

The Amazing Son In Law Chapter 371-380

Chapter 371

Viola absently soaked in the Mahjong Hall all morning, waiting for the time to be almost up, and hurriedly went to the T & H Hotel to make an appointment with Junwei Gao.

In the morning, she repeatedly thought, what would Junwei Gao's million gifts be?

Jewelry? cash? check? Or something else?

For people like Viola, who loves to take advantage of the small bargain, Junwei Gao's one million gifts is too attractive.

Last time, Viola took Avella's check for 180,000, and took away 160,000 from it. She was so happy that she couldn't keep her mouth shut for several days.

So, the thought of getting a million gifts from Junwei Gao immediately made her feel even more excited.

At eleven thirty, Viola bid farewell to her friends, walked out of the mahjong hall, took a taxi, and went straight to the T & H Hotel.

When she arrived at the place agreed by both parties, she did not rush in as agreed, but stood at the door of the hotel, waiting for Junwei Gao's arrival.

Soon, a brand new black Mercedes Benz car slowly stopped in front of her.

Immediately afterwards, the car door opened, and a young man in a suit and leather shoes stepped out of the car.

The person here is Junwei Gao.

Junwei Gao looked really handsome and decent, but the only regret was that he was limping on foot.

A young girl was attracted by Junwei Gao's cool looks and Mercedes-Benz luxury cars. She was looking at him with glare, but when she saw that he was a lame, she immediately sighed in regret and turned away.

Junwei Gao saw all this in his eyes, and was extremely angry in his heart. He hated Marven and Tianqi, and he just wanted to get rid of them.

However, at this time Viola was not far in front of him, so he could not show his inner hatred, so he limped in front of Viola.

Junwei Gao came to Viola, smiled slightly, and said, "Auntie, sorry, I have kept you waiting."

Viola hurriedly said, "Oh, Junwei, you are so polite. I have just arrived..."

With that, she looked at the brand new Mercedes-Benz behind Junwei Gao and asked in surprise: “Oh, this Mercedes-Benz, is this your new car?”

Junwei Gao smiled and said: “Yes, this Mercedes-Benz S500 was just taken out from the 4s store this morning. The price is not too expensive, it’s just over 1.6 million.”

After speaking, he handed over the key to Viola’s hand and said, “Auntie, please accept the key to this car.”

After receiving the key, Viola was confused and couldn’t help asking: “Junwei, what are you doing?”

Junwei Gao smiled slightly and said: “Auntie, this is the gift I told you on the phone! I think Uncle Xiao and Avella both have a BMW. You don’t have a car yet. This is really unreasonable, and I’m sorry.”

Viola was very excited and said, “Oh, Junwei, this is too expensive, how can Auntie want it!”

Although she said that, the car key in her hand was tightly held by her, and she had no intention of returning it to Junwei Gao.

Junwei Gao naturally took this point of her careful thinking in his eyes, and said with a smile: “Auntie, to be honest, both uncle and Avella drove 5 series BMWs with a ragged class. The total amount is only 900,000. It’s not as luxurious as this Mercedes-Benz S500. I think, according to your temperament, Auntie, you should be driving a Mercedes-Benz, so please accept this car!

Viola’s heart has long been happy!

She is the typical representative of the snobbish mother-in-law often seen in society!

Chapter 372

In her eyes, there is nothing but money!

In her opinion, the most important thing for a son-in-law is to have money and be willing to spend money on her. Otherwise, no matter how good the son-in-law is, he is just stinky sh!t in her eyes.

A man like Junwei Gao is the best candidate for a son-in-law, because he is willing to spend money on his mother-in-law!

Now she hasn’t come together with his daughter, he’s already so generous. He wants to give her a 1.6 million Mercedes Benz. If Avella really follows him in the future, will he not be able to give her a big villa. Big yacht? !

When she thought of this, she was so excited!

However, the superficial politeness is still necessary. She grabbed Junwei Gao’s arm and said seriously: “Oh, Junwei, you are so touched by Auntie, but this car is really too expensive. If I accept it, maybe it’s not suitable, right?”

“How could it be inappropriate?” Junwei Gao said earnestly: “Auntie, it is my heart to give you something, you can just accept it with confidence! There is nothing inappropriate!”

Viola was overjoyed when she saw what he said so firm, and stopped being polite with him, put the key in her pocket, and said with a smile: “The aunt, you can just follow me, just accept it! Thank you so much, Junwei!”

Junwei Gao glanced at her expression of being obsessed with wealth, sneered in his heart, and shot at Avella’s mother’s snobbery. It seems that his and his father’s plan can definitely be realized successfully!

However, he thought so in his heart, but said politely: “Auntie, let’s stop pestering at the door, let’s go in and eat and talk.”

Viola was very excited and nodded quickly: “Well, go in and chat, go in and chat!”

The two walked into the T & H Hotel, Junwei Gao directly asked the waiter to take them to the reserved position.

After the two were seated, Junwei Gao directly ordered a large table of expensive delicacies.

While eating, Junwei Gao pretended to be guilty and said: “Auntie, the last time Uncle Xiao was hospitalized, I actually asked a quack doctor to come over. I didn’t do this well. I have to say sorry to you here!”

Viola looked at Junwei Gao and said with a smile: “You kid doesn’t need to be like this. Auntie didn’t blame you for what happened last time! You are also a victim!”

Junwei Gao nodded, looked at Viola, and said earnestly: “Auntie, to tell you something in my heart, I want to chase Avella and marry her as a wife, I don’t you know if you will agree?”

When Viola heard this, she was excited and said: “Agree! Auntie 10,000 agrees! To tell you the truth, in the aunt’s heart, I have long considered you my future son-in-law!”

Junwei Gao sighed and said, “You think so, but I’m afraid Avella is there, and still hates me now. If the misunderstanding between the two of us is not resolved, I’m afraid it will be impossible to talk to her in this life.”

Viola immediately said, “If you have any misunderstandings, just let it go? If you are embarrassed to say it, Auntie will help you!”

Upon hearing this, Junwei Gao knew that the fire was almost over, and suggested: “Auntie, I actually wanted to apologize and confess to Avella in person. Or else, our family has a villa by the river. I will be there tonight. Where can I set up a candlelight dinner, make some flowers, and put it in a heart shape? Then you will ask Avella out for me and let me apologize to her. By the way, confess, maybe she will become excited and accept my apology. That’s it!”

“Oh, Junwei, you’re so caring!” Viola’s eyes lit up and hurriedly said, “That’s OK, I’ll call Avella!”

After speaking, she took out the phone and prepared to call Avella.

Junwei Gao was overjoyed and hurriedly said: "Auntie, you must not tell Avella, I want to ask her out, otherwise she will definitely not come to see me directly."

After talking, Junwei Gao said again: "You can tell her, just say that you have a friend who is going to decorate a large villa on the riverside, hoping to find her studio to design it. She has such a strong entrepreneurial spirit. The order will definitely be accepted as soon as possible. Then you will come with her. When I confess to her, you can help me say something nice!"

Viola's eyes lit up and she blurted out, "That's great! Just do what you said!"

Junwei Gao's eyes flashed a sinister look, and he thought to himself: "Tonight, I will engage Avella, who is all-powerful, and then try Viola, who is still charming, and another call to trick Marven. One shot break him!"

Chapter 373

At this time, Avella, Marven and Dave had just had lunch at home.

When Marven went to the kitchen to clean up his dishes as usual, he suddenly received a call from Zhovia.

As soon as the call was connected, Zhovia answered shamefully: "Mr. Ye, what are you doing?"

"At home." Marven said lightly and asked: "What's the matter? What's wrong with?"

Zhovia said, "I want to call and report something to you."

"Say it."

Zhovia hurriedly said: "That's right. Yesterday Junwei Gao and Fredmen both ran to my grandfather's Clinic and asked him for treatment. My grandfather didn't know that Fredmen had offended you, so he almost gave him the half of the medicine you gave him last time!"

Marven asked curiously: "Why? Does your family have a good relationship with Fredmen? How could your grandfather give him such a precious medicine?"

Marven knew very well in his heart that in Tianqi's mind, the magic medicine he gave was regarded as a treasure, and it was as important as fate.

No one will give such an important thing to someone who doesn't know or has a normal relationship.

Zhovia hurriedly said: "My grandfather and Fredmen's father were like brothers. The two have a relationship for many years, so the two also have a relationship for many years."

Having said that, Zhovia told Marven the causes and consequences of his grandfather and the Xiao family for so many years.

After Marven heard it, he realized that the Xiao family was actually the benefactor who helped Tianqi back then.

And Tianqi's ability to repay the kindness of Xiao's family for so many years because of a little favor back then made him somewhat admired.

What made him more satisfied was that Tianqi was able to distinguish right from wrong, and for his own sake, he did not hesitate to break with the Xiao family.

Although Marven is the young master of Orgeyon's top family, he left the family with his father when he was very young and ran around to survive. After his father died unexpectedly, he could only survive in the orphanage and tasted the warmth of the world.

It was also in the orphanage that Marven developed the character of knowing and repaying kindness.

Aunt Lena from the orphanage helped him. Even if she suffered all the insults, sarcasm and personal attacks from the Xiao family, he asked the Old Mrs. Xiao for help and loaned money to Aunt Lena to treat her illness;

Avella helped him, and even if she couldn't look down on the poor Xiao family, and his wonderful pair of fathers-in-law, he would not leave Avella.

It is precisely because he is the person who knows the gratitude that he has a better impression of Tianqi.

It seems that Tianqi will surely become his loyal follower in the future.

Since Tianqi is so loyal, he should give him a little advantage.

Thinking of this, Marven decided to go to Tianqi's Clinic in the afternoon and give him another medicine that he refined last time.

That time, Marven refined 30 medicines in one go, sent a gave away medicines, and more than 20 medicines are still with him.

For him, this medicine is almost at his fingertips, and it has no practical effect on people who practice the Nine Profound Sky Secrets and have spiritual energy in their bodies, so giving him one is almost zero cost.

Moreover, Marven also hoped to let people like Wrestvel know that he was a person with distinct rewards and punishments.

You must be punished if you do bad things!

However, if it is done, it is even more rewarding!

Tianqi did a good job this time, so he will go to reward him in the afternoon with the magic medicine he dreamed of.

So Marven asked Zhovia: "Is your grandpa in Clinic this afternoon?"

"Yes." Zhovia asked excitedly, "Mr. Ye, are you coming?"

Chapter 374

Marven gave a hum, and said, "I'll go over and take a look this afternoon."

"Great Mr. Ye!" Zhovia cheered and said, "Then I will tell Grandpa now, he must be very excited!"

After finishing the kitchen, Marven just came out and saw that Avella was ready to go out, so he asked, "Wife, are you going to the studio?"

Avella shook her head and said, "Mom called me and said that she has a friend who wants to renovate a villa and wants me to pick up this list. I'm going to check it out."

Marven asked hurriedly, "Which villa area?"

Avella said: "The villa is right by the river."

Marven smiled and said: "That's right, you can drop me off at Clinic, I'll go to see the genius doctor Tianqi."

Avella asked in surprise: "Are you going to see the genius doctor Tianqi? Or I will be with you too, let's buy something by the way and visit this Old Master!"

Avella was very grateful to Tianqi, because she always felt that it was Tianqi who rejuvenated and cured her father's high paraplegia.

Marven smiled and said, "You don't have to worry about it. You can take care of your affairs when you take me to the place. I can go to see the genius doctor."

Avella said, "That's not appropriate..."

Marven smiled and said, "There is nothing inappropriate. Besides, the genius doctor has a weird character. Let's go together. People may not be happy."

As soon as Avella heard this, he nodded and said, "All right, then you go first. If possible, make an appointment with the genius doctor Tianqi, and let us treat him to dinner."

"it is good!"

.....

The couple went out together, Avella drove Marven to the direction outside the city.

Passing by Clinic, Marven got out of the car and told Avella to drive carefully, and walked into the gate of Clinic.

Tianqi was in the Clinic to see a doctor at this time, when he saw Marven coming in, he was suddenly excited, got up to greet him, and said, "Mr. Ye, you are here!"

Marven smiled slightly, and said, "Be busy first, don't worry about me."

Tianqi nodded, and called Zhovia who was filling the medicine in the back, and said, "Zhovia, Mr. Ye is here! Come out and entertain him!"

Zhovia immediately dropped her work, and walked over with two red clouds on her cheeks.

"Mr. Ye, you are here!"

Zhovia's voice was crisp and sweet, and there was an innocent smile on her face, especially the two shallow dimples, which looked particularly loving.

What surprised Marven even more was that unlike other women, Zhovia always had a faint fragrance of perfume, and what she carried was a faint fragrance of medicinal materials.

In most drugstores, the medicine inside is very strong, and it doesn't smell good at all, but the smell of Zhovia's body is fragrant, and even has a somewhat soothing effect.

Marven looked at her and smiled: "Now that your grandfather is recovering, you just retreated behind the scenes and started fighting?"

"Yes." Zhovia smiled sweetly: "But I don't always fight. Grandpa sees five patients in person every day, and I see the rest."

Marven nodded and said, "Your medical skills are already superb. I believe it won't be long before you will become a famous doctor in Wrestrvel."

"How can it be?" Zhovia couldn't help but shyly said: "My medical skills are far worse than Grandpa, and are even worse than Mr. Ye by a thousand miles..."

At this time, Tianqi escorted the patient away and said to the fellow in the Clinic: "Say hello to the patient waiting to be treated, and say that I have a distinguished guest here. I want to suspend the consultation and entertain first. Please forgive me."

After speaking, he immediately walked to Marven, held his fist and bowed respectfully, and said, "Hello, Mr. Ye!"

Chapter 375

Seeing Tianqi coming up, Marven saluted him, smiled slightly, waved his hand and said, "Old Shi, you don't need to be so polite with me, and you don't need to call me Mr. Ye, just call me Marven."

"How did that make it!" Tianqi hurriedly bowed and said, "Mr. Ye is a true dragon on earth, how can I directly call the name of Master Ye!"

Seeing that he was a little stubborn in etiquette, Marven didn't continue to persuade him, but said: "I heard that Junwei Gao and Fredmen came to you yesterday?"

Tianqi asked in surprise: "Mr. Ye, how do you know this?"

Zhovia stuck out her tongue and said, "Grandpa, I told Mr. Ye..."

Tianqi hurriedly reprimanded: "You child! Mr. Ye is busy with his daily affairs, how can you bother him with this little thing?"

Zhovia was a bit wronged.

The reason why she called Marven was not to ask Grandpa for credit, but to find a chance to talk to Marven.

After all, she had already regarded Marven as an idol in her heart, and even admired him more than her grandpa, so she also wanted to find opportunities to contact him more, even if it was a phone call.

However, you cannot always make a call without a topic, right?

Therefore, she made her own way and reported yesterday's events to Marven.

Unexpectedly, grandpa said nothing, and immediately scolded her.

Tianqi's heart was mainly worried about Marven's misunderstanding. After all, Zhovia's call to Marven meant a bit of asking for her own credit. He didn't want Marven to misunderstand that she was a person who wanted to take credit for everything.

Seeing Zhovia's grievance, Marven said with a smile: "Old Shi, it's just a small matter, why bother to blame Zhovia."

Tianqi hurriedly said, "Mr. Ye you make me laugh."

Marven waved his hand and said lightly: "Old Shi, that Junwei Gao, and that Fredmen have all offended me. If you can refuse to treat them, you can also be regarded as giving face to Marven. This favor, I have written down. ."

Tianqi hurriedly said: "Mr. Ye, you are kind and my savior. This little thing is to share worries and problems for you. You don't have to be polite about it."

After that, Tianqi pointed to his Clinic and said seriously: "My decision to stay in Wrestrvel to open a medical clinic is mainly to be able to listen to Mr. Ye's dispatch at any time, and have the opportunity to repay your kindness!"

Marven smiled and said, "You are interested."

After speaking, he took out a pill from his pocket and handed it to Tianqi, saying: "Mr. Shi, the medicine I gave you before can cure injuries and strengthen the body. Although I have not specifically

demonstrated it, it is based on ancient records. Even if a dying Old Master takes a magical medicine, it can prolong life for five to ten years. So I will give you this medicine and do keep it next to you. It may be useful in the future.”

Tianqi looked at the pill, trembled all over, thumped and knelt on the ground, trembling and said, “Mr. Ye, you can’t be more... You have already given me a half magical medicine last time. Now, Shi hasn’t repaid his favor, how can I receive such a big gift...”

Zhovia, who was next to him, knelt down when she saw her grandfather, and she knelt on the ground with a plop, but she was clever, with her slender hands resting on top of her knees, and Shu muscles’ big eyes, shy and bold looking at Marven.

Marven’s magical medicine was also given to several people. Although these people knew that the magical medicine was extremely precious, the person who knew the value of it most was Tianqi.

First of all, Tianqi has practiced medicine all his life. The more proficient in medicine, the more he knows how powerful this magical medicine is. It is not rare in the world, and even the second one can’t be found;

Secondly, Tianqi is getting old, and the older you are, the more you know the fate, even if you are a famous doctor in the world? After more than eighty years of age, it is possible that one day he will quietly pass away in his sleep.

And this magic medicine can make the dying Old Master live longer and prolong his life. How can this be a medicine, this is a life span of several years!

Of course Tianqi wanted this magic medicine, but he dared not ask for it.

Chapter 376

As the saying goes, no merit is not rewarded.

He just rejected Junwei Gao and Fredmen. In his opinion, this little thing was completely unworthy of allowing Marven to give him such a precious magic medicine.

But Marven didn’t care.

If he want to make this thing himself, he can make thousands of them a day.

The main reason why he doesn’t make so many is that things are rare and expensive.

Therefore, giving one to Tianqi is nothing at all.

So he said lightly: “Old Shi, since you want to stay at my side and share the worries for me, you should know that Marven always rewards his friends, and I think you do well and deserve rewards, then I will naturally reward you. , And you don’t have to be polite with me. If I reward you, you will accept it.”

Tianqi was excited with tears, and hurriedly lay his hands on the ground, kowtow, and said: “Thank you Mr. Ye! Thank you Mr. Ye!”

Zhovia hurriedly bowed her head respectfully and said, "Thank you, Mr. Ye!"

Marven looked at Zhovia, smiled slightly, and said, "Zhovia, raise your head."

Zhovia hurriedly raised her head, looking at Marven with a flushed face, her eyes a little shy and dodging.

Marven looked at her and smiled slightly: "In the future, when the time is right, I will also give you a magic medicine. By then, you may be able to take your medical skills further."

The magic medicine for the elderly is mainly to treat and restore the body function and meridian energy to younger.

After young people take it, it can strengthen the body to a great extent, and even greatly enhance the meridians in the body.

traditional medicine values qi the most. It has higher requirements for the internal qi in the body of the doctor. For example, acupuncture and moxibustion, people with insufficient internal qi, even if they know some acupuncture methods, they can't get it out, and it won't be effective.

So this is also the fundamental reason why many famous doctors have a strong body.

As soon as Zhovia heard this, tears flowed out of excitement. Tianqi next to her was also very excited and hurriedly said: "Zhovia, don't you give thanks to Mr. Ye!"

Zhovia came back to her senses, so she leaned over and kowtows, and choked with excitement in her mouth: "Thank you Mr. Ye!"

.....

When Marven was in Clinic and gave medicine to Tianqi, Avella just drove to the riverside villa in the suburbs.

After she arrived at the gate of the villa area, she called her mother Viola and said, "Mom, I have already arrived at the riverside villa, where exactly is your friend?"

Viola was anxiously waiting for Avella in Junwei Gao's villa at this time. After receiving a call, she hurriedly said excitedly: "This is a high-end villa area. The management is very strict. No cars are allowed to enter. You should park your car. In the parking lot at the door, Mom will come out to pick you up!"

"Okay." Avella said: "Then I will wait for you at the door."

Here, Viola hung up the phone with excitement, and hurriedly said to Junwei Gao and Junwei Gao's father Jianjun Gao: "Avella is here, I will pick her up!"

Junwei Gao hurriedly pointed to the heart-shaped roses and candles at the entrance of the gate, and said, "Auntie, don't let go of your mouth. I hope Avella should come in without knowing my existence. Let her enter the door and see this romantic scene!"

Viola smiled from ear to ear, and said, "Oh, Junwei, don't worry, I won't let it go!"

Chapter 377

Junwei Gao's father, Jianjun Gao, has not spoken, but looked at Viola up and down. He felt that although this woman was a little older, she was still very charming, and she was the kind of person who had a better taste among her peers.

Looking at Viola at this time, his gaze was a bit greedy, and he thought to himself, when Avella arrived, he will immediately tied up these girls. When the time comes, he will taste the taste of Viola.

If he has time, he can even try that young and beautiful Avella!

Thinking of this, he smiled and said to Viola: "Oh, Ms. Viola, if your family can come together with ours, then we will be married in the future too!"

Viola looked at Jianjun Gao and nodded repeatedly, and flattered: "Mr. Junwei Gao, it is the first blessing of our family to be able to be with you!"

Jianjun Gao smiled and said, "Ms. Arima is in the middle of the match. I think the two children will be able to come together."

Viola agreed with him and said: "I have the same views as you! The two children, talented and beautiful, are really perfect match. Don't worry, I will persuade Avella to divorce Marven waste!"

After finishing speaking, she hurriedly said to Junwei Gao: "Junwei, don't think that Avella was married, and you have an opinion on her because of the second marriage. In our family Avella was long married to Marven's Rubbish, but she has guarded her body like jade!"

Junwei Gao suddenly became excited.

Guarded her body like jade?

Does Avella still retain her chastity?

God! That's awesome!

Today, Avella, a famous beauty in Wrestrvel, will be captured by him for the first time!

Thinking of this, he couldn't help being excited, and wished he could rectify Avella on the spot immediately.

Viola was thinking of petty gains. She couldn't understand the viciousness of Junwei Gao's heart. She didn't even know that the catastrophe was imminent. Instead, she smiled and said, "Oh, I'm going to take it for the first time. You can wait a while. "

The father and son sent her out, and when they returned to the house, they both had ghosts.

Junwei Gao couldn't help saying, "Dad, Avella is still a problem. If you kill her at once, it would be too bad, right?"

Jianjun Gao said coldly: "If you kill, you will be a hundred. If she stays alive, problems will happen sooner or later!"

Junwei Gao said: "Let's kill Viola and Marven first, and put Avella under house arrest in the basement. Our villa is so soundproofed and the distance from other homes is so large. No one will be able to find."

Jianjun Gao's eyes lit up, and he blurted out: "You mean to keep Avella under house arrest for a long time?"

"That's right!" Junwei Gao said: "Otherwise, isn't such a beautiful big beauty a violent thing?"

Jianjun Gao thought about it, and said to Junwei Gao: "Then, let's bring Marven to kill first, then put Viola and Avella on, and then kill Viola, Avella just as you said. Imprisoned in the basement of the villa, she belongs to you every Monday, three, five and seven, and every week, four and six to me!"

Junwei Gao was stunned. He didn't expect that his father would still want to get a share of Avella's affairs.

But it doesn't matter if you think about it carefully. After all, once he kills Marven, he must kill Viola. In that case, Avella must hate him to the bone.

At that time, they have only two choices, either kill her and kill her completely, or imprison her as a plaything.

Since it is a plaything, it doesn't hurt to have one more person to share the game.

So he nodded and said to Jianjun Gao: "Dad, I listen to you."

Jianjun Gao immediately raised his eyebrows and said cheerfully, "That's good!"

Chapter 378

Having said that, he took out a black pistol from his waist, checked it last, and said with a cold face: "After Marven came, I will just shoot him! I will give you revenge!"

.....

Avella still didn't know everything at this time.

She waited for a while at the entrance of the riverside villa, and saw her mother Viola trot out to meet her.

Afterwards, Viola opened the gate of the community and greeted her: "Avella, come in!"

Avella greeted her hurriedly.

When she came to her mother, Avella couldn't help asking: "Mom, why haven't I heard you say that you know friends who live in a riverside villa!"

The Riverside Villa is located on the Yangtze River in Wrestvel, next to the river view. It is one of the local high-end communities. The people who live here are either rich or expensive, which is obviously beyond Viola's normal social scope.

Viola grinned and said: "I have an old classmate. She recently made a fortune in business. Just bought a villa here. Isn't this just thinking about renovation? They said, the renovation budget is 8 million! Is it a big deal?"

Avella smiled and said: "Of course, normal home improvement, more than one million is considered a big order."

Viola smiled and said: "That's good! Let's go there quickly, you can take a look at the layout of the house and give a rough decoration plan."

"That's great!"

Soon, Viola took Avella to the door of Villa 8 and rang the doorbell.

The luxurious door opened, and then Junwei Gao appeared at the door with a warm smile on her face.

As soon as the door opened, Junwei Gao said with a smile: "Avella, long time no see."

She was taken aback for a moment, her pretty face instantly turned cold, she ignored him, and directly questioned Viola behind her: "Mom, this friend you are talking about is it him?!"

Viola said awkwardly: "Avella, don't worry, Junwei has prepared a surprise for you!"

Junwei Gao nodded hurriedly, flashed around, revealing the rose love on the floor of the entrance hall.

Avella asked Viola angrily: "Mom, it turns out that you and Junwei Gao joined forces to lie to me?"

Viola hurriedly said: "Avella, listen to me, Junwei is sincere to you..."

Junwei Gao also hurriedly explained: "Avella, it's not about Auntie, I asked Auntie to help me invite you over."

Avella looked at Viola with a bit of chill expression, and said, "Mom, you really disappointed me!"

After speaking, she turned around to leave.

Viola hurriedly blocked Avella's path, and persuaded, "Avella, it's your mother, I didn't lie to you. It's all for your own good. Junwei really has cooperation and wants to talk to you. The villa belongs to him and is about to be decorated."

Avella frowned and said angrily: "I am not the same with him!"

Viola glared at her and said, "What are you talking about? In order to apologize to you, Junwei's attitude is low enough. Look, how nice this kid is! What are you still doing?"

As she said, she urged: "Oh, we are all here, just listen to what Mom said, and communicate with Junwei, even if the matter between you two fails, it's good to talk about cooperation, isn't it?"

After finishing talking, she didn't wait for Avella to react, she pushed Avella directly into the house!

Chapter 379

Where did Viola know that this push not only pushed her daughter into the fire pit, but also pushed herself into the fire pit.

Now she is full of hope that Avella can clear up her suspicions with Junwei Gao, and then have a good impression of Junwei Gao, the son-in-law who is in her own mind.

In this way, she could divorce Marven's Rubbish and then marry Junwei Gao.

As soon as Avella was pushed by her mother, she couldn't help feeling a little angry.

Mom usually has no morals, no bottom line, and even a love for money, which she can't bear.

However, she is still thinking about herself now, which makes her really disappointed!

She was about to turn around and go out, but she did not expect Junwei Gao to lock the door directly at this time.

Avella said with a cold face, "Junwei Gao, please let me out!"

"Avella, it's all here, don't you go so anxiously! How about going into the house and having a chat?"

Junwei Gao stood in front of Avella, staring at the woman in front of him with fiery eyes, watching her slender and straight legs, slender waist, perfect figure, pretty face, and his heart was excited...

This woman really exudes charm everywhere, which makes his heart hotter and hotter.

Avella looked at him in disgust, and said coldly: "I have nothing to chat with you, please let me go!"

Viola was still on the sidelines and said stupidly: "Oh, Avella, why is your child's attitude so bad? Talk to Junwei!"

Avella said coldly: "I have nothing to say to him!"

After finishing speaking, she pointed at Junwei Gao and warned: “Junwei Gao, please get out of the way, I want to go out!”

Junwei Gao looked at Avella with a cold expression, and suddenly laughed!

At the same time, he also changed another face, with a scornful and sinister smile on his face: “Avella, do you really take yourself seriously?! Tell you, I asked you to come, just because I saw it. You, don’t be shameless! Otherwise, you will suffer in the future!”

Avella’s expression changed, and she asked, “Junwei Gao, what do you want to do?”

“What do I want to do?”

Junwei Gao laughed and said in a wretched tone: “Of course I want to f*ck you!”

Hearing this, Avella was shocked, and her heart was terrified, and she immediately ran out.

But before she took a step, Junwei Gao held her wrist tightly and she couldn’t move.

Avella said angrily: “You! let me go!”

Junwei Gao stared at her pretty face and said with a smile: “Avella, you look more and more beautiful! I really want to f*ck you now!”

At this time, he looked at Avella’s beautiful and moving appearance, looked at the face and figure that were so perfect that she was fascinating, his eyes were already terrifyingly hot.

Chapter 380

For him, he dreamed of getting Avella’s body.

Avella is the No. 1 beauty in Wrester, and she definitely deserves this title, it can be said to be the best among the best.

And now, such a nearly perfect woman will soon belong to him, how not excited his heart is!

Hearing this, Viola, who was next to him, couldn’t believe it.

Didn’t Junwei Gao say to apologize to Avella before confessing to her?

But now, what is going on?

She hurriedly stepped forward and stopped and said, “Junwei, what’s the matter with you? That’s not what you said to auntie!”

“Say a bullsht!” Junwei Gao’s expression changed. He kicked Viola directly on the ground and sneered: “You really thought I asked you to call your daughter over to confess to her. To be your son-in-law? You are less fcking daydreaming!”

As he said, he continued with an icy expression: “Just like you snob, who is open to money, is also worthy of my future mother-in-law? I tell you, I just want to go inside Avella, not only I want to go to her, My dad wants to go too!”

At this time, Jianjun Gao came over with a pistol and said with a smile: “Son, you are half right. I not only want to be with Avella, I also want to try this Viola! A charming mature woman of this age, she is my favorite!”

Viola’s face pale in fright, and blurted out: “You can’t do this...this is illegal!”

“Follow your mother’s law!” Junwei Gao cursed coldly: “Today we not only wanted to f*ck you two, but we also called Marven over and shot him! A sling waste, dare to fight me, and do it. Broke my leg, I must blow his dog’s head with one shot in front of you two!”

Viola cried in fright and blurted out: “Junwei, this is your personal grievance with Marven. It has nothing to do with us. How can you settle accounts with Marven? We don’t care, but you have to let us go first. Okay!”

“Let you go?” Junwei Gao said contemptuously: “You are simply dreaming! Today neither you nor Avella can leave!”

Viola cried and said, “Junwei, Auntie believes that you are not a bad boy. The reason why you took this path is because Marven broke your leg. Auntie begs you. You let Auntie and Avella go on a horse, okay?”

“I’m not a bad boy?” Junwei Gao laughed, squatting directly on the ground, staring at Viola’s horrified face, and said with a smile: “To tell you the truth, the reason why you and your husband Dave had a car accident that day was because of me. The arrangement was that I found the driver of a muck truck and gave him 200,000, let him deliberately run a red light, hit Dave’s BMW, and caused him to be paraplegic in a high position!”

As soon as these words came out, Avella’s heart was extremely angry!

She blurted out: “Junwei Gao! Why did you do this? When did my parents offend you?”

Junwei Gao laughed and said, “Your parents didn’t offend me, but who made me like you? Who made me like you, but you didn’t answer me? I like you, you don’t give me a chance. Then I will create opportunities!”

As he said, Junwei Gao said again: “You said, if I don’t knock your dad into that forceful way, and then let the Doctor Zhongjing treat your dad, how can I win your favor and finally put you to sleep? “

“Hey...” Junwei Gao sighed at this point, gritted his teeth and said: “It’s a pity! Who thought that his sh!t magical medicine would not work at all, and halfway through Marven Rubbish, otherwise. , Maybe you are my woman now!”

“Blame that d*mn Marven! He ruined the entire plan! He also told Mr. Orvel to throw me out of the window, causing me to become lame at a young age! This hatred, I must take the original It’s a good report!”

Avella shouted angrily: "Junwei Gao! Are you not afraid of being punished and struck by lightning?!"

"The sky thunders?" Junwei Gao smiled: "Okay, as long as you can be a super beauty of Wrestvel, even if God really wants to kill me, then I will recognize it! But before that, you let me be well Let's talk about it again!"
