

The Amazing Son In Law Chapter 361-370

Chapter 361

After hearing what Zhovia said, Tianqi was dumbfounded in shock!

He was surprised and asked: "You mean, Fredmen offended Mr. Ye?!"

"Yeah!" Zhovia nodded repeatedly, and said, "And the offending seems to be quite terrible. He actually ranted to Mr. Ye's wife and offered Mr. Ye's wife 10 million to sleep with him!"

Tianqi was furious, and this Fredmen Xiao was guilty of the bear heart and leopard, dare to provoke Mr. Ye?

Mr. Ye has the kindness to reinvent himself. Compared with him, what is Fredmen Xiao worth?

Yes, his father helped him back then, but after so many years of helping this family treat illnesses and saving its people, he has already repaid their favors thousands of times!

What's more, his father is gone, and he doesn't owe him anything.

If he has simply something wrong with himself, he can save him, and of course, it is his duty to save him!

But if he messes with Mr. Ye, then sorry! The enemy of Mr. Ye is his enemy!

Thinking of this, Tianqi darkened his face and stepped to Fredmen Xiao's face.

Fredmen Xiao couldn't help feeling a little nervous when he saw him coming in with a calm face.

Before he could ask, Tianqi took the lead and asked in a cold tone: "I ask you, did you offend a person named Marven Ye today?"

Fredmen Xiao nodded and said, "Uncle Shi actually knows it too? That smelly rag actually made me embarrassed in public. Sooner or later, I will kill him. He will not be stumbling for a few days. Uncle Shi doesn't have to worry."

Tianqi sneered, pointed outside, and shouted: "Get out of here!"

Fredmen Xiao was stunned immediately, and said in surprise: "Uncle Shi, what's the matter?"

Tianqi said in a loud voice: "Don't call me uncle. From now on, I am cutting off from you and your family, and I will have nothing to do with you!"

Fredmen Xiao was frightened. With Tianqi here, he and his family could be said to have lost their lives.

After all, making money is easy, but the life extension is difficult!

If he turned his face with Tianqi and returned to the family, it would not be better!

More importantly, if he turns his face with him, wouldn't he give himself the half magic medicine?

What about your own roots?

What about the happiness of the lower body and the second half of life? !

So he asked eagerly: "Uncle Shi, what the h*ll is going on? Did you make a mistake?"

Tianqi snorted coldly, and said, "I tell you! Mr. Ye is not only my savior, but also the only true dragon in the world! If you dare to disrespect Mr. Marven, it is tantamount to hitting me Tianqi in the face! For your father's face, I won't clean up you today, so let you go! Don't show up in front of me in the future!"

Chapter 362

"Mr. Ye? Real dragon?" Fredmen Xiao hurriedly said, "Uncle Shi, you too are you always confused and deceived by that smelly rug? What kind of master or real dragon is he? Isn't he just a son-in-law? a hanging rug? He joined the Xiao family, treated me as a guest, and gave me his sister-in-law Theresa to accompany me on the bed. Compared with me, he is a hairy man!"

Speaking of this, Fredmen Xiao said again: "Uncle Shi, this kind of smelly rug is worthy of your maintenance, and even the decades of friendship between our two families are ignored?"

"b@stard!" Tianqi was furious when he heard this. He picked up the medicine pestle next to him and slammed Fredmen Xiao's head fiercely. He cursed, "You still dare to speak rudely to Mr. Ye! Get out of here! "

Fredmen Xiao didn't escape, but Tianqi smashed his forehead with a pill, grinning in pain, and a big bag instantly popped up.

He grinned and stared and cursed: "Mr. Shi, you are so old-eyed! Don't worry about believing that kind of liar, even you dare to beat me! I f*cking kill you!"

After speaking, he raised his chair and was about to smash it towards Tianqi.

Although Tianqi is older, he is also a practitioner. After the old wounds in his body were cured by Marven's magic medicine, his body was more agile and flexible, which was not comparable to an obese middle-aged person like Fredmen Xiao.

As a result, Tianqi dodged dexterously, avoiding the bench that Fredmen Xiao smashed over.

Fredmen Xiao knocked it down, raised a chair, gritted his teeth, and said: "Surnamed Shi, if you want to survive, you can obediently take out the half of the medicine. Otherwise, I will kill you today!"

"b*stard, do you still want to beat my grandfather? I'll kill you!"

Zhovia was so angry that she rolled up her sleeves and rushed towards him.

The Wrestvel family who has really studied traditional medicine for many years has also learned martial arts more or less. This is especially true of the Shi family. The Shi family is not only a master of traditional medicine, but also a family of martial arts. Even the granddaughter Zhovia, who is a foreigner, has also practiced good kung fu. It's more than enough.

Before Fredmen Xiao recovered, he was kicked to the ground by Zhovia. Then, Zhovia put her cloth shoes against his throat and said coldly: "If you don't roll anymore, don't blame me for being impolite!"

Knowing that he is not Zhovia's opponent, Fredmen Xiao hurriedly escaped from Clinic. Before leaving, he would still curse and threaten: "The surname Shi, you will wait for me. Today's hatred, I will definitely find you in the future. Remember me!"

"b@stard thing!" Tianqi angrily scolded: "Get out of here! Never let me see you again!"

Fredmen Xiao escaped from the Clinic in embarrassment, his face full of anger.

Seeing Fredmen Xiao coming out, Noah Xiao hurriedly greeted him and asked, "Fredmen, how is it? Has the genius doctor Tianqi cured you?"

Fredmen Xiao gritted his teeth and said bitterly: "This ungrateful old b@stard actually said that Marven is his benefactor, and he won't heal me for life and death, so he f*cked with me and drove me out!"

Noah Xiao didn't expect that Tianqi was also bewitched by Marven's stinky rag. He couldn't help but sighed: "This Marven is really lingering!"

Fredmen Xiao scolded: "It's all the f*cking waiting for Mr. Ye no matter it is Tianqi or Marven, there will be no good end! I will definitely make them pay the price of blood!"

Noah Xiao also had enough of Marven's suffering, but he had never had a chance and was unable to seek revenge from Marven, so he was very depressed and very angry.

Moreover, he was particularly greedy for the Tomson First-Class villa that Solmon Wang gave to Marven!

If this Fredmen Xiao could really kill Marven, then the younger brother Dave's family would have nothing to rely on, and wouldn't he let him kill them then?

In that way, Tomson's villa is his own!

Thinking of this, he resisted the excitement in his heart, and hurriedly echoed: "Fredmen, what you said is very true! That Marven is an unfamiliar Wang-eyed wolf! A beast! He who has lived in our Xiao family for so many years, Eating from our Xiao family, but repeatedly humiliating our family, and now bullying Fredmen, it is simply a heinous sin, and must be paid with death!"

Chapter 363

Fredmen Xiao really had a murderous intent on Marven.

However, he is also very clear in his heart that there are five words that are right: the Raptors are not the same.

In other words, it is difficult for a strong dragon to crush a local snake.

He couldn't kill Marven at all now.

What's more, this guy's own strength is very strong, and it seems that he should still be a standard trainer.

As the saying goes, the gangster knows martial arts, and no one can control it. If you want to engage with him, you must find a real master, otherwise, it might be useless!

At the moment, the most important thing is to find a way to cure his own disease, otherwise, life will be worse than death in the future!

Thinking of this, Fredmen Xiao hated Tianqi's teeth!

This old dog day! He obviously has medicine that can cure him, but he doesn't even use it for on him!

What is even more annoying is that he actually drove him out of his hospital for that Marven, what a d*mn!

Noah Xiao was also worried. If Fredmen Xiao's illness cannot be cured, wouldn't his daughter be honorably laid off?

In that way, how can he reach the pinnacle of his life?

The Xiao family now only got Fredmen Xiao's 10 million investment. Fredmen Xiao promised 80 million at the beginning, and 70 million has not been given yet. If he can't find the ability to be a man, then 70 million is definitely not coming their way!

Thinking of this, he was even more anxious than Fredmen Xiao, hoping that Fredmen Xiao could regain his power.

So he asked with great concern as he drove: "Chairman Xiao, this Shi is so ignorant, do you want me to find some people for you, beat him up, and take his medicine?"

Fredmen Xiao waved his hand: "This old dog thief is very strong, and his granddaughter is also very unusual. More importantly, the Old Master has seen a lot of big people and really offended him. Maybe it's big trouble."

Tianqi is a master of traditional medicine. In Orgeyon and several other big cities, he has been regarded as a guest by countless big figures and big families. Although Fredmen Xiao is also very powerful, he really has to count it. Among the people Tianqi knows, he is even in the top 30. Can't get in.

Therefore, he dared not offend Tianqi rashly.

To cure the disease, they can only find another way.

But at this time, he suddenly remembered something and said to Noah Xiao: "I have a friend who owns a pharmaceutical factory in Wrestvel. It is one of the largest companies in the country. I will contact him tomorrow."

Noah Xiao breathed a sigh of relief and hurriedly said, "That's really great! I'm really afraid that your body won't recover."

Fredmen Xiao said: "Go to the roadside drugstore first and buy me some v!agra to try!"

"Okay!" Noah Xiao hurriedly parked his car on the side of the road obediently, got off the car and went to the drugstore on the roadside, and bought Fredmen Xiao a large box of imported v!agra.

Fredmen Xiao couldn't wait to say: "Go, drive home quickly, let Theresa try it with me!"

Noah Xiao was a little embarrassed. He didn't expect that Fredmen Xiao would actually ask his daughter to try the medicine in front of him.

However, since this kind of thing has been done, there is no need to care too much about it, so he didn't take it seriously anymore, and drove home quickly.

Chapter 364

Tianqi was still angry.

Two people who asked for their own treatment came tonight, and they all offended Mr. Ye!

That Junwei Gao pretended to be forced with Mr. Ye in the ward that day, and finally failed to pretend to be forced. He was thrown directly out of the window on the third floor by Mr. Orvel and broke his leg. He did not expect that he still had the face to come to seek treatment for himself!

And that Fredmen Xiao!

The most hateful is him!

He had offended Mr. Ye before, so he almost gave him the medicine, unaware of the story background!

If he really cured him, wouldn't it mean that he would avenge Mr. Ye En invisible? !

Thinking of this, he couldn't help but sigh with his granddaughter Zhovia: "Zhovia, fortunately, you came in time. If you come late, grandpa would give Fredmen Xiao half of the magic medicine!"

Zhovia was also a little scared, and said, "Grandpa, I heard that the reason why Fredmen Xiao lost that ability is because of Mr. Ye!"

"That's it!" Tianqi couldn't help exclaiming: "Mr. Ye can destroy his nerves invisibly. This is really a great ability! Even if the best surgeon manually removes the nerves, it can't be so accurate."

Zhovia said: "He deserves it! Who made him offend Mr. Ye!"

After speaking, Zhovia said again: "Grandpa, I think you should make a stand with the entire Xiao family. Otherwise, if Mr. Ye knows that we have a relationship with their family and misunderstands you again, that would be bad! "

"Okay!" Tianqi nodded and said, "I will call the sister-in-law of the Xiao family and explain the matter to her."

After all, Tianqi took out his mobile phone and called Fredmen Xiao's mother, Bihua Xiao.

Bihua Xiao is eighty-three years old this year. There is a Chinese saying: "Seventy-three, eighty-four, Hades will pick them up." This means that there are two major obstacles for the elderly, which are seven. At the age of thirteen and eighty-four, the elderly are most likely to get sick and die at these two ages.

The reason for such a saying is closely related to the two great saints in ancient China.

Confucius, the sage of Confucius, lived 73 years old

Mencius Meng Yasheng lived eighty-four years old.

The Chinese people have always admired Confucius and Mencius from ancient times to the present. That's why there are two big hurdles of seventy-three and eighty-four.

In Bihua Xiao's first hurried year, when he was seventy-three years old, he suffered a serious illness.

At that time, it was Tianqi who rushed all the way to Orgeyon and prescribed nine prescriptions to Bihua Xiao before pulling her back from the gate.

Bihua Xiao knew in her heart that she was about to reach the second hurdle in her life. This time she was getting older and might be even more dangerous, so she especially hoped that she could invite Tianqi over before her birthday.

So, when she received Tianqi's call, she cordially said: "Tianqi, I was thinking about calling you! Next month is my 84th birthday on the lunar calendar. Will you have time? If so, what do you think of it when you come to the birthday banquet for the Lady Xiao?"

Tianqi knew very well that Bihua Xiao was going to have a second hurdle year this year. If it weren't for what happened today, the Lady Xiao would not need to say that he would go there before her birthday and personally treat her body so that she can be safe. Live to be ninety years old.

But now, Fredmen Xiao actually provokes Mr. Ye, so, no matter what, he can't go anymore!

Besides, he has repaid his gratitude for so many years, and that is already repaid enough.

Therefore, he said lightly: "Sister-in-law, I have been treating the Xiao family for so many years. The kindness of Brother Xiao to me back then can be regarded as the kindness of dripping water and the spring of water, so in the future, we two Don't have any further contact!"

Chapter 365

When Bihua Xiao heard this, she immediately asked nervously: "Tianqi, what's the matter with you? Our two families have been in friendship for so many years, so how can you stop it?"

Tianqi said earnestly: "Sister-in-law, Big Brother Xiao was kind to me back then. I have repaid the Xiao family for so many years without asking for anything in return."

"This is natural!" Bihua Xiao hurriedly said, "But, what is the reason for you to break up with our Xiao family? If it's an old woman, where I didn't do well, you tell me, I will definitely correct it!"

Tianqi said: "Sister-in-law, it is not your problem, but your son Fredmen who is the problem."

"Fredmen?" Bihua Xiao said in surprise: "What's wrong with him? Did he offend you? But he is in Wrestvel now!"

"I'm also in Wrestvel." Tianqi said earnestly: "I saw Fredmen Xiao, but he didn't offend me much, mainly because he offended my benefactor. This benefactor has the kindness to recreate me, so I am healthy now. The gratitude of the benefactor can only draw a clear line between the Xiao family, my sister-in-law forgives me."

Bihua Xiao felt a little in his heart.

His son actually angered Tianqi in Wrestvel? What a b@stard! Tianqi is a well-known traditional medicine master in China. How many super-big people are ill and demand him to be treated. There is often a saying in the circle of the rich and powerful in Orgeyon, saying: "If the king of Yan made you die for three shifts, and Tianqi can keep you until five shifts!"

The meaning of these words, that is to say, even if the dying person, as long as Tianqi takes the shot, they can live for a while. This is simply a dream for the powerful class!

Macau gambling king Stanley Ho has been using various high-tech methods in the hospital to extend his life in recent years. The money spent in the hospital alone is hundreds of millions each year, but to him, what is the hundreds of millions? No life is more precious!

If life comes to an abrupt end, what if you have billions of wealth? Didn't it burn out and live in a small wooden box?

Therefore, the more powerful, the more fond of Tianqi.

No one of Orgeyon's rich and powerful envy the Xiao family. The reason is that they are family acquaintances with Tianqi. Others abandon their wealth, and they may not be able to change Tianqi's treatment once, and because of their friendship with Tianqi, Tianqi goes to Xiao almost every year. This makes countless people jealous to death.

Bihua Xiao's husband, Fredmen Xiao's father, had cancer more than ten years ago.

If Tianqi hadn't done everything possible to sign up for him, how could he live until last year and leave?

When the Old Master left, he was already eighty-six years old, and his life was long enough to make healthy people envy.

Bihua Xiao was even more hopeful that Tianqi could live to be over ninety years old, or even over a hundred years old. She did not expect Tianqi to have a break with her family at this time. This made her nervous, and she blurted out and pleaded: "Tianqi, don't follow Fredmen's words, after all, he is your junior, some places offended you, please be more tolerant, I will call him when I turn back, scold him, let him come to you and apologize to you immediately... "

Tianqi said indifferently, "Sister-in-law, no need. If he offends me, I will forgive him, but who he offended is my great benefactor, so you don't need to talk about it anymore, and I won't change my mind. I hope you will live a long and healthy life in the future, goodbye!"

After speaking, Tianqi immediately hung up the phone, then turned off the phone directly, and said to Zhovia: "Close the door and go back to the hotel."

.....

On the other side, Fredmen Xiao took Noah Xiao's car and returned to the Xiao family villa.

Once back to the villa, he poured a glass of water in the living room on the first floor, took out viagra directly, looked at the instructions above, and said, "Eat one pill at a time?"

Old Mrs. Xiao felt ashamed to see him directly taking out this medicine.

Noah Xiao's wife, Horiyah, was even embarrassed to see.

Although Theresa did not speak, her expression was expectant.

Since Noah Xiao lost that ability, his attitude towards her has become very poor.

Chapter 366

Don't talk about giving her pocket money, even the promised follow-up investment will not be followed.

It now seems that only if Fredmen Xiao quickly restores his male power, can she continue to benefit from him.

Otherwise, Fredmen Xiao will definitely abandon her, even the entire Xiao family.

So far, the 10 million invested by Fredmen Xiao is only able to sustain the Xiao Group, and it is far from enough to bring the Xiao Group back to its peak.

Noah Xiao laughed at the side and said, "This one can do it one at a time. It is very effective."

“Yeah.” Noah Xiao nodded, and then, directly removed three of them from the medicine board and took a bite of it.

He hoped that the imported western medicine would be effective, so he said to Theresa: “Theresa, follow me upstairs.”

Theresa nodded hurriedly, came over to grab Fredmen Xiao’s wrist, and said flatly, “My dear, let’s go back to the room and try again.”

Fredmen Xiao gave a hum, pulled Theresa into the room, and then asked her to use her best efforts to help him find confidence.

But it is a pity that Theresa has been tossing for a long time, but these medicines are of no use!

Fredmen Xiao swallowed three more pills, but still couldn’t find the slightest feeling.

This moment made him feel down.

Seeing Theresa still showing off on him, he was so angry that he kicked her under the bed and shouted: “I don’t need you here, get out!”

Theresa was afraid that Fredmen Xiao would be angry with her, so she hurriedly said, “My dear, don’t be too anxious. I believe I will find a way to cure you soon!”

“Get out!” Fredmen Xiao yelled annoyingly and threw the pillow at Theresa.

Theresa dared not stay to touch him, hurriedly wrapped her clothes, and hurried out.

Fredmen Xiao lay on the bed alone, trembling with anger.

A successful man, after reaching the pinnacle of his life, what he most looks forward to is to be able to appreciate the amorous feelings of countless beautiful women.

However, once he lost his ability in that area, wouldn’t all that money has nothing to do with him?

He can’t accept it!

Just when he was furious, the phone rang suddenly.

It was his mother who called.

Fredmen Xiao hurriedly connected the phone and asked respectfully: “Mom, you haven’t slept at this late hour?”

Bihua Xiao cursed on the other end of the phone: “You b@stard! Are you going to kill me? Do you want me to be eighty-four years old this year or not?”

Fredmen Xiao hurriedly asked: “Mom, what kind of thing are you talking about, how can I harm you?”

“bulls*it!” Bihua Xiao blurted out: “I ask you, how did you offend Tianqi? He is going to make a clean break with our family. Do you know how much loss this will cost to our family?!”

Chapter 367

Fredmen Xiao shivered in shock at what his mother said.

Because he offended that pauper Marven, not only did he not save him, but he wanted to make a clean break with his family?

This old thing was blinded by Marven’s medicine, right? !

He was full of resentment, but he could only say to Bihua Xiao: “Mom, that old dog with the surname Shi is not a good thing!”

Bihua Xiao gritted her teeth and cursed: “I don’t care what you do. On my eighty-fourth birthday, Tianqi must come to Orgeyon to check my body and diagnose and treat my problems. Otherwise, I will not forgive you!”

Many people are more selfish as they get older.

The older you are, the more you are afraid of death, and the more you want to live longer. Therefore, Bihua Xiao doesn’t want to know why Fredmen Xiao and Tianqi are in conflict. She just wants Tianqi to continue to be a health doctor for herself.

With him as a health doctor, it is no problem to live to be over ninety years old, but without him, she may not even be able to pass this year’s hurdle.

Fredmen Xiao was also depressed. He wanted to explain and complain, but Bihua Xiao didn’t give him a chance at all. After giving the order hard, she immediately hung up the phone.

Fredmen Xiao smashed the room angrily, and then finally gritted her teeth and picked up the phone to call Tianqi, trying to use repentance and pleading to ask him to continue to see his mother.

But Tianqi’s cell phone was turned off.

This made Fredmen Xiao even more angry.

But no way, he dared not disobey his mother’s orders, so he dressed in embarrassment, went downstairs, and drove to Tianqi’s Clinic.

When the car arrived at the gate of the Clinic, it was already closed.

Fredmen Xiao gritted his teeth at the door but saw two figures walking out of the darkness not far away.

One of them limped and seemed a bit familiar.

So Fredmen Xiao hurriedly hid to the side and observed it secretly. As the two people approached, he saw that it was a middle-aged man in his fifties with a young man in his twenties.

The twenty-something young man was leaning on a cane in one hand and a huge green oil drum in the other.

There are already some defeated middle-aged people next to him, holding the lame young man in one hand and carrying the same green oil drum in the other.

Fredmen Xiao recognized the young man. When he came to see Tianqi for treatment today, the young man was being driven out by the pharmacy.

It seems that this guy is seeking no cure and is about to set fire to Tianqi's Clinic!

The two people who came were Junwei Gao who had pretended to be forced by Marven in the hospital before and was finally thrown down from the third floor by Mr. Orvel.

Junwei Gao left his legs with sequelae and became lame. He hated Marven in his heart. He wanted to find Tianqi to heal the injury before going to Marven to settle the account, but he didn't expect Tianqi to directly prevent him from entering the door.

He returned to the hospital and complained to his father Jianjun Gao. The two were too angry, so they bought two barrels of gasoline and wanted to burn Tianqi's Clinic.

The two people's plan was to set the Clinic on fire, teach Tianqi a little lesson, and then find a way to find Marven for revenge.

Fredmen Xiao heard Junwei Gao say to Jianjun Gao at this time: "Dad, you said that the Old Master named Shi can't live in the Clinic?"

"How do I know?" Jianjun Gao said coldly: "Well, he can't live here, he just burned him by a fire! dmn, fcking with me, it's d*mn!"

Junwei Gao gritted his teeth angrily, and said: "This surname Shi, he couldn't save him. It would be cheaper to burn him to death with a fire!"

Chapter 368

After that, he opened the gasoline tank and said to Jianjun Gao next to him: "Dad, I think I will pour the gasoline in through the rolling shutter, let the gasoline be fully spread inside, and then make a fire outside to ensure that there are even cockroaches inside can't live!"

Jianjun Gao nodded, snorted coldly, and said, "Okay! Burn them to death!"

Although Jianjun Gao's strength is not top-notch in Wrestvel, it is not top-notch, but when it comes to doting on his son, he is really the number one in Wrestvel.

This old grandson's ancestors have been singles for several generations. He has given birth to several daughters in a row, and he has such a baby bump as Junwei Gao. Naturally, he has been spoiled and spoiled since childhood.

When Junwei Gao was in elementary school, he was beaten with a ruler on the palm by his teacher's hand because of his poor study and class trouble. Jianjun Gao took someone to the school and broke the teacher's right arm, leaving him disabled for life

When Junwei Gao was in junior high school, he suffered a lot from fighting with others at school. Jianjun Gao directly hired someone to knock his classmate who beat his son into a vegetable;

Such examples are countless in Junwei Gao's growth process.

In the eyes of Jianjun Gao, anyone who bullies his son will end up dead.

Tianqi wouldn't heal his son's legs, d*mn it!

That Marven actually harmed his son to look like what he is today, even more d*mn it!

Therefore, he planned to burn Tianqi to death today, and then according to the planned plot tomorrow, he would kill Marven!

Fredmen Xiao saw that the two of them were really going to set fire to Tianqi's Clinic, and might even burn Tianqi to death. Suddenly he became anxious, and he did not hesitate to jump out and say to the two of them: "Two! impulse!"

Gao father and son were shocked!

They had thought that no one would notice them at night, but suddenly a person would come out.

When Junwei Gao was shocked, he also recognized Fredmen Xiao, and said in surprise: "Are you the one who came to see Tianqi before? Why, are you going to help him?"

Fredmen Xiao hurriedly waved his hand and said: "I don't care about Tianqi's life or death! But his magical medicine is worn close to his body. I believe his magical medicine can not only heal your legs, but also my injuries. If you burn him with such a fire, then his magical medicine must be burned too!"

Junwei Gao suddenly realized!

Yes indeed!

I didn't expect it!

Tianqi really has a magical medicine, and that magical medicine can cure even high-level paraplegia with spinal injury, let alone his lame leg.

If he burned him to death with fire, wouldn't there be no chance to heal the lame leg?

Thinking of this, he suddenly hesitated.

Fredmen Xiao said at this time: "Two people, I don't think so, don't burn the old dog's shop first, find a way to tie up the old dog, then grab his medicine, and finally kill him!"

Jianjun Gao frowned and asked, "Why, you also an enemy of Shi?"

"Of course there is a grudge!" Fredmen Xiao said coldly: "And it's an unshakable hatred! I also want to kill him quickly, but first I have to get the magic medicine to cure the disease!"

Jianjun Gao said: "In this case, it's better for us to tie Shi together and force him to hand over the magical medicine, and then kill him alive!"

"Okay." Fredmen Xiao nodded and said, "In this case, let's leave contact information. Let's find a time tomorrow. Let's meet to discuss the details!"

Chapter 369

Jianjun Gao and his son did not know that Tianqi only had half a magic drug.

But Fredmen Xiao was very clear.

After all, he almost got the half pill from Tianqi's hand in the afternoon.

He himself didn't dare to attack Tianqi, but if the two of them dared to attack Tianqi, then he would be able to sit back and enjoy his achievements as long as he did a little trick.

For example, he can imitate a few medicines according to the shape of the half medicine and then take them with himself. After they tie Tianqi, find the half medicine from Tianqi, and give them the fake medicines, and by that time he could not only heal his own lifeblood, but even push Tianqi's death completely on the father and son.

Jianjun Gao didn't expect so many twists and turns.

He just felt that since they have a common enemy, they can be comrades-in-arms.

Many people are powerful, and the risks can be shared equally. Why not do it?

As for the magic drug, he didn't know how much Tianqi had.

However, to him, Tianqi had to die if he had medicine, and he had to die if he didn't because he and his son could not swallow this breath.

So, he and Fredmen Xiao exchanged contact information, and the two agreed to make time for a telephone conversation tomorrow, and then left Tianqi's Clinic with his son carrying the gasoline can.

Fredmen Xiao was complacent about his plan, and drove back to Xiao's villa in a hurry, planning to go back to boil some noodles, get some black paint, and knead out a few doughs like magical medicine.

On the way back from the Gao family, Junwei Gao asked his father Jianjun Gao: “Dad, let’s get Marven out and kill him according to the original plan tomorrow, and then make an appointment with this person to kill Tianqi together?”

Jianjun Gao nodded and said, “Kill Marven first, and when Marven dies, let’s get Tianqi’s magical medicine and heal your legs!”

“Great!” Junwei Gao said excitedly: “I find the magic medicine, I won’t have to be lame in the future!”

Jianjun Gao smiled slightly and said, “Son, don’t worry, even if Dad is lame, he can’t make you lame!”

After speaking, he said again: “Let’s go back and rest first. Tomorrow you will call and follow the plan we planned!”

“Okay, dad!”

.....

The next morning, Marven bought it and came back early. After breakfast, his mother-in-law Viola went out to make an appointment with a good sister at the Mahjong Hall.

Viola is a mahjong fan. As long as there is nothing wrong, she will play mahjong in the mahjong hall all day long.

Just out of the house and walking towards the Mahjong Hall, Viola suddenly received a call.

She took out her mobile phone and took a look, and found that Junwei Gao was calling, so she picked up the phone and asked: “Junwei, how do you think of calling auntie?”

Since Avella married Marven, Viola thought about one thing every day: how to get her daughter to divorce Marven and then marry a wealthy family.

At the earliest, she hoped that her daughter would marry the second generation of rich Bob, but the Jones family went bankrupt unexpectedly. What’s more amazing is that Bob’s family disappeared overnight and never appeared in Wrestvel;

Later, she hoped that her daughter would marry Fred Wang of Wang’s family, but when Fred Wang was helping her to collect debts, he was slapped ten thousand times by Orvel’s men, and then he never dared to come out again;

A few days ago, she hoped that her daughter would marry Junwei Gao. As a result, Junwei Gao was directly thrown out of the window of her husband’s ward by Orvel. Since then, Junwei Gao has disappeared.

It can be said that at this stage, Junwei Gao is actually the best candidate in her mind.

Although last time he found a deceitful genius Doctor Zhongjing, he could not heal her husband’s injury, but he was also a victim of being deceived, so Viola never blamed him in her heart.

Chapter 370

On the contrary, Viola often felt responsible for Junwei Gao's broken leg. After all, they were kind at the time.

So when she received a call from Junwei Gao, she was not only happy but also a little guilty.

Junwei Gao said solemnly on the other end of the phone: "Auntie, when Uncle Xiao was hospitalized in a car accident last time, I was actually deceived and hired a fake genius to treat uncle. I had no chance to say sorry to you..."

"Oh!" Viola said flatteringly: "Junwei, what are you talking about! Auntie has always been very grateful and guilty for what happened that day, it is the auntie who should say sorry!"

At this time, Junwei Gao said hurriedly: "Where is it, auntie, this is all my negligence. I haven't checked the details of that Doctor Zhongjing."

As he said, he continued: "So, I want to treat you to a meal so that I can apologize to you. I hope you can agree."

Viola was immediately happy.

To be honest, she didn't feel that Junwei Gao was at all wrong in this matter.

On the contrary, in her opinion, Junwei Gao was actually one of the victims of this incident, and because of Marven's Rubbish, he broke a leg, and he was really innocent.

Moreover, Junwei Gao's call made Viola's impression of him a little better.

Take a look at Junwei Gao. He doesn't say that he has money at home, he is so enthusiastic, he is so polite and respects her! This is a good candidate for a son-in-law!

If he can get in touch with her daughter more, and turn around and drive away Marven's pauper who pretends and fools all day long, won't her daughter be able to marry a rich family?

More importantly, the Gao family has a convention and exhibition center, and the amount of decoration projects in it are huge. If she and her daughter come together, wouldn't these projects also fall into the daughter's company?

Even if you take the project, turn it over, or subcontract it to others, you can at least make a price difference of several million?

Isn't that 10,000 times stronger than that of Marven?

Therefore, it is difficult to find a good guy like Junwei Gao with a lantern! Let the daughter seize this opportunity to say anything.

Thinking of this, Viola hurriedly said politely: "Oh, Junwei, you want to invite Auntie to dinner, how sorry..."

"Auntie, don't be so polite, this is what I should do!"

Junwei Gao heard her tone lose and hurriedly said, "Auntie, to show my sincerity, I also specially prepared a gift worth millions!"

Millions of gifts? !

As soon as Viola heard this, her heart immediately blossomed!

Mom!

Junwei Gao, this kid is so caring!

A million gifts, isn't this sent?

So she smiled and hurriedly agreed, and asked excitedly: "Junwei, you tell auntie the time and address, auntie must be there on time!"

Junwei Gao smiled and said: "Auntie, the address is set at T & H Hotel on Hex Road. It is the best seafood restaurant in Wrestvel. It's at 12 o'clock at noon. Then we will meet at the door."

"Good, good!" Viola happily agreed.

Junwei Gao said again: "Auntie, don't tell Avella now, I also planned an apology ceremony for her, and then you will have to help me secretly!"

Viola smiled and said, "You young people understand romance! Okay! Auntie promises you not to tell her!"
