

The Amazing Son In-Law Chapter 4671-4680

Chapter 4671

Gerard was taken aback by Marven's question, and subconsciously said:

"That's... just keep him alive... even if you break his legs..."

Marven snorted, looked at Tyren, and said, "Come on, say it yourself, what kind of life do you want me to give you?"

Tyren blurted out without hesitation: "Dog life! Save me a dog life!"

"I beg Mr. Ye to raise your hand and spare me a dog's life!"

Marven nodded and said, "Since Mr. Liu has also interceded for you,"

"It's not impossible that you want me to spare you a dog's life."

"For the sake of being in a good mood, I'll give you a solution."

After that, he reminded him: "Listen carefully, I'll only give you this solution,"

"If you agree, that's all for today, if you don't agree, this matter will be handled by Jairo."

Tyren was surprised and happy when he heard this, and blurted out,

"Mr. Ye, don't worry, I will definitely agree!"

Marven waved his hand, and faintly said: "Don't agree so early."

"When I'm finished, tell me whether you agree or not."

Tyren hurriedly said, "Please tell me!"

Marven glanced at him, then pointed at Jairo and said:

"You should draft a document now and sell your entertainment company to Jairo at a price of 10,000 Hong Kong dollars."

"From now on, you are not allowed to step into the entertainment industry."

"What?!" Tyren collapsed instantly and blurted out: "This is half my life's hard work!"

Marven frowned: "Do you mean you don't want to accept it?"

Gerard was anxious at this time, and blurted out: "Tyren, you still care about that when your mother is dying."

“Is it something outside of your body? Mr. Ye just wants your entertainment company,”

“And he didn’t ask you to hand over all your other assets. Why do you have to hesitate?”

Marven looked at Gerard and said very seriously: “Mr. Liu, I don’t like hearing what you say,”

“Why do I want his entertainment company? A company with a mere two or three billion Hong Kong dollars,”

“I just feel that I am very satisfied with Jairo’s performance today,”

“So I want to fight for a little benefit for him. As I said just now,”

“I asked him to sell the entertainment company to Jairo, and I will not take any money myself.”

Gerard raised his hand and slapped himself and said in remorse:

“Mr. Ye, you calm down your anger, it’s all because of my inappropriate words!”

Jairo was overjoyed at first, but quickly calmed down, thinking to himself,

“How could this Marven be so good? , give me this entertainment company...”

“He just wants me to be his black glove and come forward to help him hold it...”

“If I really treat this entertainment company as my own industry and act recklessly, he would just remove me instantly,”

“So, he immediately said to Marven, “Don’t worry, Mr. Ye,”

“I will definitely help you manage this entertainment company!”

Marven frowned and said, “I’ll give you a chance to repeat it.”

Jairo was frightened his whole body trembled, and he said quickly,

“Mr. Ye, don’t worry, I will definitely run this entertainment company in the future!”

Marven said lightly, “Don’t talk too early, I just proposed this solution, but others may not accept it,”

At this moment, Tyren felt that all his blood was dripping from his heart.

“How can I give up the foundation that I have worked hard for half my life.”

But seeing this situation today, he is already doomed.

Even Herman was not his opponent, so how could he escape?

So if he wants to survive, the only way is to agree to his conditions.

So, he couldn't help choking and said, "Mr. Ye, I'm here... I'm willing to..."

Chapter 4672

Marven waved his hand: "Don't tell me this, I have nothing to do with you,"

"Although you humiliated me over and over again today, I have never touched a single finger of yours,"

"Let alone asked you for a penny. Today's matter is all personal affairs between you and Jairo."

"He was called by you. If you are willing to sell your entertainment company to him,"

"It is also your own volition, so the two of you find a place to deal with this matter."

"I don't want to get involved in it."

Gerard was stunned and sighed inwardly: "I'm going to slap my lungs, this Marven is so shameless,"

"With just these two words, he completely changed himself from the mastermind to did I do anything?"

Tyren was also a dumb eater at this time, so he couldn't tell.

In his opinion, although Marven behaved extremely shamelessly, what he said just now was impeccable.

Today, he called Jairo over by himself, and it was Jairo who beat him, not Marven.

Now that Marven asked him to sell the company to Jairo,

It was also between himself and Jairo that he completed the transaction,

And he really had nothing to do with Marven.

In other words, after passing today's hurdle, if he regrets it and wants to ask the police to intervene,

There is no way for the police to arrest Marven, but have to arrest Jairo.

However, there are thousands of disciples of Jairo,

And if he really broke his face with him, wouldn't there be only one dead end?

Just when he was extremely depressed, he heard Marven say to Jairo:

"Jairo, this matter is a private matter between you and Tyren."

"In my opinion, the two of you should find a place to deal with it in private."

“There is still something to talk about, and it is not appropriate for you to stay here and discuss.”

Jairo knew that Tyren would have to take it upon himself today.

However, he didn't care about that.

Ten years of ten billion dollar fundraising manager,

And it doesn't matter how many more times he becomes manager of entertainment companies.

Anyway, he knows the stuff in the entertainment industry, and he has already mastered it.

Jairo didn't bother to think about how much impact this matter would have after it got out.

After all, he only recognized one thing, that is, he couldn't offend Marven. As for the others, it's up to him.

Thinking of this, he immediately said, “Mr. Ye, Mr. Liu, I'm really sorry for today,”

“Because of some personal grievances between me and Tyren, I disturbed the tranquility of the two of you.”

“I'll take him elsewhere to solve it now.”

Marven nodded, pointed at Bess, and said to him:

“The first thing you do after you take over the entertainment company is to change Miss Xue's contract,”

“From the previous full agency contract to a music consultant employment contract, the content of the contract.”

“It is to hire Miss Xue as a part-time music consultant of the entertainment company,”

“And pay her 1 million Hong Kong dollars every year. At the same time,”

“This contract shall not force Miss Xue to do anything for the entertainment company,”

“And shall not restrict Miss Xue's freedom in any field. Do you understand?”

Jairo said without hesitation: “Don't worry, Mr. Ye, I will get this thing done as soon as possible!”

Bess said nervously at this time: “How can this be done, Mr. Ye... can you help me?”

“I am already very grateful for the termination of this contract.”

“As for the 10 million signing fee, I will slowly repay it”

“By working part-time and relying on work-study programs!”

Marven waved his hand: “That money does not need to be repaid,”

“And every year in the future. You don’t have to refuse a million dollars.”

“Since you want to study, then you should study hard. After a master’s degree, you can go for a doctorate.”

“After the doctorate degree, you can go for post-doctorate.”

“As long as you want to study, you can keep studying, as long as you are studying,”

“The annual salary of 1 million will always be there!”

Chapter 4673

Because he has not received a complete higher education,

Marven understands the feeling of wanting to study but having no chance which he feels in his heart.

That’s why he hopes to help Bess continue to study until she wants.

Bess was very grateful to Marven, so she said gratefully:

“Mr. Ye, don’t worry, I will work hard to complete my studies and not let you down...”

Marven said seriously: “You don’t need to care about my feelings,”

“As long as you don’t let me be disappointed.”

“I understand!” Bess nodded heavily.

Marven asked her, “Since you plan to go back to school,”

“Then you don’t have to stay in Hong Kong, right?”

“Yes...” Bess said, “I have already received the admission notice,”

“And I only need to do so within the specified time.”

“Complete the registration process, and then update my visa before I go.”

“Okay.” Marven nodded and asked her again, “What major are you studying at Tokyo University?”

Bess said hurriedly: “I am in the Economics Department of the University of Tokyo,”

“Studying in the Graduate School of Economics.”

Marven said in surprise: "Economics, needs to be combined with practice, not just studying hard."

Bess nodded: "If it wasn't for an accident at home,"

"I had a plan to find a company for an internship."

Marven smiled: "That's right, there is a good opportunity for an internship right now."

After speaking, he pointed at Jairo and said, "You have seen this Mr. Hong, too."

"At first glance, it seems that Mr. Yang is from a grass-mang background who does not read much."

"Now that Mr. Yang is going to sell the company to him,"

"I am afraid that his business will not be successful."

"You might as well help him manage the company before the school starts."

Jairo heard this. He nodded quickly and said, "Mr. Ye is so right."

"The next thing is that I have studied too little and suffered from lack of education."

"Otherwise, I would not have been reduced to being a young and dangerous boy."

However, Bess said with no confidence: "Mr. Ye...you want to give me an intern position,"

"I may be able to do it, but you asked me to help Mr. Hong manage the company,"

"I'm afraid I don't have the ability now If I can only talk on paper,"

"I'm afraid it will cause losses to the company..."

Marven waved his hand casually: "Then you don't have to worry at all,"

"Let alone have a psychological burden. For Mr. Hong, it's just 10,000 HKD to buy it."

"The company he owns, what if you smash it? At most, the ten thousand HKD will be a waste,"

"So you can use it to practice your hands normally, and you don't need to have any pressure."

After speaking, he said again: "What's more, I don't want you to be completely responsible,"

"Just help Mr. Hong complete the transition, and help him sort out the management process by the way."

"It is sold to Jairo for 10,000 Hong Kong dollars, but the actual market value of this company is more than 2 billion!"

“Just giving it to a girl who has just graduated with an undergraduate degree to train her hands.”

“It seems that this surnamed Ye really doesn’t care about money...”

At this time, Jairo also followed Marven’s words and said to Bess with a smile:

“Ms. Xue, Mr. Ye is right, I’m an old man who doesn’t read much, and I’m from a grassroots background.”

“Miss Xue, I need the help of a talented student like you!”

Bess hesitated for a moment, then nodded and said, “Mr. Ye, then I will do my best!”

Marven nodded slightly, and said to Jairo, “Okay, Mr. Hong, you and Mr. Yang still have to sign a contract,”

“So hurry up and get down to business.”

Jairo hurriedly bowed and said, “Mr. Ye, then I will retire first!”

Chapter 4674

After that, he pulled Tyren up and threw him to the minion behind him, and ordered:

“Watch him for me, and when you go out later, don’t let him talk nonsense.”

“Follow your orders, sect master!” The minion responded respectfully,

And then the two of them put Tyren on the left and right and took him out of Gerard’s office.

At this time, Marven said to Bess and the other girl:

“You guys go back too, remember what you saw and heard today, and don’t tell anyone.”

Bess nodded again and again, and the other girl beside her nodded like garlic.

Bess was rescued by Marven twice, so naturally, she would not tell anyone about him,

And the other girl who was brought with her was also full of awe for Marven,

So she didn’t dare to offend him in the slightest.

After the two girls left, Gerard couldn’t help feeling:

“Tyren wanted to introduce two young newcomers to me today, which is really interesting,”

“But I didn’t expect that he would lose his company just by visiting me.....”

Thinking of this, he couldn't help but sigh in his heart: "Yesterday, Marven called Joseph Wan, to Lan Kwai Fong."

"He could have completely crushed Jairo, but in the end, he turned away and let him go,"

"So his original intention is here... After Jairo walked back from the doorsteps of the ghost gate,"

"He is not only absolutely in awe of Marven, but more importantly, he has become 100% obedient,"

"Leaving such a person in Hong Kong and staying, Marven has a huge foundation in almost an instant..."

Thinking of Tyren again, he sighed even more in his heart:

"This guy is really blind, he took the initiative to deliver it to the door today,"

"Directly as Marven's target for a flex, it seems that if he wants to stay in Hong Kong in the future,"

"He can only be a man with his tail tucked in..."

Marven saw Gerard's eyes rolling, who seemed to be thinking about something in his mind.

Then he asked with a smile, "What is Mr. Liu thinking, you are so fascinated."

Gerard came back to his senses and hurriedly said: "No...it's nothing,"

"I just think that Mr. Ye's move of leaving Jairo is really wonderful."

"This step alone will revitalize your status in entire Hong Kong."

Marven smiled and shook his head: "Mr. Liu has a bit over-interpreted, to be honest,"

"I didn't want to play chess in Hong Kong from the beginning to the end."

"The idea of keeping Jairo is just to keep a dog that can bite Herman at all times,"

"So as to ensure that Cataclysmic Front can get the funds provided by Herman on time."

"As for today's events, I did not expect it. Thinking that Tyren would come to your office,"

"I always thought that with Mr. Liu's character, should disdain to associate with such a person."

Gerard hurriedly waved his hand: "Mr. Ye misunderstood, I have nothing to do with Tyren, no friendship....."

Marven smiled and said, "I won't mention these."

After speaking, he asked him, "Does Mr. Liu know why I handed over Tyren's entertainment company to Jairo?"

Gerard shook his head, subconsciously he asked: "Mr. Ye thinks he is more controllable?"

Marven smiled and said, "No, I just simply don't like the ruggedness of the entertainment industry."

Marven said again: "As far as Tyren's business and the gossip in it, I've heard passively before,"

"It's nothing more than a bunch of unsightly flies and gossip."

"To put his business in my name is equivalent to taking a brothel woman as a minor."

"I really can't afford to lose face for that person."

"I would rather be close to a young and dangerous boy like Jairo than have any contact with most of the stars in the entertainment industry,"

"Who are different from each other. In my opinion, those rich people who immediately turn their eyes,"

"And hands to the entertainment industry and hang out with opposite-sex stars after they become rich are generally not good."

"The real rich people must understand what it means to be clean."

Having said that, Marven looked at Gerard and said with a smile:

"Mr. Liu should know better than me what the real entertainment industry is like."

Chapter 4675

Marven's words made Gerard stunned.

It was the first time he had heard such remarks.

If it was someone else who said this, he would definitely sneer,

Thinking that the other party was just doing hypocritical self-promotion.

In Hong Kong, where the entertainment industry is very developed,

Which man does not want to get involved in the entertainment industry,

And have some scandals with heterosexual stars after he has money?

There are not a few people who even marry celebrities back home.

But Marven felt that it was a shameful thing for him to be related to the entertainment industry,

Which was obviously inconsistent with reality.

However, when Gerard thought about it carefully, he immediately discovered a very surprising fact.

That is, in Hong Kong, those who really like to mix with celebrities are often the rich second generation.

And the wealthy generation who are really self-made, most of them don't pay attention to the entertainment industry.

Even, though this often happens in Hong Kong that the son is crazy to pursue a big star in the entertainment industry,

And even once wanted to marry the big star back home as his wife.

However, the head of the family did not give him any chance at all and directly shut out the star.

Even some stars have given birth to a few children to the rich second generation,

But in the end, they have not been able to marry into a wealthy family.

The reason is that the wealthy generation who started from scratch are much stronger,

In ability, courage, knowledge, and self-positioning than the second-generation rich with golden keys.

Compared with the second-generation rich, they are not in the same rank at all.

In the eyes of the rich generation, the big stars who are infatuated by the rich second generation are simply unacceptable,

Let alone marrying home as their daughter-in-law.

From what Marven said just now, it can also be seen that his rank is also much stronger than that of the rich second generation.

In Marven's eyes, the entertainment industry that everyone in the rich second generation likes has absolutely nothing to do with him.

After thinking about this, Gerard said with a red face: "Mr. Ye, you are right..."

"Really successful people really shouldn't get too close to the entertainment industry..."

Marven smiled and said, "I almost forgot. Mr. Liu has a lot of interactions with the entertainment industry back then,"

"I just gave my personal opinion, Mr. Liu doesn't have to take it to heart."

Gerard smiled awkwardly, and quickly changed the subject:

"Mr. Ye, let's have a different chat. Let's talk about the cooperation!"

Marven looked at the time and smiled: "It's almost noon, why don't we wait until after lunch, what do you think?"

"No problem." Gerard hurriedly said: "Then It's not too late to talk after lunch."

Marven nodded, and his phone suddenly received a call from Stella.

So, he said to Gerard, "I'm sorry, Mr. Liu, I'll take a call."

Gerard hurriedly said, "Please."

Marven pressed the answer button, put the phone to his ear, and said, "Hello, Ms. Fei."

On the phone, Stella said respectfully:

"Mr. Ye, I'm calling to report to you that the plane that Hogan Chen is taking will land in about two and a half hours later,"

"That is, at 2:00 p.m. local time in Hong Kong. Please be prepared to deal with it on your side."

Marven glanced at Gerard, he and Gerard were sitting opposite to each other,

And the distance was relatively far, if he wanted to come to Gerard,

It was impossible for Gerard to hear the content of the phone, so he laughed and said,

"Miss Fei have an easy mind, I have arranged everything here, rest assured."

After speaking, he heard the faint whistling of the aircraft engine on Stella's phone, so he asked:

"Stella is on the plane now?"

"Yes." Stella said hurriedly: "I was just about to report to you,"

"In order to make sure that Mr. Chen's repatriation is safe, I brought Master Karl here too."

"Our plane is expected to arrive in Hong Kong at 3:30,"

"Considering that Mr. Chen must go through the handover procedure at the customs,"

"So although we will land half an hour later, we should be one step ahead of Mr. Chen."

Marven couldn't help but sighed: "Miss Fei, you have already helped me a lot in this matter,"

"There is no need to come so far tossing in person."

Chapter 4676

Stella said without hesitation: "Mr. Ye your kindness is as heavy as a mountain,"

“I just did such a thing, so it’s hard to talk about it.”

In fact, Stella also knew that since Marven was in Hong Kong, he would definitely keep Hogan safe and sound.

And although she said that she came to Hong Kong to ensure that Hogan is safe,

She actually wanted to come and meet Marven.

After all, he is her benefactor, and he is the one who she thinks of day and night.

She also hopes to seize every opportunity to meet him.

And this time to come to Hong Kong, in her opinion, is the most suitable time to see Marven now.

Marven never thought that Stella would come, but then he thought about it,

Stella’s arrival added a bit of drama to the matter.

So, he looked at Gerard, smiled deliberately, and said,

“Since Miss Fei has come so far, I must go to the airport to meet her in the afternoon.”

“Let’s meet at the airport in the afternoon.”

The act of inviting Stella will bring trouble to Marven and make him feel dissatisfied,

But when he said this with a smile, the big stone in his heart instantly disappeared without a trace.

She was so happy that she wanted to tell Marven that there was no trouble,

But after thinking about it carefully, Marven would definitely be coming to the airport to pick up Hogan in the afternoon,

And she was just dropping by. So, she said happily:

“That’s hard work, Mr. Ye, we’ll see you at the airport!”

“Okay, see you at the airport!”

Marven deliberately made the words see you at the airport very clearly,

And then he hung up the phone, the opposite Gerard asked, “Mr. Ye, do you have a friend coming to Hong Kong?”

“Yes.” Marven smiled and said, “Ms. Stella from the Fei family in the United States,”

“I don’t know if Mr. Liu heard about her. Have you?”

Gerard was stunned and blurted out: “...Miss Fei?! Is that Miss Fei who just took over the Fei family,”

“And became the head and chairman of the Fei family?!”

“Yes, it’s her.” Marven smiled slightly: “Miss Fei is coming to Hong Kong to help me with some errands,”

“And will be here in the afternoon.”

In Gerard’s heart, the respect for Marven rose to a new level.

He really did not expect that Marven is not only the master of Cataclysmic Front,

But also has a deep relationship with ISU Shipping, and even has such close contacts with the Fei family!

He didn’t even expect that Marven would have such a big face that,

Stella Fei could fly over from the United States to help him in person!

He knows that the Fei family is the second largest Chinese family in the United States.

Its real strength is several times stronger than that of the Li family in Hong Kong.

It belongs to the absolute top giants’ league!

Thinking of this, he became even more determined to curry favor with Marven and strive to turn him into a son-in-law!

He thought excitedly in his heart: “I’m only worth 100 billion Hong Kong dollars,”

“And if I convert it into US dollars, it will only be more than 10 billion.”

“In front of Marven’s strength and connections, it’s not even a hair!”

“If I can catch up with Marven in this line, my network will expand to the world’s top!”

At this point, Gerard hurriedly said to Marven with a face full of pleading:

“Mr. Ye, if you are going to pick up Miss Fei at the airport in the afternoon,”

“Can you please let me be with you? To be honest, I have always wanted to meet people from the Fei family,”

“And the An family in the United States, but these two families are much stronger than the next,”

“And I have never been able to find a suitable opportunity...”

The reason why Marven wanted to say yes on the phone picking up Stella at the airport,”
“Was to better fool Gerard to go to the airport. Unexpectedly, before he even opened his mouth,
Gerard took the initiative to take the bait.

So, he smiled cheerfully and said, “Okay, it’s a small matter.”

“Since Mr. Liu wants to meet Miss Fei so much, you can come with me in the afternoon!”

Chapter 4677

Hearing that Marven agreed to his request, Gerard was so excited that he couldn’t hide it.

The richest person he has ever met in his life is the Li family in Hong Kong.

However, the Li family was nothing in front of the Fei family.

Therefore, Gerard felt that if he had the opportunity to get to know the Fei family,

It would be a huge breakthrough for him.

So, he happily said to Marven: “Mr. Ye, we will go to the restaurant for lunch later,”

“I will ask my wife to prepare in advance, and Jemima will also come with us.”

“After eating, I will take Bella and you go to the airport to meet Miss Fei!”

Marven nodded and said, “The arrangement is quite reasonable, so we will just do as you said.”

Gerard smiled and hurriedly asked: “By the way, Mr. Ye, Miss Fei this time.”

“When she is coming to Hong Kong this time, where does she plan to stay?”

“I remember that in Hong Kong the Fei family does not seem to have any property.”

“It would be a bit of a snub if we let Miss Fei come all the way to stay in the hotel.”

“If it is convenient, Mr. Ye can invite Miss Fei to live at my home too.”

“At home, there are more than a dozen rooms in the next house, which is definitely enough for Miss Fei and her party.”

Marven smiled slightly: “This, I can’t make a decision for her, I’ll wait until she comes.”

“Okay!” Gerard nodded lightly. He nodded and said with a smile:

“Mr. Ye wait a moment, I’ll call my wife and ask her to dress more grandly!”

At noon, Marven and Gerard came to the high-end Cantonese restaurant that he had reserved for a long time.

At this time, Bella had already put on a very dignified dress and was waiting outside the restaurant.

Seeing the arrival of the convoy that Marven and Gerard were in, she immediately came forward,

And after the car stopped, she took the initiative to open the door on the right side for Marven.

Marven was a little surprised. He didn't expect that Bella, who was pampered,

Would take the initiative to open the door for him.

Just as he was about to say a few polite words, Bella said flatteringly,

"Mr. Ye, the banquet is ready, just waiting for you to join."

Marven smiled and said, "Mrs. Liu is too polite."

Bella hurriedly said: "This is what it should be ."

After speaking, she quickly added: "By the way, Mr. Ye, I don't know what you like to eat,"

"So I said hello to the boss here and asked him to prepare a portion of all the dishes,"

"And you can taste a little of each and see what you like the most."

Marven saw that Bella's attitude towards him was a little better than this morning,

And knew that it must be because Stella's matter has made his strength in her eyes stronger, which is why she is so flattering.

But Marven didn't care too much. What he was thinking about now was that Bella was dressed in such a way,

And was going to meet Stella with Gerard in the afternoon,

But if she received Hogan at the airport, how would she feel.

At this time, he and Gerard both got out of the car, Gerard said with a smile on the other side to his wife:

"I almost didn't recognize the way you dressed today, it seems that you are a lot younger."

Bella smiled shyly and said: "Since you want me to see a distinguished guest,"

"I must dress up carefully, so you can't lose face!"

At this time, Jemima's Tesla also drove to the door of the restaurant.

After the car stopped, she got out of the car, and when she saw Marven,

Her expression subconsciously floated to a burst of joy, and then she ran two steps faster to the front,

And said, "I'm sorry, Mr. Ye, I'm late."

Marven smiled and said: "It's not too late, we just arrived."

Gerard looked at his daughter and smiled: "Jemima,"

"Mr. Ye has a distinguished guest coming to Hong Kong this afternoon. Would you like to go to the airport to meet them?"

Chapter 4678

Jemima was surprised and asked, "Is it Mr. Ye's friend?"

Marven said, "It's a friend of mine from the United States,"

"But Miss Jemima still has a charity sale to care about, so can't go to the airport."

For Marven, he just wanted to take Gerard to the airport.

If Gerard wanted to take Bella, or if Bella wanted to go with him, Marven didn't think there was any problem.

Anyway, the moment Hogan comes out of the airport customs this afternoon,

When he and Gerard are showing their swords, there is nothing wrong with letting his wife witness with her own eyes.

However, Marven only did not want Jemima to follow him.

After all, after these two days of getting along, he recognized the girl Jemima quite a bit,

And Marven didn't want her to see his conflict with her father with her own eyes.

What's more, when he came to Hong Kong this time and approached Gerard, he concealed something,

So he didn't want to tear off his disguise in front of Jemima.

According to his plan, after he has properly dealt with all the problems at the airport,

He will no longer have further contact with the Gerard family.

The intersection between himself and Jemima will also come to an end after this meal.

Jemima didn't know what Marven was thinking. She originally hoped to go there together.

It doesn't matter who she picks up, the important thing is to be with Marven.

But hearing that Marven didn't want her to be with him, she could only nod her head and said,

"I have to go back to Tsim Sha Tsui after lunch, so I won't be with you."

"Alright." Gerard didn't think much. What's wrong, he said with a smile,

"If Mr. Ye's friends are willing to live in our house,"

"We can prepare a family dinner at home in the evening, and you can come together at that time."

Jemima hurriedly asked Marven: "Mr. Ye not going to the snack street?"

Marven didn't give a clear answer, but said, "Let's see the situation in the afternoon."

"Okay." Jemima also knows that since there are guests coming, and it is possible to live in her home,

The plan to go to the snack street with Marven alone may only be postponed, so she said:

"Then I will wait for your news in the afternoon."

"Okay."

...

One o'clock in the afternoon.

After eating, Marven and Gerard's family of three walked out of the restaurant together.

Gerard said to Bella: "Wife, you take a car by yourself, I will take one with Mr. Ye."

Bella agreed without hesitation: "Okay, I will take the front car."

Marven said to Jemima at this time: "Miss Jemima, pay attention to safety on the road."

Jemima nodded, smiled at him, and said, "Mr. Ye remember to give me a reply in the afternoon."

"No problem."

Seeing Jemima sitting in the Tesla, Marven suddenly felt a little unbearable and reluctant to part.

Regardless of whether he leaves Hong Kong after finishing his work today,

Jemima will know the real purpose of his visit to Hong Kong after the matter is over.

At that time, she will definitely be very disappointed with him,

Thinking that he was just playing on the scene for the past two days, or even deliberately deceiving her.

Marven didn't want her to be hurt because of what he did and going to do.

However, he also knew very well that this time, if he wanted to,

Completely solve Uncle Chen's troubles without hurting Jemima, it might be an impossible task.

No matter what the relationship between Jemima and her father is,

He first deceived her, and this alone will definitely disappoint and hurt her.

At this moment, Marven somewhat regretted his decision to accept Gerard's invitation to live in his house.

If he didn't go to Liu's house, at least he wouldn't have anything to do with Jemima.

And now that the boat has sailed, even if he regrets it, it is impossible to go back to square one and start over again...

Chapter 4679

At 2 pm.

Hogan's flight landed at Hong Kong International Airport on time.

At this time, he, sitting by the window, had mixed feelings in his heart.

He has been away from Hong Kong for too long, and the scenery outside the window is no longer half familiar.

The only thing he is familiar with is the traditional Chinese characters that can be seen everywhere.

These traditional Chinese characters all reminded him that after 20 years,

He finally returned to his long-lost hometown.

However, what he regrets is that when he comes back this time,

He probably won't have the chance to get acquainted with Hong Kong, from which he's been away for 20 years.

From the moment he landed in Hong Kong, his life will probably start to count down.

At this time, a male flight attendant came to him and reminded him:

"Mr. Chen, according to the regulations, don't get off the plane in a hurry,"

“And after the other passengers get off the plane, I will take you in person.”

“I will have to hand you over to Hong Kong Customs, and I hope you can understand.”

Hogan nodded and said with a slight smile, “Okay, thank you.”

Although Hogan was forcibly repatriated by the United States,

He was not a prisoner, so repatriated, and without any American police or immigration staff to escort him.

According to the process in the United States, since it is repatriation,

The passport information of the deportee will be blacklisted,

And he will be banned from entering the United States for five years, ten years, or a lifetime,

And then they will directly arrange for him to board the return flight.

The rest has nothing to do with the United States.

Therefore, the US Immigration Service sent him to the departure plane,

And handed him and his information to the staff of the airline.

The staff of the airline would hand him and his information to Hong Kong customs after he got off the plane.

At customs, the repatriation process will be complete.

After all the passengers got off the plane, the flight attendant came to Hogan again,

And said politely, “Mr. Chen, please come with me.”

“Okay.” Hogan nodded slightly, stood up, and took out some of his carry-on luggage from the luggage rack above his head.

Then, he followed the staff and got off the plane.

After crossing the covered bridge, he saw that two customs staff were already waiting at the end.

The staff brought Hogan to the front of the two, handed over his information, and said, “This is Mr. Chen.”

One of the staff nodded and said, “Thank you, leave him to us. That’s fine.”

After that, one of them walked up to Hogan and said, “Is this Mr. Hogan Chen?”

Hogan nodded lightly: "It's me." The customs officer said,

"Welcome home, Mr. Chen, please bear with me first."

"Let's go to the customs and go through the process."

Hogan hurriedly asked: "Sir, what is the next process?"

The customs officer explained: "It's actually very simple. You were only repatriated by the United States,"

"But you are still a citizen of Hong Kong. And we have checked your situation in advance,"

"You do not have any criminal record in Hong Kong, you are a law-abiding citizen,"

"So you only need to do a routine registration with us, and then you can enter freely."

While saying that, he added: "Oh yes, you can call your family now and ask them to come and pick you up."

"We will speed up the work schedule here, and it will be over in an hour at most."

Hogan smiled slightly: "It's unnecessary, trouble. Let's go through the process first."

"Okay." The customs officer nodded and said, "Please come with me."

Chapter 4680

At this moment, Marven and Gerard, and his wife have also arrived at the International Airport.

The convoy stopped outside the arrival hall of the airport, and Gerard said to Marven excitedly,

"Mr. Ye, Miss Fei should be arriving soon, right?"

Marven looked at the time and said lightly: "In almost ten minutes."

Gerard asked with a smile, "Do you think we should wait in the car or wait inside?"

Marven casually said, "Let's wait inside. Let's go."

After saying that, he opened the door first and got out of the car.

Gerard was about to get off the car when the driver turned around and said in a low voice,

"Boss, I just received the news that Hogan Chen has entered the customs."

“Oh, already here...” Gerard nodded and muttered:

“To be honest, I really want to meet that poor boy and see what the hell he looks like now...”

“But my wife is here today, so I’ll try not to meet him.”

The driver said hurriedly, “Mr. Ye said Miss Fei will arrive in 20 minutes, and we should leave after picking her up.”

“For Hogan at least half an hour will be required to come out.”

“In this case, the time is just staggered and we will not meet Hogan.” “Okay.”

Gerard, after a sigh of relief, seeing Bella who was sitting in the car in front also pushed the door and got out of the car,

She said to the driver, “My wife doesn’t know that Hogan is coming back today,”

“You all have to keep your mouth shut and don’t let her go until Hogan is killed.”

The driver nodded and said, “Don’t worry, boss, we will never talk nonsense.”

After that, he added, “If those people started fast, Hogan probably wouldn’t survive tonight, right?”

Gerard said with emotion: “If nothing happened, he might not have to live until it is dark,”

“But the situation has changed a lot now. Originally, the Instructor Lin of Four Dragons wanted to take this bounty,”

“But he has left Hong Kong now. Moreover, I see Jairo he definitely won’t dare to openly accept this deal,”

“I will only have to see if other gangs and killers in Hong Kong can take the task today!”

After speaking, Gerard said again: “It’s better to do it as soon as possible,”

“In order not to have too many dreams at night,”

“It’s best if my wife hears Hogan’s obituary directly before she hears about his return.”

The driver smiled: “Boss, don’t worry, there is no way he can survive with the 30 million dollar prize here tonight.”

“Well.” Gerard nodded and said, “Mr. Ye and I will pick you up, you guys are waiting here.”

“Okay boss.”

Gerard pushed open the door and got out of the car, not knowing that Marven was standing not far away,

Who had already heard all the conversations between him and the driver?

He walked to Marven and said with a smile: "Mr. Ye, let's go in now?"

Marven looked at him, nodded slightly, and said with a smile,

"Let's go in, Miss Fei should land in ten minutes."

Bella, who was on the side, stepped forward, took Gerard's arm, and whispered nervously:

"Gerard, do you think there is nothing wrong with my dress?"

"If there is any problem, tell me immediately, and don't let me embarrass you in front of Miss Fei."

In fact, Gerard can clearly be seen as a little nervous.

While adjusting his tie, he said to the other side:

"There is no problem with dressing up. Don't say the wrong thing when you get excited."

In fact, Gerard didn't say anything.

Bella's education is not very high, she just dropped out of high school after almost finishing high school,

So her speech and manners are relatively low,

For her, it is difficult to be elegant, and she often subconsciously swears.

And Stella's resume can be checked everywhere on the Internet.

Not only did she study at the top Stanford University,

But she also had very good grades and a very high degree.

Therefore, what Gerard is most worried about is that Bella can't keep her mouth shut,

And if she says something vulgar, it will reduce Stella's impression of them.

Bella also knew her shortcomings, so she nodded quickly and said,

"I'll see Miss Fei later, so I must speak less!"
