

The Amazing Son In-Law Chapter 921-930

Chapter 921

Although Viola was desperate in her heart, at the detention center, she knew that she had to listen to the prison guard, so she hurriedly followed everyone out of the cell.

When they arrived at the playground, the prison guard said: "First run three laps around the playground, and then freely move for half an hour. After half an hour, gather at the entrance of the playground and return to the cell!"

Everyone rushed to line up. Gena was the head of the cell, so she arranged the queue. She glanced at Viola and said: "You stand in the front, everyone behind is staring at you, if you don't run well, I will blow your head!"

Then she turned her head to look at other people and said, "You can help the Lady Xiao run slowly, don't exhaust her."

The Old Mrs. Xiao smiled and said: "Gena, you are really interested. Although I am old, my body is not bad. I don't need anyone to support me. I just walk slowly behind you."

Gena nodded, and then shouted, "Get ready, run!"

Viola was at the forefront. Hearing this, she quickly endured the pain in her whole body and the weakness of not eating much for two days and nights, and started to run. Then everyone followed her.

Viola is very weak, and she was uncomfortable as if she was about to fall apart, so after two steps, her legs were soft, one staggered and almost fell.

The woman behind her kicked her directly on the waist and cursed: "Sorry women who rob someone else's husband, who run crookedly every step of the way, what else can you do?"

Another woman laughed and said, "This sorrowful woman can also grab someone else's husband. Although she can't run, she will run to someone else's bed!"

Everyone burst into laughter, Viola could only endure the humiliation deep in her heart, gritted her teeth and ran forward.

At this moment, Viola saw three fierce women standing on the runway in the corner of the playground, staring in his direction as if looking at her.

As soon as she ran past the three women, one of the women stretched out a hand and grabbed her shoulder.

Viola was caught, and the whole team stopped. Gena came up and asked, "What are the three of you doing?"

These three women are fierce and vicious. The person who just stretched out her hand to hold Viola had a scar on her face from the corner of her left eye to her right chin. This scar split her face in half. , Looks extremely scary.

Although Gena is the king and has total hegemony in her cell, in the final analysis she is nothing more than an ordinary peasant woman. Let her beat Viola, she dares to beat, but she must not dare to let her attack someone with a knife.

So when she saw that there was a scar on the other's face, she knew that this woman was absolutely extraordinary, she was an existence she couldn't afford.

The scar woman said, "I'm looking for a person named Viola, is it your cell? Which one is her?"

When Viola heard that she was looking for her, she was frightened and distraught, waved her hands again and again: "I don't know, I have never heard of a person called Viola..."

The Old Mrs. Xiao pointed to Viola, and said, "Don't listen to this shameless woman being talking nonsense here, she is Viola!"

Theresa also said: "Yes, it is her! She is Viola! She is still a scammer!"

The Scar Woman turned her head to look at Viola, and slapped Viola's face severely.

At first glance, this scar woman had practiced, and she had muscles all over her body, so her slap was much stronger than Gena's and others.

This slapped Viola directly to the ground.

Viola was directly slapped by the slap, and fell to the ground with a bang, and then spit out a posterior molar, which was really miserable.

Chapter 922

Everyone felt timid when they saw the scar woman being so cruel, but the Old Mrs. Xiao was very happy, anyway, as long as she saw Viola being beaten, she felt very happy.

Theresa also felt that this was really hateful. After seeing Viola suffered so many beatings, she didn't have the energy to slap her. A slap directly knocked her to the ground. This is the power that ordinary people can't have.

Viola was scared to death!

Being beaten is not a big problem for her, because she has not been beaten less in the past two days, and she has already practiced.

But the key is that she doesn't know why this scar woman hit her.

Is she a member of that transnational fraud group, came to ask herself to settle accounts?

Just when Viola was terrified, Gena said to the scared woman with a face: “Eldest sister, we are not familiar with this woman. If you want to beat her, you can beat her. It doesn’t matter if you kill her, but We still have to run, do you think we can keep running?”

The Scar Woman snorted coldly and said, “I don’t care if anyone waits, get out of me! Otherwise, don’t blame me for being polite!”

Gena hurriedly waved and shouted: “Sisters, come and run with me, 121, 121!”

People in the same cell hurriedly followed her and yelled chants. People in the 20s yelled 121 and hurried away.

Only the three women and Viola remained at the scene.

Viola was so frightened that she blurted out and asked, “Sister, where did I provoke you? At least tell me...”

Scar woman kicked Viola’s belly, and she was clutching her belly and wailing on the ground.

Then, she took out a black bank card from her pocket and asked, “Viola, you look up, do you recognize this card?”

As soon as Viola looked up, her heart was shocked, this card is so special, how could she not recognize it, it is exactly the same as the card stolen from Marven!

These three people are indeed from the fraud gang? !

In the morning, didn’t the police still tell her that they didn’t find a clue? Why are three accomplices caught now?

These three women even knew that they were 80% here to settle their accounts, and it is possible that they caused them to go to jail.

It’s over now, they won’t get angry and kill her?

He was obviously going to be released soon. Wouldn’t it be too miserable if someone killed him at this time?

So, she said with tears and nose bleeding: “I really don’t recognize this bank card, did you recognize the wrong person?”

“Admit it? Are you f*cking kidding me?”

The Scar Woman grabbed Viola’s hair, slapped her face with a slap, and said, “Do you know why the three of us came in? It’s because of you, a woman, attracted the police and killed the three of us. Being arrested, let me tell you, the three of us are likely to be sentenced to life imprisonment, and this is all your doing!”

Viola cried out, "I'm sorry, I'm really sorry, I am also a victim, I don't know that there are so many things behind that card..."

Scar woman looked at her and shouted angrily at the two people around her: "d*mn, give me a hard hit, and beat her half to death! Anyway, she will be locked in for more than ten or twenty years, and we will do it every day. Beat her twice to relieve our anger, when will she be killed, and then will it be finished!"

Chapter 923

When the other two women heard this, they rushed forward, and the three of them punched and kicked Viola together.

The fists and big feet greeted Viola frantically, as if she didn't want money, and Viola kept calling out.

In fact, these three people were sent by Zak Chen to teach Viola, in order to convince Viola that she was in great trouble.

In this way, after she was released, she wouldn't dare to fall out with Marven.

At this time, Viola was beaten and rolled back and forth on the ground, screaming and begging for mercy endlessly.

The others were still running, but when they heard this scream, they stopped and observed at them from a distance, all in shock.

Although Gena also beat Viola, she was not as cruel as the three of them. It was almost as if beaten to death...

It can be seen that these three people must not be ordinary people.

"Oh, it's so miserable, so miserable!" Gena couldn't help sighing: "This Viola, it's really a thumping woman...I sympathize with her a little bit..."

And the Old Mrs. Xiao saw that Viola was beaten so badly, she immediately laughed on the side, and laughed loudly: "It's great, beat this shrew to death, beat her so hard that she can't speak with her broken mouth!"

Theresa also clapped vigorously and smiled: "Hit! Hit it hard! Pump her face! Smash her broken face!"

At this time, the scar woman saw that Viola was almost beaten, and then she said: "Okay, leave this dog, or if she is killed now, who will be beaten for the next 20 years. Why are you venting?"

The two stopped now.

Viola's nose and face were swollen, and she fell to the ground and kept screaming, feeling that she had only one breath left.

Scar woman walked up to her and said coldly: "I tell you, your good days are still early, this is the end of your low hands, wait, I will let you not survive, but you cannot die!"

Viola burst into tears with fright.

The suffering that Marven's premium card brought to her was even more tragic than the nine-nine-nine-eighty-one difficulties that Thompson Seng took from the scriptures.

From the time she stole that card to the present, besides being beaten, nothing else has happened. She was hungry after she was beaten, she was frozen when she was hungry, she was poured with cold water, and poured in cold water when she was completely frozen, and slept in the toilet...

This is simply a scene of human tragedy.

When the scar woman saw Viola lying on the ground and crying, she kicked her and snorted coldly: "Cry again, cry again and I will break your teeth!"

Viola closed her mouth immediately. She didn't dare to make a half-word or a little sound. She had already lost two front teeth and one posterior molar. At this time, if her mouth was broken again, she would have to spend the rest of her life. How to live!

Seeing that she didn't dare to make any more noises, the scar woman sneered: "Okay, get out of here."

Viola was relieved. Although the beaten couldn't stand up, she still clung to the distance with her hands, trying to stay away from the three women.

After Viola was beaten, the three women also turned and left. At this moment, two prison guards suddenly appeared, greeted Gena to come, and drove Viola back to the cell.

Although Gena hates Viola very much, seeing Viola being beaten like this, she also has a hint of compassion in her heart.

As a result, she was physically strong, she helped her up and led her to the cell.

Others followed behind, each with their own thoughts.

Chapter 924

Some people sympathized with her, some watched a good show, and some had lingering fears.

When Viola was dragged back to the cell, Marven received a call from Zak Chen at home.

On the phone, Zak Chen said, "Mr. Wade I have sent someone to teach Viola. I believe that after she comes out, she will definitely not dare to say one more word to you."

Marven said lightly: "Well, you did a good job."

Zak Chen said: "Mr. Wade please forgive me. I think that your mother-in-law has done too much. She stole so much money from you. In fact, it is better to hand her over to the law. At least give her a suspended death sentence. Why bother by releasing her?"

Marven gave a wry smile: "You don't understand, my mother-in-law is a ticket."

Zak Chen hurriedly asked: "Tickets? Mr. Wade what do you mean by this?"

Marven couldn't tell him directly that his mother-in-law Viola was actually his ticket to the wife's bed, so he said indifferently: "Okay, don't ask so much, go make arrangements, it's almost time to let her go. "

"Okay!" Zak Chen nodded immediately: "I'll make arrangements!"

.....

At this moment, Viola was lying on her little bed, howling.

This was the reason why she came to the guard, and was able to lie down on the bed for the first time.

Thanks to Gena's pity for her, she felt it was too miserable for her to be beaten by thousands of people, so after taking her back, she put her directly on her bed.

The Old Mrs. Xiao walked into the room at this time, looked at Viola on the bed, and said with a sneer: "Oh Viola, you have offended so many people, why would anyone want to beat you twice? I see you The days from now on are really hard to get through!"

Viola was about to collapse at this time, she even wondered, are the policemen not going to let her go out? If that is the case, then she will be too miserable in the future.

To be beaten in the cell, and beaten out of the cell, how many beatings does she have to get on this day?

Theresa also echoed: "Grandma, I think this b*tch woman may not live for more than ten or twenty years. According to this style of play, it is estimated that in two or three months, she will have to be beaten to death?"

Old Mrs. Xiao laughed and said: "Oh, she deserves it, she really deserves it!"

After finishing speaking, she sat in front of Viola, looked at her with a swollen nose and lips, and said excitedly: "Haha, Viola, you probably never dreamed that you would have today? It's fine now, you will be here in the future. Suffer well in this prison. After a few days of going out with Theresa, we will go to Tomson to enjoy the good fortune!"

Viola was aggrieved and said: "Even if you are going to live in the Tomson first-class, there is no need to curse me to death, right? I am also the daughter-in-law of the Xiao family, the wife of your son, and the mother of your granddaughter. How can you be so cruel?!"

The Old Mrs. Xiao sneered: "Of course I am cruel to you! Besides, I have never regarded you as the daughter-in-law of my Xiao family. How do you deserve to be the daughter-in-law of our Xiao family? After the first rank of the minister, let my son change to a new daughter-in-law. When the time comes, our family will be happy, it is really family happiness! You just wait for moldy and smelly in this prison!"

When Viola heard this, she was almost furious!

“how? Do you want Dave to change his wife? Enjoy family happiness with you?

Your bad old woman is just a pipe dream!

You wait! I will definitely go out! At that time, let’s see how I turn to see you jokes!”

Viola was thinking fiercely in her heart, when the prison guard suddenly opened the door and said:
“Viola, you have been released, come out with me to pack your things and go through the formalities so that your family can pick you up! “

Chapter 925

The words made the whole cell stunned!

Old Mrs. Xiao and Theresa couldn’t believe their ears!

Why?

Didn’t Viola committed fraud?

Doesn’t it mean that she will be imprisoned for at least 10 years, 20 years, or even longer?

Why let her go now? !

Now let her go, how can she live in Tomson after going out in ten days?

The Old Mrs. Xiao panicked!

At this moment, when Viola, who had been seen half dead, immediately jumped out of bed with excitement when she heard this!

The pain of being beaten up just now was completely incomprehensible, as if being driven out of the sky by this sentence at this moment.

Thankfully, she can finally go out!

Viola excitedly danced and cheered: “Haha, great, Lady Xiao is finally going to let go, hahaha, great, great, really great, I am going back to live in my Tomson Villa !”

After finishing speaking, she immediately looked at Mrs. Xiao and cursed coldly: “Hahaha, bad Lady Xiao, you never dream that I would not be released, hahaha!”

“And Theresa, you two poor, just stay in jail! Cherish your days in jail. Once you are released, you will not even have a place to live. You will have to Fall to the streets!”

“Just like you two are so poor, you still want to live in the first grade of Tomson, yeah, after they let you go, go and open your ancestral grave! See who of your eighth generation ancestors is worthy of the first grade of Tomson? Let alone you two paupers!”

Old Mrs. Xiao was trembling with anger, and at this moment, she wished to tear Viola alive.

She even regretted not encouraging Gena to kill Viola directly.

Now this b*tch woman is about to be released suddenly, this is nothing short of eyes!

Theresa scolded angrily: “You shrew, don’t be too happy too early, maybe the court is about to hear you, and you will be sentenced to life imprisonment after you are tried! Don’t even want to go out in this life!”

Viola suddenly cursed and shouted: “fck your mother’s a*, I have already washed away the grievances, I will be released, I will regain the freedom, you homeless homeless people, please hurry up!”

After finishing speaking, Viola looked at Gena again and gritted her teeth and cursed: “Gena, an ugly fat pig from the countryside, dare to beat me and let me kneel on the ground to lick the porridge. I tell you, you will wait for me. Now, when you get out, I will find someone to kill you b@stard, aren’t you the most filial one? Wait, when I find out where your mother is buried, I will take your mother’s grave away and lay her ashes fly!”

Gena was trembling with anger, and was about to fight her desperately on the spot.

Just about to start, she heard the prison guard yell from behind: “Viola, are you going to leave?”

Viola hurriedly said: “I am coming, I don’t want to stay here for a minute.”

The prison guard said in a cold voice, “Then hurry up and pack things.”

Because the prison guards were there, the others wanted to beat Viola, but they didn’t dare to do it, they could only hate it.

Gena hates her the most, because she hates her mother who is abused by others. This Viola dare to say that she is going to spread her mother’s ashes. It’s a crime!

Chapter 926

Viola was completely confident at this time. While packing her own things, she said coldly to the people around: “By the way, there are a few of you who have beaten me, don’t even want to run! I tell you, I am here. The outside forces are very powerful. Starting today, I will wait for you when I go out. I will fight one by one, and let you pay for bullying me again!”

Viola counted them down one by one, turning the expressions of everyone in the cell blue and angry.

After scolding these people, Viola could be regarded as letting out a sigh of relief.

At this time, she had finished packing her things, and was about to leave with the prison guard, when she suddenly felt a urge to pee.

She muttered to herself: "d*mn, why do I have urine at this time..."

As she said, she whispered again: "No! This cell is too bad, and the urine taken from here must also be particularly bad, and I must leave after the spread!"

Thinking of this, she sneered at Mrs. Xiao and Gena, and said contemptuously: "I happened to have a pee, so I will leave it to you guys!"

After speaking, Viola hummed a song, twisted her waist, and walked into the toilet.

Outside, a group of people were silent, and Viola gasped for breath.

Old Mrs. Xiao clutched her chest, she looked like she was mad, and she said: "I'm so angry, I'm really angry! It must be my unfilial son who came to bail her!"

Gena asked in an interface: "Your son bailed her? This is not what a b@stard is!"

The Old Mrs. Xiao cried and said, "My son is also a useless man. He was taken care of by this shrew. They just don't want me to live. They just tried every means to toss me away..."

After that, Mrs. Xiao deliberately instigated her and said to Gena: "Gena, this woman is very vicious. She said she wants to pick up your mother's grave. I think she will definitely do something like this. She has to be sorry!"

When Gena heard this, she immediately felt a puff of blood rushing to the top of her head, making her tremble all over.

She gritted her teeth, stood up directly, and immediately rushed into the toilet!

This is her last chance to teach Viola, if she doesn't seize it, then this b*tch will really leave.

When the Old Mrs. Xiao saw her rushing into the bathroom furiously, she immediately followed in tremblingly.

Theresa, and several others who were scolded by Viola, also immediately followed!

When Viola was about to relieve her hand, she suddenly heard the toilet door slammed and kicked open. Then, facing Gena's big foot, she kicked her and sat down in the toilet.

Her legs stuck on the edge of the urinal, her a** sank in, painful, and she couldn't stand up after getting stuck.

When Gena thought that Viola was going to pick up her mother's grave and also lift up her mother's ashes, Gena grinned with hatred, and said to others: "Beat her hard! Kill her! Let her be a stinky girl. She pretend to be forced!"

A group of people immediately hit Viola on the head and body.

Viola was caught off guard, yelling and raising her hands, trying to block the opponent's fists and feet, but it was in vain.

At this time, Theresa's eyes flashed with cold light. She had long wanted to beat Viola, but she had never had a chance!

Seeing that everyone in front was greeting Viola's upper body, and Viola was tall with two legs up, Theresa immediately stepped forward, held Viola on one leg, and winked at the Old Mrs. Xiao, saying, "Grandma, let's just Smash this b*tch's leg to her! Otherwise, there will be no chance again!"

"OK!" Old Mrs. Xiao nodded with gritted teeth!

Chapter 927

The Old Mrs. Xiao saw that her dream of living in Tomson's first-tier future was broken again, and she hated Viola to death.

Moreover, Viola dared to be so arrogant in front of her just now, and spoke so excessively, which made the Lady Xiao feel resentful.

For Mrs. Xiao, the last thing she wants to see is Viola's escape from the sea of suffering, but now Viola is going to be let go? !

If Viola is released, then this is the last chance to teach her! Once missed, there may be no chance in the future!

So the Lady Xiao, regardless of her old age and health, raised her leg and slammed her foot on Viola's knee.

With a click, Viola suddenly let out a terrible scream.

She felt severe pain in her leg, it must be a broken leg!

Old Mrs. Xiao succeeded in one blow and was excited, but she did not expect that her body movements were too great, and one of them couldn't stand firmly and slipped to the ground.

This fall directly hit her tailbone, and the pain caused her to scream "Oh, oh,".

But Viola was obviously more miserable. Seeing her right knee, she folded an arc in the opposite direction, and her pain was so painful that she could only scream incessantly, "Ah...my leg! I have broken my leg!"

The prison guard heard the movement inside and shouted outside: "What's the matter? What are you doing inside?"

When everyone heard this, they hurriedly stopped and stood aside.

Gena took a look, and then smiled deliberately: “Ken, this b*tch is dripping badly. She is about to go out. She wants to kick the Lady Xiao. She didn’t expect to break her leg. She deserves it!”

After speaking, she hurriedly helped the Old Mrs. Xiao and went out of the toilet.

Viola cried loudly: “Guard, come and save me, my leg is broken!”

The prison guard had already arrived at the door of the toilet. As soon as he came in, she saw Viola’s tragic situation, frowned and asked everyone, “What are you doing?”

Gena stood up and said, “I don’t know. Just now the Lady Xiao came in to go to the bathroom. She tried to kick old lady, but she slipped and fell like this.”

Old Mrs. Xiao also endured the pain, and said: “This astupidl kicked me, and my tail vertebra is broken. It hurts me to death...”

Viola cried loudly: “You bullsh*t, you b@stards hit me and broke my leg!”

Gena sneered and said, “Do you have any evidence? We, more than 20 people, have seen you kicking the Lady Xiao. You still want to make a sophistry?”

Viola pointed at the crowd and cried out, “You were the one who beat me! You collectively broke my leg!”

The prison guard frowned. It is impossible for a normal person to go to the toilet for no reason and her leg broke.

So Viola broke her leg, it was obviously beaten by these people in the cell.

But if one person does it alone, she can still handle it, and if all of them do it, there is really no way at all.

Firstly, it is impossible for all members to deal with it. Secondly, it may be very troublesome to ask these people to confess who is fighting. It requires constant isolation and brings these people out one by one for interrogation.

Thinking of this, she began to speak: “After doing Viola, if you continue to make trouble like this, you won’t be able to leave today. If you want to investigate and deal with it again, you will have to wait a long time at least.”

Chapter 928

Viola cried and said, “Then you can’t let them break my leg in vain, right?”

The prison guard said indifferently: “If you want to report them, I’ll go through the normal process and let the police come for interrogation. But in that case, you may also need to go to the police station. You have to record your confession, and I have to say something. To be honest, you are alone, they are more than 20 people, they may not admit what you say, if they bite you back then and insist that you hurt the Lady Xiao, then you are shooting yourself in the foot.”

When Viola heard this, she suddenly became desperate.

She also knows that these female prisoners are not good people, and they are very united under Gena's leadership, not to mention that she has provoked public anger. If she makes this matter to the police, it is very likely that they will turn out to be them bite her together.

In that case, it would be more troublesome for her.

It's better to go out as soon as possible. The sooner she goes out, the better!

Thinking of this, Viola nodded angrily, and said, "I want to go out, I want to go out now!"

The guard nodded, helped Viola walked out of the bathroom, and then led her out of the cell.

The moment she left the cell, Viola turned back and said to the Old Mrs. Xiao: "Dead Lady, wait for me. Sooner or later, I will break both of your legs!"

Old Mrs. Xiao said coldly: "You b*tch, you won't die sooner or later!"

Viola ignored the Lady Xiao and looked at Gena again, and said sharply: "Gena, you dog and woman, wait for me. Your mother's grave will definitely not be kept!"

Gena yelled angrily: "Dare you, I must kill you."

Viola limped out with the support of the prison guards, turning around and cursing: "Look at me, dare you, wait. When you come out, take a look at your mother's grave and see you. Has Mom's ashes been raised by me!"

After speaking, without looking back, she followed the prison guard out of the cell in the detention center.

Viola came to the office area of the detention center, and the prison guards led her into an office. There were already two police officers sitting in this office, the two who were in charge of her case.

When the two police officers saw her being supported by the prison guards, they jumped in, and they were suddenly dumbfounded.

The guard said to the two of them: "She had a conflict with a cellmate in the same cell just now in the bathroom, and her leg is hurt."

Viola said angrily, "Is it hurt? My leg is broken, OK, haven't you seen it?"

The prison guard asked in a cold voice, "What I told you just now, you are all deaf to your ears, right? Do you want to call everyone out now, and then transfer you to the Public Security Bureau for a good trial. I'll tell you, don't judge you. For three to five days, don't even think of it!"

One of the police officers said, "Viola, you can go home now and it's very good. As for the injury on your leg, you can wait until you go out and go to the hospital for treatment. You can keep it for three to five months. ."

Viola nodded angrily and asked, "Comrade police officer, when can I be released?"

The police officer said, "Did you remember everything we told you before?"

Viola hurriedly said: "Don't worry, I remember it clearly, and I won't say a word to anyone after I go out and kill me!"

When Viola was let out in the afternoon, she was beaten and threatened by the three fierce women. She was so frightened that she was deeply aware of the huge danger behind this incident.

So now she can't hide, how can she dare to mention it again?

The police officer was satisfied, and returned Viola's cell phone to her and said, "Okay, you will call your son-in-law now and let him pick you up."

Chapter 929

After Viola picked up her mobile phone, she couldn't wait to turn it on.

Since calling in, she has never been able to touch her phone again, nor can she contact her husband and daughter.

Suddenly taking back the phone, Viola suddenly felt a strong grievance.

Husband and daughter certainly didn't know that she had suffered so much inhuman torture in the past two days.

But this kind of thing, she just can't tell them.

Because once she uttered a word, she might be murdered, or she might be caught by the police again and put in jail.

After the phone was turned on, Viola could receive countless messages on WeChat. She clicked on it and found that basically every message came from her daughter Avella.

Seeing that her daughter was always worried about herself and kept sending her various messages, Viola felt very comforted.

But she couldn't help but think of another thing.

Why didn't husband send a WeChat?

She has been missing for two days, is he not worried at all

Thinking of this, Viola was quite dissatisfied, and she couldn't help but wonder: I didn't expect Dave, an old thing to be so affectionate, that I had been missing for so long, he didn't even have a WeChat! Be sure to settle accounts with him afterwards!

At this time, the police officer said: "Don't play WeChat there anymore. Call your son-in-law quickly."

Viola hurriedly asked: "Comrade Constable, can I stop my son-in-law from picking me up? I am so annoyed to die when I think of this man. I hate him to my teeth. Can I let my daughter pick me up?"

The police officer slapped the table and shouted coldly: "The reason why we let you find your son-in-law to pick you up is because we want to confirm whether the criminals are looking at your son-in-law now, otherwise, if we rashly put you back, You are very likely to be targeted by others, maybe you will be killed tonight. In that case, don't blame me for not reminding you!"

As soon as Viola heard this, her liver trembled with fright, and she hurriedly said: "That's fine, I'll call my son-in-law now, comrade police, please make sure to see if the criminals are looking at him."

The police officer nodded and said coldly: "Don't worry, as long as you do as we say, we will naturally investigate."

Viola breathed a sigh of relief and said, "Then I'll call him now!"

The police officer asked her again: "Do you know how to tell him?"

"Know!" Viola forced the pain in her leg and said honestly: "I tell him that I was cheated by a MLM organization, and then I was caught by the police. Now I am relieved of my grievances and can finally go home."

The policeman hummed, waved his hand and said, "Okay, let's call now."

At this moment, Marven was waiting for Viola's call at home.

Suddenly the phone on the table rang. He hurriedly picked up the phone and realized that it was indeed his mother-in-law who was calling, so he pressed the answer button.

"Mom?! Where are you? We are going crazy looking for you these past two days!"

Marven started acting as soon as he spoke.

Viola hated him crazy in her heart, but she couldn't say it directly, so she could only say in a cold voice: "I'm in the city detention center right now, please drive to pick me up!"

Marven said: "Mom, the car at home has been driven away, I'll take a taxi to pick you up."

Viola asked angrily: "Are both cars driven away?"

Marven gave a hum and said, "Avella has gone to the company, and Dad has gone to the party."

Chapter 930

“Party?!” Viola asked, “That d*mn Dave is still in the mood to party? Whom did he go to party with?”

Marven said: “Talk to some old classmates. I’m not very clear about the details. Should I call him?”

Viola said angrily: “You come to pick me up first! I am injured now and must go to the hospital!”

Marven asked, “Mom, what hurt you? Is it serious?”

Viola said angrily: “My leg is broken! You are so much nonsense, get out here!”

Marven said: “Okay, then I will pass now.”

After hanging up the phone, Marven immediately went out, stopped a taxi, and went to Wrestvel Detention Center.

On the way to the detention center, he called Avella and said to her: “Wife, Mom called me, and I’m going to pick her up now.”

When Avella heard this, she blurted out excitedly and asked, “Really? Did Mom call you? Where is she? Is she okay?!”

Marven said: “Mom said she was in the Wrestvel Detention Center. As for the reason, I asked her. She said that she was deceived into a pyramid scheme two days ago and was arrested by the police again, so she was locked in. She is released after being free of suspicion.”

Avella suddenly realized!

She suspected that her mother was cheated away by pyramid schemes, but she didn’t expect her to be caught by the police!

It seems that after mom comes home, she must tell her well, and never trust people outside who can make her rich overnight.

Thinking of this, she hurriedly said: “Then I will come over now, we will see her in the detention center.”

Marven hurriedly said, “My wife, don’t come here. Mom told me on the phone that she was injured. After I picked her up, I would take her to the hospital immediately. Then we can see you at the hospital!”

Avella asked nervously, “What’s the matter? Where did Mom get hurt? Is it serious?”

Marven said: “Mom said on the phone that her leg was broken, but I don’t know whether it’s serious or not. We have to see the doctor to find out.”

Avella burst into tears all of a sudden, and said, “Then you will come directly to the emergency department of the People’s Hospital after picking up mother. I will go there now!”

.....

When Marven came to the detention center and saw Viola, Viola was already tortured.

She had a bruised nose and swollen face, her body was wounded, her front teeth had lost two, and her hair was ripped apart and some of her scalp had been exposed.

And Viola came in for the past two days, almost as if she didn't eat or drink, so the whole person has two avatars, originally quite rich, now it is a bit horrible.

What's worse is Viola's right leg, which has broken from the knee at this time, and can only hang at this strange angle. It seems that she has been tortured quite miserably.

Marven asked in surprise, "Mom, what's wrong with you? Why do you suffer so many injuries?"

"You want to take care of it!" Viola gritted her teeth and said, "Hurry up and take me to the hospital!"

Marven shrugged and said, "Okay, the taxi is waiting outside. I'll take you to the hospital."

The police officer looked at Viola and said coldly: "Viola! What did we tell you just now? If you still have this attitude, then don't go out and just stay inside!"

As soon as Viola heard this, she was so frightened that she blurted out to Marven, "Oh my good son-in-law, it was all bad for mom just now. Mom shouldn't yell at you..."

The police officer observed at Viola and warned: "Don't forget what I told you. We are only letting you out temporarily, but we will always observe you, understand?"
