

The Amazing Son In-Law Chapter 4801-4810

Chapter 4801

Dawson heard this, his expression was extremely embarrassed,

He knelt on the ground with a thud, and choked with tears:

“Dad, I was the one who lost my mind, I almost made a big mistake, please punish the old bones!”

Douglas waved his hand and said indifferently: “Even Mr. Ye said that you should do things well,”

“So I won’t repeat it, everything from the past, as long as you really want to turn it over,”

“As long as you serve the Fei family wholeheartedly, I believe Stella will not treat you badly!”

Dawson immediately knocked his head to the ground, choked up,

“Dad, thank you for your generosity, as your son, in the future I will do my best for the Fei family till my death!”

The next day, it is the day when Viola returns to China.

Marven specially brought her to buy various specialties and gifts of 20,000 to 30,000 dollars in New York.

Although he didn’t say anything, he just thought it was for Viola’s hard work to help Avella in the United States this time.

At five o’clock in the afternoon, Marven and Avella sent Viola to JFK Airport in New York.

Because he bought the first class cabin, Viola did not rush to go through the registration procedures,

But said to Marven and Avella: “Avella, good son-in-law, you two don’t have to work hard to see me off in and watch me go through the security check.”

“Now, the friend introduced by Sister Chen happened to be on the same flight back with me.”

“She told me on WeChat just now that there is a first-class lounge at the airport.”

“She asked me to wait for her there for a while, and then we will go in and check in together.”

Avella didn’t think much of it, thinking that after all,

Her mother has to fly for more than ten hours to have a companion on the road, even if it was just a chat, it would be much easier.

However, Avella remembered that Sister Chen and her slightly weird family members at that moment,

So she quickly instructed: “Mom, it’s okay to fly with others, but you must be careful,”

“Don’t be too quick to trust others, especially don’t trust others to deal with your money and stocks,”

“And don’t lend money to others, do you understand?”

Viola said with a smile: “Oh, just the melons, Who cares, the family is very rich.”

After speaking, she was afraid of Avella’s ramble, so she quickly said:

“But don’t worry, your mother is not an idiot,”

“I have been traveling all over the world for so many years, when have I suffered losses?”

Avella’s expression was a little embarrassed, and she thought:

“Why have you not suffered less losses in these years...”

However, seeing that they were about to separate,

Avella didn’t want to say anything more, so she said:

“Mom, pay more attention on the road, and you must also pay attention to rest,”

“Don’t chat with others for a long time, you will have jet lag after you return to China,”

“And it will be very painful to get home if you don’t have a good rest all the way.”

“Oh, don’t worry!” Viola said with a smile: “Mom can definitely take care of herself,”

“You can rest assured, and my good son-in-law, you don’t have to worry about me too much,”

“You can stay here at ease. Mom is waiting for you to come back home!”

Marven nodded lightly and said with a smile, “Okay Mom, remember to tell us when you get on the plane.”

“Okay!” Viola readily agreed.

The car quickly drove to the departure level gate of the airport.

Chapter 4802

Since Viola did not let Marven and Avella to send her in,

Marven parked the car directly on the side of the road.

After helping Viola to take out the luggage, he went with Avella and watched her push her suitcase into the airport entrance.

When Viola was about to enter the door, she waved at Marven and Avella, and shouted loudly,

“Avella, Marven, hurry up and go back!”

Seeing that her mother was leaving for China alone, Avella suddenly felt a little nervous.

Sad and reluctant, tears flowed uncontrollably, and waved and choked:

“Mom, leave us a message before getting on the plane!”

“Okay, don’t worry!”

Viola said, facing the two waved their hands, and then walked into the airport smartly.

At this time, she didn’t know what was waiting for her next.

She entered the airport, and did not rush to the security check,

But found the first-class lounge according to Phaedra’s instructions.

She had just sat in for less than ten minutes when a very extravagantly dressed woman walked in with a suitcase and a handbag.

Viola recognized this woman at a glance with the avatar on WeChat and the photos in the circle of friends,

And it was her new friend, Phaedra Zong.

So, she was a little nervous, but also a little excited and waved at her, and said with a smile:

“Oh, hello Ms. Zong, I’m Viola Ma! Good luck to meet you!”

When Phaedra saw Viola, she couldn’t help but say with some surprise:

“Oh, Viola, we finally meet! You’ve been waiting here for a long time, I’m really sorry.”

“Before coming to the airport, I was still in a meeting.”

“You don’t know how many things I have to do all day long, it really makes my head big.”

Viola said with a smile: “A strong woman like you must be very busy at ordinary times.”

She came to her side and sat down and said with a smile:

“Viola, you are Sister Chen’s friend, that is, my friend, don’t be so polite,”

“To be honest, usually in the company, everyone talks to me like this,”

“And I finally made new friends, but don’t use this word again.”

Viola really did not expect that this Phaedra is so rich,

She can still be so approachable, without any pretense, it really is not something ordinary people can do.

She couldn’t help but sigh in her heart: “Alas, mother, people say that the richer this person is,”

“The higher the quality will be. I didn’t believe it before, but now I believe it a little bit!”

“Just look at her words and behaviors, it’s not something ordinary people can do.”

“It’s a great honor for me to be able to make friends with such a person!”

Thinking so in her heart, Viola quickly smiled and said:

“Okay, since you say so, then I will not follow the ways of others,”

“After all, we are all friends, and it is always you, you, too, too obvious.”

“Yes.” Phaedra smiled slightly and sighed: “Oh, to be honest, I still feel a little bit.”

“It’s a pity that we met for the first time, and we were so lucky to be able to return to China on the same day.”

“I really should let you go back together on my private jet,”

“So that the two of us could have a good chat and talk on the way...”

“But things just didn’t work like this coincidentally, the more I think about it, the more depressed I get.”

Viola hurriedly said: “Oh, what is this, don’t think about it like that,”

“We will have a chance in the future, maybe the next time we come to the United States,”

“We will be able to get on your private jet.”

Phaedra said with a smile: “Well after we arrive in Hong Kong,”

“You can refund the ticket for the next journey and spend a few days there with me.”

“My plane should be there in a few days and then I will personally take you to Aurous Hill!”

Viola was overjoyed, but quickly said politely:

“Oh, why are you embarrassing me, it’s too much trouble for you,”

“The flight from Hong Kong to Aurous Hill is two or three hours, I’ll just take the plane by myself.”

Phaedra waved her hand: “You don’t need to worry about this.”

“When you arrive in Hong Kong, that’s my site. I am your host.”

“As the guest, you can just follow my arrangements.”

“It just so happens that I haven’t been to Aurous Hill before.”

When Viola heard this, she was no longer polite to Phaedra, but said with a smile:

“If you arrive in Aurous Hill, I will definitely drive you around!”

“I don’t have a private jet but I still have a Rolls-Royce Cullinan,”

“And I will definitely pull the card up for you!”

Chapter 4803

Before Phaedra came, she also heard from Myren about Viola’s situation.

Knowing that she lived in a Tomson first-class and drives a Rolls-Royce in Wrestvel, she was not too surprised.

She smiled and said to Viola: “Don’t you think that a car like Cullinan is a little too big for us women?”

“I rarely drive when I go out, and I always let the driver drive the nanny car.”

“Sitting in the middle row is much more comfortable and worry-free than driving by yourself.”

Viola said enviously: “We don’t have a full-time driver or a nanny car in our family,”

“Otherwise I would also experience the feeling of a female boss.”

Phaedra said with a smile, “Isn’t that simple? If you don’t have a nanny car,”

“I’ll send you one after a while. You know, Lexus LM300.”

“I ordered three from a parallel import car dealer some time ago.”

“I wanted to keep one for my parents, but now they plan to settle in the United States and are not coming back,”

“And there is nowhere to deal with the car when it arrives next month, so I’ll just give it to you.”

Viola was overjoyed and blurted out: “LM300...is it?!”

“Yes.” Phaedra nodded and said with a smile: “It is said on the Internet that this is an unjust kind of car,”

“But I think it’s okay, anyway, the extra money is just to buy a platoon,”

“And the extra 1.8 million is not too much. To be honest, if it doesn’t increase the price,”

“There are people with money who won’t buy it.”

“How can they get noodles if they don’t increase the price?”

“If they can increase the price by 3 million, it is the best.”

“In that case, as long as you drive to the street, others will know that this is the luxury of 5 million.”

Viola admired her heart, and thought to herself,

“I think this is the way of life of the rich.”

“They don’t look for cost-effectiveness, sometimes, it is the worth of the item they consider...”

Immediately, she couldn’t help but secretly said: “This Phaedra is too generous, right?”

“As soon as she opens her mouth, she will give out a Raelfa.”

“The car is priced at 3 million yuan. At that time, should I keep it for myself, or sell it quietly?”

At this time, Phaedra said casually: “Parallel import cars always go to the port for customs declaration and then come in.”

“At that time, I will directly ask the car dealer to declare the customs and send it to Wrestvel,”

“And you can get the car in your city without any hassle.”

Viola said quickly: “Oh...I...how can I accept such an expensive gift from you...”

Phaedra said with a smile: “The car It’s all booked, and when it arrives, it will be idle.”

“You don’t have to be polite to me. If I don’t drive the car, it will be a complete waste.”

“If I want it to be not troublesome enough, it’s best to give it to you.”

Viola was extremely excited, and quickly said with a smile: “Oh, thank you so much!”

“You’re welcome.” Phaedra smiled slightly. Looking at the time, she deliberately said:

“Oh, we are almost going to check in. There is also a first-class lounge inside.”

“It’s the same as going to the lounge after check-in.”

Viola said quickly and without thinking: “Okay, Then let’s go to check-in now.”

After speaking, she stood up, picked up her suitcases and handbags,

And prepared to leave the lounge with Phaedra.

At this time, Phaedra was already a little nervous in her heart.

Because she is about to implement the plan she has carefully prepared for a long time.

So, while slowly packing her things, she quietly tapped three times on a black plastic box in her pocket.

This plastic box is actually a one-way communication device with a built-in carrier SIM card.

From the moment she entered the door, her accomplice have been in the car in the parking lot,

Listening to the progress inside with her mobile phone.

And she tapped three times, which was the signal to close the net.

When her accomplice received the agreed three taps, they immediately called Phaedra’s cell phone.

Chapter 4804

At this time, Phaedra was pretending to be packing her luggage and handbag.

When the phone rang, when she saw the two words of Secretary Qin displayed in the address book,

She deliberately pretended not to read it, so she opened it directly.

After getting hands-free, she put the phone aside and said,

“Secretary Qin, I’ll be boarding the plane soon.”

“If you have anything to do, just wait until I’m on board.”

The other party’s voice said very hastily, “Miss, the old lady has an accident!”

Phaedra suddenly became nervous and quickly asked:

“What’s the situation? What happened to mom?”

The other party hurriedly said: “The old lady was riding with the young master today,”

“I don’t know what happened. The horse was startled and kicked the old lady.”

“She passed out and she is just sent to the hospital.”

“The doctor said that the situation is a little serious.”

Phaedra said anxiously: “What’s going on?How can mom get kicked by a horse?”

“What are the housekeepers for? What does the manager of the horse farm do?”

“Immediately ask the manager of the horse farm to pack his things and get out!”

“Take that horse out and slaughter it! It can kick mom today, and it might throw my son off tomorrow!”

The other party said hesitantly: “Miss... that horse, Master spent more than eight million dollars from Turkmenistan.”

“It is like buying a BMW with sweat and blood. Wouldn’t it be too hasty to kill like this...”

Phaedra said coldly, “If I ask you to kill it, kill it, you can’t tame it.”

“No matter how good the horse is, I don’t want it! This is the price of its mistakes!”

Viola on the side was dumbfounded, and couldn’t help but muttered in her heart:

“The sweaty BMW bought for more than eight million dollars is going to be slaughtered because of kicking.”

“It just kicked the old lady and it is rounded up just for that!”

“As expected, I still don’t understand the world of the rich...”

At this time, the secretary on the other end of the phone could only say helplessly:

“Okay eldest lady, then I’ll arrange someone to do it later,”

“But the situation on the old lady’s side is not optimistic, do you want to come and have a look?”

Phaedra said helplessly: “That’s definitely going to be a visit..”

“I’ve already passed the security check if you were half an hour late, there’s really no way...”

After speaking, she quickly said: “I’ll come back now, see you at the hospital!”

The other party immediately said respectfully: “Okay, Miss, see you at the hospital!”

After hanging up, Phaedra said to Viola with great annoyance:

“Viola, I’m so sorry. mom was kicked by a horse.”

“I have to go to the hospital to see her. I’m sure I won’t be able to leave today.”

Viola couldn't help but feel a little regretful. With this long-distance flight,

She got closer to the female local tycoon in front of her.

But she didn't expect that she could not leave because of the sudden incident.

Viola's mind suddenly turned, and she said quickly: "Oh, Phaedra,"

"If the old lady is injured so badly, you must have a look."

"Otherwise, I won't leave today, I'll go to the hospital with you."

"Have a look at the old lady, when the old lady is all right, let's go back to China together!"

In fact, Viola didn't really care about the old lady who had never met.

Not to mention Phaedra's mother, even her own mother, she didn't bother to ask,

And seldom returned to her parent's home for so many years.

The reason why Viola said this was mainly because she doesn't want to waste her next trip to Hong Kong.

After all, she was still waiting to spend a few days at Phaedra's mansion there.

If Phaedra doesn't leave today, wouldn't her plan be in vain?

Phaedra didn't expect that Viola would ask to go to the hospital with her instead of leaving.

But where did she go to the hospital, she just wanted to quickly find a suitable excuse to lure her to take the bait,

While quickly smearing oil on the soles of her feet and slipping away.

So, she said to Viola very seriously: "Viola, in my suitcase, there are many things that Sister Chen brought for her parents,"

"Some tonics, and some special effect medicine that cannot be bought in China."

"I also promised Sister Chen to help her take them to Hong Kong today."

"It just so happened that her younger brother is working in Hong Kong."

"He was going to go back to the Mainland the day before yesterday,"

"But he stayed back for two days for these things."

"If I can't deliver things to them today, I will delay their business..."

Chapter 4805

Viola quickly asked: "What should I do? Can't you leave?"

Phaedra nodded and said hurriedly: "I can't leave today, but you can go back first."

"I'll go to the hospital today to settle mom's matter."

"As she was kicked by a horse, her body will indeed suffer a little, but it shouldn't be a big problem."

"I will be able to go back tomorrow as soon as possible."

After speaking, Phaedra said again: "So Viola, you fly over by yourself first today, and by the way,"

"Do me a favor and take Sister Chen's things over there."

"I will arrange for my housekeeper in Hong Kong to pick you up at the airport,"

"Let him take you to my villa in Shi Xun Dao first, and then,"

"I will let Sister Chen's brother to come over to the villa to find you to get things,"

"Then you can directly just give him this suitcase, then you will wait for me at the villa, and I will be there tomorrow."

The reason why Viola said to go to the hospital with Phaedra was that,

She was afraid that her trip to Hong Kong would be in vain,

But since Phaedra said so, which means that she can go to her villa in Hong Kong first,

And the big deal is to wait for her for a day.

Viola actually didn't want to go to the hospital to see an old lady who she had never met before.

For her, this suggestion was meant to kill two birds with one stone without delaying the other.

So, she nodded and said cheerfully, "Okay, then I'll go to Hong Kong with the things to wait for you!"

When Phaedra saw that Viola was hooked, she immediately breathed a sigh of relief, and then smiled and said,

"That's really hard for you, Viola, you can check in all your luggage later,"

"And I'll let the driver pick you up at the airport after you get there."

"The driver will help you with your luggage, so you don't have to be too tired."

“In addition, I will ask the driver to arrange the best spa massage therapist in Hong Kong to wait in advance at the villa.”

“After you arrive at the villa, they will give you a full-body spa for you to relax.”

When Viola heard this, she immediately smiled and sighed:

“Oh, Phaedra, you are so thoughtful in your arrangements, in fact, you don’t need to go to such troubles.”

Phaedra said seriously: “I don’t like this. You have helped me so much, how can I neglect you!”

She patted Viola on the shoulder and said with a smile,

“When you arrive in Hong Kong, enjoy it first,”

“I will let the housekeeper arrange for you to stay in my room in the evening.”

“My room has a Hästens mattress worth more than 1 million yuan,”

“Which is almost the best one can buy in this world. You must experience it well.”

“Okay. great!” Viola listened to the whole details with intent, and said quickly:

“Then it is settled, I will go to Hong Kong to wait for you first!”

“Okay!” Phaedra nodded and said: “Mom’s situation over there is urgent, I will go first,”

“And I will push your phone number and WeChat to my housekeeper over there, and he will arrange it in advance.”

Viola said immediately: “No problem!”

Phaedra handing her suitcase to Viola said gratefully:

“Viola, I leave these things to you!”

Viola said with a smile: “Don’t worry, wrap it on me!”

Phaedra was relieved as she nodded, and then quickly left the lounge.

After she left, Viola laboriously dragged the two large boxes and walked out slowly.

After Phaedra quickly left the airport, she immediately got into a car waiting on the side of the road.

The driver of the car was the accomplice who had been listening to her conversation with Viola on the other end of the phone.

After Phaedra got into the car, he started the car and asked with a smile,

“The one surnamed Ma took the bait?”

“Of course.” Phaedra smiled and said, “As long as I go out, there are few mules that can’t be dealt with.”

The man smacked his lips and said, “How many goods is she carrying this time?”

Chapter 4806

Phaedra said, “More than 5,000 grams are the latest high-end goods,”

“Which are very popular with high-end customers. As long as she can get them through.”

“We can definitely make a lot of money.”

The man asked again: “How much can you share with us?”

Phaedra thought about it and said, “As long as I succeed in getting Viola to take the goods,”

“Whether it is successful or not, there will be 5,000.”

“The hard work of US dollars, if she successfully takes the goods,”

“There will be about 20,000 to 30,000 US dollars.”

“Very good!” The man said with a smile: “After this is done, let’s go to Las Vegas.”

“Just relax and have some fun, dmn, I have been thinking this lately,”

“The hard-earned money was basically spit to the casino this year,”

“And in the second half of the year, I have to let the casino spit it back to me!”

Phaedra said: “You can go to Las Vegas, but don’t just focus on gambling when you get there.”

“Generally, there are too many bad gamblers in that kind of place.”

“You have to find a way to fool a few people to go to Mexico.”

Phaedra sighed: “I heard that Sister Myren’s side is doing very well.”

“There will soon be a successful match going to Mexico for surgery,”

“And an old man will return to China in two days. She will make a lot of money this month.”

The man asked curiously: “How much will she make?”

Phaedra said: "It's not bad, it depends on whether you can match it or not."

"If you have a suitable customer, it is possible to have tens of millions of dollars,"

"And maybe even more. I estimate that Sister Mei can earn at least 100,000 for this order!"

"Fcuk!" The man's eyes got a little red, and he blurted out:

"Dmn, you can earn 100,000 US dollars by cheating one person?!"

"With this business, who the fcuk would go to the airport to deliver mules every day!"

"The airports all over the United States are changing, and I'm tired of running!"

Phaedra said seriously: "When we go to Las Vegas next time,"

"Let's explore the resources in this area and see if we can get one or two orders!"

The man sighed: "I want to go to Las Vegas."

"We have to wait for that Viola to successfully arrive in Hong Kong..."

Phaedra said lightly: "Whether it is successful or not, we will know tomorrow night at the latest."

After speaking, she took out her mobile phone and made a call.

The phone was quickly connected, and Phaedra asked, "Has Viola checked her luggage?"

The woman on the other end of the phone, who was pretending to be a passenger,

Was resting next to the check-in counter of the airline where Viola took the flight.

She seemed to be playing with her mobile phone,

But she was actually watching the check-in counter, waiting for Viola to appear.

Just half a minute ago, she saw Viola dragging two suitcases, so she kept following her movements.

For their group, there are two hurdles to pass through to deceive an amateur to help them carry contraband,

One is the border inspection at the departure point, and the other is the border inspection at the destination.

And she stayed here to watch, just to ensure that Viola arranged the consignment of their goods with her own eyes.

After all, they are also worried about encountering a situation.

They have had this kind of thing before. Seeing that the other party handed over the suitcase,

The mule was greedy and left the airport with the suitcase.

The interface person at the destination waited for the plane to arrive and no one was there.

And finally turned around to check, only to know that it was hacked.

Therefore, since then, Phaedra and others have changed their ways.

They have tried their best to portray themselves as the top rich,

Promising mules various benefits, in order to try to dispel the other party's idea of running away with the goods.

As long as she watched Viola hand over the luggage to the teller for check-in,

It was impossible for Viola to take the luggage back.

The rest was to pray that the border inspector would not find the contraband...

That they had carefully hidden when checking the luggage.

At this time, Viola had already arrived at the VIP counter of the first class cabin.

She handed over her passport. After the check-in service staff retrieved the ticket information,

He immediately asked respectfully, "Ms. Ma, I have a question."

"How many pieces of luggage need to be checked in?"

Viola pointed to the two large boxes, and said lightly, "Both of them must be checked in."

Chapter 4807

The security screening process for checked baggage at the airport is not,

The same as the security screening process for carry-on baggage.

The carry-on luggage is carried by the guest through the security check,

While the checked luggage is sent to a special place for security check,

Through the conveyor belt after the check-in and check-in procedures are completed.

At this time, Viola had no idea what was going to happen next.

After she checked both suitcases, she took her boarding pass and swaggered to the security checkpoint.

And the woman who was watching her nearby, after seeing her check-in,

And her suitcase being sent away by the conveyor belt,

Was relieved and immediately stood up and walked out of the airport.

Viola carried her Hermes, leisurely came to the VIP security check channel,

And immediately enjoyed the warm service of the staff after showing the first-class boarding pass.

While others were still queuing up for the security check,

She quickly completed the security check, and then found a nearby first-class lounge to rest.

At the same time, the two suitcases she checked in were queuing up to pass through the security check machines at the airport one by one.

During this process, if no abnormality is found,

The flight to which the passenger is taken will be released directly.

Once any abnormality is found in the luggage,

The border inspection personnel of the customs will immediately open the luggage for inspection.

Generally speaking, the contraband that is carefully hidden is basically well concealed.

In addition, the risk while leaving the country is far less than that of entering the country,

So this link will be relatively relaxed, and criminals at least have a 50% chance of winning,

And they can successfully pass the exit security check.

However, the entry security check after landing will be much stricter,

Because many countries and regions have strict entry standards,

And some countries do not even allow any fresh fruit,

Even if the fruit brought by the passengers on the plane is not finished when they land,

If there is one apple left, if it is found by the border inspection, it will also be punished heavily.

Therefore, the biggest test is actually in the entry link.

In this link, the odds of winning will plummet to only about 30%.

Combined with the 50% in the first stage, the overall pass rate is actually around 15%.

It is precisely because the success rate is very low that the price of this new type of contraband, in East Asia is surprisingly high.

The price per gram is as high as more than 2,000 US dollars. It is an exclusive product for the super-rich.

As long as Viola can successfully land in Hong Kong this time and pass the border inspection,

The contraband she is carrying will be worth more than ten million US dollars.

At this time, she was sitting in the luxurious first-class lounge,

Drinking coffee while taking pictures and posting in the circle of friends.

Her accompanying text was: "I'm about to leave for my home country,"

"And I'm still a little reluctant to leave as my friend's private jet is being maintained by Gulfstream and now I have to travel First Class."

After editing the circle of friends, she did not forget to specifically block her own family of three.

After posting on the Moments, she leisurely sent a video call to Avella.

At this time, Marven and Avella had already driven out of New York and started to return to Providence.

Avella, who was sitting as the co-pilot, connected the call and asked: "Mom, have you boarded the plane?"

"Not yet," Viola said with a smile:

"I'll have to wait for a while to board the plane, I'm in the first-class lounge!"

Avella reminded: "Then you must pay attention to the time."

"Don't affect the boarding. The boarding will start half an hour before the departure time."

"Go early to save yourself from rushing on your way later."

Chapter 4808

Viola said disdainfully: "Cut that Avella, what are you afraid of,"

"I'm a distinguished first-class passenger if I don't board the plane,"

"They wouldn't dare to take off, besides, they will definitely call my name on the radio,"

"Remind me to get on the plane, and it's not too late to leave at that time."

Avella said helplessly: "Mom if it can be solved in an orderly manner ten or twenty minutes in advance, so why to bother others?"

Viola hummed and said, "Silly girl, do you know that we spent this amount of money on the plane ticket?"

"Otherwise, why is our plane ticket several times more expensive than others? It's all right to cause him trouble."

Avella only felt a big head.

Sometimes, she feels that she and her mother are people from two different worlds,

And she can't find the same communication frequency at all.

Moreover, she also knew that her mother had a very weird mind.

Once her decision maker came up with a certain plan, no one else could say anything to change her decision.

So Avella didn't say more, just reminded: "Then you get on the plane,"

"And you must tell me before the plane takes off, so I can rest assured."

Viola said with a smile: "Okay, okay, I know, you don't have to worry about it,"

"Tell my good son-in-law, you must pay attention to safety when driving, I will hang up first."

After speaking, she hung up the video directly.

After the video hung up, she immediately went to check the Moments she just posted, which made her angry again.

Like the circle of friends posted on the private jet last time, no one liked her at all.

Viola couldn't help scolding and muttering:

"These people just can't see that others are doing better than them! It's boring, really boring!"

Just as she was talking, someone in the circle of friends suddenly gave a like.

When Viola saw it, she almost didn't lower her anger.

Because the person who likes it is Horiyah.

With so many WeChat friends, Horiyah's likes are the least valuable in Viola's eyes.

While depressed, Horiyah suddenly sent a video call,

And Viola couldn't help but have a big head.

At this moment, she even wanted to hang up the video directly.

However, she quickly thought about it: "Anyway,"

"If you don't pretend to be unhappy about this today, it's the same as whoever pretends."

So, she pressed the answer button, looked at Horiyah at the other end of the video,

And said with a fake smile, "Oh Horiyah, what are you doing?"

Horiyah hurriedly said: "Sister, I just got up. I saw in your circle of friends you are coming back to China?"

"So I made a video call to greet you."

Viola asked in surprise: "It's almost night, you just got up?"

Horiyah hurriedly said: "Hey, Sister, you are really a noble person who forgets things a lot."

"You forgot that the time is different. It's still morning here!"

Viola suddenly realized, nodded, and murmured: "How could I forget about this..."

"No wonder no one in the circle of friends gave me a thumbs up, everyone must be sleeping..."

Horiyah said with a flattering smile: "Sister, when are you flying? When are you arriving in Wrestvel?"

Viola said proudly: "The plane takes off in about an hour, but I won't come back to Wrestvel yet."

"Ah?" Horiyah couldn't hide her disappointment and asked her,

"Where are you going if you don't come back to Wrestvel?"

Viola said very proudly: "The air ticket that Marven booked for me happened to be a first-class flight to Hong Kong,"

"And I will stop by to visit Hong Kong for a few days."

"It happened that I have a good sister who kept inviting me to Hong Kong to visit her."

"Staying in Shi Xundao's villa for a few days is really a kind of hospitality."

Horiyah said enviously, "Oh, my mother, Sister! It has to be you! Everyone knows you!"

“You are a good sister, the one who has a private jet as you said in your circle of friends, right?”

“Yes.” Viola was held in the mouth by Horiyah, and her mood immediately became a lot, and she said with a smile:

“They are really powerful, worth billions of dollars,”

“I heard that it is the same as our domestic beverages. Your Majesty is still a distant relative!”

Chapter 4809

Having said that, Viola was already a little complacent, and couldn't help showing off:

“Hey, do you know how rich my friend is, they bought three LM300 in one go,”

“And said she will give me one when the time comes!”

“LM300?” Horiyah asked in confusion: “What is LM300?”

Viola blurted out: “It's the Lexus Bread King, you know, the most expensive van in the world!”

“The domestic price is more than three million!”

Horiyah was dumbfounded: “More than three million yuan to buy a van?!”

“If you spend so much money on that thing, is it not a lot of money?”

“You know nothing.” Viola curled her lips and said contemptuously:

“You have a typical poor man's thinking, you can't understand why the rich spend hundreds of millions of dollars to buy a private jet,”

“So you certainly can't understand why they spend more than three million to buy one Van,”

“There are only seven words in the world of the rich, not the best, but the most expensive!”

After a pause, she said again: “Besides, what is a car worth three million yuan for them?”

“When people's worth of billions of dollars are deposited in the bank, and the interest per day is more than this amount!”

“It's amazing...” Horiyah couldn't help but ask:

“Sister, how can you know such a rich friend, who is worth billions of dollars, that's not equal to tens of billions of RMB!”

Viola said with a smile: “It's a friend I met in the United States.”

“There are many Chinese and overseas Chinese here in the United States,”

“So I met a few friends who are more speculative.”

Horiyah couldn't help but sigh: “Oh! You not only see the world after you have to go out the door.”

“Sister, you can meet such a wealthy person when you go to the United States.”

“The vision and connections of this high society are opened all at once! “

“That's it!” Viola said proudly: “If you don't say that people go to high places and water flows to low places,”

“I will really go out and see the world more in the future.”

Horiyah complimented: “Sister is right! The gap between us is getting bigger and bigger...”

With that said, Horiyah changed the topic and quickly asked:

“Oh, that's right, Sister, when you come back, take me to Chow Tai Fook if you have time?”

“You didn't promise me when you bought Bulgari that you will buy me a Chow Tai Fook to wear...”

Viola smiled contemptuously, and she knew that Horiyah must mention this.

She even knew that Horiyah made this video call, but in fact, it was only for this purpose.

So she said casually: “Oh, don't worry, what I promised will be done.”

For Viola, as long as she leaves the United States and sells the goddess dream that Marven gave her,

It will bring at least 300,000 to 400,000 yuan.

Isn't it more than enough to buy a Chow Tai Fook necklace for Horiyah?

Thinking of this, she suddenly realized that she didn't even have to wait until she returned to Wrestvel to sell it.

She could sell it immediately after arriving in Hong Kong.

After she made up her mind, she said to Horiyah very aggressively:

“Well, Horiyah, you don't have to wait for me to come back to Wrestvel.”

“I'm going to Hong Kong this time, go directly to Chow Tai Fook in Hong Kong. Just buy one for you and take it home.”

When Horiyah heard this, she immediately said excitedly:

“Really?! That’s really great! Thank you so much, Sister!”

Viola hummed and said, “Okay, I’ll hang up if I have nothing else, rest for a while, and board the plane right away.”

Horiyah hung up the video thankfully, Viola locked her phone, and sneered:

“Horiyah, Horiyah, a Chow Tai Fook has made you think about it for so long, you are really worthless!”

While muttering, several American police officers with different skin tones and loaded guns suddenly rushed into the VIP lounge.

One of the Chinese female police officers looked around the lounge for a while,

And immediately locked Viola, then walked quickly to her, and asked coldly, “Are you Viola Ma?”

Viola was a little surprised by the sudden police presence.

She looked at the policewoman with a surprised look on her face and asked, “It’s me, what’s wrong?”

Chapter 4810

The policewoman continued to ask, “I’ll check your personal information with you.”

“You are Viola Ma from Wrestvel, China.”

“This time you’re taking Cathay Pacific flight CX845 from New York to Hong Kong, right?”

“That’s right...” Viola was even more puzzled and asked, “Is there any problem with my flight?”

The female police officer said coldly, “There is no problem with the flight,”

“But there is a problem with your luggage! Please come with us to assist in the investigation.”

Viola hurriedly said: “What can be wrong with my luggage? In addition to personal clothes,”

“There are some local specialties of New York, and I didn’t put anything like lithium batteries in it...”

The policewoman snorted coldly: “Don’t make useless quibbles.”

“There are other passengers here. In order not to affect the flight of others,”

“Please take the initiative to come with me.”

As she spoke, she took out the handcuffs from her waist and warned:

“Listen carefully to what I say, you have the right to remain silent,”

“Otherwise everything you say may be used as evidence against you,”

“And you have the right to ask a lawyer for assistance.”

“Show up at your trial, and if you can’t afford it, we’ll assign one to you, do you understand these rights?”

Viola immediately panicked and blurted out, shouting: “What are you doing!”

“I am a distinguished first-class passenger!”

“Who gave you the courage to come here to arrest me? Besides, what law did I break?!”

The policewoman said coldly: “Viola, as a Chinese, I kindly warn you that this is the United States!”

“Don’t try any form of resistance here, or you will definitely suffer!”

Viola said angrily: “Don’t fcuk me with this, the old lady sits upright and walks right!”

“Wherever I go, I am not afraid of the police, let alone the United States,”

“What if it is the United Nations?! Don’t bluff me here!”

The policewoman obviously lost her patience. She took out her handcuffs and said sharply:

Viola! I now ask you to turn around and put your hands behind your back.”

“You must not resist or run away, otherwise my colleagues may use the equipment on you,”

“Including but not limited to Taser guns, you’d better cooperate!”

Seeing that many people were watching, Viola suddenly felt that her face as a first-class distinguished guest was instantly lost.

In anger she went crazy all of a sudden, causing her to pinch from her waist up and yelled:

“I tell you, don’t do this useless thing with me! I spent so much money on the first-class ticket,”

“Not for the birds of your gang to annoy me!”

“I am about to board the plane and return to China, so stay away from the sensible ones, and don’t delay my itinerary!”

Seeing Viola’s stubbornness, the policewoman shook her head helplessly,

And said to the two male policemen beside her, “Take her away!”

The two policemen listened to Viola’s call for a long time.

Although they didn't know what she was talking about,

They could see that her attitude was very arrogant, and they had been secretly preparing to start.

Now that the policewoman said this, she knew that she had given up communication,

So the two rushed forward immediately, one of them grabbed Viola,

And one hugged and threw her on the wool carpet in the first-class lounge.

Viola dropped like a dog and gnawed sh!t.

Another policeman rushed forward, grabbed her hair with one hand, and pulled it back with force.

Viola screamed in pain, but she didn't care at all and fell to the ground.

Another colleague of his immediately put Viola's hands behind her back with force,

And then handcuffed her tightly.

Viola screamed in pain, shouting hoarsely:

"Killing me! The police are killing me! Come on, help!"

The policeman who held down Viola with one knee blurted out angrily,

"Hey! You shut the fcuk up!"

Viola is someone who has gone to college anyway.

She could hear that the policeman was scolding her and asked her to shut herself up, and she was immediately angry!

She gritted her teeth and scolded: "You let me shut up, I gritted my teeth and I can bear you,"

"But you still fcuking with me here?! Who are you against!"

"Listen to your mother! I'm your mother! How dare you! Clean your mouth and talk to me!"
