

## Dragon Husband Chapter Chapter 1868

Chapter 1868 The King of Medicine

Everyone is looking for the sound!

Where the patient was looking, the person he was referring to was a terrified young master!

Master Miaoshou tried his best to move away from the patient's fingers!

But no matter what, the people around him have already scattered, and in that direction, he is the only one left.

There is nowhere to escape!

Seeing the patient pointing at Young Master Miaoshou, he couldn't help sneering!

Sure enough!

The problem is with this kid!

Hoho, he even hit back and framed Lu Ye!

If it wasn't for Lu Ye's ability to defy the sky, he would have been splashed with dirty water by this kid today!

Su Emei breathed a sigh of relief in her heart at this moment, and her expression was filled with endless joy!

Still Lu Ye is awesome!

This tone is so refreshing!

"You are talking nonsense! You are dead, so how can you blame me! If you talk about evidence, can you come up with evidence!" Young Master Miaoshou's face was cold, and he began to quibble.

However, the people at the scene looked at him and did not believe his words at all.

After all, he has fooled the people on the scene, and it's still three and five times!

The current master master has no credibility.

And the patient almost grinned and roared: "Why not you! Just when everyone was resting just now, you came over and told me kindly that you are also a genius doctor,

and then took out a pill and let me I took it and said it would allow me to recover as soon as possible. Based on my trust in you, I took that pill without hesitation.”

“Then! Then you all saw it! I suddenly felt like a knife, and I didn’t know anything!”

The people at the scene burst into exclamations again!

Damn it!

If it was done by Master Master, then he is really inferior to a beast!

“To be so unscrupulous to win! Despicable!”

“Is he still worthy of being a doctor! He keeps saying that he is a genius doctor, bah!”

“He’s the culprit! I mistrusted him before! I swear to God, I won’t believe what he says next!”

“You, you are talking nonsense! I don’t know you at all!” Young Master Miaoshou’s words suddenly stumbled a bit.

At this time, a living ghost stood up and said coldly, “Young Master Master, you still don’t admit it, do you?”

“There is nothing, why should I admit it!” Of course, the master master beat him to death and refused to admit it.

One-handed ghost sneered and said: “Okay, then I will publicly check the medicine that this patient has taken before. Also, for the absolute fairness of the scene, today each pavilion can have camera records, and then retrieve the records. If it comes out, I believe it will be very interesting.”

Hearing this, Young Master Miaoshou slammed his head down and sat on the ground like a fool!

A fool knows that he can’t argue.

And his appearance is obviously equivalent to admitting the patient’s testimony!

The scene was suddenly full of curses, and they all accused the masterful son of the beastly behavior!

The living ghost with one hand was unrelenting, and looked directly at Xinglin Bodhisattva, “Xinglin Bodhisattva, what do you say about this!”

After all, Xinglin Bodhisattva is the grandfather of Master Miaoshou, without his instructions, does Master Miaoshou dare to do this?

Maybe, today, through the excitement of this crowd, he can bring down a giant Buddha!

Xinglin Bodhisattva knew what happened today, and he would not be able to go through without speaking.

He bravely stood up and looked at his great-grandson.

Young Master Miaoshou looked at him with deep desire in his eyes.

In the presence, only his dearest and most respected grandfather could save him!

And Xinglin Bodhisattva was heartbroken, turned his head away from the master, and said in a cold voice: "Humph! I never thought that my great-grandson would do such a scumbag! It's a huge disappointment to me! I've been looking forward to him so much, it's like feeding a dog. No! There is no such murderous child in the Immortal Prison! I also do not have such a vicious great-grandson! I declare that I have nothing to do with him from now on! I have no opinion on how to deal with it!"

After a few words, the people on the scene were silent!

Everyone looked at Xinglin Bodhisattva stupidly, with only one thought in their hearts.

What a cruel old man!

These remarks do not in the slightest make one feel that Xinglin Bodhisattva's righteousness kills relatives and hates evil!

Rather, it makes people feel the chill of a rabbit, a dead dog cooking across a river and demolishing a bridge from the bottom of their hearts!

The image of Xinglin Bodhisattva in everyone's heart is gradually collapsing.

And Young Master Miaoshou heard that his grandfather had cut ties with him in public, like falling into the abyss!

He looked at Xinglin Bodhisattva, still hard to believe that all this happened!

Then, a wave of hatred suddenly filled my heart!

When I did this myself before, my grandfather agreed very much, right!

Even doing this yourself is equivalent to pulling my grandfather out of hell!

Let him not become the eternal sinner of Yi Nian Immortal Prison!

And now, seeing that the situation was not right, my grandfather kicked him away!

How cruel!

“You step on the horse!” Young Master Miaoshou got up from the ground and rushed directly to Xinglin Bodhisattva.

However, it was immediately stopped.

Young Master Miaoshou was not a martial artist at all, and was soon captured by the nursing home’s punches and kicks.

“You have disappointed me too much! Come on, take me here! I don’t want to see him anymore!” Xinglin Bodhisattva shouted, and turned away from Master Miaoshou.

And Young Master Miaoshou was so weak that he fainted in a fit of rage, and he didn’t even have the chance to expose his grandfather.

This coaxing drama has finally subsided.

And the one-handed ghost sighed secretly in his heart, it’s a pity, it’s just one step away!

He knew that this matter had nothing to do with Xinglin Bodhisattva.

But Xinglin Bodhisattva was ruthless enough to pick it clean at once.

And the first-hand living ghost knows it, and it is estimated that there is no conclusive evidence to prove that Xinglin Bodhisattva did or participated.

Can only stop there.

Still, it’s been fine.

This one was a surprise!

It can even be said that this match is the pinnacle of the entire Immortal Doctor Seeking Truth!

I would also like to thank Young Master Miaoshou for forcing a stronger Lu Ye!

Otherwise, will the world know that Lu Ye is so strong!

After this battle, Lu Ye was completely consecrated!

All the nine physicians will crawl under Lu Ye's feet!

It's not worth bringing him shoes!

Thinking back to before, a living ghost seems like a lifetime away!

Earlier, Lu Ye said that the people on the scene were not worthy of him as a player.

He even released the rhetoric of "If I am a minister of this stage, who would dare to be called a king in the world"!

It all sounded ridiculous at the time.

Thinking about it now, it is justifiable and justifiable!

With Lu Ye standing under the stage, who would dare to come on stage and say a medical word!

The king of medicine!

Thinking of this, the living ghost couldn't help but asked Xinglin Bodhisattva, "Xinglin Bodhisattva, now do you think that Lu Ye is still qualified to be the final winner of this fairy doctor seeking truth?"
