

The Amazing Son In-Law Chapter 851-860

Chapter 851

The driver drove the Rolls-Royce Phantom away, and Marvin also drove the fifth-series BMW of the Old Master.

As soon as the car stopped in front of the three people, the Old Master hurriedly opened the rear door, and the gentleman said to Meiqing: "Meiqing, please first!"

Meiqing nodded and smiled, bending down and getting into the car.

Immediately afterwards, Paul seemed to go to sit with his mother in the back row on the other side, but Dave said to him: "Oh, Paul, you and Marvin are both young people. You should have many topics in common. Have a good chat with him while driving!"

After speaking, without waiting for Paul's promise, he already came to the back door on the other side, opened the car door and sat in.

Paul had no choice but to get into the co-pilot.

Marvin drove toward the city, and Dave in the back row said to Meiqing with a little embarrassment: "Oh, Meiqing, this car is a bit crude, and I hope you don't mind too much."

Meiqing said helplessly: "Dave, I have already told you, I don't care about these things, so you don't have to mention them all the time."

"Yes, yes." Dave complimented: "I don't mean you care, I just feel that this car is not worthy of your temperament. Look at how you look like a fifty-year-old middle-aged and elderly person. It's less than forty! A woman with temperament like you should ride in a top luxury car like a Rolls-Royce."

When Meiqing heard him complimenting herself, her face flushed slightly, and she smiled and said, "After so many years, you still speak so well."

Dave smiled and said, "What I said is all from the bottom of my heart."

Meiqing nodded and asked him, "By the way, how are you doing for so many years?"

Dave sighed and said angrily: "I have done it, that is, to be honest, after graduating from university, I have not been so happy."

Meiqing asked in a low voice, "Are you and Viola unhappy?"

"Happiness?" Dave gave a wry smile and exclaimed: "I have never had these two words with her for more than 20 years."

Seeing Dave's wry smile, there was an inexhaustible pain, and a distress and regret flashed in Meiqing's beautiful eyes.

She remembered the thing that she could not forget the eve of college graduation.

That day, her roommate ran back, crying and said to her that her boyfriend took her for the first time after drinking.

She suddenly felt a bolt from the blue sky, and the whole person was on the verge of collapse.

At that time, she had already started happily planning the route after graduation. The family arranged for herself and her boyfriend to go abroad for further study, so that the two could stay and fly together, and at the same time, they could get a higher diploma together and come back later. Serve the country and become a pillar of the country.

But who would have thought that suddenly, such a disintegrating thing would happen.

At that time, her roommate was still crying and confessing in front of her, saying that she was sorry for her and that her boyfriend was too drunk and didn't know.

But how can she not mind?

My boyfriend is sleeping with her roommate, how could she not care?

Especially her own character, she is born to emphasize feelings rather than interests. For the one she loves, she can be wronged by heaven, but she must never allow her beloved to betray her or have any flaws in her relationship. .

Therefore, she could not accept such a thing, so she chose to quit, and left Wrestvel and China sadly.

Even after going abroad, she was even more shocked when she learned that her ex-boyfriend had married that roommate.

Chapter 852

At that time, it happened that an American boy was madly pursuing her, so out of anger, and out of wanting to forget the past as soon as possible, she agreed to the other party's pursuit.

As a result, the two quickly married, got married, and soon had a child.

That American boy was very kind to her and cared for her for a lifetime, but she has been unable to forget her ex-boyfriend for more than 20 years.

When she looked back at that period of history, she realized that she had been deliberate and fooled by others.

The roommate didn't come to her to confess at all, nor did she really hope that she would not mind this. She just hoped that she would mind, that she couldn't let it go, and she wanted to take the initiative to quit, and then handed her ex-boyfriend to her.

But the oneself back then was still too young, too proud, too focused on the principles of life and the purity of feelings, so she gave up her beloved man. Right in the arms of that roommate.

Because of Dave's unforgettable heart, Meiqing's married life was actually very painful.

Her husband loved her very much, and she had fulfilled the responsibilities and obligations of a good wife, never betrayed him, took good care of her family and child, and even helped him a lot in his career.

However, deep in her heart, she knew that this was just a life of supporting and respecting him. Although she thanked him very much, respected him, cared for him, she did not love him.

The marriage without love lasted for more than 20 years, and her husband died because of cancer.

Meiqing took care of her husband wholeheartedly until he was buried.

After her husband was buried, Meiqing's heart suddenly became empty.

At this time, she realized that she had completely fulfilled all her obligations to her husband as a wife.

Virtuous, loyal, caring for the family, passing on from generation to generation, she goes all out at every point.

However, after her husband died, she suddenly realized that her life should be lived for herself once.

So, she resolutely prepared to return home.

And what she wanted to see most when she returned to China was Dave, who was impulsively handed over to Viola.

However, she really did not expect that Dave and Viola would be so unhappy.

In the words of Dave, He hasn't felt happiness in more than 20 years, so how much torment in these days?

Although she hasn't felt true love for more than 20 years, but fortunately, her husband treats her very well, even if there is no love, at least he is still very happy.

Dave was also very melancholy at this time.

For more than twenty years, he has been regretting that he had drunk too much that night.

For more than 20 years, he has never loved Viola, nor has he felt the happiness of his family.

He has been obsessed with Meiqing for more than 20 years, and it is more than 20 years since he saw Meiqing again and her scorching demeanor. His heart is full of regret.

He should have been with this perfect, humble, intellectual and understanding woman for half of his life.

But why, just missed her and came together with a shrew like Viola?

At this moment, Dave felt that what he had missed was the whole world!

Chapter 853

Dave recalled this in his heart, his eyes flushed, and two lines of tears could not help but flow out.

The main reason is that the current Meiqing is too perfect. Even if Marven saw it, he felt that she was more than 100,000 times stronger than Viola, and Dave spent more than 20 years with a b*tch who only had one in 100,000 of his ex-girlfriend. , Now that he looks at Meiqing and thinks about it again, can he feel uncomfortable in his heart?

When Meiqing saw Dave's tears, she felt even more uncomfortable.

She also regretted.

Regret shouldn't have left him on impulse.

In the past twenty years, he has not been happy and he has no love.

Both people suffered the same torture.

Since this is the case, why did separate separate in the first place?

She knew that he couldn't like Viola.

She knew that he must have completely lost consciousness before being taken advantage of by Viola.

She even knew in the subconscious that Viola was behind the scenes.

However, she couldn't help that arrogance at the time.

The results of it? For more than 20 years, the two people have no real happiness.

Thinking of this, Meiqing felt very uncomfortable.

She quietly took out a pack of tissues from her bag, took out one, and stuffed it into Dave's hand.

Dave originally turned his face to the window, not wanting Meiqing to see his tears, but suddenly he was stuffed with a tissue in his hand. He hurriedly looked at Meiqing on the side, only to find that her eyes were also choked. Tears, tears gleaming.

At this moment, Dave asked herself in his heart, does Meiqing still have feelings for him? !

If she really still has feelings for him, can she reconnect with her? !

Thinking of this, when he was excited, he suddenly became nervous again.

He was nervous, where did Viola go, and will she come back?

If she didn't come back, how nice it would be!

He can pursue Meiqing wholeheartedly!

He is already fifty years old, and if he doesn't pursue true love, he will never have love for his life!

But what if Viola comes back...

If that b*tch knew that Meiqing was back, she would be crazy! She will definitely observe at her, and will never let him have the opportunity to meet or contact Meiqing!

More importantly, once Viola sees Meiqing now, she will definitely be stimulated.

Because now Meiqing is much more beautiful than Viola, and more temperamental than her, more educated than her, richer than her, and more cultivated than her, in every aspect, she is much better than her.

So compared to her, Viola is just a mess of stinky sh!t.

Chapter 854

Dave couldn't help begging to heaven in his heart, hoping that Viola would never come back. She had harmed him for more than 20 years, so she should give him some freedom. After all, it was really not easy to bear her for more than 20 years.

If Viola never comes back, then he believes that he must have the opportunity to continue to be with Meiqing and to continue his relationship.

Moreover, he thinks that Meiqing's son is still a very nice person, and he should be able to accept him as his stepdad.

And his daughter Avella is also a more sensible and filial girl.

If her mother indeed goes missing, she would not object to his search for his second spring without gambling. After all, it is impossible for him to live alone after Viola disappeared.

The only thing he worried about now was whether Viola, a woman, would return.

So he can only pray to God.

And he didn't know at this moment. It is not God that can decide all of this, but his son-in-law, Marven.

.....

After Marven drove to Shangri-La, the hotel staff immediately stepped forward and opened the door.

He handed the car to the waiter who parked the car, and then said to his father-in-law and his first love, Meiqing, mother and son: "Shangri-La is considered to be a relatively good hotel in Wrestvel. The local cuisine is the best. It's delicious. I've already booked a good box here, but I don't know if it fits the taste of the your personality."

Meiqing hurriedly said, "Oh, Mr. Marven, you are really too polite. I don't have any requirements for food, and I'm honest, after leaving Wrestvel for so many years, I still want to try our Wrestvel. The local flavors!"

Marven said with a smile: "Then you came to Shangri-La, you really didn't come wrong."

After all, he was next to Paul: "Mr. Paul, I don't know how you feel about Chinese dining? Are you still used to eating?"

Paul smiled and said, "Mr. Marven, don't forget that I am also half Chinese, and to be honest, I prefer Chinese food to those fast food and western food in the United States."

As he said, Paul hurriedly said: "By the way, let me tell you, my mother cooks very well. She is the best Chinese chef I have ever seen. She has great cooking skills."

Marven couldn't help but exclaimed: "I didn't expect Aunt to look so beautiful, have such a good temperament, and cook deliciously."

Meiqing said modestly: "Don't listen to this kid's nonsense, he brags too much for me."

Dave could not help but sigh at the side at this time: "When we were going to school together, you always said to cook for me, but at that time everyone was living on campus, and there was never a very suitable opportunity. More than 20 years have passed. Now, to be honest, I haven't eaten this meal yet..."

Meiqing smiled and said seriously: "Then if I have the opportunity, I can cook for you to taste. But I can put the shame on the front. My cooking is not as delicious as Paul said. If you are disappointed then If you do, don't blame me."

When Dave heard this, he became excited, and blurted out, "Really? When will you have time?"

After that, Dave couldn't wait to say: "If you have time, we can make an appointment at my house! What kind of dishes you will do, or what you want to do, tell me directly. I will buy and make all the ingredients in advance. Everything is prepared, and then you and Paul come to the house, you just cook, I'll help you, let the children just eat."

Meiqing said with some embarrassment: "Is this appropriate? Viola shouldn't want to see me, right?"

In yesterday's phone call, Dave told Meiqing that he and Viola had broken up and had separated, but there was no specific reason for that, and he did not say that Viola is now missing.

Therefore, Meiqing thought that the two had just separated bedrooms, but they still lived in a house, so they didn't want to go to his house, for fear that they would meet Viola again, not to mention that this woman is not a good thing.

Dave hurriedly waved his hand at this time, and said indifferently: "You don't have to worry about her. She is not at home now, and I don't know when she will be back. It will be impossible for a while."

Having said that, Dave said again: "In my opinion, choosing a day is better than hitting the sun! Let's have dinner in Shangri-La at noon, and then you will go back to the hotel to rest. Come to my house in the afternoon. We can cook together. Have a meal, so I can also introduce my daughter to you!"

Chapter 855

Dave's consideration was simple, because he was worried that Viola would come back suddenly in the next two days.

In case she suddenly returned home, then she would not have such a good opportunity.

Killing him, he would not dare to invite Meiqing to eat at his home while Viola is still at home.

In that case, Viola would probably hack him to death with a knife.

So he felt it. If he want to have such an opportunity, he must do it as soon as possible, and the sooner the better.

Meiqing couldn't help thinking back then.

Because her hometown was in Suzhou, when she was studying in Wrestvel, she could only live in a dormitory.

Moreover, when everyone was in love, they were relatively shy and low-key, and didn't dare to let the family know, so she always wanted to cook a meal for Dave, but she never found a suitable opportunity.

Back then it was not as convenient as it is now.

Now if you want to find a place to cook for couples, you can directly find a hotel apartment or a short-term rental family apartment to solve the problem, and there are kitchen utensils, everything.

But at that time, there was no such condition.

Even if you are staying in an ordinary guest house outside, you need to open a letter of introduction by your unit. Therefore, young people at that time are in love, it is impossible to go out to a hotel or guest house to open a room.

At that time, the school's own guest house did not need to open a letter of introduction, as long as the student ID can open a room, but ordinary students dare not go there to open a room, because they are likely to be caught by classmates and teachers.

The first time that Meiqing and Dave tasted the forbidden fruit was when Dave secretly took her home one night when there was no one in Xiao's house. The two of them hurriedly finished it at home.

After that, the two wanted to taste that taste again, they could only wait until Dave had no one at home.

However, in the Xiao family at that time, although the eldest brother Noah went to school in other places, most of the projects of Mr. Xiao were in the local area and he did not often go out.

And Mrs. Xiao seldom travels far, so the chance of no one at home was extremely rare.

Therefore, for a long time, when two people wanted to try the forbidden fruit, they could only choose to go to the school grove, or in the park of Wrestvel, or to abandoned houses or even construction sites.

Most college students of that era used this way to fall in love, and there was no way.

It seems crazy now, but it was really normal in that era. After all, young people's hormones need to be released and there is no suitable venue to choose from.

Especially the small woods in the school are the most popular. They are dark inside. There may be a pair every ten meters. Everyone can hear other people's voices, but no one says nothing and doesn't look at other people. A tacit understanding, each busy with own things.

Because no one can see who, and no one knows who it is, no one feels ashamed.

Sometimes, the school teacher took a flashlight to catch in the small woods. Thought that at most one or two couples could be caught in it, but unexpectedly, he was shocked as if he plunged into a pile of wild ducks. A sky full of wild ducks.

Now, when two people think back to the past in their hearts, especially when they think back to the bits and pieces of the two people together, even now they seem crazy, romantic, or shameful details. There is an extraordinary throbbing in heart.

Marven found that Meiqing's face suddenly turned red. And the whole person seems to be still shy.

He couldn't help thinking in his heart, didn't he just asked to go to the house to cook and eat? Why did this Aunt suddenly blush?

Then turned to see the Old Master beside him again, and found that his face turned red all of a sudden.

Chapter 856

Moreover, the whole person seemed very awkward, and he didn't know where to put both hands, so he could only keep rubbing with his fingertips.

Marven understood right away that the two middle-aged and elderly people must have some unusual memories about "cooking and eating" or about "going home with him".

Paul also found out that things didn't seem right, but he was too embarrassed to say anything, so he could only say to Marven, "Mr. Marven, let's go to the box first."

With that, he said to Meiqing: "Mom, you've been on the plane for more than ten hours. It should be quite tired. If you and Uncle Xiao want to talk, we can sit in the box and talk."

Only then did Meiqing suddenly come back to her senses. What she was thinking of just now was the past with Dave, and even recalled the details of her first time with Dave.

Nearly 50 years old, she blushed all of a sudden, and hurriedly followed her son's words and said: "Oh, that's right, you see we are all confused already, let's go sit in the box and talk!"

Dave also hurriedly echoed: "Yes, yes, we let's go to sit in the box, and all blamed me. I just thought about chatting, but I forgot about it!"

Marven shook his head helplessly, and even sighed in his heart. It seems that these two people are really fighting fire!

And it's the dry wood and raging fire that have been waiting for more than 20 years. If they meet together and give them a chance to burn, then it will definitely burn a raging fire...

.....

Marven led the way, leading everyone to Shangri-La's dining department.

The manager of the catering department had been instructed long ago. As soon as he saw Marven, he immediately greeted him and asked respectfully: "Hello sir, are you a member of Shangri-La?"

Marven shook his head and said, "I am not a member, but I have asked a friend to book a box for me."

The other party hurriedly asked again: "Then what is your surname? What box number is reserved?"

Marven said: "My surname is Ye, but I don't know what box number I booked. I booked the box through your President Zak Chen."

The other party immediately bowed respectfully and said: "So you are Mr. Marven. We have prepared the box for you. Please come with me."

Marven smiled slightly, nodded and said, "Thank you."

The manager of the catering department took the four people to the box. Paul asked Marven curiously: "Mr. Marven, do you know Mr. Zak Chen here?"

Marven nodded and smiled and said, "I know, but I'm not familiar."

Paul subconsciously said, "Shangri-La seems to be the property of the Ye family, and Mr. Zak Chen here is the spokesperson of the Ye family."

Marven looked at Paul in surprise, he really didn't expect this American to touch this place so clearly.

So he smiled and asked, "Mr. Paul must have done a lot of homework for Wrestvel, right?"

Paul nodded generously and said, "Before I was going to move the company to Wrestvel, I had already begun to understand some of the situation in Wrestvel. After all, the company was my father's painstaking effort. I could not bring it to a place without preparation. In a strange environment."

Marven couldn't help but admired: "Mr. Paul you are so meticulous and forward-looking. I believe you will be able to flourish in Wrestvel in the future."

Paul smiled slightly: "Mr. Marven passed the award."

After that, he suddenly remembered something. He looked at Marven and asked curiously: "Mr. Marven, your surname is Ye, and you know Mr. Zak Chen from Shangri-La. Are you from the Ye family of Orgeyon?"

Chapter 857

Marven really didn't expect that Paul could guess his identity all at once.

However, he knew that Paul was making just a guess, and he couldn't admit this kind of thing.

Marven was about to deny it, and the Old Master on the side laughed and said: "Oh, Paul, you really think too much. My son-in-law is the son-in-law recruited from our family. If he is from the Ye family, I am afraid that our family will fly on the branch and become a phoenix."

Although Dave is usually not very motivated, and he doesn't do any business. But he still knew the name of the Ye family in Orgeyon.

It can even be said that there are not many people in China who don't know the Ye Family because the Ye Family is so famous.

Because of this, it was impossible for him to believe that Marven belonged to the Ye family.

Because there are too many people surnamed Ye in this world, but there is only one Ye family.

He knew Marven's life experience very clearly. When he was young, he entered the orphanage. When he was 18, he went out to work on the construction site. When he was in his early 20s, he was taken home by his father and became his own son-in-law.

How could such a person belong to the Ye family?

If Marven would be Orgeyon Ye family, wouldn't he be the lost young master of the universe family?

As soon as Paul heard that Marven was the son-in-law, he immediately realized that he had guessed wrong. After all, what kind of family was the Ye family? How could such a family let their young master be the son-in-law of others? Even the president of the United States cannot have such qualifications.

So he smiled and said to Marven: "It seems that I have misunderstood. I'm sorry, but the main reason is that you are also named Ye, and this Shangri-La is the property of Ye family, so I think too much. I hope Mr. Marven will forgive me a lot."

Marven smiled slightly and said, "Mr. Paul, you don't have to be so polite."

While they were talking, the manager of the catering department took them to the door of the box, and respectfully said to the four people: "Mr. Marven and three distinguished guests, please come inside!"

The four of them stepped into the box, and Marven invited his father-in-law to sit in the main seat, and then said to his first love, Meiqing, "Aunt, sit with my father-in-law, after all, you have been so many years apart. You haven't met, there must be a lot of things you want to talk about."

Meiqing nodded, and said with a smile: "Yeah, then you can sit with Paul. I think your conversation is quite speculative."

Marven hurriedly nodded and agreed, but kept reminding himself in his own heart that he should be a little more cautious when speaking in front of Paul, because this person does not seem simple.

After sitting down, Marven handed the menu to the two elders and asked them to order some meals they liked.

Dave hurriedly said: "Oh, Meiqing, I still remember which dishes you like to eat, or let me have some?"

Meiqing asked in surprise: "No, after all these years, do you remember what I like to eat?"

Dave smiled and said, "Of course, I will definitely not forget this."

Having said that, Dave picked up the menu and ordered several dishes with the waiter, all of which were local dishes from Wrestvel.

Every time Dave ordered a dish, Meiqing's expression became even more surprised. After Dave ordered several times in one breath, she was already dumbfounded by surprise.

Because every dish he ordered was a Wrestvel dish that she liked very much back then.

Chapter 858

Meiqing couldn't help sighing: "I didn't expect that you still remember these dishes. To be honest, some of them I don't even remember now."

After speaking, Meiqing said again: "Actually, the food in my hometown of Suzhou is also delicious, but I don't know why after coming to Wrestvel and attending university, I prefer the local dishes of Wrestvel."

Dave smiled and said, "I still remember that you always said that you would make me some some dishes for me to try. It's a pity..."

Speaking of this, Dave hurriedly asked: “By the way, Meiqing, we said just now about going to my house to cook and eat. How are you thinking about it? To be honest, I have been waiting for so many years, and I want to realize this wish!”

When Meiqing heard this, her heart was even more moved, so she said, “I have no problem. I don’t know if Paul has time at night.”

After speaking, she looked at her son Paul and asked: “Son, do you have any other arrangements for the evening? If not, how about we go to your Uncle Xiao’s house for dinner together? I can also see Uncle Xiao’s daughter by the way.”

Paul simply nodded and smiled and said, “Then I really can’t ask for it.”

When Dave heard this, he became excited!

Immediately he blurted out: “In this case, then we’ll make it so, Meiqing, what dishes are you going to cook for the evening?”

Meiqing smiled and said, “Oh, now you let me say that I really can’t tell for a while...”

After that, she suddenly remembered something and smiled: “Why don’t we add a WeChat account for a while, I will tell you on WeChat when I think of it, and then I will trouble you to help me go to the vegetable market. Buy all the ingredients, oh yes, you will also send me your home address, and I will come with my son around 5:30 in the afternoon.”

Dave was so excited that he took out his mobile phone, opened his WeChat scan function, and said, “Meiqing, I will scan your phone.”

The two have not been in contact for more than 20 years. Even if it is Dave’s phone number, Meiqing asked for an old classmate to come temporarily, so the two have never added WeChat before.

In this era, WeChat has become more important than mobile phone numbers.

Your mobile phone number courier, food delivery person, and even telemarketing and telecom fraud scammers all know, but your WeChat must be for your good friend or someone you know.

Therefore, being able to add to WeChat is the closest contact method.

What’s more, after adding WeChat, you can see the other party’s circle of friends, you can see the other party’s photos, the other party’s videos, and every bit of the other party’s life.

If one person has feelings for another person, then he will definitely want to take a look at all his circle of friends.

At this moment, Dave and Meiqing had almost exactly the same thoughts.

Seeing that the two had already added WeChat, Paul on the side also took out his mobile phone and politely said to Marven: “Mr. Marven, why don’t we add WeChat to each other and leave a contact information.”

Marven actually doesn’t like adding strangers to WeChat, but since Paul took the initiative to say it, but he is not easy to refuse, so he turned on his mobile phone and scanned it and said: “ok, let me scan yours.”

After the two added WeChat, Paul asked Marven curiously: “Mr. Marven I want to know what do you do?”

Marven smiled slightly and said, “I’m not as high as I am. I just stay at home. My usual job is cleaning, washing clothes, buying vegetables, and cooking.”

After listening to Paul, he was taken aback, but he didn’t show any eyes or expressions that looked down upon Marven. He smiled and said, “Mr. Marven, this life is also very leisurely and elegant. To be honest, I am envious!”

Chapter 859

After all, Paul was born in a family of high-ranking intellectuals, so the overall quality is quite high, not like others, when he heard that Marven is the son-in-law, he looked at him differently.

And Marven didn’t feel any embarrassment. After all, it was not a day or two for him to be have the bad feelings about being the live-in son-in-law.

At this time, Paul said to Marven again: “By the way, Mr. Marven, since you know Mr. Zak Chen from Shangri-La, but I don’t know if it is convenient for you to take some time to recommend me? After all, I just moved the company back to Wrestvel. We also need to actively expand Wrestvel’s local resources and contacts. If Mr. Marven can help me with this, then I will definitely not treat you badly.”

Marven did not want Paul to know how close he was to Zak Chen. After all, he almost guessed the relationship between himself and the Ye family just now. If he really got to know Zak Chen through himself, he might have learned from it. Taste more details.

So he apologized and said to Paul: “Mr. Paul, to tell you, I don’t know Mr. Zak Chen, I just have a personal relationship with a friend of him, and I am ashamed of this, that person is I met when I helped others watch Feng Shui.”

“Feng Shui?” Paul asked in surprise: “Mr. Marven, are you a Feng Shui master?”

Marven smiled lightly and said calmly: “I can’t talk about what Feng Shui master is. It’s nothing more than reading a few books and learning with the Old Master for a while. To put it bluntly, it’s somewhat foolish.”

Dave on the side was afraid that Marven would be embarrassed, and asked roundly, “By the way, Paul, what business does your company do? They have moved from the United States to Wrestvel specifically, so the business should be very large, right?”

Paul smiled and said: "Uncle Xiao, our company is actually a multinational law firm, mainly providing high-end legal support for some Fortune 500 companies."

Dave asked in surprise, "Paul, are you a lawyer yourself?"

Paul nodded and said, "Yes, Uncle Xiao, my dad and I both lawyers. To be clear, I have inherited his mantle."

Dave said with emotion: "The requirements for being a lawyer in the United States seem to be very high, right? Generally speaking, it seems that you need a PhD?"

Paul smiled slightly and said: "Uncle Xiao, you are right. There are two professions in the United States that have the highest requirements for academic qualifications. One is a doctor and the other is a lawyer. Generally speaking, a registered lawyer must be at least a law school Graduate with a master's degree."

Dave nodded slightly and asked: "Then what degree you have?"

Paul humbly said: "I am Ph.D. from Yale Law School."

Dave nodded in amazement and said, "Yale University, that is a world-class university! It is really amazing to be admitted to a doctorate in this kind of university!"

Paul said seriously: "Uncle tells you that even if you get a doctoral degree, you only have the qualifications to be a regular lawyer. A truly good lawyer needs a long period of growth, some even 10 years. More than a year of working experience and practical experience in hundreds of successful cases are not enough, so for me, I am just an entry-level elementary school student."

Speaking of this, Paul looked at his mother, Meiqing, and said: "Actually, I have just graduated. If I were to run our own law firm independently, my own experience would not be enough, so I'm just On the surface, I assumed the position of general manager, but it was my mother who really helped me behind the scenes, and even guided me to run the company. Without her help, the company would probably be destroyed in my hands."

Chapter 860

Dave looked at Meiqing in surprise, and blurted out, "Oh, Meiqing, are you very proficient in law and law firms?"

Paul smiled and said: "Uncle Xiao, don't underestimate my mother. In fact, my mother is also a PhD student at Yale Law School. She and my father met and married at Yale Law School. My dad founded the family's law firm, and my mother has been there to assist him. Without my mother's good help, my dad's career would not be successful."

Immediately, Paul sighed with self-deprecation: "It's just that my ability hasn't grown up yet, so I have to bother my mother all the time."

Meiqing smiled and said, "Son, in fact, you have done a very good job. Mom especially hopes that you can grow up as soon as possible, and then take over the company as a whole. In this case, Mom won't have to work so hard anymore."

With that, Meiqing couldn't help sighing: "Mom is now back to China and Wrestvel. The biggest idea in my heart is not to start our family's business in Wrestvel, but to enjoy the retirement life of a Chinese Lady in the city."

Afterwards, Meiqing looked at Dave and sighed in her heart: I have been working hard in the United States for so many years, but I am actually very tired of my career.

In addition, I have never really felt the taste of love, so I now want to go back to China, let go of all that before, concentrate on being an Lady, and if given the opportunity, she even hopes to be able to be with Dave, her first love. If you continue the frontier, this will make up for the regrets that she has had for many years.

She also knows that lawyers in the United States are actually a very popular profession, because many lawsuits in the United States are very high in compensation, often tens of millions, even hundreds of millions.

According to media reports, a few years ago, someone sued Marlboro, a famous American tobacco brand, for inducing smoking and causing death. The American court even awarded hundreds of millions in compensation.

There was also an Asian man who was beaten by American Airlines security on the plane. That incident had a very bad impact on the airline. In the end, the lawyer won tens of millions in compensation for the Asian man.

For lawyers, they also have to receive at least 30 to 50% of the compensation amount, and sometimes even higher.

Therefore, this is why the lawyers in the United States are very professional, and they are simply desperate to file a lawsuit, and even do everything they want.

Because the benefits behind this are really too great, it is possible to win a big lawsuit, and the direct compensation is divided into several million tens of millions, which is much easier than for ordinary people to make money.

Therefore, in the United States, the status of lawyers is also very high, and they are all upper-class people.

Especially some of the more famous super heroes in the United States, people like this can generally become billionaires, and even many stars, billionaires and important American guests.

Therefore, Dave couldn't help but feel more inferior in his heart, because he guessed that the family of Meiqing must be very, very rich, even enough to make their mother and son become an upper class society in Wrestvel.

In contrast, there is nothing he can tell...
