

The Amazing Son In-Law Chapter 611-620

Chapter 611

Viola also knew that if this incident were to be taken out, she would be regarded as gathering crowds to gamble. Once her husband and daughter knew that she was betting so much outside, they would be extremely angry.

In that way, she may not have a good life.

Although the money is gone now, those people are even more troubled. All of them have been sent to the black coal kiln to dig for coal. Every one of them doesn't even want to get away for more than ten or twenty years.

So in such a comparison, she is not too miserable.

However, the money and bracelet are gone, which is really distressing.

It's good to say that the bracelet is gone. Anyway, she took the fragments, and she can tell the family directly that the bracelet was broken.

But the money is a bit uncomfortable subject.

The family's money was in her own hands. Dave doesn't have any money himself, and even the hundreds of thousands he earned from reselling antiques were in her own hands.

And she has lost all her family's savings. If this is known by her husband, he will be mad.

Viola sighed in her heart, and felt very regretful about what happened today.

On the way back, Orvel called Marven and said, "Mr. Ye, I personally put the convoy on the highway just now, and the convoy has already gone to Jinx. I should have gone there in person to explain you. It's a little better to get things done, but tonight Classic Mansion has something to do. Someone with a big background has booked the diamond box for a banquet, so I have to go over and take a look..."

Having said that, Mr. Orvel said again: "But don't worry, I will fly there tomorrow. It is estimated that their convoy will be there when I arrive in the afternoon."

Marven gave a hum, and asked curiously, "There is a distinguished guest in Classic Mansion tonight? What is the way?"

Mr. Orvel hurriedly said, "Regnar and his son Roger from the Wu family in Wrestvel."

Marven frowned. It has been several days, but the people from Wu's family haven't left yet?

Do they stay in Wrestvel, trying to find him out?

After all, Wu Qi's psychological suggestion that he must eat sh!t every hour was made by him.

It is estimated that the Wu family also realizes that there must be a hidden story behind this, so they want to find out.

But Marven wasn't worried, the Wu family was not as powerful as the Ye family.

Besides, with their current strength, even if the Ye family's background is not moved out, the Wu family can't help themselves at all.

If the Wu family insists on pretending to be forceful, then they can't blame him for being rude.

So Marven said to Orvel: "Okay, you can do your job first."

"OK, Mr. Ye!"

He hung up the phone and the car was almost home.

Viola said to Marven, "Bring the car over, and I will drive back by myself. You can go back, lest your father and Avella see us coming back together!"

Marven nodded indifferently, pulled the car aside, and got out of the car.

Just right, you can also buy a la carte.

When shopping for vegetables, Marven called the Old Master and asked him if the party in the brilliant club was over.

The Old Master told him that he had just returned home after the party, and he also thanked Marven, because Marven had earned him enough face today.

When Marven went home after buying vegetables, Dave was sitting in the living room, holding a cup of tea, humming a little song with a happy expression on his face.

Seeing Marven's return, he immediately smiled and said: "Oh my good son-in-law, you are back!"

Chapter 612

Marven smiled and called to his father, and then found that Avella and his mother-in-law Viola were not in the living room, and asked, "Have Avella and Mom come back?"

"Avella didn't come back, your mother is back."

Dave waved his hand and said, "Your mother went into the house as soon as she came back. She said she was uncomfortable, and she didn't know what happened. Maybe it was because she lost money playing mahjong and felt uncomfortable!"

Marven nodded, and deliberately asked: "Do you want to go and see? Care about it?"

“I care about my bullsh*t.” Dave curled his lips and said: “She knows playing mahjong all day long, and she is so annoying. If she really loses, there are tens of thousands of people, let her feel uncomfortable. In two days, she knew it had converged!”

Marven laughed dumbly.

Eight thousand?

You have to multiply by 8,000 on the basis of 8,000!

Today Viola lost more than 60 million!

When Marven remembered, he couldn't help sighing that his mother-in-law was really lacking in brains. Several old ladies played mahjong. She could lose more than 60 million. What kind of idiot must she make to make such a mistake?

.....

At this moment, the Xiao family villa.

At this moment, Noah, like Dave, was sitting comfortably in a recliner, sipping tea and humming a small song, waiting for Horiyah's triumphant return.

Noah and Dave are worthy of being brothers, and the way they celebrate good things is almost the same.

Noah was playing with his mobile phone at this time, and looked at it repeatedly. Horiyah's WeChat was sent an hour ago, his mouth crooked.

It read on WeChat: “My husband, Viola's savings of more than two million, the house of one or two million that she currently lives in, and her jade bracelet worth four to five million have all been lost to us! That set of Tomson's first-class villa worth 130 million has already been mortgaged to us, and Marven will send the copy of the house soon! This time we are well rich!”

Noah figured it out. Even if she didn't mention the miscellaneous things, the villa alone could sell for at least 120 million after changing hands. By then, his family would be divided into 40%, and there would be nearly 50 million!

50 million, enough to earn!

At that time, if you add in cash, old house properties, and jade bracelets, you can get a few million more. By that time, more than 50 million will be harvested!

In addition, there are 15 million deposits in the family, which adds up to nearly 70 million!

Even if the Xiao family fell, the money would be enough for him to be cool for a long time!

Noah even planned the use of the money.

First, eight million must be given to Mrs. Xiao.

Because the Lady Xiao urged the 8 million to death in the past two days, Noah said that the money was being redeemed by the fund manager and had to wait two days, and promised that it would be credited to the Xiao Group account tomorrow.

His own plan was to wait for Horiyah to finish pitting Viola before giving the Lady Xiao 8 million and sending her away.

As for the remaining money, he decided to hold it tightly, and must not let the Lady Xiao know. When the time comes, he will buy a villa first, and when the Xiao family goes bankrupt, he will move there.

Thinking of this, Noah felt more happy, and couldn't help but sighed: "Viola, this stinky lady, dare you to have a villa with yourself? Isn't it cool now? Really deserve it! This money is right. Think of it as paying for your own mental loss!"

For him, he didn't have any psychological burden at all for ruining Viola's bankruptcy.

This kind of stinky lady just wants to cheat, so much more cheat, cheat, cheat to death!

The best thing is that once this stinky lady has money, she should think of something to cheat all her money and turn her into a long-term money bag!

Chapter 614

After receiving the mobile phone, Mrs. Xiao called Horiyah again, but the other side still reminded her that it was turned off.

Old Mrs. Xiao said in confusion: "What's the matter? Why is the phone turned off?"

Noah said, "Mom, isn't it normal for the phone to shut down automatically when it is out of power? Besides, it is not convenient to call her again and again when she is outside."

The Old Mrs. Xiao threw the phone to him and said angrily: "Just keep trying until you get through!"

Noah was helpless, so he sat in a chair and kept hanging up and calling out.

It lasted more than half an hour, but the phone still prompted shut down.

Noah felt more and more in his heart that things didn't seem to be right...

It stands to reason that Horiyah went out to cheat money with Lian, not outdoors, but indoors. It should be very convenient to charge the phone.

Moreover, he also reminded her before that she should keep in touch at all times when the time comes, and if there is any accident, he can rescue her.

Therefore, it should not shut down.

What exactly is going on?

Thinking of this, he couldn't help but sit up straight, his face became serious, and he said to himself: "This is not right..."

Old Mrs. Xiao glanced at him and snorted coldly, "Don't act here, what the h*ll is going on!"

Noah suddenly felt a little irritable, and he felt a little uneasy.

So he opened his mouth and said to the Lady Xiao: "Mom, don't make trouble with Horiyah. I can't contact Horiyah now. I will find someone else to see if anyone is with her."

After speaking, Noah dialed Lian again.

Like Horiyah's mobile phone, the receiver also indicates that it has been turned off.

Then, Noah dialed Ron and Nivia again, and the result was the same...

Is this not too weird? !

At this time, Noah's heart was completely confused!

He scratched his hair in a panic, the bad premonition in his heart became stronger and stronger.

Old Mrs. Xiao saw his state, the more she looked at it, the less he was acting, and she realized that something really happened!

So she hurriedly asked, "What's going on with you? You tell mom the truth!"

Noah shook his head and said, "I don't know what's going on..."

The Old Mrs. Xiao asked, "Then what do you look unsettled? Why can't Horiyah contact me yet? What are you hiding from me?"

Noah hesitated for a moment, sighed, and said, "Mom, let me tell you the truth. Actually, Horiyah set up a game for Viola today, found a senior, and played mahjong with Viola. The money in her hand and Marvin's villa were both cheated. In this way, when the bank seizes our villa, won't you be able to live in the Tomson first-class product you are thinking of?"

When Mrs. Xiao heard this, her eyes lit up and she blurted out with excitement: "Is the villa now in your hands? When can I live in?"

Chapter 615

When the Old Mrs. Xiao heard the words Tomson, her eyes straightened.

She has been greedy for Marvin's big villa, dreaming that she can live in it.

She even wanted to die there when she was old.

There are some superstitions and sayings in the folk, such as:

When you are dying, it is best not to die in the hospital, otherwise you will not find your way home.

For another example, you must wear a shroud before you die, otherwise there will be no clothes to wear there.

For example, if you live in a mansion before you die, you will be able to give birth to a wealthy family in your next life and enjoy the glory and wealth.

Therefore, Mrs. Xiao also longed that she could live in a top luxury villa like Tomson until she died.

Last time, she directed Jay to rob the villa. As a result, several bodyguards of the Xiao family were beaten into dogs, and Jay was beaten terribly alongside.

From then on, although the Lady Xiao broke off the idea of grabbing, she still had a greedy heart.

When she heard that Noah and Horiyah were planning to trick that villa into their design, she was excited!

At this time, Jay and Theresa had just returned from outside, and when they entered the villa, they became excited when they heard this.

Jay walked to the front and asked: "Dad, you said that Mom is going to get to Marven's villa? Did she succeed?"

Theresa was also very excited and asked, "Yes, Dad, did you succeed?"

Noah sighed at this time: "The last WeChat message she sent me said that she had deceived Viola's cash, the house she lives in, and Marven's Tomson first-class villa..."

Before Noah could say a word, Mrs. Xiao was very excited and smiled: "This is really a great thing, it's really great! So, when the bank comes to seal up this villa, we will be able to move in. Tomson first product is gone from their hands! Hahaha, Viola, that uncultivated poor ghost shrew, should be cheated! It is best to cheat her to bankrupt her family!"

Noah smiled bitterly: "Mom, even if things are done in the villa, we still have to share it with other people. If you want to keep this villa, it doesn't matter if you want to replenish it. But it doesn't matter. Now the key is Horiyah can't be found anymore! I can't get in touch with her now, and the few people who organized the game with her can't get in touch either. They are all lost!"

"Lost connection?" Old Mrs. Xiao was stunned. After a while, she frowned and said: "Noah, wouldn't she run away with the money?"

"Run?" Noah blurted out: "Should not, right? Why is she running?"

Jay also said: “Grandma, Mom can’t take the money away, don’t worry!”

The Old Mrs. Xiao shook her head and said, “Don’t say such things now! The Xiao family is no longer what it used to be, and Horiyah knows in her heart that it is impossible for the Xiao family to return to its original glory. All the money is with her. If she doesn’t want to live with you, wouldn’t she take money and run away?”

Speaking of this, Mrs. Xiao said solemnly: “If she has sold the villa she scammed and exchanged tens of millions of billions in cash, then she will have even more reason to run away. She can go abroad and you’ll never find her again!”

Noah said, “Mom, Horiyah has been married to me for so many years. Although sometimes we quarrel and argue, our relationship is still very stable!”

Old Mrs. Xiao said coldly: “That’s because she has no money! She used to depend on us to live, now? You gave her all the savings, and she has the financial power and no longer need to rely on you!”

With that, Mrs. Xiao said again: “Also! She lied got the Marven’s villa today, and her value skyrocketed several times. Now holding tens of millions of assets in her hand, you are not a husband in her eyes. ! It’s dragging the oil bottle!”

Noah’s expression froze.

Although he didn’t want to admit that what Mrs. Xiao said was the truth, he still vaguely realized some problems in his heart.

Chapter 616

If Horiyah really got tens of millions in hand, maybe she would really do something like this. After all, this woman and Viola had a good relationship with each other, and they were both eye-catching and addicted to money.

Now, he, his son, his daughter, and even her own mother have all become oil bottles. Maybe she would really choose to roll all the money and leave!

Thinking of this, Noah’s face was uncertain, and said, “I’ll call Viola and ask.”

After speaking, he immediately took out his mobile phone and called Viola.

This time, the call went through quickly.

When Noah heard the call connected, he said quickly: “Viola, I am your eldest brother...”

When Viola heard his voice, her teeth tickled with hatred!

This old dog! Horiyah had set up a trick to deceive her, he must know!

Moreover, maybe this old dog is making suggestions behind his back!

Thinking of the extremely heavy losses today, Viola couldn't wait to greet Noah's 18th generation directly on the phone!

However, when she thought that Horiyah's dog had been sent to the black coal kiln, she could only suppress the anger in her heart and said disdainfully: "Noah, my husband and I have left the Xiao family. Why are you calling me now?"

Noah was also annoyed when he heard this, but when he asked her to find out, he couldn't annoy her, so he could only ask angrily, "Viola, can you count me wrong?"

Viola snorted and said, "Let's talk about it, what can you do with me?"

Noah hurriedly asked: "Viola, have you seen Horiyah today?"

Viola immediately denied, "No, since I was in Shehlain's villa last time, I have never seen my sister-in-law again. What's wrong?"

"No?!" Noah cursed inwardly, didn't this stinky lady show that she was lying?

Today, Horiyah has been broadcasting to him live on WeChat, reporting to him downstairs at the house, reporting to him in her BMW car, and reporting to him when playing mahjong with her.

Even, she has reported to him how much money and things she won with her. She is telling him that she didn't see her?

Although Noah was very angry in his heart, he could only hold back his anger and said, "When Horiyah went out today, she said she was going to play mahjong with you. Have you really not seen her?"

Viola felt a little guilty. After all, the three people who played mahjong with her today, even the same gang of gangsters, were sent to dig coal. If they let their family know that they are related to him, they might get revenge on him. If they call the police, she can't argue with it!

Therefore, she can only deny it to the end!

So she impatiently said to Noah: "You are really interesting, I have not seen her, can I not count it in my heart? I have never seen her before!"

Noah didn't care if he would be exposed, and said quickly, "Viola, don't hang up. Tell me the truth, did you see her? Where did she go? In the afternoon, she sent me a WeChat message. Now, she said she played cards with you, and she also said that she won your son-in-law Marvin's villa at the first grade of Tomson. How could you never meet her?"

Viola hurriedly said, "Noah, it's interesting for you to talk. When did my villa went to her? Besides, I said that I haven't seen Horiyah before! I'm not too late to bother. How could it be possible to play cards with her!"

Speaking of this, she also guessed in her heart that Noah must be behind the scenes.

So she gritted her teeth and said: “Noah, your wife, maybe she ran away or eloped with someone, deliberately playing mahjong with me as a pretense! I heard that she had packed one in KTV before. Tender ducks about the size of your sea dragon, the two of them kept saying they would save money and fly!”

Chapter 617

When Noah heard these words, he immediately yelled: “Viola, you’re not f*cking here!”

Viola was also anxious, and blurted out: “Oh, don’t you believe it? Okay, let me tell you, if you can find Horiyah, I will lose!”

Noah blurted out and asked, “What do you mean?”

Viola scolded: “Try to figure out what you mean, I’m upset now, I don’t bother to tell you!”

After speaking, Viola immediately hung up the phone.

Listening to the busy tone on the phone, Noah almost dropped the phone with anger.

It was Jay who stopped him in time and blurted out: “Dad, don’t be impulsive. The top priority now is to get Mom back first!”

Jay didn’t know that his mother had been sent to the ditch of Jinx. With the Xiao family’s ability, it would be impossible to find her in this life.

At this time, Theresa on the side also persuaded: “Yes, Dad! What are you angry about! What did that stinky lady Viola say?”

Noah said angrily: “Viola said that your mother wrapped up a little Wang face and ran away with him!”

“Ah?!” Jay, Theresa and Old Mrs. Xiao all looked shocked!

“Bring a little Wang face?!” Old Mrs. Xiao shouted angrily: “Is this true?”

“I don’t know, mother!” Noah was anxious and angry, blurting out: “Viola said so on the phone, and said that Horiyah just verbally lied to me that she was setting up a situation for her and cheating her to lose money. She set me up, let me take it lightly, and then fight for time and opportunity to elope!”

Jay blurted out: “The dog spit out blood! How could my mother keep a little Wang face!”

Noah’s expression was a little weird, and he said coldly, “Who can say this well? Now I think about it, your mother is indeed a bit suspicious in doing things!”

“What?” Jay and Theresa hurriedly asked, “Why is Mom suspicious?”

Noah said with a gloomy face: “Your grandma has been asking me to pay 8 million to the family. Your mother was not willing to pay, so she proposed to transfer the money to her first, and then I told your

grandma that the money is being redeemed by the financial manager. That's why I transferred all the 15 million in my account to her!"

Old Mrs. Xiao glared in anger, slapped Noah's face directly, and scolded angrily: "Didn't you tell me that you only have ten million?!"

Noah was in a rush just now, so he told the truth all at once. Now he was slapped in the face. He was aggrieved and angry. He blurted out, "Mom! Didn't you estimate that I had ten million? It wasn't me who said it!"

Old Mrs. Xiao cursed: "Then why don't you tell me the truth?! I'm your mother! Why don't you give me an answer and tell me how much money you have?!"

Noah was speechless.

After all, it was indeed that he had concealed the amount of his own funds. There was no quibble about this.

Old Mrs. Xiao was very angry, and said coldly: "I always thought you were different from your brother. I thought you were better than your brother. I thought you were better than your brother, and more insightful! But I didn't expect you. Even you dare to lie!"

With that said, Mrs. Xiao gritted her teeth and said: "You now know what is smart but you were mistaken by smartness? You didn't tell your mother, but instead gave the money to your wife. Now it's fine. Now, we'll are done!"

Theresa bit her lip and said, "Grandma, my mother is not like that!"

Old Mrs. Xiao sneered: "Isn't that kind of person? What about your mother? Where did she go? Why did she disappear at this time?"

After that, the Old Mrs. Xiao asked aggressively: "Also, your mother kept saying that if you find someone to do the game, Viola, why are all the people who did the game with her disappear? Only Viola is fine? This proves that there is a lot of strangeness in this matter!"

Jay blurted out, "Could it be Viola who did it? Could it be that she, in turn, cleaned up my mother and the other people who did the game for her?"

The Old Mrs. Xiao said disgustedly: "Viola? She is a btch, how can she have this kind of ability? Just your second uncle's idiot wife. She will be calculated by hers like a btch! Your mother's character, I won't comment on it, just smart The strength is ten times that of Viola. If she really wants to play Viola, then Viola can only be played!"

Chapter 618

Noah's expression is uncertain, and he is also highly suspicious now that his wife ran away with the money!

Except for this explanation, nothing else can be explained!

Four people can't just disappear from the world, right?

When the world has evaporated, there should be some shadows and clues left?

Combined with Horiyah's 15 million cash in hand, he even felt that Horiyah might be sentenced to himself.

Thinking of this, he gritted his teeth and said, "No, I have to go to Viola and ask in person!"

The Old Mrs. Xiao angrily hit Noah with a cane on the back and cursed: "Go and ask her the question, and then find me the stinky lady Horiyah! Even if you can't find her, you have to Get the 15 million back for me. If you can't find the money, don't do it! Just assume I never gave birth to you!"

Noah nodded and said, "Well, I'll go now!"

Old Mrs. Xiao suddenly said, "Don't worry! I'll go with you!"

Noah collapsed and said, "Mom, what are you going to do! Don't make trouble with it!"

"I add chaos?!" Old Mrs. Xiao scolded angrily: "You have lost all the money, and now you say I add chaos? I tell you, I must go this time! If you don't solve this matter for me, I I will live at Dave's house from now on, and I will sever the mother-child relationship with you!"

Noah couldn't tell the hardship, so he nodded and said, "Oh, let's go together!"

The two of them were very anxious, they went out for a taxi, and went straight to Viola's house.

Marven and his father-in-law were sitting on the sofa watching TV, while the mother-in-law Viola was alone in the room, wrapped her head in the bed and weeping, still distressing over two million cash and the broken jade bracelet .

At this time, suddenly there was a bang on the door.

Marven stood up and opened the door, and found the Old Mrs. Xiao and Noah standing at the door, frowning and asking, "What are you doing here?"

The Old Mrs. Xiao was so angry when she saw Marven, she cursed angrily: "You Rubbish, get out of my way and let Viola come out!"

Marven frowned and said coldly: "Lady Xiao, our family has severed relationship with you, you are not welcome here!"

"What are you talking about?!" Old Mrs. Xiao cursed angrily: "Who gave you the order? How dare you be disrespectful to me?!"

Marven said coldly: "Do you think you were the former Patriarch of the Xiao family? Wherever you go, you are a domineering spirit? Tell you, you are not welcome here, hurry up and leave!"

After speaking, Marven had to close the door.

Dave heard the movement at this time and ran over.

Seeing the two people at the door, he couldn't help frowning and asked: "What are you doing here?"

The Old Mrs. Xiao coldly snorted, and asked with sheer majesty: "Dave! Do you still see me as your mother in your eyes?"

Dave was taken aback and said, "You want to sever the relationship with me. You should ask yourself if you have me as son in your eyes."

Mrs. Xiao's expression was very ugly, and she blurted out: "Blood is thicker than water! I am your mother at all times!"

Dave has been wronged by the Lady Xiao for so many years. It is long enough. He said angrily: "When you are bored with me, you will cut off your relationship with me. Whenever you need me, it will always be my mother? I'm sorry, such a mother. I don't want either!"

After speaking, Dave turned his head and went back to the room.

Marven looked at Mrs. Xiao and Noah, smiled slightly, and said, "You have heard what my father-in-law said, please go back!"

Chapter 619

Old Mrs. Xiao did not expect that Dave, who has always been cowardly, would have a temper in front of her!

She can't help but feel angry and hate!

For decades, she had been using her majesty to crush Dave to death, and Dave had never been able to resist, or even refuted.

Even if she drove him out of the Xiao family, he was afraid to let go.

Unexpectedly, he dared to say this to her today!

Are the wings really hard? !

How dare to say that a mother like her, he doesn't want this kind of rebellious remarks!

It really turned him back!

Just when she was furious and wanted to attack on the spot, so as to protect her dignity and majesty.

Noah on the side had already put down his body and said to Marven: “Marven, we are not here to cause trouble today. I have something to find out from your mother-in-law Viola. So, you can let her come out quickly. I am in a hurry. Ask her about things!”

Marven naturally knew that Noah must have come to ask about Horiyah.

It is a pity that Noah could not have imagined that Horiyah and Lian’s group had been secretly sent to Jinx. Therefore, to him, Horiyah must be like the world has evaporated.

So Marven said to Noah: “If you have anything you can tell me, I will tell her.”

Noah hurriedly said: “My wife is lost!”

Marven pretended to be surprised and asked, “You lost wife? Why did you lose her?”

Noah was very upset at Marven’s verbal questioning, but still suppressed his temper, and said, “I just can’t find her, so I can’t get in touch anymore. Before she lost contact, she saw your mother-in-law last time, so I came to ask.”

Marven smiled and said, “This kind of thing can actually be understood without asking.”

Noah blurted out and asked, “What do you mean?”

Marven said: “I meant it is very simple, I just think your wife should have run away.”

As he said, Marven shook his fingers and said: “Look at you now, one has no money, two has no power, and three has no nobles to help. It seems that the Xiao family will soon be bankrupt and liquidated, and your villa will go out of your hands. You have to take it away from the bank? Aunt has never suffered in her life, she can’t live with you in low-rent housing, right?”

Noah gritted his teeth and said, “This matter has nothing to do with you. You’d better not talk too much!”

Dave, Marven’s father-in-law, walked over at this time and said seriously: “Big Brother, I think Marven’s words are very reasonable. The Xiao family is now a bottomless pit. If I’m a sister-in-law, I won’t live with you anymore. After I have passed you, I will take away all your money and go out and start a new life!”

“You...” Noah didn’t expect that, Dave immediately poked the piece in his heart that he feared the most, and suddenly cursed angrily: “Dave, don’t guess my wife here! If it doesn’t depend on you For my brother’s sake, I’ve already taught you a lesson!”

As soon as Noah’s voice fell, Marven slapped his face directly, and he slapped his eyes with gold stars.

Before he came back to his senses, Marven said coldly: “Noah, you dare to be so presumptuous at the door of my house, forgetting the fate of your son and the Xiaos family?”

Noah was slapped in the face, and he was honest in an instant.

He knows, don't say what he wants now.

Chapter 620

Even if he was still the former Noah, Marven couldn't help it.

This guy didn't know where he learned martial arts. Several bodyguards of the Xiao family were beaten up by him, let alone himself?

Thinking of this, Noah held back the anger in his heart and said to Dave, "Dave, it was my fault just now. I apologize to you, but I should trouble you to call out your younger brother and sister. I want to ask her something."

Dave was so refreshed at this time, he couldn't wait to hug his baby son-in-law Marven and kiss him.

What a relief!

He was making Noah feel uncomfortable. He slapped him straight away. It was awesome!

Dave felt very happy, and said to Noah, "Big brother, I ask you, did you and sister-in-law want to buy a villa two days ago?"

Noah asked subconsciously: "How did you know?"

Dave blurted out: "Viola told me that she was playing mahjong at her friend's house. She happened to see you and sister-in-law going to visit her friend's house, so she told me."

Noah nodded and said, "I did read it, but what does it have to do with today's affairs?"

As soon as he finished speaking, the Lady Xiao on the side frowned and asked: "What's the matter? Do you want to buy a villa? Why don't I know?"

Noah was desperate.

Seeing Mrs. Xiao's angry face, he could only patiently explain: "Mom, Horiyah and I are afraid that we will have no place to live after the villa is sealed, so we want to see if there is a suitable replacement in advance... .."

"You bullsh*t!" Mrs. Xiao cursed angrily: "If you don't want to take this money out to help me in the emergency, my villa will be taken back! It's fine if you don't help me, and even go to see the villa behind my back ?!"

Noah's expression is extremely embarrassed, it seems that this matter will not be resolved...

Old Mrs. Xiao was furious, she slapped him with her feet, and cursed: "You are not a dog with eyes! If you don't believe in your own mother, believe in an outsider! Now it's all right! Fifteen million hits. The water is drifting! You are trying to drive us all to death!"

When Dave heard that his elder brother Noah turned out to be 15 million, he felt sore.

He has been following the Xiao family for so many years, and continue to be more than 1 million. Later, he made some antiques and earned some more. His daughter gave him some more. The family barely had more than 2 million.

Unexpectedly, Noah would have 15 million himself!

Thinking of this, he said sourly: "No wonder elder brother! You must have put 15 million in sister-in-law's hands, right?"

Noah said with a sullen expression: "It has nothing to do with you!"

Dave sighed and said, "Big Brother, you gave so much money to Sister-in-law, even if Sister-in-law doesn't want to cheat, those young men who dream every day and expect rich old aunts to save them will not let them go!"

Noah frowned and asked, "What do you mean by this?"

Dave looked at him and said in surprise: "Do you usually use your mobile phone to access the Internet? There are many cases of this kind on the Internet! Some young men seduce rich old women like sister-in-law, and when the time comes, they say something to the old aunt Auntie, I don't want to work hard anymore. The rich old aunt immediately gives money to buy a car or the house, take him up, and even elope with him!"

Speaking of this, Dave said regretfully: "Fifteen million! I don't know how many young men chase after sister-in-law to please her, I'm afraid that the sister-in-law will not be able to pick it!"
