

The Amazing Son In-Law Chapter 4791-4800

Chapter 4791

She continued: "And he wants so urgently. After the heart is removed, I'm not sure if other organs will be sold on time."

"If he's not in a hurry, I can still look for a buyer for the liver and kidney."

"Since you are in a hurry, you have to cover the damage for me,"

"You tell him, deal at this price, whether he likes it or not!"

With that, Myren waved her hand and said coldly, "Call him now!"

Hearing Myren's order, Jimmy nodded quickly, took out his mobile phone,

Found a contact named "Customer 15", and called the other party.

A weak voice came from the other end of the phone, and he asked,

"Hello, have you found a suitable match for me?"

Jimmy snorted and said lightly, "The match has been found, and the other party is strong and healthy,"

"After the transplant is successful, you will be guaranteed to have no problem for 20 to 30 years."

"If you want to transplant as soon as possible, you can go to Mexico for surgery next week for \$800,000."

Hearing these words, he immediately said, "Didn't you agree on \$500,000?"

Jimmy said disdainfully, "The \$500,000 is the price of carpooling,"

"And it's the price of a private car. It will take another month or two."

"This..." The other party became anxious and blurted out: "But I... I can't wait that long..."

That's your problem." Jimmy said coldly: "Anyway, I've made it clear to you,"

"You can decide whether to do it or not. Anyway, you're not the only one in the queue,"

“You can think slowly, I’ll give the next one in line a call.”

When the other party heard this, he panicked and said quickly,

“Don’t, I’ll try to find a way to collect the money next week...”

Jimmy snorted and said: “Tomorrow, you will prepare 400,000 yuan first.”

“When the money arrives, I will arrange an operation time for you.”

After that, he hung up the phone directly.

After hanging up, he immediately said to Myren, “Auntie, the client agreed.”

“Okay.”

As soon as the call was made, Myren smiled and said to the other party,

“Sister Zhou, you asked me to inquire, and now I have a reply...”

“Yes, the results of the physical examination have also come out.”

“Your son’s results show that he is very healthy and there is no problem...”

“Adoption will be done, you don’t have to worry about this, I am here!”

“I have already said hello to my friend, let him go in and start from the senior seaman...”

“Oh, no thanks, no thanks, what are you being polite to me? Really...”

“Salary... I heard that it starts at \$5,000 a month, including various subsidies, he can get \$6,000...”

“Yes... you didn’t listen wrong, it’s six thousand dollars...”

“It’s a lot of money, but it’s also hard work.”

“They have to go out for ten or eight months without being home.”

“Once the ship is out in the sea, they lose contact with family. It’s hard work.”

“Well, don’t be afraid of hard work. Their company will have a ship leaving the port next week.”

“If there is no problem with your son, he can board the ship next week.”

“I will board the ship from Mexico next week, wait for me.”

“In two days, I will give you an address, and then you can let him go directly to Mexico to report!”

“Oh, you really don’t need to thank me, we are all fellow villagers, and we should help each other,”

“So you can wait for my news!”

After answering the phone, Myren wiped a cruel smile on the corner of her mouth.

This old lady Zhou, she met at a restaurant in Providence.

The old lady is quite old and a cleaner in the restaurant.

When Myren was eating, she chatted with her a few words and learned that her son had been unemployed for a year.

Chapter 4792

There are too many ways, and they couldn’t find a suitable job, so Myren has a plan for such people.

Once she encounters this kind of person who wants to find a job to support the family,

She will use the high-paying crew as bait to coax them to Mexico,

Where they will murder the target and then resell the organs.

Moreover, she specially designed a serial plan.

She first told the other party that she had this channel to help introduce them.

After attracting the other party with a high salary,

She also pretended to ask a friend to do a free medical examination for the other party.

She also made up a pretext and say a medical report must be presented on board.

The other party will naturally not doubt it, plus the free medical examination is not done for nothing,

So she directly does a comprehensive medical examination in the United States.

During the physical examination, these devils have already started to look for matching patients who need organs. Once the matching is successful,

They will start negotiating the price. After the price is negotiated, they will immediately coax the target to Mexico.

The reason why Mexico is chosen is that the law and order is chaotic,

There are many gangs, and there are many areas that the police can't reach.

Whether it is murder, surgery, or dealing with corpses, it is much easier than the United States and Canada.

Moreover, after a person disappears from Mexico,

Family members generally do not notice anything unusual,

Because they will let the other party tell the family that they are about to board the ship,

And they will not be able to contact them for the next few months.

After a year and a half, or even longer, when the family members could not wait for news and realized that something is wrong,

It is no longer possible to find this person.

In this way, enough time can be left for Myren and others.

And a person like Myren, as long as it's money, no matter how dark or dirty she gets, she doesn't care.

In addition to this kind of thing, she also specially selects compatriots who come to visit relatives in the United States,

And used a serial scheme to induce them to become mules for transporting prohibited items.

If they are caught in the United States, they will basically be imprisoned for life.

If they are caught in China, they will basically die.

If they succeeded by luck, the other party would have nothing in return at all,

And they would not even know that they had walked before the gate of hell.

And when Myren achieves her desired goal in one place,

She will start over in another place and with a different identity.

Therefore, those who have helped her bring goods but are kept in the dark,

And want to continue to maintain friendship with Myren,

They will suddenly find that this person has suddenly disappeared from the world,

After a certain day, and can no longer find any news related to her.

Using this kind of deception, Myren has obtained huge returns for herself,

And at the same time send many innocent people to prison, and even send them to the gallows.

But she doesn't care about the fate and life and death of these people at all.

For her, money is the only thing worth paying attention to. Everything else can make way for money.

The reason why Myren likes to coax these amateurs to help is not only that these amateurs only spend their feelings,

Not money, but more importantly, because these amateurs don't know anything,

Their whole person's state will be extremely natural, so they are in when facing the customs officers and security personnel,

They will not show the slightest tension and unnaturalness at all.

Even a person who has undergone professional training cannot achieve,

The natural state is when an amateur is completely in the dark.

Therefore, such an amateur will have a much higher success rate in customs clearance.

Moreover, by creating a successful person, a close eldest sister, and a helpful person,

Myren can easily make the target person like Viola become friends with her.

She always feels that such a successful woman can become friends with her in the future.

Surely there are only advantages and no disadvantages.

As everyone knows, it is this kind of mentality that makes Myren's success rate in pulling people into the water surprisingly high.

Anyone who can get to know Myren well will basically fall into the trap she carefully prepared.

And right now, Myren's number one prey is Viola!

Chapter 4793

The family of three returned to the hotel,

And Viola received the business card information pushed by Myren.

The other party's nickname is "Grateful Heart".

Judging from the profile picture,

It is probably a woman in her 40s who is very well maintained.

Moreover, the photo of the profile picture was taken on a very luxurious private jet.

After all, Viola is also a person who has taken a private jet.

The luxurious trip to the United States is unforgettable for her.

Therefore, when she saw the profile picture of this woman,

She instinctively thought that this woman must be very powerful.

So, she silently returned to her room, added the other party as a friend,

And wrote, "Hello, I'm Sister Chen's friend."

After the message was sent, the other party quickly approved her friend's application.

Then the other party sent her a smiling face, followed by a voice message: "Hello, are you Viola Ma?"

Viola quickly replied: "It's me, sister Chen should have told you. Right?"

“I am flying from New York to China via Hong Kong this Sunday,”

The other party replied: “Oh, that’s great, then we should be on the same flight,”

“By the way, are you traveling first class or economy?”

Viola hurriedly said: “My son-in-law bought me a first-class cabin.”

The other party smiled and said, “That’s good, I also bought a first-class one.”

“Let’s check in together after we meet at the airport, we can do it then. Choose a seat closer.”

“Okay, okay.” Viola agreed with a smile, and then asked, “I don’t know what your name is?”

The other party replied, “My surname is Zong, and my name is Phaedra Zong.”

Viola smiled and said: “Oh, this surname is not common!”

The other party smiled and said: “Thank you,”

“One of my cousins is in the beverage business and is very famous in China. You should have heard of him.”

Saying that the other party sent an encyclopedia of characters,

Viola clicked in and took a look, almost not scared at all!

In the encyclopedia, the rich man surnamed Zong is a famous beverage king.

His family assets exceed 100 billion, and that is still in US dollars!

Viola was overwhelmed with turbulent waves, and couldn’t help but ask:

“My mother, is this man your relative?”

“Yes.” The woman who claimed to be Phaedra said very modestly:

“But we are both distant relatives and are not that close,”

“And our family’s business is not as big as his.”

“Their family assets have already exceeded 100 billion US dollars.”

“Our family is worth only a few billion US dollars.”

“No, the difference is too far, compared with others, it is really a difference between clouds and mud,”

“And it is not worth mentioning.”

After speaking, the other party said: “If you didn’t mention that my surname is very rare,”

“I will not tell you. Speaking of this relationship, after all,”

“They are distant relatives, and I always use them to talk about things, and it seems that I am with a bit fake appearance.”

Hearing the other party’s remarks, Viola’s deep in her heart felt a sense of admiration.

In her opinion, some people’s modesty is false modesty and true pride,”

“While some people’s modesty is true modesty and not proud, and Phaedra is the latter.

Even though she is already worth billions of dollars,

She still says she is worthless. This kind of humility is unheard of.

Viola couldn’t help sighing in her heart:

“The gap between this person and other people is really big!”

“I was crazy about carrying a basic Hermes and taking a private plane drawn by a lottery.”

Chapter 4794

Viola continued: “I didn’t expect her to have a value of billions of dollars and still act so low-key.”

While sighing, she suddenly remembered something and thought to herself,

“She is already so rich, why doesn’t she take a private jet?”

Thinking of this, she was ready to ask a question.

It’s not because she has doubts about Phaedra’s identity,

But because she feels that if the other party really has a private jet,

Or can afford a private jet, wouldn't she be able to rub off for a while?

Just when she was about to ask, the other party sent another message,

Viola hurriedly clicked to check, and the other party said in his voice:

"Oh, since you are Sister Chen's friend, you should stay at my house with me."

"This will save you the trouble. Anyway, for me, it is the same to pull one private jet or two,"

"But this time period is really unfortunate because my plane has reached the regular maintenance level."

"The flight time has already been flown to Georgia for maintenance,"

"And Gulfstream has a backlog of planes recently, so they won't be able to come back in a while."

Viola was slightly disappointed when she heard this,

But also felt that others, sure enough, they are strong and have their own private jets.

This is something that ordinary people can not have.

Thinking of the other party's mention of Gulfstream, she smiled and said,

"Oh, your family's private jet is also a Gulfstream?"

"When I came to the United States this time, I booked a Gulfstream G650 too."

"The plane is really good and flies fast. It's stable, and the environment inside is also first-class!"

The other party laughed: "It can't be said to be first-class, in a private jet, it's average."

After speaking, the other party said: "I'm sorry, Viola, I have to deal with something at this moment,"

"The person in charge of the Citibank New York branch is visiting me at my home,"

"I have to entertain them, and we will talk when you arrive in New York!"

Viola admired her, even more, when she heard it.

Citibank Viola still knows, which itself is a multinational bank headquartered in New York.

More importantly, she once suffered a big loss in Citibank.

When she heard Citibank, she felt cold in her back and sore in her right leg.

So, she quickly said, "It's alright, you'll be busy first,"

"And I'll contact you when I get to New York!"

After saying this, the other party gave Viola a handshake expression, and then she didn't send any more messages.

Viola didn't say anything, but quickly clicked on the other party's Moments and scrolled down a little bit.

It doesn't matter if you look at it,

For Viola, it's like a knife pulling her b u t t and opening his eyes!

This woman's circle of friends is almost full of all kinds of tours, eating, drinking, and having fun.

Some were shot on private jets, some were shot on luxury yachts,

And it seems like she always likes to ride horses, play golf, and run around the world.

She even went to the North and South Poles on a scientific research ship!

Viola looked at the colorful life of the other party, and sighed inwardly:

"Damn, it's the same life, how can people live so unrestrainedly,"

"But I have to spend most of my fcuking life with that ba5tard worthless man,"

"The most beautiful time of my life has already gone..."

When she sighed, Viola didn't realize that she had fallen deeper and deeper into this scam.

Moreover, she didn't notice that although there are many pictures of this woman's circle of friends,

There are not many who really show her face.

Moreover, many of the pictures of scenic spots around the world that she posted are actually found on the Internet.

As long as Viola takes a little thought, downloads all these landscape pictures to her mobile phone,

And then uses a picture search engine to search, and she can find the real origin of these pictures.

It's a pity that although she is not a good person, her understanding of the world is relatively simple,

And her understanding of mobile phones, the Internet, and social software is too superficial,

And she does not have basic dialectical skills.

And the more such a person is like this, the easier it is to be targeted by people with bad intentions!

Chapter 4795

The time soon arrived on Friday.

Because she was leaving for New York today,

Viola got up early in the morning and started packing her suitcases.

Now, she is already on the verge of returning home.

It was finally in the afternoon. After Avella was out of class,

Marven drove Viola and picked up Avella at the school gate.

The three of them drove directly to New York.

According to Marven's plan, after arriving in New York on Friday night,

They would take Viola for a walk around New York's night scene,

Take a look at the Statue of Liberty, and take her around the city on Saturday.

After shopping on the other day, she can be taken to the airport in the afternoon.

For Viola, although this time in the United States is short,

It is a long trip, and she had to buy some local souvenirs and specialties.

On the way to New York, Viola sat alone in the back row,

Took out her mobile phone, and sent a message to Phaedra,

Informing her that she was arriving in New York tonight.

Phaedra quickly replied with a voice.

In order not to be heard by Marven and her daughter, Viola converted the voice into text.

The text shows: "Viola, this time you are in New York."

"As the host, I originally planned to treat you to a big meal and show you around,"

"But because I am going back to China in the next two days, there are many things that have to be done before leaving,"

"So I'm very busy, I'm really sorry... Or else after we arrive in Hong Kong,"

"Don't rush back to the mainland, I happen to have a villa on Shixun Road in Hong Kong,"

"You hang out with me in Hong Kong for a few days,"

"Then stay at my house, give me a chance to do my best as a host,"

"And then you can go back to the mainland after a few days of fun.

Since the content of speech recognition is displayed bit by bit,

When Viola saw the first half, she was a little disappointed,

But when she saw the second half, she was suddenly excited again.

She couldn't help but ponder in her heart: "I've grown up so much, and I've never been to Hong Kong."

"This time I'm going to Hong Kong for a transfer,"

"And I'll only stay for a few hours when I land."

"Since there is such a good opportunity, it is better to spend a few days in Hong Kong."

“Anyway, this Phaedra has money, and I will eat and drinks with her. I’ll be wronged if I miss this opportunity...”

Thinking of this, she happily agreed, and quickly replied:

“Okay! Anyway, I don’t have anything important to do when I go back,”

“Why don’t I just stay in Hong Kong for a few days, and then I’ll give you more money trouble.”

The other party quickly replied: With Sister Chen’s relationship, you are welcome anytime,”

“So let’s talk about it first, I still have something to do here,”

“Let’s wait until the airport and have a good chat!”

“No problem. Viola happily replied two words,”

“And then asked Marven pretending to be curious:

“Oh, good son-in-law, didn’t you just come back from Hong Kong? Do you know where Shi Xun Dao is?”

Marven asked in surprise: “Mom, why did you suddenly remember to ask this?”

Viola lied: “Didn’t I just read the circle of friends,”

“A friend said that this place is very famous,”

“This is the first time I have heard of it, so I will ask you about it.

Chapter 4796

Marven didn’t think much about it, and replied casually,

“Shi Xun Dao is a luxury residential area in Hong Kong.”

“The most expensive houses in Hong Kong are basically there,”

“And they are also the richest people in Hong Kong.”

“Mom! When Viola heard this, she immediately exclaimed: “This place is so powerful!”

While speaking, she admired Phaedra’s strength a little more.

She didn't realize that the liar had used special words and methods before meeting her.

In her heart, an indestructible rich person's image has been established.

Now she is so excited, that she begins to plan her itinerary for the next period of time,

First having a good time in New York for two days,

And then flying to Hong Kong, and then going to the most expensive and rich area there, and enjoying a few days.

At that time, she must post more Moments,

And let the people in Moments take a good look at her unrestrained lifestyle.

...

This time Marven chose the Ye family's Shangri-La Hotel in New York.

Issac instructed the hotel in advance to reserve a presidential suite for Marven.

After checking in, Marven took Avella and Viola to have dinner at the hotel,

And then took Viola to visit the night scene of New York with Avella.

While Avella was helping Viola take a photo with the Statue of Liberty,

Marven walked aside and called Stella.

When the call was connected, Stella said respectfully at the other end, "Good evening, Mr. Ye."

Marven said directly, "Miss Fei, I'm calling to let you know that I've already arrived in New York."

"If there is no accident, I will visit your house tomorrow night,"

"You can inform Mr. Fei and let him wait at home."

Stella said excitedly: "That's great! After I shared the news with grandfather he has been very excited about your coming to New York,"

"And he was just asking me when you will arrive in New York."

After speaking, she hurriedly asked: "Mr. Ye, when will you come tomorrow night?"

Marven smiled slightly and said, "Tomorrow night around eight o'clock."

Stella said excitedly: "Okay, tomorrow night, I will have someone prepare the banquet in advance!"

"Don't bother." Marven said: "I came with my wife and mother-in-law this time,"

"And I will come there after eating with them tomorrow night,"

"I won't be there for too long, so you don't need to prepare anything."

Stella said with some regret: "You came so far away, and you are not eating here."

"I am really sad to have dinner at home..."

"It's fine." Marven said calmly, "I'm coming to New York this time to send my mother-in-law back."

"She's leaving on the flight the day after tomorrow,"

"So I thought of meeting the Old man, just don't worry too much about the formalities."

As soon as Stella heard that Marven's mother-in-law was on the flight the day after tomorrow,

She knew that it must be an ordinary airline, so she hurriedly said:

"Mr. Ye, the Fei family has several business jets and private jets at the New York airport."

"I will arrange a special plane to take your mother-in-law back."

Marven said without hesitation: "You don't have to. When she came here, a special plane was already arranged for her,"

"So there is no need for it while she is going back."

"My mother-in-law does not understand her routines."

"She still has to be a little bit more down-to-earth, otherwise she will float too much,"

"And with her character, if she floats too high, I don't know what she will fall into in the future."

Stella couldn't help but whispered a laugh when she heard this.

In fact, when she was in China, she investigated Marven and Marven's wife's family.

Although she had no contact with Viola, she had already learned a lot about her wonderful deeds.

So, she didn't insist any longer, smiled, and said,

"Mr. Ye, I will be waiting for your visit at home tomorrow!"

The next day, Marven and Avella accompanied Viola to move around New York for a day.

Chapter 4797

During lunch, Marven talked to the two of them.

There was a client in New York who wanted to ask him to talk about something at night,

But they didn't think much about it. After all, Marven's "business" is very good now,

And the two of them have long been psychologically prepared.

Later he accompanied the two of them to dinner,

Then drove the two back to the hotel by car,

And then drove to the Fei family's private manor on Long Island.

Originally, he just wanted to come over to see Mr. Fei, and in front of Stella,

Give him a promise he dreamed of, and at the same time let him have a lifetime of unswerving support for Stella.

But what Marven didn't expect was that, knowing that he was coming,

Mr. Fei notified everyone in the Fei family last night,

Ordering all the immediate family members of the Fei family, no matter where they are,

They must rush back to Fei's family to meet Marven tonight and welcome him.

After all, Douglas was the number two person in the Fei family,

So no one dared to violate his order without Stella expressing any objection.

So, when Marven drove into the Fei family manor,

He was surprised to find that the people on both sides of the road were all the Fei family members.

At the end of the road, standing respectfully and waiting, were Stella and Douglas.

As soon as Marven stopped the car, Douglas came to the door with the help of Stella.

After Marven got off the car, he was the first to take the lead in bowing,

And said respectfully, "Welcome Mr. Ye to the Fei family!"

The Fei family members around him also said in unison, "Welcome Mr. Ye to the Fei family!"

In the crowd, Marven also saw Douglas's eldest son,

Randal's grandfather Dawson, and Randal's father, Adam Fei.

The two of them stood in the crowd at this time,

With the same respectful and humble expressions on their faces,

And they could no longer see the arrogance and domineering of the past.

In addition, there are some unfamiliar faces that seem to have not been seen before.

Marven didn't expect that he just came to see Douglas and Stella, but the Fei family made such a big scene.

He said in surprise: "Everyone, is this battle not a little too grand?"

Douglas looked at Marven and said respectfully,

"Mr. Ye, you are the benefactor of the Fei family, I learned you are coming,"

"Everyone in the Fei family attaches great importance to it, and dare not give any negligence!"

Marven waved his hand and said indifferently:

"I will interact more and more frequently with the Fei family in the future, you don't need to go out of the way."

After speaking, he said to Douglas: "Mr. Fei, I'm here this time mainly to talk to you and Miss Fei."

"I wonder if we can move to a place where we can talk quietly?"

Douglas said quickly: "No problem, then please come to the study, Mr. Ye!"

Immediately, Stella supported Douglas and walked into the villa with Marven.

The other Fei family members stood there one by one.

They knew that Marven had something to discuss with the old man and Stella,

And they were definitely not qualified to follow.

After Randal was executed, Marven became the most irresistible existence in the eyes of the Fei family,

So they are now standing in the same place, waiting for Marven to come out,"

Then respectfully send him off of the Fei family estate.

And Marven came to the study with his grandfather and grandson.

When the three of them walked to the precious bookcase,

Douglas specifically said, "Mr. Ye, Stella is now the head of the Fei family,"

"And I also passed on the ownership of this bookcase to her,"

"So please sit in the distinguished guest seat directly opposite Stella!"

Chapter 4798

Marven nodded lightly, he understood what Mr. Fei was saying,

And he just wanted to tell him that he had completely and unreservedly handed over the Fei family's power to Stella.

The chair configuration of this bookcase is a bit particular.

Since there is only one person on the couch in the master seat,

The couch is much wider than the guest seat opposite, and it is also ten centimeters higher.

The intention of this design is the same as that of the emperor's dragon chair,

In order to highlight the status of the head of the family.

Stella said nervously at this time: "Mr. Ye, you are here, how dare I can sit higher than you..."

"Please sit on the master seat!"

Marven smiled slightly, lightly waved his hand, and said,

"You are the owner of this house, no matter who comes here,"

"It's the same, so you are the biggest here, and I, a guest, can't be a host."

He then pulled away the seat opposite her and sat straight down.

Stella didn't know what to do, but Douglas, who was on the side, said,

"Stella, you should follow Mr. Ye's instructions."

"Mr. Ye is right. You are the head of the Fei family. No one else is qualified to sit there."

Stella had no choice but to bite the bullet and sit down.

In fact, the etiquette of the Chinese people is the most important.

Just like at the dinner table, whoever has a higher status, when toasting,"

"their wine glass is higher if someone has insufficient qualifications and strength,"

"And still holds the wine glass high, maybe he will be taught a lesson on the spot.

Stella didn't want her seat to be higher than Marven's, and couldn't help but feel annoyed:

"Why didn't I think of this earlier, if I had thought about it earlier,"

"I would have replaced all the seats with the same built... It seems I can only pay attention next time..."

After Stella was seated, Douglas slowly sat next to Marven.

At this moment, while he was full of expectations, he couldn't help but feel a little nervous.

So, he couldn't help but ask Marven: "Mr. Ye, I don't know why you are here tonight?"

Marven smiled lightly: "Thanks to the help of Stella and the Fei family during this time,"

"They solved a lot of difficult things, so I came here this time mainly to thank you."

Stella said quickly: "Mr. Ye...It is an honor for the Fei family to be able to help you, how can we afford the thank you..."

Marven waved his hand: "As long as I have been helped by others,"

"I must be grateful. This is the way of life that my parents taught me since I was a child."

After speaking, he looked at Douglas and said seriously,

"Mr. Fei, when we were coming back from Hong Kong,"

"I asked Miss Fei if there was anything I needed to help."

"Miss Fei said that she had no other worries except for your health,"

"So I came here this time mainly because At Miss Fei's request, I will solve some urgent problems for you."

When Stella heard this, she knew that Marven was asking for favors for her.

When Douglas heard these words, he was a little more moved for his granddaughter.

In addition, he is also looking forward to Marven's next statement.

He doesn't expect Marven to give him a rejuvenation pill, but he thinks he can still think about it.

Just when he was looking forward to it, Marven said:

"Mr. Fei, we have known each other for so long, so I won't prolong it with you."

"Since Miss Fei is most worried about your health, then I make a statement here today,"

"As long as you can support Miss Fei in the management of the Fei family, in return,"

"I will guarantee your life for another ten years!"

Douglas was immediately excited and asked quickly:

“Ye... ..Mr. Ye...what you said...is what you said true?!”

Marven nodded and said sternly: “What I promise here must be done.”

Douglas burst into tears in an instant. Ten years, this promise was more important to him than Mount Tai!

So he stood up, clasped his fists, and respectfully said:

“Thank you Mr. Ye for your kindness, your great kindness, I will never forget it!”

After saying that, he wanted to kneel down.

Marven reached out his hand to stop him at this time, and said seriously,

“Mr. Fei, don’t be in a hurry to thank me, I have another condition, you must agree.”

Douglas hurriedly said: “Mr. Ye, please tell me, not to mention one condition,”

“Even if there are ten or a hundred, I will never hesitate!”

Marven said lightly, “I want you to completely give up bidding for Rejuvenation Pill from now on!”

Chapter 4799

“Give up the rejuvenation pill?”

Hearing Marven’s words, Douglas’s expression was startled at first,

And then he asked in a little panic: “Mr. Ye...you...why did you bring this up?...”

Marven looked at him and said very indifferently:

“If the auction continues next year, Mr. Fei do you think with your economic strength,”

“Can you successfully auction the final rejuvenation pill?”

“This ...” Douglas couldn’t help recalling the auction scene at that time,

His limit was only 200 billion US dollars, but Marshal An’s asking price was almost double his own.

“If Rejuvenation Pill is still at this price next year, I can’t afford it anyway,”

“Not to mention that I can’t sacrifice the interests of the entire Fei family for my own selfish interests.”

“This matter has already given me a very, very painful experience last time.”

“The lessons learned, so, in the sense of reason, I can’t make the same mistake a second time.

This also means that he basically loses the qualification to compete for the rejuvenation pill.

However, for him, even if he couldn’t compete for a whole rejuvenation pill,

He could at least compete for the fourth or half.

If he succeeded in winning one of them, he would at least be able to live an extra three to five years.

Even if Marven has promised to keep him alive for another ten years,

There will never be too many things like raising his hand.

If he really let him give up the competition for the rejuvenation pill.

That would be equivalent to cutting off an important way to increase life expectancy.

Just when he was hesitating, Marven said coldly: “Mr. Fei you need to understand one thing,”

“Whether the Rejuvenation Pill auction will be held normally in the future depends on my personal preference,”

“And someday I might decide that I don’t want to do this again,”

“People all over the world have nowhere to buy the rejuvenating pills,”

“And at that time, you will find that only my promise is truly valuable.”

Marven’s words made Douglas realize in an instant.

At the same time, he also understood that Marven came to find his true purpose this time.

Marven promised to keep him alive for another ten years, that is,

To let him fully assist Stella, and at the same time give up the entire Fei family to bid for Rejuvenation Pill.

As for the Rejuvenation Pill auction, it is entirely up to Marven to open it or not.

Let's not say whether there are many Rejuvenation Pill auctions, and the more the auctions are,

The fewer the auctions. Just speaking of Marven's current financial resources,

It may not take long for him to look down on the income from the auction of the Rejuvenation Pill.

Whether it is sold or not sold, he has no control over it.

If Marven really cuts off this road, wouldn't he have no chance?

Thinking about it, Marven's condition to keep him alive for another ten years is indeed the best choice.

As long as he cooperates well, this matter will be absolutely safe, and there will be no variables.

Thinking of this, Douglas bent his knees, knelt on the ground, and said gratefully,

"Mr. Ye is so kind, I will never forget it!"

Marven nodded slightly and took out the half pill, prepared in advance from his pocket.

Taking the Blood Dispersing Heart Saving Pill, he said, "Mr. Fei, I see how weak your body is."

"You should take this half Blood Dispersing Heart Saving Pill first."

"After you take it, you will live for the next two or three years. It's very easy."

Douglas was immediately pleasantly surprised."

"Although Marven's previous half Blood Dispersing Heart Saving pill saved his life,

Because he was too weak at the time, the medicinal power did not make his body feel easy.

It can be said that the whole person still has a feeling of dying.

Chapter 4800

It's just that his age is here, even through ordinary means of convalescence,

It is impossible to make any improvement in his physical condition.

Therefore, for him at present, the only really effective ones are,

Marven's Rejuvenation Pill and Blood Dispersing Heart Saving Pill.

Now, Marven took out half of the Blood Dispersing Heart Saving pill for him.

For Douglas, it was like helping in the snow!

Under the ecstasy, Douglas immediately held his hands above his head while trembling, and said respectfully,

"I'm going to thank Mr. Ye for the medicine!"

Marven put the medicinal pill in his palm, and said lightly,

"Mr. Fei you don't have to be so polite, just get up and take the medicine first."

Douglas didn't dare to get up, but knelt on the ground and,

Took the Blood Dispersing Heart Saving Pill and carefully placed it in his mouth.

Half of the medicinal pill melted in the mouth, and turned into a warm current that went straight into his lower abdomen,

And then flowed through his meridians to the whole body.

It was only for a moment that Douglas felt that his physical condition was much better.

He had been inconvenient to act before, but now, he immediately felt that his body was much more relaxed.

Just when he fell into ecstasy and carefully experienced the indescribable joy in his body,

Marven in front of him said, "Mr. Fei, take care of your body, and in two years,"

"I will prepare for you another half of Blood Dispersing Heart Saving."

Douglas said gratefully: "Thank you, Mr. Ye, for your concern,"

"And I will pay more attention to health preservation in the future, and live up to Mr. Ye's entrustment."

Marven nodded, stretched out his hand to help him up, and then he said indifferently:

“Okay, it’s already late, so I’ll go back first.”

Stella couldn’t help but ask: “Mr. Ye, are you leaving as soon as you arrive?”

Marven smiled: “When things are done, I won’t bother you, people, anymore.”

Douglas said quickly, “Mr. Ye, it’s rare to come to New York.”

“It’s better to stay at home for a few days so that you can enjoy the friendship of the landlord.”

Marven waved his hand: “This time I came to New York to accompany my wife to take my mother-in-law back to China.”

“When we take her to the airport tomorrow, we will head back to Providence.”

Although Stella on the side was a little disappointed,

But she still nodded and said, “Then I’ll send you out.”

Douglas also said quickly, “Mr. Ye, I’ll send you off too!”

When Marven, accompanied by the grandparent and granddaughter,

Came out of the villa, the rest of the Fei family were still standing still.

Seeing Marven coming out so soon, Dawson couldn’t help but take a step forward and asked respectfully,

“Mr. Ye, are you leaving so soon?”

Marven nodded slightly and said calmly, “Dawson, what happened in the past?”

“It’s all over, work hard in the future, I believe the Fei family will not treat you badly.”

Dawson trembled in his heart, and quickly bowed and said, “I will follow Mr. Ye’s teachings!”

Marven didn’t say any more, and sat in the car,

Started the car, and drove away from the Fei family manor under the watchful eyes of the whole Fei family.

After he left, Douglas stood still for a long time.

Stella on the side couldn't help but ask: "Grandpa, what's wrong with you?"

Douglas shook his head and smiled: "It's alright,"

"I just suddenly felt that it was you and me who knew Mr. Ye in this lifetime."

"The greatest good fortune, if it weren't for Mr. Ye, we might have died long ago."
