

## The Amazing Son In Law Chapter 331-340

### Chapter 331

Mrs. Xiao's true motive was suddenly exposed by Marven, and her whole person was a little flustered.

She thought that she would be able to kill Avella's family with four bites, especially Marven's waste. It was not difficult. Just ask Jay and Theresa to apologize to him and treat him as a special person, he would be grateful.

However, she did not expect that Marven was the one who was drunk and alone.

Seeing that her motive was seen through, Mrs. Xiao hesitated and said: "It's all a family, and it's all in one place. If a family opens two companies, it's also a joke to spread it out?"

Marven sneered: "Hong Kong's rich man Li Ka-shing, and his son are not in the same company, what's the problem? I think you are ill-intentioned, and the truth is false, survival is true!"

"You, you" Old Mrs. Xiao couldn't speak angrily, Noah Xiao on the side immediately yelled, "Marven, pay attention to your words, in this house, you are just an outsider!"

Marven ignored him and said to his wife Avella instead: "Avella, you must keep your eyes open. Some people just want to use you. When they finish using you, they will kick you away immediately. After you helped the Emgrand Group to win the 60 million contract, how did they treat you? On the surface, they said they wanted to promote you to the director, but in reality? At the banquet, they announced publicly that Jay was promoted to director. Do you still want to experience it a second time?"

Avella's expression instantly became extremely awe-inspiring.

At this moment, she really understood thoroughly.

Thanks to her husband Marven's reminder, otherwise, she would most likely be fooled by them again.

At this time, Jay saw that the plan went bankrupt, and pointed at Marven angrily, and said, "Marven, you stinky silk, is there a place for you to talk about? Are you making trouble with our housework? You don't want to live anymore. Right?"

Marven looked at him coldly and asked: "Why? Can't pretend to be? I tell you Jay, if you see me in the future, you have to be polite, otherwise I will call Mr. Orvel directly and let him give you a chasing order so that you can't stay in Wrestvel!"

"I'm going to your mother!" Jay was furious, and shouted: "You bluff me? Don't think I don't know what you are, aren't you something that will be tricked and kidnapped? When they see through your tricks, I don't even know how you die."

Marven sneered: "At least they haven't seen my tricks yet, at least they still respectfully call me Mr. Ye!"

After speaking, Marven said contemptuously, "You still have to continue to pretend, right? Okay, I will call Mr. Orvel now!"

Immediately afterwards, Marven took out his mobile phone, called Mr. Orvel immediately, and turned on the speaker.

Jay's face suddenly paled in shock, and his sweat kept falling.

This guy actually called Orvel? !

If Orvel really wanted to give him a chasing order, wouldn't he be finished? !

When he thought of this, he immediately persuaded himself, and blurted out: "Marven, Marven, I just made a joke with you, don't take it seriously, you are my brother-in-law, we are a family."

Marven smiled and said, "I and you are not a family."

While talking, the phone went through.

Mr. Orvel asked respectfully: "Mr. Ye?"

Marven glanced at Jay, who was shaking like chaff, and said lightly: "Mr. Orvel, if I ask you to make a chasing order, how many brothers can follow?"

### **Chapter 332**

Mr. Orvel immediately said: "Mr. Ye, I have people in Wrestvel, and most of the nightclubs, bars, KTV, and construction sites have my people. As long as you tell me who will give me the order to kill. I can guarantee that the number of people who look for him everywhere on the street every day and want his life cannot be counted!"

Jay was almost frightened when he heard that he was complete. He knelt in front of Marven with a puff, crying, and said: "Marven, my good brother-in-law, I'm really kidding you, you just treat me as a bullsh\*t and let me go. Right"

Marven asked him coldly: "Why? Don't you pretend to be forced?"

"I don't pretend, don't pretend, don't pretend anymore" Jay was almost scared to death at this time, how dare he pretend to force Marven.

In Wrestvel, if Orvel ordered to kill him, then the whole road would not swarm to kill him?

After all, this is a good opportunity to play for Orvel, and please Orvel!

Marven took the phone at this time and said coldly: "Since you are not pretending, let me see your sincerity. Otherwise, I can only understand that this is a temporary soft service. If I let you go, you can turn and will still pretend to be forceful after the day."

Jay shook his heart, realizing that Marven might not let him go so easily, so without a word, he immediately knocked his head on the smooth and hard floor of the hospital, banging three times.

“Marven, I was wrong! I apologize to you! Please forgive me, don’t let Orvel chase me down!”

Having said this, Jay was already crying and regretted his death in his heart.

Is there a problem in your mind? Why do you have to force Marven to pretend to be forced? Isn’t this a case of death? When Orvel realized that he was a liar, and hacks him to death is still a matter of course, but if Marven really let Orvel hack him, he won’t survive tomorrow morning

At this moment, Noah Xiao saw his son kneeling and kowtow being bullied by Marven, and said angrily: “Marven! Don’t deceive people too much!”

Marven asked curiously: “You said I deceived people too much?”

After finishing speaking, he immediately said to Mr. Orvel: “Mr. Orvel, another person is added to the chasing order for the rivers and lakes. This time I want you to chase and kill a pair of father and son!”

Mr. Orvel immediately blurted out: “Mr. Ye, please rest assured, as long as you give an order, I will not be stopped even if they are the kings of heaven! Tell me, what is the name of the father and son!”

Noah Xiao uttered an ah, and he was trembling in shock.

Marven is too ruthless, right

He just said that he was too deceiving, he wanted to chase them down together? !

How can they stand this old bone?

At this time, the Old Mrs. Xiao had realized that it would be difficult to reap the water, for fear that her son and grandson would be hurt again, she hurriedly said: “Marven, you let them go, just as if we haven’t been here today”

Marven shook his head: “That won’t work, you are here, why should I assume you haven’t been here?”

Old Mrs. Xiao tremblingly asked: “Then how can you stop?”

Marven said indifferently: “You are at the face of my father-in-law and my mother-in-law. Tell me the true purpose of your coming this time. If you are sincere enough, I will spare them and let you never come; if you are not enough sincerely, I’m sorry, I have made this order of chasing after death!”

### **Chapter 333**

Upon hearing this, Jay, who was so frightened and knelt on the ground, hurriedly cried and said, “Grandma, tell the truth! You tell Marven the truth! Otherwise, I might be dead, grandma!”

Noah Xiao was also afraid of getting angry, so he hurriedly pleaded: “Mom, just tell the truth.

The Old Mrs. Xiao has given up struggling this time, and sighed, like a cock that was defeated in a fight, and said: "Marven is right. I am here this time. I really want to use a bitter trick to trick you back and take you back to Xiao Group."

After finishing speaking, the Old Mrs. Xiao wanted to wash Wang again, and blurted out: "But me"

Marven interrupted her directly and roughly: "It's nothing but, you are finished, you can go."

The Old Mrs. Xiao looked at him bitterly and said: "You always want me to finish speaking, I also have difficulties."

Marven said coldly: "You have no hardships, some are just bitter fruits! The bitter fruits are grown by yourself, and you can only eat them yourself!"

After speaking, Marven said again: "If you guys are more acquainted, now close your mouth, pinch your tails, and roll away, this incident will have never happened, otherwise."

At this point, Marven yelled at Mr. Orvel on the phone and said, "Mr. Orvel, if you hear a Lady Xiao pushing me here again, immediately give Noah Xiao, Jay his son a chase order! "

Mr. Orvel blurted out, "Mr. Ye can rest assured, I will follow your instructions!"

The Old Mrs. Xiao was so depressed, she nodded herself, completely accepted the failure, beckoned to several people, and said weakly, "Let's go."

Noah Xiao, Jay, and Theresa, who had been silent for a while, hurriedly helped her and left the ward quickly.

After they left, Dave let out a long sigh, and said lonely: "I thought my mother finally woke up, but I didn't expect that it would be a calculation in the end."

Viola lamented: "If the Xiao Group goes down, our pensions will not be paid."

Avella looked at Marven and said softly: "Marven, thank you, if it weren't for your reminder, I might have been fooled."

Marven smiled slightly and said, "I am your husband, what do you do with me so politely?"

After speaking, Marven said again: "In the next few days, let Dad take a good rest in the hospital for a few days. I will take care of him. You can start and open the company. Don't let the Xiao family look down on you!"

Avella nodded quickly and said seriously: "I know! I will definitely go all out!"

When Mrs. Xiao returned home, she was in a trance and almost collapsed.

Who would have thought that not long ago, because of the cooperation of the Emgrand Group, she had a big banquet in the hotel, and the scenery was all the same?

However, in a blink of an eye, the Xiao family was left alone and almost went bankrupt.

The Emgrand Group stopped cooperating and also blocked the Xiao Group. Now, the Xiao Group has lost all cooperation and the company has no money.

But at the same time, the company is also facing a large amount of capital expenditure.

For example, the rents of the office buildings of the group, the salaries of all the people above and below the group, the construction costs of the project construction party, and the material costs of the material suppliers.

### **Chapter 334**

Now, the Xiao Group is like a bag of rice with a hole in it. There was not much rice in it, but it rushed out, and it couldn't stand it anymore.

What's even more annoying is that Theresa, her most beloved granddaughter, had the opportunity to marry Phil, the son of the Wang family, but now, the Wang family has avoided the Xiao family.

The last support of Wang family also disappeared.

Thinking of this, the Old Mrs. Xiao couldn't help tears.

In the past few years, the Old Master has been in charge of housekeeping, but he did not expect that he would manage the family business in this field.

If this continues, the group will not only be completely closed down but will also face huge debts. By then, even this old villa will not be kept.

And all of this stems from selfishness.

If it wasn't for the purpose of seizing the villa that Wang's family gave to Marven, how could Dave and Avella and their daughter break with them?

If Avella hadn't left the Xiao Group, how could the Emgrand Group have turned against the Xiao Group?

The eldest son Noah Xiao was also on the verge of collapse.

The family business is at stake, his daughter loses her happiness, her son has no future, and Marven has been repeatedly humiliating them.

He now has the heart to do something to restore the decline, but he can't find any light.

Theresa has been crying ever since she came back, crying heartbreakingly, and he felt uncomfortable.

He couldn't help asking the Old Mrs. Xiao: "Mom, is there no hope for the Xiao family in the future?"

Old Mrs. Xiao shed two lines of muddy tears and said painfully: "There is no other way to do it. If the company does not declare bankruptcy, the subsequent debts will crush us."

Noah Xiao choked up and said: "Mom, can you find old friends and see who can invest a sum of money in the Xiao Group to help us tide over the difficulties?"

"Investment?" Old Mrs. Xiao smiled bitterly: "Now that the Emgrand Group has banned us, who would dare to invest their money? Those old friends in the past are now avoiding me one by one and not answering calls. I can see through. How can there be any friends in this world? It is all interactions for benefits!"

Jay said angrily: "Grandma, if you say that there are no friends, only benefits, Marven's Rubbish, why can he make friends with so many big people, and those big people give him so much face, shouting Ye Mr. Ye? What benefits can he bring to them?"

The Old Mrs. Xiao said with emotion: "This Marven, don't look at it as a poor and vain Rubbish, is really a little capable of talking to people and talking nonsense. I heard that the reason why these big people are so polite to him is that he can make them think that he is capable of doing fortune-telling, it's all fools, no different from the old fortune-telling man under the roadside tree!"

Jay asked puzzledly: "Then why do so many big people believe him?"

Old Mrs. Xiao said: "Believe him because he has not been seen by others. This kind of person is like those masters in the past. They are especially good at bluffing people and bluffing everyone. They are stunned for a moment, but turned their head when everyone will come to their senses, didn't these people become liars that everyone shouted and beaten?"

Speaking of this, Lady Xiao said with a cold expression: "In my opinion, Marven will show flaws in a short time. When these big people know that they have been tricked by him, they will definitely strip him alive and feed him to the dog! "

Jay looked expectantly and said, "I can't wait! Can't wait to see Marven being chopped up and fed the dog!"

Old Mrs. Xiao said with a bitter face: "Yes! Don't worry, there will be one day!"

### **Chapter 335**

When the Xiao family was crying and cursing Marven, two Rolls Royce slowly stopped at the door of Xiao's villa.

Immediately, six black-clothed bodyguards came down from the two cars. One of them opened the rear door of the car behind and walked out of the car, a middle-aged man in his fifties.

This man was dressed very gorgeously, a top-notch hand-made suit made by Britain, and it looked quite affable.

When the middle-aged man got out of the car, he held a thick copy of the Xiao family tree and asked the assistant beside him: "This is the Wrester Xiao family?"

The assistant nodded and said, "Back to President Xiao, I have confirmed from the civil affairs system that this is the Wrestvel Xiao family."

"Yeah." The middle-aged man nodded and looked at the Xiao family and said with emotion: "I didn't expect the Xiao family on Wrestvel to look so down and out. They are really poor relatives."

The assistant hurriedly said: "Mr. Xiao, or let's not go, it would be annoying to get these poor ghosts in touch."

The middle-aged man waved his hand slightly and said: "Although the Xiao family of Wrestvel has already had five clothes with our family, according to my father, during the War of Resistance, the Wrestvel Xiao family saved his life. He always wanted to find them before his death and thanked them face to face, but he was paralyzed in bed and didn't have a chance to come over. He said that I had to come over for him for this wish. By the way, he sorted out the genealogy of his ancestors and included them. "

The assistant asked curiously: "Mr. Xiao, what is the story of this period of history you are talking about?"

The middle-aged man said: "The Xiao family was still very big back then. The whole family lived in a village. Then the devils came and the war broke out. Everyone fled for their lives. My father and the ancestor of this family were distant cousins. During the escape, my father was hit by a stray bullet and almost died. It was their father who carried my father and escaped."

The assistant exclaimed and said: "So there is still such a relationship."

"Yes." The middle-aged man sighed and said, "Okay, go knock on the door!"

In the Xiao family house, the large family was sitting together and weeping sadly. When the doorbell rang, Noah Xiao hurriedly wiped away the tears and walked to the courtyard to open the door.

Seeing a middle-aged man who was a few years older than him and with an arrogant expression standing outside the door, and seeing him with six bodyguards beside him, and two Les Roys parked behind him, he knew he was a big man, so he couldn't help asking: "Can I help you?"

The middle-aged man smiled slightly and asked him: "Are you a descendant of the Xiao family?"

Noah Xiao nodded subconsciously: "Yes, my surname is Xiao, what's wrong?"

The middle-aged man introduced himself: "Hello, my name is Fredmen Xiao, the head of the Orgeyon Xiao family,"

"Orgeyon Xiao family?" Noah Xiao asked in surprise: "What do you mean? Why haven't I heard of it?"

The middle-aged man smiled and said: "Our ancestors are family, and they can be regarded as distant relatives. My father and your father should be distant relatives, so when we are here, they can be regarded as relatives."

Noah Xiao asked in surprise, "Are you also from the Xiao family?"

"Yes." Fredmen Xiao nodded and said: "This time I came to visit, mainly because of my father's entrustment before his death, to come to your house to express my gratitude to your Old Master in person. In addition, I hope to get to know you."

As he said, he took out a business card and handed it to Noah Xiao, "This is my business card."

Noah Xiao took the business card, glanced at it, and was dumbfounded.

Fredmen Xiao, Chairman of Future Company Group?

This Future Company Group is a very famous listed group!

Noah Xiao was happy and hurriedly said, "Oh, it turned out to be Fredmen Xiao, who has admired his name for a long time!"

After speaking, he hurriedly explained: "Fredmen Xiao, what is the relationship between your father and my father? My father, an Old Master, had already driven Hexi more than three years ago."

Fredmen Xiao sighed and said, "Oh, that's really unfortunate. My father just left last year. Before leaving, he still wanted to see the savior. I didn't expect the benefactor to go one step ahead of him."

### **Chapter 336**

Speaking of this, Fredmen Xiao said with emotion: "It is estimated that these old brothers have been away for decades, and maybe they meet again over there."

Noah Xiao nodded repeatedly, and said humbly, "Mr. Fredmen, please come in and sit down!"

Fredmen Xiao gave a hum, and laughed: "Then bother!"

"Don't disturb, don't disturb!"

Noah Xiao hurriedly welcomed Fredmen Xiao in, walked through the yard and into the living room. He hurriedly said to Mrs. Xiao: "Mom! Chairman of Orgeyon Future Company Group and Chairman Fredmen Xiao is here!"

Old Mrs. Xiao was shocked!

Future Company Group?

This is the famous A-share listed group!

How did their chairman find their home?

Although she was very puzzled, she still got up very excited to greet him, and said: "Oh! Welcome Chairman Xiao to my house, please forgive me, Lady Xiao, I have missed a long way!"

“Where!” Fredmen Xiao smiled and arched his hands slightly, and suddenly caught a glimpse of Theresa, who had been crying for a long time, with red eyes, heartbroken, and when he glanced over, he suddenly felt that this girl was beautiful and pitiful. It really made him feel pity, and he couldn’t help but move.

Theresa was in a state of collapse at this time and did not notice that the new guest at home was silently looking at her with his greedy eyes.

At this time, the Old Mrs. Xiao invited Fredmen Xiao to sit and said with excitement: “I didn’t expect Fredmen Xiao to come to our house. It really made us flourish!”

“You are polite.” Fredmen Xiao said with a smile: “You should be the Lady Xiao of the Xiao family, right?”

Old Mrs. Xiao hurriedly said: “Fredmen can call me Old Mrs. Xiao, don’t be so polite.”

Fredmen Xiao nodded and said, “I’m here this time because of the last wish of my dad.”

After speaking, he told about his father and the Xiao family’s Old Master and their past years.

The ancestor of the Xiao family was in a small mountain village in Nanguang Province. Almost all in that village were people surnamed Xiao. They belonged to a large family that had developed for hundreds of years. Because the branches and leaves were too large, it had grown to thousands of people. At the time of scale, most of them have been out of the five clothes, and the blood relationship is very weak, and it can’t even be called a blood relationship.

At that time, Fredmen Xiao’s father and Old Master Xiao were both teenage boys. The seven or eight generations of the two were barely relatives, but the two of them had good personal relationships, and they were considered lifelong friendships.

Later, after being invaded, the Xiao family ran for their lives in a hurry and fell apart. Fortunately, Fredmen Xiao’s father had taken his life fortunately for his Mr. Xiao’s persistence.

Later, everyone was separated in the flames of war, so they had not been able to find each other.

Fredmen Xiao’s father was still thinking about this until his death, so he asked Fredmen Xiao to find a way to find his benefactor and come over to thank him.

However, Fredmen Xiao didn’t take it seriously. Although he agreed to his father’s wish after his soul left his body, he forgot about the matter.

Until a few days ago, he kept having nightmares repeatedly, dreaming that the Old Master came back to him and complained that his words were not honored. Then he found the fortune-telling master to look at it. The master said that the Old Master’s last wish is strong. If he does not fulfill it for him, he will come to find him in the dream.

No way, Fredmen Xiao spent money to hire people to look around and found clues to the Wrester Xiao family.

After hearing this, Mrs. Xiao started to cry with excitement.

This is really nowhere to be found, there is still another light in the dark!

Future Company Group is a listed group with a market value of tens of billions. Fredmen Xiao uses his fingers to help the Xiao family survive from desperation!

### **Chapter 337**

Thinking of this, the Old Mrs. Xiao couldn't help being excited, and said to Fredmen Xiao: "Oh, Fredmen, your father was really a good man who knew his gratitude! He remembers all these years of things so clearly!"

Fredmen Xiao nodded and sighed, "After all, it is a life-saving grace, and my father has never forgotten it for so many years.

After finishing talking, Fredmen Xiao took out a red high-end jewelry box from his pocket and handed it to Mrs. Xiao, saying: "My father saved money and told me that I must deliver this item to Mrs. Xiao, but Mrs. Xiao also drives the crane. Go west, then I will give it to you!"

Old Mrs. Xiao thought it was to repay her kindness, so he gave her some rare and precious treasure, she was excited to take it, and she opened it and saw it suddenly.

It turned out to be a rusty bullet? !

What the h\*ll is this?

The Old Mrs. Xiao looked at Fredmen Xiao suspiciously: "Fredmen Xiao, this is."

Fredmen Xiao hurriedly said: "This is the bullet that the devil hit into my dad's leg back then. Old Master Xiao used a red knife to dig it out. My grandfather kept it close to his body. He gave it to me before he left. To keep as a memorial."

Old Mrs. Xiao was almost scolding her mother in her heart.

What the h\*ll is going on?

My Old Master saved your dad's life, so your dad will give a bullet of decades-old as a souvenir?

Are you too picky? What is the grace of dripping water and retribution to the spring?

This broken bullet is not worth a penny, and it's been in the human body before, so weirdly panicked. You give this thing to me? ! It's better to give eighteen million to let us tide over the difficulties!

Thinking of this, the Old Mrs. Xiao said with a sigh of relief: "I really didn't expect your father to be such a kind and righteous person. If he knew that our Xiao family was suffering from the disaster, he would definitely help?"

Fredmen Xiao's expression was startled, and he said that he was really a poor relative of his mother. Did he want money without saying three words?

However, after all, he was here to help the Old Master repay his wishes, so he was unkind and unreasonable, so he followed the flow of the boat and asked: "Old Mrs. Xiao, I don't know what disasters your family is facing now?"

Mrs. Xiao hurriedly said: "We have a company that is mainly engaged in decoration projects, called Xiao Group. The business was prosperous, but now the capital chain has encountered a problem and is about to go bankrupt. We need a sum of money to save it."

Fredmen Xiao nodded and said with a smile: "Mrs. Xiao is a blessed person when she looks at her face. Don't worry, I believe that the Xiao family will be able to make good luck!"

After listening to the Old Mrs. Xiao, he really wanted to scold her.

This is because he wants them to have a grateful heart and take some money to show the meaning of not looking at the face of the monk and looking at the face of the Buddha. If he doesn't look at the face of the Buddha, he will also see the face of a dead father.

In the end, he is better. Tells her that she is blessed, and can he turn bad luck into good luck?

If it weren't for her distinguished status, old woman, he really wants to wedge her face with a bench!

At this moment, Fredmen Xiao couldn't help looking at Theresa, who seemed to be desperate, and then smiled and said to the Old Mrs. Xiao: "Lady Xiao, you haven't introduced the others?"

Old Mrs. Xiao took a close look, and when she took a closer look, she saw that Fredmen Xiao seemed to have some thoughts about Theresa.

Suddenly, she seemed to have found a life-saving straw.

### **Chapter 338**

Thinking of this, she hurriedly introduced Noah Xiao and said: "This is my eldest son Noah Xiao.

Fredmen Xiao nodded with Noah Xiao, but he didn't seem to care about him in his attitude.

The Lady Xiao introduced Jay and said, "Fredmen Xiao, this is my grandson, Jay."

Jay knelt and licked his face and said hurriedly: "Hello Mr. Fredmen! Please take care of me in the future."

Fredmen Xiao responded with um, um, before the Lady Xiao introduced Theresa, his eyes had already ran to Theresa.

At this time, the Old Mrs. Xiao smiled unpredictably before introducing Theresa and saying: "Fredmen Xiao, this one is my granddaughter Theresa Xiao."

Fredmen Xiao breathed a sigh of relief.

He came to the Xiao family for the first time, and he was worried about whether Theresa would be Jay's wife. In that case, he didn't seem to have a chance to start.

But when she heard that she was also from the Xiao family, Fredmen Xiao's heart suddenly became alive.

Although Theresa is not a superb beauty, she can definitely be regarded as an upper-middle or even first-rate. Otherwise, Phil of the Wang family would not be able to look down upon her.

It's a pity that Theresa has always been pressed by Avella, a top super first-class beauty, so no matter whether she is in Xiao's house or in Wrestvel, she can't seem to show it.

But now that Avella is not there, Theresa has just cried again, her eyes and nose are red, which really makes a man feel the desire to care for her and protect her in his heart.

The Old Mrs. Xiao saw that Fredmen Xiao was wrong with Theresa, so she hurriedly said: "Fredmen, Theresa is 24 this year, and she has no boyfriend. If there are suitable young talents around Fredmen Xiao, you can introduce them to Theresa."

She didn't really want Fredmen Xiao to introduce someone to Theresa, she just told Fredmen Xiao in a disguised form that her granddaughter is single now if he wants to have a chance!

Fredmen Xiao was indeed tempted.

He is old and his wife is also old, and he has long lost interest in her.

Moreover, when he came to Wrestvel this time, his wife was not around, so I could play at will. If I could take this opportunity to be happy with Theresa, it would indeed be a good thing in the world.

Thinking of this, he took the initiative to reach out to Theresa, smiled, and said, "Ms. Theresa is so beautiful, why doesn't she have a boyfriend?"

It's okay not to say this. When he said this, Theresa's eyes were red, and two lines of tears flowed out.

She was dying in discomfort.

The Xiao family is dying now, and all his good expectations have all gone into vain. Phil now thinks that he wants to see the plague god, and can't avoid it. Let alone marry that family, even if she asked him to have a breakup, he probably won't take a look at her.

She is so miserable, but her cousin, Avella, is like a fish in the water. So many big people used to celebrate her opening, really wanting face and pomp, such a comparison, how can she not be angry, not annoyed deep in her heart, Not desperate?

Seeing Theresa crying, Fredmen Xiao suddenly felt distressed and said hurriedly: "Oh, what is wrong with Miss Theresa? Why are you crying?"

Mrs. Xiao hurriedly said, "Isn't there something wrong with our family's company? Theresa has a deep relationship with the company and feels uncomfortable. For these two days, she has been begging me to find a way to save the company. But I Lady Xiao, seeing The loess is half-buried, what can I do to save the company? So there is no way, I can only watch my precious granddaughter cry uncomfortably"

Fredmen Xiao immediately said to Theresa, "Ms. Theresa, if you have any needs, you can tell me! I am quite capable, maybe I can help you?"

### **Chapter 339**

Fredmen Xiao suddenly said that he could help, which made Old Mrs. Xiao overjoyed.

However, Theresa was not happy at all in her heart.

Her focus is not on the Xiao Group at all.

Even, she doesn't really care about the life and death of the Xiao Group.

She just wants to complete her life counterattack, marry a rich son, and then become the envy of everyone, and then she will reach the pinnacle of her life.

In that way, the Xiao Group is nothing more than her own family's property. What does it have to do with her?

What makes her most sad now is Phil's unfeeling towards her and her confusion in the future.

As for the Xiao Group, she doesn't care.

Seeing that she was indifferent, the Old Mrs. Xiao hurriedly pushed her and said, "Theresa, what are you doing in a daze? Thank Mr. Fredmen Xiao quickly!"

Theresa was stunned, raised her head, and said, "Thank him for what?"

Old Mrs. Xiao angrily said: "Of course it is Mr. Fredmen Xiao who is willing to help the Xiao Group! Are you stupid?"

Theresa blurted out: "I care about the life-long events of Phil and me, not the Xiao Group!"

"b\*stard thing!" The Old Mrs. Xiao was so angry, she raised her hand and slapped Theresa in the face.

At this time, the Old Mrs. Xiao cursed in her heart: "I'm almost making the Xiao Group's future bright. Are you still thinking about Phil's mischief? It's really annoying to me! Why don't you know to help me share my worries?! What a waste!"

Suddenly Theresa received a slap in the face, looked at the Lady Xiao dumbfounded, and immediately cried: "You are sick! What are you doing with me?! What does the Xiao Group have to do with me? I don't work in the Xiao Group! Yes! Beat me, why don't you go and beat that b\*tch Avella!"

Old Mrs. Xiao was stunned!

Never dreaming that Theresa would dare to disobey her!

She was about to get angry, but Theresa turned her head and ran out.

This

The Old Mrs. Xiao was so embarrassed that she blurted out and shouted at Noah Xiao: "Go and chase her back!"

"Okay" Noah Xiao nodded awkwardly: "I'll go after her."

The Old Mrs. Xiao said to Fredmen Xiao with a guilty face: "Fredmen, I'm really embarrassed, let you watch a joke."

Fredmen Xiao was also a little embarrassed, he smiled, and asked, "I think Miss Theresa seems to be a little irritated, what is going on?"

"Hey." The Old Mrs. Xiao sighed and said: "Don't mention it, it's all the unfortunate misfortune of our Xiao family, who hired a mean and dirty son-in-law."

Afterwards, the Lady Xiao said all about Marven and Avella leaving the Xiao family, causing the Xiao family to fall into trouble, and even causing the Wang family to remarry with Theresa.

However, Lady Xiao cannot say that.

According to the version from the Lady Xiao's mouth, all the fault lies in the unfilial son Dave's family of four, who betrayed the family, betrayed the blood, and even forced the Lady Xiao to kneel and beg.

Fredmen Xiao was somewhat uncomfortable when he heard this, and sighed: "There are such unscrupulous descendants, it is too much!"

The Old Mrs. Xiao wiped away her tears, looked at Fredmen Xiao, and pleaded: "Fredmen Xiao, you are the chairman of the Future Company Group. If you can help us, our Xiao family will definitely be able to make a comeback."

### **Chapter 340**

"Oh," Fredmen Xiao smiled awkwardly and said, "Well, to be honest, investing in this kind of thing is very prudent. First of all, I need to know the specific situation of Xiao's company and see if there is any investment value, how much investment, and how long it will take to return. So that I can make a decision to invest or not to invest"

Mrs. Xiao knew very well in her heart that the Xiao Group is now in a mess. If it really depends on the specific situation, no one will invest.

How to vote? It is useless to invest tens of millions in the Xiao Group. After Emgrand Group does not cooperate with the Xiao Group, everyone does not wait to see the Xiao Group going down.

And what the Xiao Group does is the decoration project itself. This kind of business requires other people to work for them. If no one wants to work, it can only be idle.

Therefore, normally, no one will invest in the Xiao Group, unless there is a fool who has no money to spend.

Fredmen Xiao was extremely shrewd at first glance, and he would never be willing to help in vain. Unless there is sufficient return, it is possible for him to payout.

The Old Mrs. Xiao thought for a moment and said to Fredmen Xiao: "Fredmen, let's do this. You have just come to Wrester. We are a family. Your father and my husband also have connections. We should understand more and communicate more. How long do you think you can stay at our home?"

Fredmen Xiao thought, and hurriedly asked, "Well, I'm an outsider, it is not convenient to live at your home? After all, Miss Theresa has not yet left the cabinet."

In fact, an old fox like Fredmen Xiao knows his motives very well, so his speech is also very technical.

If he asked directly whether Theresa lived here, he would immediately appear what he really is, this is not what he wants.

If he changes the way and asks her if she live here, will it affect Theresa? That would be very technical.

If Lady Xiao said, don't worry, if Theresa doesn't live here, it won't have any impact, then she just politely refused.

If the Lady Xiao says, you can rest assured that they are all from your own family and will not have any influence on Theresa, then it proves that Theresa also lives here, and she agrees.

The Old Mrs. Xiao is also a good person, how can she not know Fredmen Xiao's motive?

The reason she invited him to stay at home for a few days was to persuade Theresa and let her find a chance to get closer to Fredmen Xiao.

Her wishful thinking is very good because then, Fredmen Xiao will definitely be able to invest in the Xiao family.

After all, Fredmen Xiao is the chairman of a listed group. If he invests in the Xiao family, it will not only solve the money problem but also bring a strong enough background to the Xiao family. At that time, the Xiao family will be able to come back to life and create glory again!

So she smiled and said, "Don't worry, Fredmen Xiao, Theresa is a very sensible girl. She must also welcome Fredmen Xiao to live at home. Besides, although our house is a bit old, it's a single-family villa. , You live here, outsiders will not know."

Fredmen Xiao immediately relaxed, nodded, and said, "Then I will be more respectful than my fate! I just have some business to talk about in Wrester these days. By the way, I can get to know you more and then consider whether to invest in your business. "

"Okay!" Old Mrs. Xiao smiled excitedly: "That's great. I'll let someone go and clean up the guest room."

While talking, Mrs. Xiao lowered her voice and said: "Fredmen, to tell you the truth, the guest room is opposite Theresa's room. If you have any needs, you can find her."

Fredmen Xiao was extremely excited.

OK!

This Lady Xiao really took the road!

Although he has money and no shortage of women, it can easily be known by his wife if he messes around outside.

However, if he lives in Xiao's house, if he can get along with Theresa, then he definitely doesn't have to worry that his wife will know.

After all, in her eyes, this is his own family, he is here to fulfill his father's last wish, so she will definitely not doubt it!

This is definitely a great choice for stealing fish!
