

The Amazing Son In-Law Chapter 991-1000

Chapter 991

The heartless Jiang Ming, when he left Zhao Zhuo's dormitory, suddenly felt a little guilty for him.

He thinks that people like Zhao Zhuo, although hateful, are really pitiful.

He is an orphan without a father and no mother. After so many years of hard work, he hasn't come up with anything. In the end, he found a girlfriend.

If he knew that his girlfriend was enjoying herself under other men when his girlfriend called and scolded him, what kind of mood would he be in?

Moreover, he just emptied all of his wealth.

He was also given a loan of more than 500,000, all of which were usury without exception.

It is estimated that in a week, he will have to pay back at least one million.

It is estimated that after a month, he will have at least several million.

By that time, he might be desperate, right?

However, he is also a mud bodhisattva crossing the river, and he cannot protect himself.

No way, if one of the two people must die, he hopes that the other person will die.

Moreover, he hasn't gone ashore yet!

If you want to go ashore, at least you have to get hundreds of thousands more.

Thinking of this, he no longer sympathized with Zhao Zhuo.

Regardless of him, let's live alive.

At this moment, at the dining table of the Hyatt Hotel, Jiang Ming has become the target of the thousands.

Even the few followers before him all hated him one by one.

While everyone looked down on Jiang Ming, they admired Marven very much.

After all, he can donate 1 million to the orphanage at his fingertips, certainly not just 1 million.

Everyone realized that they had looked down on Marven before.

In order to curry favor with Marven, many people kept saying kind words, toasting him, complimenting him, and even kneeling and licking him.

Marven didn't have any arrogance, but he was not too humble. He always maintained a calm mentality, which made people feel a little unpredictable.

Zhao Hao has been waiting for everyone to finish Marven's praise. He picked up a glass of wine and said seriously: "Marven, thank you for all this for the orphanage, I toast you a glass!"

Marven looked at him and nodded gently.

Chapter 992

Apart from Xiaofen and Aunt Li, Zhao Hao was the first person to toast to him because he had donated money to the orphanage.

Those other people, they toast to him, not because he donated money to the orphanage, but because they find that he seem to be rich.

These are two completely different starting points. Those who rush to the orphanage to toast are those who really care about the orphanage; those who rush to the orphanage to toast are all hoping to have a relationship with him.

After all, for these friends, it is certainly not easy to donate 1 million to the orphanage at will, and it has far exceeded their cognition.

Marven and Zhao Hao drank a glass of wine, and Zhao Hao sighed sincerely: "Marven, I am really pleased to see that you can have today! I felt that you are different from each of us, and Knowing why, I thought you were great at that time, and I thought you would be promising in the future! I didn't expect you to be so generous!"

Marven smiled indifferently, and said: "When we two slept on the construction site together, we were very happy to have enough food every day. We were paid every month. We two of us could have extravagance and buy two side dishes. I had a few bottles of beer and a drink in the shed on the construction site. In my opinion, it is already a great satisfaction."

After a pause, Marven said again: "Because of that experience, I don't have too much material requirements now. Eat better, dress better, use better, live better. In fact, it really doesn't make much sense to me."

Zhao Hao nodded earnestly and said, "Brother, I understand what you say. We two worked together in the same job back then, but I saved up all the money I earned. I hope that I will be able to turn over as the capital of the salted fish in the future; All the money you earned was donated to the orphanage. At that time, I felt that I might not be as good as you in my life, because your situation is much bigger than mine!"

After all, Zhao Hao sighed softly and laughed at himself: "Facts have proved that I am really nothing."

Marven said solemnly: "Brother, don't be arrogant at any time, as long as you can do it, you are worthy of the world, worthy of your conscience, worthy of yourself, even if your material life is not so good, you are a very happy person."

As he said, he said again: "Look at this world, how many wealthy people have made their homes by doing bad things, and how many people who have no money are deliberately thinking about stealing, robbing, cheating, and occupying some from others. One thing, there are too few people who can do no harm!"

Avella silently listened to Marven's words, and suddenly felt that her image of her husband had become radiant at this moment and in her own mind.

From his donation to the orphanage, to the moment he said such a statement, she was impressed.

Zhao Hao drank a little wine and was a little bit on his head, so he was also a little impulsive at this time. He held Marven's hand and said with red eyes: "Marven, I have been muddled for more than 20 years. Today you made me understand. I thought, I shouldn't have left at the beginning. I went to Haicheng because I always thought in my heart that I would stand up, make a fortune, and become a master. In the past few years, I have never thought about giving back and raising. The orphanage I grew up, looking back now, I really feel guilty..."

Marven smiled slightly: "Zhao Hao, people must first take care of themselves, and then take care of the world. If you can't take care of yourself, I don't want you to donate your limited money to the orphanage, so you must take care of yourself first. We are all suffering. Days come, and there is no family, no dependence, only one can rely on. At this time, you must be nice to yourself and let yourself live well first."

Zhao Hao burst into tears and choked up: "Why don't you do it yourself when you persuade me so? I know, when Aunt Li was sick, you gave all the money you could find to Aunt Li, that At that time, why didn't you want to let yourself live better first?"

Marven said awkwardly: "We are in different situations after all. I am married, but you are not."

After speaking, Marven took Avella's hand and said to Zhao Hao: "All Wrestvel knows that I am a famous soft rice king. I eat my wife's, drink my wife's, and use my wife's money for everything. I live with my wife and have such a good wife. I don't need to spend a penny, and I can eat and wear warmth. In this case, it's useless to ask for money."

Avella was suddenly held by Marven, and suddenly some deer bumped into her.

After listening to what Marven said, she was extremely moved.

She felt that at this moment, she had a little more understanding of her husband.

But at the same time, she also felt that at this moment, she was a little stranger to her husband.

Once upon a time, she thought that her husband was hopeless and ambitious, just a useless person who didn't dare to fight back after being scolded and beaten.

But now, she felt that her husband seemed to be far more profound than the one she imagined!

Chapter 993

When Zhao Hao saw Marven holding Avella's hand, he showed his affection, and he felt gratified for his good brother.

So he hurriedly poured another glass of wine and said: "Come on, Marven, good brother, I will toast you two a glass, I wish you better and better relationship, and hope you give birth to an early son!"

Avella blushed all of a sudden, and she felt ashamed when he talked about having an early son.

Marven said with a smile on his face: "Thank you brother, I will work hard!"

Avella was even more shy. She held one hand, put the other hand under the table, and pinched hard on the inside of his thigh.

Marven grinned in pain, but didn't dare to scream, so he hurriedly picked up the wine glass and said to Zhao Hao: "Come on, do it!"

After a glass of wine, Marven suddenly remembered that Zhao Hao was working in Haicheng, and asked: "By the way, Zhao Hao, which company in Haicheng do you work for now? What industry is it? What is your position??"

Zhao Hao explained: "I work in a company specializing in the production of lighting equipment in Haicheng. The main position is a salesperson. Our company is under the Tailai Group."

"Tailai Group?" Marven frowned and asked, "The boss of the Tailai Group should be Tailai, the richest man in Haicheng, right?"

Zhao Hao nodded and said with a smile: "You also know Tailai."

Marven smiled and said: "More than knowing, I have seen him."

"Really?" Zhao Hao said in surprise: "I usually miss the end of the dragon. Only the people from the group headquarters have the opportunity to see him. People from small zonal ones like us have no chance to see him. Chairman Tailai."

In Haicheng, Tailai was basically a native emperor, and he had many companies and industries.

The lighting equipment company where Zhao Hao works is actually just a small industry under Tailai, let alone Zhao Hao, even the person in charge of their lighting equipment company did not have the opportunity to see Tailai several times.

Therefore, Zhao Hao felt very shocked and curious about Marven's meeting with Tailai.

So he asked: "Marven, how did you meet our chairman?"

Marven smiled and said: "A friend had a party before, and I went to attend it. I happened to see him and he was there."

The first time Marven saw Tailai, Warnia invited him to look at a piece of jade. At that time, Tailai also had ideas about the piece of jade, and even brought a master to give him a long eye. As a result, the scam was seen through by him.

Later, in Wrestvel, Tailai also went. Although he had no friendship with him, he had always treated him respectfully.

After all, he is the supreme Nanguang Supreme in the eyes of those metaphysical circles.

Since Zhao Hao works in a company under Tailai, he still has to help him if he can.

So Marven said to Zhao Hao: "Well, let me call Tailai and let him arrange a new job for you."

"What?! Do you know Chairman?" Zhao Hao looked at Marven in shock.

He thought that Marven had just a chance to meet Chairman Tailai at a party, but 80% of them had no chance to cultivate friendship with the Chairman.

It's not that he despises his brothers. The key is that Chairman's status is noble. After all, he is the richest man in Haicheng. In his eyes, he is really unattainable.

Others couldn't help being shocked when they heard Marven's words.

Everyone has heard of Tailai, the richest man in Haicheng. Although he is not as powerful as the Song family, he is at least a super rich man worth several tens of billions.

Unexpectedly, Marven would know such a big man!

Chapter 994

If it were placed half an hour ago, everyone would think Marven was bragging.

But now, everyone felt that since Marven said so, then this matter is likely to be true.

Marven smiled indifferently at this time and said to Zhao Hao: "Although I don't have much friendship with him, Chairman Tailai, is an acquaintances after all. I believe he will give me a bit of face after all."

Having said that, he immediately took out his cell phone, found Tailai's number, and called him directly.

After a while, the call was connected.

Tailai on the other end of the phone said in surprise, "Mr. Ye, why are you free to call me?!"

Marven smiled lightly and said, "Chairman, you and I haven't seen each other for some time."

Tailai hurriedly said, "Oh, I haven't been to Wrestvel during this time. Otherwise, I must say hello to Mr. Ye!"

Marven smiled slightly and said, "Chairman don't need to be so polite. Actually, I called today for something. I want to ask you."

A table of people held their breath and looked at Marven, looking forward to witnessing the miracle moment!

Because almost everyone is an orphan, let alone a richest man with a worth of tens of billions, even an ordinary rich man with a worth of more than ten million will have no chance to meet.

At this time, Tailai hurriedly said: "Mr. Ye, if you have anything you want, I will go all out!"

Marven said: "I have a buddy who grew up together with me. I just learned today that he actually works in a company under your industry, Chairman, so I want to trouble you, can you arrange for him a Future work?"

Tailai was shocked!

He never dreamed that Mr. Ye's good brother would actually work in his own company.

So he hurriedly asked: "Mr. Ye, what is your brother's name? Which company does he work for? Could you please tell me, I will call now to arrange for personnel transfer, and directly transfer your good brother Come to the headquarter of our group!"

Marven said, "My buddy is called Zhao Hao. He works in a lighting equipment company under your name."

Tailai hurriedly said, "Mr. Ye, wait a minute, I'll call and ask now!"

After hanging up the phone, Tailai immediately called his secretary, asking him to verify Zhao Hao's identity in the shortest possible time.

When the secretary reported to him that the lighting equipment company did have this person, Tailai was delighted.

In fact, he has long wanted to find a chance to get close to Marven, but he has been suffering from no chance.

After all, Mr. Ye is a real dragon in the world, and in Wrestvel, who is awesome, can't play a face-to-face in front of him. Moreover, even a large family like the Song family treats Marven with respect, so he also knows, he actually have no chance.

However, he never dreamed that this opportunity would suddenly fall from the sky. Mr. Ye's good brother actually worked in his own company. Isn't this a godsend opportunity?

So he immediately called Marven back and asked, "Mr. Ye, I want to transfer your brother to the headquarters to be my assistant. The annual salary is one million, oh no, two million. I don't know. Are you satisfied?"

Marven knew that for Tailai, the annual salary of two million was a drop in the bucket.

However, for Zhao Hao, it would be less than ten or twenty years of struggle, and it may not even reach such a height in his lifetime.

He hummed with satisfaction, and said: "Then this matter will be hard for you, Chairman, it is best to send a notice to my brother now, so that he can be happy sooner."

Tailai didn't dare to refuse, and respectfully said: "Mr. Ye, please rest assured, I will let the manager send him an employment notice!"

Chapter 995

After Marven hung up Tailai's call, he said to Zhao Hao in front of him: "I have already greeted your Chairman, and he said he wants to transfer you to the headquarters to be his assistant."

Zhao Hao, including the entire table of friends, were all stunned.

Everyone has heard of Tailai's name, but he is a super rich man worth over 10 billion!

It is definitely not an ordinary job to be an assistant to a super rich person worth more than 10 billion. It is impossible for ordinary people to have a chance!

At the very least, you have to graduate with a Ph.D. from a prestigious university, or even have similar work experience in many large companies, to be considered by a rich man like Tailai.

Everyone knew exactly what happened to Zhao Hao.

He and Marven were all just graduated from high school at the beginning, because the orphanage only took them until they were 18 years old. At that time, after they finished high school and graduated, they went straight to work in society.

Marven is a little better than him, because in order to let him cultivate a relationship with Avella, Mr. Xiao sent him to Wrestvel University to study for a year.

However, Zhao Hao has been working since he was 18 years old, working on construction sites for a few years, and then went to Haicheng to toss for a few years.

To put it bluntly, Zhao Hao's situation is no different from the uncles of migrant workers who work on the construction site. The only difference is that he is a little younger.

So such a person suddenly wants to work as an assistant for the super-rich man. No matter how he hears it, it feels very magical.

Zhao Hao himself didn't believe it either. Not only did he not believe it, but he also felt that he was not capable of being an assistant to the chairman?

Being able to be a team leader in your own company already burns high incense.

But at this moment, Zhao Hao's phone rang suddenly.

Zhao Hao saw that it was an unfamiliar number, so he put on the phone and asked: "Hello, who may I ask?"

The other party immediately said: "Hello, is it Mr. Zhao Hao? I am the personnel director of our Tailai Group. I am calling you to inform you that you have now been transferred to the head office to serve as Chairman Tailai's assistant. Chairman Tailai will give you one week to prepare, then you can report directly to the head office."

Zhao Hao was stunned and blurted out: "You...are you kidding me? Are you really asking me to be Chairman Tailai's assistant? I haven't even gone to university..."

The other party smiled and said: "Chairman Tailai specifically explained that no matter what your academic qualifications, you will be allowed to do this position, and you will not be required to have any skills, as long as you can drive. It does not matter if you can even drive. The company can pay you to sign up for training."

Zhao Hao hurriedly said: "I have a driver's license. I have been taking the driver's license test for more than three years. I drove a taxi in Haicheng for a while."

The other party smiled and said: "That's good. You can help Chairman Tailai drive first. If Chairman Tailai needs you to do anything, he will tell you then."

After speaking, the other party said: "By the way, your salary is 2 million per year, which is the basic salary, not including year-end bonuses and commissions."

"...how much?!" Zhao Hao was struck by lightning. He thought that his ears had a problem. How could it be possible for 2 million a year?

At his current level, he can earn 100,000 a year, which is very impressive. Even in the best dream he has ever had, he has not reached the level of an annual salary of 2 million.

Seeing that Zhao Hao didn't seem to hear him clearly, the other party repeated it earnestly and said: "Mr. Zhao, your basic salary is 2 million a year."

Zhao Hao shivered with fright, and blurted out: "2 million a year is too much..."

Chapter 996

This sentence scared everyone present.

An annual salary of 2 million a year? ! How is this different from robbing a bank?

Moreover, does Marven really have this ability? Can Zhao Hao's annual salary be 2 million with a single call? !

At this moment, the other party smiled on the phone and said: "Chariman Tailai made this decision. Since he made this decision, there must be a reasons. I believe that the price is not high in Chariman's view."

After speaking, the other party said again: "Mr. Zhao Hao, then we will see you next week. This is my mobile phone. If you come to report then, just call me and I will receive you!"

Later, the person hung up the phone for convenience.

Zhao Hao took the phone, his whole brain has been completely short-circuited.

Ronnel was full of envy, jealousy and hatred at this time, and blurted out: "Zhao Hao, does your company really give you 2 million annual salary?"

Zhao Hao came back to his senses and nodded blankly and said, "It was the personnel director who called, she really said that."

Ronnel was so jealous and crazy in his heart. He really didn't expect Marven to have such a sky-reaching energy. If he had known that he had such an ability, what would he go to kneel and lick Jiang Ming? He'd kneel and lick Marven directly!

At this time, Zhao Hao was already in tears. He looked at Marven with red eyes and choked up: "Marven, you have done too much for me. How can I be Chariman Tailai's Assistant?"

Marven smiled indifferently, patted him on the shoulder, and said seriously: "Just because you are Marven's brother, I can fully afford Tailai arrange an assistant position for you."

Zhao Hao was very moved in his heart, but he was still a little less confident and said: "Marven, I know you have always regarded me as a brother, but to be honest, I still know my ability. I am not worth 2 million a year."

Marven said with a smile: "Whether it's worth it, it's not your decision. Since you are my brother, the annual salary of 2 million is your starting price."

With that said, Marven must say seriously: "So you will follow Tailai steadfastly in the future, and show those who look down on you to see! Let them know that you today are not the same as before!"

Zhao Hao was moved in tears when he heard this!

Since the two left the orphanage, he has been looked down upon, because he is young and has no father or mother. Even if he works on the construction site, he will be bullied by other workers.

Having been in Haicheng for so many years, he was also looked down upon by others. Even his girlfriend had left him because he disliked himself.

So Marven's words ignited the self-esteem and blood in his heart.

So he immediately clasped his fists in his hands and said with great gratitude: "My good brother, I don't say thank you for your kindness. From now on, Zhao Hao's life will be yours!"

Marven waved his hand and said with a smile: "What do I want to do with your life? You will live well in the future, live well, and live your personality, I will be very relieved."

After speaking, Marven said again: "By the way, I only have one request for you."

Zhao Hao hurriedly said: "You said that no matter what the request is, I will definitely be there!"

Marven said seriously: "After becoming Tailai's assistant, no matter how your ex-girlfriend and her mother come back to beg you, you must not agree, even if you still love her in your heart, you are not allowed to agree! Because from now on, Such a snobbish woman is not worthy of Marven brother!"

Chapter 997

At this moment, Zhao Hao realized from Marven's determined expression that his life had undergone earth-shaking changes.

He is no longer the stinky silk that is looked down upon by everyone, has never gone to school, and has no father or mother.

He is now Marven's brother and assistant to the chairman of Tailai Group.

And the annual salary is as high as 2 million!

If her ex-girlfriend knew he got such a job, her snobbish mother would probably kneel in front of him, begging to get back.

However, Marven was right.

Because from now on, this family is no longer worthy of him.

It wasn't that Zhao Hao himself was so floating, but he knew that he could have this good fortune entirely because of his childhood brother Marven.

Not only should he be grateful to him, but he can't shame him.

At this moment, the people at the dinner table looked at Marven like a god.

He donated 1 million to the orphanage in a single phone call, and his friends also donated 1 million for his face.

That's all, he actually called Tailai, the richest man in Haicheng!

And also solved Zhao Hao a job with an annual salary of 2 million.

This energy has exceeded the imagination of these people!

However, Avella didn't feel strange at all. She knew that Marven's Feng Shui was just for the rich, so it was not surprising to know Tailai.

But other people don't know this, many of them have already begun to move their minds, and they have picked up their wine glasses and looked at Marven.

While preparing to toast Marven, she also hope to get close to Marven, and then see if she can also arrange a better job for her.

But at this moment when many people had already picked up their wine glasses, Avella suddenly received a call.

The call was from Viola, Marven's mother-in-law. As soon as the call was connected, Viola cried out on the other end of the phone: "My dear daughter, come back soon. Your dad is going to divorce me. I'm not alive!" If you don't come back, you can only wait to collect the body!"

Avella panicked immediately. She didn't expect she had just found her back and the house started to make trouble again.

So she hurriedly said to Marven next to her: "It seems that parents are arguing at home, let's go back soon."

When Marven heard this, he nodded immediately, so he picked up the wine glass and said to everyone: "Aunt Li, there are so many friends, I am really sorry today, there is something urgent at home, so I just told Avella. Please allow us, We will get back together when we have time!"

Aunt Li hurriedly said: "You two should go back to do business, don't delay because of us."

But those who still want to profit from him were disappointed for a while, and some even said: "Brother Ye, I haven't had time to toast with you... Drink two glasses before leaving?"

Marven said lightly: "Don't drink it, next time, I have to leave now for home."

After speaking, he raised the wine glass in his hand and said seriously: "I've done this glass of wine."

As soon as the voice fell, he drank all the wine in the glass and took Avella's hand to leave.

Because Marven drank, Avella was responsible for driving.

On the way back, she said anxiously: "I think my dad is tempted by that Aunt again, so he wants to divorce my mom. I really worry about it. You can help me think of a way to see how to get my dad change his mind..."

Marven said: "What do you say about this kind of thing? If Dad really doesn't have feelings for Mom, and forcibly keeping them together not to be separated, it will be torture for both of them."

Avella sighed and asked, "Then you mean to make them short-term pain better than long-term pain?"

Chapter 998

Marven smiled and said, "What kind of person mother is, don't you know? She will make short-term pains from the labors, and short-term pains will be caused by her to grow up. Even if dad wants to divorce her, I'm afraid It's not that easy."

Avella was stunned suddenly, her heart was full of enlightenment.

With the mother's temper and character, even if the father wants to divorce, it is difficult to get what he wants.

Thinking of this, she also suddenly realized that her mother's death-seeking thing was probably still acting.

So she was also relieved.

As soon as the BMW drove into the villa, they heard Viola cursing on the street: "Dave, you despondent b@stard, I have suffered so much for you and suffered so much, so you still have to divorce me."

Marven and Avella got out of the car, and as soon as they entered the door, they saw Viola standing in the living room, cursing shamelessly.

Because Viola's two front teeth were still missing, she leaked when she spoke. When she got excited, it not only leaked the wind, but also kept spitting out.

Dave deliberately kept a distance of more than five meters from her at this time, and said angrily: "Don't tell me those useless things, I'm broke with you now, there is no other choice except divorce!"

Viola scolded, "Dog stuff, you are simply dreaming! I tell you, I am dead, I will not divorce you!"

Dave said angrily: "You wait, I will go to the court to sue tomorrow."

Viola scolded angrily: "You f*cking bluff me? Do you think that the court is yours, you can get a divorce if you go to prosecute? I tell you, in order to prevent you from doing this, inquired about it many years ago. As long as I disagree with the divorce, the court will not be able to sentence us to divorce for no reason!"

Dave said angrily: "I have no relationship with you anymore. A marriage without an emotional basis will be sentenced by law!"

Viola said triumphantly: "Cut, what if there is no emotional foundation? I tell you, the relevant laws have regulations. Even if there is no emotional foundation, you must have separated for two years before you can be sentenced to divorce!"

Dave was taken aback, and immediately stomped his heart, and said, "Then...then...then I will be separated from you now, and counting from now, two years later, if you don't leave, you will also have to leave!"

Viola curled her lips and said, "You want to separate with me, right? I tell you, two people live in a house and sleep in separate rooms. This is not separation. If you want to separate, you can get out of the Tomson Villa. Live in a house!"

After speaking, Viola said again: "You can move back to the old house alone!"

"Go and go!" Dave gritted his teeth: "As long as I can get rid of you as a b*tch, even if I go to sleep in the bridge hole for two years, I am willing!"

Viola waved her hand: "Then you get out quickly, get out now, get out to somewhere!"

After speaking, Viola threatened: "Your front foot is gone, and my back foot chopped the furniture that your father left behind and burned wood!"

"You..." Dave shivered angrily: "What is the difference between your approach and that of a beast?"

Viola hummed: "You care so much, don't you want to move out? Hurry up, go now!"

Dave suddenly became dumbfounded.

He really wanted to separate from Viola, but he was really reluctant to leave Tomson First Grade.

This big villa with elevator is so cool to live in. After living here, look at the small house before, it is no different from the chicken coop.

But now that he has only lived here for a few days, if he let himself move out, then he really feel a little unwilling.

Avella watched the two talking, arguing incessantly, and said helplessly: "Dad, Mom! I haven't had a good day, why you started to make trouble again?"

Viola said, "I want to live a good life, but your dad doesn't want to."

Dave blurted out: "I have nothing to do with you, I can't go together anymore!"

Marven knew very well in his heart that the Old Master must want to stay and fly with Meiqing, but what he thought was too beautiful. Doesn't he have any compelling numbers in his heart because of his wife?

Chapter 999

Seeing Dave so decisive, Viola said angrily: "Okay, you can't live with me, right? Yes, then you can live without me for two years, and then go to the court to sue for divorce."

As she said, Viola snorted and said, "But Dave, I can tell you in advance that I am a very careful person. If you divorce me, let me know that you are better than me and more comfortable than me. Then I may be uncomfortable!"

“You know what I will do when I feel uncomfortable, you know better than anyone else, and I will definitely make you feel more uncomfortable than me, so that my heart can be balanced!”

“In other words, if you dare to find a little vixen outside and live secretly at that time, then I must confuse your good things, and then I haunt you every day. I am your ghost, I am Your shadow, you will never get rid of me!”

When Dave heard this, his soul was frightened!

According to Viola’s words, even if he bears her for two years and finally can dissolve the marriage, she is not going to let him go...

If he is with Meiqing at that time, once Viola knows about it, wouldn’t she still be crazy?

She still doesn’t know anything about Meiqing, she will haunt her every day as her own ghost.

At that time, if she knows about Meiqing, or even know that he’s with Meiqing, then she can cut him to death with a knife?

Moreover, not only is it impossible for him to let go of her, it is also impossible for him to let go of Meiqing.

After all, she has always regarded Meiqing as her worst enemy for decades.

Given her style of acting as the number one vixen in Wrestrvel, how could Meiqing be her opponent?

At that time, she might end-up hurting him and hurt Meiqing, and it will be a mess by then.

Thinking of this, Dave almost cried anxiously.

He desperately asked himself in his heart: “Can’t I be with Meiqing in my life? Can’t I find my own happiness? Will I have to live with such a b*tch in this life?”

Thinking of this, he had the heart to die.

Viola looked like a winner, and said triumphantly: “I tell you Dave, you will never get rid of me in your life unless I die! But even if I die before you, I will take you before death. If you walk with me, you will never be left alone in this world.”

Dave trembled with anger, almost unable to stand up. He roared with great indignation: “Viola, you...you...you stinky lady, you are simply a beast! How can there be a brazen person like you in the world?!”

“What?” Viola raised her eyebrows: “What’s wrong with a person like me? Don’t someone like me still marry you and have children? Do you think I, Viola, is what you dump whenever you want ?”

Dave was so angry that Viola cried, and said in a choked voice: "The last thing I regret in my life is marrying you! If I knew you were such a shrew, even if you put a knife on my neck, I would not marry. You come in!"

Viola suddenly sneered: "Oh, what does your regret of marrying me have to do with whether I am a shrew? Do you think I don't know why you regret this old thing?"

"Don't you just regret not being with Meiqing? Don't you regret that you didn't get back Meiqing in time?"

"You ate the bowl yourself, looked at the pan, and regretted now that you said it was because I was a shrew? In front of the girl, you touched your own conscience and said, are you shameless?"

"You..." Dave was suffocated to death.

People like Viola have this ability. She can accurately find the most hurtful language under any circumstances and launch the most brutal attack.

Dave had realized at this time that he was not the opponent of this shrew at all.

Thinking that his life was so gloomy, and it seemed that there would be no day in the future, he fell to the ground like a child and started to cry.

Unlike the crying method that Viola used to cry, Dave's cry is really sad for the listener and tears for the listener.

Chapter 1000

It can be seen how desperate he is at this moment.

When Viola saw this, the victor's posture became more obvious, and she said contemptuously: "Dave, you're a damn Old Master, you're a fucking man, come with me. Why, in front of a girl, you want to win sympathy. Do you want me to tell you about your love affairs in front of daughter?"

After that, before Dave could answer, she sneered and said, "You Dave were the school's famous person back then. The matter between you and Meiqing is also known to the whole school, but you, someone like you, obviously has a girlfriend. Still messing with flowers and weeds outside, attacking me and ruining my innocence. Now you wasted half of my life, and talking about divorcing me. There are so many s*umbags in the world, but who can beat you?"

Dave only felt that his heart was violently hit by a train.

At this moment he realized that he might not be able to beat this woman in his life.

With her, it is impossible to find true happiness in this life.

As a result, he changed from whispering to howling.

Avella was also depressed by the situation before her.

She suddenly realized that she had never wanted to divorce her parents before, but the result of the two of them not divorcing must be the endless quarrel like today.

In this way, neither of them will be happy.

If life is like this in the future, even she doesn't feel any light...

At this time, she suddenly received Elsa's WeChat message, which read: "Avella, I just went to Tomson. Before I even entered, I heard uncles and aunt arguing. The quarrel seemed to be quite fierce. Would you like to go back and take a look?"

Avella hurriedly said, "I have already returned."

Elsa said again: "That's good. By the way, I'd better stay in the hotel these days, otherwise it would be too embarrassing."

Avella was also very sorry.

Originally, it was to let a good girlfriend live in her own home, so that she would not stay in the hotel alone.

But who would have thought that when she had just moved here, her father would entertain her first love at home.

He had just treated his first love, and her mother had disappeared again.

Now mother has finally found herself back, and the two of them will start fighting when they get home. If they change to be her, I am afraid they will hide far away...

Thinking of this, she had to sigh and micro-channel Elsa back: "I'm sorry Elsa, you can come back when the family affairs are almost done."

Elsa said hurriedly: "You don't need to worry about me for now, and take care of family affairs."

In fact, Elsa had always envied Avella before, after all, she could find a good man like Marven.

But now, she suddenly wasn't so envious.

Because her family is really weird, if you let yourself live in such a family atmosphere, I'm afraid it would collapse long ago.

At this time, Dave had already cried and went back to the room. Viola saw that he had escaped, and lost the interest in continuing to behave. She said triumphantly: "Oh, I'm going to take a good bath in my big bathtub. I sleep in Tomson Villa! Hahaha!"

Seeing parents went back to their respective rooms, Avella said to Marvin frustratedly: "Hey, I'm really tired, and my head hurts to death. I also go back to the room to take a bath, otherwise I really will collapse... .."

Marvin thought that he was going to be promoted to one level tonight, and hurriedly followed with a smiley face...
