

## The Amazing Son In Law Chapter 471-480

### Chapter 471

Barena Wei was worried and said to his father Youngzheng Wei: “Dad, let’s change the property and run away with the money. Otherwise, if Fredmen really wants to attack us, we will be in trouble!”

Hearing this, Youngzheng Wei cursed: “Prodigal gadgets have become sellers? So anxious to sell, is the one billion family capacity sold for 200 million? This is all my life’s hard work!”

Liang Wei, the illegitimate son on the side, also nodded hurriedly and said, “Brother, Wei’s pharmaceuticals were made by our dad’s hard work all his life. How can we sell it like that.”

Barena Wei raised his hand and slapped him in the face, angrily said, “You wild species, where do you speak?”

Liang Wei, who received a slap in the face, took two steps back and covered his face. Although he felt wronged, he said very firmly: “Brother, even if you hit me, I have to say that Wei’s Pharmaceutical is the work of dad. You can’t sell it!”

“I f\*cking kill you!” Barena Wei was furious and was about to attack Liang Wei.

Youngzheng Wei, who has never looked down upon Liang Wei, stopped Barena Wei, who was about to do it, and said coldly: “Your brother is right! Something went wrong, we must find a way to solve it! Instead of selling the life’s hard work and running away. !”

After finishing speaking, Youngzheng Wei snorted and said: “Today, I leave it here, you brothers, who can solve this crisis, who will be the chairman of Wei’s Pharmaceuticals in the future, the person who cannot solve the crisis is destined Inability to lead Wei’s Pharmaceuticals!”

Barena Wei suddenly panicked and blurted out: “Dad! How can Wei’s Pharmaceutical be handed over to this wild species!”

Youngzheng Wei coldly snorted: “Is it a wild species, it’s all my species! If you, the eldest son, is not able to bear it, you will abdicate to him!”

When Liang Wei on the side heard this, his heart was suddenly very excited.

I have endured all these years in Wei Jiayin, suffered all the humiliation, and finally waited for a chance to become a leader!

In fact, in Youngzheng Wei’s opinion, it is naturally impossible for the family business to be inherited by an illegitimate child. However, his eldest son Barena Wei is really not enough to be competitive, so he must be stimulated and forced to find a solution to the current crisis.

.....

When the Wei family was looking for treatment for Fredmen all over the world, Marven just returned to the bedroom after taking a shower.

His wife, Avella, was wearing a nightgown, lying on the bed, kicking her two Wang jade-like legs at will, swiping the phone in a leisurely manner.

Avella is usually too busy at work and under great pressure. Every night, playing on phone and reading novels in bed have become her biggest leisure.

As soon as Marven lay down on his own floor, Avella suddenly screamed, and the phone in her hand was thrown out and hit his face.

Marven couldn't care about the pain, and asked her hurriedly: "What's wrong with you, wife?"

Avella's expression was extremely ugly, and said: "The YouTube suddenly pulled out a video, it is disgusting..."

Marven said curiously: "Let me see how disgusting it is."

With that said, he was going to get Avella's mobile phone that had fallen on the floor.

Avella hurriedly said, "Oh, don't look at it, it's disgusting..."

Marven smiled and said, "Where can the nausea be no more?"

After speaking, he picked it up and took a look, and was stunned.

Well, it turned out to be Wu Qi who liked to give girls psychological hints...

From the appearance of his hysterics in the video, he can be sure that the hypnotism he gave him worked.

## **Chapter 472**

It's really pleasing to see him being so frustrated.

He has to eat it every hour. This person is basically over for the rest of his life. There is no chance to ruin the little girl.

So Marven locked the screen of her phone and smiled and said to Avella: "I've heard of this guy."

"Really?" Avella asked in surprise: "How did you hear of him?"

Marven said: "This guy is very bad, he likes to brainwash the little girl, and then force the little girl to self-harm and commit suicide."

With that said, Marven recounted the criminal history of this guy.

When Avella heard this, she immediately said angrily: "This guy is too damned! Who is not raised by his parents, why should he hurt others?"

Marven said earnestly: "In this society, there are always sumbags who like to hurt others for pleasure. Such scm is the dregs of the society. Sooner or later, we will get rid of it."

Avella nodded approvingly, and said, "It seems that he deserves what he has become today!"

After watching this kind of video, Avella felt a little lingering, so she stopped playing with the mobile phone, but stretched out and said, "Oh, I'm sleepy, Marven, help me charge my mobile phone. I am going to bed."

"Okay," Marven replied and put the charge to her phone.

In the middle of the night, when Marven was about to fall asleep, his cell phone suddenly buzzed twice. He turned on the cell phone and saw that it was a WeChat message sent to him by Orvel: "Mr. Ye, there are a few Japanese people who are lying in ambush at Mr. Shi. the Clinic, it seems that he is about to act on the genius doctor Tianqi!"

Marven said: "Some of them are probably trying to rob the Old Master of medicine."

"d\*mn!" Orvel blurted out: "These gangsters dare to get the idea of a magical medicine, Mr. Ye, with your word, I will immediately take the brothers to catch them and take them to my kennel. Chop them up and feed the Tibetan Mastiff!"

"Don't." Marven said with a smile: "This group of people are not small, they are the eldest son of Kobayashi Pharmaceutical in Japan, I am going to dig a big hole for him, you let your brothers secretly protect Tianqi's safety, as for them If they grab the medicine, let them take it away. I deliberately prepared the medicine for them."

In order to pit Ichiro, Marven specially refined a few fake Pills and gave them to Tianqi.

This pill is magical, no matter what the other party's disease is, even if he is on the verge of death, and only a breath is left, just take one pill, and he will be able to return to the light and live for an hour or two.

But its consequences are also terrible, that is, after these two hours of vigorous life, the person taking the medicine will die immediately, and there is no cure.

In fact, this pill is not a poison in itself, but a panacea that can ensure that the other party finishes his dying instructions.

The effect of the medicine is to overdraw all vitality to support one or two hours of return to light.

In this way, the person taking the medicine can clearly explain all the funeral matters.

This kind of medicine was specially configured for emperors and generals in ancient times. Generally, when the emperor was dying of illness, he would prepare a Pill of Returning Light, so that at least he could arrange the affairs well before he died.

But in modern times, this thing is actually useless.

Moreover, its final medicinal effect is a bit too hard, even if a healthy person eats it, after two hours of life, he will definitely be cold.

Therefore, in modern times, this medicine is more like a poison.

Marven had seen this medicine in the Nine Profound Heaven Scriptures a long time ago, and felt that it was useless, so he didn't take it seriously.

However, this time he felt that this fake med finally came in handy and could be used to pit Ichiro!

### **Chapter 473**

After explaining Orvel, Marven called Zak Chen again.

As soon as the call was made, he immediately asked him: "After Ichiro succeeds tonight, he will definitely escape from China in the shortest time, so you must set up a net in Wrestvel. Anyone can run within his group, except He can't run!"

Zak Chen said immediately: "Don't worry, Mr. Ye I have all arranged. If this Ichiro runs away, he will meet you!"

After that, Zak Chen promised: "The medicine that Ichiro robbed, I also promised by the head that they will never be taken out of China!"

"Don't!" Marven said hurriedly: "All I want is to let them take the medicine away. Remember, medicine can leave China, and doglegs can leave China, but Ichiro must not leave China!"

Zak Chen hurriedly said, "Mr. Ye I understand! Don't worry, Ichiro will not escape!"

"Okay!" Marven smiled slightly, and said: "After catching Ichiro, just find me a hidden place to take care of him, and I will meet him in person!"

"OK Master!"

.....

Ichiro didn't know, at this time there was already an invisible big net, tightly covering his head.

At this time, he was sitting in a Maybach sedan, which was parked opposite to the Clinic, and several of his men were already hidden around the door of the Clinic, ready to touch in at any time.

His father, Masao Kobayashi, has been bedridden and paralyzed for three years. In the past three years, his father has been investigating him, and his younger brother Jiro, according to his father, whoever made great contributions to Kobayashi Pharmaceutical, can inherit his president position.

His younger brother Jiro, himself an expert in pharmaceuticals, has been studying Kampo for many years, so in the past few years, he has created a lot of Kampo medicines for his family. The sales are very good, so he is highly regarded by his father.

In contrast, Ichiro is a bit sad. He is not a student of pharmacy, but of finance. This kind of person is more suitable for real estate and can blow bubbles in various ways, but it is really a bit for medicine. Doesn't match well.

For things like medicine, it is necessary to rely on real good medicines to open the market.

If you have a magic drug, you can make a lot of money just by relying on the word of mouth of consumers.

But if your medicine is ineffective, no amount of advertising will work. Consumers will never use it again after using it once.

Therefore, his brother Jiro has a much greater chance of success in the family than his eldest son.

As a last resort, he came to China to participate in the China traditional medicine Expo, in order to see if he could also discover some good Chinese prescriptions, and bring them back to the family for use. If he could make a remarkable achievement, he would have a chance. Take the initiative.

When he heard at the exposition that the Chinese genius doctor Tianqi had cured a high paraplegia some time ago, his whole body suddenly became excited.

If you can get this prescription, then you will not only restore his father, but also bring huge business opportunities to the family! It is even possible for Kobayashi Pharmaceutical to grow and develop several times, dozens of times!

#### **Chapter 474**

Therefore, his future is all pinned on tonight!

Thinking of this, Ichiro, who was so excited, immediately called his father.

The paralyzed dad received his call and asked, "Ichiro, where have you been these days? Why didn't you come to see me?"

Ichiro hurriedly said: "Dad, I am seeking medicine for you in China! I heard that there is a genius doctor in China who actually cured a patient with high paraplegia some time ago!"

"Is this true?!" Masao Kobayashi said in surprise: "Is there a magical doctor in China who can cure high paraplegia?!"

“Yes!” said Ichiro, “I have checked the records of the hospital and confirmed that the patient was really cured, and I have also been inquiring about it. The people in the hospital said that it was the Chinese genius doctor’s half a magic medicine that cures the high paraplegia patient!”

“Half a magic drug?!” Masao Kobayashi was a little bit incoherent with excitement!

During the three years he was paralyzed, life felt extremely painful.

He himself is a very famous entrepreneur and has wealth. However, he was suddenly paralyzed in bed and lost the opportunity to enjoy life. This made him feel a little miserable.

In the past few years, he has been looking for a way to heal himself, but in the world, there is no medical method that can restore the paralyzed patient to the original. Even if it is physical therapy, it is difficult for him to stand up, let alone Walk and live like ordinary people.

However, he suddenly heard his son say that Chinese genius doctors have such superb medical treatment methods, and he suddenly yearned for it!

So, he couldn’t help but exhorted excitedly: “Ichiro, even if you spend 100 million, you have to buy this magical medicine!”

Ichiro hurriedly said: “Dad, that genius doctor doesn’t know what is good or bad, and is unwilling to sell me the medicine. I am ready to do it tonight to snatch his medicine and send it to Tokyo overnight for you to take!”

As he said, Ichiro said again: “By the way, I heard that this genius doctor has more than one genius medicine. If you eat the leftovers, you can study and analyze it for our team of pharmacists. If we can crack this prescription, Then our Kobayashi Pharmaceutical is about to develop! We will definitely be able to become the world’s top pharmaceutical company with this drug! Win glory!”

“Okay! Great!” Masao Kobayashi said excitedly: “You really deserve to be my good son! You must do it beautifully for me, and do it as soon as possible!”

Ichiro hurriedly said: “Dad, don’t worry, my private jet is already waiting at Wroclaw Airport. After the medicine is available, I will leave a few people behind, and then immediately go to Wroclaw Airport to fly back to Tokyo, as long as my plane can go smoothly. Taking off, then no one can ever stop me!”

Masao Kobayashi said excitedly: “In this case, you will be able to arrive in Tokyo three hours after the plane takes off! I can take this magical medicine for up to four hours! Great! I finally have a chance to stand up again. Up!”

Ichiro burst into tears and said, “Father! With the blessing of Amaterasu, you will definitely enjoy endless glory and wealth in this life, and illnesses will definitely leave you!”

“This is good!” Masao Kobayashi was excited and said: “Ichiro, you must be more careful and don’t miss it. I’m in Tokyo, waiting for your good news!”

Ichiro said immediately: "Father, please rest assured, I must come back with the magic medicine and let you stand up again!"

## **Chapter 475**

After hanging up the phone, Ichiro was so excited that he almost went crazy!

If he can get this miraculous medicine, then he will be able to become the successor of Kobayashi Pharmaceutical!

This time in China, it is really a bargain!

At this moment, the assistant on the Maybach co-pilot turned around and said, "Mr. Kobayashi, it's already eleven o'clock, shall we?"

Ichiro nodded and sneered: "Do it!"

The assistant took out the walkie-talkie and immediately ordered: "Do it now!"

As soon as the voice fell, six men in black sneaked into Tianqi's Clinic quietly.

Tonight, Tianqi is living in the small bedroom behind the Clinic.

He is here, waiting for the Japanese to come.

However, to be safe, he still let his granddaughter Zhovia go to the hotel.

After the six men in black touched into the Clinic, they immediately came to Tianqi's sleeping room and saw Tianqi lying on the bed. One of them immediately covered his mouth, pointed his gun at his temple, and said coldly: "Don't yell, cooperate with us obediently and spare you for not dying!"

Tianqi "panicked" and asked: "You...what are you going to do!"

"Hand over the magical medicine!" The man in black said coldly: "Otherwise, blow your head!"

Tianqi trembled with fright, and blurted out: "Don't shoot, don't shoot! I'll give it to you!"

After speaking, he reached into the small pocket inside the pajamas and took out a very high-end small wooden box.

The wooden box also carried the temperature of Tianqi's body as he kept it close to the body, showing how precious it is.

The other party took the wooden box, opened it, and found that there were four pills in it. He was so excited that he immediately reported through the walkie-talkie: "Report Mr. Kobayashi, we have found four magical medicines!"

"Four?! Great!" Ichiro said excitedly: "Quickly withdraw! Give me the medicine!"

The man asked: "What about this old thing?"

Ichiro said: "Knock him out! As long as we fight for an hour, we will succeed!"

"Okay!" The other party immediately knocked Tianqi's head with the spear, Tianqi tilted his head and immediately passed out.

At this time, many of the good players Orvel found were staring secretly. If the other party really wants to hurt Tianqi's life, then follow Marven's instructions and act on them immediately!

But if the other party didn't mean to hurt the Old Master's life, he would have to work hard and bear it first.

Tianqi was indeed knocked out, but fortunately, there was no danger to his life.

After these guys succeeded, they immediately withdrew from Clinic. One of them came to the Maybach car on the opposite side of the road. With the window down, he hurriedly handed the wooden box to Ichiro and said, "Mr. Kobayashi, here is the medicine!"

Ichiro couldn't wait to open his eyes, and he was shaking with excitement when he smelled the strong fragrance of medicine!

"Great!" Ichiro said excitedly: "Your lord, let's go to the airport first and set off for Tokyo immediately!"

After that, he immediately told the driver: "Drive! Go to the airport at the fastest speed!"

Then, he said to his assistant on the first officer: "Notify the crew to prepare for takeoff now. After I arrive, the plane will take off immediately without any delay! In case the Chinese react and stop us from taking off, everything It's all over!"

#### **Chapter 476**

The assistant smiled and said, "Mr. Ichiro, don't worry, the Chinese can't respond so quickly. We'll drive to the airport in half an hour at most. It's also very fast to go through the VIP channel and go through the security check. An hour later, we must have taken off. At that time, even the gods will not be able to stop us!"

Ichiro's Maybach immediately drove away and directly boarded the airport expressway, preparing to reach the airport at the fastest speed, and then return to Tokyo by private jet.

Along the way, Ichiro's excitement speeded up. He repeatedly looked at the four magic medicines and muttered to himself: "The Kobayashi family will rely on it to build a global presence! At that time, I will also rely on it to become Kobayashi Pharmaceutical Co., Ltd's president!"

Maybach speeded all the way and soon arrived at Wrestvel Airport.

As soon as the car stopped, Ichiro was about to get off and enter the airport at the fastest speed.

However, at the moment he just got out of the car, suddenly eight Mercedes-Benz big G off-road vehicles drove over and surrounded him and his Maybach.

Soon, thirty bodyguards in black came down from the eight cars. These people are all masters carefully trained by Zak Chen, with extraordinary strength!

Zak Chen got out of a big G, looked at Ichiro, and said coldly: "Mr. Kobayashi, our master is here, please come over and chat!"

"Your master?!" Ichiro hid the pill in his pocket and asked nervously, "Who is your master? Do you know who I am? I'm the vice chairman of Kobayashi Pharmaceutical!"

Zak Chen stretched out his hand and patted his face, and said indifferently: "You Kobayashi Pharmaceutical is a Japanese company. What are you pretending to be in China? There is an old Chinese saying that the dragon is not the river. Japan and China are separated by the sea. What are you pretending to be with me?"

Ichiro suddenly became nervous.

He didn't know what these people were stopping him for, was it because of magical medicine, or something else?

If it was because of the magical medicine, then it was really a bit dangerous this time, not to mention, this group of people is so strong, it is difficult to let go, and it is impossible for him to escape.

However, if they are because of other things, does that mean that he can still send the medicine back to Japan first?

Thinking of this, he pretended to be calm and asked: "Who is your young master?"

Zak Chen said indifferently: "Mr. Kobayashi, your Kobayashi Pharmaceutical has plagiarized so many ancient Chinese prescriptions. Presumably your family must have a good understanding of the situation in China. You should have heard of the Ye family?!"

"Ye Family?!" Ichiro was shocked!

How could he have never heard of Orgeyon Ye's family?

After all, this is China's top family, and its family strength is also ranked top in the world. Even the big super chaebols in Japan are not as good as the Ye family, not to mention that there is only one Kobayashi Pharmaceutical.

He panicked all of a sudden, and blurted out: "I don't know what your young master is asking for?"

Zak Chen said indifferently: "If you have anything, you will know if you come with me."

Ichiro asked nervously, "What if I don't go?"

Zak Chen smiled faintly, took out a pistol from his arms, and said lightly: "Since our master has ordered, then I must take you there. If I can't take you alive, then you will die!"

Ichiro was worried, but he was more concerned about whether he could send the magic medicine back first!

This is the key to laying his foundation in the family!

Thinking of this, he asked tentatively: "Can I go with you and let my assistant go back to Japan first? He still has a lot of important things to deal with."

Zak Chen laughed and said generously: "Of course, everyone except you can go."

Ichiro breathed a sigh of relief, and quickly quietly handed the box containing the magic medicine to the assistant, patted his shoulder, and said, "You go back by plane first, tell my father, just say I'm fine, and I will come back soon to meet him!"

#### **Chapter 477**

Ichiro gave the stolen magic medicine to the assistant. Seeing the assistant enter the airport, he was relieved and asked Zak Chen, "I don't know where your master is?"

Zak Chen said lightly: "You'll know if you follow me."

After speaking, they winked at the two people around him, and they immediately clamped him to the left and right, and took one of the big gs.

The convoy quickly left the airport and headed to the dog farm opened by Orvel in the suburbs.

On the way to the dog farm, Zak Chen called Marven and said, "Mr. Ye Ichiro has been controlled by me. I will take him to the dog farm of Orvel. If you want to come over, I'll send someone to pick you up!"

Marven glanced at Avella, who was asleep, and said, "After arranging the car for five minutes, come downstairs to my house."

After making a bracelet for Avella with a clam that was worth hundreds of millions, Avella was able to rest very securely while wearing it. She would almost never wake up at night, so Marven didn't worry that she would find out.

Five minutes later, Marven went downstairs. A Rolls-Royce was already parked downstairs. The driver Marven had never seen him, but he recognized Marven, opened the door respectfully, and said, "Mr. Ye please. "

Marven nodded, got in the car, and the car drove out of the city quickly.

When Marven arrived at Orvel's kennel, Zak Chen had already arrived.

This is the first time Marven has come to Orvel's dog farm. Although he has heard about this place for a long time, he has never been to this place.

The location of this kennel is very small and the scale is very large. As soon as he got off the car, he heard countless dogs called a group, and the voices of these dogs were very low and heavy, and they sounded like large dogs.

It is said that Mr. Orvel set up this kennel mainly to raise, breed and train some fighting dogs for underground dogfighting. People in the underground world are obsessed with fighting dogs, and they often organize competitions, betting tens of millions.

In addition to raising dogs, Mr. Orvel also regarded this place as a torture ground. Some people who needed to evaporate from the world were sent here by him to become rations for vicious dogfighting.

In the yard of the kennel, there is a three-story building. This building is usually used by the staff for rest and office. There is also a warehouse for storing dog food underground, and a secret room for Mr. Orvel to use lynching.

At this time, Ichiro was tied with his hands and hung on a frame in the dark.

The underground world of Wresvel is no different from the underground worlds of Hong Kong and Taiwan. It is very strict with rules and regulations, and its various habits are the same as those of the youth gang a hundred years ago. Once the interests of the gang are violated, the first thing is to face is lynching.

Also detained here with Ichiro, and the six men in black who robbed Tianqi's "magic medicine".

When Ichiro saw the six of them here, he was frightened.

He realized that this matter might have something to do with the magic drug. He didn't know how the Chinese would deal with him if they knew that the magic drug was taken away by him?

At this time, Marven stepped in.

Zak Chen greeted him respectfully and bowed: "Mr. Ye Ichiro and his six doglegs are here."

Marven nodded, looked at Ichiro, and smiled slightly: "Mr. Kobayashi, let's meet again."

"Ah...you...you are..." Ichiro suddenly remembered Marven!

At the traditional medicine Expo, when he went to ask Tianqi for a prescription, he was right there, and because he was just an assistant or subordinate of Tianqi, he didn't expect that he turned out to be the young master of the Ye family!

Marven looked at the hanged Ichiro, and said coldly: "Mr. Kobayashi, you are so courageous! You dare to send someone to administer the old magic medicine. Are you tired of your life?"

Hearing this, Ichiro suddenly panicked and blurted out: "Mr. Ye, this is all a misunderstanding!"

“Misunderstanding?” Marven pointed to the six people in black who were tied on the ground next to him, and asked with a sneer, “Aren’t these six people yours?”

Ichiro hurriedly shook his head: “No, I don’t even know them!”

#### **Chapter 478**

Marven nodded and asked the six people back: “Do you know him?”

The six people looked blank, as if they could not speak Chinese at all.

At this time, Zak Chen stepped forward and translated a sentence in Japanese. The six people also shook their heads and talked a lot.

Soon, Zak Chen said to Marven: “Mr. Ye they said they didn’t know this Ichiro.”

“Oh.” Marven nodded, and said lightly: “Since you don’t know him, then pick one from them, chop and feed the dog, and then ask the remaining five people.”

“Okay!” Zak Chen immediately translated Marven’s words, and the six of them were shocked and dumbfounded.

They couldn’t believe that Marven only asked one sentence, and he was about to arrest someone and feed to the dog!

Could it be that he really has such courage? !

Marven said to Mr. Orvel at this time: “Mr. Orvel, your venue is more familiar to you. Take these six people out, weigh them one by one, choose the heaviest one, chop him for dogs, and let the rest Five observe it live! Then bring them back for questioning!”

Mr. Orvel asked respectfully: “Mr. Ye what if they admit in advance?”

Marven said lightly: “It’s too late now, so you have to chop off even if they admit in advance!”

Ichiro’s fright is gone! The difference from the six subordinates is that he understands and immediately understands the meaning of Marven’s words!

The living person chopped up to feed the dog, is this Ye family’s young master so cruel? !

What if he really wants to chop him? !

The six unknown men in black were taken out by Mr. Orvel’s men.

Ten minutes later, They heard the dogs in the entire kennel boil!

Subsequently, the remaining five subordinates were dragged back like dead dogs.

Without exception, all five of them were frightened and convulsed violently.

As soon as they entered, the five people went crazy and yelled at Ichiro in Japanese.

Zak Chen helped Marven to translate: "Mr. Ye these people are telling Ichiro that they saw their companion was chopped to feed the dog."

Marven nodded, then looked at Ichiro, he was so scared that he passed out.

So Marven said coldly: "Ichiro, I'll give you one last chance, to be honest, otherwise, your fate will be exactly the same as the one just now!"

Although Ichiro wanted to contribute to the family, it was not based on the premise that he would die, so when he realized that Marven might really kill him, he was almost shocked!

So he hurriedly pleaded: "Mr. Ye, I will speak, I will say everything! I let them snatch Tianqi's magical medicine. Please forgive me, or you can say the number, I am willing to pay for it!"

Marven asked with a black face, "Where is the medicine?"

Ichiro said: "The medicine, I let my assistant take it to the airport..."

Marven asked again: "Has the plane taken off?"

Ichiro nodded again and again: "It should have taken off, and it should be out of China's airspace now!"

Marven gritted his teeth and said, "How dare you snatch the magic medicine? Good! Very good, since Chinese magic medicine has been taken to Japan by your people, then I will save your life. In China!"

## **Chapter 479**

Ichiro was so scared that Marven cried!

He is not a dead man himself, but a rich young master, thinking in his heart to win glory for the family, which is also based on what he can enjoy.

Now that he was caught by Marven and trapped in a kennel, he might at any time incarnate the delicious food in the mouths of countless evil dogs. At this time, he was naturally afraid and regretful.

So he cried and said to Marven: "Mr. Ye, I beg you, tell me the number, no matter how much money, I am willing to pay you! Otherwise, I will call my father and let him inform the crew, The plane turned around directly back to Wrester and returned the medicine to you intact, do you think it's okay?"

Marven said, "You're less f\*cking bluffing me, you treat me as if I don't know? Many companies now have very advanced component analysis equipment. When you put things in the equipment, you can analyze all the components in a few minutes. Kobayashi Pharmaceutical itself It's a big pharmaceutical company. There must be such an instrument, right?"

Ichiro nodded like pounding garlic, and cried and said, "There are real ones, but I didn't bring them this time when I came to China! So you can rest assured, as long as the magic drug is not sent to our laboratory at Kobayashi Pharmaceutical, we can't get into the ingredients."

Marven sneered and said, "Do you think I will believe it if you say it? Maybe you have this kind of instrument on your plane, maybe you have now got a list of all the ingredients of the magic medicine, maybe you have scraped a little from the magic medicine. Powder, this powder is enough for you to go back and study the ingredients!"

Ichiro cried and said, "Mr. Ye, I will use my personality to vouch for you..."

Marven slapped him directly, and cursed: "You are a robber and thief, and you f\*cking mention your personality with me?"

Ichiro suddenly had nothing to say.

Marven is right. He is indeed a robber and thief. Talking about personality at this time is really a little black humor...

Ichiro hurriedly asked: "Mr. Ye, then you say a solution, as long as it is within my ability, I will definitely follow it!"

Marven said: "In fact, it is simple. Since you have stolen this magical medicine, then I guess the formula must have been obtained by you, so it is better for you to directly pay for the formula of this medicine."

Ichiro nodded immediately and said, "No problem! Absolutely no problem! Mr. Ye, you can make a price, and I can report to my family immediately!"

Marven said indifferently: "10 billion, otherwise, I will kill you. By the way, I will expose your Kobayashi Pharmaceutical's theft of formulas internationally, so that your Kobayashi Pharmaceutical's reputation will be discredited all over the world!"

Ichiro was taken aback and blurted out: "Mr. Marven, ten billion is too much...We...we really don't have so much money..."

"Tell me?" Marven said coldly: "I have already investigated your Kobayashi Pharmaceutical, and the benefits of your Kobayashi Pharmaceutical are still very good, with a net profit of 2 billion a year, plus some time ago you just borrowed a large sum of money from the bank to invest in the construction of Asia's largest production base in Osaka, Japan. This money should be in your Kobayashi Pharmaceutical's account?!"

Ichiro tremblingly said, "Mr. Ye, let's tell you, this money is the most important thing for us at Kobayashi Pharmaceutical. It is completely controlled by my father. I am not in charge!"

Marven nodded and said, "Then call your father and tell him! Immediately!"

After speaking, Marven said to Zak Chen: "People let go of his right hand and give him his mobile phone."

Zak Chen personally let go of his right hand and handed him his mobile phone.

#### **Chapter 480**

Ichiro had to pluck up courage and call his father.

At this time, Masao Kobayashi was anxiously waiting for the magic medicine to arrive in Tokyo.

He himself was really impatient, so he had his family put him in an ambulance and sent him directly to the airport to wait.

The Kobayashi family has an eye-catching eye in Tokyo, and their private jet has an independent hangar at Tokyo Airport. There is also a very high-end lounge in this hangar, which is owned by the Kobayashi family. Therefore, Masao Kobayashi took his second son, Jiro, Right here, waiting for the magic medicine to land.

Suddenly received a call from Ichiro, Masao Kobayashi hurriedly asked: "Ichiro, I heard that you didn't board the plane when the plane took off? Where are you now?"

Ichiro hurriedly said: "Father, I was left behind by the Ye Family of Orgeyon. He accused us of stealing magical medicine and prescriptions. Now he wants us to buy out the patents for the prescriptions with 10 billion. Otherwise, I will be required to give my life and he will expose Kobayashi Pharmaceutical's theft of prescriptions..."

"What?!" Masao Kobayashi blurted out loudly: "b\*stard! Why are you so careless in your affairs!"

Ichiro cried out: "Father, I'm already very careful, but I still don't know why I was discovered by them, but now you must save me, otherwise, I will die!"

Masao Kobayashi said coldly: "Ten billion is simply a fantasy. I will never agree to it! If they can agree to a billion, I can accept it!"

Marven has been listening to Zak Chen's translation. Hearing this, he sneered and said, "Mr. Masao Kobayashi, with all due respect, the magic medicine you stole is a magic medicine with strong repairing ability to deal with your own injury, high position. Paraplegia can be cured, not to mention other similar diseases. If this drug is put on the market, it will make at least 10 billion a year. This is are cheap bargain, understand?"

Masao Kobayashi snorted and said, "How do I know if this medicine is as godly as you say?"

Marven said: "Simple, in more than an hour, our magic medicine will land in Tokyo. I heard that you are also paralyzed in bed. At that time, you can take our magic medicine and you will be able to recover in ten minutes at most. When you personally experience the effects of the medicine, pay the money, otherwise, I will immediately expose your son's drug stealing to the world, so that your Kobayashi Pharmaceutical's reputation will be discredited."

After speaking, Marven said again: "Oh, yes, your son will definitely die by then!"

Masao Kobayashi was also a little nervous at this time.

The evidence that his son was caught and the medicine was taken by others, if he refuses to cooperate, once exposed, Kobayashi Pharmaceutical will indeed be spurned by the world.

At that time, the Japanese government will also prohibit its own production of this magic drug in compliance with international law.

In that way, it would have been a waste of water in the bamboo basket, failing to fight a fox, and causing a commotion.

What's more, it is also possible to cost him the life of his son.

However, if this medicine really has such a good effect, then ten billion is really nothing. If he gives this ten billion to Marven, it is estimated that he will be able to earn it back within one year, and the next year will be blood earning Up many times!

Thinking of this, Masao Kobayashi immediately said, "Okay! If your magical medicine really restores me to the same level as before, then I will give you 10 billion and buy out this prescription exclusively!"
