

The Amazing Son In Law Chapter 441-450

Chapter 441

Hearing Kobayashi Ichiro's open denial, Tianqi said coldly: "I remember that you have three medicines that are marketed globally, namely, a stomach powder, a clear throat powder, and an eczema lotion. The three medicines have one prescription. It comes from Jones Zhongjing's Treatise on Febrile Diseases and Miscellaneous Diseases in the Eastern Han Dynasty of China, a Yellow Emperor's Internal Classic from the Western Han Dynasty, and one from the Compendium of Materia Medica. Am I right?"

Ichiro Kobayashi's expression was a bit ugly, but he insisted on denying it: "Isn't Mr. Shi joking? These ancient Chinese pharmacopeias one or two thousand years ago are basically rubbish without any clinical application and no scientific basis. How can a big company use the backward pharmacopeia one or two thousand years ago? What a joke!"

Hearing that Ichiro Kobayashi publicly insulted the essence of traditional medicine left by his ancestors, other traditional medicine experts in the room scolded him.

Tianqi also said with a righteous look: "It happens that I have been idle for these two days. After the expo, I will personally write three papers, detailing the prescriptions, ins and outs of your three medicines, and detailed records in our ancient pharmacopeia. I sort out all of them, and after the publication, see how you still quibble!"

Kobayashi Ichiro's face suddenly turned black.

He is the vice-chairman of Kobayashi Pharmaceutical. This company was founded by his father. He naturally knew the details.

The reason why Kobayashi Pharmaceutical has grown to today's scale is entirely based on the prescriptions recorded in the ancient Chinese Pharmacopoeia.

The Japanese themselves are good at making packaging, so they took ancient Chinese prescriptions and packaged them to a certain extent, and publicized that they had spent a lot of money to research new results. With good curative effects, they immediately opened the market.

However, Kobayashi Pharmaceutical was unwilling to admit that their drug formula had plagiarized the ancient Chinese Pharmacopoeia. For this reason, Tianqi has been very dissatisfied but has never found a chance to protest.

Unexpectedly, he saw Kobayashi Ichiro here today, so he naturally wanted to seek justice for traditional medicine.

Ichiro Kobayashi did not expect Tianqi to accurately state the origin of the prescriptions of his three medicines. For fear that Tianqi would actually publish a paper, he hurriedly said: "Tianqi, thesis or something, is it unnecessary? I just thought. Find you to cooperate with new medicine. If you agree, we will cooperate. If you do not agree, we will not cooperate. Why hurt harmony?"

Tianqi said seriously: "Since you deny that you have plagiarized Hanfang, then I have nothing to do with you, goodbye."

After speaking, Tianqi said again: "By the way, I will definitely write the thesis."

Ichiro Kobayashi gritted his teeth and looked at Tianqi. After a while, he still held back his anger, nodded and said, "Well, since the genius doctor Tianqi is unwilling to cooperate, then I won't force it."

Then, he asked, "I don't need the prescription. Can you sell me a medicine? I'm willing to pay 50 million! My father suffered a car accident the year before and was lying in bed with paraplegia at a high position. I really hope to cure him!"

The price of 50 million frightened Tianqi.

Tianqi glanced at Marven. After all, this was Marven's magic medicine. If he was willing to sell one piece to Kobayashi Ichiro for fifty million, then he would be a match for Mr. Ye.

However, Marven waved his hand quietly at him.

He doesn't care about 50 million, let alone sell the medicine to someone who plagiarizes traditional medicine for 50 million.

Seeing Marven wave his hand, Tianqi immediately said to Kobayashi Ichiro: "Sorry, Mr. Kobayashi, the medicine has been used up, there will be no more."

Ichiro Kobayashi gritted his teeth, nodded gloomily, and said, "OK genius doctors, I know, I don't want to force everyone to have aspirations, we will have a period later."

Chapter 442

After that, turn around and left.

Marven said to Tianqi at this time: "This Japanese seems a bit insidious. If he thinks you really have a prescription for high paraplegia, then you must be more careful. After all, once this magical medicine is produced, Can earn huge wealth in the world."

There was a movie before, called I am not a god of medicine. It was about a Chinese leukemia patient. Because he couldn't afford the extremely expensive medicines in the West, he could only go to India to buy imitations.

Through this movie, you can see how black-hearted a large pharmaceutical group is to make money. When a drug is developed, a patient needs to spend at least 20,000 to 30,000 a month to afford it. Isn't this a deadly rhythm?

Kobayashi Pharmaceutical also wanted to get a few special drugs that could be sold at a high price, so they set their sights on Tianqi.

Ichiro Kobayashi felt that if he could treat high paraplegia, it would be equivalent to having a powerful tool for collecting money.

A person with high paraplegia can not get out of bed, walk, or even urinate and defecate voluntarily. This feeling that life is better than death will cause them and their families to be tortured.

If a billionaire has high paraplegia, he will receive 50 million for medicine, and he will take it out willingly.

If a billionaire like Bill Gates had high paraplegia, he would give him 50 billion for a medicine!

As for the poor paraplegics, he doesn't bother to care about their life and death. What does it have to do with him? Want to buy medicine cheaply? impossible!

However, Ichiro Kobayashi did not expect that Tianqi would refuse so simply, which made him feel a little angry.

However, he didn't care, because he had already inquired about before, Tianqi should have the kind of magic medicine to cure high paraplegia.

I just need to find a way to get the magic medicine, and then bring it back to Japan, let the company's pharmacists study the ingredients in the magic medicine, and it should be imitated soon!

Tianqi also knew what Kobayashi Ichiro was thinking. In the face of such a huge benefit, this guy would never give up so easily, and would definitely look for other ways.

So he said to Marven: "Mr. Ye, please rest assured, I will be cautious."

Marven said earnestly: "It's useless to be cautious. You have to understand the truth that everyone is innocent and guilty."

Tianqi hurriedly asked, "Mr. Ye, what should I do then? The medicine you gave me later is also carried on my body. If they were snatched away, then..."

Marven smiled slightly and said, "I will temporarily refine a few pills for you later. You carry them with you. If someone snatches them, give him the pills."

In Marven's memory. That kind of pill is actually a kind of poison. The patient will get a great recovery in a short time after taking it, but it is only fake. Immediately after that, he would exhaust the last energy of his whole body and die suddenly.

This Kobayashi Ichiro's father doesn't know if he is really paraplegic, but he can set up a set for him. If he really plots against this magical medicine, then he will be out of luck!

Chapter 443

Refining such pills is not difficult. Just some of the more common medicinal materials. Before the auction started immediately before the auction of the ultimate purple ginseng, Marven found Qin Gang and gave him a dozen medicinal materials. Qin Gang immediately went to help him gather the materials. Later, Marven went to the lounge rented by Qin Gang and refined four such pills alone. Since traditional medicines are all ingredients of Chinese herbal medicines, once they are boiled out, no matter what the

prescription is for or how different they are, the soup after boiled out is dark brown. The same goes for pills. This time, the color of this pill was almost the same as the previous magic drug, and Marven deliberately made the size the same as the previous magic drug, and there was no difference at all. Later, he came to the auction venue, and while everyone was not paying attention, he gave Tianqi the four pills, and then took back half of the magical medicine from Tianqi and took him to keep it. After doing all this, the auction just entered the stage of bidding for the best purple ginseng. Soon, the host stepped onto the stage and said: "Next, we are going to start bidding for our last finale medicinal material, the 300-year-old purple ginseng! Before we start the bidding, the famous genius doctor Tianqi Shi will come to personally appraise for us this superb purple ginseng!" Before Tianqi came, he promised the organizer that he would appraise this superb purple ginseng on the spot, so he walked to the center and took the superb purple ginseng from the hands of the hostess. After careful identification, he opened his mouth and said: "Everyone, in Shi's humble opinion, the actual life span of this superb purple ginseng should be around three hundred and fifty years or even higher. It can be said to be the best among the best, please rest assured!" Everyone present exclaimed! They thought it was three hundred years old, but they didn't expect it to be more than three hundred and fifty years old. This is really amazing! Marven couldn't help but look at Tianqi with admiration. He didn't expect that he could also see the actual age of this top-quality purple ginseng, and it seemed that he had a strong Chinese medical knowledge. At this time, the host smiled and said: "Mr. Shi studied ancient and modern times and is a well-known Wrestvel sage. A few days ago, he cured a patient with high paraplegia and created a medical miracle. I think everyone has heard about it, so with Tianqi's appraisal opinion, everyone can rest 10,000 hearts on this superb purple ginseng." When Tianqi returned to his seat, vicissitudes of voice suddenly came to the mind behind him: "Old Master Shi, high paraplegia is a terminal illness that cannot be cured by Chinese or Western medicine. How did you cure it? Why do I not believe that you can really cure it? Tell me, did the blind cat meet the dead mouse?" Tianqi looked at the place where the sound was made. After he could see who it was, he smiled and said, "Bruce, you are not waiting for the Chinese Medical Clinic. What are you doing here?" traditional medicine lord! When they heard this name, the people around couldn't help being shocked. This traditional medicine lord is called a contemporary imperial doctor! he is the representative of the highest level of traditional medicine in China! Bruce laughed at this moment, and said, "I just came to see if you have the ability. The spread is too mysterious, I don't believe it." Tianqi smiled slightly and said, "It's really just rumored, you don't really need to believe it." Bruce was stunned, did not expect Tianqi to be so humble? He thought he would be more real, but he would deny it directly, which made him suddenly wonder what to say. At this time, the host opened his mouth and said: "Next, we will start bidding for this 300-year-old purple ginseng. Its starting price is 5 million, and the price increase should not be less than 1 million. Now everyone can show up." The host smiled sweetly, and after speaking, he stood aside. As soon as she finished speaking, she heard Barena Wei in the back row directly shouting: "Ten million." Everyone was speechless, this 300-year-old top-quality purple ginseng had doubled the price in the first bid.

Chapter 444

Barena Wei knew that if the premium purple ginseng was bid all the way, it would probably cost 20 to 30 million, so he simply doubled it and frightened others, so that he might even steal a chicken.

"Eleven million." A middle-aged man in the court also raised a placard and shouted.

Barena Wei glanced at the man with disdain, then raised his placard again: "15 million."

"16 million."

Someone spoke again.

“Twenty-five million.” Barena Wei held up his card.

He is helping Fredmen participate in the auction this time, and the bid will also be borne by Fredmen, so he doesn't feel distressed at all.

The price of 25 million made many people have the idea of giving up.

Although the best purple ginseng is good, the effect of one plant is limited. 25 million is already at a very high price.

However, at this moment, someone at the scene suddenly shouted: “I'll pay 30 million!”

Everyone hurriedly looked around, only to find that the bidder turned out to be Marven sitting next to Tianqi.

Barena Wei and Fredmen did not expect that Marven would rob them at this time, so the two exchanged glances. Fredmen directly took the sign in Barena Wei's hand, raised it and said, “Forty million!”

Fredmen knows very well that Marven is very difficult to deal with. Once he consumes him, the price will not be known!

Moreover, this guy couldn't buy it at first glance. He must know that he needed this superb purple ginseng to regain his glory, so he deliberately made trouble with himself and wanted to raise the price to disgust him.

Therefore, he planned to call for 40 million in one step, so that Marven would not dare to follow!

However, Marven raised his placard again at this time and said lightly: “50 million!”

In his pocket, there was a check for 100 million from Warnia last time.

Last time he gave this check to his mother-in-law Viola by mistake, and it almost caused a catastrophe. He was very upset with the check. He was thinking about finding an opportunity to spend it, so he has done it today. Get ready, use this one hundred million check to bid for this superb purple ginseng!

Anyway, besides this one hundred million check, there is money in the card. In his eyes, this check is just a piece of waste paper that he doesn't know how to deal with. It finally came in handy today.

Hearing Marven's call for fifty million, Fredmen died of anger.

He gritted his teeth and said to Barena Wei: “This horrible waste, deliberately wants to go against me! Fifty million, it's weird he can get it!”

Barena Wei also nodded and cursed, “This kid is really bad sh!t soup, this super-quality purple ginseng is actually about 20 million, and 50 million to buy it is really a waste. It can be said to be a fool! “

Fredmen gritted his teeth and said: “d*mn, I’ll call him around to see, I can’t wait for this problem with my body!”

After speaking, he held up the sign and shouted in a cold voice: “I will pay 60 million!”

Did he think, Marven still dare to call 60 million?

Unexpectedly, Marven directly raised his placard: “I will give out 80 million!”

Fredmen suddenly exploded and stood up and asked loudly, “What do you mean by that? What the h*ll is he? It’s 80 million, can you afford that much money?”

Marven said with a smile: “My dear grandson, don’t worry, grandpa can afford it!”

Chapter 445

Many people at the scene knew that Fredmen had knelt down before calling Marven’s father and Marven’s grandfather, so when they heard this, they suddenly laughed.

Fredmen couldn’t hold on to his face, gritted his teeth, and said, “Okay! You have a seed! I will give out 90 million!”

Barena Wei pulled his sleeves beside him and said, “Fredmen, ninety million is too expensive. This thing is not worth so much. Don’t be impulsive and fall for that b@stard!”

90 million to buy a ginseng? Except for thousands of years of super-premium products, no ginseng is worth so much money!

Although Fredmen is rich, he is not a lavish person. Sleeping Theresa only spent 15 million and asked him to spend 90 million to buy ginseng, which is really a bit superior.

However, what he was thinking at this time was that he had to heal himself!

After so many days, he hasn’t felt there, it’s almost like nothing. If this continues, he will lose hope in life...

So, he made up his mind in his heart and gave out 90 million, no more!

At this moment, Marven faintly held up the sign and said: “I will give one hundred million!”

Fredmen immediately shivered with anger, and cursed, “What do you want to do with this rubbish? It is probably a good thing that disturbs me?”

Marven smiled faintly and said: “I have taken a fancy to this purple ginseng. Of course, I have to bid for it. What’s the matter? What if you, Chairman Xiao, can’t be snatched from you?”

Fredmen cursed: “Do you think I don’t know your details? You are just a live-in son-in-law. You don’t have 100 million in the entire Xiao family! How can you get so much money? Come?”

After that, Fredmen turned his head to look at the host, and said: "I suggest you drive this guy out, this guy is cheating! He can't have that much money at all!"

Tianqi frowned and said, "All the expenses of Mr. Marven today can be counted under my name."

Qin Gang also said quickly: "My Qin family's funds are also available for use by Mr. Ye at will!"

When the two of them said these words, the scene was shocked!

What is Marven's background? Tianqi, the genius doctor and Qin Family Patriarch Qin Gang, are willing to pay for him. This is a hundred million!

At this time, Marven smiled faintly, and said: "It's just a hundred million, I can still afford it. That's right, I have a hundred million in my pocket. It's been a d*mn half a month, and it's almost annoying. I'm dead, just take this opportunity to spend it."

Fredmen said contemptuously: "What are you bragging about? Do you treat everyone as a three-year-old kid? And you have 100 million in your pocket, do you know how much a billion is? A billion in cash weighs more than a ton! Can you? Put it in your pocket?!"

Marven curled his lips and said with a smile: "You really are a stinky silk that has never seen the world."

With that said, Marven took out the 100 million check that Warnia gave him from his pocket. The check had been crumpled in his pocket for many days, and it looked like a pile of waste paper.

Marven raised the check and said to the host: "Beauty, let your financial staff come over and check it."

Fredmen sneered and said, "stupid, just take a wad of waste paper and say it is one hundred million? Then I will use several hundred million to wipe one butt!"

Marven ignored him, holding the check indifferently.

At this moment, the host brought the financial staff, and Marven handed over the check. The other party checked it for a while and immediately said: "This check has a face value of 100 million, which is true."

After speaking, everyone present suddenly exploded!

A one-hundred-million cheque, just as waste paper in his pocket?

What the h*ll should he do if he loses it?

What if it accidentally slips out of pocket while squatting in the toilet?

Chapter 446

What if he accidentally put the clothes together and throw them into the washing machine and wash them into pulp?

What a big heart! Big scary!

Fredmen's angry face was twitching faintly at this time. He didn't even understand why this waste could have so much money? Isn't he just a son-in-law?

Marven asked the hostess at this time: "Since no one is robbing me, I can also get 100 million. This super-quality purple ginseng should belong to me, right?"

The host hurriedly said: "Now I announce that this 300-year-old purple ginseng is back..."

Before he finished speaking, Fredmen hurriedly said: "Don't worry! I have to increase the fare!"

The scene was shocked again!

The auction starts at 5 million, and all the auctions have reached 100 million. Do you need to increase the price? !

This purple ginseng is not worth so much money at all! Are these two crazy?

Barena Wei hurriedly reminded: "Oh, Fredmen, a billion is a big loss. With this money, what's wrong with it?"

Fredmen asked: "If you can't get it, what about your new medicine? What about my illness?"

Just as he was talking, a middle-aged man with a little bald head rushed over and said to Barena Wei, "I'm sorry, Mr. Wei. The laboratory was waiting for the results just now, so I came late."

The person who spoke was the chief pharmacist of Wei's Pharmaceuticals. He had just arrived from the pharmaceutical factory to help Barena Wei check the purple ginseng.

Barena Wei hurriedly said: "Professor Ke, you just came here, do you think the superb purple ginseng in the host's hand is worth 100 million?"

"One hundred million?" Professor Ke shook his head and smiled: "It's not worth it. For three hundred years of purple ginseng, the highest market price is only thirty million. It can't be higher. One hundred million will only be bought by fools... .."

"What about Fredmen's disease?" Barena Wei asked.

Professor Ke said with a confident expression, "In fact, it doesn't have to be 300-year-old purple ginseng. We only need to find a few 100-year-old purple ginseng to purify and replace it. 100-year-old purple ginseng on the market value of one plant is only about one million, and five is worth five million. The price/performance ratio far exceeds that of 300 years."

At this time, the host asked Fredmen: "Fredmen, how much do you want to add? Please tell me the specific amount directly, otherwise, it will be difficult for us to continue."

After hearing what Professor Ke said, Fredmen felt confident in his heart. He felt that he could not be taken advantage of, so he should give this opportunity to Marven and let him hurt him.

So he immediately shook his head and said: "I decided not to add it. It is simply a mental retardation to spend 100 million to buy this kind of thing. Only people with poor brains can do this kind of thing."

There was a boo in the scene.

If you have no money, you can say you have no money. If you are reluctant, you can say that you don't want to. If someone else is mentally retarded, what kind of sour spirit is this?

Fredmen was booed by so many people, and his heart was a little irritable, but he didn't dare to have an attack, so he had to bite the bullet and endure it.

No one would have trouble with money, and he didn't think it was worth spending tens of millions to buy face.

The host then said: "One hundred million once."

"One hundred million twice."

"One hundred million three times, congratulations to Mr. Marven, the transaction."

Marven nodded in satisfaction, looked at Fredmen, and said with a smile: "Send you a friendly reminder that you can't cure that disease with any medicine, so I advise you not to waste your efforts!"

Chapter 447

Everyone looked at Fredmen together. Fredmen was ashamed and annoyed and cursed: "You are s3xless, and your whole family is s3xless. I tell you, I am very good!" Marven smiled faintly: "Who can't use it, who knows in his heart that the hard place is not hard, what's the use of bare mouth?" Everyone laughed at Fredmen. Could it be that this well-known Chairman Xiao has really lost his male power? It seems to be the same, otherwise, why does he have to bid for a premium purple ginseng? And also mixed with Barena Wei of the Wei family. Those who are here today are all people from the TCM field. Everyone knows that the Wei family is studying a new drug that can strengthen male virility and greatly restore male abilities. It seems that Fredmen and Barena Wei are mixed together, and they want to be the first drug testing People? Fredmen gritted his teeth angrily, and blurted out: "You, don't spit people here! I am very capable!" "He has given away his own concubine, and here he says he has the strong ability? If he is really capable, do he need to give her away?" Fredmen blushed, and said annoyedly: "You...what are you talking about?!" Theresa also questioned angrily: "Marven, why are you ruining people's innocence for no reason!" Marven sneered when he saw the two of them looking anxious and depraved. He was too lazy to quarrel with them. He took the best purple ginseng directly from the host and said to Tianqi and Qin Gang: "Okay, there is nothing I'm interested in here. Let's go. ." After speaking, Marven got up and walked out. Tianqi and Qin Gang hurriedly said, "Mr. Ye, we will send you off!" "No need." Marven waved his hand and said, "I can go by myself. You can stay and socialize with everyone." As he said, he glanced not far away and kept staring at Tianqi's Kobayashi Ichiro in secret, and reminded Tianqi, "Old Shi, after today, if someone steals the medicine from you, you Don't resist, just give it to him if he wants, understand?" Tianqi nodded immediately and smiled: "Mr. Ye, don't worry, Shi understands!" Aoxue's eyes were always on him. Seeing that he was about to leave, she was a

little anxious. She hesitated and asked in a low voice, "Mr. Ye, can I send you off?" When Aoxue first came, Marven saw that she had something on her mind and that she had something to say to him. Seeing that she finally had the courage to say it, he nodded and said: "Okay, come with me." Aoxue looked at Marven gratefully, and said respectfully, "Mr. Ye, please!" Aoxue respectfully accompanied Marven to the door. Marven looked at Aoxue who was hesitant to speak, and asked, "Aoxue, honestly, do you have something on your mind?" Aoxue bit her lower lip and said with some embarrassment: "Mr. Ye, you can see it all..."

Chapter 448

"It is almost written on my face, can you see it?"

Marven smiled slightly and said, "If you encounter any difficulties, you are welcome, just tell me."

Aoxue subconsciously touched her face, feeling her cheeks hot.

Although she was originally a valiant, cheerful, and generous woman, she was always shy in front of Marven.

So she calmed her mind, and then said seriously: "Mr. Ye, I do have something, and I want to ask you for help."

Marven nodded and said, "Just tell me."

Aoxue said: "Mr. Ye, I have a good friend in college. She used to have a very lively, sunny, and positive personality. But I feel that she has been brainwashed by her boyfriend recently. Doing a lot of extreme things, once when she was scolded by her boyfriend and wanted to jump off the building, I persuaded her. Later, her boyfriend brainwashed her and prepared to swallow sleeping pills to commit suicide. I told the teacher to rescue her... .."

Speaking of this, Aoxue said sadly: "But my best friend has been completely brainwashed now. Not only does she not thank me for saving her, but instead feels that I broke her relationship with her boyfriend and quarreled with me several times. She even cut off contact with me. I think her condition seems to be wrong these days, so I want to persuade her, but she directly scolded me. I'm really afraid that something will happen to her if she goes on like this... .."

Marven asked in surprise: "Brainwashing? Was it MLM by her boyfriend?"

Aoxue shook her head and explained: "It's not a pyramid scheme. I collected some information and found that it seems to be a very popular means of chasing girls, conquering girls, and controlling girls!"

Speaking of this, Aoxue said indignantly: "These sumbags seem to pursue girls and fall in love with them, but in fact, they are able to control the girls to be their cows and horses, and even die for them. For pleasure, but many girls are very innocent, sinking into it step by step, and eventually suffer serious injuries and even lose their lives. These sumbags are simply a bunch of unforgivable b@stards!"

Marven frowned and said, "There is still such a b@stard?"

“Yes!” Aoxue said: “Before my girlfriend was in trouble, I didn’t expect that there would be such a person, but after I carefully understood it, I discovered that there are not a few s*umbags like this, and they take pleasure in playing with women. They don’t have any conscience at all!”

Marven said coldly: “Each of them is given their lives by great women, but they still take pleasure in playing with women. Such sc*m is simply the dregs of society!”

Aoxue said indignantly: “This fellow s*umbag is not a day or two. Last year, a girl in our school was pregnant and jumped out of the building. It is said that he instigated her; another girl was repeatedly insulted by him because he didn’t give it to him for the first time. Feeling very dirty, she left a suicide note saying that she wanted to wash her own filth. She committed suicide by jumping into the river. It is said that there are also four or five girls who were forced to drop out of school because of this mental disorder. Two of them died...”

Marven frowned. He had never thought that there would be such a s*umbag, so he immediately said firmly: “In this case, I’ll take care of this! You take a moment and take me to see her. You girlfriend!”

Aoxue burst into tears with excitement, grabbed Marven’s hand, and said, “Mr. Ye, if you are willing to make a move, then my girlfriend must be saved!”

Marven said, “As long as this kind of thing comes from constant psychological hints at work, I’m not sure if I can relieve the other party’s psychological hints to your girlfriends, but I can give it a try.”

Aoxue nodded repeatedly: “I believe you can do it!”

After all, Aoxue said: “Why don’t you come to my school at night, I will take you to find my girlfriend.”

“Okay.” Marven said, “If I can, I would like to see the s*umbag who plays with your girlfriends. Is he from your school too?”

“Yes!” Aoxue said: “He is the school grass of our school. He has a great reputation in the school. He is handsome, rich in family, and can coax girls, so many girls like him, and because of this, He can keep spoiling the little girls.”

Marven sneered and said: “Okay, a s*umbag who likes to give people psychological hints, I would like to meet him for a while, and let him have a taste by the way, what is meant by treating his body by his own way! “

Chapter 449

Marven made an appointment with Aoxue, and met at the Wresvel School of Finance and Economics where she was studying in the evening, and then returned home with the 300-year-old purple ginseng.

On the way, Marven called Mr. Orvel and Zak Chen respectively, telling them that someone was worried about Tianqi’s medicine, so they asked them to send someone to protect Tianqi secretly while staring at Kobayashi Ichiro secretly.

Zak Chen had been in Wrestvel for many years and had a great influence, so Marven asked him to set up a secret sentry directly at the airport and observed at Ichiro Kobayashi, not allowing him to leave Wrestvel casually.

He knew that Kobayashi Pharmaceutical must be planning to take away the magic medicine from Tianqi and return to Japan to study its ingredients.

Therefore, he was going to dig a big hole for Kobayashi Ichiro.

At this time, Ichiro Kobayashi didn't know that Marven had already woven an invisible big net, which firmly covered him inside.

In the evening, Marven came to Wrestvel College of Finance and Economics as scheduled, and Aoxue was already waiting for him outside the school gate.

Seeing him coming, Aoxue hurriedly stepped forward and said anxiously: "Mr. Ye! My bestie seems to be jumping off the building, please come with me and have a look!"

Marven hurriedly asked: "What's the situation?"

Aoxue said: "After having dinner in the cafeteria, I watched her secretly. The s*umbag scolded her again, slapped her and left. My best friend was crying and wandering by the artificial lake. After a long time, I'm afraid she can't think about it, and a few classmates are observing her secretly!"

Marven nodded and said, "It shouldn't be too late. Take me there quickly."

Before coming, Marven used his mobile phone to check what Aoxue said. It is called the art of hitting up in the s*umbag circle, and it has now developed to the point where it is a little deformed and abnormal.

This group of people takes pleasure in playing with and hurting women, and immersed in it and enjoys it.

Many girls are confused by them, and it is easy to do things that hurt them, and some even sacrifice their lives.

So Marven was also very anxious to get angry, just thinking about seeing that girl first to see what was going on with her.

Wrestvel University of Finance and Economics is very famous and is ranked among the top three universities of finance and economics in the country. The school covers a large area with beautiful scenery, and there is a very large artificial lake inside.

Aoxue brought Marven to the artificial lake. A girl hiding in the dark rushed over and said to Aoxue: "Aoxue, you can come back. Liuyue has been wandering by the lake for a long time. I'm really afraid of her. She could jump in impulsively!"

Aoxue hurriedly asked, "Where is she now?"

The girl pointed to a dark shadow near the artificial lake and said, "She's there!"

As soon as Marven looked over, she saw that the dark shadow suddenly jumped and jumped into the lake with a thud.

Several girls screamed in fright, Marven rushed over without saying a word, plunged into the lake, and picked up the girl who was about to sink.

The girl was begging for death and suddenly felt that she was picked up by someone and pushed to the surface of the water. She cried and shouted: "Don't save me, let me die, I am not pure, I am not clean, I am sorry Wu Qi, I am sorry for his love for me..."

Chapter 450

Marven dragged her to the shore while screaming coldly: "Parents whose bodies are affected by hair and skin, are you worthy of your parents for hurting your body for a s*umbag?!"

The girl wailed: "Please let me die. A dirty girl like me has no face to see my parents. It is their shame that I am alive. Only by dying can I set them free."

Marven dragged her to the shore with ease, threw her on the grass on the shore, pointed her nose and said furiously: "dmn! You live not only for yourself but also for your parents. They worked so hard. They nurture you to adulthood, let you grow up, and provide you with education. They don't want you to jump into the lake to commit suicide for a sumbag! They want you to grow up, become a pillar of talent, contribute to the country and society!"

Several girls also cried around at this time, and persuaded: "Yuesheng, why are you so stupid! Do you think it is worth hurting yourself for that s*umbag?"

The girl called Liuyue broke down and cried and kept saying: "I'm so dirty, I'm sorry, if I don't die, he will be tortured too, I don't want him to be tortured, I want him to be happy... .."

Marven couldn't help but frown.

It seems that this girl named Yuesheng has been brainwashed by the other party quite seriously!

So he immediately said to the other girls: "You go to one side first, and I will have a private chat with her."

The other girls were a little hesitant, Aoxue looked at him with big eyes full of admiration, and said to the classmates around: "Let's go to the side and let Brother Ye persuade her."

Seeing that Aoxue had said so, the others nodded, and a few of them retreated far away.

That Yuesheng was sitting wet on the muddy ground on the shore at this moment, muttering: "Let me die, a filthy woman like me doesn't deserve to live, I want to use death to prove that my feelings for him are true. Yes, I want to prove with death that I really love him..."

Marven could see that Yuesheng's thinking at this time was chaotic.

Someone must have repeatedly instilled this kind of psychological suggestion that she is dirty and that she should die. Over time, she herself will firmly believe that she is dirty and deserves to die.

This kind of psychological suggestion needs at least half a year to deepen, ferment, and breed continuously.

In other words, that s*umbag had brainwashed her for at least half a year in order to let her die!

So Marven immediately thought that there is also a powerful psychological hypnosis technique in the Nine Profound Heaven Scriptures, so he gathered some spiritual energy in his body into his fingertips, lightly nodded Yuesheng's forehead, and said, "Yuesheng, look Follow me."

Yuesheng immediately looked up at him as if being cursed.

Marven asked, "Tell me, what is going on?"

Yuesheng said dumbly: "I talked to a boyfriend when I was a freshman and gave him my body on impulse. Then I met Wu Qi. He has been pursuing me. I also like him very much, but he knows me. After the first time, I was very disgusted with me. Every time he had a relationship with me, he would beat me, scold me, call me dirty, say he is sorry for me..."

Marven nodded, and said in a supremely majestic tone: "Yuesheng, what I will say next, you have to keep in your mind for a lifetime, until you die in the future, you can't forget it, you can do it?"

Yuesheng had been hypnotized by Marven at this time. Marven's hypnotism is assisted by spiritual energy, and the hypnosis intensity far exceeds the psychological hint that the s*umbag gave her, so she hurriedly nodded respectfully and said: "You can give me your orders, Yuesheng must go all out!"

Marven said word by word: "Remember, you just did what most couples in the world would do. This is your own choice. It has nothing to do with filth, and your life is the most precious in the world. Not only belongs to you but also belongs to your parents and everyone who truly loves you. The person who truly loves you will never persuade you to give up your life, so you must cherish your life in the future, stay away from s*umbags, and be filial to your parents and contribute to society, understand?!"
