

The Amazing Son In-Law Chapter 881-890

Chapter 881

The two first-love lovers, who had been in the kitchen for more than an hour, finally made a table of food.

Dave ran out to tell Marven and Paul: "Get ready, we can eat."

After speaking, he asked Paul again: "By the way, Paul, do you want to drink two cups at night?"

Paul smiled and took out a portable gift box and said: "Uncle Xiao, I just brought two bottles of 30-year-old Maotai. This bottle of Moutai is not an ordinary Moutai. It was an export version more than 20 years ago. It was exported to the United States, and then collected by collectors in the United States. It has been properly preserved until now. Each bottle is two kilograms."

Dave was surprised and said: "For 30 years of aging more than 20 years ago, isn't it more than 50 years since now?"

"Yes!" Paul said with a smile: "It should be about 56 years."

Dave sighed, "Oh, this wine is too precious. It's a waste to give it to me. You should keep it for yourself."

Paul hurriedly said: "Uncle Xiao, you don't need to be so polite to me. It was originally a gift for you. If you want, we will drink it with a bottle in the evening. If you don't want it, we will change another wine."
"

When Dave heard this, he smiled and said, "In that case, thank you. Let's drink a bottle tonight!"

With that said, Dave said to Marven again: "Marven, you go upstairs and tell Avella to come down for dinner."

Marven nodded and said, "Then I will go upstairs and call her."

After that, Marven got upstairs and when he came to the bedroom, he found Avella lying on the bed with her back to the door.

He said, "Wife, come downstairs to eat."

While talking, Marven was about to walk into the bedroom when he heard his wife say: "Oh, don't come here yet."

Immediately afterwards, Avella stood up, turned her back to Marven, as if reaching out and wiping her eyes.

Marven hurriedly walked around in front of her, looked at her red eyes, and asked: "Wife, why are you crying again?"

Avella shook her head and stubbornly denied: "I didn't cry, but my eyes were a little uncomfortable."

Marven said distressedly: "Still quibbling. Your eyes are red like this, and you still said I didn't cry?"

After speaking, he asked softly: "Is it because of mom?"

Avella was silent for a moment, then sighed, nodded and said: "It has been almost 30 hours now, and there is no news yet. I'm really afraid that Mom will have some accident."

As she said, tears burst into her eyes again: "Furthermore, when such a big thing happened at home, I expected my dad to be able to stick with me, but I didn't expect him to..."

At this point, Avella couldn't speak anymore. She couldn't keep her emotions all at once, so she cried out.

Marven hurriedly stretched out his hand and took her in his arms. While gently tapping her back, he comforted in her ear: "Wife, don't cry, mom will definitely be fine. Don't worry, I assure you."

Avella sobbed and asked, "What can you promise me? You don't know where she is, you don't know what she has gone through, and you don't know whether she is in danger..."

Marven said seriously: "Don't worry, since I have promised you, I will definitely not let her have trouble. I will ask those capable friends to help me find a way."

Avella hurriedly asked, "Really? You go to them, can they be willing to help?"

Chapter 882

Marven smiled and said, "Don't worry about it. If someone agrees, they are stronger than us and have a wider network than us. Maybe they can help us figure out what happened."

Avella breathed a sigh of relief and said gratefully: "Marven, that's really thank you so much!"

Marven smiled and said, "Silly girl, I'm your husband, why are you polite to me?"

As he said, he patted her on the shoulder hurriedly, and said: "Let's go, let's go down for dinner first, and after dinner, I'll go out to find my friends and see if they can help. If they don't, then I will Ask them for help. Anyway, I promise you that Mom will come back safely!"

Avella nodded heavily, feeling a lot more comfortable.

Before that, she felt that she was the only one in the family thinking about her mother's disappearance. Now that Marven stood with herself so resolutely and was willing to help, she was naturally relieved.

Marven really felt sorry for Avella at this time. It can be seen that Viola's disappearance has been worrying her all the time. If Viola is not allowed to come back quickly, Viola hasn't had any major incidents in the detention center, and his wife is probably already. Unbearable.

So he decided in his heart that he would implement it tomorrow. He had already figured out the plan, and he could get Viola back the day after tomorrow.

To comfort Avella, Marven took her downstairs.

In the restaurant downstairs, Dave and Meiqing had already prepared a table of food.

On the other hand, Paul opened one of the rare bottles of Maotai aging. Seeing Marven and Avella walking down, he smiled and asked Marven: "Mr. Marven, would you like to have two glasses?"

Marven smiled slightly and said, "Okay, then I will have two drinks with you."

Avella on the side reminded in a low voice: "Aren't you going to find your friends after dinner? Or don't drink, you can't drive after drinking."

Marven smiled and said, "It's okay. I'll take a taxi after I finish drinking. It's the first time Mr. Paul came to the house. It's impossible to not drink two drinks with him."

Hearing this, Avella nodded and said, "Okay, as long as you don't drive anymore."

At this time, Dave walked out of the kitchen with a pot of beef soup, and saw Avella, he smiled and said, "Oh, Avella, try your Aunt's craftsmanship later. I just stole it. After eating two bites, I can tell you this, just three words, It is great."

Avella had no appetite for food at all now, not to mention that the meal was made by her mother's rival in love back then, so she didn't want to eat it even more.

But because of face, she could only sit down at the table.

At this time, Meiqing took off her apron and walked out of the kitchen with the bowls and chopsticks. Seeing that Marven and Avella were both down, she smiled slightly and said, "I'm sorry, I made you wait for a long time. time to eat."

Then, she asked Marven and Avella with concern: "You two must be hungry? Come on, move your chopsticks!"

The table is full of home-cooked dishes of varying taste made by Meiqing.

There are Xihucuyu, braised prawns in oil, Dongpo meat, fish head tofu, fried shrimp eel and so on.

These dishes are really beautiful, and they are not much less than professional restaurants.

Meiqing said with some regret: "I originally had a Longjing Shrimp that I was better at, but I was too busy in the kitchen just now, so I didn't care about it all at once, and it's mashed up, so I can only make it for you next time. ."

When talking about the Longjing shrimp paste pot, Meiqing thought of the scene where Dave suddenly hugged herself in the kitchen. Two red clouds appeared on her beautiful face...

Chapter 883

Seeing the food Meiqing made, Marven couldn't help but appetite, but out of politeness, he didn't feel ashamed to use his chopsticks directly, instead he took out a bottle of drink and poured it for the two ladies.

Later, he picked up the wine glass and said with a smile: "Aunt and Paul, welcome you back to China, welcome you back to Wrestrvel, and welcome you to our home as a guest. Let's have a drink together."

Dave also hurriedly echoed: "That's it, I'll take the wind and dust for you, let's have a drink together!"

Meiqing picked up a drink and said sincerely: "I really appreciate your hospitality. I didn't expect to be able to have a home-cooked meal at my old classmate's house on the first day of returning to Wrestrvel. Thank you very much."

Dave smiled and said: "Meiqing, we have been old classmates for so many years, what are you doing so politely for this little thing!"

After that, he said: "Furthermore, this table of food today is all your credit. I'm just battling it out. I'm very embarrassed about it. How can any old classmates come here as guests and cook it herself?"

Meiqing smiled and said: "What's so embarrassing about this, I said it at first, I will cook today."

Marven smiled and said, "Come on, let's dry this first glass of wine first!"

Everyone picked up their wine glasses and drinks. The three men drank all the wine in the small wine cup, and the two ladies took their drinks and took a sip.

Avella's expression was slightly indifferent, but she can't be blamed.

After all, she has also tried her best to express her kindness to Meiqing.

Meiqing is also very clear in her heart that Avella must have an opinion on herself, so she also deliberately flattered her, and smiled and said to Avella: "Avella, first try the braised prawns cooked by auntie. , See if it suits your taste."

With that said, Meiqing took the initiative to pick up a prawn for her and handed it to her bowl.

Avella was somewhat embarrassed. After all, this woman was her father's first love back then. Now she is sitting in her own home and picking food for her. This feeling is always a bit wrong.

However, she nodded very kindly, and said softly, "Thank you Aunt."

Having said that, she also tasted the braised prawns.

Unexpectedly, the taste of this shrimp made her amazed at the entrance.

Well, Avella has eaten this dish of braised prawns more than once, but she has never tasted such a good one.

The braised prawns cooked by Meiqing have moderate sweet and salty taste, tangy aroma, and good flavor.

Avella was even more amazed in her heart. This Aunt is really not an ordinary woman. Not only does she have a good temperament and a good image, she even cooks so deliciously.

She recalled the meals her mother had cooked. There was only one adjective that could describe it, which was hard to swallow. Compared with Meiqing's cooking skills, it was almost every day!

More importantly, her mother never seeks improvement in cooking. What was the taste of cooking more than 20 years ago, it still tastes that cooking now.

Later, after she married Marven and, Marven was in charge of cooking, her life was much better.

However, although Marven's cooking is good, it's still far behind Meiqing.

Chapter 884

At this time, Meiqing gave him another piece of Xihucuyu, and said with a smile: "At first you tasted this fish, which is also a specialty of aunt, but I haven't done it for some time. I don't know if it suits you. Taste."

Seeing the enthusiastic Meiqing put the fish into her bowl, Avella nodded in order not to hurt people's face, and said, "Thank you Aunt, but you don't always have to add food to me, you eat first."

Meiqing nodded and said with a smile: "You must eat more food yourself. If you can't reach it, let Marven pick it up for you."

Avella agreed, and then tasted the fish that Meiqing gave her. After taking this bite, it immediately surprised her.

Meiqing's cooking is really delicious. The fish is soft, fragrant and delicious. It is impeccable.

Dave was also dumbfounded.

He has never eaten such delicious home-cooked food in his entire life. You have to know that eating a delicious meal at home is completely different from eating a delicious meal in a restaurant.

There is a warm feeling of home as a blessing, and that feeling will make men linger.

This is why women always say that if you want to keep a man's heart, you must first keep the man's stomach.

Dave felt that his stomach and his taste buds were conquered by Meiqing's cooking skills at this moment.

He looked at Paul enviously and said: “Paul, your mother cooks so deliciously, you are blessed.”

Paul smiled and said seriously: “Uncle Xiao, this question depends on how you look at it.”

“Take me as an example. When I was in college, it was very painful, because I left home and my mother. No matter what I ate at school, I almost felt a little bit meaningless;”

“Later, because of the busy business of the law firm, I often traveled on business. Most of the time I flew back and forth across the United States, and there was still a lot of time flying back and forth around the world, and I had no chance to taste the food my mother cooked.”

“But. My appetite has been spoiled by her cooking skills, so I can’t get used to eating wherever I go. This feeling is actually very painful.”

Dave sighed: “That’s true. It is easy for people to change from frugality to luxury, and it is difficult to change from extravagance to frugality. Your mother cooks so deliciously. If it was me, I would not be interested in any food outside.”

When Avella heard the cryptic meaning in his father’s words, he was not very happy, so he took a drink and said to Meiqing: “Aunt, I toast you, it must be very hard to come back from the United States so far. This glass is to wash the dust for you.”

Meiqing hurriedly picked up a drink and said with a smile: “Thank you Avella, then we will drink a drink instead of wine.”

Avella touched her cup slightly with that of Meiqing, and at the same time she couldn’t help but sighed and said, “Hey, it would be nice if my mother was also at home. She has been talking about you for so many years, knowing that you are back. She must be very happy.”

When Avella mentioned Viola, Dave and Meiqing both had unnatural expressions.

Both of them knew very well in their hearts that Avella mentioned Viola at this time, deliberately speaking to them both, reminding them that this family, and her mother, even if her mother is not here, she is The hostess of this house!

Meiqing’s dignified expression was a bit embarrassing, she smiled unnaturally and said, “I haven’t seen your mother for so many years, and I really want to see her.”

After speaking, she looked at Dave and asked, “By the way, where did Viola go? Why is she not at home?”

Dave hurriedly said: “She, she has been back to her family in the past two days. I guess she will be back in a few days.”

Chapter 885

Since Meiqing’s cooking skills are so good, everyone has a little support for this meal.

Although Avella was somewhat dissatisfied with Meiqing in her heart, and was a bit repulsive, she did not have any ability to resist her cooking.

She usually pays attention to diet, but this evening she ate three times the usual amount of food.

Not to mention Marven and Dave, the father-in-law. The two elders were like windswept clouds, eating almost all the dishes, and there was not much vegetable soup left.

After eating, Dave secretly put his hand under the table, loosened his belt, and temporarily relieved his bulging stomach.

At the same time, he could not help but secretly thought: "Meiqing is really perfect in every aspect. If he can really divorce Viola and stay with her, it will be from the eighteenth h*ll, all at once to top heaven.

Even Marven couldn't help but imagine that if Dave could be with Meiqing, then his days would be much more comfortable.

A mother-in-law like Meiqing can't really find with a lantern, and she cooks so deliciously. If she becomes his own "step mother-in-law," then she will save him from cooking in the future.

It's a pity that he can't let Viola disappear from the world.

After eating dinner later, he has to talk to Zak Chen to see how to release Viola from the detention center.

.....

After eating, Meiqing took the initiative to clean up the dining room and kitchen.

Marven hurried to take over, but she refused to let Marven interfere, saying that women should do everything in the kitchen.

After everything was cleaned up, Meiqing said to the family: "It's late, and Paul and I won't bother you today. Thank you for your hospitality today. I have had a very happy meal!"

Dave hurriedly said: "Oh, Meiqing, I have to thank you. It was you who gave us such a hearty meal of Suzhou home-cooked dishes and fulfilled my wish for more than 20 years."

Meiqing smiled and nodded. For her, it was also a wish for many years, but in front of Avella, she was not suitable to say many things, so she said: "Okay, I won't bother you. You stay here, we will go first."

Dave asked, "How did you come here?"

Meiqing said: "Paul came by car, but the car stopped at the door of your villa."

Dave said: "Oh, can Paul still drive after drinking?"

Meiqing smiled and said, "He can't drive, I can drive, and I haven't drunk."

“Oh yes!” Dave said with a smile: “I just forgot about this. That’s fine. I’ll send you to the car.”

After that, he opened the door without waiting for Meiqing to express her attitude, walked out first, and then made another sign of please.

Seeing this, Meiqing said, “Thank you, Dave.”

Marven and Avella sent them outside the gate, and after saying goodbye to them politely, Dave took them out.

Chapter 886

Seeing them walking away, Avella closed the door and said to Marven: “The feeling between this Aunt and my dad is too obvious. You say my dad will not cheat... .”

Marven said seriously: “I think Aunt is definitely not that kind of person. She is a very principled person. Even if she likes dad in her heart, she will definitely wait for dad and our mother to divorce. What development does Dad have.”

Avella angrily rebuked, “What are you talking about? How could Dad divorce Mom?”

Marven knew that Avella would definitely not be able to accept such a thing, so he didn’t talk to her in depth. After checking the time, he said: “My wife, you can take a good rest at home. Don’t go out to find mother. I will go. I beg a friend to see if they have any other channels, so I can ask for help.”

Avella nodded and said, “Do you want me to go with you?”

Ye hurriedly said: “No need, I just take a taxi to go by myself. You haven’t been worrying about it for the past two days, so go back to your room and take a rest.”

Avella sighed and said, “That’s OK, then I won’t go with you. If you have any questions, remember to communicate with me in time. If you have a clue, you must tell me immediately.”

Marven agreed, opening the door and saying: “Okay, then I will go straight away.”

Saying goodbye to his wife, when Marven left Tomson and came outside the entire villa area, the Old Master had just sent away Meiqing and her son.

Seeing that Marven was going out, Dave hurriedly asked, “Marven, it’s so late, do you want to go out?”

Marven nodded and said, “I’ll beg a few friends to see if I can find clues about mom.”

As soon as Dave heard this, he suddenly became nervous, and hurriedly grabbed him and asked, “Who are you going to ask for? Are you going to ask Orvel? Or to ask that Miss Song?”

Marven said: “Just ask, they have a lot of contacts, maybe there is some way to find mom.”

“Oh...” Dave clutched his chest with a heartbroken expression, and asked, “My son-in-law, should we be so anxious about this matter? Can’t we take it easy? You say father It’s only a day since these two good days, are you going to destroy it yourself?”

Marven naturally knew what Dave was thinking, he must be 10,000 unwilling, as he wanted to find Viola back now.

After all, he had just met his first love today, and the two seemed to have some opportunities for development. At this time, the person he didn’t want to see most was probably Viola.

However, in Marven’s eyes, Dave’s happiness is naturally inferior to that of his wife’s happiness.

So he could only say with a helpless look: “I’m sorry, Dad, Avella’s mood has not been very good recently. If I can’t find Mom again, I think she will be stimulated, so I have to find a way to get Mom as fast as possible. get back.”

Dave’s expression was extremely ugly, and he said seriously: “Good son-in-law, she is already an adult at first, and an adult must have a certain degree of tolerance. You should temper her and let her wait two more. Goodness, dad begs you...”

Marven smiled slightly and said, “Dad, don’t be so anxious now. Even if I ask a friend for help, it may not be possible to get Mom back right away.”

Dave blurted out: “How could I not be in a hurry. Whether it is Orvel or Miss Song, they are all capable people in Wrestvel. Isn’t it easy for them to find someone? Maybe your mother will do it tonight. Come back!”

Marven looked at Dave’s almost crying expression, and said helplessly: “Dad, this kind of thing is not something we can do whatever we want. Instead of hoping that mom will come back a few days later, or even not come back, It’s better to hope that she will come back soon.”

After speaking, Marven added: “After mom comes back, you can tell her clearly, and then formally divorce her. In this way, you can pursue your own happiness without any worries!”

Chapter 887

Marven’s words made Dave wake up instantly.

Only at this time did he realize that evasion is not the solution to the problem, only to face the problem and completely solve the problem is the best solution.

If he wants to stay and fly with Meiqing, he must divorce Viola.

Only after divorce can he be able to marry Meiqing into the door upright.

Thinking of this, he felt much better, and said to Marven: “Okay, I know, you can go to your friends for help, I will find someone to inquire about the divorce, and when your mother comes back, I Just ask her for a divorce.”

After bidding farewell to Dave, Marven took a taxi to Shangri-La Hotel.

Zak Chen is already here waiting for him.

The manager of the hotel respectfully invited Marven to Zak Chen's office.

As soon as the door of the office closed, Zak Chen immediately said respectfully: "Mr. Ye I'm really sorry, but you have to condescend to come to me for your hard work. I should see you."

Marven waved his hand and said, "It's better to say something when I come to see you. It's not easy to explain when you come to see me."

Then he asked, "My mother-in-law who stole more than 20 billion from me, how is she in the detention center now?"

"She's very miserable." Zak Chen said: "She became a public enemy of the entire cell inside. I heard that she seemed to have not eaten a bite of food since she went in."

Marven nodded lightly. Said blankly: "She is responsible for all this, and she can't blame others."

Zak Chen said seriously on the side: "Mr. Ye I really didn't expect that when such a woman saw more than 20 billion deposits, she was not afraid or worried, and she didn't even think about it. How could there be so much money in the card, so she dared to transfer all the money to her card, this person is simply too courageous!"

Marven smiled and said, "My mother-in-law, she love money the most in life. She used to be a third person to intervene in old man and his first love, because her husband was still relatively wealthy at the time, which can be regarded as a standard. What she didn't expect was that after getting married, the conditions in husband's family began to get worse and worse, and soon there was no money. This person ran for money all her life, but she didn't get it. So her heart has been suppressed and has been distorted"

Zak Chen said: "Mr. Ye in fact, I dared to suggest you that it is best to let your mother-in-law learn a little more lessons in it. At the very least, she should be detained for three years and five years, and she can be detained for one and a half years. She has just been locked in for less than two days now, do you want to release her?"

Marven nodded and said: "Let her come out, mainly because I feel bad for my wife. But if she is not honest after she comes out, I still have other ways to treat her slowly."

After speaking, Marven said again: "Yes, tomorrow morning you will arrange for the police station to interrogate her, like I told you last time, find all the actors that should be found, and prepare all the props, and then give her a performance. A big drama."

Zak Chen blurted out immediately: "Mr. Ye don't worry, I must have everything ready."

Marven said indifferently: "I came to see you, mainly to go through the process with you again. Don't make any mistakes then."

Zak Chen nodded and said, "Mr. Ye let's start sorting it out!"

Chapter 888

After Marven sorted out all the procedures for tomorrow with Zak Chen, he took a taxi home without rush.

But at this moment, in the Wrester Detention Center, Viola's nightmare continues.

Because she was tortured and beaten by all kinds of means from the time she first entered the detention center, and she was poured cold water on her head, plus not eating a bite for two days and nights, Viola had completely collapsed. Not only did she have a bad cold, And also developed a high fever.

The high fever made Viola burn all over, and she was almost fainted by the high fever, but at this time, she was still not allowed to lie in the bed, and could only curl up and shiver in the corner of the detention center cell alone.

Because of her fever, she felt an extreme cold, which made her sway her whole body nonstop.

She felt that she was about to be unable to hold it, so she murmured and pleaded: "Please, please have mercy on me, give me a quilt, I'm so cold, I'm so cold... ."

Old Mrs. Xiao sneered: "What is your name? People like you still want to cover the quilt. I tell you, you have to sleep in the toilet tonight!"

Theresa echoed: "Grandma, I think she has to take a bath in cold water! How about we go to the toilet and help her?"

When Viola heard this, she cried her nose and burst into tears, and pleaded miserably, Mom, I really can't do it. If you let me sleep in the toilet and give me a cold shower tonight, then I'll be, I must die here at night, I beg you to show mercy! "

Old Mrs. Xiao said viciously: "You still expect me to pity you? I tell you, I wish you would die soon! You better not wait until night to die, you better die now!"

Viola wailed and said, "Mom, you and me just have the contradiction between mother-in-law and daughter-in-law, and I have suffered from your anger for more than 20 years. Why are you killing me now? Even if you are angry with me There is no need to fix me for not letting you live in the villa, right?"

After finishing talking, she looked at the big sister Gena in the cell, crying and begging: "Sister Gena, I know you hate this unfilial daughter-in-law, but I don't let her live in my villa. This mother-in-law is just drawing the line!"

"I have been married to the Xiao family for more than 20 years. I have never beaten her, never really scolded her, and even been bullied by her all the time. During this time, the Xiao family is not good enough. I have mocked her and ridiculed her. , But it's all disrespect, but that's all."

“But you also saw how she treated me in the past two days. She beat me, scolded me, tried everything she could to torture me, bully me, this is basically killing me!”

“As a sensible person, can’t you see who is the wicked person between me and her?”

“If I am as evil as her, do you think she can live to this day?”

“If I’m as evil as her, how could she still be so healthy and even fight me? This proves that I am not as evil as she said, and she is the real evil person!”

When talking about this, Viola was in tears, and the whole person was like a street dweller who had suffered great injustice.

Seeing that she dared to accuse her, the Old Mrs. Xiao walked up to her angrily and slapped her face with a slap.

Immediately afterwards, the Lady Xiao grabbed her hair and slammed it against the wall, swearing in her mouth, “You shameless thing, you dare to provoke discord here, you see I won’t kill you!”

Chapter 889

Hearing Viola’s tearful complaint, Gena also realized at this time that what she said seemed to make sense.

Although the Lady Xiao all accused Viola of being unfilial, and even scolded her to beat her and prevent her from living in the villa of Tomson.

But the Lady Xiao didn’t look like a person who had been tortured for a long time. She was in good health and strong in spirit, and she was not at all soft in fighting people.

So it seems that if Viola has 10 points for her unfilial piety, then her hatred and revenge for Viola would have 100 points.

Seeing that the Lady Xiao was still fighting Viola at this time, Gena felt something was wrong.

She immediately said, “Don’t fight the Lady Xiao. You are indeed a bit cruel. In any case, you won’t drive her to death, right?”

Hearing this, Viola breathed a sigh of relief.

It has been almost two days since she entered the detention center, and she had long seen that Gena was the only support for the Lady Xiao here.

With Gena behind her back, she dared to insult and beat herself unscrupulously.

If Gena is no longer supporting her, or even Gena feels sorry for her and prohibits her from doing anything to herself, then her future life will be really much better.

Thinking of this, Viola continued to cry: "Sister Gena, you are more sensible, you can tell at a glance, between me and the Lady Xiao, she is not me who really wants to kill each other! She has been thinking Push me to death. If you don't do anything again, I might really be tortured to death by this cruel Lady Xiao!"

Old Mrs. Xiao was a little impatient, and hurriedly blurted out: "Gena, you must not believe this woman who is talking nonsense, there is no truth in her mouth!"

Gena said seriously: "Is there any truth in her mouth? I really don't know, but I'm not blind. It's almost enough for the Lady Xiao if you are enough. After all, you haven't suffered any injuries or physical torture. Why do you want to fix her to death like this?"

Old Mrs. Xiao felt a little in her heart.

She realized that she had gone too far.

Although she has not dealt with the hate in heart yet, her own behavior has already broken Gena's heart balance, making her feel that she is a bit too much!

If she doesn't want to do anything, then Gena's inner balance will lean towards Viola, and then, she will really be passive.

Thinking of this, the Old Mrs. Xiao hurriedly burst into tears, and pointed to Viola and complained: "Gena, you must not be fooled by this wicked woman!"

As she said, she was so angry that her voice trembled, and she sternly said: "Do you think she is a good person without hitting me? Do you know what she has done to our family?"

"Back then, my son had a very good first love girlfriend, and was also a very ideal candidate for a daughter-in-law. That girl is really a pretty girl and a sensible girl, so many times better than this shameless woman!"

"At that time, my son was already preparing, and he married someone after he graduated, but do you know what happened just before graduation?"

Gena looked surprised and asked: "What happened?"

The Old Mrs. Xiao pointed at Viola and said angrily: "It's this stinky shameless woman. Knowing that our family was well-off at the time, she wanted to marry in and be a wife, so she took advantage of my son to be drunk and forced him to follow her. My son had a relationship! Then she told my son's girlfriend about it shamelessly! The woman who finally forced to break up with my son and go abroad!"

"In the end, my son was forced to marry this b*tch who he didn't love at all! Since then, for more than 20 years, my son has not been happy for a day!"

"My son's marriage is unfortunate, thanks to this b*tch woman!"

Chapter 890

“She ruined my son’s life! I hit her twice, do you think it can make up for my son’s lifelong happiness?”

The women in the entire cell were stunned. No one thought that Viola had done such a shameless thing back then!

What do women hate most? The cheating man and the mistress!

Therefore, Mrs. Xiao’s words successfully aroused everyone’s hatred of Viola again!

So many people scolded:

“This stinky shameless woman dares to do such shameless things at a young age. d*mn it!”

“That’s it, how can a serious woman insist on getting on her body when a man is drunk? Isn’t this just a sl*t?”

“It’s d*mn disgusting! It’s nothing more than a third party intervenes, the key is to use such abusive methods!”

Seeing that she had successfully helped Viola a wave of hatred, Old Mrs. Xiao was relieved in her heart, but she couldn’t help but think to herself: “Viola, d*mn thing, at this time, she still wants to instigate discord and want to come back? Okay, Then I will drive you into the abyss!”

As a result, she also shed two lines of tears, and angrily complained: “You don’t know the most disgusting thing!”

“This sorrowful woman, and my son’s girlfriend at the time, were still roommates in the same dormitory back then, best friends and good friends!”

“As a result, this sorrowful woman turned her head to do such a shameless thing. She slept with her good girlfriend’s boyfriend!”

“She not only robbed her good girlfriend’s boyfriend, but also forced her good girlfriend to go to the United States. I heard that she has not returned to China for more than 20 years. This is all thanks to this woman! “

Mrs. Xiao’s words successfully made the little pity that everyone had just established instantly turned to ashes.

It was replaced by a total hatred of Viola!

Viola was so nervous that she almost collapsed. She didn’t expect that the Lady Xiao would move out of Meiqing’s affairs and turn into ashes the little mass foundation she had just established.

What Viola did to Meiqing and Dave, their sweet lovers, was an extreme evil that all women disdain.

Therefore, everyone’s sympathy for her disappeared in an instant.

Not only that, everyone's hatred for her is even stronger!

One of the women jumped down from the upper bunk and came to Viola in three or two steps, picked up her plastic slippers, and slammed Viola's face fiercely.

"I beat you to death! You shameless thing! My husband was hooked up by a slutty woman like you!"

A group of women immediately screamed, and someone shouted: "Good fight, kill this shameless s!t!"

At this time, Viola was beaten and yelled, but two more women rushed towards her quickly, kicked her one by one, and then punched and kicked her!

Old Mrs. Xiao looked at all this coldly, and sneered in her heart.

"Viola, you still want to fight with me based on your little weight, it's just looking for death!"
