

The Amazing Son In-Law Chapter 3891-3900

Chapter 3891

Dave was also in a very good mood, so he hastily took out the car keys, pressed the unlock button, then pulled open the passenger door and said to Viola solicitously,

“Come, come, please sit down, let you see what is called Rolls-Royce Starry Top!”

Viola asked in surprise: “What is the Starry Top?”

Dave waved his hand and said, “Oh, you’ll know if you go in and take a look!”

Viola hurriedly climbed into the passenger side of the Rolls Royce, looked up, and exclaimed, “My goodness, there are so many stars inside this car!”

Dave laughed: “Look, there’s a shooting star passing by every now and then!”

Viola looked mesmerized and murmured, “Oh my God, it’s so beautiful! Why don’t I just sleep in the car tonight?”

After saying that, she suddenly sat up straight and said to Dave, “Hurry up and get in the car, take me out for a drive!”

Dave just drove all the way home from work and did not have enough car addiction, and was thinking of going out again later to have a good experience.

But he did not expect Viola to take the lead in making the request.

So he agreed without a second thought and laughed: “Fine, fine, then I’ll take you out for a few laps!”

After saying that, he looked at Marven and Avella and said offhandedly, “Avella, Marven, you two also come up, let’s go out for a spin!”

Marven shook his head: “Dad, we won’t go, you two go out, we won’t disturb you two.”

Avella also said, “Dad, you guys go, Marven and I still have something to talk about.”

Once Dave heard this, he no longer insisted and said with a smile, “Then I’ll go out with your mother first, call me if there’s anything.”

After saying that, he immediately got into the cab and pressed the start button of the car.

The 12-cylinder engine of the Rolls-Royce suddenly emitted a low roar, and Dave asked Viola, "Where are we going?"

Viola blurted out, "First, we'll go to your mother's house!"

"My mom?!" Dave said awkwardly, "Isn't that right next door?"

"Yes!" Viola sneered: "Just to drive the car to your mother's house downstairs, let them stare with their dog eyes, take a good look,"

"That we are also a Rolls-Royce people! They do not know from where to pit the money before, buy a Bentley one that carries the cattle, this time I will give them a good eye!"

Dave hurriedly placated: "All right, my mother is now living a miserable enough, you still stimulate her what"

"She's miserable?" Viola cursed furiously, "She is worse than me? The first time I broke my leg, it was thanks to her, have you forgotten?"

"Do you want me to tell you what happened at that time from beginning to end again, so that you, a heartless person, will not turn around and forget again?"

Dave coughed twice and said helplessly, "OK, OK, OK, we are going, OK?"

After saying that, he started the car and drove out of the courtyard.

Only then did Avella let out a long sigh and said to Marven, "Honey, do you really plan to keep this car?"

Chapter 3892

Marven nodded and said casually, "Mom and Dad like it, so let them drive it for fun."

Avella busy said: "They drive this car out is not appropriate is not too open"

Marven laughed: "Give them this opportunity to flaunt, all their hormones and energy will be outwardly vented,"

"But if they are not given this opportunity to flaunt, then all their hormones and energy will evolve into a wave of resentment,"

"Probably in the next year or two, or even longer, as soon as we return home, they will sigh at us and complain that we did not leave this car behind,"

“Instead of that, it would be better to take it painfully and let them be satisfied.”

Speaking of this, Marven looked at Avella with a faint smile and asked with raised eyebrows, “Wife, what do you think?”

Avella heard this, helplessly shook her head, and lamented: “You’re right to really return this car, I reckon they both can’t get over this thing in the next year or two”

Saying that with some worry she continued: “Husband, that Miss Zhan, her offer is also a little too generous you just this morning took the time to give her a feng shui, she sent such an expensive car, it is not quite appropriate”

Marven said casually, “There is nothing inappropriate, I didn’t ask for it.”

Avella hesitated for a moment and spoke: “This afternoon, a girl surnamed Chen came to the company to find me.

Saying that she came to make an appointment with me on behalf of that Miss Zhan to meet and talk about the renovation of the villa in Water Cloud”

“Oh?” Marven asked with interest, “That Miss Zhan, is ready to find you to decorate the villa?”

Avella nodded: “It sounds like it should be like that”

Saying that, Avella pursed her lips and opened her mouth, “That Miss Chen gave me a rough idea of the budget, and it is said to cost fifty million to renovate that villa, and the design fee alone is a separate five million”

In the domestic home improvement market, users generally do not recognize the design fee.

Ordinary designers taking hundreds of RMB a square meter design fees, in most people’s view is complete robbery in general.

Therefore, most people looking for a decoration company to decorate will ask the decoration company to waive the design fee.

The majority of renovation companies also tow the line, they have long been giving design templates directly out to the customer to pick, basically even if the work is done.

The customer did not spend the design fee, but the effect seems to be satisfactory, so, over time, people are more reluctant to pay for the design.

This is also the current embarrassment of many domestic designers.

Avella has been doing decoration for a long time, most of the home improvement customers, very generous in decoration, but in the design fee are very petty.

Like Stella, directly and clearly taking out 10% as the design fee, such instances are almost few and far between.

Marven heard also was slightly surprised, not surprised at the five million design fee is more or less, he was just surprised at Zhan Feier's style of action.

This woman, although deliberately wanting to get close to him, but the actual operation is a variety of catering and pleasing.

She donated to the calligraphy and painting association and sponsored 50 million to engage in an art exhibition, sent Dave a Rolls-Royce Cullinan, followed by his wife to send a large order of 50 million.

This gave Marven the feeling that it was as if someone was secretly watching him, aiming a gun at him, but instead of a bullet, the gun fired candy.

Such a huge contrast made Marven all a bit teary-eyed.

When Avella saw that he did not say anything, she asked him somewhat bottomlessly: "Husband, do you think this Miss Zhan, could it be that she also gave me such a big list because she was begging you? Just like she gave Dad a Cullinan"

Marven nodded with a bland expression, "Yes."

Avella asked, "Then is it appropriate for me to take her order? If it's not appropriate, I'll politely decline it."

Marven smiled slightly: "She is looking for you as normal cooperation between A and B. If you want to take it, you can take it, if you don't want to take it, you can refuse it, no need to ask for my opinion."

Avella said awkwardly: "But she gave this budget and this design cost, already can hire famous domestic famous interior designers, there is no need to come to me"

"The premium is too high, I'm afraid I will let you owe her a favor... ..In case you originally did not want to help her, and finally had to help because of these trivial matters, then it is like I give you trouble."

Marven laughed: "Wife, you should not have such a psychological burden at all, that Zhan Feier wants to beg me for something too big, far from being solved by such a tiny bit of small sincerity."

Chapter 3893

Marven was already able to confirm that Zhan Feier's motive for approaching him was definitely for the Rejuvenation Pill.

Therefore, under this premise, no matter how Zhan Feier sent a favor, he had no ripples in his heart.

Because, in front of the value of a Rejuvenation Pill, this favor of hers is not even a penny.

But Avella felt some trepidation and spoke, "Or I'd rather not take it"

Marven saw that Avella seemed to be vaguely lost, so he opened his mouth and asked, "Wife, do you want to take this project in your heart?"

Avella hesitated again and again, but still gently nodded and said, "Yes"

After saying that, she hurriedly explained to him, "In fact, I am not mainly for making money, it is that her villa does have a very good frame foundation,"

"It is two villas in one, this kind of house type will not be available in Wrestvel in the future, and her decoration budget is very high,"

"For the design is, the higher the budget, the more room to play, so that there is a chance to create a set of high standard interior decoration works"

Speaking of which, Avella looked at Marven somewhat timidly and whispered, "Husband as an interior designer, the most important thing is to come up with very representative works,"

"If you can get an award for interior decoration with a representative work, it will be great, a great help to the individual designer, as well as the designer studio,"

"But I have not done any big independent design projects until now, so there is nothing to take to the competition"

Marven nodded understandingly and asked her, "By the way wife, did you do the interior design of the six-star hotel of the Imperial Group?"

"No" Avella explained, "The overall design of the six-star hotel of the Empire Group was done by a very famous design studio overseas,"

“Such a large project, it must be paired with a well-known designer to be the most reasonable, when Xiao family is to take part of the interior decoration of the construction project,”

“Later I set up a studio, outsourcing some part of the project over, working in accordance with the demands of the people.”

Marven smiled faintly: “I understand wife, you also want to have a completely manipulated design, and can make a masterpiece.”

“Yes” Avella nodded gently and said, “Honey, I have seen all the drawings of that villa, it is indeed too suitable for designers to show their skills,”

“If you are afraid of owing others because of this matter, then I can not charge their design fees, and even the specific construction of the back”

“I do not directly handle, completely volunteer to take over this project, in this way, I do a good job with this project, and next year I can use this project to register for the National Interior Design Grand Prix”

After saying this, she looked up at Marven and asked blearily, “Husband, do you think this is okay?”

Hearing this, Marven already understood in his heart the real pursuit of Avella’s heart.

She was like a new director in the film and television industry, however, she had never really led a big production that could be taken to the next level.

Therefore, she can only play in other directors’ big productions, such as being an executive director or being a costume director.

Chapter 3894

The projects she leads herself are mostly like the small house where Liona’s parents lived, the overall project volume is relatively small, like a low budget film,”

“Although it is also a work, certainly can not participate in the various film festivals and film and television awards.

Now, Zhan Feier with a budget of 50 million, with the villa that Qin Gang had before.

It is like giving Avella enough budget and even giving her a very good cast, as long as she agrees, she can make it her first masterpiece.

Therefore, it was naturally very attractive to Avella.

Thinking of this, he immediately looked at her and said with a soft smile, "Wife, I just said that you don't need to have any psychological burden,"

"Since you think this project is especially suitable for you to make a big show, then you should feel free to boldly follow it!"

Avella heard this, excitedly asked, "Really can you husband?"

Marven nodded his head and said seriously, "Of course! I have always believed in your strength in design, but for such a long time in the Xiao family is not valued,"

"Buried your talent and skills, since you want to develop deep in this field, then this villa of Zhan Feier is really a good opportunity for you to show your personal strength, I believe in your strength, go!"

Avella excitedly clenched her pink fist and said firmly, "Honey don't worry, I will definitely give my best!"

.....

At this time, Dave had already followed Viola's instructions and drove the car to the door of the villa next door.

After the car was parked, she pointed to the roof of the car and said impatiently, "Dave, open the sunroof, I want to stand out of the sunroof and shout at them!"

Dave said casually, "This car doesn't have a sunroof."

Viola's eyes wide: "What? More than ten million dollars of car, but not a sunroof, this is too shabby, right? Your BMW 530 has a panoramic sunroof?"

Dave pointed to the starry roof of the car and explained, "People choose the more expensive star roof, the top can not be opened, so there is no sunroof, between the star roof and sunroof can only choose one."

Viola said resentfully, "Then forget it, I'll open the window!"

With that, she lowered the passenger window and shouted in the direction of Mrs. Xiao's bedroom, "Horiyah! Horiyah! Are you home Horiyah?"

Dave was stunned and asked, "Didn't Horiyah steal my mother's money and run away some time ago? What are you calling her for?"

Viola impatiently said: "You know nothing! Of course, there is salt to spread on their wounds!"

After saying that, she continued to shout, "Is Horiyah home?"

At this moment, Old Mrs. Xiao had just finished serving Noah and Jay dinner.

Because Theresa's income had been rising recently, the life of the family of four had finally improved greatly, from the previous inability to uncover the pot, to a truly well-off level step by step.

However, the fingers are slow to recover, and the two of them are not yet able to take care of themselves, so they still have to rely on the old lady to feed them spoon by spoon at home.

Jay had just eaten his fill and burped when he heard someone outside shouting his mother Horiyah's name.

So, he subconsciously asked: "Dad, Grandma, did you hear that? It seems that someone is calling my mother's name!"

Chapter 3895

Noah immediately said in exasperation, "Don't mention your mother to me! I get angry when I think of her!"

As she was saying that, the sound of Viola's shouting came from outside again.

"Viola?!" Noah heard this, immediately gritted his teeth in anger, and cursed: "Fcukin' hell! I haven't settled the score with her for the cuckold on the balcony yet, and she dares to provoke me! I'll scold her!"

Noah was furious and cursed as he struggled to get up, reaching for his crutches, ready to rush up to the balcony to fight with Viola.

Although old Mrs. Xiao was also a bit annoyed, she hurriedly stopped Noah and said resentfully, "Viola has really turned over a new leaf now, we can't afford her, you'd better not go out!"

Jay heard this, also suddenly wilted down, declining sighed: "Yes Dad, did not you hear Theresa said, her current job was because of Marven,"

"Our family relies on Theresa's income to support the family, you offend Viola at this time, our family will have to go to drink the northwest wind tomorrow"

Noah expression suddenly got ugly to the extreme, said with a black face: "There is one to say one, that Marven did help Theresa, also helped us, considered to be kind to us,"

“Since he is Viola’s son-in-law, that woman offended me before, I can not be bothered with her

Speaking of this, Noah said with righteous indignation: “But now she ran to our downstairs shouting your mother’s name, this is not a fcuking slap in my face?”

“Their home and our home is not far away, when your mother stole your grandmother’s money and ran away,”

“Your grandmother also reported to the police, this thing she Viola is not unaware of, this is not clearly looking for trouble?”

Jay said in a jarring voice: “It is such a thing, but even if we know it well, we can only pretend to be confused ah!”

“I don’t want to live the old days of lying in bed and starving to death again

Noah also a little frustrated, a moment later waved his hand, a long sigh: “Hey! Forget it! Not with her general understanding, just as she is downstairs barking! Once she’s tired of barking, so it’s probably time to get lost!”

Old Mrs. Xiao said approvingly, “Noah, you’ve finally made some progress from before! You’re a man who can bend and stretch, you’ve suffered too much before!”

At this time, Viola downstairs exchange half a day, see no movement, so a bit annoyed:

“That dead old woman and Noah, Jay, this pair of turtle master and son must be at home! They are all shrinking turtles, none of them dare to come out to fight!”

Dave shook his head and said, “Since they don’t dare to answer, then let’s go!”

“No way!” Viola coldly snorted and said firmly, “If we leave at this time, they will think that I, Viola, am only this capable!”

After saying that, she raised her voice a few points and shouted, “Noah? Noah? I know you are at home! Your legs, arms, and hands were all broken,”

“So where else can you go but to lie in bed? Don’t act like a shrinking turtle, you don’t even dare to say a word!”

Noah was so angry that he vomited blood, but he stood up with his crutches and was about to go to the balcony.

Old Mrs. Xiao hurriedly got up to stop him, but she was too old and tired after serving the two men, so she couldn't stop him for a while, so she could only follow him to the terrace.

Chapter 3896

Noah had just walked up to the terrace when he saw Viola poking her head out of an SUV, so he cursed furiously,

“Viola! Are you looking for trouble? I didn't provoke you recently, what do you mean by coming downstairs and barking for half a day?”

Viola brushed aside her mouth and said with contempt, “I'm looking for your wife Horiyah, where is she? Let her out! I just picked up a Les Rais Cauliflower”

Words to the mouth, Viola suddenly forgot what model this car is, so they turned back and asked Dave: “This car is called the Cauliflower what else is it?”

Dave rubbed his temples and said helplessly, “It's Cullinan”

“Oh, right!” Viola finished, hurriedly poked her head out again, and said to Noah: “I just brought up a Rolls Royce Cullinan, worth more than ten million!”

Noah stared at the Rolls-Royce Cullinan, and his body shook with anger.

The old lady Xiao, who heard that the car was worth more than ten million, had her eyes sucked out by the car.

Noah forced his anger and asked in a cold voice: “If you pick up a car, just pick up a car, what are you showing off at our house for?”

Viola said with a serious face: “Alas, alas, I am not showing off with you! I'm here to find your wife Horiyah!”

Saying that, she could not help but sigh, very emotionally, and said:

“Horiyah and I are sisters-in-law, we are both unlucky to become the daughter-in-law of the Xiao family, so the two of us are considered the same sickness and pity”

Speaking of this, Viola said sadly: “Hey! Sister-in-law is even worse than me! At such an old age, she is still pregnant and had a miscarriage,”

“It is really too harmful to her body, so I want to ask her to come out and go out for a ride in our new car, so that she can feel better too!”

Noah heard Viola pretend to say so much, especially mentioned Horiyah pregnant miscarriage, immediately with angry fire, pointing at Viola and cursed:

“Viola you you you are such a b!tch! you know Horiyah has long run away, but still fcuking come here to humiliate me I ... I will fucking smash your b!tch face.”

When Viola saw that Noah was going to smash her with the cane, she was scared out of her mind in a cold sweat.

Not to mention whether he can hit her, this big car parked here, Noah can easily smash the cane in the car.

Viola thought this is more than a ten million worth car, in case really smashed, the family has no money to repair?

The car is a 10 million dollar car, in case it is really broken, how can they afford to repair it?

The family has this luxury car, in case it is damaged, it is not crying without tears?

In the nick of time, Mrs. Xiao hurriedly stepped forward, grabbed the arm, and shouted, “Noah, you can’t smash it! You can’t do that!”

“If you don’t think of yourself, you have to think of me and Jay! If you smash it, how can our family still live”

When Noah heard this, tears of humiliation flowed down his face and he choked up and said,

“Mom I don’t have to fight, but Viola is really bullying us too much!”

Old Mrs. Xiao grabbed her cane and said with grief, “Noah! Bear with the wind and waves for a while, and take a step back to open up the sky!”

Noah was silent for a moment, but finally, let out a long sigh and threw the cane to the ground.

Seeing that Old Lady Xiao had stopped Noah, Viola was relieved, and then she said to Old Lady Xiao,

“Old lady, I have known you for almost thirty years, but you have finally done something good today!”

Old Mrs. Xiao felt humiliated, but could only say to her, "Viola, our family can't afford you, I'm an old woman begging you, don't come to make fun of our family again"

Viola did not expect that old lady Xiao, who had always been high-minded and arrogant.

And even vindictive, would take the initiative to bow down to her, which made her a bit stunned at once, making her speechless.

At this time, her afterglow saw two people walking head-on under the streetlight, subconsciously glanced over, surprised off the tongue:

"Oh my God, Horiyah? How did you you come back?!"

Noah did not see those two people, and heard Viola mention Horiyah again at this time, the anger that was easily persuaded by old Mrs. Xiao just now, burst out several times!

He cursed furiously, "Viola! You really can't change your fcuking ways! !! I'll fight with you today!"

After saying that, he swung his other cane and was about to throw it out, but Mrs. Xiao hurriedly held it in place and said loudly, "Noah! Impulsiveness is the devil!"

Viola became anxious and pointed to the dodging figure not far away and said loudly, "Noah, take a good look! Horiyah is really back!"

Noah took a glance over, and immediately felt the blood all over his body like a well of oil, and it went straight to the sky with a roar.

He looked at the familiar figure and cursed furiously, "Da*n! Horiyah! You really have the fcuking face to come back!"

Chapter 3897

At this time, Dave in the car also saw Horiyah who was following Theresa together.

After seeing the visitor, his jaw was about to fall on the ground, and said offhand:

"My day Viola your broken mouth has not opened the Qixia Temple lights? How come when you shout Horiyah, she suddenly emerged?!"

Viola also dumbfounded, mumbled, "It shouldn't be I haven't even been to the Qixia Temple for two or three years"

Dave said awkwardly, "This is too evil for you I thought I was seeing a ghost alive."

Viola fixed her mind and said, "You do not see Horiyah is walking with Theresa? Maybe it was Theresa who called her back."

Dave nodded gently and muttered, "That's right, they are after all the real mother and daughter"

At this time, Noah's roar on the terrace made Old Lady Xiao couldn't help but look in the direction of his finger.

With this look, indeed, they saw Horiyah at this time cowering behind Theresa, full of nervousness and fear.

To say that she hates Horiyah, Old Lady Xiao is no worse than Noah.

In addition to cuckolding her son, bearing the wild seed of an outsider, and even infecting her son with a disease.

Old Mrs. Xiao actually hated Horiyah most because she stole her own hard-earned 100 from the supermarket, as well as the \$100 she asked for in compensation after being slapped in the entrance hall of Tomson One.

Two hundred is not much, but in the eyes of the old lady, Horiyah's crime is enough to be shot eight times!

In her opinion, Horiyah can be forgiven for being with a man, but not for stealing money!

And, not stealing anyone's money, but her hard-earned money!

So, Old Mrs. Xiao immediately became furious and pointed at Horiyah downstairs and cursed loudly:

"Horiyah, you stole my money, and you still have the fcuking face to come back!"

"Get the hell out of my house and don't ever dare to enter!"

Horiyah was crying and didn't know how to plead, but Theresa spoke up and said, "Grandma, I told mom to come back!"

"I hope you can forgive her this time for the sake of her being my mother."

"Don't even think about it!" Old Mrs. Xiao said without hesitation, "As long as I am still alive, she will never want to enter my house!"

With that, she immediately said to Noah, "Horiyah! Call the police now and tell them that the thief who stole two hundred of my hard-earned money is back!"

"Have the police officers come and arrest her! Sentence her to eight to ten years!"

Theresa hurriedly said: "Grandma! This matter to have the fault also have the fault, is never my mother's fault alone,!"

"If you hadn't been oppressing her and not even letting her eat, how could she have done such a thing!"

Old Mrs. Xiao said with great emotion: "Theresa, think about it, why don't I give this bitch a meal? It's because she has done a lot of things wrong to your father!"

"Not only has she wronged your father, but she has also wronged you and your brother, and she has even wronged me and the ancestors of our Xiao family! She has disgraced our Xiao family!"

Chapter 3898

As soon as Old Mrs. Xiao said this, Noah echoed her words, "Theresa! Your grandmother is absolutely right, your mother has disgraced our whole family, and I've also been hurt by her!"

"She ran away before, that's all, but now you bring her back, isn't that just adding to our problems? Hurry up and tell her to go away and never come back!"

Theresa's eyes turned red and she said, "Dad! Grandma! My grandmother passed away some time ago, and mom was ostracized by my uncle in her mother's house, now she has no place to stay.

Horiyah on the side also could not help but cry out, she went downstairs, poofed on her knees, crying, and said, "Mom Noah before it was my bad,"

"I did not do my duty as a daughter-in-law, as a wife my obligations,"

Please, for the sake of raising children for the Xiao family, give me a chance to reform myself please!"

Old Mrs. Xiao said disgustedly, "As a woman, what's wrong with marrying into our family and raising children for our family?"

"Isn't this all your duty? Why do I hear you say this, as if you are also very meritorious?"

Horiyah cried: "Mom I'm not saying I have any merit, but even if I don't have merit, I have been in the Xiao family for so many years,"

“At least have a share of hard work, right? I have no hard work, at least have a share of fatigue, right?”

“After so many years, you can have feelings even if you raise a dog, why do you have to be so heartless to me!

Mrs. Xiao sneered, “If I had a dog, would the dog steal my money? If I had a dog, would the dog give my son a cuckold?”

Noah heard this, feeling all over the body scratching uncomfortable, spoke in a low voice: “Aiya mom your this your this metaphor? It is too inappropriate”

Old Mrs. Xiao gave Noah a white look and grunted, “What’s inappropriate? I’m not being rude!”

“In my eyes, Horiyah is worse than a dog! How dare she claim credit for having children with me? She deserves it!”

Viola, who hadn’t said anything, was furious when she heard this and cursed, “You old woman, your words stink worse than f@rts!”

“Do you think it’s right for us women to give birth to and work hard for your Xiao family?”

“Don’t forget that you are also a woman! When you were a daughter-in-law, if you had met a mother-in-law like you, you probably would have died before you could live to be thirty!”

Old Mrs. Xiao coldly snorted, “Humph! I was lucky that my short-lived mother-in-law died early! When I was thirty, my mother-in-law had been dead for two years!”

Viola immediately sneered, “Yes! I really envy you! Your life is really good! Unlike me and Horiyah, who is so miserable, not only did you meet a mother-in-law who is so bad, but she is also an old woman who is immortal!”

Old Mrs. Xiao was so angry that she spat blood and cursed, “Viola you what are you saying about me?”

Viola coldly said: “I said you bad dripping sh!t! Bad dripping sh!t old immortal!”

“You you” Old Mrs. Xiao was furious and pointed at Noah and ordered with gritted teeth, “Horiyah! Quickly smash her to death!!!”

Noah’s expression was stunned, and his ears recalled what his mother had just said, so he opened his mouth and said,

“Mom, bear with the wind and waves for a while, and take a step back to broaden the sky, that’s what you just taught me!”

Old Mrs. Xiao was furious: “There is also a saying that ‘endure a moment of peace and calmness, take a step back and become more and more angry’! You can back out of this today, but I can’t!”

With that, she reached out her hand and grabbed Noah’s cane, saying angrily, “You useless thing! Let go of my hand! I’ll smash her myself!”

Chapter 3899

Noah was not angry at this time, but hastened to protect the cane and said: “Mom! It’s easy to smash her down, but it’s hard to pay for it!”

“The car is more than ten million, a casual smash will cost hundreds of thousands, how can we compensate?”

“Don’t blame me for not reminding you when you’re really arrested!”

Old Mrs. Xiao’s face was suddenly blue and white, a time to ride the tiger, the frame on the spot, do not know what to do.

At this moment, Horiyah really didn’t expect that Viola, who had been suppressed by herself for decades, could say a fair word for herself at this time.

She had been oppressed by all sides, her heart was full of gratitude to Viola, so she hurriedly said to her:

“Viola, thank you for helping me to say a fair word, but you’d better hurry up and go, so as not to be implicated by me

Hearing Horiyah’s thanks, Viola was more or less stunned, but she spoke with a righteous face:

“Horiyah, to be honest, I’m not just speaking for you, but also for myself! This dead old woman has been bullying me for so many years,”

“I have long been displeased with her! I didn’t expect that we, as daughters-in-laws, were worse than dogs in her eyes, I really want to tear her mouth apart!”

Old Mrs. Xiao was already furious, but Noah held on to the cane and wouldn’t give her a chance, so she had nowhere to vent her anger.

After several unsuccessful attempts, Mrs. Xiao jumped to her feet and cursed, “Why is my life so miserable? People married into the family are daughters-in-law, but the two I married into the family are worse than dogs!”

After saying that, she looked at Theresa and said through clenched teeth, “Theresa! I don’t care about anything else! I only care about one thing, that is, Horiyah, this b!tch never should enter this family!”

Theresa was also a little angry and said, “Grandma! You shouldn’t always pick on other people’s mistakes, but occasionally you should check whether you have done anything wrong!”

After saying that, she looked at her father, Noah, and said, “Dad! You always blame mom for being wrong, but have you ever thought about the fact that it was the two of you who came up with the idea to screw my second aunt?”

“And, in the end, only my mother was sent to the black coal kiln to suffer, you, who hid behind the command, nothing happened to you!”

“Speaking of which, it was also Mom who carried all the hardships alone!”

“In this case, you still think only to blame her, but why did not you think, to thank her for your suffering?”

When Horiyah heard these words, all the aggression in her heart could no longer be tensed up, and all of it instantly burst out, kneeling on the ground and bawling.

Noah was speechless at this moment.

Although he had always blamed Horiyah, as if he hated her to the bone, but when his daughter Theresa said these words, he could not help but feel a little self-condemnation in his heart.

In fact, what Theresa said is very right, the two of them together came up with a bad idea of victimizing Viola, but when it came to the real implementation, it was Horiyah alone in the front.

In the end, when they were punished by Marven, Horiyah was the one who suffered, but he, Noah, stayed at home and did not have any problems at all.

So, for a time, also do not know what to say, but the hostility between the eyebrows, has been reduced a lot.

Theresa said at this time: “Mom is also very poor this time, when grandma was alive aunt and uncle squeezed her in any way, she could at least have a place to live, have a full meal!”

“But grandma is gone, she doesn’t even have a place to shelter from the rain, no matter what, she is the mother who gave birth to me and raised me, I can’t let her sleep on the streets!”

At this point, Theresa said in an unusually firm and strong manner, “Dad, Grandma! If you are willing to accept mom back, then let her live in the villa,”

“So that dad and brother will have one more person to take care of in the future, and your pressure can also be reduced a bit, grandma!”

“But if you are not willing to accept mom back, then I will pay for a separate house for mom outside, and I will take care of her food and drink in the future!”

“I spend the money I earn, no need to worry about you guys, you also have no right to interfere!”

Chapter 3900

At this point, Theresa slightly paused, expression serious reminded: “But I want to make it clear first! Our family’s expenses now rely on me alone to earn money, the company needs to develop, my salary can not be taken too high,”

“If I still need to rent a room for my mother outside, then the expenses will certainly be a large amount more!”

“In that case, the quality of life for all of us will be reduced, and I hope you will understand when the time comes! If you can’t understand, it doesn’t matter, just physically get over it.”

When old Mrs. Xiao heard this, her eyes turned around several times in her sockets, and her brain was running even faster, carefully considering the pros and cons.

If they let Horiyah stay here, although her mood will be somewhat affected, but as Theresa said, there is an additional helper, but also in the prime of life helper.

In that case, the pressure of serving her son and grandson will naturally be reduced by a lot, or even by more than half.

And this is also the most cost-effective way to save money, do not have to go alone to Horiyah to rent a house, the family is just a matter of adding a pair of chopsticks, the cost increase is negligible.

However, if she doesn’t let Horiyah stay here, Theresa went out to rent a house for Horiyah, it would not be less than three thousand a month?

When the time comes to let Horiyah open a separate meal, the food costs will also increase a lot, it is not as simple as adding a pair of chopsticks.

The family income is a few thousand less a month, and the actual impact on life is still very big.

Thinking of this, Mrs. Xiao resentfully said, "Horiyah, for Theresa's sake, I'll let you into the family this time, but you must be honest and sincere in the family in the future, got it?"

Horiyah heard this, suddenly excited incoherent, nodded and said: "Thank you mom thank you, mom"

"I I know I will be honest in the future, I will take care of the household properly!"

Noah sighed, did not say anything more, he has also been soft-hearted at this time, and heart for Horiyah's previous encounter, but also more guilt.

On Theresa's side finally, a stone fell to the ground.

In fact, she received a phone call from her mother two days ago.

After Horiyah's mother died, her brother and sister-in-law couldn't wait to kick her out, afraid that she would stay to compete for the ancestral property.

Horiyah driven out, nowhere to go, except to call her daughter for help, really can not think of other ways.

After all, she also knows that her mother-in-law hates her bones, her husband also hates her, and her son is seriously injured in bed,"

"Even if he wants to help her, he may not have any ability, so she can only pin her hopes on her daughter Theresa's body.

Fortunately, she had Theresa's number on her phone card, otherwise, she couldn't have ever contacted.

Theresa also complained about her mother, not to mention the other, the family savings were emptied of this matter alone, she has been unable to get over it.

However, since Marven helped her and let her take charge of Shangmei etiquette company, her outlook on life, worldview and values have changed dramatically.

She is no longer as vain as she was at the beginning, but obsessed with making money with her own hands, and she has a lot more patience and tolerance for many people and things around her.

As soon as she heard that her mother was now living in a place with no future, she let her mother return without any hesitation.

Because she felt that she could not sit back and let her mother suffer in any way.

Therefore, she also had two solutions in mind.

If dad and grandma can accept mom, then the family will live together, and those previous barriers will gradually dissipate with time in the future.

If they can't accept mom, it doesn't matter, she has the ability to give mom a stable life.

However, right now, grandma and dad can agree, in Theresa's eyes, is the best solution.

Viola watched Horiyah's grateful and tearful appearance, and she couldn't help but feel a little sorrowful in her heart.

She couldn't help but think in her heart, "If I didn't have my good son-in-law Marven, my status in the Xiao family would not be as good as Horiyah's,"

"And I don't know how much humiliation I would have to suffer from this old woman"
