

The Amazing Son In Law Chapter 461-470

Chapter 461

Wu Qi has completely lost his mind.

At this time, the psychological hints Marven gave him were extremely strong, driving him to just “fill his stomach” in his mind!

The three classmates collapsed and went forward desperately to pull him away. He lay on the ground like a mad dog, eating and cursing.

The headteacher just ran out with a few doctors. Seeing this scene, the doctors who were used to seeing mental illness were also frightened.

They have seen all kinds of mental illnesses, but this is really the first time they saw...

This is too cruel, right? !

As a result, a bunch of doctors hurried forward and dragged the person back from the sh!t abruptly, then tied the person to a special bed with a fixed belt, and pushed the person into the mental hospital.

At this moment, the entire Wrestvel School of Finance and Economics is spreading Wu Qi's video.

Countless people will vomit on the spot after watching it, but everyone is still watching it with strong nausea, watching this video of Wu Qi's destruction.

Many people clapped their hands and cheered excitedly when they saw Wu Qi's end, because they in the school knew that Wu Qi was a super pervert. He liked to control girls psychologically, and then forced them to self-harm and commit suicide. To satisfy his twisted psychology.

Many people with a sense of justice dislike or even hate him, but because no one can provoke him, Wu Qi has never paid any price for his actions.

However, Wu Qi, who likes to give other people psychological hints the most, has turned into a shocking mental retard. This is not only irony, but also a hatred! They are really happy!

The Wu family's private plane has landed at Wrestvel Airport.

From Suzhou to Hangzhou to Wrestvel is very close, the high-speed rail only takes about one and a half hours, so there are no flights between the two cities, and it only took half an hour for Wu's private plane to fly here.

After that, Regnar Wu took Wu Qi's brother Roger Wu and several top doctors and quickly got off the plane.

On the side of the plane, several Rolls-Royce had been waiting for a long time, and the group was divided into three cars and went straight to the SanityLab Hospital.

This Mental Hospital was not far from the airport, so the group rushed to the hospital quickly.

When they reached there, Wu Qi was tightly tied to the bed, struggling with all his strength, and a towel was stuffed into his mouth. This was because he couldn't get away and tried to bite his tongue and kill himself. The doctor blocked his mouth quickly.

At this time, Wu Qi seemed to be suffering from rabies, and the whole person was completely mad.

When Regnar saw that his son became like this, he was heartbroken and hurriedly stepped forward and said, "Wu Qi, Dad is here!"

Wu Qi can't recognize his father at all at this time, he just wants to fill his stomach...

So he pulled his feet and arms vigorously, his wrists and ankles were tied with belts, so he quickly got all scars and even faint bleeding.

Regnar hurriedly said to the psychiatric expert he had brought: "Look at what is going on!"

The doctor nodded and said, "I will give the second young master a sedative first!"

After speaking, he immediately took out the syringe and sedative from the medicine box he carried, and gave Wu Qi a shot without hesitation.

However, after the needle went down, Wu Qi didn't feel calm at all. He was still struggling desperately, whimpering and saying something, but he couldn't hear clearly because of the towel.

Seeing that the tranquilizer had no effect, Regnar hurriedly asked: "What's going on?!"

The expert was a bit big, and said, "Mr. Regnar, let alone a person, even if it is a cow, he has no reaction at all..."

Chapter 462

Regnar blurted out: "You don't need to say that I also know that he has no reaction at all. I want to ask you, what to do now?"

The expert thought for a while and said: "I want to increase the dose a little bit. In any case, let the young master calm down first."

Regnar nodded and said, "What are you waiting for?!"

Experts said: "Mr. Regnar, excessive use of sedatives can damage the body, so..."

Regnar blurted out: "He is already damaging his own body, and the most important thing is to calm him down quickly!"

"OK!" The expert nodded hurriedly and immediately prepared to increase the dose.

After another shot, Wu Qi still didn't change much.

"It's really weird..." the expert said: "This kind of tranquilizer has a very strong effect. After two injections, the manic elephant will also stop, but the young master is still so irritable, which is really a bit unreasonable."

At this time, the heart expert on the side said: "No, Mr. Wu Qi's body is shaking, as if his heartbeat is fast!"

After that, he immediately took out a portable ECG monitor and turned it on for a test. At this time, Wu Qi's heart rate was as high as 180 beats per minute!

"This...this is the heartbeat index after violent anaerobic exercise... If the young master keeps this heart rate, the heart may not be able to handle it longer!"

Regnar hurriedly asked: "What happens if it doesn't get down?"

Cardiologists said: "This can lead to a heart failure, palpitations, or myocardial infarction, and it will be life-threatening!"

Regnar asked, "What should we do?!"

The cardiologist said: "The best way is to calm down the young master as soon as possible, otherwise, the heart will be difficult to bear this load for too long..."

The psychiatrist on the side said: "But the second young master can't calm down now. After the two sedatives have been taken, he still doesn't get better at all..."

At this time, Wu Qi was still struggling desperately, so that his heartbeat was getting faster and faster!

The cardiologist was anxious, and blurted out: "No way! The heart rate is still rising. If this continues, it will soon be life-threatening!"

Regnar hurriedly asked some Wu Qi's classmates who were already frightened next to him: "What is going on with him tonight? Is there any way to calm him down?"

The three of them look at him and he look at them. One of them plucked up the courage and said, "Hello, uncle, after Wu Qi returned to the bedroom tonight, he started to eat sh!t. When he wants to eat sh!t, no one can stop him. It's only when he is finished eating that he can regain his sanity...The second and third time the same thing happened..."

Regnar's face was extremely cold, and he asked, "In other words, he can only calm down after eating that thing, right?"

"Yes..." Everyone nodded hurriedly.

Roger on the side could not help saying, "Dad, is someone deliberately pulling a revenge on Wu Qi? After all, Wu Qi has indeed hurt some girls from poor families in the past two years in college. It seems that two have died."

Regnar said blankly, "You said it yourself. Those are girls from poor families. Neither the living girl nor the family member of the dead girl can make any waves. I suspect there is something strange."

At this time, the cardiologist said: "Mr. Orvel, the second young master's heart rate has exceeded 220. If this continues, it is estimated that the young master heart will not work soon!"

Regnar gritted his teeth and spit out three words after a while: "Let him eat!"

Wu Qi's brother Roger blurted out: "Dad, I can't let my brother go to the toilet to eat that thing! This...this is too disgusting!"

Regnar said coldly: "Now there is no other way! The most important thing is to save his life! Let him eat first! Wait for him to stabilize before finding a way!"

Chapter 463

This night is destined to be lively and extraordinary.

On the other side, Wu Qi subverted everyone's views. On the other side, Fredmen followed Barena Wei and hurried back to Wei's house without the three hundred-year-old purple ginseng.

Fredmen felt regretful and grateful for not being able to win the 300-year-old best purple ginseng at the auction. Unfortunately, the century-old purple ginseng is naturally not as good as the 300-year-old best purple ginseng. Fortunately, it is enough. Saved more than 90 million...

Barena Wei took him three hundred-year-old purple ginseng to a friend to buy them, and they spent three million in total, while Marven spent 100 million on the three-hundred-year-old purple ginseng.

In comparison, he felt a lot more comfortable in an instant.

At this time, he only hoped that the Wei family's improved prescription would cure his stubborn disease.

Because this medicine placed the hope of the Wei family on the future, all the children of the Wei family were present. Even the head of the Wei family, Youngzheng Wei, came to the huge living room to supervise the scene, carrying his weak body.

Youngzheng Wei is in his sixties this year. Wearing a tunic suit with all Wang hair and pleats on his face, he swayed when he walked, and he couldn't even straighten his waist. At first glance, when he was young, women played too much, leading to blood loss.

Professor Ke, the chief pharmacist of the Wei family, instructed several assistants at this time. In the living room of the Wei family, micro-reactors, refining machines and centrifuges were placed in preparation for new prescriptions.

Although the three-hundred-year-old purple ginseng was not taken, Professor Ke decided to give it a try.

Because if this medicine really has to use 300-year-old purple ginseng, it will be difficult to mass produce it.

After all, this medicinal material is too expensive and too rare to find.

Therefore, if it can be proved that 100-year-old purple ginseng can be used, even lower purple ginseng can be used, then the production capacity can be greatly enhanced, and the cost can be greatly reduced.

The Wei family was extremely excited up and down.

Because if this medicine can be prepared smoothly and has the expected curative effect, it will be beyond the existence of Western medicine v!agra, and the Wei family may even become a world-class pharmaceutical company with this medicine!

v!agra, a chemical ingredient called sildenafil, has a very good effect on the treatment of weakened male functions. Its previous patent has been in the hands of the well-known American pharmaceutical company Ruihui.

With this drug, Ruihui has increased its market value by tens of billions!

In other words, this medicine has been sold globally, which has earned Ruihui hundreds of billions of dollars!

And if the Wei family's prescription is really done, it will not only improve the abilities of men, but more importantly, it can also regulate and improve the body of men. The effect will be better than that of v!agra!

At that time, once it is sold to the world, it will not make a profit?

Fredmen doesn't know how much profit this medicine will have in the future. What he thinks now is that if this medicine can cure him, he must find a few beautiful women and fight for three days and three nights nonstop!

During this period of time, it really made him want to die!

He looked at Professor Ke nervously. Professor Ke first weighed and distinguished the precious medicinal materials, and then put them into the centrifuge in order.

Professor Ke is a relatively powerful expert in integrated traditional Chinese and Western medicine in China. Traditional medicine uses a method of boiling. The effective ingredients are wasted and the purity is insufficient. Therefore, with the preparation of Western medicine reactors, centrifuges and other equipment, traditional medicine can be made with effective ingredients, the medicinal materials are well retained and purified.

Seeing Fredmen's nervous expression on the side, Youngzheng Wei smiled and said to Fredmen: "Fredmen, this is an improved new generation formula based on the top secret prescriptions of our Wei

family. Professor Ke's calculations and speculations have completely eliminated them. All the toxic and side effects are genuine magical medicines at a reasonable price."

When Fredmen heard this, he couldn't help but looked excited, and said, "That's really great. I hope the efficacy of this medicine will not disappoint me."

Youngzheng Wei hurriedly patted his chest and said, "Don't worry, Fredmen, this medicine can definitely cure your stubborn illness. Before the formula was improved, I walked around the world and relied on this magic medicine. The ten women of the Japanese imperial family are not a problem."

Chapter 464

Fredmen was a little moved by the scene he described, and said: "Is it so magical?"

Youngzheng Wei said earnestly: "Fredmen, the magical medicine of our Wei family is three and four times as effective as v!agra. The improved formula is even more effective, even up to ten times!"

Fredmen suddenly felt ecstatic in his heart. There was such a miraculous effect. It seemed that his root disease could be completely cured in all likelihood.

At this time, Barena Wei asked curiously: "Father, if this medicine is mass-produced, wouldn't we be able to be sell it overseas and suppress all the foreign competitors?"

Youngzheng Wei waved his hand and said, "Of course, once mass production can be achieved, men all over the world will use my Wei family's magic drug. There is no such thing as the so-called competitors. There will only be one male magic drug on the market. It is the magic medicine of my Wei family!"

Having said that, Youngzheng Wei said to Fredmen again: "I don't know if Fredmen has the intention to invest in Wei's pharmaceutical factory. If Fredmen is willing, he only needs to invest two or three billion, and can return 10 billion in income within a year! "

Fredmen was also very excited. The merchants valued profits, and he couldn't avoid them.

If the Wei family's magical medicine is really that powerful, it will definitely make money.

Therefore, Fredmen smiled and said: "If the effect of the medicine is real, it is only a billion investment, he can take it out at hand, but he has to see the effect of the medicine first."

Youngzheng Wei was waiting for his words. He immediately laughed and hurriedly said: "Fredmen, the first medicine will let you experience the effect first. If you feel good, let's talk about investment!"

However, Youngzheng Wei didn't know that Fredmen's illness could not be cured by ordinary drugs at all.

Moreover, although the so-called "magic medicine" of the Wei family has been improved, it is still unknown whether it is really effective or not without toxic side effects...

But at this time, Fredmen was thinking about reviving his vigor, and he could not even think about the consequences if the medicine failed.

At this time, he couldn't help but feel a little dry, and he couldn't wait to take Wei's magical medicine immediately.

At this time, Professor Ke has completed the preparation of the magic medicine.

Under the action of the centrifuge, all the medicinal ingredients were separated and finally purified into a bowl of deep purple soup.

"Mr. Youngzheng Wei, the new medicine has been deployed!"

Professor Ke took the medicinal soup and placed it in front of everyone.

A faint medicinal fragrance immediately appeared in the air, which made people feel feverish and dry mouth and tongue.

It seems that this medicine is really strong!

Youngzheng Wei looked at Fredmen and said with a smile: "Fredmen, please take this medicine."

Fredmen was already impatient, he looked at the soup with fiery eyes, and swallowed.

These days, it is too hard to endure the pain of living eunuchs.

Not only the physical pain, but also the psychological shock also made Fredmen tortured.

Fortunately, God pityed himself and let himself catch up with Wei's magical medicine!

It seems that today he can finally regain the power!

Chapter 465

Fredmen held the bowl of deep purple medicinal soup, and couldn't wait to bring it to his mouth, drank it!

Everyone was watching him, even Theresa was watching him.

In fact, Theresa hopes to follow Fredmen more. After all, Fredmen's Future Company Group is larger, and Fredmen is more willing to spend money on her.

At least, she also got 5 million pocket money from Fredmen.

Following Barena Wei, he didn't get any benefits.

If Fredmen regained his masculinity, then maybe he would really take her back from Barena Wei.

The Wei family are also paying attention to Fredmen at this time.

It can be said that Fredmen is the first real test product of this new drug.

Everyone wanted to see him work, so the Wei family sent it out!

After Fredmen drank the medicinal soup, he felt a strong heat flow between his kidneys.

Moreover, it is getting hotter and hotter!

This heat flow keeps accumulating in the lower abdomen, and then converges towards the roots...

Fredmen felt that he seemed to have an urge to raise his head, which made him ecstatic!

He couldn't help but said excitedly: "The magical medicine, this is the magical medicine! I feel feverish and hot now, and there are great signs of recovery."

Hearing this, Barena Wei on the side hurriedly said: "Congratulations to Fredmen for reinvigorating his glory, and his heroism!"

Youngzheng Wei was also very excited. He stood up and smiled up to the sky: "God bless my Wei family from weathering the dragon! From today, my Wei family will become the world's top pharmaceutical company and stand on top of the world!"

After speaking, he immediately said to Professor Ke: "Professor, you have worked hard! After this medicine is on the market, I will give you a villa and give you another 50 million cash reward!"

Professor Ke was very excited and hurriedly bowed, "Thank you Mr. Youngzheng Wei!"

Seeing that Fredmen seemed to be really well, Theresa on the side whispered charmingly, "Fredmen, I am here to congratulate you..."

After speaking, she didn't forget to give him a seductive look.

Fredmen was so unbearable by her voice that he thought that he was about to recover, so he directly said to Barena Wei: "Brother Barena, I know that Theresa has been with you for these two days, but I am recovering from a serious illness and need help from Theresa. I'll try the medicine, so I will take Theresa away tonight?"

When Barena Wei heard this, he felt a little unhappy.

After all, he also has a certain affection for Theresa, and men have a monopoly on the things they like.

But when he thought that Theresa was given to him by Fredmen after all, now he needs a woman to accompany him to try the effects of the medicine. There is nothing wrong with returning Theresa to him for the time being, so he can only agree: "Since Fredmen has spoken. Now, my brother, naturally I won't have anything to say."

Fredmen nodded in satisfaction and immediately said to Theresa: "Theresa, you come back to Xiao's house with me!"

Theresa hurriedly said: "Okay Fredmen, or let's go back now? Don't you wait for..."

Fredmen remembered something, and hurriedly turned around and asked Youngzheng Wei: "By the way, I only feel feverish now, how long will it take to fully recover?"

Chapter 466

Youngzheng Wei hurriedly said: "It is estimated that the effect of the medicine has not yet come up. You must first repair the damaged part. Only after the repair, will you regain your glory, but I estimate that after half an hour to an hour, no matter what, you can stand tall!"

Fredmen said excitedly: "If this is the case, then the time is rushed, so Xiao will not bother you, and leave first."

After speaking, he immediately left Youngzheng Wei's house with Theresa.

When he was in the car, Fredmen was already a little uncontrollable. While driving, he fidgeted and said: "The heat is getting stronger and stronger, but it seems that it hasn't reached that place yet..."

Theresa hurriedly said, "Didn't the Wei family's Patriarch say that the medicine must be repaired before it can work there!"

"Hahaha!" Fredmen said excitedly: "It's like the game you young people play. The enemy has five seconds to reach the battlefield!"

Theresa smiled and said, "Fredmen, how long will you get to the battlefield?"

Fredmen smiled and said, "I guess it will be another half an hour, how come it should be there? Hahahaha!"

Having said that, Fredmen stretched out his arms around Theresa's waist and said seriously: "Theresa, after I am completely healed, you should follow me. As long as you take care of me, I will protect you for the rest of your life and you will enjoy it. "

Theresa said with a charming expression: "Theresa will definitely take care of you!"

Fredmen nodded, and then said in a vicious voice: "That Marven, this b@stard made me almost unable to be a man, I definitely can't let him go!"

This time I planted myself in Marven's hands in Wrestvel, I don't know how many times, not only the roots were destroyed, but I also had to call him grandpa several times.

It can be said that his Fredmen's face was lost on Marven.

After you get better, you don't need to be afraid of Marven, and you don't need to be afraid of Tianqi, just find an opportunity to kill them both!

That Tianqi is also very fcking hate, he didn't give it to him, and threatened him with his mother, dmn it!

.....

Soon, Fredmen drove back to Xiao's house.

After the two got off the car, they passed through the living room and went straight to the guest room on the second floor.

The Old Mrs. Xiao was drinking tea in the lobby. When Fredmen was pulling Theresa back, the two hurried upstairs and couldn't help asking Noah Xiao next to her: "Fredmen has his hidden illness cured?"

"I don't know either." Noah Xiao said, "Since the monkey went back to the room so anxiously, it feels like there is improvement."

The Old Mrs. Xiao smiled and nodded, and said: "Okay, okay! Fredmen can regain his power, and Theresa can follow him again. Our Xiao Group's follow-up investment of 70 million is another show!"

With that said, the Old Mrs. Xiao hurriedly said to Noah Xiao: "Go, go to their door and listen to see if Fredmen has really recovered. If he has, I will talk to Fredmen tomorrow morning. About the investment thing!"

Noah Xiao said embarrassingly: "Mom, Theresa is my daughter. I'll go to her door to eavesdrop. This is not appropriate..."

Old Mrs. Xiao glared at him and said, "Can't you tell the most important thing about the useless things? At this time, the most important thing is whether Fredmen has recovered or not!"

Noah Xiao's wife Horiyah nodded quickly and said, "Mom is right. At this time Fredmen's situation is the most important thing. If you are embarrassed to eavesdrop, then I will go!"

Mrs. Xiao looked at Horiyah approvingly, and said: "Horiyah is still courageous in doing things! In our family, women are always better than your dad. I do things better than your dad, and you do things better than usual. , Avella that unfilial granddaughter who turned her elbow out is also a bit better than Jay in doing things."

Chapter 467

Inside the room. Professor

Fredmen lay on the bed, anxiously waiting for the effect of the medicine to arrive on the battlefield.

Theresa put on a bathrobe and went to the bathroom first.

Don't know why, Fredmen always feels something is wrong. The lower abdomen has been hot and hot since he was in Wei's house, but his key parts have never changed.

Even at this moment, he vaguely felt itchy and aching.

"It is estimated that the medicine is working!"

Fredmen comforted herself. At this time, Theresa also came back from the bathroom.

Theresa, lying in Fredmen's arms like a wild cat, asked softly, "Fredmen, do you feel better now?"

Fredmen shook his head and said with an ugly expression: "Not yet, but it should be soon."

Theresa deliberately served Fredmen well and got more benefits, so she winks, and then lowered her head to untie Fredmen's pants.

Seeing this, Fredmen also showed expectant eyes, and his heart was hot and unbearable.

As a man, he really endured too long, too much pain.

however.....

The next second, Theresa suddenly yelled in horror, her voice harsh.

"Oh my god, Fredmen, what's the matter with you, why are you starting to grow black and purple, and the roots are still a little festered!"

"Huh?!" Fredmen's brain exploded, pushing Theresa away, lowering his head to look there.

After seeing it clearly, his face instantly turned green.

He thought it might just be that the effect of the medicine hadn't arrived yet, but he didn't expect that his key point had become black and purple, and even some of it was corrupted!

What the h*ll is going on!

Fredmen's scalp exploded, and he went crazy in an instant!

If he was expecting much after he had just taken the medicine, he would have collapsed now.

From a good man to a living eunuch, he got hope several times, but he was struggling in desperation.

After finally getting the Wei family's magical medicine, after taking it by himself, it turned out to be ulcerated.

It is not too much to say from heaven to h*ll!

"dmn, there must be something wrong with the Wei family's medicine. I said that Youngzheng Wei, the old and undead man, was so kind to let me take the medicine first. It's clear he was treating me as a fcking mouse."

Theresa was also stunned, and subconsciously said: "Fredmen, what should we do now..."

Fredmen slapped her directly, and said angrily: "It's all d*mn rot, what else can I do, go to the hospital! Let your dad prepare the car!"

.....

Noah Xiao almost broke down when he heard that he was going to the hospital again!

He thought that Fredmen was finally effective this time, and that his daughter would be able to regain the favor of Fredmen, but he didn't expect that this time, it was still nothing to do with the bamboo basket!

Moreover, he heard from Fredmen, it seems that the situation this time is much more serious than before!

Chapter 468

In the middle of the night, Noah Xiao drove the car, where Fredmen and his two bodyguards rushed to the People's Hospital.

Fredmen didn't even hang up the emergency number, so he broke into the emergency room of the hospital with his bodyguards.

As soon as he entered the emergency room and saw a male doctor sitting in front of the computer, Fredmen untied his belt and took off his pants on the spot.

The male doctor in the emergency room was shocked.

"What are you doing? You are perverted!"

The male doctor was taken aback, and hurriedly shouted, "Hurry up and put your pants on and give me out, or I will call the security guard!"

Suddenly encountering this situation in the middle of the night, no one can stand it.

Fredmen hurriedly explained in tears, "Doctor, you have misunderstood, I am not a pervert, I have a serious problem with my body, I should show it to you! Otherwise, I will be finished!"

At this moment, the festering has become more serious.

The male doctor glanced at it, sucked in a cold breath, and said, "This is your body tissue is completely necrotic..."

"Total necrosis? What do you mean?"

The male doctor said: "There is no room for rescue. Like some people who have been in a car accident and their legs are crushed into fleshy flesh, they cannot recover and are facing serious infections. They have to amputate their limbs. There is no other way."

"Amputation?!" Fredmen's eyes were red, and he said crumbled: "Cut off my roots?"

The doctor nodded and said, "Hurry up and amputate it before it causes your body to fester."

Fredmen cried loudly: "I am a big man, how can I cut it off? I just want to keep my roots. Even if it doesn't work anymore, I want it to grow there for me honestly!"

Now he doesn't want to restore his original function, he can not be bad, even if he is a living eunuch!

Thinking of this, he hurriedly pleaded: "Doctor, as long as you can cure me, I am willing to pay no matter how much money you say. You can think of a way for me!"

The male doctor shook his head and said, "It's not about money. Your condition is very serious. Now it is completely necrotic. I suggest you cut it directly."

With that, the doctor further explained: "If you don't cut it off and wait until the ulceration and infection become more serious, it will cause serious bacterial infections, leading to the collapse of your body's immunity, and it will be life-threatening! You know we have several times every year. This patient dragged himself to death because he refused to amputate! He died of an uncontrollable bacterial infection!"

Fredmen was already scared.

At this time, the male doctor comforted: "Don't worry, although your case is very rare, but I have done several similar operations before, and I will definitely cut you clean without leaving any lesions."

When Fredmen heard this, tears couldn't help but flow down his cheeks: "Doctor, I beg you, please show me a clear path, I really can't cut it off, I am a living eunuch, if it is Really cut, more uncomfortable than a living eunuch! I...I might as well die."

The male doctor said helplessly: "I'm sorry, our hospital really has no way to save. If you are unwilling to undergo amputation, we can't cure you..."

Fredmen almost collapsed, gritted his teeth and said: "You Rubbish, can't you even stop the ulceration?"

The male doctor was also a little annoyed, and said solemnly: "Why can't you listen to what the doctor said? I told you, now this situation can only be amputated, and the possibility of preventing the ulcer is very slim!"

"And don't think that it's just the root matter now. The infected bacteria will soon flow through the bloodstream. By that time, you will have a systemic infection and your life will be in danger!"

Fredmen's heart completely collapsed, and the hatred in his heart for the Wei family was almost overwhelming at this moment!

Oh sh!t! Wei family!

If my roots are gone, you Wei family will wait for the end!

I want to turn your entire Wei family men into living eunuchs!

Thinking of this, he shouted at the two bodyguards beside him: "Follow me to Wei's house!"

Chapter 469

Fredmen left the People's Hospital with great anger and rushed towards Wei's house with his two bodyguards.

As soon as he arrived at the door of Wei's house, a member of the Wei family hurriedly greeted him and asked flatly, "Fredmen, why are you here so late..."

However, Fredmen looked at him gloomily, slapped him over, and roared, "Get out of here!"

The anger and humiliation in his heart at the moment, like a boiling active volcano, may erupt at any time!

Immediately, Fredmen took two bodyguards and walked into the gate of Wei's house. As soon as he entered the yard, he said viciously: "Youngzheng Wei, get out of here! One step later, I will kill you!"

With Fredmen's roar, the entire Wei family suddenly jumped.

Not long after, Youngzheng Wei didn't wear his clothes properly, and he walked out hurriedly, supported by Barena Wei.

When he came out to look at Fredmen, who was full of anger, he also looked surprised and quickly asked: "Mr. Xiao, what are you doing? You just took medicine and restored your former glory. Isn't it right that you should be upset at home??"

"Turn the dragon to the phoenix? I turn your mother!"

Fredmen observed at Youngzheng Wei and pointed at Youngzheng Wei and said, "You immortal, dare you to use me as a guinea pig and try your Wei family's broken medicine! Now my roots are rotten, if you don't give me Solve it, I will f*cking destroyed your Wei family!"

Youngzheng Wei's brain buzzed, and he immediately understood Fredmen's words. The co-author had a problem with taking medicine.

So he hurriedly calmed and said: "Mr. Xiao, this must be a misunderstanding, a misunderstanding! Listen to my explanation, our Wei family is also very kind, and never think of you as a guinea pig, but you happen to have this need. Thinking that the medicine will be produced and let you take it first is entirely out of concern for you."

Shaking with anger, Fredmen took off his trousers in public, his eyes were cold and scary, and he pointed to the place where he had festered, and said: "It's f*cking so bad that it's going to be amputated. You tell me this is a misunderstanding?"

Youngzheng Wei's eyes didn't work well, so he rubbed his eyes carefully. Under this look, he immediately clamped his legs subconsciously!

His eldest son Barena Wei and illegitimate son Liang Wei were watching them, and their faces were equally scared.

d*mn it!

It really sucks!

How could this be?

He doesn't blame Fredmen for delivering the goods. What will be the replacement?

Barena Wei hurriedly said, "Brother Xiao, don't be angry...maybe the effect of the medicine has not been fully developed, you can wait two days to see..."

Wait two more days? I don't need to go to the f*cking hospital anymore, it just sucks!

Fredmen lifted his pants and yelled at Barena Wei furiously: "Wait for your mother, I will blame you as a fool. If you hadn't lied to me, saying that your Wei family medicine could cure me, I wouldn't end up like this! "

After he finished speaking, he said to the two bodyguards around him: "Give me one of his hands first!"

These two bodyguards are both good players.

At first he brought six bodyguards to Wrestvel, but Marven abolished four of them, and now only these two remain.

However, even if there are only two bodyguards left, the Wei family dare not fight against him!

After all, Fredmen is the chairman of Future Company Group, and his strength is much stronger than that of the Wei family.

Chapter 470

The Wei family originally hoped that the new medicine would allow them to rise, but now it seems that the new medicine is not as good as the old one!

At least the old medicine will not make people rot, at most, it is a little liver and kidney toxicity for many years.

Therefore, if Fredmen really wants to fight the Wei family, the strength of the Wei family is indeed not enough.

At this time, Fredmen's two bodyguards came forward and directly grabbed Barena Wei. It was useless to let him cry for mercy. He snapped his right hand with a click, and folded it into a strange angle. , People can't help but straighten their hair.

"My hand hurts so much..."

Youngzheng Wei was angry and frightened in his heart. Barena Wei was his eldest son and his most beloved son. However, seeing his son's hand being broken, he dared not speak.

At this time, the pharmacist Professor Ke also rushed over and said: "Mr. Youngzheng Wei, Fredmen, what's the situation?"

Fredmen looked back and couldn't help but sneered: "You b@stard, you just came here, calling me!!"

Professor Ke was dumbfounded and said, "Fredmen, misunderstanding, I cured your illness, didn't you say you want to gift me the villa?"

Fredmen sneered and said, "I will send you to live in a villa in the Hell Temple!"

The bodyguard pushed Professor Ke to the ground, and it crackled like a hammer. One of them hit his temple with a punch. Professor Ke rolled his eyes and passed out.

At this time, the entire Wei family was frightened, and Fredmen was really cruel!

In fact, Fredmen is not to blame. From losing his ability to now beginning to fester, his whole body and mind have suffered a huge blow that ordinary people can't imagine.

If he really needs to be amputated, he will be completely crazy.

Fredmen was still puzzled at this moment. He stepped forward, grabbed Youngzheng Wei by the collar, and threatened: "I will give you two ways now. One, I will destroy your Wei family now, and two, immediately take my illness and cure it, which one do you choose?"

Youngzheng Wei's face was extremely pale, and he begged: "Mr. Xiao spared me, I will choose the second one. We, the Wei family, must find a way to cure your illness!"

Fredmen asked in a cold voice: "How long will it take to get it done? If my roots are really not preserved, I will let people kill you! I want you to be buried with the Wei family!"

Youngzheng Wei nodded as if pounding garlic and blurted out: "We also have many very powerful doctors in the Wei family. I will let them come over and give you anti-bacterial and anti-inflammatory treatment first. It should be able to persist for a while!"

Fredmen sat down on the main seat of the sofa in the living room and said coldly, "Hurry up and find the doctor!"

Youngzheng Wei did not dare to delay, and quickly asked Barena Wei to contact the team of doctors from Wei's Pharmaceuticals to come over.

After the doctor came over, they immediately infused Fredmen with antibiotics, and then treated the ulceration part. However, the doctors of the Wei family agreed with the doctors of the People's Hospital that simply antibacterial and anti-inflammatory cannot solve the problem, but can only delay the speed of the ulceration, but, The end result is amputation.

Fortunately, through processing, it can be delayed for a few days.

In a few days, if the Wei family could not find a cure for Fredmen, Fredmen still had to undergo amputation.

After Fredmen infused the liquid, he said to the Wei family: "I will give you one day. If it can't be solved by tomorrow night, the Wei family will not need to exist in the future!"

Youngzheng Wei complied with a full mouth and respectfully said: "Chairman Xiao rest assured, we will definitely go all out!"

The eldest son Barena Wei pulled him aside and whispered nervously, "Dad, the doctor said, there is basically no good way to treat it, what should we do?"

Youngzheng Wei gritted his teeth and said: "Then I have to find a way too! Otherwise, would it be possible to watch the Wei family's death?!"
