

The Amazing Son In-Law Chapter 4811-4820

Chapter 4811

Although the policeman could not understand Chinese,

He could still understand the English mixed in Viola's Chinese and English.

He didn't expect Viola actually said that she is his mother,

And immediately became angry, and deliberately increased a bit of strength on his knees, pressing hard on Viola.

Viola only felt a sharp pain in her body, she could hardly breathe because of the pressure,

And then she heard a click, a sharper pain hit, and a rib was broken by the policeman!

At this moment, Viola burst into a cold sweat in pain, crying and shouting:

"My rib is broken! My rib is broken! Help, I'm dying of pain..."

As she said that, she looked at the policewoman and blurted out:

"Hurry up and stop him, or I will be crushed to death by him!"

"Is this how you treat first-class passengers?!"

The policewoman said coldly, "This is the first time I have met a drug dealer like you."

"Do you think that buying a first-class ticket means you have judicial immunity?!"

Viola was stunned and asked her, "What... what drug dealer?!"

The policewoman sneered: "Still acting stupid here,"

"Our customs officers found more than 180 ounces of new synthetic contraband,"

"That is equivalent to more than 5,000 grams, in one of your checked suitcases, do you know?"

"These high-level contrabands are enough for you to go to jail in the United States and maybe death?!"

"What?!" Viola was frightened for a moment, and blurted out:

"This... how is this possible? I am a law-abiding citizen!"

"How can there be contraband in my suitcase? I have never seen that kind of thing!"

"I don't even know what that kind of thing looks like!"

After she finished speaking, she suddenly thought of Phaedra, and her brain burst with a buzz.

This time, she finally woke up from her big dream and clearly realized what kind of trap she had fallen into.

So she broke down and blurted out: "I... I'm wronged! I was framed and used!"

"It was that b!tch named Phaedra who lied to me,"

"You must investigate to the end and return my innocence!"

Only at this moment did she realize what a shocking scam she had fallen into.

She knew that her luggage was packed by herself, she knows what is in it,

And she had not opened it during the whole process, so there was absolutely no contraband.

Since the police said that contraband was found in one of the two suitcases she checked in with,

It must be the suitcase that Phaedra asked her to help take back to Hong Kong!

Thinking of this, she suddenly realized that Phaedra is not a successful female entrepreneur at all,

Nor is she a distant relative of a beverage king,

She is a complete liar! She worked so hard to deceive her and help her take the contraband out of the country!

Moreover, the police have already said that more than 5,000 grams of contraband are found in the suitcase.

There is no doubt that if it was in China, it would be enough to sentence her to death.

She was extremely regretful and frightened, crying to the policewoman,

"Comrade American police... I was really deceived by a woman named Phaedra Zong,"

"Who asked me to take her suitcase to Hong Kong."

"I have absolutely no idea what's in this suitcase,"

"I'm innocent! You can definitely call the shots for me!"

The policewoman sneered and said, "How much did the other party promise you,"

"And how dare you help others to carry luggage across borders?"

Viola hurriedly said: "I didn't want a penny, it's just for helping friends..."

When she said this, Viola was actually very guilty.

She knew very well in her heart that the reason why she promised Phaedra,

To help with luggage was simply because Phaedra said that she would give her a Lexus LM300 when she comes back,

And she would also take her to spend a few days in Hong Kong.

Chapter 4812

However, Viola felt that these were all verbal promises anyway,

And that she had never received a penny from the woman, so it was impossible for the police to find evidence.

The female police officer glanced at Viola with a little pity,

And then, together with her colleagues, took her to their police station next to the airport terminal.

Because Viola was willing to break a rib, she was crying and screaming all the way,

Hoping to get treatment first, but the policewoman said:

"It's just a broken rib, there is no need to go to the hospital,"

"Our health care doctor will come to you in a while."

"Do a simple fix and then take some oral anti-inflammatory drugs."

Viola cried and said, "You are too lacking in humanitarianism, aren't you?!"

"I'm going to sue you! Oh no! I'm going to sue you, I'm going to sue you,"

"And until you won't pay me ten or twenty million dollars. I'm not finished with you!"

Speaking, Viola remembered one thing and deliberately said loudly:

"A few years ago, a Vietnamese-American was forcibly expelled on your plane,"

"And the Internet said that he finally won 140 million US dollars!"

The policewoman said lightly: "First of all, the incident you mentioned was a dispute between an airline and a passenger,"

"And what you are experiencing now is a criminal case in which the American police arrested a transnational drug dealer."

“Given that, you were arrested and had the intention to resist,”

“Law enforcement officers have the right to use force to arrest you;”

“Secondly, the whole process of our law enforcement is captured by body cameras.”

“If you have any objection to our law enforcement, you can question your lawyer.”

“I believe your lawyer will give you the answer at that time.”

Seeing that her ribs were broken, Viola couldn't scare the policewoman,

And realized that this matter must be very serious.

So her tone softened all of a sudden, and she choked and asked,

“Comrade police... I'm really innocent... How can I prove my innocence?”

The other party said indifferently: “If you want to prove your innocence, the only way is to arrest the other party,”

“And the other party must admit that you do not know anything,”

“So as to prove your innocence. Otherwise, there is no way to prove your innocence.”

“After all, these contraband items were found in your checked luggage,”

“If you can't prove your ignorance, then you can't clear your suspicions!”

Viola panicked and quickly said: “I have a chat record with her.”

“She has been hanging out with me all the time. The chat record can prove my innocence!”

The policewoman shook her head: “If you can unilaterally prove your innocence based on the chat record,”

“Then it's too simple. In the future, all drug dealers will concoct a chat record,”

“And then swagger over to take the plane. If successful, they will make a lot of money.”

“If they fail, they will take out the chat records and say they are innocent,”

“So they don't have to take any risks?”

“Do you think there are so many loopholes in the law for you to drill?”

When Viola heard this, she immediately said eagerly: “Then why are you still standing here?”

“Take the time to catch that Phaedra!!! She just left the airport and must have not gone too far,”

“And if she runs away for a while. She won’t leave New York!”

“As long as you can catch her and interrogate her strictly, I will be able to prove my innocence!”

The female police officer said coldly: “We don’t need you to direct how the police handle the case.”

“Now we have to make a complete statement for you.”

“If you have a lawyer, we can help you notify the lawyer.”

“If you don’t have one, we will give one to you.”

Viola blurted out: “I want to call my family, I want to call my daughter and son-in-law!”

Seeing that Viola wanted to contact her family, the policewoman nodded:

“Okay, you have the right to contact your family and ask your family to arrange a criminal lawyer for you.”

Chapter 4813

After that, the policewoman took out Viola’s mobile phone, handed it to her, and said,

“Remember you can only call your family or your lawyer. Make your choice and plead guilty!”

Viola cried and said, “Don’t you understand people’s words?!”

“I already told you, I was wronged, and I was harmed by others. Where can I get some accomplices?!”

The policewoman said indifferently: “Whether you were wronged or not,

And whether you were victimized or not, it’s not you who has the final say,”

“Nor is it me who has the final say. When the trial begins, everything will be subject to the judge’s verdict.”

Viola glanced at the policewoman angrily, then immediately picked up the phone and called Avella.

Avella received the call, and the first sentence after the call was to ask Viola:

“Mom, have you boarded the plane?”

As soon as Viola heard her daughter’s voice, the grievances and fears in her heart erupted instantly,

And she cried out loudly: “Avella...my good daughter...”

“You must save your mother, or your mother will die in America...”

Avella suddenly became nervous and quickly asked, “Mom, what’s wrong with you?!”

Viola cried and said, “It’s the friend that Sister Chen introduced to me.”

“She asked me to carry for her a piece of luggage to Hong Kong.”

“As a result, before I got on the plane, the police arrested me and said that,”

“A large amount of contraband was found, said to be more than 5,000 grams...”

“Now they have arrested me and crushed one of my ribs...”

“Now they want me to hurry up and notify the lawyer... What should I do...”

Saying that, she cried helplessly: “Avella, tell Marven quickly,”

“And ask him to find a good and reliable lawyer for your mother,”

“And you can’t let her go to jail in the United States!”

“What?!” Avella felt dazed, and suddenly became distracted, looked at Marven quickly, and said terribly,

“Husband... Mom she... She is caught by the police...”

“The police said that they found a lot of contraband in her luggage.”

“And she even broke a rib... What can I do...”

In fact, Marven had already heard what Viola said on the phone.

At this moment, he immediately recalled that before,

It seemed that something was wrong with Sister Chen’s family.

Now, it seems that her family is just an actor who cooperated with her performance.

The characters of successful people and enthusiastic overseas Chinese were nothing more than characters created to deceive compatriots.

And the fundamental reason why Sister Chen has always been very enthusiastic,

...about Viola was that she wants to use her to transport contraband to Hong Kong.

Avella was already panicking at this time. She couldn’t help shedding tears and asked Marven:

“Husband...what should I do now...The police said they would ask Mom to hire a lawyer, or they would assign one...”

Marven nodded and said, “Tell mom not to talk nonsense inside.”

“I’ll ask my client in the United States for help and arrange for an experienced lawyer to go there.”

Avella hurriedly asked: “Husband, are your clients in New York specialized in this area?”

“Do they have the resources in this area?”

Marven said seriously: “Don’t worry, she is still a bit powerful in New York.”

“It should be no problem to arrange a good lawyer.”

“It must be much stronger than the public lawyer arranged by the police.”

Avella hurriedly said: “Then you quickly call your client and ask her to help me...”

“Mom said that the police told her that if this matter can’t be cleared of suspicion,”

“I am afraid she will be sentenced to life imprisonment. “

Marven said very calmly: “This kind of thing can’t be rushed, you just need to remember one thing,”

“It’s definitely impossible for Mom herself, knowing that it’s contraband and carrying it on purpose,”

“So as long as you can prove this, you can prove it she is innocent, so there is no criminal consequence for her.”

Chapter 4814

When Viola on the other end of the phone heard Marven’s words,

She cried and said, “Good son-in-law, it is exactly what you said,”

“But the key is that if they can’t catch them, I’ll be dead without proof...”

Marven said, “Mom, you don’t have to worry or be afraid,”

“This matter will definitely be resolved satisfactorily, but it may be a little troublesome,”

‘And you will have to be patient during this time.’”

Viola cried and asked: “Save me, good son-in-law! Mom is so scared!”

‘If this is not done, Mom will be imprisoned for life...’”

“I have been in the detention center, it’s too scary... “

Marven said seriously: "Don't worry, Mom, I promise you will not be sentenced to life imprisonment."

"This matter will be resolved before Avella graduates, and you will be able to return to China with us."

Viola hurriedly asked, "Good son-in-law, are you telling the truth?"

"It's only half a month that Avella graduates and returns to China..."

Marven hummed and said, "Don't worry, I will definitely do what I say!"

Hearing Marven's firm tone, Viola's nerves tense due to fear finally eased a little.

She cried and said, "Good son-in-law, Mom will depend on you for the rest of her life.."

"You...you must not break your promise..."

Marven said indifferently: "Mom, after this incident, I hope you can have a long memory."

"Never trust others casually, and don't just think about petty cheap things every day,"

"Or you will end up suffering a big loss because of it."

On the other end of the phone, Viola nodded and choked like garlic:

"Don't worry... As long as I can regain my freedom this time,"

"Even if you put gold and silver in front of Mom, your Mom will never be greedy. ..."

Thinking of this, she recalled that she was arrested by the police for stealing Marven's bank card.

She had already learned a lesson once, how can she be fooled this time...

How could Marven's card be worth tens of billions?

In the same way, how could someone who just met give her a car for millions of dollars?

Her car, and inviting her to go to her villa for a vacation?

"Why can't she have a long memory for such an obvious impossibility..."

Marven also heard Viola's remorse, so he said lightly:

"Mom, don't tell them anything first, I will arrange a lawyer within an hour,"

'And let the lawyer come over to help you solve this matter.'

“Okay, okay!” Viola heard Marven say that he would be able to get a lawyer to come over within an hour, and said quickly,

“It has to be my good son-in-law, who can have such a strong influence in New York in a place where the emperor is far away! “

The policewoman beside her said at this time: “Okay, the call time is up, give me your phone.”

Viola had no choice but to nod, and when she was about to hand over the phone,

She didn’t forget to say loudly, “Good son-in-law! Mom is counting on you!!”

The phone was then hung up by the policewoman.

On this side, Avella cried and asked Marven, “Husband, what are you going to do next...”

Marven said lightly: “I’ll take you back to Providence first, tomorrow is Monday,”

‘And you still have classes, so you can take your classes at school these few days.”

‘I’ll come to New York to solve the matter on Mom’s side. .”

Avella choked and said, “In this situation?”

“I’m not in the mood for class... Let’s turn around and go back to New York...”

Marven said very seriously: “Avella, let me tell the truth, listen to me.”

Avella hurriedly said, “Husband, you say it...”

Marven said with a serious expression: “You can’t help mother with this matter,”

“And if you follow me in New York, it can’t have any positive effect other than causing trouble.”

After a pause, he said again: “Instead of doing this,”

“You might as well go back to Providence and focus on taking care of your courses.”

‘When I go back to New York alone, I can really let go of my hands and feet to solve this matter,”

“Otherwise, If I fail to work hard on this matter, Mom will probably spend her whole life in prison in the United States!”

Chapter 4815

For Marven, it is not difficult to solve this matter, but it is by no means easy to solve it satisfactorily.

The crime that Viola is now suspected of is a felony among felonies in any country and region in this world.

And, because of the sheer amount of contraband, she was carrying,

It is punishable by death in many countries.

If in this matter he can catch all the black actors behind the scenes,

Then Viola can truly and legitimately be cleared of suspicion,

Otherwise, he can only use special means to get her out of prison.

But in that case, Viola is equivalent to having an international criminal record on her back,

And it will be really troublesome in the future.

In order to solve such a group of criminals who specialize in harming innocents,

Some extraordinary means must be used. If Avella keeps following,

Not only will he be tied, but he will also devote extra energy to take care of her and protect her.

So for him, the best solution is to let Avella stay in Providence alone and solve Viola's problem in New York.

Moreover, Providence has always had female guards from Front on call at all times,

So he doesn't have to worry about Avella's personal safety at all.

Avella couldn't help but feel a little scared when she heard Marven's words.

Not only was she afraid that her mother would be trapped in the prison and could not get out in the future,

But she was also afraid that if she followed Marven, it would really affect his plan to rescue her mother.

After thinking about it, in order to ensure that her mother can escape safely,

Avella had no choice but to nod and choked: "That's Okay... Then I'll wait for your news in Providence..."

Saying that she looked at him and said pitifully,

"Husband, for my mother I have to ask you... I beg you to save her..."

Marven nodded and said softly, "Wife, don't worry, Mom will be fine with me."

After speaking, he instructed again: "Wife, don't tell anyone about this,"

"Not even Dad. If Dad asks, you can say that she went out with a tour group recently,"

“But I think Dad wouldn’t ask about her situation,”

“And he probably wouldn’t even think about it as he is busy doing exchanges in South Korea.”

Avella also knew the specific situation of her parent’s relationship,

So he sighed helplessly, and said, “Dad really can’t count on him.”

“He went there and not communicating this time, maybe there is that Aunt Han...”

“The two of them had a relationship earlier. The story, and then the eyebrows...”

Marven hurriedly said: “Okay, now is not the time to discuss them.”

“The most urgent task now is to find a way to get Mom out of this matter.”

“Yes...” Avella nodded hurriedly and said, “Husband, hurry up and ask your friend for help,”

“Let the lawyer go over and take a look...”

“Okay.” Marven nodded, took out his mobile phone, and called Douglas Fei.

The reason why he didn’t call Stella was that his wife is by his side,

And he always felt that more things were better than fewer things.

Douglas didn’t expect that Marven would call him.

He was a little flattered and answered the phone, and asked,

“Mr. Ye, do you have anything to say to me?”

Marven said politely, “Mr. Fei, I need your help as I have encountered something.”

Douglas hurriedly said: “Mr. Ye, please say it! As long as I can do it, I must do it!”

Marven said briefly: “My mother-in-law was used by a group of people.”

“Without knowing it, she was found out of the customs at JFK Airport in New York with contraband,”

“And now she has been arrested by the police over there.”

“I need you to help me find the best criminal lawyer in New York and have him rush over within an hour to find out.”

Hearing this, Douglas was stunned.

He really couldn't imagine who would provoke Marven's head without fear of death.

Chapter 4816

However, he quickly regained his senses and said very seriously:

"Don't worry, Mr. Ye, I'll let the best law firm send the best criminal lawyer there!"

Marven said with a gloomy expression: "One more thing, my mother-in-law said that her rib was broken by the police."

"I think that since it is a civilized society now, even the worst criminals should be tried by the court."

"Rather than facing the abuse of lynching by police, what's more, my mother-in-law was used by others."

"Even if the matter has not been investigated, she is only a suspect and should not be treated like this,"

"So I hope that the lawyer you arranged can help her get justice."

When Douglas heard this, he immediately assured:

"Don't worry, Mr. Ye, I will definitely handle this matter for you!"

Marven hummed and said, "Then I will thank Mr. Fei in advance!"

Douglas said with some trepidation: "Mr. Ye, don't be so polite with me."

"It's an honor to be able to share your worries with you!"

Marven said indifferently: "I won't say more if you are asking me not to be polite,"

"I have to take my wife to Providence first, and then return to New York,"

"It will take at least four or five hours, so I have to trouble Mr. Fei to arrange a helicopter,"

"I'll send you a location later, you can ask the helicopter to pick me up directly at the location,"

"Take my wife back to Providence first, and then take me back to New York."

"No problem! I'll make arrangements here!"

Avella couldn't hear Douglas's voice on the other end of the phone,

But just listening to what her husband said, she couldn't help being a little horrified.

When Marven hung up the phone, she hurriedly asked, "Husband... Who were you talking to..."

"Not only can he find the best criminal lawyer in New York,"

“But he can also send a helicopter to pick us up?!”

Marven said with a smile: “This old gentleman has always wanted to ask me to adjust Feng Shui for his old house,”

“But I haven’t agreed to him yet. It’s not like this happened,”

“So I’d to ask him for help first, it’s a big deal.”

“After the matter is over, I will show him Feng Shui for free.”

After speaking, Marven said again: “As for lawyers and helicopters,”

“It’s really nothing. In places like the United States, the best lawyers are in law firms.”

“They will serve whoever has the money. My client is really strong.”

“So, it’s definitely not a problem to find a lawyer, and helicopters are even less important in the United States.”

“Many rich people have their own helicopters and fly around every day, which is not a big deal.”

Avella nodded lightly and sighed: “With someone like this to help, the success rate of things can be expected to be higher...”

Marven smiled slightly and comforted: “Don’t worry, about this matter.”

“I guarantee that mom will suffer a little at most, and there will be nothing serious,”

“And it is also a good thing for her to suffer a little.”

“With her character, if not given a lesson, maybe she can bring the atomic bomb into the airport next time.”

“Hey...” Avella sighed and said helplessly: “Her character is really not suitable for going out,”

“And it is easy to get into trouble when she goes out...”

“If this time there is a safe past, it would be good for her to learn a lesson. ...”

Marven nodded and comforted: “Wife, just be careful, your husband will be able to get Mom out safely.”

“You know me. When did I promise something I couldn’t do?”

What Marven said made Avella a lot firmer in her heart.

She looked at him, nodded solemnly, and said sincerely, "Husband... I'll leave everything to you..."

Chapter 4817

Marven found an open place to stop the car,

And after sending the location to Douglas, he continued to appease Avella.

After Avella's mood stabilized a lot, the helicopter arranged by Douglas also arrived too.

The person who came was Douglas's housekeeper.

After the helicopter stopped, he opened the cabin door and got out, and said respectfully to Marven:

"Mr. Ye, our master ordered the helicopter to take you and your wife back to Providence,"

"And I will drive your car for you. Are you going to New York or Providence?"

Marven thought about leaving the car to Avella, maybe she still needed something to move around,"

"So he said to Douglas's housekeeper: "Help me bring my luggage to the helicopter first,"

"And then help me drive the car to the Hilton in Providence, just give the key to the front desk."

"Okay!" The housekeeper nodded, and quickly and,

One of his subordinates took the luggage out of Marven's trunk and sent it to the helicopter.

Marven immediately took Avella to the helicopter,

The helicopter restarted, and after taking off, it roared towards Providence.

More than half an hour later, the helicopter stopped directly on the helipad on the roof of the Hilton Hotel.

Marven took Avella back to the presidential suite first,

And told her not to worry or run around alone.

Avella knew that at such a time, what she had to do was to try not to cause Marven any trouble,

So she agreed without hesitation.

After Avella was settled, Marven returned to the roof and rushed back to New York by helicopter.

When Marven started to rush back to New York,

James White, the most authoritative chief criminal lawyer of the Cravath law firm,

And the most authoritative chief criminal lawyer in the United States,
Hurried to JFK International Airport with his two assistants.

This lawyer has always been the number one enemy of the police.

The reason is mainly that his business ability is too strong,

So strong that sometimes even if there is sufficient evidence to prove that the suspect is guilty,

He can dig out a piece from the details of the police handling of the case,

And let the police beat their chest and feet. Thus making all the police's efforts in vain.

There are times when he lets convicted murderers swagger out of court.

Whenever this happened, the police would hate him to the core.

However, this is the power granted to the suspect by American law.

Once his lawyer seizes the loophole, even if the whole world knows that he is guilty,

It will not prevent him from being acquitted.

It is precisely because of this that James has almost become the best lawyer for the rich and wicked to clear their crimes.

And his legal fees have also risen, and his appearance fee should start at least one million dollars.

If it is a long-lasting big lawsuit, the proceeds may exceed ten million dollars.

Because James has repeatedly embarrassed the New York police,

The policemen gave him a nickname and privately called him Mad Dog White.

...

At this time, the police officers who arrested Viola agreed that this woman must be an unlucky person to be used.

However, they are also very clear that according to the law,

As long as the real behind-the-scenes mastermind cannot be caught,

Even if she is really being used, it will be difficult to prove her innocent,

And the final result will definitely be sentenced.

Chapter 4818

Moreover, these police officers also despised the strength behind Viola.

They always felt that such an exaggerated shrew, and a foreigner,

Could not have a strong background in the United States.

So, they only left two Chinese police officers to take notes for Viola in the interrogation room,

While the others ordered a bunch of coffee, French fries, fried chicken, and pizza,

And ate supper in the lobby of the police station.

Everyone is very happy at this moment because they have successfully cracked a very important case of smuggling contraband,

And the latest type of synthetic contraband is involved, worth over 10 million.

They have reported the case to the New York City Police Department as soon as possible,

And the chief of police called them to congratulate them,

And said that they should hurry up to get the transcript,

And then report the matter to the media, and then let the media come over to interview one more time. Wheel, good report.

This is a good opportunity for the police officers of the airport police station to show their faces.

So everyone is very excited at the moment, even if some people have arrived at the end of getting off work,

They still decide to stay here and celebrate with everyone.

Among them, there is the policeman who crushed Viola's ribs. His name is Jimmy Wayne.

He was eating a slice of pizza at this time, and said with a sarcastic expression:

"This woman is probably going to be finished this time. When her transcript is clear,"

"We will report it to the New York City Police Department. According to her confession to arrest her upline,"

"The time in between is enough for her upline to run to the moon,"

"These people have long been experienced, repeat offenders,"

"And they will definitely not be able to catch any of them by then."

Another policeman said with a smile: "This woman is involved in up to five kilograms of contraband,"

"And the judge will definitely not allow bail. If we can't catch the culprit,"

"She will definitely be sentenced to life imprisonment without parole. She'll never go out again."

A previous colleague who followed him said to Jimmy Wayne:

"Jimmy, you were too ruthless just now, this woman is old enough, in case you break a few of her ribs, it may be fatal."

Jimmy said cursingly, "That b!tch claims to be my mom, and I've restrained myself without punching the sh!t out of her!"

The man said seriously: "In the future, you should try to control it as much as possible."

"You know about Minneapolis. In this case, it's better to be cautious,"

"And you have to be careful, in case her lawyer finds out, You will most likely be sued at that time."

"Sh!t." Jimmy said disdainfully: "I don't think this woman can do anything at all."

"She is a Chinese, and she can't hire any great lawyers in New York."

"If it is those assigned public welfare Lawyers, I have 10,000 ways to shut them up."

As he spoke, he said proudly: "Teach you an experience, this kind of person likes to make himself very strong as soon as he comes up,"

"And tries to shock the other person as soon as he comes up, but in fact,"

"The more you deal with this kind of person, The more you have to be tough enough,"

"You even have to find a chance to use some violent means."

"As long as you let her know that she kicked the iron plate,"

"She will immediately become more honest than a pug!"

"Next time you give her a little face, she will wag her tail attentively at you!"

The crowd burst into laughter.

At this time, the door was pushed open, and a middle-aged man who was a little fat walked in with a smile on his face,

And said loudly as soon as he entered the door:

“Guys, my wife and I just ordered a battle at the steakhouse.”

“Axe steak, before I can eat it, I heard that you have solved a big case, you have done a good job!”

When everyone saw the sub-bureau coming, they all became elated.

One of them asked, “Director, when will you arrange a celebration dinner for us?”

The sub-chief smiled and said,

“I’ll congratulate you after the city police station informs the media and reporters come to interview!”

The crowd immediately cheered.

The branch chief asked, “Where is the suspect now?”

Jimmy said quickly: “Director, the suspect is giving notes in the interrogation room.”

The sub-commander nodded and was about to speak when he suddenly heard a harsh screeching sound of brakes.

Everyone followed the sound and saw a black Mercedes-Benz Maybach limousine suddenly stop at the door of the police station.

A policeman near the door raised his eyebrows, whistled, and blurted out excitedly:

“Guys, it seems that a big man has arrived!”

Chapter 4819

The sub-commander looked out the door at this time, and when he saw Maybach, stopped at the door.

He immediately stood up straight, and while sorting his clothes, he said with a smile,

“Are the leaders of the city police here? Or maybe the councilor is here?”

“Guys, get your clothes sorted, and as soon as the big shots arrive,”

“Maybe the media reporters will be there too!”

Everyone was immediately excited, and one of them said quickly,

“Quick, quick, clean up the food on the table, don’t let the media take pictures!”

The people inside were excited and busy.

The co-pilot of the Maybach outside also got down at this time, a young man in a suit.

After he got out of the car, he hurriedly walked to the back row and opened the rear door.

Immediately afterward, a middle-aged man with gray hair,

A tall and straight body and a grim face stepped out of the car.

When everyone in the police station saw him, they were dumbfounded.

One of them said in a panic, "Holy Sh!t! It's Mad Dog White!"

When everyone recognized the famous mad dog White, they suddenly became nervous.

The branch chief immediately frowned and said,

"What is this son of a b!tch Mad Dog White doing here?!"

"Yeah..." Jimmy Wayne was also a little puzzled, and couldn't help but say:

"This ba5tard only serves the richest people, why did he come to us?"

The policeman who persuaded Jimmy to restrain himself in the future frowned and said,

"Jimmy, Mad Dog White, isn't that the lawyer hired by this woman inside?"

Jimmy said contemptuously: "Just for her can you hire Mad Dog White?!"

"Someone who can hire Mad Dog White at least ranks in the top 100 among the rich in New York,"

"What is the concept of being in the top 100 in New York?"

"Don't even think about the worth of more than ten billion US dollars!"

"Is that stupid woman in there worthy of hiring the mad dog White?"

Just after finishing speaking, the young man in a suit outside had pushed open the door of the police station.

The powerful James White stepped in, adjusted his tie with one hand, and said coldly,

"Which of you is the person in charge? I want to see my client, Ms. Viola Ma."

As soon as these words came out, all the police officers on the scene took a deep breath!

Jimmy was dumbfounded. He never dreamed that the mad dog White,

Who had been on the line with the New York police countless times by himself,

And who had beaten the New York police so helplessly, was really Viola's attorney...

At this moment, he was so frightened that his whole body was soaked in a cold sweat,

And his legs were almost paralyzed.

Everyone here knows that he broke Viola's rib by himself.

Once this falls into Mad Dog White's hands, his future may be ruined!

Even if it doesn't work well, he may face jail time!

The sub-director was also stunned at this time.

He had listened to the report of his subordinates before he came.

The person who was arrested this time was just a Chinese tourist to the United States.

She entered the United States on a tourist visa about a week ago.

For such a person, how could it be possible to get Mad Dog White as an attorney?

However, he was not allowed to think too much, because the mad dog White was extremely aggressive,

Not to mention a little shrimp-like him, even the chief of the New York City Police Department,

Has always been passive in front of him.

So, the branch chief immediately stepped forward and said,

"I am the person in charge here, let me introduce myself, my name is..."

Chapter 4820

Before the director could say his name, James said coldly,

"I don't need to know your name, I just need to see my client, right away!"

"Okay, okay..." The sub-director nodded quickly and said to his subordinates,

"Quick, take lawyer White to see the suspect!"

The subordinate did not dare to delay, and immediately said, "Mr. White, please come with me."

James walked to the interrogation room with his assistant.

As soon as the police opened the door, James immediately said to the two police officers in charge of the interrogation:

"Hey, the interrogation is over. I want to communicate with my client privately, please leave."

The two police officers in charge of the interrogation recognized James at once.

The two were too shocked to speak. The colleague who opened the door quickly said,

“Come out quickly and let Mr. White talk to his client in private.”

The two nodded quickly, picked up the transcript, and ran out the door.

James said to the policeman next to him: “My client doesn’t understand American law,”

“Plus she doesn’t speak the language, and she hasn’t seen her lawyer,”

“So if your transcript has any threatening or inducing elements,”

“It’s better to invalidate it. Don’t let me catch anything,”

“Otherwise, I will definitely challenge it in court!”

Several people suddenly felt a little pressure.

To all the police, James is like the most critical marking teacher behind an exam.

Sometimes you think you have answered flawlessly, but in his hands,”

“You can still find some small problems and that will be used to reject all your efforts.

Therefore, several people were also very nervous at this time,

Especially Viola has a broken rib. When James came, he immediately made this matter extremely passive.

Viola also vaguely heard that this hard-spoken man should be the lawyer that her good son-in-law found for her.

She suddenly felt that she had met a savior, so she cried out excitedly, and said loudly:

“Help, lawyer, police officer hit me and broke my ribs!”

When the two Chinese police officers heard this, they immediately broke down in a cold sweat.

In order to cater to a top Chinese family like the Fei family, James has long learned fluent Chinese.

So when he heard this, his expression immediately became extremely angry, and he roared coldly:

“You hurt my client, which itself is a serious violation of the law and the police’s law enforcement regulations,”

“But even so, you guys didn’t send my client to the doctor in time,”

“And instead continued to harshly interrogate my severely injured client here.”

“This is simply inhumane! I want to check your law enforcement recorder at the time,”

“And immediately report to your superior unit for suing!”

All the police officers present panicked.

The fact that the suspect was injured was not easy to explain.

After all, Viola did not attack the police, nor did she make huge efforts to resist the law.

Jimmy had already subdued her at that time, but he deliberately crushed her ribs after subduing her.

This is obviously subjective and intentional. No matter how you wash it, you can’t wash it clean.

Jimmy was outside the door at this time, and he was trembling with panic,

When he heard James’s high-pitched questioning inside.

The little policeman has a serious disparity in the status of the big lawyer,

Not to mention that he himself has made mistakes first.

At this time, he was completely indifferent and didn’t know what to do.

The sub-director did not dare to make a big deal of the matter at this time, and hurriedly said:

“Mr. White, this lady was injured mainly because of some friction in the process of law enforcement,”

“And our people checked her injury and thought there is nothing serious.”

“Just need to take some oral medicine later...”

James asked in a cold voice: “Any of you qualified to practice medicine? Including you, the distinguished Director!”

“This...” The branch chief said embarrassedly:

“We are all police officers, not qualified to practice medicine...”
