

The Amazing Son In-Law Chapter 3291-3300

Chapter 3291

The words of Joseph shocked Chengfeng to the core.

If just now he still wanted to take advantage of Joseph, then he was now really very admiring of him.

A young man less than thirty years old, able to develop to such a scale in the world of guns and bullets, simply admirable beyond measure.

So, he took the initiative to lift a glass of wine and said from the bottom of his heart: "Joseph! I have never admired anyone in my life, Changying of the Ye family is the first, you are the second, come, I toast to you!"

When Joseph heard the word Changying, his expression was slightly cold, then he looked at Chengfeng and asked seriously, "Grandpa, was Changying really as strong as the legend?"

Chengfeng nodded and said heartily: "Although I have deep grudges with the Ye family, but I have to admit that Changying was indeed very strong, think back when he reigned, including me, I do not know how many people gnashed their back teeth, lamenting in their hearts to have a son like him" "

Joseph looked serious, and asked: "Grandpa, I want to know, Changying in the end what made him strong."

Chengfeng lamented, "Hmm" Changying this person, seems to be a scholar, very elegant, but he was not what the martial arts people are, can not be said to be unarmed, but compared with the martial arts people, he was about normal."

Joseph asked again, "Then why does everyone think he was very strong?"

Chengfeng pondered for a moment and said very seriously, "The word strong may not necessarily be a hard fist, the most powerful thing about Changying, I personally think there are three points."

"Which three points?"

Chengfeng said: "First, was his strong personality! You know, most people are born to disobey others, most people are born not to be led by others, but Changying's charisma makes many people willingly follow him and obey him;"

"Second, was his unparalleled personal ability! Changying had an extraordinary strategic thinking and big picture view, he was truly a top genius in the business world who could plan between the tent and win beyond a thousand miles;"

"Third, was his unusual self-control ability!"

"Changying, never because the situation was optimistic and overly adventurous, and not because the situation was pessimistic and overly cautious, just like the fast-changing futures market.

Changying could in the extremely rapid rise in the market, firm in reaching the predetermined target immediately after the liquidation of positions, even if everyone was bullish to do long.

“All think that later will continue to rise, he would not change his predetermined target, this point the vast majority of people could not do!”

“In addition, the Changying had many fans, like his women from Orgeyon to Zhonghai, from China to foreign, there was no lack of initiative to send embrace, but he would turn away all the temptation, I only saw this one man who could do this!”

Speaking of this, Chengfeng sighed: “In short, this person was in my life, was the most admired one!”

Hearing this, Joseph could not help but frown and asked, “Changying was so powerful, why did he die? Who exactly killed him? There are rumors outside that it was the Su family that killed him, I wonder if it’s credible?”

Chapter 3292

Chengfeng smiled and said, “Let me tell you this, when Changying’s light was at its peak, our Su family relied on a number of people to set up the Anti-Ye Alliance to barely carry over.”

“In the end, the Anti-Ye Alliance was actually not a proactive organization, but for the warmth of the group was set up, and if we had the ability to kill him, in the beginning, if we had the ability to kill him, we would not have been outclassed by him.”

“What’s more, Changying had already quit the business world when he died, so what’s the point of killing him at that time? We were all in business, who would do such a money-losing deal with no return?”

Joseph nodded with a gloomy expression and asked, “Then who was the one who killed him?”

Chengfeng shook his head: “This, I’m not sure, all those years of divergent views, but no one has conclusive evidence, slowly this matter has been too long, no one is there to pursue the original cause.”

Joseph made a cold laugh, and said: “It seems that empty planning, decisive thinking, is far from enough!”

“If you want to gain a foothold in this world, your brain must be alive and your fists must be hard! If Changying could have one-tenth or even one-hundredth of the power of my organization back then, he wouldn’t have been killed at such a young age!”

Chengfeng was slightly stunned, then he reacted and hurriedly laughed: “You’re right, Joseph! These days, there’s no point in just having a good brain, it’s only the way to be both literary and martial!”

After that, he said with a flattering face, “In my opinion, you are the model of both civil and martial arts, and your future with Cataclysmic Front will be unlimited! Come on, I’ll drink to you!”

Joseph smiled, raised his glass, and said to Chengfeng: "After I win a great victory in Syria, and after I move my parents' coffin into Mount Wanrest, Cataclysmic Front will spend three to five years to fully penetrate and even cover the entire Middle East region."

"This will be achieved relying on the base in Syria! At that time, I will be the king of mercenaries!"

The King of Mercenaries is the second major goal in Joseph's life.

And the first one, naturally, was to avenge his parents' death.

Now, in his opinion, he was not far from these two goals.

Right now, the situation of the Syrian war was very good, and the final victory would definitely be obtained before the Qingming Festival.

At that time, the four war Generals under his command will gather in Orgeyon, take away the Ye family in one wave, and then go to Syria for full development.

All this, at present, has shown the water to the momentum!

.....

And just when Joseph was in high spirits at the wine table, the war situation in Syria, however, had changed in a way that he could not expect.

Robin, who was leading a thousand Cataclysmic Front men on a sharp march through the valley, had no idea, what was waiting for him next, exactly.

Under the cover of the rumble of artillery, the thousand men quietly followed the ravine along the side of the mountain road and detoured towards the west side of Hamid's base.

The route chosen by them was very concealed, almost entirely valleys as well as counter-slopes that were not visible from the high ground away from the eyes of Hamid's troops.

Plus there was artillery fire as cover, so he felt that Hamid's men, could not have detected that a unit had broken away from the frontal battlefield.

The mountain road was rugged, and they had specially made a circular route in order to avoid being discovered by the enemy, so although the journey had been a sharp march, it had taken a lot of time because of the large detour.

However, Robin had carefully planned everything, thinking that he could conceal it from the world, but he never dreamed that as early as when he had just led his troops to start.

Hamid's drones in the sky had already captured the movement of this unit of men.

And now, Hamid has laid a death trap, waiting for him to throw himself into the net!

Chapter 3293

When the young people in other countries, holding a few thousand dollars worth of drones, in the outdoor wilderness blindly shoot landscape, Hamid's men, have used this inconspicuous thing, to achieve a local battlefield monitoring with complete stagnation of the device in the air.

The advantage of complete stasis is that the drone can remain stationary in the sky and closely observe the target, unlike the U.S. Global Hawk, which needs to constantly fly in circles around the target.

Hamid, on the other hand, had already made tactical arrangements.

He analyzed that the opponent should not exceed 1,200 people at most, through the picture transmission signals coming back from the sky

They were going to encircle them from the west flank, so he had already sent down orders to send three hundred more soldiers to defend the permanent fortifications on the west flank.

Although three hundred soldiers are not much, but using the timing and location, it is still more than enough to defend against the attack of more than a thousand soldiers.

The permanent fortifications built by Hamid, although not yet fully constructed, were specially camouflaged externally.

The camouflaged fortifications, if it does not fire, even if you pass by it ten times, it is almost impossible to detect.

The firing holes of these fortifications had been blocked in advance with a large number of fist-sized pieces of rubble, and then covered with a layer of loess from the outside.

Moreover, when they did the camouflage, they also left a few doorway-like gaps from the inside.

With this small gap alone, the people inside can easily observe the situation outside.

And this camouflage made of rubble is also very convenient and easy to remove.

Once you want to shoot, you only need to pick up the rubble with your hands, you can pick up all the rubble, and immediately after that you can put the gun out and fire with full force.

If Robin encircled from the west flank, he would just pass through these hidden fortifications, and by then, all of his men would be exposed to the crossfire of the machine guns.

However, he did not know this.

He only thought that he had to hurry to take down Hamid and use a victory to cover up his mistake just now.

This time after coming to Syria, they have been taking it easy.

Always feel that the opposition forces are just a bunch of third-world bandits without much military education, not much stronger than the Somali pirates.

The elite came to fight these guerrillas with AKs, it was as easy as pie.

Therefore, they did not make adequate preparations before the battle, nor did they carry very expensive high-end weaponry.

For the Front soldiers at this moment, the RPG shoulder-fired rocket was the most powerful weapon they had on hand.

However, Robin felt that the RPG was enough.

Chapter 3294

The huge loss in the frontal attack just now was not because of how strong the enemy was, but that his side was indeed too lightly defeated.

As long as he paid attention to it now and found the right strategic plan, he would definitely be able to lead his men and easily attack the other side.

Now that he and his men had arrived at the foot of Hamid's west wing, he believed that in an hour at most, this battle would be over! This time, there were three options in the tactics developed by his army.

The first and best option was to quietly feel the entrance to Hamid's permanent fortifications, then suddenly kill them and take them by surprise, wiping them all out inside the fortifications they had built themselves.

This is the goal that the attacking side is most eager to achieve in all offensive battles, as it is the only way to work the objective with the greatest ease and at the least cost in terms of casualties.

The second second-best option is to use RPG rockets after touching the vicinity of the permanent fortifications to strike them with precision.

As for the third and worst option, it was a forcible attack at all costs.

However, the third option is rarely successful.

Because once inside the opponent's fire network, and can not solve the opponent's fortifications, the other side almost forms a reaper-style killing advantage, this situation if you can still win, almost all rely on the corpses to the front pile up.

Therefore, Robin does not intend to use the third option until as a last resort.

But as a commander, he must also consider every possibility, so he again considers the third option, set a red line, once the casualty reduction exceeds 60%, immediately retreat.

But he knew in his heart that this scenario, could never happen.

After the preparations were completed, Robin led all the soldiers and checked their equipment and ammunition. After making sure there were no problems, he said through the intercom with the commander of the frontal battlefield, "We have now touched the opponent's western flank, you should launch a feint immediately now!"

The other side immediately replied, "After my side launches a feint, your side must immediately launch a surprise attack as well!"

Robin looked at the time and said, "I will launch a surprise attack from the west flank ten minutes after you launch your feint!"

"Why do you have to wait ten minutes?" The other side is very puzzled said: "The other side firepower is very fierce, and the defense is strong, ten minutes I do not know how many men to lose, my side of the fight, your must hurry and immediately encircle, this is the most reasonable plan!"

Robin said seriously: "I have to wait for you to attack first, and wait for the enemy to begin to engage in the fire with you, it is important to determine the location of the enemy fire point."

"My people can accurately launch a quick sneak attack, directly end the enemy fire point, otherwise if we rush together, simply can not do it accurately!"

The other side hesitated for a moment and thought that was the case, so they spoke up and said, "Okay! I'll have the soldiers prepare and attack in ten minutes!"

He knew very well in his heart that he had no other choice now, with the fortification of Hamid, it was impossible to attack head-on, and there was no chance even if everyone was exhausted, the only chance of success was here with the Frontal army.

And Robin has been a mercenary for several years, although said to be experienced, but his kind of experience, all in the war-torn areas to attack small armed combat groups, he did not encounter really strong, strategic opponents.

This is like a martial arts master, but all the time, only by beating street punks to accumulate experience in real combat.

A person who abuses vegetables too much, they will certainly become more and more like vegetables.

What's more frightening is that he will be immersed in the sense of accomplishment of repeatedly abusing vegetables successfully, unable to extricate himself, not even aware of the fact that he has become more and more vegetables like.

So, at this moment, Robin, not knowing that his side detour has been found out, is still holding high-powered binoculars, observing the movement of the front position.

He was still instructing a few soldiers around him, saying: "You guys also pay attention to observation, after their second round of feints, we can just observe the location of Hamid's fire points, when we have marked down all these fire points, when we start the attack."

“Immediately with the fastest speed, pull out all these fire points! As long as we pull out their fortifications, we will have won!”

Several soldiers nodded and immediately took out their observation equipment and mapping tools, preparing to map out the locations of the opponent’s fire points as quickly as possible after the feint attack began.

Robin was so sure of himself at this moment that Hamid’s frontal position was already in his pocket!

Chapter 3295

Ten minutes later, the shelling against Hamid’s position stopped on time.

On the front battlefield, three thousand soldiers carrying hundreds of RPG rockets once again charged toward Hamid’s position.

The group had already been beaten back once and knew that the enemy firepower was fierce, so the second time they launched the attack, each of them was nervous for fear of accidentally getting killed.

But the military order was in front of them, and although they were afraid, they could only go forward with their heads held high.

Soon, they entered the fire range of Hamid’s fortifications again.

Hamid naturally showed no mercy to this kind of leak that came to his door and immediately ordered to fire and kill as many enemies as possible.

The second round of fire was exchanged between the two sides, and it was immediate!

The attacking soldiers were in groups of five, one of whom used shoulder-launched RPGs to bombard the fortifications.

While the remaining four all used machine guns as well as assault rifles to provide him with fire cover to ensure that the RPGs would hit the opposing fortifications.

This is the only tactic taught to them by the army that can play a small role in the offensive battle.

Originally, the government commander thought that as long as the RPGs were moved up, they would not dare to take out all of Hamid’s fortifications, but at least they would blow up three or five of his fortifications and make him nervous.

Once he was nervous, he would naturally put more troops and energy into the front, which greatly enhance the chances of success of the flanking detour tactic.

But what he didn’t expect was that Hamid’s fortifications were built very obscenely.

The front of each fortification was reinforced and camouflaged in layers along the positive slope of the mountain itself.

Under this circumstance, the attacker carrying an RPG from the bottom to the top of the mountain, the trajectory of the shot is almost parallel to the positive slope of the mountain, so it is difficult to hit the fortifications.

In this way, the rocket either grazes the sloping surface of the fortification or hits it at a very small angle.

For this kind of rocket, the real power must be a ninety-degree angle focus on the front, otherwise, once grazing the edge of the explosion, basically with scratching nothing different.

Moreover, even if such a small angle hit, the probability will be directly refracted out of the rocket, not only fails to destroy the enemy, refracted out of the rocket but also scattered around, accidentally wound a lot of their own people.

Robin and his men were still looking through the binoculars, desperately recording the location of each of Hamid's fortifications.

While observing, Robin ordered, "We will launch a sneak attack later, we must use the fastest time to take out all these fortifications, once we take care of them, Hamid's base will be defenseless! We will be able to win easily!"

The commanders at all levels around him immediately patted their chests and promised that they would definitely pull out all these known fire points.

However, they had no idea that right in front of them, on the seemingly undefended western flank, there were more than thirty fire points.

Long before Robin's mercenaries led the team to feel over, Hamid's three hundred soldiers had already ambushed in one step ahead.

Originally, according to the plan, the interior of these fire points were to be completely opened up with pits by Hamid.

And the interior of the pit should also be built with multiple firewalls, once the enemy enters the channel from a certain point, it can immediately use the firewall to isolate the enemy in a very small area, thus avoiding internal infiltration by the enemy.

This design, like the interior of a ship, to have multiple waterproof doors.

The function of the waterproof doors is that if a location ruptures to fill with seawater, it immediately closes all the waterproof doors in this area to prevent seawater from filling the other cabins, thus maximizing the safety of the ship.

Unfortunately, this wave of government forces attack came too quickly, Hamid simply did not have time to build such a large project, so he could only first build some independent hidden fire points.

In order to snipe the troops of Robin's mercenaries, Hamid's 300 soldiers entered more than thirty fire points, then immediately closed the entrance of each fire point from the inside.

In this way, each fire point became an independent bunker, and the soldiers did not have any way of retreat inside.

Although this method has many disadvantages, but there is an advantage, that is, the soldiers inside are almost there to break the boat, must live and die with the bunker, so their will to fight is very high.

Each fire point is configured from five to ten men depending on the size of the area and the angle of the design.

Inside, the firepower configuration was light and heavy machine guns and RPGs.

In addition to this, there is a very adequate ammunition reserve, as well as enough food and drinking water to last for more than a month.

From this point alone, it is enough to see how strong Hamid's sense of strategic reserve is now.

He even plans to use a few years to open up a strategic base of several hundred thousand cubic meters of space inside the surrounding mountains.

By then, including weapons and ammunition, food and drug, fuel supplies, all can achieve huge amounts of storage.

What's more ruthless is that he wants to dig several equipment depots at the foot of the mountain.

At that time, armored vehicles and helicopter gunships are all stored in them, and even if the government troops keep bombing for a month, they can't bring him substantial damage.

At this time, the frontal battlefield feint had been carried out for five minutes.

Originally, there were five minutes left before the attack time set by Robin's mercenaries.

However, Robin, seeing the heavy casualties of friendly troops, was afraid that these guys would not last more than ten minutes before being repulsed.

Once the opponent's feint was repulsed, then he could no longer flank the opponent and catch them off guard.

So, after roughly confirming the location of Hamid's fire point, Robin rushed to the 1,000 elites and said, "Brothers, we're not waiting! Everyone join me to avenge the death of our brothers! We will take Hamid's head to pay tribute to the brothers who just died!"

As soon as they heard this, the crowd chanted the slogan of vowing to take Hamid's head!

Seeing everyone's enthusiasm, Robin nodded with satisfaction and continued,

“Once we meet the enemy head-on, no one should be soft or hesitant! As long as the enemy, regardless of men, women, and children, must be killed on the spot, and strive for a shot to the head! Do you understand?”

The group of people firmly nodded heavily, the color of murder overflowed.

“Good!” Robin only felt a surge of blood boiling, and he immediately shouted, “Charge!”

As the 1,000 soldiers of the Cataclysmic Front rushed up with Robin, at least half of Hamid’s 300 soldiers were able to observe this army directly through the slits of the hidden firing ports.

And they did not return fire, but each of them is holding his breath, afraid to make any noise by the other side to be found.

The reason why they haven’t returned fire is that the mercenaries of the Cataclysmic Front have not yet entered the middle of their fire coverage network.

Since they were fighting an ambush, they naturally had to wait until the enemy reached the middle of the ambush circle before firing.

Only in this way, while striking the enemy on all fronts, can they cut off all the enemy’s retreats, so that they have nowhere to hide.

Even, there should be nowhere to retreat for them!

Chapter 3297

When Robin led the 1,000 soldiers of the Cataclysmic Front and rushed up the slope of the western flank, he had already fallen into Hamid’s encirclement on that side.

When he was worried about missing the opportunity to lead the charge, he didn’t even notice that there were already several stone gaps around him, which suddenly turned into flat black holes.

Immediately after that, the tongue of machine-gun fire instantly gushed out!

At one time, the sound of gunfire!

Robin only heard gunfire all around his ears, and before he had time to react, he heard the miserable wailing sounds coming from around him, and the sound of soldiers falling to the ground with bullets!

One thousand people were completely targeted by the muzzles of more than two hundred light and heavy machine guns as well as dozens of RPG rockets.

Then came the unstinting saturation strikes.

The bullets were wildly venting, putting down rows and rows of soldiers around Robin. It was no different from a massacre.

The sound of gunfire, explosions, just a minute or two, Robin’s team lost more than half!

His whole face was filled with horror, and he shouted: "Damn it! We've been ambushed! Quickly organize a breakout!"

But. How could he know that there was no longer any possibility for them to break out now?

These 1,000 people had simply fallen into a death trap surrounded by more than 3 dark forts.

No matter which direction they broke out, they were actually bumping into the gun.

They also tried to return fire, but under such firepower, they could not even find a place to hide, and it was even more difficult to return fire.

After all. Their opponents, all hidden in the steel and concrete fortifications, and their weapons are difficult to bring their opponents to effective killing.

On Hamid's side, only a very few people were hit by the bullets fired into the fortifications.

As the number of soldiers in the Cataclysmic Front became smaller and smaller, some soldiers knew they had no hope of escaping and shouted out loud, "Quick, protect the General!"

Immediately afterward, many people in all directions shouted the words "protect the General" and surrounded Robin and few people standing around him.

Soon, he was covered by dozens of people.

Seeing his brothers falling down, Robin was filled with grief and anger, and shouted with red eyes, "Brothers, today's ambush is all because of my poor command, I hope you can forgive me!"

Several soldiers cried and said, "General, we are all your soldiers, from the day we followed you, we have never regretted!"

Robin choked up and said, "To be able to fight alongside you guys is a privilege in my three lives!"

After saying that, he gritted his teeth and said, "Now there is no hope of survival, why are you still so protective of me, all get out of the way, let me fight with these bastards! This way I can die with less grievance!"

Dozens of warriors from the Front had tears in their eyes. As more and more of their comrades were killed on the periphery, only 40 or 50 of them were left in a group of 1,000 people.

Chapter 3298

At this time, the firepower of more than thirty fire points have all been aimed at them.

Seeing that the soldiers around him had fallen by more than twenty, Robin pushed away from the soldiers in front of him and raised his assault rifle towards a fire point that was spewing fire not far away, firing back hard while shouting: "Bastards! I'll take you with me even if I die!"

After saying that, he took a step and rushed out.

When the other soldiers who were still alive heard this, their blood instantly went to their heads. A group of people neatly shouted the slogan of dying together and followed Robin and rushed out.

However, this kind of suicide charge, except for making them feel less stifled, could hardly have any impact on the battlefield.

As soon as he came out, he was hit by more than ten bullets and instantly fell to the ground... dead.

The other mercenaries who followed him also did not escape this fate, one by one, like cutting wheat, were quickly killed, in less than 30 seconds, all killed in action!

This one-sided massacre lasted less than five minutes before it was over.

Afterward, Hamid's soldiers came out of their bunkers and began to clean up the battlefield.

After the battle, there were 1,001 mercenaries, including General Robin, all of them killed.

On Hamid's side, there were sixteen casualties, six of whom died and ten were injured. But none of them were life-threatening.

This was definitely a complete and utter victory.

At this moment, the commander of the frontal feint, after waiting for a long time and not seeing Robin's army not coming from the other side, and lost nearly a thousand soldiers in this feint.

He was furious and used the radio to question why the other side still did not attack, but on the other end of the radio, no one responded.

He immediately asked his men to contact the other officers of the Cataclysmic Front, but the result was that there was no response.

This caused him to panic to the extreme.

On the battlefield, there was no way that a force of a thousand men would be lost, and the other side was not just some shrimp soldiers or crab generals. These 1,000 people are the elite of the Cataclysmic Front.

Whether it is the degree of training, combat ability, or combat literacy, they are much better than his side.

The only possibility that such a force is completely lost. The only possibility is that they have met with an untimely death

The other side was horrified and hurriedly withdrew all the soldiers they had sent up to feint.

At the same time, and hurriedly sent scouts, with the fastest speed to feel over to find out what happened.

An hour later. When the other side's scouts approached the west flank slope, they immediately used a high-powered camera to observe the positions.

This look does not matter, immediately he was frightened pale.

At this moment, Hamid's soldiers were cleaning up the battlefield on the west wing position.

As for the 1,000 elites of the Cataclysmic Front, as well as their commander, Robin, all became corpses covered with bullet holes.

Hamid's soldiers were currently collecting their weapons and equipment as well as other strategic materials.

The soldiers were more interested in the weapons and ammunition carried by the elites of the Cataclysmic Front because the overall level of these weapons was better than Hamid's army.

All of the weapons used by them were NATO-style weapons, most of which are with active U.S. forces.

While Hamid's forces used almost all of the Soviet Union's former Warsaw Pact-style weapons from the 1960s and 1970s and 1980s, which were quite different from each other, both in terms of level and age.

In addition to the soldiers' interest in the weapons, they were also very fond of their desert camouflage uniforms.

Regrettably, their desert camouflage uniforms had long been beaten with countless holes and had no more use.

However, the Hamid soldiers who were good at treasure hunting found that. Although the tops of the elites of the Cataclysmic Front were all beaten into sieves, the pants were mostly intact and could be peeled off to wear.

This kind of American desert camouflage clothing, the fabric workmanship are very good, the price is not expensive than the Hamid soldiers wear broken pants out of a hundred thousand miles.

On top of that, what made the soldiers salivate even more was the boots of the elites of the Cataclysmic Front.

This gang had very expensive professional tactical boots, reasonable design, superior performance and anti-bashing, and anti-puncture, desert and mountain marching, simply a godsend.

These boots have always been in high demand in the Middle East, placed on the black market, at least several hundred dollars a pair, and there is no supply of them.

So, the scout witnessed the brutal image of Hamid's soldiers stripping the pants of the soldiers of the Cataclysmic Front one by one, then taking off their boots, and finally throwing the bodies into the valley.

And what made him, even more, horrified was that his camera just happened to catch the corpse of Robin, who, at this moment, had only a pair of pants left in the lower half of his body, and his entire body was shot with at least a dozen bullet holes, while he was dead in a horrible way.

That scout was terrified to the extreme while fleeing in fear, he reported to his superiors by radio: "Cataclysmic Cataclysmic Front, all dead Commander Robin... ..also dead"

Chapter 3299

The news of the death of Robin and a thousand soldiers of the Cataclysmic Front was like a bolt from the blue to the commander of the attacking side!

He didn't care about the death of the soldiers of the Cataclysmic Front, but he felt that if even the Cataclysmic Front couldn't attack Hamid's fortifications, the group of hangers-on under him would be even more hopeless.

Moreover, he brought a total of more than 5,000 soldiers, in two rounds of charges nearly 2,000 perished, excluding 1,500 people of Cataclysmic Front, now the actual combat power lost at least a large half!

More seriously, after two charges, his soldiers have clearly realized that want to rely on flesh and blood to take Hamid's position, almost impossible to see with their own eyes. With two charges, so many of their comrades died, they are now full of fear.

At this time morale is already extremely low, if forced to organize a third charge, in addition to sending them to death, there is no other meaning.

Therefore, he also knew very clearly that he simply could not have another chance to take Hamid this time.

So, he immediately reported the battle situation to his superiors and asked for permission to withdraw his troops and go back to rest.

When his superiors heard the situation, they were furious!

The many victories over the past few days had long filled their expectations for the purge of the opposition, and they firmly believed that this goal would soon be achieved.

But unexpectedly, all of a sudden, the reality gave itself a blow to the head.

A war, not even the enemy has not yet seen, their own side has faced 3,000 deaths, this is a bit unacceptable.

What was even more incomprehensible was that this man, Robin, had previously led these Cataclysmic Front mercenaries to a number of victories, and in the eyes of their group of native commanders, was simply a super war commander who could not be defeated.

Look who could have imagined that such a commander would die in such a way

In his anger, he also immediately synchronized this news to Walter, one of the four battle commanders of the Cataclysmic Front.

At this time, Walter, who was waiting in Damascus for the feedback on the results of the four fronts of the Cataclysmic Front, suddenly received the news of Robin's death, and he couldn't believe it for ten thousand times until the other side sent him the video taken by the scouts, and then he had to accept this reality.

In a small-scale attack battle, more than 1,500 of his men died as well as a five-star war general, this is the first time since the establishment of the Cataclysmic Front.

Walter really can't understand why mountain-occupying opposition forces can have such a powerful fighting force, he feels that this matter is extremely strange, so he did not dare to have any delay, rushed to call, ready to report this period of time to the Supreme Commander of the Cataclysmic Front, Joseph.

And at this time, Joseph is at the dinner table of the family villa in Suhang, and enjoying Chengfeng's wine.

Chengfeng doesn't look like the head of the Su family, this old thing really became a licking dog, the level and attainment is extremely high.

Originally, Joseph had a problem with this old guy, after all, he did always look down on his father, if not for the face of Zynn, Joseph would not even bother to eat and drink with him.

However, the old man began to shoot him with all kinds of compliments as soon as he came to the table, Joseph at first can also be bashful, but soon found himself floating.

For a person like him, who has endured humiliation for so many years, his bones are indeed quite depressed.

The more this kind of person, the more he needs a chance to release, the more he needs others to know his ability and to affirm and praise him.

Therefore, when he found out that Chengfeng, the Su family head who made his father not dare to breathe in front of him back then, was actually groveling and flattering to himself, his heart, which had been repressed for years because he had not been able to avenge his parents, was greatly satisfied.

Unlike Joseph, Chengfeng, at this time, was already filled with shame inside.

He had never knelt down to anyone from his youth, and after middle age onwards, he was admired by all.

But who would have thought that he, who had been proud all his life, would grovel to a 20-something-year-old in his later years?

This feeling hurts his pride, but he had to continue to keep this flattering face, because he desperately needs Joseph to help him solve the series of problems in front of him.

So, after three rounds of drinking, he once again took the initiative to lift his glass and said with a smile:

“Come on, Joseph, I’ll drink to you again, with this glass of wine I wish you a victory on the day of the Qingming Festival, in Yeling Mountain! You will completely avenge your parents’ death!”

Chapter 3300

Joseph played with the wine glass in his hand and said seriously,

“Grandpa , it’s not Yeling, it’s Wanrest! After Qingming, the whole Wanrest Mountain, is the cemetery where my parents are sleeping, I will deploy a hundred elites of Cataclysmic Front to seal up the whole mountain, not allowing any idle people to disturb their peace in the future!”

Chengfeng immediately blurted out, “Yes, yes, Mount Wanrest! When your parents’ graves are moved there, I will personally pay my respects on the spot!”

Joseph nodded with satisfaction and said, “It would be best if you can go.”

Saying that, he said with great emotion, “Actually, my father told my mother more than once back then that he felt a lot of pressure every time he saw you.”

“Is that so?” Chengfeng was very surprised and asked, “Arthur, why would he be stressed out when he saw me?”

Joseph gave Chengfeng a look and said in a somewhat unpleasant tone, “Because he felt that you’ve always looked down on him! In your eyes, he was Uncle Su’s fox friend, and still the kind of fox friend who completely despises Uncle Su and only pulls down Uncle Su’s rank.”

“Every time he saw you, he had that feeling of being disliked and disgusted by the other parent when the poor student goes to play with the superior student.”

Chengfeng awkwardly smiled twice and hurriedly explained, “I think Arthur may have some misunderstanding about me, I am a person who is not smiling, a little serious to everyone.”

“Even to Zynn, I am always pulling a face, rarely give him any good look, so I definitely did not mean to look down on Arthur!”

Joseph slightly surprised to look at him, seriously said: “But I have contact with you down today, and do not feel that you are a person who does not smile, nor do I feel that you are serious to anyone, is this because, I now have the strength that my father did not have back then?”

“This cough this” Chengfeng stammered for half a day, but he could not say anything.

Joseph’s words put him in an even more awkward state.

He knew that Joseph was laughing at him.

After all, his attitude was indeed very flattering after learning that he was the Supreme Commander of the Cataclysmic Front and learning that his organization was extremely strong.

To be honest, this face of his was a bit disgusting even to himself.

But what could be done about it?

The current situation for him is only to do everything possible to close relations with Joseph.

The only hidden problem is Zhiyu's powerful benefactor, because Joseph is about to take on the Ye family.

About this matter, only Joseph can help him with.

Once Joseph can take care of that guy, he will have 10,000 ways to make Zhiyu return the Ocean Shipping Group!

At that time, the Su family will have a great opportunity to take off again!

At this time, Joseph saw Chengfeng's old face red, smiled playfully, waved his hand, and said,

"Forget it, these are all things that happened 20 or 30 years ago, let's not talk about it, in short, if you can go to pay respect to my father, I believe his spirit in heaven, will also be pleased."
