

The Amazing Son In-law Chapter 31-40

Chapter 31

Viola screamed in fright at this time, closed her eyes and was about to get twitched, but suddenly realized that the fierce slap had fallen.

When she opened her eyes, she was shocked!

Marven, her Rubbish son-in-law, came out at this time and blocked the other's slap!

This

Her mind was short-circuited at once, but she didn't react. Why is Marven so daring?

Orvel Hong didn't expect that someone would dare to stand up for this d*mn Lady Xiao at this time, and asked coldly: "Who are you? Do you want to die too?"

Marven smiled lightly: "Mr. Orvel, right? Give me a face. You can beat this dog next to me, but my mother-in-law you can't!"

Orvel Hong said with a sullen face: "This Lady Xiao is your mother-in-law? Then what makes you think that you deserve a face?"

When he said this, Orvel Hong was already angry.

He has always been respected by countless people in Wrestvel, but today he has encountered disrespect one after another.

First, there was a Fred Wang yelling in front of him, and a disgusting Lady Xiao chirping beside him.

Now a young kid jumped out to point to himself. He really is the great Master Orvel. What kind of cats and dogs dare to contradict him at will?

Thinking of this, he immediately became furious and shouted to the people around him: "Kill this guy who doesn't love his life!"

Marven smiled faintly when he heard the words, and said, "Don't worry, I'll make a call and let the person on the phone tell you."

After all, he took out his cell phone and called Zak Chen, the person in charge of Shangri-La.

Once the phone was connected, he respectfully said to the convenience: "Mr., what do you want?"

Marven asked indifferently: "There is a man named Orvel Hong in Wrestvel, do you know him?"

Zak Chen hurriedly smiled and said, "Mr., I know that name you mentioned. The outside world says that he is the underground emperor of Wrestvel. In fact, he is just a small gangster!"

After speaking, Zak Chen said again: "This grandson knows that I am from the Ye family, and he wants to flatter me. He has begged me several times for a meal. I have never paid attention to him. Why? Mr. Ye, do you know him?"

Marven said lightly: "Oh, this makes me want to kill him now."

Zak Chen on the other side of the phone immediately exploded: "d*mn, doesn't he want to live? How dare he provoke young master! Where are you now? I'll send someone over immediately and get rid of that filth!"

Marven said: "Call him, you can tell him."

After speaking, he handed the phone to Hong and said, "Come on, you can pick it up."

Orvel Hong looked suspicious.

what's the situation? It doesn't look like this guy is acting.

Does he really have a terrific background?

It doesn't look like it. The clothes are very common, and the total amount of money may not be five hundred. Even the mobile phone used is a few hundred at maximum. What can he do? Can he find someone to support?

He was very disdainful, but Orvel Hong still subconsciously took the call and asked tentatively: "Hey, I am Orvel Hong, who are you? Want to support this kid?"

On the phone, Zak Chen cursed, "Orvel! Are you so f*cking tired and crooked? Even you dare to provoke my master? Believe it or not, I will let your family die tonight with 25 people without a place for you to be buried!"

Chapter 32

Orvel Hong heard this voice, isn't this Zak Chen, who has been sharpening his head all the time and wants to curry favor?

He said he provoke his young master?

Could it be this kid in front of me?

In addition, as soon as he opened his mouth, he said twenty-five members of his family. Could it be that he had already figured out all his details?

He is the spokesperson of the Ye Family in Wrestvel! The Ye Family's strength is extraordinary, and killing him is no different from killing an ant!

When he heard this, he was frightened suddenly.

He blurted out and begged for mercy: "Mr. Marven, don't be angry, Mr. Marven, I have made a little misunderstanding, I and Mr."

"You shut up!" Zak Chen cursed: "Our young master's identity is highly confidential. If you talk too much, be careful that I kill your family!"

Orvel Hong trembled all over, shaking more severely than Parkinson's, and hurriedly said: "Mr. Marven, I am damned, I am damned! I must take care of this matter."

A manager Zak Chen is enough for him to kneel and lick, and the Ye family above Mr. Marven is the ultimate existence that makes him look beyond sight, and he needs to look up all his life.

But now, he didn't know whether he was alive, and directly offended the young master of the Ye family?
!

Thinking of this, Orvel Hong focused his gaze on Marven, his legs softened subconsciously, and he knelt in front of Marven, and said with trepidation, "Mr. Marven, I'm sorry, I don't know she is your mother-in-law, I got Confused, I apologize to you! Please forgive me!"

After that, he softened his legs and knelt in front of Marven.

Everyone present was stunned, watching Orvel Hong actually kneel down to apologize to Marven, this Rubbish? ? ?

Even Young Mr. Wang is a dead dog in front of Orvel Hong. This young man can make Orvel Hong kneel on the ground. How sacred is this? !

Orvel Hong's little brothers are also scared stupid!

Master Orvel is the underground emperor of Wrestvel! What kind of young man can make him kneel? !

Marven didn't want Orvel Hong's life either, after all, it was his mother-in-law, not himself.

Moreover, speaking to the bottom of his heart, Marven still felt that watching his mother-in-law getting beaten was so d*mn good!

So he said to Orvel Hong: "I can forgive you this time, but talking about my mother-in-law's money, you must return it with profit!"

Orvel saw it was amnesty. He really didn't expect that Marven would forgive himself. He squatted his head for the rest of his life and blurted out: "Don't worry, I will do it!"

Having said that, he immediately shouted to Harley Zhou next to him: "Hurry up and handle it! Take care or else I break your leg again!"

Viola is already stupid, is this still her own waste son-in-law? Even the famous Orvel Hong would kneel down for him?

For a moment, Viola felt that Marven's image had grown taller in her own eyes, and how he became unpredictable.

Fred Wang, who had suffered several big mouths, was also dumbfounded. Isn't this Marven a famous waste? Why is the fifth master so afraid of him?

At this time, Harley Zhou came over with a pale face carrying a black suitcase, and went to Viola, and said in horror: "Auntie, your principal is 1.3 million, and the dividends promised, 200,000, total It is 1.5 million, here is 2 million, and the remaining 500,000 is our apology, please accept "

Viola is stupid!

When did my own useless son-in-law get so much ability?

The principal was returned, the promised dividend of 200,000 was returned, and did they give an extra 500,000?

Chapter 33

One million and three hundred thousand, two million per second, this made Viola immediately overjoyed, and she couldn't believe it.

Immediately, she asked Harley Zhou with a look of surprise: "The two million are really for me?"

Harley Zhou nodded hurriedly and said, "Of course, it's all yours!"

"Oh, that's great!" Viola was immediately excited.

Seeing Viola got two million! Seven hundred thousand more principal! The other old men and women were all excited and crazy. They felt that since all her money was refunded, their own money should be refunded even with the profit?

So a few people took the lead and asked: "Manager Zhou, what about our money?"

Manager Zhou hurriedly looked at Orvel Hong.

Although Orvel Hong was not willing to vomit the money that he ate in his stomach, but the Marven family who was offended this time, maybe even his life worth, so he couldn't care about the distress, and blurted out: "Retire All back! For the sake of Mr. Marven's face, everyone's money is returned with all the profits!"

The crowd suddenly cheered with excitement.

Marven suddenly said coldly at this time: "Mr Orvel, these people have nothing to do with me. What do you mean by looking at my face? Do you want to play moral kidnapping with me?"

Orvel Hong was startled, and blurted out, "Mr. Marven, what do you mean? Little confused, I don't understand."

Marven said: "These people's money has nothing to do with me. If you want to refund, you can refund, if you don't want to refund, you won't refund, but if you dare to say that the refund is for the sake of my face, then don't blame me for turning my face now!"

These old men and old ladies have been taunting with Viola just now. Why is he helping them get debts now?

On the contrary, not only would he not help them demand debts, but he would also give Orvel Hong some eye drops to let him figure it out and refunding the money to these old men and old ladies would offend him!

Orvel Hong understood immediately, and blurted out: "Mr. Marven, don't worry, I understand!"

After that, he said to Harley Zhou: "Only refund Mr. Marven's mother-in-law's money, nothing else!"

"Ah?!" The old ladies who were still ecstatic just now went crazy one by one, and some even cried and wailed.

Some people begged Marven to show mercy, but Marven turned a deaf ear.

How did a bunch of old and disrespectful things sneer and insult him?

Now that I they saw him dealing with Orvel, they expect him to help?

Go to your mother!

Seeing these old men and old ladies frying the pan, Orvel Hong suddenly shouted: "It's all fcking shut up! Who the fck will say one more thing, if you quarrel with Mr. Marven, I will kill you!"

These old men and old ladies suddenly didn't dare to say anything

Orvel Hong looked at Fred Wang who was stunned, and blurted out: "Mr. Marven, this Prince, is your friend?"

Marven glanced at Fred Wang, and Fred Wang hurriedly begged: "Marven, Marven! Marven, help me! Tell Mr. Orvel, we are good friends! Please!"

Marven snorted coldly and said to Orvel Hong: "I don't know this person, you continue to fulfill your promise, and let him go after you have done enough."

Orvel Hong immediately understood, and ordered his men: "dmn, give him a hit, this b*tch, his presence fill my heart with anger!"

Fred Wang wailed in horror: "Marven! It's me who has eyes but not thinking! I beg you to help me, I beg you"

Chapter 34

Marven looked at him and said coldly: "I have no relatives, no cause, no grievances, no grudges, but you ridiculed me over and over again, asking me to save you again? Wake up, don't dream!"

Fred Wang suddenly collapsed and cried: "Marven, I really know I was wrong, please help me."

Seeing that Marven's expression was not good, Orvel Hong immediately shouted at his opponent: "d*mn, you guys, why don't you do it? Are you looking for death?"

Several of his subordinates were taken aback, and hurriedly grabbed Fred Wang's neck and hair, crackling and twitching.

Fred Wang's mouth was full of blood and a few broken teeth, but he still didn't stop. Every slap was drawn extremely hard!

Orvel Hong asked Marven with a smile, "Mr. Marven, are you satisfied with this treatment?"

Marven nodded: "Okay, that's it, I have to go."

Orvel Hong hurriedly handed his business card to Marven respectfully and complimented: "Mr. Marven, this is my contact information. If you have anything in the future, please tell me, I will definitely be there on call."

Marven gave a hum, and put his business card into his pocket.

Then he said to his mother-in-law Viola, "Mom, it's late, let's go back!"

Although Viola was slapped a few times, she earned 700,000 Dollar in the end, so she closed her mouth happily at the moment. Marven was also full of pride when she saw that her son-in-law really gave her a face!

Marven brought the money and took Viola to leave. The old men and old ladies gathered in front of Marven, and said with intent, "Oh, Marven, it was the aunt who just messed it. We didn't expect you to be like this. Amazing, really young, and promising!"

"Yeah, Marven, you are a talented person, and you look like a dragon and a phoenix among people. My son-in-law is far behind you."

"See if you can help us and tell the manager, give us back the money, it's all our hard-earned money!"

Marven frowned and said coldly: "Why should I help you? Don't you all have eyes above your top? If you don't get the money back, you can ask your own son-in-law for help!"

After all, just take a step.

Everyone was very regretful when they heard this.

They blame themselves, there is now no way, now the opportunity to recover hard-earned money is completely gone

Thinking of this, some of them slapped themselves two slaps on the spot, and someone sat on the ground in despair, crying for father and mother, this is my coffin! It's all over if it's gone!

However, they didn't have any choice. To blame, they blame their own mouths and they don't have a good son-in-law like Marven.

On the way home, Viola asked Marven with a flattering and full smile: "Marven, how do you know the fifth master Hong? Why was he so polite to you?"

Marven said haha, "How can I know someone like him? I just made a call to a classmate and he has the ability to let Harley refund the money."

When Viola heard this, she felt disappointed.

She thought that Marven had something she didn't know, but he still asked for help.

As a result, the eagerness in her heart was wiped out a lot in an instant.

But fortunately, she had to get the money back and made an extra 700,000 Dollar, which made her a little bit better about Marven.

She opened her mouth and said to Marven: "Marven, today, you have to keep a secret for your mother. Don't tell anyone that even though your mother is old, she has to have a face?"

Marven smiled helplessly, and had no choice but to agree, and said, "I know Mom."

Chapter 35

After taking care of the mother-in-law's troubles, the mother-in-law took the cash and happily went to the bank to make a deposit.

Marven went home directly.

Upon entering the house, seeing his wife Avella's shoes had been changed at the door, he knew that she had returned, so he went straight to the bedroom.

As soon as he entered the bedroom, he saw his wife Avella just hanging up the phone, with surprise and excitement on her face.

He curiously asked: "Wife, who did you call just now?"

Avella said excitedly: "It's my good girlfriend Elsa Dong! Do you remember her?"

"Remember." Marven nodded, and said, "I used to be studying in Wrestvel and I was close to her. She is like the daughter of the Orgeyon family, right?"

"Yes." Avella said, "Elsa's family is pretty good in Orgeyon."

Marven smiled and asked, "What? She is coming to Wrestvel to see you?"

Avella said: "It's not just to see me, she is coming to work in Wrestvel!"

Marven asked suspiciously: "She is a daughter of the Orgeyon family. If she doesn't manage her own business, what kind of work can make her come to Wrestvel?"

Avella said: "I don't know much. She said she was going to work at the Emgrand Group, but as for why she came to Emgrand so far, I don't know."

Marven nodded but secretly thought: Although the Dong family is far behind the Ye family, in Orgeyon there is also some strength, Elsa has no need to give up her family's business and work in the imperial group.

Is there any special purpose for this woman to come to the Emgrand Group?

Marven was puzzled, but he couldn't be sure for a while.

It seemed that after Elsa joined the Emgrand Group, Lori could feel her bottom.

At this moment, Avella seemed to have thought of something, patted her forehead, and said, "By the way, Marven, I will have a meeting with someone from the Emgrand Group tomorrow. I can't get away. Can you pick me up at the airport? Elsa, arrange a place for her to catch the wind by the way."

Marven promised: "Then I will make arrangements in advance tomorrow."

Avella said again: "By the way, find a better place, don't be afraid to spend money, take my bank card."

With that, she passed the wallet to him.

Marven hurriedly said, "No, I have an acquaintance who has opened a restaurant that seems to be pretty good, so I can arrange it."

After all, Marven took out his cell phone directly, wanting to send a text message to Zak Chen in Shangri La, asking him to arrange a banquet.

But he thought about it carefully, Shangri-La was a surprise for his wife, to entertain Elsa, it would be better to change to another place.

So he sent a text message to that Orvel Hong.

"I want to host a banquet to entertain my friends, you help me arrange a high-end hotel, but not in Shangri-La."

Soon, Orvel Hong replied a text message: "Don't worry, Mr. Marven, I have a Mansion under my name. It is a top restaurant in Wrestvel and Shangri-La. I will help you arrange the best diamond box and the best service for your banquet."

Marven only replied one word: "OK."

The next day, Avella spent the entire day in the Emgrand Group, busy dealing with matters related to cooperation.

Marven called Lori, the vice chairman of Emgrand Group, and asked her about Elsa's appointment.

Lori was surprised that Marven knew about this. She said that Elsa was applying for an administrative director, a middle-level management position. Seeing that her resume was not bad, the group decided to admit her, and she had already been appointed for a few days.

Chapter 36

So Marven urged her to observe this woman more after Elsa took the job, and always report to him if there was anything unusual.

After arranging for Lori, Marven went out to take a taxi in the afternoon and went to the airport, ready to pick up Avella's best friend Elsa.

After arriving at the airport by taxi, Marven was about to go to the arrival hall. A Mercedes-Benz suddenly braked and stopped in front of him.

Avella's cousin, Jay, suddenly got his head out of the car window, looked at Marven with a strange frown, and asked, "Marven, why are you here?"

"I'm here to pick up a girlfriend of Avella, why are you here?"

Marven frowned and found that the people sitting on this big G were all acquaintances, besides Jay, there were Phil and Theresa.

Jay said contemptuously: "You're talking about Miss Dong, right? Miss Dong has us to entertain her, so you are no longer needed, get out!"

Marven snorted coldly, and said, "If you want to get out, get out by yourself."

After all, Marven stopped responding to them and walked directly into the arrival hall.

Jay was about to swear, and Theresa next to him hurriedly reminded: "Brother, Miss Dong is coming soon. Grandma reminded you that you must leave a good impression on Miss Dong! If you can turn her into a sister-in-law, you are here. Our family's status is no one can match, so don't interfere with this waste."

Jay suddenly woke up.

Almost forgot the main purpose of coming here today.

In fact, it is the second-best thing to catch Elsa. It is the most important thing to leave a good impression on her and get her hand in his hand.

The Dong family's strength in Orgeyon is extraordinary. If they can come with her, then they will be on the same stage, and the Xiao family can also ascend to the sky is worth.

So, he endured his dissatisfaction with Marven, and they hurriedly got off and rushed to the arrival hall.

At this time, they saw a particularly conspicuous, young and beautiful woman in the crowd.

She wears long chestnut hair and a Wang skirt, which outlines an exquisite figure.

Although she is wearing sunglasses, her skin is as Wang as porcelain, her lips are full of flames, and the beauty of and allure cannot be concealed.

Looking closely at her, her appearance is by no means worse than Avella, and the two can be said to have their own merits.

For a moment, the sight of the crowd picking up passage focused on her.

Jay was already dumbfounded.

Even Phil, who was watching the excitement next to him, was shocked and couldn't help but sigh: "As expected of Orgeyon's ladies, the temperament is really different."

At this time, Elsa also saw the crowd, and hurriedly walked over from the crowd, waved to them, and said, "Phil, Theresa, and Marven, long time no see!"

Jay's heart surged with enthusiasm, and he said first: "Long time no see, Elsa, you have become more beautiful."

Marven smiled, and said: "Long time no see."

Jay hurriedly said at this moment: "Elsa, knowing that you are coming, I specially booked a box at the best hotel in Wrestvel, waiting to pick you up, let's go there now."

Elsa glanced at Marven and said sorry to Jay: "Jay, I'm really sorry. I have already made an appointment with Avella and Marven in advance. Let's make an appointment another day. Anyway, I will stay in Wrestvel for a long time. , There will be opportunities in the future."

When Jay heard these words, his heart couldn't help but become angry. On such an important day, Marven, the smelly wire, came to mess with him, it was really horrible.

So, he deliberately said: "Elsa, to welcome you, I ordered the most famous Mansion in Wrestvel, and it is a gold box with a minimum consumption of 300,000!"

As he said that, he looked at Marven contemptuously, and said with a grin: "I don't know where my live-in brother-in-law ordered the banquet? If the grade is too low, wouldn't that be equal to neglecting you!"

Chapter 37

Marven was also a little surprised when he heard that Jay's choice turned out to be Classic Mansion.

What a coincidence, didn't Hong Wu say that he opened Classic Mansion?

It seems that he also prepared a banquet in Classic Mansion, right?

At this time, Phil on the side was surprised and said: "Jay, you can actually book the golden box of Classic Mansion? This is not something ordinary people can book!"

Jay smiled triumphantly: "To be honest, apart from the top diamond box in Classic Mansion, I really can't book it, the others are really nothing."

Having said that, this is just Jay's bragging.

In fact, in order to book this golden box, Mrs. Xiao personally came forward and paid a lot of money, entrusting several talents to successfully book it.

Elsa had heard of the name of Classic Mansion in Orgeyon, and hurriedly said: "Everyone is a friend, there is no need to be so extravagant."

Jay said flatly: "You are a distinguished guest, how can you be treated like ordinary friends?"

After that, he asked Marven again: "Brother-in-law, I don't know where you ordered the banquet?"

Marven said faintly: "It's a coincidence, I also ordered Classic Mansion." "Hahaha!" Jay laughed presumptuously: "Marven, you are not afraid of bragging, you're one of a kind. You can't even book the bronze box in Classic Mansion, so you dare to play here."

Marven smiled indifferently, and said, "If I blow or not, what does it have to do with you? I'm not inviting you to dinner. What are you doing with so much leisure?"

Jay said coldly: "Cut, I see you like this, you can't even enter the door of Classic Mansion!"

Elsa on the side couldn't bear to see Marven being targeted.

She knew that Marven was a live-in son-in-law, and had no money and status in the Xiao family. It was really unrealistic to say that she could live in a top hotel, paid by him.

It is estimated that Marven said this deliberately because he wanted to face.

So she didn't want Marven to be too embarrassed, so she opened up and said to him: "Oh, there is no need to argue about this. Since everyone ordered the same place, then just go together."

Jay sarcastically said to Marven: "Well, for Elsa's face, let me grab you a meal today, and let you see what high-end hotels look like!"

Marven snorted and ignored him.

Orvel would kneel when he sees him. What was the hotel he opened in his own eyes?

It's a pity that Jay's cock is nothing more than a blind eye!

Classic Mansion is a quaint Chinese-style hotel, the decoration and style are full of traditional classical charm, extremely luxurious, even the signboard at the door is made of high-quality yellow rosewood.

Marven looked at the decorations in Classic Mansion and was a little surprised.

Unexpectedly, Orvel's restaurant is really pretty good, and he can bring his wife over to have a taste of food in the future.

Elsa looked around and exclaimed: "I heard the name of Classic Mansion when I was in Orgeyon, and it really deserves its reputation."

Jay smiled and said, "If you come here, Elsa, of course, you have to use the best hotel too."

After finishing speaking, he glanced at Marven and sneered: "It's not like some people. If it weren't for your light, they would never have the chance to come to such a high-end restaurant in their entire life."

Chapter 38

Theresa asked deliberately at this time: "Marven, didn't you also book a box in Classic Mansion? Which one is it? Take us to open our eyes?"

Marven said lightly: "I can't remember which one is specific. I just sent a text message to their boss and asked him to help arrange it, and wait for me to look at the text message record."

Jay sarcastically said, "Do you know who the boss here is? Just save your big talk here. The boss here is the famous Mr. Orvel. You dare to say such big things. Beware that Orvel hears it will you with fingers."

At this time, Marven turned on the phone and checked the text message Orvel sent to him last night and said lightly: "He said that he left me the Diamond Box."

When Jay heard Marven's words, he immediately laughed: "Hahaha Diamond Box? Marven, you are afraid to laugh at me. Do you know who can go to the Diamond Box? Prince of Wrestrvel is eligible to enter the Diamond Box, no more than ten people! You're a sh!t!"

Elsa has not spoken, but she can't help but think to herself that this Marven also loves face too much, so how could he get the diamond box in his capacity? She used to think that this person had no money and power and was a little bit useless, but she did not expect him to be such a person who admires vanity.

What a disappointment!

Marven laughed and didn't say anything. In his opinion, these people who ridiculed themselves were with low mental retardation, but he didn't bother to be familiar with them.

Phil also sarcastically said: “Marven, even my father is not qualified to eat in the diamond box, you dare to brag!”

Theresa echoed: “Brother Phil, let alone eating in the Diamond Box, this kind of person is not eligible to eat leftovers in the Diamond Box!”

Marven looked at Phil and couldn’t help but sneer.

You stupid bird, Mr. Orvel just beat your brother yesterday, do you still dare to come to his restaurant for dinner?

So he deliberately asked: “Brother Phil, I heard that something happened to your brother yesterday?”

Phil frowned: “How do you know?”

After that, Phil said again: “My brother was assaulted yesterday, and he is still unconscious. We are investigating who injured him and stripped him at that time! Do you have any clue?”

Marven shook his head and deliberately pretended to be stupid: “I don’t know. I just heard that something happened to him. I don’t know what happened.”

“Humph!” Phil said contemptuously: “You Rubbish, don’t talk about my Wang family with that mouth. Next time, be careful that I’ll not polite to you!”

Marven smiled and ignored him.

Sure enough, it is a family of idiots!

Don’t even know that his brother was knocked unconscious by Orvel? It’s really interesting.

At this moment, a man in black rushed straight to the crowd and met him.

Seeing him a little familiar, Marven remembered that he was one of Orvel’s bodyguards.

When the man saw Marven, he recognized him, his face was full of enthusiasm and kindness, and he almost immediately bowed to him.

Marven shook his head hurriedly towards him.

The black-clothed man hurriedly stopped, thinking that Mr. Marven does not like being too high-profile, so he directly said: “Guests, please come with me, the box has been prepared for a long time.”

Jay was taken aback when he heard the words. When did the golden box service of Classic Pavilion be so attentive, someone came to greet him personally before he reported his name.

What a face!

Phil on the side sighed: "Jay, your reputation is really big enough. I think he seems to be a person next to Mr. Orvel. It seems that Mr. Orvel attaches great importance to you. Did you know Mr. Orvel? Didn't you hear it? Yes, you are really low-key."

Jay laughed and said with a smug face: "There is no need to show off this kind of thing. It's better to keep a low profile! Hahahaha!"

Chapter 39

Elsa was a little surprised.

Unexpectedly, Jay really had some connections in Wrestrvel, compared to Marven, that was so much stronger.

It seems that in the future if she walks into Wrestrvel with him, it will be much more convenient for her daily activities.

The black man respectfully led everyone to the door of the diamond box.

Afterward, he took out the list, handed it to Marven directly, and said softly: "Sir, please sign it."

This diamond box was specially reserved for Marven, and he needed to sign for confirmation.

Marven smiled and took the pen and paper, and was about to write his name when Jay's voice suddenly rang.

"d*mn, put the pen down!"

Jay walked over with a calm face, grabbed the pen and paper from Marven's hand, brushed his name down, and yelled at Marven: "You want to be shameless? Who ordered the box? Do you even count? What qualifications do you have to sign here!"

The black-clothed man was immediately dumbfounded, looked at Marven, and gave him a questioning look, which means, do you need me to help you teach this b@stard now.

Marven said indifferently: "It's okay. If he wants to sign, let him sign."

In front of Elsa, Marven didn't want to make things too embarrassing, after all, she was his wife's best friend.

Soon, everyone in the box sat down.

Jay arranged for Elsa to sit in the lead, while Marven sat in the corner alone, only Elsa said a few words to him from time to time.

Soon, exquisite dishes and wine were presented by the waiter.

All the dishes are very particular about the ingredients, the top-quality abalone and ten catties of Australian lobster can only be used as a foil here.

Even fine wine is a century-old national wine, and a bottle of half a catty alone can sell for more than 100,000.

Elsa is also a well-informed person and was shocked by the extravagance of this meal.

Phil sighed, "Jay, how much is the standard for your meal?"

Jay said triumphantly: "My meal is 300,000."

Phil said in surprise, "This is not the standard of 300,000. The bottles of wine alone are more than 300,000."

Jay was secretly frightened, and suddenly felt something was not right. Reminiscing about the attitude of the man in black just now, could it be that Orvel gave him any special treatment?

However, he doesn't even know him!

Elsa's beautiful eyes flickered, she glanced at Jay and said, "Jay, thank you!"

When Jay heard Elsa's words, he smiled and said, "This should be done everywhere."

With that, Jay smiled and asked Marven: "Marven, you must have never eaten such a good thing in your life?"

Marven sneered: "What gives you the confidence?"

Jay said contemptuously: "After eating my food, that broken mouth is so hard! You f*cking had a chance to eat such a good thing before, I twist your head off and kick it for you!"

Marven smiled indifferently. The days he lived when he was a child were extremely luxurious that ordinary people could not think of. Such a meal at Ye's family is also a meal for the people.

Seeing Marven's silence, Theresa said angrily: "Marven, what kind of attitude do you use to talk to my brother? Believe it or not, I will let you get out now! We let you eat the meal and you will act shamelessly. What a f*cking stinky rag!"

However, at this moment!

The door of the box was kicked open vigorously, and a fierce voice rang: "Where did you idiots come from? Who the h*ll let you in this box!"

As soon as he finished speaking, a man wearing an Armani suit, a big gold chain, and a centipede-like scar on his face spread from the corner of his eyes to his chin.

This man holds a bill in one hand and a stick in the other, with a fierce face!

A dozen burly men with scarred tattoos lined up next to them, surrounding everyone.

Everyone was stunned, panicked, what is the situation?

The leader is named Brother Biao, who is Orvel's, right-hand man. He beat the world with him in his early years, and he is also a famous person in Wrestvel.

This time Orvel told him that it was the extremely noble Mr. Marven to use the diamond box of Classic Pavilion, so he must arrange it properly.

But he never thought that when inspecting the use of the box, it was discovered that the diamond box was signed by Jay, who was angry and afraid.

Raging with anger, this d*mn Jay occupied the box he prepared for the distinguished guests;

Chapter 40

I'm afraid that there is only one table for the top banquet in the Diamond Box, and the real guests will be coming. What should I do?

At this moment, Jay stood up and said, "What are you doing? I reserved this box. Why did you break in and make trouble?"

Brother Biao pointed at Jay and asked him, "Are you, Jay?"

Jay nodded and said proudly: "I am!"

Brother Biao said coldly: "Bring him to me!"

Upon hearing this, the two sturdy big men directly pulled Jay up and dragged him over.

"What are you doing? Let go of me!"

"Drafting, what are you talking nonsense!"

A sturdy man directly kicked his knee, and Jay knelt directly in front of Brother Biao.

Brother Biao's cold eyes looked back and forth on Jay, making people chill like a blade.

Snapped!

The signature slip was thrown directly on Jay's head.

Brother Biao scolded, "Who gave you the authority to use this box?"

Jay pretended to be calm and said: "There must be a misunderstanding, I ordered this golden box in advance, and I have paid the 300,000 deposit!"

Phil also interjected: "What are you doing? This box is set by Jay. Do you have any rules?"

Brother Biao took a spit and slapped Jay and said, "Golden box? This is a d*mn diamond box for distinguished guests! You can also use this rubbish?!"

As soon as these words came out, everyone was stunned.

Diamond box?

No wonder this box is extremely luxurious, and the dishes and wines are among the top ones. It turns out that it is not a golden box at all!

Phil broke into a cold sweat, and the diamond box was so honorable that he was not qualified to enter on his own with others, let alone use it.

Theresa quickly said: "Brother, you don't know Mr. Orvel, please explain to them quickly."

Jay screamed and hurriedly said, "Shut up, what nonsense, how can I know Orvel in my capacity."

Theresa said, "But didn't you just say"

Elsa saw the performance of the two brothers with her eyes, but she didn't even know what Jay said just now was bragging.

She was a little disappointed suddenly.

Brother Biao sneered at this time and said: "You f*cking dare to talk about the banner of Mr. Orvel, you guys are so filthy and crooked!"

As Biao said, he stood up and told the boys: "Hold down this kid's hand! I will teach him a lesson."

Jay was immediately held down, unable to move!

Next second!

Brother Biao held the stick and smashed it down without hesitation!

"Ah my hand, my hand is useless!"

Jay screamed frantically, sweating all over his body, and anger came from his crotch, and he passed out in a shameful manner.

Seeing this scene, Phil and Theresa both turned pale and frightened.

Jay, who was still in full swing just now, was beaten back to his prototype in an instant. Who can't be afraid?

Elsa was also scared enough, her whole body was shaking, hiding behind Marven, and said in horror: "What can we do about this? Are they allowed to kill people?"

Marven patted Elsa on the shoulder and comforted: "Don't be afraid, no one will touch you if I am here."

Elsa glanced at Marven gratefully. Although she knew that Marven could not solve such troubles, she still felt a little relieved by his words.

Here, Brother Biao kicked Jay, like pigs are beaten to death, and cursed: "What a fool!"

Brother Biao turned his head and looked at Phil again.

"And you, just now you said I had no rules, right? Come on, you f*cking filth come here for me.
