

The Amazing Son In-Law Chapter 781-790

Chapter 781

“Enough!” The Old Mrs. Xiao’s chest rose and fell violently, staring at Viola, and cursed: “You shrew, what if the Xiao family is now down? Sooner or later we have a chance to rise again, for your family will it be impossible to return to Xiao’s house if you wish? No.”

Dave hurriedly said to Viola at this time: “How can you talk to mom like this? Hurry up and apologize to mom!”

Viola frowned and looked at Dave, and said coldly: “You forgot how this old woman drove you out? At this time, she started to turn to him again. You treat her as a mother. Does she treat you as a son?”

After finishing speaking, Viola pointed at Mrs. Xiao again, and said coldly: “Lady Xiao, I beg you to figure out what is wrong with you now, and you are still pretending with me? I tell you, you are kneeling now. If you ask me to return on the ground, I won’t go back! What kind of sh!t Xiao’s family is reduced to selling furniture to survive. Who the h*ll is going back!”

The Old Mrs. Xiao was mad and pointed to Viola’s nose, saying every word: “Viola, I have lived for so many years. You are the first person who dares to talk to me like this. Remember what you said today. Sooner or later, one day, I will break your leg and make you kneel in front of me and kowtow to apologize!”

Viola disdainfully smiled: “Come on, just you? A handful of old bones are almost in the soil, and you want to break my leg? Come on, my leg is here, if you have the ability, you can hit me. Give it a try?”

As she said, Viola actually stretched out her legs and sneered at the Old Mrs. Xiao with contempt.

This made the Old Mrs. Xiao annoyed enough, she couldn’t wait to really interrupt Viola’s legs on the spot, so that she would dare to be so arrogant again.

However, in front of Marven, Mrs. Xiao didn’t dare at all.

She still remembers the scene where Marven hit a group of bodyguards alone, which made her still feel lingering.

Jay used to be very arrogant, but now that Marven was there, he didn’t dare to bullsh*t for a long time. Seeing that his grandma was insulted by Viola, he didn’t dare to step forward and help find a place, so he could only hide behind with a sad face.

At this time, Noah had a dark face and came back with the boss.

As soon as he came back, he said to Mrs. Xiao: “Mom, let’s go, they bid too low!”

The boss hurriedly said: “Brother, 1.1 million is really a lot. Your set of furniture is of average materials, and it has been old and the damage is relatively large. My price is already very fair. You can change it to another place. , Absolutely can’t get a higher price than this.”

Old Mrs. Xiao was so angry that she heard that the quotation was only one hundred and one hundred thousand, and she immediately scolded: "For such a good piece of furniture, only one and one hundred thousand? Your heart is too dark, right?"

The boss said helplessly: "I'm giving a sincere price. If you don't believe it, just ask about it again."

Mrs. Xiao coldly snorted and said to her family: "Come! Change another house! I still don't believe it!"

Dave hurriedly said at this time: "Mom, or I will give you 1.2 million, you can sell it to me, to be honest, I have feelings for Dad's furniture."

"You want to be beautiful!" Old Mrs. Xiao gritted her teeth and said, "Even if I chopped and burned the wood, I will never sell it to you!"

After speaking, she waved to Noah, "Come!"

Noah gave Dave a dry look, and hurriedly accompanied the Lady Xiao to turn around and leave.

Looking at their backs, Dave couldn't help but shook his head again and again, and sighed: "I didn't expect that the Xiao family would be reduced to a property seller. That set of furniture was father's favorite during his lifetime. It's a shame to sell it!"

Avella knew that her father had a lot of affection for that furniture, but she still came forward to comfort him: "Okay, Dad, grandma has a temper. It's impossible for her to sell that furniture to you. Let's take a look at the others."

"Yeah." Dave sighed, and immediately said to the shopping guide: "Let me take a look again, your Hainanese materials are too expensive, and for Myanmar materials waiting is too long."

Chapter 782

The shopping guide nodded and said, "If you need it, come back."

Turning around, Mrs. Xiao's family has disappeared.

Dave went to several shops selling Classical, but it seemed that he didn't see the one he liked.

Viola was anxious, so she proposed to buy other furniture such as the bedroom, dining room, etc., otherwise it is very likely that they would go shopping for nothing today.

Dave also felt that it was not a problem to look at it this way, so the family moved to the living hall.

Viola chose a set of tens of thousands of beds for herself, and Avella also chose a set of more than 10,000. Furniture such as wardrobes, dining tables, and storage cabinets were quickly available in the living hall.

They even bought all the household appliances they needed and other miscellaneous things for a total of more than 700,000.

Viola has been quietly settling accounts for Dave. Knowing that he still has more than 1.2 million left, she has an idea in her heart. If Dave really uses the money to buy a set of Classical sofas, it will really be any money. There is not much left, but if they just buy a good European style sofa, at least one million will be left.

So she kept mumbling next to Dave and said: "Dave, if you can't find a suitable Classical sofa, it's better to buy a set of European style first, and when you have money, let's just buy a set of 3 million. Isn't the Hainan red pear better?"

Dave knew what her idea was, so he said lightly: "You don't have to worry about what kind of sofa I buy. Anyway, the furniture for the bedroom, dining room, and recreation room are all available, enough for you."

Viola was very depressed, and blurted out: "Why don't you listen to persuasion! You buy a ready-made sofa and it will be delivered to your home in the afternoon. Tomorrow our family can move to a new house happily. But, if you continue to consume it, this little money can't buy Hainanese materials, and you can't look down on Burmese materials. How long will it be spent?"

Dave suddenly hesitated.

More than 1.2 million, buying Classical is indeed high or low.

If he continues to hesitate, it will definitely delay the normal use after moving.

If, according to Viola, buy a set of European-style sofa now, it can be delivered in the afternoon, and they can move in tomorrow.

When Dave was hesitant, Marven suddenly said, "Dad, I think Mrs. Xiao will definitely contact you after a while."

Dave asked subconsciously: "Why?"

Marven smiled and said, "Because of the money! That set of furniture must be sold for less than 1.1 million. It is estimated that you will have the highest price after a round, so it must be sold to you."

Viola said contemptuously: "What are you talking nonsense? Didn't you listen to the Old Lady just now? Even she will chop and burn wood, but won't sell it to us!"

"So what?" Marven said calmly, "They are now at the poorest time. Dad is willing to pay an extra 100,000. This 100,000 is a large sum for them. The Lady Xiao is so smart. People who are smart will definitely not throw away this 100,000 for nothing."

Viola curled her lips and said: "Just can you? Do you think you can see a feng shui fool, so you can see through everything? Based on my understanding of the Lady Xiao, if she can swallow this breath, take this Sell the furniture to us, and I will eat that set of furniture raw!"

As soon as the voice fell, Dave's cell phone rang suddenly, and he was surprised and said, "It's my eldest brother."

After speaking, he quickly picked up the phone to connect.

Noah said coldly on the phone, "You said just now that you want this set of furniture for \$1.2 million, is it true?"

Chapter 783

When Dave heard this, he said with excitement: "Of course it is true, 1.2 million, I want it!"

Noah said angrily: "Okay, since you really want it, put the money on mother's card, and this furniture will be sold to you!"

Dave left an eye on it and said, "In this way, you send the furniture to Tomson. After the furniture is unloaded, I will pay immediately."

Noah on the other side of the phone hesitated for a moment, and said, "Okay, things are in the car now and can be transported at any time."

Dave hurriedly said, "Well, let's see you at Tomson! I'll wait for you there!"

After speaking, Dave immediately hung up and said excitedly: "Marven, you guessed it! They are willing to sell!"

Viola's expression suddenly became very ugly.

Not only did she just say something, she was slapped in the face by a phone call by Dave, but more importantly, if Dave bought the old furniture with this 1.2 million, wouldn't the family have no money?

Thinking of this, Viola was extremely depressed, and the look in Marven's eyes was almost humane.

Marven didn't bother to talk to Viola, he knew exactly what Viola wanted, so the more she couldn't get it, the more interesting he found it.

It just so happened that the family of four had also bought other furniture, so Marven drove the car and drove the family to Tomson.

Tomson's villa has been completely completed. Except for the lack of furniture, everything else is full of incomparable luxury. The decoration of the living room is magnificent. The whole floor is polished by natural marble, like a mirror, which makes people feel like a mirror. It feels magnificent.

Viola looked at the extravagant decoration, her pores were stretched out, and she was happy from ear to ear.

Dave was also inexplicably surprised, and said with emotion: "When I saw it last time, the decoration was not finished yet, and the living room is still covered with scratch-resistant floor mats. I can't see the details. If I look at it today, it looks more stylish than the palace!"

Avella does the decoration herself, so you can see the cost of the decoration of this villa at a glance. She pulled Marven aside and whispered: "This decoration probably costs tens of millions. Why is Solmon Wang doing this? Generous?"

Marven said: "After all, it's a rich man. A villa worth more than one billion is given away, so tens of millions of decorations are nothing."

"Okay..." Avella stuck her tongue out and said, "This is the first time I have seen such a high-standard residential decoration. It's too scary."

Marven smiled without saying a word.

In his mind, there are still many memories of being in the Wade family as a child.

The Wade Family Mansion in my memory was many times more luxurious than this ten or twenty years ago.

Just when Avella's family of three were amazed by the luxurious decoration of the villa, Noah led the truck with the goods and arrived at the door of Tomson Villa.

Dave was overjoyed and hurried out to direct the porters to move the Hainan Classical furniture into the villa.

Old Mrs. Xiao took Noah, Jay and Theresa, got out of the car and took a look in the courtyard. After the villa's courtyard was renovated, it was much more luxurious than before, and the four of them felt uncomfortable to death.

Noah went into the villa because he had to follow in to see how the furniture was moved. When he came out, his face looked many times uglier than before.

Mrs. Xiao couldn't help asking: "Noah, how is the decoration inside?"

"Hey..." Noah sighed and said uncomfortably: "I have never seen such a luxurious decoration! It's so dizzy!"

"Really?!" The Old Mrs. Xiao came to her energy, blurted out: "I want to go in and take a look!"

Jay also wanted to see and insight, so he hurriedly said: "Grandma, I will join you!"

Theresa looked at this villa with an extremely complicated mood.

She used to be the fiancée of Gerald, and this villa was owned by Gerald's uncle Solmon Wang. If she had married Gerald, she could not only come here often, but might even live here.

Chapter 784

But now, the one who is about to live here is Avella, who she has never looked down upon and has been very upset!

Thinking of this, she couldn't help saying: "Grandma, I'll be with you too!"

After speaking, she walked up quickly, and supported her grandma with her brother Jay from left to right.

The grandma walked into the living room, looking at the magnificent and carved decoration, they couldn't even speak in amazement.

Above the living room, there is an oversized ceiling of more than ten meters high. In the center is a huge and luxurious golden crystal lamp. The light is refracted through the crystal and it is colorful and it is so beautiful that it is suffocating!

Old Mrs. Xiao stood in the living room, her legs trembling.

Her own villa, if compared with this place, is simply a huge pit!

The decoration here is simply countless times stronger than that of her own villa!

The Lady Xiao couldn't help thinking, what a pleasant experience would it be if she could live here?

She's afraid that she just want to stay at home every day, look here, touch there...

It's a pity that she has no life!

This son, Dave, doesn't look at the usual squanderings, he is really lucky in choosing a son-in-law.

Who would have thought that the smelly rug from an orphanage like Marven could have such good luck?

Knowing this a long time ago, she would never look down on Marven at the beginning, and be polite to him when she said thing, and be polite to Dave's family. In that case, she might have the opportunity to live in this luxurious villa.

It is a pity that she had clearly severed the relationship with Dave at the beginning, even if she wanted to restore the relationship with him, she would not agree...

Jay and Theresa on the side felt even more uncomfortable.

Theresa looked at this palace-like living room, her eyes even turned red.

If it wasn't grandma who had offended Marven, how could the Wang family retreat from her?

She should have become the young daughter in law of the Wang family, but now, after being played by Fredmen and Barena, her reputation in Aurous Hill has been completely ruined. During this time, she didn't even have a suitor by her side. She wanted to marry a rich family. It's a foolish dream!

When the grandmom and granddaughter were thinking about themselves, the porter had moved all the furniture into the living room.

Dave took a count and checked one by one to make sure that everything was okay, and he was extremely excited.

He is really sentimental about this set of furniture, and it can be said that it is the best result to buy this set of furniture.

So he came to the Old Mrs. Xiao with a look of excitement and said: "Mom, there is nothing wrong with the furniture, how can I pay you?"

The Old Mrs. Xiao looked at Dave with a complicated expression, and said, "Dave, you are also mom's son. Since you like this set of furniture so much, this furniture mom will give to you."

Dave hurriedly said: "Mom, how can this work? One size fits one size. Even if you send me these pieces of furniture, eldest brother won't agree. Besides, isn't the family short of money right now? Maybe it can help the family."

Mrs. Xiao shook her head and said earnestly, "Dave, I know what you want, but don't worry. The Xiao family is still has your mother and I am in charge. As long as I say this furniture is given to you, it is yours."

When Dave heard this, he said gratefully: "Thank you mom!"

Viola on the side was also very excited. Is this the Lady Xiao changing her s3x? If she doesn't want it, just doesn't want it? That's great! She has another chance!

Unexpectedly, Mrs. Xiao sighed pitifully at this time: "Dave, Xiao's villa will be taken away soon. By that time, your mother and I will be sleeping on the street. Your villa is so big and luxurious, isn't it? Shouldn't you leave a bedroom for mom?"

Chapter 785

As soon as Mrs. Xiao said this, the expressions of everyone present changed!

Viola was the first to change his face!

She instantly understood the intention of the Lady Xiao!

Good Old Lady! What an old fox! It's fake that she gives furniture, it's real that she want to live in our big villa!

Finally asked you to get rid of the Xiao family, even better than the Xiao family, and can crush the Xiao family.

As a result, she suddenly licked their face and wanted to live in the big villa?

Is she worthy?

Dave was not a fool either. The last second was indeed touched by the generosity of the Lady Xiao, but in this second, he immediately understood the Lady Xiao's intentions.

He knew that if he let the Lady Xiao live in his new villa, it would simply lead the wolf into the house, and the whole family would be disturbed, so he could not agree to anything.

Marven was also a little worried, if this old woman really lived in, that day would be totally turned upside down!

Not only the Marven and the family was shocked, but Jay and Theresa next to them were even more shocked!

Not only are they shocked, they are also very angry!

The Lady Xiao's meaning is too obvious, this is to go directly to curry with Dave's family, and then move over to live with them.

In that case, what should a family of three do? !

Their mother rolled 15 million and ran away. The father is almost penniless now, and their siblings have no savings.

The only reliance is the batch of antiques hidden in the hands of the Lady Xiao. If she defected to Dave's family at this time, wouldn't her family be ruined? !

Once the bank takes away the villa, the family will sleep on the street!

Just when they were tense, Viola took the lead. She looked at Mrs. Xiao with contempt, and said coldly: "Oh, your wishful thinking is really good. Please kick us out first. Let us live now. It's a big villa, so you want to exchange a set of broken furniture for a room? Do you know how much my villa is? 130 million! Counting the decoration, maybe it's 150 million, a bedroom At least it's worth tens of millions. How much is your set of furniture?"

Old Mrs. Xiao only wants to live in this villa now, so facing Viola's ridicule, she said with an innocent look: "My daughter, this set of furniture is a little bit of care from mom to send you to the house. How can my heart use money? How about measuring?"

Viola immediately said: "Don't come to this set. Let's use money to measure it. Isn't it 1.2 million? We would rather give you than let you move in. If you move in it is not going to be a good omen for us. That's it?"

Dave also instantly realized.

Yes, if Mrs. Xiao also moved in, then his life would be no different from h*ll.

So he immediately said to Mrs. Xiao: "Mom, you give me a card number, and I will send the money!"

Seeing that Dave was not fooled, Mrs. Xiao suddenly lowered her face and asked in a cold voice, "What? Are you obliged to break up with your mother?"

Dave hurriedly said: "Mom, I didn't tell you to make a clean break, but you said, but in my eyes, you will always be my mother."

"Where is your mother in your eyes?" Old Mrs. Xiao said angrily, "You don't want to leave me a room in such a big villa. You would rather see me starving to death or freezing to death outside. Don't want to support me! Your conscience has been eaten by dogs!"

Before Dave had time to speak, Viola blurted out: "Don't fix that useless thing. Sell sofas and sell. Why do you still rely on us? Tell you, you were the one who broke the relationship and drove us out. Now you regret it, but we don't regret it. After leaving Xiao's house, you don't know how happy we were. If you ask us to restore the relationship now, we will not agree."

Chapter 786

Dave also nodded again and again.

He knows what it feels like to have a b*tch in the house, it's just like jumping around.

If there are two shrews in the family, don't ask for this one.

So he was cruel and said: "Mom, give me a card number, I will send you the money, or you can let these porters move the furniture."

The Old Mrs. Xiao was very angry, and she pointed to Dave and was about to come up and slap him. Fortunately, Dave reacted quickly and took two steps back to make the Lady Xiao rush away.

She was shivering with Dave's attitude, and what was even more depressing was that she had no chance to enjoy such a luxurious and extravagant villa, which made every pore in her body feel as uncomfortable as a needle.

However, there is no other way right now.

She could only glared at Dave, gritted her teeth and said: "Okay! Really my good son! From now on, we will completely cut off all relations! Even if I die, don't come!"

Viola answered, "That's just right, it saves us trouble."

"you....."

Old Mrs. Xiao coughed violently, took out a bank card, and shouted to Dave: "Transfer money! You have to give me 1.21 million!"

Viola frowned and asked, "Why give you 1.21 million? Didn't you say 1.2 million?"

The Lady Xiao said angrily: "I hired a car and hired people for nothing?"

Viola said coldly: "What does it have to do with us when you hired someone and hired a car? Why don't you ask for money for the paper you sh!t and wipe your a** in the morning? Do you want me to reimburse you?"

Old Mrs. Xiao gritted her teeth and cursed: "You shrew, I will tear your broken mouth!"

With that, the Lady Xiao stretched out her hand to catch Viola.

Viola is not Dave, she is not at all polite, she just shakes her hand to open the Lady Xiao's hand forcefully, and coldly said: "Why? Still want to do it? You are right, I am indeed a shrew, but you are not something. Good bird! You old shrew, do it with me at my house, believe it or not, I'll suck you with my big mouth?"

Having been bullied and despised by the Lady Xiao for so many years, Viola had long wanted to avenge this revenge. She had never had a chance before, but today is a godsend.

The Old Mrs. Xiao didn't expect that Viola was really not afraid of her at all. Although angry, there was really no way to do it.

At this time, Dave took the phone to operate, and then said to the Lady Xiao: "Mom, 1.21 million has been sent to you, you can check it, please go back if there is no problem."

Viola blurted out: "You have the money to burn? Give me the 10,000 to do a few spas. What can I do for her? Isn't this feeding the dog?"

Dave waved his hand: "Okay, don't say a few words!"

Mrs. Xiao received a text message on her mobile phone at this time. When she took it out, she found that her account had reached 1.21 million. So she observed at Viola and said coldly: "Viola, wait for me. Open your mouth!"

After that, she said to Jay and Theresa: "Let's go!"

Jay and Theresa breathed a sigh of relief.

They are really afraid that their second uncle Dave is not firm enough. If they really agree to let the Lady Xiao live in, their family of three will be over.

Fortunately, they didn't let the Lady Xiao succeed!

Chapter 787

Outside the villa, Noah saw the Lady Xiao coming out with his son and daughter, and immediately asked: "Mom, have you received the money?"

Old Mrs. Xiao said with a black face: "Hey, let's go!"

Seeing that Mrs. Xiao seemed very angry, Noah hurriedly grabbed Jay and asked in a low voice, "What's the matter? Why is your grandma angry?"

Jay waited for his sister and grandma to go farther, and then whispered, "Dad, grandma is such a thing!"

"Why do you say it!" Noah let out a low growl, and reprimanded: "We all rely on your grandma now. You say that to her. What if she hears it?"

Jay said angrily: "Dad! Do you know what grandma said to second uncle? She said that the furniture was given to second uncle for nothing. As long as second uncle keeps a room for her in this villa, let her Come live! Fortunately, the second uncle ignored her, and Viola even scolded her!"

"What?!" Noah's expression suddenly changed when he heard this!

OK!

My own mother is really a mess!

Before the accident, she didn't look down on brother's family, and she was the one who drove them away.

Now that the Xiao family is no longer working, and younger brother's house is a big villa again, she wants to turn her back?

She wants to live in a big villa with all her heart, and doesn't consider it for our family of three at all!

His sl*t wife ran away with money, and the family of three had no source of income. It all relied on her to sell old things for emergency. At this time, she want to abandon them and go for her own good!

Thinking of this, Noah was too angry!

But he also dared not say anything, so he could only whisper to Jay: "We have to find a way to get the antiques left by your grandfather from your grandma, so that we can save ourselves."

Jay hurriedly said: "Grandma has always been reluctant to say it! I keep asking her, she has never answered me directly, the old woman is very good!"

Noah said coldly: "Come slowly, keep an eye on your grandma these next two days, except for going to the toilet, follow her closely!"

"It is good!"

.....

The Xiao family is gone, and Viola is in the new villa, laughing triumphantly.

Although she still hated Dave's changing his mobile phone password to Meiqing's birthday, and she also hated Dave for spending all money without giving her, but today she stunned the Lady Xiao. She swept away the grievances of more than two decades and was extremely happy.

Even more happily, she is finally moving into this villa!

Such a luxurious house, she didn't even dare to dream of it before, but now it is in front of her eyes!

Now only the sofa furniture has arrived, but in the afternoon, the people in the furniture store will bring other furniture and home appliances one after another, and then they can officially move in!

Viola was very excited, and said to Avella: "Your dad and I will live in the biggest bedroom on the third floor!"

Avella nodded and said, "You can live on the third floor. Marven and I live on the second floor."

Then, she said again: "By the way, I promised Elsa before we moved the villa to leave her a room. Elsa has been in Aurous Hill for a long time, and she has been living in a hotel, which is very pitiful."

Viola hurriedly asked, "Is that Elsa from Eastcliff Dong's family?"

"Yes." Avella said: "It's her."

Viola smiled and said: "Okay! The Dong family is very powerful, and the strength is comparable to that of the Song family. You have a good relationship with her, and she may be of great use in the future!"

After speaking, Viola hurried to the elevator and said: "I will go up to the third floor to see how the bedroom is arranged!"

Marven said to Avella, "Shall we go to the second floor to have a look?"

Avella nodded and walked up the stairs with him to the second floor.

Chapter 788

The layout of the second floor is the same as that of the third floor. There are three rooms, including one large bedroom and two smaller bedrooms.

The large bedroom is a suite, with a living area outside and a separate bathroom.

Of course Marven and Avella chose this room, and then left the bedroom next door to Elsa.

There is also a room on the second floor. Avella planned it into her own study. Her company often had to produce design drawings and construction plans, so she needed a room where she could work.

Marven and Avella looked around in the room and deliberately said to Avella: "My wife, the bed we bought seems to be two meters wide, right?"

"Yeah." Avella nodded, and said, "This bedroom is too big. It's not nice to choose a 1.8-meter bed."

Marven said with a smile: "The two-meter-three bed, you sleep alone, is it too wide?"

Avella understood the meaning of his words at once, her face flushed, and asked in a low voice, "What do you mean?"

Marven smiled and said, "Wife, don't you understand what I mean? I have been sleeping on the floor for three years. Should I not go up one level?"

Avella said embarrassedly: "What level of promotion? I don't understand what you are saying."

Marven said hurriedly, "I just upgraded from the ground to the bed."

Avella said with a blushing face: "No one said that you would not be allowed to upgrade. Once I asked you if it was cold on the ground, and you still said if it was cold, and you don't want to get up, who do you blame?"

When Marven heard this, his eyebrows were instantly pleased, and he smiled: "My wife, after we move to a new house, I will officially upgrade, OK?"

Avella was very shy and said, "It's up to you!"

After speaking, she hurried out of the room.

Marven felt very happy. After sleeping on this floor for more than three years, it seemed that it was time to stand up and sing!

.....

In the afternoon, people from the furniture company drove several trucks over to deliver and install them.

There are two bedrooms on the second and third floors, and an additional study room on the second floor.

In one afternoon, all the furniture and home appliances were all available, and only a few pots and pans, bedding and pillows and other daily necessities, one can live here directly.

Viola lay on her large bed of more than 100,000, rolling in excitement, and said to Dave, "I plan not to leave today, and I will sleep here at night!"

Dave frowned and said, "How can you live tonight? There are no bedding and toiletries!"

Viola said, "I don't want to go back to live in that broken house anyway!"

Dave said with a bit of disgust: "You can't live with it. Anyway, I will go back to live tonight, and I will pack my things and move them in together. If you don't go, you can live here by yourself."

Viola thought that there was no quilt, and said angrily: "Well, let's go back to clean up together at night, and find a car tomorrow to move in all at once!"

After speaking, Viola deliberately asked: "How much money is left in our house?"

Dave asked vigilantly: "Why are you asking this?"

Viola said, "I just ask, can't it work?"

Dave said: "There are tens of thousands at home. I warn you not to use the idea of this money. If you want to spend money in the future, you can go out and earn it by yourself. Otherwise, in this house, you will eat, live in, and have you. It is used, but it is not spent by you!"

As soon as Viola heard this, the fire in her heart could no longer be suppressed, she blurted out: "Dave, I f*cking gave you a face, didn't I? You and me have become more and more arrogant these past few days!"

Dave asked in a cold voice, "Don't forget, you have lost more than two million in the family. I am so kind to you!"

Viola scolded, "You fcking don't fck with me! You changed your phone password to Meiqing's birthday. I haven't counted the f*cking account with you yet! I really didn't expect it! I have given birth to your child for more than 20 years, and you are still thinking about the vixen who suffered a thousand swords! What's the matter, you still want to keep the sound of the vixen with that fox?!"

Chapter 789

Viola's words made Dave panicked!

He knew about Viola secretly unlocking his mobile phone, but he thought he had changed the password, Viola must have guessed it incorrectly, but he did not expect that Viola knew that he changed the password to Meiqing's birthday!

This made him feel flustered for a while, and at the same time he was afraid for a while!

Fortunately, he had set a separate payment password by myself, otherwise, the money might have been taken away by Viola!

Seeing Dave's stubbornness, Viola immediately broke out, and gritted her teeth and cursed: "Aren't you very good these past two days? Hit me, scold me, and show me your face. Why are you dumb now? Didn't you let me say that bit of your dirty mind?"

Dave blurted out: "You don't want to talk nonsense here, I don't have any dirty thoughts!"

"bulls*it!" Viola scolded: "The phone password has been changed to adult birthday, and you told me that you have no dirty thoughts? Fortunately, the vixen who suffered a thousand swords has gone to the United States. Otherwise, you can't bear me. Cheating with her?!"

Dave blushed and said, "Why are you like this? Why is Meiqing a vixen? Back then, Meiqing and I dealt with each other very well. You got me drunk and had a relationship with me, and she went awya from me afterwards. Meiqing intervenes with a third party, you are a fox, OK?"

Viola said angrily: "I am a fox? My f*cking child is from you, I am a fox?"

Dave was also furious, and blurted out: "You are a vixen! If you hadn't had s3x with me when I was drunk, I would have married Meiqing!"

As soon as Viola heard this, she rushed to Dave's face in two steps, went up and slapped him, hysterically scolding: "You f*cking dare to call me a vixen, and dare to defend Meiqing, Viola fights with you today! "

Dave was slapped and trembling with anger. He kicked Viola to the side and pointed to her nose and cursed: "I have tolerated you for more than 20 years. I have had enough of you! We will get divorced immediately! We just moved into the villa right away, and there are many bedrooms. We will separate first before we go through the divorce procedures!"

Viola was kicked and sat on the ground, crying loudly: "Dave! You ungrateful b@stard, I have been with you for so many years and have suffered so much. You still think about other women! Now you have to divorce me! I want my daughter to make the decision for me!"

After finishing speaking, she cried loudly in the direction of the door: "My dear daughter, you have to call the shots for your mother, your mother is wronged! Your father is not a thing!"

At this time, Avella was setting up the study room on the second floor with Marven. When she heard the upstairs crying and noisy, Avella hurriedly said: "It's broken, they're fighting again!"

After speaking, she rushed out the door.

Of course Marven followed closely behind.

The two hurried upstairs, and as soon as they entered Master bedroom on the third floor, they saw Viola sitting on the ground, crying tears blurred, and at the same time slapped the ground with both hands, crying: "My dear girl, you came, if you don't come, your mother will let your dad, this unscrupulous b@stard, be beaten to death!"

Avella hurriedly wanted to help her, and at the same time asked: "What's wrong with you? The new house has just been finished. Isn't it very happy occasion? Why are you two arguing again?"

Viola pointed at Dave and cried and said, "Your dad, shameless, changed his mobile phone password to the birthday of his first love. Just now he pointed to my nose and called me a vixen. I was pregnant with you back then, and he has long been flying with his first love. He dislikes his wife!"

When Avella heard this, she was really uncomfortable, and hurriedly asked Dave, "Dad, is what mom said is true?"

Dave's expression was extremely ugly and embarrassed, he didn't know how to explain it.

He did change the phone password to Meiqing's birthday, and he did call Viola a vixen.

However, Viola is really vicious! he never said anything to dislike his daughter.

Chapter 790

So he could only bite the bullet and explained: "Avella, what I told your mother about us back then was not against you. Dad never disliked you."

Avella didn't know the stories back then, and couldn't help but say a little bit of dissatisfaction: "Dad, I don't care what happened between you and mom, and whether there was still between you and mom. The third one, I only know that you have married more than 20 years ago. This is a marriage of your own choice. You must give this marriage enough respect!"

"Like you, changing your mobile phone password to the birthday of your first lover is an infidelity to your marriage! If you don't love your wife or hate your wife, you can divorce your wife and pursue your own happiness, but you can't just do something like this before a marriage is over!"

Dave suddenly felt helpless.

He also knew that his daughter was right, and that he did not divorce Viola, so he changed the phone password to the birthday of his first love, which really shouldn't be.

So he said ashamed: "Avella, you are right about this. Dad did a bad job. Dad apologizes to you."

Avella said, "You should apologize to mom, not me."

Dave can only bite the bullet and say to Viola: "My fault, I shouldn't change the password to Meiqing's birthday, nor should I do it with you, I will review."

Viola succeeded, and immediately said: "You immediately change your mobile phone password to my birthday, and then change your bank login password and payment password to my birthday!"

Dave rebuked: "Aren't you just trying to control money? What's the point of acting in so many dramas?"

Viola made a strong argument: "I don't want to manage money, I hope you will give me the respect I deserve!"

Dave nodded and said, "Okay! You want the password changed, right? I will change it now."

After finishing speaking, he immediately took out his mobile phone, advanced to mobile banking, and transferred the remaining tens of thousands to Marven, and then changed the password to Viola's birthday.

After finishing all these, Dave said coldly, "Okay, I have changed everything, are you satisfied?"

Viola immediately snatched the phone from him and said, "I will check it first!"

After that, enter her birthday to unlock, and then hurriedly enter the mobile banking.

As a result, when she saw that the balance turned out to be zero, her heart suddenly became angry!

Money? !

Obviously there are tens of thousands of left!

She hurriedly checked the transfer records and discovered that just now, Dave had transferred all the money to Marven!

This old thing would rather transfer all the money back to Marven than let himself get a point!

However, Viola couldn't do anything else for a while.

She can't ask the whereabouts of the money in front of her daughter, it seems that it was all about the money!

She had to grit teeth, jot down this in her heart, and then slowly calculate with Dave!
