

## The Amazing Son In-Law Chapter 4841-4850

### Chapter 4841

Jason, who had been quietly smugged in his heart about Georgina's fate at the last second,

Collapsed and lost consciousness in an instant because he couldn't stand the sudden blow.

Jimmy hurriedly helped Jason, who was unconscious and fell to the ground, to get up.

While pinching the person, he said helplessly:

"Uncle, didn't you think clearly when you persuaded Aunt Mei just now?"

"What's the matter? It won't work when it comes to yourself..."

Seeing that Jason was unconscious, Georgina's mood seemed to have eased a little in despair.

It's like when a person falls into an abyss and is desperate, suddenly another acquaintance jumps down.

This gave her some consolation in her heart.

So, she opened her mouth and said to Jimmy, "What's the use of pressing him so hard?"

"You can't wake him up even if you pull the front teeth off, so hurry up and pour some water on him!"

Jimmy looked at Helma, who was beside him, and blurted out,

"Go get water from the car, what are you doing here!"

Helma on the side was also in a hurry,

And hurried back to the car to get a bottle of water and handed it to Jimmy.

Jimmy poured water on Jason's head and face, which then woke Jason from the coma.

As soon as Jason opened his eyes, he cried out in grief:

"god don't have eyes! You are killing me!"

Georgina glanced at him and said coldly, "I won't speak any more nonsense."

"The most important thing right now is to make money first, and let the rest go."

Saying that Georgina didn't wait for him to respond, and said to Jimmy,

"You will drive and let him rest in the back."

Jimmy nodded hurriedly, then helped Jason up and said,

“Uncle, I’ll help you to sit in the car.”

Jason got into the car in despair, and then Jimmy got into the driving seat,

And started the car to continue driving towards the US-Mexico border.

After the car drove out, Georgina in the co-pilot said coldly,

“The more I think about this, the more I feel that something is not right.”

Jimmy asked her, “Aunt Mei, what are you saying is not right?”

Georgina said, “If it’s just my family that’s in trouble,”

“Then it’s possible that a large number of unidentified assets have attracted the attention of the police,”

“But Xu’s house is thousands of kilometers away from my house,”

“And it makes no sense that his family has an accident too.”

“I suspect that there is some kind of inevitable connection behind the situation of the two families.”

Jason, who was sitting in the back row, blurted out,

“Sister Mei, are you saying that the police in China already know our true identity?!”

For the Front, if they can find information about Georgina,

They will naturally find out the background of Jason as well.

Jason is actually not his real name.

His original name was Kaiden Xu, and unlike Georgina,

He was tricked into northern Myanmar to commit fraud a few years ago in order to make a living.

However, because of his love of drinking all year round, his brain reaction speed is a little slow,

His mouth is stupid, and because he is not very skilled in business,

He did not make any money in northern Myanmar and was almost cut off his waist.

In the original words of the boss in northern Myanmar at that time,

Such waste not only can’t create any value but also wastes food.

Only by cutting his waist can the cost be recovered.

At that time, he happened to know Jimmy, who just turned 20 and couldn't survive in northern Myanmar.

They were afraid that one day their waists would be cut off,

So they worked hard to escape from the devil's cave and came out.

After escaping, the two did not dare to return to China,

So they found a way there and smuggled to the United States.

Different from Georgina, she smuggled herself by paying money to the smugglers to bring her over.

#### **Chapter 4842**

But Kaiden and Jimmy were penniless when they ran out,

So in order to escape, they had to sign a usury agreement with the black-hearted snakehead.

The cost of smuggling from northern Myanmar to the United States is 15,000 U.S. dollars, paid in installments,

With principal and interest, and a total of 30,000 U.S. dollars in the smuggler's head.

The snakehead was not afraid of them running away at all,

Because he did not take them directly to the United States, but to Mexico first.

Anyway, as long as you get on the smuggler's boat,

Just like the slaves in old times, life and death are beyond your control.

Those who are obedient can live until the boat docks,

While those who are disobedient have stones tied directly to their feet,

And are thrown into the sea on the spot to sink to the bottom.

The two managed to escape with great difficulty,

And they dared not to obey, so they followed the boat all the way to Mexico.

After disembarking in Mexico, the two were forced to stuff several packs of contraband into their rectums there,

And then traveled from Mexico to the United States with the fake identities provided by the smugglers.

According to the price of the snake head, a discount of 3,000 US dollars for one shipment was fixed.

And only by following the instructions honestly and earning money to pay off their debts, they were able to regain their freedom.

Otherwise, the gangs who cooperate with the smugglers could have made them go to the wilderness at any time.

The two were helpless and could only do as they were told.

In two months, he ran back and forth ten times before he regained his freedom.

At that time, it was Georgina who was in charge of arranging for them to enter and leave the border and pick up the goods on the US side.

She had already made a few names at that time,

And met an Asian elder who specialized in dumping contraband from Mexico to the United States and around the world.

Since then, she has become a “carrier” who specializes in helping the other party to transport goods.

Later, she waited for the two after they paid off the debt they owed to Snakehead, she then simply incorporated them both.

Although Georgina did all kinds of evil to the outside world,

She also knew the importance of team stability, so when the three followed her, she did not treat them badly.

Kaiden works relatively hard, and he has made some orders himself,

So he has earned at least two or three million US dollars in these years.

Jimmy is young and is not easy to fool into middle-aged and elderly people,

So his income is relatively low, but even so, he has earned millions of dollars over the years.

As for Helma, who played his wife, she was recruited by Georgina just a few years ago,

Because she was the most marginal in the team and didn't make much money.

At this time, Kaiden was even more flustered.

He is afraid that not only his assets will be seized,

But even criminal evidence may be grasped by the domestic police.

If that's the case, it's impossible for him to go back home again in this life.

So, he asked Georgina in a panic: "Sister Mei, you said that we have never committed any crimes in China,"

"And we have not been going back very much recently. How could the police find us?"

Georgina said in a dignified and cold voice: "It's not necessarily that the domestic police found us,"

"And as you said just now, we have never broken the law in China,"

"And those who were tricked by us to take goods back to China also don't know our real identities at all,"

"So in the eyes of the domestic police, we are transparent people."

Kaiden couldn't help but ask, "Sister Mei, what do you think is going on here?"

"Why did the domestic police find our family so precisely?"

Georgina said with a stern expression:

"I think this matter must have been reported to China by someone from the United States!"

"Report from the United States?!" Kaiden blurted out:

"We didn't offend anyone in the United States! Besides, Sister Mei,"

"I've known you for so many years, and I don't know anything about your family situation."

"It is estimated that you are not very clear about mine,"

"Now, who can provide our information to the domestic police so accurately?!"

Georgina shook her head and said with a very gloomy expression:

"I don't know about this either, but I always have an intuition..."

Kaiden hurriedly asked, "What intuition?"

Georgina said, "I think this matter has something to do with that Viola!"

Chapter 4843

"Viola?!"

When Kaiden heard this, the whole person was stunned.

Immediately, he asked incredulously: “Sister Mei, do you mean that Viola reported us?!”

“She... she doesn’t know our true identities!”

Georgina said with a serious expression:

“I think that the accident with our family is inseparable from the arrest of Viola,”

“Maybe it’s because of her, but if you ask me to show substantive evidence, I have no clue.”

Jimmy on the side said quickly: “Aunt Mei, I think that Viola is an old hanging silk.”

“She can’t be so easily fooled, she must not have any great ability.”

Helma also echoed: “Yes, Aunt Mei, Viola doesn’t look like someone with real skills.”

Georgina said coldly, “Do you remember her son-in-law?”

“Remember him.” Jimmy said, “Isn’t that the kid named Ye, what was his full name Ye, Charlie Ye?”

“Yes, it’s him!” Georgina nodded heavily and said coldly,

“Thinking about it now, I think that kid seemed unusual!”

Helma tilted her head to think for a moment, then said,

“Auntie, aside from being handsome, there doesn’t seem to be anything unusual about that kid, right?”

Georgina said with a solemn expression: “I can’t tell you the specifics, it’s just an intuition.”

As she said that, she suddenly remembered something,

Took out the mobile phone she used to keep in touch with her family, and quickly flipped through something.

After looking at it for a long time, she said with a puzzled expression,

“Strange...how come there is no movement at all...”

Jimmy asked curiously, “Nothing at all, Auntie, what are you talking about?”

Georgina blurted out: “Viola’s arrest has not been reported by any media so far.

This time she was arrested carrying more than five kilograms of goods,”

“Which is a big case wherever it is placed, and there are so many news stories in New York.”

"In the media, this kind of thing will be reported as soon as possible, but why can't I find any news reports at all?"

Jimmy hurriedly asked, "Auntie, what keywords did you search with?"

Georgina said: "I searched for the keywords of JFK airport, seized, and contraband,"

"But all I found are previous news, and there is even a report in which less than 50 grams of contraband was found."

"If 50 grams are worth reporting, why not five kilograms?"

Jimmy frowned and murmured: "It's really a bit strange to say that..."

"According to the customs and the police's personalities,"

"If such a big case is found, one would wish the whole world would know about it."

Georgina said very seriously: "This matter must have been suppressed artificially,"

"And I think the manipulator behind the scenes should have something to do with Viola!"

After speaking, Georgina said again: "I understand Viola's situation."

"As you said, she is just an old hanging silk, she can't have any real skills,"

"And she is stupid to teeth, so the biggest suspect is her unassuming son-in-law!"

"fcuk..." Jimmy smacked his lips and blurted out,

"Should we tell the above and let them check the kid with the surname Ye?"

Georgina shook her head and said, "If he is really behind the scenes, then his strength is absolutely terrifying."

"You must know that he can not only suppress such big news in the United States,"

"But also can find out my and Kaiden's family's situation and report to the police;"

"Moreover, there is a very important premise here, that is,"

"He must have full details of the real identities of me and Kaiden,"

"So this means he could find out our family members through our real identities,"

"And he could do that in a short period of time."

“Finding the true identities of the two of us, the energy behind this, may be far beyond our knowledge...”

Chapter 4844

Jimmy suddenly remembered something at this time, and suddenly said:

“That’s not right, Auntie! If Viola’s son-in-law really has such a strong strength,”

“Then Viola can’t be fooled by us. With her character, her son-in-law is not like her.”

“If he is really so powerful, her tail would have been up in the sky long ago,”

“And it would have been impossible to trick her at all.”

Georgina said very firmly: “This can only show one thing, that is,”

“The idiot Viola has no idea what kind of person her son-in-law is!”

When Kaiden heard this, he blurted out: “If only there was a chance to tie up that Viola!”

“I don’t care what her son-in-law came from if she doesn’t spit out the money to be seized in my house,”

“I will slap the fcuk out of her and stab her to death!”

Georgina said coldly: “Kaiden, I advise you to stop dreaming.”

“If her son-in-law wants to get her out of prison, he must want to catch us.”

“That kid was able to find out our identities so quickly,”

“We will have to be very fortunate in the future to stay out of his claws...”

“Ah?!” Jimmy’s face turned pale with fright, and he blurted out,

“Auntie, what should we do now?!”

Georgina blurted out, “It seems that I was right in choosing to go to Mexico.”

“Let’s flee to Mexico as soon as possible. That is the most convenient place for us to hide”

“After we get there, let’s think about countermeasures later!”

...

At this moment.

New York’s highest-end private hospital.

Viola just woke up on the soft bed in the luxury single ward.

Although she has a broken rib, fortunately, the problem was not serious.”

“The doctor gave her oral and topical drugs, which helped her minimize the pain, so the physical pain was almost negligible.

However, unlike the body, Viola’s spirit was tortured all night.

She slept last night and had many dreams. Although each dream was different,

Each of them ended with her being sentenced to death by the court.

That night, she didn’t know how many times she woke up,

Let alone how many times she cried while hugging the pillow.

Although Charlie found her a very strong lawyer,

She was still afraid that she would not be able to clear her name.

At this time, there were many police officers standing guard outside the ward door.

In order to prevent her from escaping, they stayed here overnight.

The Chinese female doctor specially arranged by the hospital for Viola just came over to round the room.

After police officers moved the door away, the doctor knocked on the door lightly, and then pushed the door open.

Seeing that Viola was awake, she asked very politely,

“Ms. Ma, how are you feeling now? Did you sleep well last night?”

Viola’s eyes were red, tears kept dripping down, and she choked:

“Last night... I don’t know how many times I was sentenced to death in my dreams... Doctor... I am really tricked...”

The doctor said helplessly: “Ms. Ma, I really believe in your innocence,”

“But I’m just a doctor after all, and the judge has the final say on such matters...”

After speaking, the doctor asked again, “What would you like to eat for breakfast?”

“If you have anything you want to eat,”

“You can tell me, and I will arrange for the logistics staff to prepare it.”

Viola hurriedly asked, “Then is there anything I need to avoid in my diet?”

The doctor shook her head and said, “Your attending doctor said that your injury is not a big problem,”

“And your diet will be based on your own preferences.”

Viola said quickly: “Then I want to eat some sea cucumber, preferably some simmered ginseng with millet.”

“People say that sea cucumber nourishes the body.”

“It seems that those who play football eat sea cucumber every day!”

Chapter 4845

The doctor nodded and said: “No problem, our hospital may not have this kind of thing,”

“But I will arrange for someone to go to the Chinese restaurant to buy it for you later.”

Viola quickly asked again: “For this... I don’t need to spend my own money, right?”

“No.” The doctor said earnestly, “You don’t need to bear any of the expenses here.”

“Your lawyer has already signed the bill for you.”

When Viola heard this, she couldn’t help but get excited and said quickly,

“Then please let them cook me another lobster porridge.”

“No problem.” The doctor agreed without hesitation.

Viola remembered something, and hurriedly asked the doctor:

“By the way, can you give me proof of serious injury and let me live here forever?”

The doctor shook her head and said seriously,

“Ms. Ma, your injury has stabilized. According to the police’s request, you will be discharged at noon.”

“What?!”

Viola seemed to have heard the cruelest words in the world, and blurted out:

“Why did you let me out of the hospital so quickly?!”

“If I am discharged from the hospital, wouldn’t I have to go to the detention center?!”

The doctor said apologetically, "I'm sorry, Ms. Ma, your arrangements after you are discharged from the hospital,"

"I really don't know about it. You will have to ask the police."

Viola cried and said: "Doctor, it shouldn't be difficult for you to give me a certificate of serious injury, right?"

"You should help me to give me one, my old bones really can't stand the tossing of the detention center."

The doctor said helplessly: "Ms. Ma, this kind of thing cannot be faked in the United States."

"If I issue you such a certificate, the police will definitely ask other doctors to review it."

"If my certificate is found to be false. Then I will never be qualified to practice medicine again in my life."

Viola hurriedly said: "What you said is just a matter of probability,"

"It may not really happen, you should have pity on me and help these old bones..."

"I have been to the detention center before, and I broke a leg,"

"I don't know what kind of environment it is in there,"

"If you let me in again, I might really be bullied to death..."

The doctor shook her head repeatedly and blurted out,

"I'm sorry, Ms. Ma, this is a matter of principle, and I really can't help you."

Viola gritted her teeth and blurted out: "Doctor if you can't, you can just break one of my ribs."

"If I break two ribs, you can't drive me away from the hospital, right?"

The doctor said embarrassedly: "Ms. Ma if I really do this, it'll not just be a matter of revoking my medical qualifications."

"Maybe I'll go ahead before you, and the two of us may be able to be inmates in prison. ."

After speaking, she immediately changed the topic and said,

"By the way, Ms. Ma, you want to eat millet, ginseng, and lobster porridge for breakfast, right?"

"I'll make arrangements now, you wait a moment."

After saying this, the doctor turned around and left the ward without waiting for Viola to speak.

When Viola was in despair, James White, the top criminal lawyer in New York,

Knocked on the door and walked in. Seeing her, he asked with a smile, "Ms. Ma, did you rest well last night?"

When Viola saw the lawyer coming in, she immediately rekindled hope, and quickly asked,

"Lawyer White, I heard the doctor say that I will be discharged from the hospital at noon today. What's going on?"

James explained: "The police reviewed your medical records this morning and met with your attending doctor."

"According to your doctor's feedback, the police believe that you no longer need to stay in the hospital for treatment."

"So you will be discharged from the hospital at noon today."

Viola blurted out: "Do I have to go to the detention center after leaving the hospital?"

"I don't want to go to the detention center!"

James said seriously: "Ms. Ma, I understand your feelings very well,"

"But first of all, you need to know what kind of case you are suspected of, carrying more than 5 kilograms of contraband out of the country,"

Chapter 4846

"If this crime is confirmed, you will never be out in your life."

"Although I have the confidence to help you clear your name in such a serious case,"

"You also need to have an accurate understanding in your heart."

"If you don't even want to enter the detention center,"

"I can only say that you think a little bit too much, or think a little too optimistically."

When Viola heard this, she quickly complimented: "Lawyer White,"

"You didn't even dare to scold a lot of police yesterday by yourself?"

"At first glance, you are a top lawyer with great skills, you can help me. Think about it..."

James said solemnly: "Ms. Ma, I will do my best to help you clear your name,"

"But what you just said, I really can't do anything about it,"

“I have already seen your examining magistrate, the other party’s order was not to be released on bail,”

“So you must go to the detention center for a period of time,”

“And how long you will stay depends on how long the police take to catch Myren Chen and Phaedra Zong.”

Viola suddenly fell to the bottom of the valley, and choked out:

“If they can’t catch them all the time, won’t I be able to get out for the rest of my life?”

James explained: “If they can’t catch them, I will do my best to defend your innocence,”

“But it may take a little longer, please understand this.”

Seeing that James hadn’t loosened at all,

Viola knew that she would inevitably enter the detention center today, and her heart was full of despair.

In the last experience, she was really afraid of places like the detention center.

Especially this time she was in a foreign country where she was unfamiliar with the United States,

So she felt even more apprehensive about the detention center here.

But she never dreamed that if Charlie wanted to, he could have James help her get a diagnosis certificate and let her stay in the hospital all the time.

If Georgina can be caught as soon as possible,

She may not have to wait until entering the detention center to be completely cleared of suspicion.

But Charlie felt that in that case, she would definitely not learn a lesson.

That’s why he specifically asked Douglas to tell James not to let Viola stay in the hospital for too long,

And send her to the detention center today.

At this time, James saw Viola’s expression of despair, so he comforted her:

“Ms. Ma, your son-in-law is helping you find the people and solve the case as soon as possible,”

“So you don’t have to worry too much, you will stay in the detention center for ten to 15 days, you should be out.”

Viola knew that he had no other choice but to wait, so she nodded lightly.

Although she was reluctant in her heart, she could only accept her fate at this moment.

Seeing that she was in a very low mood, James said again:

“Ms. Ma, after you are in prison, I will arrange for our staff to deposit enough funds in your prison account so that you can save money in your prison account.”

“Inside, you can buy whatever you need, you can call your family when it’s time for release,”

“And then you can call your daughter and son-in-law.”

Hearing that it is possible to call the outside world, Viola’s mood eased a little.

Since her arrest, she has missed her daughter and son-in-law very much,

But apart from a phone call with them at the beginning, she has never had a chance to get in touch with the two of them.

So, she said to James with a sad face: “Lawyer White,”

“Please tell my son-in-law that he must do it as soon as possible,”

“It’s up to him whether my old bones can return to China alive... ..”

James nodded and said seriously: “Ms. Ma, don’t worry,”

“My mobile phone is with the police at the door. I will contact your son-in-law when I get it back.”

Having said that, James added: “By the way, Ms. Ma, remember to have a good lunch at the hospital at noon.”

“After lunch, the police will take you directly to the detention center.”

“I still have a lot of related work to deal with, so at that time I’m not coming.”

Viola hurriedly asked, “Lawyer White, which prison will I be sent to?”

James replied: “Ms. Ma, at the orders of the judge,”

“You will be sent to Bedford Hills Correctional Facility in upstate New York.”

Viola asked: “Is the correctional institution less serious than a prison?”

“No.” James explained: “Although the name is a correctional institution,”

“It is actually the only women’s prison in New York dedicated to felons and suspected felons...”

Chapter 4847

“Felon?!”

When Viola heard this word, the whole person was shocked and said quickly:

“Lawyer White, can you think of a way to walk through the back door and change me to a detention center,”

“An old lady like me who is helpless, how am I going to fight those serious criminals...”

“Then I won’t be beaten to death in there...”

James said helplessly: “Sorry, Ms. Ma, this is the operating rule of the New York judicial system.”

“Judging from the crimes you are currently suspected of,”

“The Bedford Hills Correctional Institution is the only place you are currently going.”

“This is not something that I can affect. I am a lawyer,”

“And I have to do things within the framework allowed by the law, not undermine it.”

Viola suddenly panicked and asked, “Lawyer White, is there a prison boss in prisons here?”

“It’s the kind of person who is the biggest in the prison and bullies anyone she catches.”

“This...” James said embarrassedly: “As far as I know, there should be such a phenomenon in prisons in any country and any place,”

“But you don’t have to worry too much. Under normal circumstances,”

“As long as you don’t go Provoking those prison bullies, they will not have any conflicts with people of your age,”

“And after you enter, you can call me if you have any problems, and I will arrange for someone to solve it.”

Hearing what James said, Viola was slightly relieved.

Thinking of what happened to her in the detention center last time, she thought to herself:

“Last time, it was mainly because there were two enemies, and the boss there bullied me!”

“If it weren’t for their two ba5tards, that b!tch wouldn’t necessarily take the initiative to trouble me!”

“When I get to this American detention center, I will try my best to keep a low profile.”

“It shouldn’t be a problem if I think about it carefully.”

At this time, James looked at the time and said,

“Ms. Ma, I have things to deal with, so I’ll leave first.”

“When you arrive at Bedford Hill, if you need anything, please call me at any time.”

“Okay.” Viola nodded hastily.

James reminded again: “By the way, Ms. Ma, don’t forget to have a good lunch.”

“As far as I know, because the parliament has been reducing the prison budget,”

“The food in the prison is really not good, and even if you have money, it is not anything good to buy in there.”

Viola hurriedly said: “I see... I have to ask the hospital to prepare a full meal for me at noon!”

...

Noon.

After enjoying a sumptuous lunch comparable to a full-fledged Manchurian feast,

Viola was taken out of the hospital by the police.

As she is suspected of transporting up to five kilograms of contraband,

She will be sent to Bedford Hills Correctional Facility in Westchester County, upstate New York, as ordered by the judge.

This is the only women’s prison in New York dedicated to felons or suspected felons.

In this prison, nearly 1,000 prisoners are detained.

From murder and arson to robbery and drug trafficking, the prisoners here are more vicious than the last.

After Viola was taken to the prison, she first handed in her personal belongings,

and then completed a series of prison inspections at the order of the prison guards,

And then obtained her serial number in this prison: Prisoner No. 1024.

In the end, at the order of the prison guards,

She changed into prison clothes and was led into the prison area by the guards.

Viola, who has entered the palace for the second time, although she is in a foreign country,

She is familiar with this series of procedures.

At this moment, what she was thinking about was what kind of inmates she would meet.

Last time. Those few days were like hell for her.

Chapter 4848

This time, Viola only hoped that she could meet a few normal people.

Following several prison guards into the cell, the guard took her directly to Cell No. 12.

After arriving at the door, the prison guard yelled at the inside through the thick iron gate:

“Everyone stand up and assemble immediately!”

Viola stepped on her feet and looked in, only to see the No. 12 cell,

Which was at least hundreds of square meters in size,

And the entire cell was symmetrically divided into left and right sides by a low wall about one meter high.

The side is a semi-open space constructed with low walls.

In this semi-open space, there is a small single bed on the left and right.

At this time, the prisoners inside were resting,

Some were lying on the bed, and some were sitting at the head of the bed and talking to others.

Hearing a loud roar from the prison guard,

The group slowly got up and lined up in the inner part of the middle corridor.

The prison guard did not rush to open the door at this time,

But counted the number of people from outside and confirmed that everyone had lined up.

Then he said on the walkie-talkie: “Open door 12.”

As soon as the voice fell, the heavy iron fence door opened automatically.

The two prison guards walked in first with batons, while the other two guards held Viola and followed behind.

After entering, Viola was directly brought to the front of a group of female prisoners by the prison guards.

And this group of female prisoners of different skin colors,

Ranging in age from 18, 19 to 50 or 60 years old, were looking at her with contempt or provocation.

In their eyes, this yellow-race woman in her fifties,

At first, glance looks like an unlucky person who can be easily bullied.

The prison guard pointed at Viola at this time and said to the crowd:

“She is No. 1024, and she will live in this prison from now on.”

Viola bit the bullet, waved to everyone, and said with a forced smile, “Ha...Hello...”

The female prisoners present did not pay any attention to her.

On the contrary, many people looked at her with great interest,

And there seemed to be some ulterior motives in their eyes, which made her somewhat nervous.

One of the prison guards pointed to an empty bed and said to Viola:

“1024, you will sleep in this bed in the future!”

She nodded quickly.

The guards didn't talk too much.

After simply settling down Viola, they turned around and left the cell directly.

As soon as the prison guards left, a red-haired, white woman in her thirties came to Viola with her shoulders in her arms,

And asked contemptuously, “Hey, new here, let me know why you came in?”

“Ah?” Viola was slightly startled and said hesitantly: “I...I am because...because...”

Seeing that Viola was murmuring and not talking about the main point,

The woman immediately reprimanded: “I tell you, I am the biggest in this cell,”

“What I ask, you answer; what I say, you do, otherwise, be careful that I punch your sh!t out!”

Viola shivered in fright, and quickly said, “I... I was carrying contraband...”

The woman frowned and asked her, “Carrying contraband? How much?”

Viola said quickly: “It was five kilograms...”

“Fck!” The woman said in surprise:

“Five kilograms?! Are you sure you aren’t playing with me?”

Viola hurriedly said, “I don’t dare... I’m telling the truth...”

The woman looked Viola up and down for a while and asked, “Are you a drug dealer?”

Viola quickly shook her head: “I...I’m not...”

The woman asked again: “Then you work for a drug dealer? Or a gang member?”

#### **Chapter 4849**

Viola was afraid that the other party would misunderstand her,

And hurriedly shook her head again: “No, no... I’m innocent...”

“I was tricked into taking the luggage on the plane, and I was caught in a daze...”

When the woman heard this, she breathed a sigh of relief,

Looked at her with a contemptuous smile, and slapped her in the face,

Causing her to see gold stars in her eyes.

Viola screamed, and was about to ask her why she beat her when she heard the woman say,

“I thought you were a great person, but it turns out that you are a stupid pig who was tricked into being a mule!”

Viola completely misunderstood the logic of survival in these prisons.

Here, if you are really innocent, other prisoners will bully you to death;

But if you are a felon, and you are a felon with a background,

Then other prisoners here, not to mention that they must confess to you as their ancestor,

At least they know that you are not easy to mess with, so try to stay away from you as much as possible.

If Viola admits that she is a drug dealer, these people will definitely stay away from her.

After all, in the United States, drug dealers are synonymous with outlaws,

And drug dealers never act alone, behind them is a ruthless, armed-to-the-teeth organization.

However, Viola was afraid that others would really misunderstand her as a drug dealer,

So she shook out the truth when she was nervous.

This is equivalent to personally pressing her position in this cell to the floor.

That's why, when the red-haired woman heard what she said, she slapped her in the face without thinking.

And the red-haired woman was not satisfied when she slapped Viola,

She strode forward, stared at Viola, and said seriously:

"Tell you, in my place, if you want to suffer less, just be obedient."

"Ask your family to put more money in your account,"

"I have a lot to buy, but there is not enough money in the account,"

"This is your chance to show, that if your family has enough money for you, you are here to suffer less."

After that, she remembered something, grabbed Viola's collar, and continued:

"Oh, by the way, a friendly reminder, Jessica, the prison guard in charge of this cell,"

"They cost forty dollars a pack, all American SPirit brand Cigarettes,"

"But her cigarettes cannot be purchased through your account in prison."

"You need to notify your family outside and hand over the cash to her before she can bring them in."

Viola said nervously: "I...I don't smoke..."

The red-haired woman sneered, and slapped her in the face again, scolding:

"Idiot, you don't force me to slap you! Starting tomorrow,"

"You will ask Jessica to give me an American Spirit brand cigarettes, remember,"

"It's three packs! These sisters and I have had some tobacco shortages recently,"

"You better get to know each other, otherwise, I must make you look good! "

Viola suddenly said with a sad face: "I am just locked in, and I haven't had a chance to contact my family."

"Where can I get you a cigarette!"

"Then I don't care!" The red-haired woman said coldly:

“In short, before tomorrow night, if I don’t see an American spirit, then I will kill you!”

After speaking, she warned again: “Oh, by the way, I forgot to tell you that if you dare to seek a prison warning,”

“I will insert the sharpened toothbrush handle into your throat.”

“If you don’t believe it, you will wait and see!”

Viola was so frightened that she burst into tears.

At this time, a young Chinese woman stepped forward and whispered:

“Auntie, this red-haired woman is named Chloe, and she has been here for five years.”

“The famous prison boss, not only our cell has her many followers,”

“But there are also many people in other cells who don’t mess with her,”

“You better not provoke her, otherwise you will be miserable.”

#### **Chapter 4850**

When Viola saw her compatriot, she immediately cried and said,

“She is too unreasonable. Why did she slap me? I didn’t provoke her...”

The red-haired woman Chloe was upset when she heard Viola crying, grabbed her hair,

Slapped her with the other hand, and said coldly:

“Let me hear you cry again, I will put your mouth ripped!”

Viola really did not expect that the women’s prison here was so dark.

Just a few minutes after entering, she was slapped three big deep pockets in a row.

Seeing that Viola’s face was swollen into a pig’s head, Chloe smiled contemptuously:

“Remember, today is just to teach you a little lesson.”

“If I don’t see smoke tomorrow, you will be at your own risk!”

Saying that, she instructed a woman behind her, “Jenny, go and pick up a basin of water!”

The woman named Jenny immediately ran to the bathroom, and soon came back with a basin full of water.

Chloe looked at Viola and said coldly,

“Sorry, you can only sleep on the floor today.”

After saying that, she gave Jenny a wink.

Jenny is not a good thing either, she looked at Viola playfully and poured a basin of water on her bed.

This time, not only the bedding that she just received is soaked with water,

But even the pillows and mattresses are useless.

Viola didn't dare to speak, let alone resist,

So she could only submissively look at her dripping bed, with regret in her heart.

Naturally, what she hates is that this Chloe deceived people too much,

And what she regrets is that she played bad cards with her own good cards.

She choked up in her heart and thought: “I really regret my death...”

“If I hadn't been fooled by the two b!tches, I would have flown back to my country now!”

“I could have sold my necklace, and I don't have to live this uncomfortable life now...”

“How could I end up in a prison here? And I have to be bullied by these prison bullies... “

At this time, Chloe looked at Viola and sneered:

“I heard that you Chinese people are very fond of foot massage.”

“It happens that the soles of my feet are uncomfortable these two days.”

“Go get a pot of hot water and give me a good squeeze!”

Viola said subconsciously, “I...I won't...”

“No?” Chloe sneered, took a piece of toothpaste from the personal belongings that Viola had just received,

Opened the cover directly, pointed the toothpaste at Viola's mouth,

And squeezed in more than half of it in one go.

While Viola tried to dodge, she tried to spit out the toothpaste,

But Chloe beckoned to Jenny beside her.

Jenny immediately called the other two and skillfully pressed Viola on the wet single bed,

And then One person pressed her shoulders tightly, making her unable to move,

While the other person tightly covered her mouth, making her mouth full of toothpaste and unable to spit it out.

Chloe and her subordinates were already well acquainted with this kind of pranking method.

Viola was tightly covering her mouth and could only barely breathe through her nose,

But because her mouth was full of toothpaste, the taste was spicy and she choked quickly.

She couldn't stop coughing, but this cough didn't matter,

A part of the toothpaste mixed with saliva was sprayed out of her nostrils,

Burning the entire upper respiratory tract, making it extremely painful.

At this moment, Chloe smiled cruelly and said sternly:

"If you are sensible, swallow the toothpaste in your mouth,"

"Otherwise, I will go to the toilet to get something to feed you!"

When Viola heard this, she was so frightened that she lost her mind.

She ignored the spicy and jerky toothpaste, so she could only grit her teeth,

And swallow the toothpaste in her mouth little by little.

Viola, who ate most of the toothpaste, felt burning pain in her entire esophagus and stomach, and she couldn't stop her tears.

She couldn't help wailing in her heart: "How can this red-haired devil be so much worse!"

"She's just a devil! You fcuking wait for me, you will fall into my hands in the future,"

"I will torture you ten times, a hundred times!"
