

# Dragon Husband 1802

Chapter 1802 Sorry...

Seeing the three long live demon lotuses being crushed in Ye Qiongqi's hands, Wiliam's heart twitched for no reason!

It's like Ye Qiongqi's hand is on his heart!

Wiliamdou's big cold sweat broke out instantly.

"what!"

Wiliam roared loudly and rushed up again!

And the rest of the Long Live Demon Lotus, like crazy, rushed to Ye Qiongqi desperately!

Ye Qiongqi sneered, and the hand retracted into the black air again.

It's just that the lightning that came out of the black air became more and more dense.

After a while, Wiliam had already resisted several lightning bolts, and his body was bleeding like a stream!

As powerful as unicorn armor, it can't withstand the hard blast of Tianlei!

You can see how powerful this monster is!

Long live demon lotus is constantly impacting the black qi!

There are also long live demon lotus rushing into the black gas!

Then, Ye Qiongqi will make an unpleasant sound!

As if the long live demon lotus really caused him some damage!

After a while, Ye Qiongqi crushed a few Long Live Demon Lotus!

William's eye canthus was cracked!

"Come back! Come back for me!" William slammed his fists and shouted loudly at the sky!

In the sky, the long live demon lotus dances wildly!

However, there is a strange scene!

William's order! William's thoughts!

I can't control the Long Live Demon Lotus all of a sudden!

They are like unowned things, and they are also targeting Ye Qiongqi, and they are constantly attacking.

"Come back! Haven't you listened to my orders!" William's eyes were flushed, and he shouted again.

With a distraction, he was blasted away by Tianlei again.

But he jumped up from the ground in an instant and looked up at the sky.

What's going on here!

Why is the long live demon lotus out of control?

Why doesn't Long Live Yaolian listen to her words?

This has never happened before!

Long live the demon lotus danced in mid-air, and suddenly red light flashed across, and the shattered space appeared directly in Ye Qiangqi's black qi.

"Ah! Damn silver needles! Look at Lao Tzu not crushing you one by one! Courting death!" Ye Qiongqi seemed to be completely annoyed in the black aura.

Long live the demon lotus is too difficult to deal with.

It even contains the power of space, which can directly cut through space.

This was something Ye Qiongqi had never expected before.

Accidentally, his arm was cut several times by the damn silver needle.

Although it was only a minor injury, it was a great shame to Ye Qiongqi!

A generation of great powers was actually injured by something in the arms of a kid who had never even stepped into the fairyland.

It is a great shame to spread it out!

In the black air, he suddenly stretched out his hand again!

This time, it's hands!

This is a pair of hands that are as black as ink, and it is also the first time that Wiliam sees Ye Qiongqi taking the initiative to attack with his own body!

A terrible scene appeared!

These hands also seem to cut through time and space!

I saw that the black air just came out, and it appeared in the air in an instant!

Then, a few silver needles were pinched by him.

Repeating this several times, more than 20 silver needles have been damaged by Ye Qianqi.

Wiliam's eyes were cracked, he shouted, and rushed directly to the black gas!

I can't take back the Long Live Demon Lotus!

Wiliam seemed to feel the anger of Long Live Demon Lotus.

A childlike rage.

All Wiliam can do now is to entangle this monster so that he can't concentrate on dealing with the Long Live Demon Lotus.

The people on the scene were stunned by the scene in front of them.

The magic weapon on Wiliam is so strong!

Even this monster can handle a bit!

Although it is currently at a disadvantage, it is already impossible for everyone present to entangle the monster.

How the next situation will develop, everyone has no idea in their hearts.

They looked around again, and the Lightning Cage was even closer.

Under the reflection of the prayer seals in the middle of the sky, the thousands of thin lines of lightning flashed with green light.

The pace of death is also closer.

Su Hongxiu's face was full of anxiety.

And the face of Han Xing's forgetfulness gradually showed a trace of anxiety.

Only Li Chunfeng was still looking at everything in front of him indifferently, as if death had nothing to do with her, as if Wiliam had nothing to do with her.

"Boy, do you really think that if I don't kill you, you can act recklessly?" Ye Qiongqi scolded angrily, causing real fire.

The black air suddenly surged.

The thunder roared in the sky, and all of a sudden it rushed towards Wiliam.

More than a dozen thunder lights directly blocked Wiliam from different angles.

Wiliam wanted to hide, but he couldn't.

Several thunders hit Wiliam directly!

But this time it's different.

After the lightning strike before, it disappeared directly.

This time, after Lei Guang banged on Wiliam's body, it didn't disappear!

Those lightning bolts, like lightning guns, were directly inserted into Wiliam's body!

Two pierced through Wiliam's arms fiercely, and two pierced through Wiliam's two thighs!

Wiliam seemed to be pinned to the ground by lightning, unable to move at all!

"Wiliam!" The people at the scene were furious and shouted directly.

Wiliam also let out a painful roar.

Not to mention the pain of being pierced through his body, the lightning was constantly drifting away from him, and it brought him infinite pain!

The unicorn armor has improved Wiliam's body to an unprecedented level of tenacity. Wiliam is confident that even if a strong person from the Flying Cloud Realm comes over, Wiliam can carry it a bit!

But he never thought that he would be so vulnerable in front of this monster!

What kind of realm is this monster!

"Huh! I can finally be quiet! The little flies are so annoying! Hoho, it seems that you are very rare in your magic weapon, and you dared to die to distract me. Hoho, I have one of them. Hobbies, the more people like things, the more I like to destroy them in front of me, boy, just look at them carefully, these silver needles of yours, I have crushed them one by one for

you! I will clean up you again!" Ye Qiongqi laughed in anger, and his hands stretched out black gas again.

Originally, being able to force this monster to use its body, even with both hands, was already a great honor for Wiliam.

But for the current Wiliam, his heart was filled with anger and unwillingness.

"Long live Yaolian! Run away! Run away!" Wiliam was pinned to the ground and could only roar towards the sky!

However, Long Live Demon Lotus has no intention of running away at all.

The master is as arrogant as a dragon, and as the owner's thing, he will not run away from death!

After a while, dozens of silver needles were crushed into pieces.

The sound of the silver needle shattering was like a knife had been cut into Wiliam's heart.

Wiliam roared to the end, his eyes reddened.

"Long live Yaolian!" His voice gradually became lower.

It was as if he had accepted this damn fate.

Each silver needle was damaged, and in the end, only one silver needle remained, still bombarding Ye Qiongqi weakly.

Ye Qiongqi grabbed the last silver needle and let out a loud laugh.

His hands are going to be hard.

And with this effort, from now on, there will be no long live demon lotus in the world!

Everyone looked at the long live demon lotus in Ye Qiongqi's hands, tears streaming down their faces.

"sorry....."

A soft and soft voice suddenly echoed in Wiliam's mind.

Hearing this voice, Wiliam held back the tears, like a long river bursting in an instant, tears welling up in his eyes!
