will far exceed those of martial arts, so this time, I plan to integrate the two together so that the He family can use martial arts to help you and Orvel's subordinates to improve their own abilities and melee strength.

Then match them with hot weapons. In this way, the overall strength will be even greater and balanced."

Marven said, "In addition, Mr. Chen, your subordinates who have undergone special forces training should, in turn, help the He family familiarize themselves with thermal weapons and other advanced technologies.

This is their shortcoming. Without improvement, the overall combat effectiveness will still be greatly limited."

Immediately afterward, Marven sighed: "When I went to Japan before, I also fought against ninjas."

"Some ninjas are similar to Chinese warriors. They are still in the era of physical combat and cold weapon attacks. However, there are also a group of ninjas that can keep up with the times and incorporate a lot of modern technology."

"One thing that impressed me is that their paragliders made of ultra-black paint and a propulsion fan with a silent lithium battery fly fast in the sky at night.

Not only are they fast, but ordinary people on the ground also can't detect it. This is the organic combination of traditional ninjas and modern technology. I think this is an idea worth learning from."

Zak Chen nodded immediately and said excitedly: "Master, I understand what you mean, that is, both parties must work together to fill each other's shortcomings."

“Yes.” Marven said seriously: “You two, you must choose your most trusted subordinates and let them practice martial arts with the He family. I will regularly give them some blood relief pills to help them quickly improve their strength.”

The Blood Relief Pill is not worth mentioning to Marven, but for ordinary people and martial arts practitioners, the improvement effect is very obvious.

Marven planned to select 40 to 50 people with potential and trust from Zak Chen and Orvel’s men, and let them practice martial arts, and then use some blood-saving heart-saving pills for them to improve physical fitness and strength.

Chapter 2906

For forty to fifty people, there is no need for a blood-saving pill each time.

He only needs to dissolve four or five blood-saving heart-saving pills in the water, and let them take it evenly to achieve good results.

In this way, every once in a while, they will use the Blood Rescue Pill to gradually help them improve. With this within a year or half, they will be able to reach the level of a two-star warrior or even a three-star warrior.

If you really have 40 or 50 three-star warriors under your hand, it is definitely a force that cannot be underestimated. Pulling to Japan, you can easily wipe out a ninja family.

Moreover, there is Ruoli next to him. Now she is already the best among the three-star warriors. If he helps her again, she will soon become a four-star warrior like her grandfather.

Even in the near future, Marven will be able to make her overtake Luther and become the only five-star warrior in the country.

In this way, he would hand over the newly trained team and the warriors sent by the He family to Ruoli for unified command. With her abilities, she would definitely be able to maximize the capabilities of these people.

Marven was accustomed to fighting alone before, but after experiencing so many things and getting to know Hamid, he realized that no matter how strong the ability to fight alone is, there are times when he can’t do it alone.

So, now is the best opportunity to completely change his mind and action strategy!

At that time, not only will the Japanese be shocked, but even if it is deployed to Europe and America from a long distance, the combat effectiveness will not be a problem!

The Rothschild family is indeed very powerful. It has countless hidden assets and private armaments all over the world.

However, if dozens of three-star warriors who are good at using thermal weapons are airborne over their heads, the Rothschild family can not afford it!

Chapter 2907

When the sun sets and the sky is full of sunrays crossing the clouds, a Gulfstream passenger plane, dressed in golden sunshine, landed at Wrestvel Airport.

The eleven people who were sitting on the plane were sent by the He family this time, including Luther and Roma.

When these people got off the plane, they were immediately arranged by Zak Chen's fleet and dropped at the riverside villa that he had bought in advance.

This villa happened to be in the same villa area as the riverside villa of Melba's father Pollard, but the area of this villa was much larger than that of Pollard's.

Marven actually has a bit of selfishness to arrange the He family here.

He hopes that the He family can also pay attention to the situation of the father and daughter that is Pollard and Melba.

If any family members live here, if someone starts to attack them, it will be hard to come over immediately for their rescue.

At this time, Marven, Zak Chen, and Orvel were already waiting in the villa.

When the team arrived, the sky hadn't completely turned dark. Zak Chen's men took Luther, Roma, and the other He family members into the yard, and Marven also brought Zak Chen and Orvel to greet them.

When Roma saw Marven, she respectfully said: "Hello, Master Ye!"

Marven smiled slightly and said, "Ms. He, you don't have to be so polite, just call me Marven from now on."

"How can it be..." Luther on the side said in full bloom, "Young Master Ye is the benefactor of the He family and the future master of the He family. The distinction of respect and inferiority is still necessary!"

After that, he clasped his fists in his hands, bowed deeply, and said,

"Master Ye, here is Luther, the owner of the He family, thanks to the great kindness and great kindness of Master, and no retribution. I will never hesitate to serve you ever!"

Chapter 2908

Marven hurriedly stepped forward, raised his arms, and said seriously: "You don't have to be so formal, I am young, and I can't bear such a gift from you."

"What's more, now my identity is still a secret in Wrestvel. Most people only know that I am a Feng Shui master, and don't know that I am originally a member of the Ye Family of Orgeyon."

“If you call Master Ye Master Ye long and short all day long, it will easily reveal my identity.”

“Why don’t you just call my name, my full name is Marven Ye, Ye of the Ye family.”

Luther was surprised, he hesitated for a while, and said: “This...this... We are so favored by you as a mountain like a sea, how can we directly call your name just like that.

If the ancestors know it, I am afraid that they will beat me in the leg and break it with the blows!”

Orvel smiled and said: “Mr. He, you are just like us, in front of outsiders, call him Master Ye! Anyway, his name is very famous in Wrestvel!”

“Master Ye?” Luther repeated it subconsciously.

“Right!” Orvel said with a smile: “The real master of Dragon Leaf in the world, we basically know that Wrestvel really has a face and reputation.”

Luther nodded solemnly as soon as he heard this, arched his hands at Orvel, and said, “Thank you for this brother’s suggestion. From now on, the Master will be called Blessed Master Ye!”

Marven’s head was big.

This group of people followed all the time and called him Master Ye, and he had already had a headache hearing it.

But when he thinks about it, the title of Master Ye doesn’t matter. Anyway, he has heard that a lot, and he is all numb.

So he smiled helplessly and said to Luther: “Since the old man insists, then I won’t say more.”

Luther immediately clasped his fist and said: “Luther, I have seen Master Ye!”

As soon as these words came out, others in the He family followed suit.

Marven nodded and said, “That’s it for these trivial matters. Let’s talk about serious matters.”

After speaking, Marven pointed to the villa in front of him, and said, “Mr. He, this villa is prepared for you by me for your daily accommodation and cultivation.

The house is large and there are many rooms. The level is opened up and it is enough for daily practice.

If you need any equipment, you can talk to Mr. Chen when the time comes, and let him arrange someone to implement it for you when that time comes.”

Luther hurriedly said: “Master Ye, you are so polite. In fact, we can live in an ordinary dormitory with ease. There is no requirement for living conditions.”

Chapter 2909

Marven smiled and said, "I talked about cooperation with the He family, not to squeeze the value of the He family, so you come all the way, and I won't let you do this and that all day long."

"In the future, you still have to have plenty of time to enjoy life, especially to continue practicing.

If I arrange dormitories for you and not arrange a training venue, it will basically kill your room for future growth."

Marven's words moved the He family very deeply.

They worked with the Su family before, but they didn't have such good treatment.

In the Su family, they were just like the servants at home, on standby 24 hours a day.

Even if it's bedtime, it's a command anytime, anywhere, no matter what they were doing, they must set off immediately.

Moreover, even in normal times, there are no holidays.

Most of them have their own objects of protection, so they basically have to stay in the dark during the day to do their security work with due diligence, and there is no time to strengthen their own practice.

Ruoli was originally the best seedling in the He family's generation.

But because she is the illegitimate daughter of Zynn, and he needed a personal bodyguard, so she started to be his bodyguard at the age of 18.

In the past few years as a bodyguard, her cultivation has almost stagnated, because there is no time or space for her to practice well.

Therefore, Marven prepared a villa for the He family to give them time to practice daily.

He also made it clear that they must continue to practice and continue to improve themselves. This is indeed a world away from the Su family.

Marven said again at this time: "My two subordinates, Mr. Chen and Orvel, each of them has a lot of hard-hearted brothers in their hands, but these people have not been in contact with martial arts, and the overall melee strength is relatively poor.

So in the future, I also need a lot of help from Mr. He and you, and spare a certain amount of energy to help me train and improve them."

When Luther heard this, he said without thinking: "Master Ye, don't worry! You are kind to me and the He family, so I will do this for you wholeheartedly!

My He family's internal boxing method is not good. It's incomplete, but it's still very practical for people who are just entering the industry.

I will pass on the He family's internal boxing to them and try my best to improve their strength!"

As soon as Luther said this, except for Roma, the other He family members were shocked.

The words of the old man are tantamount to giving away the most precious and invaluable things of the He family!

The He family's internal boxing method, that is the biggest reliance of the He family for hundreds of years!

Just giving it out will definitely have a huge impact on the He family in the future.

However, although everyone is worried, no one dared to put forward any meaning.

After all, after the eldest son Tom defected, the rest of the He family followed Luther desperately. Although they didn't understand his approach, they wouldn't have any rebellious intentions.

Roma knows Marven's strength and knows whether the He family can reach a higher level in the future.

It all depends on him, so He family's inner family boxing skills are not worth mentioning in front of all this.

Moreover, this is also a way for her father to express his sincerity to Marven on behalf of the He family!

Chapter 2910

Marven didn't expect that Luther would face him, after two or three sentences, and simply want to take out the inner boxing technique of the He family.

Moreover, based on his understanding of Ruoli, she would definitely not immediately reveal in advance that he might give the He family a complete internal boxing technique just because he gave her a mobile phone.

Therefore, it can be seen that Luther is not only grateful, but he can indeed make a choice.

This is very rare.

From the feudal society to today, China has lost countless folk skills. The reason for the loss is that many people who have mastered the skills cherish themselves. Even if they take this skill into the grave, they are unwilling to pass it on to outsiders.

To a certain extent, this has indeed caused heavy losses to traditional folk culture and skills in the course of thousands of years of development.

It's like the inner family boxing technique that the ancestors of the He family got by chance. If its previous owner could open it up, it wouldn't end up being a fragmented scroll.

Therefore, based on the old man's attitude, Marven's first impression of him was very good.

Therefore, he arched his hand at him and said seriously: "I can rest assured about this matter with what Mr. He said.

I hope that Mr. He can train more middle and advanced players for me in the future. There are also some retired special forces who are good at thermal weapons.

They have strong professional skills in thermal weapons, lurking, and tracking. If they are interested in the He family, they can also learn more. Combining tradition and modernity can achieve better Strong combat effectiveness."

Hearing this, he said with excitement: "That's really great! We actually had this idea a long time ago, and we mentioned it to the Su family at the time, but the Su family owner was very afraid that we would have too much. Mastering automatic weapons and modern scientific equipment have never been allowed to us, so we have never found a suitable opportunity."

The control of modern weapons is extremely strict.

Although the bodyguards of the Su family and the Ye family have retired top special forces, the weapons and equipment are indeed very sensitive. Without extremely powerful abilities, it is impossible to solve them.
