

## Dragon Husband 1843 -

Chapter 1843 The little white face who does not understand medical skills

More than 70% of everyone present knew who Wiliam was.

After all, Wiliam has done a series of astonishing things for a while since he stepped into the land of the common people.

One of the most impressive is the brilliance of the nine qualifying races.

And the most frightening thing is to cover the sky with one foot!

It can be said that Wiliam's achievements in martial arts have completely surpassed those of the Nine Sects!

But what everyone didn't understand just now was what was Wiliam doing here?

In fact, someone noticed Wiliam just now, because Wiliam walked towards the last referee's seat.

At that time, everyone was just wondering, but not sure.

But now, the people who control the world have actually announced that Wiliam has become the last of the five judges.

The scene immediately set off a big wave!

The first reaction in many people's hearts is, what a joke!

What a joke!

Everyone admitted in their hearts that Wiliam's achievements in martial arts can be said to be unparalleled.

However, now here is a fairy doctor seeking truth meeting!

It's a grand meeting between doctors!

What does it have to do with Wiliam?

He was actually invited to be the referee, which is simply ridiculous!

Don't look at it, what are the identities of the other referees?

Those four are all big figures at the Big Dipper level of Mount Tai in the outer periphery of the Commonwealth Territory.

Why is William?

Does he fit!

It's like a poet who is famous in the literary world, running over to participate in a martial arts competition.

It is simply two areas that are not related to each other!

So, after a brief period of astonishment, the audience went into an uproar!

Many doctors were furious!

"What is this! Someone tell me, what is this!"

"In martial arts, I'm afraid of this kid, but in medicine, I really want to say a fair word! Get out of here!"

"He came to be the referee of the Fairy Doctor Seeking Truth Association, which has brought down the style of the entire event! I can say, it's a piece of mouse sh\*t that ruined a pot of porridge!"

"I'm not convinced! Is he qualified to be the referee! He's a little white-faced, does he know what medical skills are?"

But at this moment, this little white face, who didn't know medical skills, was sitting on the chair that belonged to the referee.

The people at the scene were even more furious.

This time, even the referees showed a look of resentment.

Especially the so-called Nine Sect Medical Sage, who directly slapped the table, blew his beard and stared, "What is it! Yu Shizhi, are you here to humiliate the four of us! Since you have worked so hard to invite us over as judges, you should respect this event, rather than let this event be shamed at the beginning!"

The old man named Xuanhu was a little restrained. At this moment, he was looking at Su Emei, and said lightly, "I think I need an explanation. Otherwise, I will not be the judge."

Although the tone was flat, the threat in it could be heard by anyone.

The Xingtan Bodhisattva from Yinian Immortal Prison frowned and said nothing.

But in fact, he was also quite unhappy.

Apparently he knew more things.

He knew that the last referee was found temporarily.

But can't find such a thing.

Although it is a default decision in this game, the scene still needs to be well-prepared.

Although this last referee is only going through the motions, in the heart of Xingtan Bodhisattva, this kid is not even qualified to go through the motions.

Yu Shizhi people, what are you doing!

Are you planning to embarrass the event?

What good is this for you!

Only the one-handed ghost looked at the atmosphere of the scene peacefully.

Of course, this has to do with the fact that he is a man who controls the world.

But the bigger reason is that this one-handed ghost has a peaceful and tolerant heart.

It was as if everything in his eyes was calm and not worth mentioning.

At the scene, Su Emei on the stage panicked.

Her palms and foreheads were sweating.

Su Emei could not have imagined that pulling William to the position of the referee would cause such neat embarrassment and opposition on the scene.

She was caught off guard.

Su Emei couldn't help but said loudly: "No, everyone, listen to me, you have misunderstood. Wiliam is also very accomplished in medical skills. Some people say that his medical skills are the best in the world!"

As soon as these words came out, the scene suddenly fell silent.

Everyone's faces changed!

Wiliam shook his head secretly, this little girl is silly and sweet.

Shut up if you can't speak.

These words are not speaking for Wiliam, they are simply adding fuel to the fire, which has completely counterproductive effects.

No. 1 in the world...

What do these four words represent in the hearts of this group of people who think highly of themselves?

It represents the supreme honor and the twisted mentality that no one is allowed to go to heaven unless I go to heaven.

The four Taishan Big Dippers who were present did not dare to pretend to be number one in the world. Now these four words were uttered from the mouth of a little girl, and they hurriedly covered the head of a little white face. How could the scene not explode.

Sure enough, just as Wiliam thought, the scene exploded.

"No. 1 in the world? I would like to ask, someone said what you said, who said it? Are you qualified to say it?"

"It's ridiculous, the four referees dare not say that about themselves, a hairy boy with the best medical skills in the world? You are so disappointing."

"I think this little girl just wants to find a step for this boy to go down, but what she found is not a step, but a cliff!"

Su Emei actually regretted saying it.

She wished she could slap herself twice.

Damn mouth!

It was Lin Jiang who said that he was the best in the world before.

But is it useful to say it?

Su Emei suddenly thought of a terrible fact.

Whether it is William or Lin Jiang, they have never really shown their extraordinary medical achievements on a broad stage.

Only those who are close to them will know how terrible the medical achievements of these two people are.

Su Emei just ignored this point, coupled with his eagerness to find someone to be the fifth referee, so he single-handedly created the situation that was overwhelmed.

She regrets that in her heart.

This is the first time she has independently organized and hosted such a big event since she came here.

In fact, it is also within the sect who want her to exercise more and let more people know her Su Emei.

But wanting to prove himself too much makes things even more ugly.

What should we do now?

We can't force William from the referee's seat again under the pressure of public opinion, right?

Wouldn't this be even more slap in the face, and it was the face of Yu Shizhi!

On the other hand, William was kind enough to help himself. Now William is already very embarrassed. Do you want to add fuel to the fire and let William lose his reputation and bear this kind of infamy?

Su Emei is in a dilemma!

At this time, an arrogant voice sounded, "Everyone should be quiet for me, my Xiao Su must have her reasons for doing this, right?"

Su Emei looked at the sound, her brows wrinkled directly, and she even felt a strong sense of disgust in her heart.

The person who speaks is the real master of this Fairy Doctor Seeking Truth!

Handsome boy!
