

The Amazing Son In Law Chapter 351-360

Chapter 351

Just as Avella felt that Marven had undergone tremendous changes, Fredmen Xiao, who had escaped from the venue, returned with his four bodyguards aggressively!

These four bodyguards are the four most capable of playing under his hand, and their strength is extraordinary.

In his opinion, with these four people, it was so easy to kill Marven!

However, he was not prepared to kill Marven in the crowd.

He thought, first in the crowd, forcing Marven to call himself grandfather! Get the face he lost just now, and then destroy Marven's roots!

After that waiting for today, looking for another opportunity to kill Marven!

The previous is just asking for some interest, and only by killing Marven, in the end, can he relieve his hatred!

After all, he has lived for more than fifty years and has never been as embarrassed as he is today!

After rushing into the venue with his bodyguards, Fredmen Xiao pointed at Marven and shouted: "Whoever crushed his thing to me, I will give him one million!"

One million is a huge sum of money for the bodyguards, and the four bodyguards rushed towards Marven at the same time!

Avella saw the four strong men madly rushing towards Marven, she screamed in fright and wanted to pull Marven away.

But Marven stood still, motionless.

escape? move from here!

How could the dignified young master of Ye family be scared away by this kind of battle?

Scared? Not even there!

Not to mention that I am the young master of Ye family, just with the Nine Profound Heavenly Secrets, these three-legged cat Kung Fu bodyguards cannot be his opponents!

The four bodyguards looked at Marven at this time, completely treating him as a bundle of banknotes! They were afraid that they could not get it, so they rushed to him desperately.

Marven smiled and locked his eyes on the movements of the four at the same time, just waiting for them to rush to the front, and directly destroy them all!

A bodyguard who had practiced sprinting quickly took the lead. He grinned and said to Marven: "Smelly boy! Dare to provoke Fredmen Xiao, I will kill you!"

As soon as the voice fell, people had already arrived in front of Marven.

Just when everyone thought that Marven was bound to face a severe beating, Marven suddenly jumped on the spot and kicked the man's chest fiercely.

Boom!

The bodyguard with a height of 1.9 meters turned into a human shell and flew out!

His 14 ribs were kicked and broken by Marven!

There are only twenty-four ribs in total, Marven kicked most of them with one kick!

When he flew out upside down, there was still a spurt of blood in his mouth, which looked miserable.

And the three people behind were suddenly caught!

Originally, he was following the opponent and rushed forward, for fear that he would not be the first to make a million.

As a result, he didn't expect this person to suddenly become a powerful human cannonball, directly hitting the three of them, and instantly knocking them to the ground!

"Huh!"

The scene exclaimed!

No one thought that Marven would have such a powerful force with a kick!

A woman next to him exclaimed, "This! This is impossible!"

Marven glanced at her and sneered: "Impossible? Even if there are tens of them, they don't deserve to be compared with me!"

Marven is not arrogantly bragging!

Although martial artists are very strong, he has not exceeded the scope of an ordinary person.

And he has the Nine Profound Sky Secrets by his body, and the body has been strengthened by an aura, no matter how strong an ordinary person is, he can never be compared with Marven!

At this time, of the four bodyguards, the one who was kicked first had passed out.

The remaining three were also smashed to the ground, fractured all over their bodies, lying on the ground wailing.

Chapter 352

The eyes that looked at Marven were also full of horror!

Why is this guy so scary? ! Before the three of them actually fought him, they were hit by this person and they lost their combat effectiveness? ! This is simply a god!

Marven stepped up to the three of them, stared at them with two cold lights, and said coldly: "I like being a dog for others so much, then they will all crawl on the ground!"

After speaking, he stepped on the right leg of one of them!

Click!

The kneecap of the right leg was crushed

Immediately afterward, he raised his foot again, and the opponent's left leg was not let go!

Seeing this, the other two trembled in shock!

Immediately, the two cried and begged Marven for mercy.

Marven said coldly: "You gangsters are more cruel than anyone when they hurt people, and more cowardly than anyone when they hurt you. I let you go today, and when you face the weak in the future, you will definitely be This vicious face! I abolished you for the sake of the people!"

After all, don't care about the other party's crying and wailing at all, going up is four feet!

Click! Click! Click! Click!

In the world, there have been three more useless people who can no longer stand up!

The scene was frightened by Marven's brutal methods.

Fredmen Xiao and Theresa who followed were also frightened!

Fredmen Xiao never dreamed that Marven would be so ruthless and so strong!

His four bodyguards, one face-to-face effort, were all gone! Completely scrapped!

They are all master fighters! One of them was the national champion of fighting in previous years!

Fredmen Xiao's frightened legs swung straight, and the place where he was wet before felt cold.

He turned around silently, stepping to escape.

Whatever you say, you can no longer fall into Marven's hands

At this time, someone suddenly said: "You old dog, you want to slip if you provoke Mr. Ye?!"

Immediately after the crowd separated, Orvel walked in with a few brawny men in black, with a sneer, directly stopped in front of Fredmen Xiao.

Fredmen Xiao looked at him in a panic and asked, "Who are you?"

Snapped!

His response was a resounding slap in the face.

Five fingerprints appeared on Fredmen Xiao's face, and he furiously said, "Do you dare to hit me? I am the president of the Nanguang Chamber of Commerce!"

Snapped!

Orvel didn't show any mercy and slapped his face again.

"Guild leader? You're fighting the chairman! If you dare to be disrespectful to Mr. Marven, you will die!"

Fredmen Xiao was angry and frightened, and hurriedly said: "Misunderstanding! Misunderstanding! between me and Mr. Marven, it is just a misunderstanding! I'm leaving now, I'm leaving now!"

"Want to go?!" Orvel smiled contemptuously and said, "Have you asked Mr. Ye?"

Fredmen Xiao hurriedly turned his head, looked at Marven, and pleaded tremblingly: "Marven, Mr. Marven, it was a misunderstanding just now. These four guys troubled you, and I can't stop them. They are here now, facing the end they deserved, please let me go"

Marven nodded and smiled: "Okay, I can let you go, after all, I let you go just now."

Having said that, Marven looked at him and said playfully: "However, what should you do, don't I need to teach you anymore?"

Fredmen Xiao was afraid that Marven would abolish him like a bodyguard, so he knelt on the ground with a plop, crying in tears and begged: "Dad, I beg you, my lord, have a lot, so please spare your son this time!"

Orvel was stunned and blurted out: "f*ck it! You really are so conscious!"

Fredmen Xiao smiled bitterly and said, "I'll tell you, I'm already skilled in business."

Chapter 353

There was a sneer around.

This Fredmen Xiao is really unseeded!

At this moment, he called Marven's father three times!

What the h*ll is the famous chairman of Future Company Group?

However, how can Fredmen Xiao take care of it now?

He knows that a man must be able to bend and stretch.

To be alive, you must first have fate before you can have a seed, right?

Life is gone, does he want to plant an egg?

Therefore, he hurriedly licked his face and said to Marven: "Dad, please raise your hand and spare me this time. I will be grateful to Dade and Dad forever!"

Marven waved his hand and said with a smile: "It's okay to call Dad just now, but it doesn't work now."

Fredmen Xiao was startled, thinking that Marven was going to kill him, and kowtow hurriedly crying: "Dad, I'm really wrong Dad! Please, for the sake of my age, please spare me this time."

Marven glanced at Theresa, who was already scared next to him, and said lightly: "Theresa, your patrons are already kneeling, why are you still standing?"

Theresa was taken aback, and said in a panic: "What do you mean?"

Fredmen Xiao hurriedly stretched out his hand and violently pulled her to the ground, causing her to kneel in front of Marven, and whispered: "You let the dog eat your brain? Don't you know you want to kneel and talk to father?"

No way, Fredmen Xiao's desire to survive at this moment is too strong, face, dignity, face, and so on are completely unimportant.

Theresa knelt on the ground and did not dare to move or talk nonsense. Fredmen Xiao then said to Marven: "Dad, are you satisfied this time?"

Marven shook his head: "Not satisfied."

Fredmen Xiao trembled and asked: "Then how can you be satisfied?!"

Marven smiled playfully and said, "Call me Grandpa loudly. If the call is good, I can consider letting you go."

Fredmen Xiao's heart wants to die.

Today, he has a brain problem. He had to fight against this Marven, not only did he not take advantage of it, but it was bad luck!

Beaten, knelt, kowtowed, called dad, peed pants

Now, let him call his grandpa.

It's shameful to throw it at grandma's house

Seeing him hesitate, Marven asked coldly, "What? You don't want to?"

Fredmen Xiao trembled and said hurriedly: "Yes, I do!"

After finishing speaking, he immediately knocked his head and cried: "Grandpa! I was really wrong, please forgive me!"

Marven frowned and asked him: "Who am I?"

Fredmen Xiao said with tears: "You are my grandfather!"

Marven asked again: "Then who are you?"

Fredmen Xiao cried and choked, "I am your grandson"

Marven gave a hum, nodded, and said, "Okay, I am so young, and I am also a grandfather. If this is the case, then I will spare your life."

Fredmen Xiao finally breathed a sigh of relief, kowtow again and again, and got up to leave.

"Wait a minute!" Marven stopped him: "Just leave like that? Without asking?"

Chapter 354

Fredmen Xiao endured the humiliation and anger in his heart, and respectfully said to Marven: "Grandpa, can I go now?"

Marven patted his face and said lightly: "You can go, my dear grandson!"

Fredmen Xiao shed tears of humiliation, then turned around and walked out tremblingly.

Theresa didn't dare to delay and immediately followed out.

When the two of them left, they were afraid that Marven would stop them trouble them again, but Marven had no interest in talking to them.

Fredmen Xiao's lifeblood has lost his power, and for the rest of his life, he will be trapped in extreme pain and unable to extricate himself!

After the two went out, Mr. Orvel hurriedly stepped forward to salute Marven and said respectfully: "Mr. Ye, I was late. It is my fault to let you waste your tongue and hands with this bunch of garbage yourself. Please punish me."

Marven waved his hand, not caring about these, but asked: "Why are you here? Isn't this a summit of the construction and decoration industry? Are you still in the decoration business?"

"Yes!" Orvel smiled and replied, "Most of the cement yellow sand used in Wrester decoration is controlled by me. Speaking of which, I am also a big middleman in the decoration industry, so they also invited me as well."

Marven knows that in the decoration industry, there are plenty of dealers, which are all gray industries. Orvel is mixed with society. It is normal to do some gray industries for him.

So he nodded and said, "You, don't do anything harmful to the world and don't bully ordinary people."

Orvel hurriedly said: "I follow Mr. Marven's teachings, I have already started to cleanse, how can I dare to do those harmful things again"

Marven grumbled with satisfaction.

Orvel pointed to Fredmen Xiao's four deposed bodyguards and asked: "Mr. Ye, what about these four people?"

Marven said, "Take the legs of the fainted guy and throw them away so that it won't affect my mood!"

Orvel nodded immediately, and instructed the people around him: "Don't you follow Mr. Ye's instructions?"

Everyone hurriedly bowed, "We will follow Mr. Ye's arrangement!"

After finishing speaking, the knee of the person who passed out first was also abolished, and then they dragged four dead dogs and took them straight out.

Fredmen Xiao could only drive by himself and drove Theresa to the hospital for treatment of her facial injuries, and then drove back to Xiao's villa.

In the car, Fredmen Xiao was in pain all over, and his heart was full of extreme indignation.

Theresa gritted her teeth and said in hatred: "My dear! Marven, this Rubbish, even dared to beat you. He is looking for death! You must not let this beast go!"

Fredmen Xiao's face was dark, with cold eyes, gritted his teeth and said angrily: "Don't worry, I will kill him! Not only will I kill him, but I will also take his skin off! I'm so big! No one has dared to do this to me!"

Theresa was overjoyed, her disgust towards Marven had already reached a peak, and now Fredmen Xiao had a murderous intention on him, and he would not live long if she wanted to.

Theresa said coldly: "My dear when you do it, you must remember to take me. I will torture him severely. I will watch this rubbish kneel and beg for mercy with my own eyes!"

Fredmen Xiao slammed a fist on the back of the seat, and said angrily: "I will definitely thwart this waste!"

"Great!"

Theresa knew that Fredmen Xiao's family had a lot of clout, and it would be so easy to kill Marven.

The reason why he met this fate today was mainly that the manpower he brought was not enough. If he had brought dozens of people over next time, would Marven still survive?

By then, Marven will undoubtedly die!

Thinking of this, she had already experienced a burst of excitement in advance of revenge!

She couldn't help but looked at Fredmen Xiao, and said delicately: "My dear, this Marven will be killed by you sooner or later, so you don't need to be too angry now, lest you hurt your body."

After speaking, she immediately gave a wink and said in a numb voice: "When we go home, I will take care of you."

Chapter 355

Fredmen Xiao did hold back the evil fire, and he needed Theresa to help to vent, otherwise, he would have to hold back the sickness!

Therefore, immediately after returning to Xiao's house, Fredmen Xiao couldn't wait and pulled Theresa to go upstairs.

Noah Xiao and Horiyah in the living room were embarrassed on their faces when they saw the two come in and went straight upstairs without saying hello.

Seeing that the two were rushing upstairs, the Old Mrs. Xiao coughed and said: "Theresa can keep up with Chairman Xiao, that is her blessing, you two should not think about it."

Noah Xiao nodded awkwardly, and said, "Mom, I didn't think about it, but I felt a little awkward."

Old Mrs. Xiao said disdainfully: "What's so awkward about this? Isn't it enough if you have money? The five million that Chairman Xiao gave to Theresa, is it now in your hands?"

Noah Xiao nodded and said, "Yes, mom, in my hands."

The Old Mrs. Xiao said earnestly: "If Theresa and Chairman Xiao have a better relationship, let alone five million, what does it count as fifty million? At that time, will all this money go into your pocket?"

Upon hearing this, Noah Xiao felt much better.

The reason why he promised his daughter to be together with Fredmen Xiao was simply because of the money.

Fredmen Xiao invested 10 million in the Xiao Group and gave another 5 million to Theresa. This is a big deal, and this is just the beginning. Over time, he will definitely invest more money in the group.

Thinking of this, Fredmen Xiao immediately disappeared from the previous embarrassment and took his wife Horiyah back to his room on the first floor.

As soon as he entered the house, he said anxiously: "My wife, the flat floor that we saw at Tomson last time, the down payment is five or six million, and we can also make up the first payment, but the decoration inside, I can't handle it, but now that Fredmen Xiao has given Theresa the five million, we add the money and there is no pressure to buy the big flat!"

Horiyah was overjoyed at first and soon said with a gloomy expression: "I don't want to live on the first-class floor of Tomson. Dave's family and the Rubbish Marven live in the villa area inside. I will live outside of them, stand guard for them, let them laugh at me? I won't go!"

Fredmen Xiao said: "In this way, we are now in the early ten million, and we will talk to Theresa tomorrow, let her blow the pillow breeze in the ears of Chairman Xiao, and see if we can let Chairman Xiao sponsor us millions more. At that time, we will buy a villa with a down payment!"

Although Tomson's villas cost hundreds of millions at every turn, the prices of other villas in Wrestvel are not too high.

A villa with a detached house, normally only 20 to 30 million, with a down payment of 40, the money on hand is enough.

However, decorating the villa is also a huge expense. At least three to five million must be prepared for decoration, so Noah Xiao and his wife cannot afford it.

However, if Fredmen Xiao can sponsor a little, wouldn't it be easy to solve?

Horiyah couldn't help getting excited and said, "You said, can Fredmen Xiao give us some subsidies?"

Noah Xiao smiled and said: "With the face of our family Theresa, I have to show him no matter what, I think he still likes our Theresa."

Horiyah nodded, her expression full of joy, and the interface said: "Actually, it's really good for Theresa to follow Fredmen Xiao. At least he can't lose money. Chairman Xiao is much brighter than Phil's kid. Theresa has been with Phil for so many years and even had a baby for him. He didn't say to give Theresa millions of pocket money!"

Noah Xiao nodded repeatedly and said seriously: "That's what I said! The family surnamed Wang is not a good thing!"

Horiyah waved her hand: "Forget it, let's not talk about the one that suffered thousands of swords. They will be thundered and killed every day, so let's talk about the house. There are quite a lot of Wrestvel villas, let's drive tomorrow. Take a look?"

“Okay! Then first go to our this other place in Wrestvel. I heard that the villa is not bad!”

The two of them were thinking about the new house when they suddenly heard a violent noise from upstairs at this time.

Chapter 356

Theresa and Fredmen Xiao lived upstairs. The couple looked at each other and hurriedly went out to find out.

At this time, Theresa ran down from upstairs with a crying voice.

Noah Xiao saw that there were still five fingerprints on her face, and asked quickly: “Theresa, what’s the matter? Did Fredmen Xiao hit you?”

Theresa cried and said, “Dad and Mom, he suddenly stopped working. I tried all kinds of methods and he still couldn’t work. As a result, he became angry and slapped me.”

“It doesn’t work?” Noah Xiao asked in surprise, “What’s wrong? What’s the matter?”

Theresa couldn’t take care of her clothes anymore, and hurriedly explained: “It’s just that it’s not working, the man’s one, there is no reaction at all!”

“Huh?” Horiyah asked in surprise: “Could it be that he’s getting older and not so easy to use?”

Theresa shook her head repeatedly: “No! It was alive and well yesterday! It is suddenly totally unusable today.”

Only then did Noah Xiao understand why his daughter was slapped in the face.

To be honest, a man who suddenly loses that ability will definitely lose his mind.

As he was thinking, Fredmen Xiao hurriedly ran down from upstairs wrapped in his nightgown.

Horiyah hurriedly asked, “Fredmen, what’s going on? Why is Theresa not doing well? You can tell her that there is no need to do it, right?”

Fredmen Xiao’s expression was extremely ugly, and he gritted his teeth and said: “Don’t you f*cking bullshit, hurry up and drive me to the hospital!”

Noah Xiao was slightly dissatisfied with Fredmen Xiao’s attitude. Just thinking about the theory, the Lady Xiao also came over and said with a black face: “Noah! What are you doing in a daze? Fredmen Xiao’s body is the most important thing! Go and drive!”

Seeing that the Lady Xiao had come out to give orders, Noah Xiao didn’t dare to talk more, let alone delay, so he quickly picked up the car key and took Fredmen Xiao to the hospital.

On the way to the hospital, Fredmen Xiao's expression was so ugly, and he hated Marven to death at this time!

He finally understands what Marven said before!

Stepping on this into a lump of rotten meat, it is better to make himself look at the unusable roots uncomfortable.

Knew it!

This b@stard didn't know what method he used, so quietly, he was deprived of all the ability to be a man!

How did he do it? He obviously didn't do any harm to his roots!

Why suddenly he can't use it? !

He has been paying great attention to this aspect of maintenance for so many years. There are millions spent on kidney and qi every year. It has always been said to be a livelihood, even more than a young man in his twenties. Nothing less!

What did Marven do to him?

The more Fredmen Xiao thought about it, the more panicked he always felt that Marven seemed strange!

It's okay if this problem can be cured, but if it can't be cured, what's the point of paying it back by yourself? !

Chapter 357

People's Hospital.

Because it was already night, after Noah Xiao brought Fredmen Xiao to the hospital, he could only hang up an emergency number.

After waiting in line for dozens of minutes, after meeting the doctor, the doctor asked, "Where is it?"

Fredmen Xiao sent out Noah Xiao, and said to the doctor himself: "Doctor, it seems to be dying all of a sudden, you help me find out what is going on."

"the instrument?!" The doctor was dumbfounded and said: "This is an andrological disease, and it is not in the emergency department. You should come over tomorrow morning and directly call the andrology doctor to check it for you. We at the emergency department are mainly responsible for headaches, brain fever, accidental injuries, or sudden illnesses."

Fredmen Xiao said angrily: "Doctor is this a sudden illness! Can't you come to see it?!"

The doctor said embarrassingly: "I have been in the emergency for so many years, and I have never heard of sudden dysfunction. This thing has a process. It works well at first, then gradually becomes less useful, and then it becomes worse and worse. It's not easy to use, and then it won't work."

Fredmen Xiao didn't expect that he would describe it to him in such a detailed manner. He suddenly became angry and scolded: "Are you sick? I asked you to arrange an examination for me. How can you tell me this?"

The doctor was also annoyed and blurted out: "What's the matter with you? I told you that your illness is not under our emergency care. If you mess around here, I will let the security guard clear you out!"

"You" Fredmen Xiao gritted his teeth angrily. After a while, he pointed to the computer in front of him, and said coldly: "Hey Cortana, look at Future Company Group!"

The doctor frowned, "What?"

Fredmen Xiao shouted coldly: "I want you to Google Future Company Group!"

The doctor was stunned by his attitude, and subconsciously opened the browser and searched for the Future Company Group.

After opening the encyclopedia of Future Company Group, he saw the head of the chairman Fredmen Xiao.

This, isn't this the Chair of the Commerce committee in front of you?

d*mn it! Turned out to be a big man

The doctor hurriedly said respectfully: "Oh, Chairman Xiao, I didn't know if you are coming, don't be angry."

As he said, he hurriedly said: "Well, please describe to me the course of the illness. I will see if I can arrange for a resident to help you go through the back door to check it."

Fredmen Xiao's face looked a little better now, and he said, "I didn't have any history of this illness. I was fine yesterday, but I suddenly cannot use it today."

The doctor asked curiously: "Is it useless at all?"

"Yes!" Fredmen Xiao said with a black face, "It's useless at all!"

The doctor said: "Then this may have something to do with the nervous system. So, Mr. Xiao, I will arrange for a neurologist to do an examination for you. What do you think?"

Fredmen Xiao waved his hand: "Hurry up!"

The doctor did not dare to neglect him, so he hurried to call the doctor in the inpatient department to help arrange the test.

After all, it's already night. The outpatient doctors have long since returned home after getting off work. Only the inpatient department has night shift doctors on duty.

Coincidentally, the doctor on duty in the inpatient department happened to be the attending doctor when Marven's old-in-law Dave suffered a spinal injury a few days ago.

The attending doctor performed a series of examinations on Fredmen Xiao and looked at the results of various examinations with a grim expression.

Fredmen Xiao was lying on the examination bed in a panic.

He can't feel that piece at all now, he feels that the place has disappeared, let alone use it again.

He had no choice but to use this mouthful in his life. If he couldn't use it anymore, he might as well die.

Chapter 358

Seeing that the doctor looked serious at this time, Fredmen Xiao asked quickly: "Doctor, how is my condition?"

The attending doctor shook his head helplessly and said, "Fredmen Xiao, your problem may not be cured, because through our equipment, your nerves have been completely necrotic and there is no cure.

"Is your hospital not good enough?"

Noah Xiao on the side answered and asked.

The attending doctor glanced at him contemptuously and said: "With the current medical methods, the damaged nerves can be slowly recovered, but the necrotic nerves cannot be brought back to life. It is like encountering a car accident. Some people can stand up slowly, some people will never stand up for a lifetime."

As he said, he looked at Fredmen Xiao again, and said seriously: "This situation is the same no matter where you go, even if it is abroad, it cannot be cured."

"How could this be!!!"

Fredmen Xiao's face was pale and desperate, and he blurted out: "What I have is money! Can one hundred million do? Can one hundred million cure my roots?!"

The attending doctor said seriously: "Nerves are like human life. Even if you are dying, you have a chance to be saved. But if you die, you are really dead. No one can get you back to life."

After that, he said again: "Don't say one billion, ten billion won't save a mortal person. Look at Apple's Jobs, how rich he was? Didn't he die when he was in his fifties?"

As soon as he heard this, Fredmen Xiao's heart felt like a thunder strike.

Can't heal? !

Is it really bad? !

Isn't it because he has made so much money to be able to live a fairy life in the amusement world?

If the roots are abolished, what is the meaning of his life?

Thinking of this, Fredmen Xiao, a well-known business tycoon, even covered his face burst into tears, and wept.

Seeing this scene, Noah Xiao beside him felt a fever in his eyes and almost burst into tears.

Being a man, he can understand Fredmen Xiao's pain at this moment too much.

At the same time, he couldn't help but tighten his leg roots, thinking that he must protect his roots anyway! A man can't do without roots!

At this moment, the attending doctor suddenly said, "However, Chairman Xiao, to be honest with you, someone can cure your disease!"

"What? What you said is true?!" Fredmen Xiao suddenly got excited, grabbed the hand of the attending doctor, and tremblingly asked: "Who can cure it? Tell me!"

The attending doctor smiled mysteriously and said, "This person, he is not from our hospital!"

"Then how do you know that he can cure nerve necrosis?! Didn't you just say that nerve necrosis can not be cured?"

The attending doctor said: "It is true that it cannot be cured, but he alone can cure it! For him, he can cure people with high paraplegia and full paralysis from the neck down, not to mention you are just a handful of people. In the case of paralysis, it is estimated that he can easily heal you."

Fredmen Xiao was so excited that he blurted out, "Who is he? Where is he? Tell me!"

The attending doctor smiled and said, "Fredmen Xiao, it's okay to introduce it to you, but would you also give me some introduction fee?"

Fredmen Xiao immediately took out the checkbook, wrote a check for one hundred thousand, and handed it to him, saying: "If the person you introduced can really cure me, I will give you another nine hundred thousand!"

The attending doctor excitedly accepted the check, and then said: "There is a genius doctor in Wrestvel who cured a patient with high paraplegia a few days ago. This is a miracle in our neurology field! A clinic opened in Wrestvel. If you ask him to take action, maybe he can really heal you."

When Fredmen Xiao heard this, he was shocked for a moment, and asked happily: "The genius doctor you are talking about is Tianqi?"

Chapter 359

“Do you know god doctor Tianqi?” the attending doctor asked strangely.

Fredmen Xiao was overjoyed and laughed: “It’s more than acquaintance! The genius doctor you said is a family friend with our Xiao family! In the beginning the genius doctor, it was thanks to the relief of our family that he could achieve what he is now. In Wrestvel, this is great!”

Speaking of this, Fredmen Xiao jumped up from the hospital bed and said to Noah Xiao: “Hurry up with me to visit doctor Tianqi, I am saved!”

Asking for the address of Tianqi Clinic, Noah Xiao drove quickly and took Fredmen Xiao to Clinic.

As soon as he arrived at the gate of the Clinic, Fredmen Xiao got out of the car and ran in impatiently.

Before entering the door, he found a man who drove out a young man on crutches.

The young man limped and pleaded: “Little master, little master, please tell me to the genius doctor Tianqi, and say I beg him to help me heal it. As long as he heals my leg, I will give him five million!”

The pharmacy guy said coldly: “I’m sorry Mr. Gao Junwei, we said that the genius doctor said that you have offended the lifesaver of the genius doctor, so no matter how much money you give, he will not treat you!”

After speaking, he said again: “Mr. Gao Junwei, you have come here every day for the past few days, and it has interfered with our normal business. doctor Tianqi said that if you come back tomorrow, he will call the police!”

The young man on the crutches looked very painful, and begged: “Little master, please have a good word with the genius doctor Tianqi, I am willing to give you a million for the benefit!”

The pharmacy guy pushed him all the way out the door, and said coldly: “Please go, don’t come again!”

Noah Xiao recognized this young man after going in!

Isn’t this Gao Junwei from the Gao family?

It is said that he offended Marven at the auto show. When Dave was hospitalized, he was fouled by Marven, causing Orvel to throw him directly from the ward on the third floor of the hospital and it broke his leg.

So he hurried forward and asked in surprise: “Oh, Mr. Gao Junwei, what’s wrong with you?”

“Uncle Xiao?” Gao Junwei recognized Noah Xiao, sighed, and said, “Don’t mention it, didn’t I break my leg? I have been suffering from sequelae. The doctor said that I might be lame for the rest of my life, so I hurried to seek help from a genius I was treated, but the genius doctor didn’t want to see me at all and drove me out.”

Noah Xiao was startled, and he blurted out and asked, "Is it because of Marven that doctor Tianqi is not willing to save you?"

"Yes," Gao Junwei gritted his teeth and cursed: "I didn't expect that even the genius doctor Tianqi would be bewitched by this kind of thief!"

Fredmen Xiao asked in surprise: "What's the situation? Uncle Shi also knows that Marven?"

Noah Xiao nodded and said, "It seems that the relationship is pretty good. I don't know what's going on."

Fredmen Xiao said coldly: "How can his relationship with Uncle Shi compare to my relationship with Uncle Shi? I know Uncle Shi when I was three years old. This has been more than 50 years!"

After speaking, he walked in with a haughty look.

As soon as he entered the door, he shouted: "Uncle Shi, save me, Uncle Shi!"

The guy inside who just drove Gao Junwei away said: "Sir, we are already closed. If you want to see the doctor, come back tomorrow!"

Fredmen Xiao hurriedly said: "I and Uncle Shi are old friends! Our two families are family friends!"

As he was speaking, Tianqi heard the sound and greeted him from inside.

Seeing Fredmen Xiao, he asked in surprise: "Fredmen? Why did you come to Wrester?"

Fredmen Xiao said: "It's a long story, let alone those, Uncle Shi, I'm sick, you can save me."

Tianqi hurriedly said: "Don't worry, slowly tell me what's going on."

Only then did Fredmen Xiao spoke and explained his condition again.

After Tianqi finished listening, he slowly frowned.

Chapter 360

Necrosis?

This is really tricky!

In Chinese and Western medicine, there is no good way to treat it.

If it is really necrotic, basically it can only be scrapped.

So, he hurriedly asked: "How did you do this? It's not easy to see such special nervous necrosis!"

Fredmen Xiao didn't want to talk about his embarrassment tonight. He said vaguely: "I don't know what's going on. It's just like that. I went to the People's Hospital just now, where I checked it out and said it was neurological. "

After speaking, he pleaded with a sad face: "Uncle Shi, I was the one you grew up watching. You must help me!"

Tianqi felt very tricky.

This illness is not easy to deal with, even with his medical skills, it can only be said to maintain the status quo so that he will not be necrotic there.

But if you want to cure nerve necrosis and restore function, I'm afraid it's impossible

So he sighed and said, "Fredmen, your problem is very serious. Nervous necrosis is an international medical problem. It can't be cured, and I have no good way."

Fredmen Xiao hurriedly asked: "Uncle Shi, I heard from the attending doctor at the People's Hospital that you can cure even the paralysis below the neck. Why can't I be cured with such a slight paralysis?"

Tianqi sighed and said, "To tell you the truth, your disease is either incurable or the cost of treatment is too high."

After speaking, he said again: "I have a magical medicine given by my benefactor in my hand. The effect of this magical medicine is really amazing. You only need to take half a pill and you will get better."

Fredmen Xiao was overjoyed and hurriedly pleaded: "Uncle Shi, then you can give me this medicine! You can't just watch me become incompetent!"

Tianqi was also a little embarrassed and said sincerely: "Fredmen, uncle tells you the truth. I originally planned to keep this medicine for my life. As you know, I am old and the doctors will not treat themselves, maybe Someday I am dying and I will rely on this medicine to save my life."

Fredmen Xiao hurriedly knelt on the ground and kowtowed his head while begging: "Uncle Shi, you can't die without saving! You can save me this time because of the face of my father and the friendship between our two families for so many years. Right!"

Tianqi hesitated for a moment, struggling inwardly.

After a while, he let out a long sigh and said, "It's fine, I'll give you half of this medicine."

He received the favor of Fredmen Xiao's father. Although he has been helping their family members to see a doctor for these years, the kindness has long been reported several times or ten times, but now that Fredmen Xiao has suffered this kind of injury, he feels that he can't die. .

Seeing Tianqi finally let go, Fredmen Xiao was overjoyed and couldn't help but thank Tianqi.

Tianqi was about to take out half of the magic medicine he had personally cherished but suddenly saw Zhovia rushing in from outside.

Fredmen Xiao was in a good mood. He saw the young and beautiful Zhovia running in and said with a smile, "Oh, Zhovia! Do you know Uncle Xiao?"

When Zhovia saw him, she was stunned.

Looking at Grandpa Tianqi, he actually took out half of the magic medicine that Mr. Ye gave him.

She felt a little in her heart, and hurriedly walked over, pulled Tianqi aside, and whispered, "Grandpa, what are you doing?"

Tianqi sighed and said: "Your Uncle Xiao is injured, I am going to give him this half magical medicine, as it is to pay back the kindness of his Xiao family back then."

Zhovia hurriedly said: "You can't help me, grandpa! Let's not say that you have reported the favor of the Xiao family thousands of times a long time ago. Just talk about this wretched Fredmen Xiao, do you know who he offended today?!"

Tianqi hurriedly asked: "Who did he offend?"

Zhovia blurted out: "Mr. Marven Ye!"
