

A Man Like None Other Chapter 2167-2176

Chapter 2167

the next day!

Under the leadership of Yue Buqun, David headed towards the Medicine Refining Sect!

Along the way, Yue Buqun followed David to tell a lot about the hidden world sect!

The three sects and six sects of the Hidden World Sect actually had many sects in the past, but they were slowly annexed, and finally these three sects and six sects were left, occupying their respective places!

Although the three sects and six sects seem to be in harmony, they are all independent of the world, and they cultivate separately, but behind the scenes they are constantly fighting!

Everyone wants to get the other party's resources!

Originally, Chunyang Sect was one of the best among these three sects and six sects, but because Yue Buqun left behind a dark disease in his body after fighting with that evil cultivator, he could only give tribute resources to the Medicine Refining Sect, and he could gain an increase in it. Yuan Dan saves his life!

Slowly the strength of Chunyangzong began to declineSlippery, resources are getting less and less, now among the three sects and six sects, only Chunyang Sect is the weakest!

Soon, David followed Yue Buqun to a valley.

David glanced at the valley, it was bare and nothing, it looked very barren.

"Sect Master Yue, is the Medicine Refining Sect located in this barren valley?"

David was a little puzzled, who would build a sect in such a place where birds don't shit!

"Haha, Brother Chen, what you see is not what you see, you don't even understand this sentence, right?"

Yue Buqun laughed.

David suddenly realized that he knew that there must be a formation in this valley, so what he saw was just an illusion!

I saw Yue Buqun wave his sleeve lightly, and a ray of light flashed in front of him.

Then two people walked directly into the light!

When David came back to his senses, he smelled the fragrance of medicinal herbs!

As far as the eye can see, the mountains and plains are full of medicinal herbs, and many medicinal herbs that are regarded as treasures by the martial arts family can be seen everywhere here!

And the whole valley is full of birdsong and flowers, like a paradise!

“As expected of the sect of refining medicine, the medicinal herbs in the mountains are invaluable...”

David looked at the medicinal herbs in the mountains and liked it!

Compared with this Medicine Refining Sect, his Medicine God Valley is really not even a little bit worse!

With all the medicinal herbs in the mountains, Yaoshen Valley is impossible to have!

Not long after David and Yue Buqun walked into the valley, two medicine boys in commoner clothes came over!

“Sect Master Yue, our master knows that you are here, so he specially asked us to welcome you!” The two medicine boys politely said to Yue Buqun.

But Yue Buqun’s face was not very good-looking, he just said lightly, “Lead the way...”

Following the two medicine boys, David and the others entered the Medicine Refining Sect.

The sect of the alchemy sect is not luxurious, and there are stone rooms everywhere, but in the alchemy sect, there are pill furnaces for refining medicine, constantly emitting blue smoke!

From time to time, a ray of light shoots out from the pill furnace, which is the success of refining high-level pills!

Soon David and the others entered a hall, and a scrawny old man greeted him!

“Hahaha, Lao Yue, I figured that your Zengyuan Pill is almost finished. It should be here in a day or two, but I didn’t expect it to come!” The

old man laughed and patted Yue Buqun very familiarly. shoulders!

While speaking, the old man looked at David, and then asked, “Is this your new disciple? I don’t seem to have seen it before!”

Yue Buqun’s face was not good-looking, and he wanted to open his mouth to ask about his body, but he interrupted by David!

After all, David is here to borrow the regeneration spring. If he gets into a standoff with the other party at the beginning, it will not be easy to handle later!

Seeing David's wink, Yue Buqun also suppressed the anger in his heart, squeezed out a smile and said, "This is not my disciple, this is Brother David..."

"Brother Chen, this is the Refining Medicine Sect. The Sect Master Bao Yukun."

Yue Buqun introduced David, and David handed it over, "Hello Sect Master Bao..."

Chapter 2168

That Bao Yukun looked at David with strange eyes, and then asked Yue Buqun puzzled, "Lao Yue, at your age, it's not appropriate to be a brother to a young man in his twenties, right?"

"Could this person be the son of a certain sect?"

Bao Yukun felt that Yue Buqun could follow David as a brother, because of the power behind David!

"Sect Master Bao, I'm just an unknown person from the martial arts world in Kyoto, not a sect master."

David explained with a slight smile.

Although Bao Yukun didn't believe it, he didn't ask, but said to Yue Buqun, "Old Yue, I have refined ten more Yuan-enhancing pills, but you don't know that these Yuan-enhancing pills are too difficult to refine, in order to refine them. These ten Yuan-enhancing pills have wasted a lot of my resources."

"I failed countless times in the middle, and only ten were refined. I don't have an ordinary relationship with you, and I don't care about others. "

Bao Yukun is complaining to Yue Buqun, telling him that it is not easy for him!

In the past, Yue Buqun still believed it and was very grateful to Bao Yukun every time!

But now, when he looked at Bao Yukun like this, he suddenly felt very Disgust!

"Old Bao, I won't talk about Zengyuandan today, I brought Brother Chen here because he wants to see the Rebirth Spring..."

Yue Buqun said.

Bao Yukun was slightly taken aback and said, "Old Yue, you are not here to change it. Zengyuandan's? "

I remember that your Zengyuan Dan should be gone now, but you can't stop it, or your life will be in danger."

Bao Yukun persuaded Yue Buqun.

Yue Buqun wanted to scold Bao Yukun, but in order for David to borrow the regeneration spring, Yue Buqun put up with it for the time being. "

I still have two Zeng Yuan in my hand ." Don't worry, Dan, let's talk about the rebirth spring! "

Yue Buqun smiled slightly.

“Old Yue, you know that the regeneration spring of our hidden world is a secret. He is a person from the martial arts world in Kyoto, how does he know this secret?” “

And what is his intention to see Rebirth Spring?” “

You also know that this Rebirth Spring is the property of all of our three sects and six sects in the hidden world, not my Medicine Refining Sect family, so if I don't make it clear, I can't just let outsiders see it!” “

Bao Yukun said with a serious face.

“Of course I know this, the secret of the rebirth spring was told to Brother Chen by the know-how. “

In addition, Brother Chen looked at this Rebirth Spring to save his brother's life!” “

I think we are both in the martial arts, we can't die without saving it!” “

Yue Buqun politely followed Bao Yukun and said.

“So that's how it is!” Bao Yukun nodded, “But although this Rebirth Spring is the property of everyone in the Hidden Realm, it is now under the control of my Medicine Refining Sect. If you want to use the Rebirth Spring, isn't it...” “Sect Master

Bao Don't worry, if the Rebirth Spring is as magical as the legend, and it can save my brother's life, I will definitely not treat Sect Master Bao badly.”

“What resources Sect Master Bao wants, even if I give everything I can, I will satisfy Sect Master Bao.”

David You know, this Bao Yukun just wants to exchange resources!

“Hahaha, I'm happy, I'll take you to see the regeneration spring now!”

“As long as your friend still has a breath, throw it into the spring, soak it for seven, seven, forty-nine days, and you will be guaranteed to come out alive!”

Bao Yukun saw David said so generously, and said with great joy!

David and Yue Buqun, and then led by Bao Yukun, headed towards the Rebirth Spring!

This regeneration spring is located at the foot of the Kunlun Mountains!

Spring water springs up from the depths of the mountains all the year round, because many sects have fought a lot for the regeneration spring!

Countless people were killed and injured, but no one completely occupied this Rebirth Spring!

Later, with the agreement of the three sects and six sects, the Rebirth Spring was counted as a resource for the entire hidden world. Each sect was managed for one year, and within this year, the managed sect had the right to use it!

The three of them, David, walked in a very fast pace. It only took less than half an hour to reach the foot of the Kunlun Mountains!

Chapter 2169

“The Rebirth Spring is in front...”

Bao Yukun pointed to the foggy place in front of him and said.

David looked at the regeneration spring in front of him. The aura of this place is much better than other places!

But just as David was walking towards the Rebirth Spring, several guards suddenly jumped out from both sides and stopped David in an instant!

“I brought him here, let him go...”

At this time, Bao Yukun said slowly!

After several guards saw Bao Yukun, they all saluted and then stepped aside!

David walked to the regeneration spring and looked at the clear spring water. There were still many fish swimming in it!

Then David put his hand in the spring water, wanting to feel what’s different about this regeneration spring!

But David touched the spring water with his hand, but he didn’t find anything unusual. Except for the aura that was stronger than other places, everything else was normal!

Looking at the slowly flowing spring water, David wondered if the regeneration spring was a lie?

Just looking at a very ordinary spring, how could it be possible for a person with broken bones to recover?

Seeing to see David’s doubts, Bao Yukun smiled lightly and said, “Are you looking at this spring water is very ordinary?”

David nodded, but did not speak!

Bao Yukun smiled, and suddenly stretched out his hand, Void grabbed into the water, and directly caught a fish, the fish kept struggling in Bao Yukun’s hands!

I saw Bao Yukun fiercely bite at the fish and tore off a large piece of fish!

This scene made David stunned and looked at Bao Yukun in disbelief!

This guy actually eats raw fish, and is so cruel, how can he still be like a pharmacist who heals and heals people!

But Yue Buqun didn't seem to be surprised, with a faint smile on his face, he looked at David!

I saw that after Bao Yukun tore off a piece of fish, he threw the fish into the water again!

Although the fish has lost a large piece of meat, it can continue to swim in the water!

David looked surprised, not understanding what Bao Yukun was trying to express.

Do you just want to show yourself how cruel he is?

"Brother Chen, look carefully at the fish in the water..."

Yue Buqun reminded in a low voice!

Only then did David focus on the fish, and he saw the fish swimming in the water, and the piece of flesh that was bitten off from his body actually recovered at a speed visible to the naked eye!

In just ten minutes, the fish returned to its original state, and its body was intact!

Looking at the scene in front of him, David's face was incredible!

"How, do you believe in the ability of this spring now?"

Bao Yukun looked at David's incredible appearance with a hint of disdain.

David didn't speak, but put his hand into the spring water again, closed his eyes slightly, slowed his breathing, and concentrated all his mental power into the spring water!

David's consciousness also seemed to turn into a pool of spring water, and it continued to flow everywhere!

Soon, David opened his eyes and frowned slightly!

Seeing David like that, Yue Buqun hurriedly asked, "Brother Chen, is there anything wrong?"

"Oh, no..."

David hurriedly smiled, shook his head, and then asked, "Sect Master Yue, you know this Where does the spring water of the regeneration spring come from and where does it flow to?"

Yue Buqun shook his head, "The spring water flows from the bottom of the Kunlun Mountains, so I don't know where it flows, because the spring water flows to the front. The Luanshigang disappeared!"

“No one knows where the flow has gone. There were people who were curious and went to the Luanshigang to investigate, but they were all unsuccessful, and after going to the Luanshigang, the return will cause strength. Stagnation, no matter how much you practice, you won’t break through!”

“So slowly, no one will investigate where the spring water is flowing...”

Yue Buqun followed David to explain, while David was facing Luanshigang. Got a lot of interest!

Chapter 2170

“Sect Master Yue, where is the Luanshigang?”

David asked.

Yue Buqun pointed and said not far away, “It’s over there, but in order to prevent someone from entering the Luanshigang by mistake, our three sects and six factions jointly set a taboo. Now it’s a restricted area, and you can’t enter it!”

David pointed. Nodding, although there is no past, but the consciousness spreads out in an instant, and I want to explore it!

But just as he was about to reach Luanshigang, a golden light suddenly flashed, and David’s consciousness was cut off in an instant!

David’s figure swayed, and he almost didn’t fall down!

You must know that David’s spiritual power is very powerful, even if his spiritual consciousness is Yue Buqun, the worldly masters, it can’t match him!

But such a powerful consciousness, However, it was cut off in an instant, which surprised David!

“Hahaha, young man, don’t think about going to investigate Luanshigang, you are just a mere martial sage, and you want to use your spiritual sense to explore Luanshigang. If your spiritual sense penetrates the taboo, then our hidden world’s Three factions and six factions, isn’t it a joke?”

Seeing David like that, Bao Yukun laughed out loud!

Yue Buqun also persuaded David, “Brother Chen, even the old guys like us can’t break this taboo, unless we join forces with the three factions and six factions.”

“Okay, don’t talk to him too much. , now that you have seen the regeneration spring, should we talk about the conditions?”

Bao Yukun said.

“Okay, tell me, what do you want?”

David nodded and asked.

“It’s not what I want, but what you can give. You must know that the so-called panacea and resources possessed by those martial arts families outside your world are garbage in my eyes.

” Give me something that makes my heart move...”

Bao Yukun said arrogantly.

However, he does have arrogant capital, and the medicinal herbs in the refining sect are not comparable to other martial arts families.

David frowned slightly, thinking about it, he was thinking about what he could come up with to make Bao Yukun’s heart move!

After thinking for a while, David opened his mouth and said, “I can exchange the pill recipe...”

“Pill recipe?” Bao Yukun was taken aback, and then he laughed loudly, “Are you kidding me? Do you know that I am a medicine sect master? The sect master of my alchemy sect has the most complete and advanced pill recipes in the entire martial arts world.”

“You tell me now, you need to exchange pill recipes? I know what medicine is called in the Kyoto martial arts world. From Shengu, I heard that he is very famous and can heal the sick and make alchemy.”

“But that Medicine God Valley is not even a fart in front of my Medicine Refining Sect. If I send an elder, I can compare that Medicine God Valley.

” It’s the most powerful being...”

Bao Yukun bragged about his own medicine refining sect, but he didn’t know that David was the owner of the Valley of the Gods of Medicine, which he stepped on to be worthless!

Seeing Bao Yukun’s appearance, David said with a calm face, “I am the valley

owner of Yaoshen Valley, who doesn’t even count as farts...” Bao Yukun was stunned for a moment, and then smiled without a trace of embarrassment, “No wonder you dare to speak out. In exchange for the pill recipe, it turns out that you are the valley owner of the Yaoshen Valley, but do you seem to look down on our Medicine Refining Sect? You proposed to exchange the pill recipe?”

Bao Yukun felt that David looked down on them, thinking that the medicine refining Zong’s pill recipe There is no advanced level of Yaoshengu, so this kind of exchange condition is proposed!

But without waiting for David to explain, a sudden violent explosion attracted the attention of three people!

“What’s going on?”

Yue Buqun looked in the direction of the explosion, which was the message from the Alchemy Sect.

Bao Yukun frowned, his face instantly became extremely ugly, and then he rushed towards the Medicine Refining Sect!

Chapter 2171

Yue Buqun and David followed closely. The matter has not been discussed yet, and David and the others have to go over and continue to talk!

Soon the three of them returned to the Alchemy Sect!

It's just that the Medicine Refining Sect was in a mess at this time, and the entire Medicine Refining Sect was filled with a strong smell of medicine!

"What happened?"

Yue Buqun asked in confusion, looking at the mess.

Bao Yukun just had a gloomy face, without saying a word, his body was already full of murderous aura!

David just glanced at it with a smile on his face, and followed Yue Buqun to explain in a low voice, "The pill furnace has exploded..."

When Yue Buqun heard this, his face was full of disbelief, "The pill furnace has exploded? This means that the alchemy failed.?"

David nodded!

Soon, four or five people from the Medicine Refinement Sect ran over, and they threw a Sheng knelt down in front of Bao Yukun!

"Sect Master, the pill furnace was blown up, the Ascension Pill was destroyed..."

One person said following Bao Yukun with a trembling body.

"Trash, it's just a bunch of trash. I've been refining the medicinal pill for three years, and it's about to be successful. I'll let you all see how hard it takes for a while, but it's all ruined for me..."

Bao Yukun was full of anger, in his eyes Full of murderous aura, "What's the use of keeping you rubbish, what's the use of it..."

As he spoke, Bao Yukun exuded brutal murderous aura, and strangled directly towards the hurried disciple in front of him.

This time, several disciples of the Refining Medicine Sect were terrified!

"Even if you take care of this pill, this pill furnace will still explode."

David said slowly at this time!

Hearing David's words, Bao Yukun's hand stopped instantly, and the disciples of the rushing alchemy sect in front of him were already scared to pee!

"What do you mean? Are you questioning my alchemy skills?"

Bao Yukun narrowed his eyes slightly!

"It's not a question, it's a fact. You have even blown up the alchemy furnace. Do you still dare to say that your alchemy technique is invincible?"

David said with a smile.

After Bao Yukun heard this, his face flushed with anger, "This is an accident, it doesn't mean that the old man's level is not good, and this Feisheng Pill is a sixth-order medicinal pill, do you understand the meaning of the sixth-order medicinal pill?"

"No matter what medicinal pill, you The pill recipe is wrong, and the herbs are not in the right mix, so it's normal for the pill furnace to explode!"

David still said calmly!

"You are talking nonsense, I found this pill recipe from an ancient pill book."

"Boy, don't think that the pill furnace has exploded, that is, my pill concocting skills are not good, the old man is now better than you, and I am not convinced. By comparison, I want you to know what a real alchemy master is!"

Bao Yukun roared in anger!

He wants to compare with David and let David know his greatness, otherwise David will spread out and the pill furnace of the Medicine Sect will explode, wouldn't it ruin the reputation of his Medicine Sect!

"Okay, I can compare with you, but what if I beat you?"

David looked at the furious Bao Yukun with a smile on his face.

David was deliberately angering Bao Yukun and asked Bao Yukun to propose a competition with him!

In this way, David took the initiative, and at that time, he could use the aggressive method to make Bao Yukun lend himself the regeneration spring!

"You can't beat me, no one in the entire martial arts world can beat me in alchemy..."

Bao Yukun was full of confidence in himself!

"I said if, if I win, what should I do?"

David asked!

“If you win, you can use the regeneration spring as you like, and the old man will never stop it!”

Bao Yukun said.

“Okay, then let’s make a promise!” David smiled, knowing that the old guy Bao Yukun was fooled, and then asked, “Then how do we compare?”

” And the efficacy of the medicine must be strong, starting from the selection of herbs, you must do it yourself.”

“But it takes too long to refine the high-level medicine pill, how about we make the third-order medicine pill to ward off evil spirits?”

Bao Yukun asked.

Chapter 2172

“I have no problem...” David nodded!

“Okay, then, I’ll order someone to prepare a furnace for you...”

Bao Yukun said, he was about to order someone to bring a furnace to David, but David stopped him!

“No, I have brought the cauldron myself...”

After speaking, David directly took out the Shennong cauldron in the storage ring!

When the Shennong Ding appeared, Bao Yukun was stunned for a moment, his eyes were wide open, and he looked at the Shennong Ding in disbelief!

“This... is this the Shennong Ding from the legendary Alchemy God Venerable?”

Bao Yukun asked, trembling slightly because of his excitement.

“It’s just fake, you don’t have to be so excited...”

David explained casually, looking at Bao Yukun like that!

“Fake?” When Bao Yukun heard this, his excitement disappeared instantly, and then he waved his hand and a cauldron flew in front of him.

“How can you say that your dignified Yaoshen Valley Master uses a fake cauldron, do you expect to beat me with this fake cauldron?”

Bao Yukun said disdainfully.

David just smiled and didn’t explain, just said “Then let’s start?”

“Yes!” Bao Yukun nodded!

But at this time, Yue Buqun stopped him and said, “No, this is too unfair for Brother Chen. You still need to find the herbs yourself. How does Brother Chen know where the various herbs in your alchemy sect grow?”

“And you As the sect master of the Medicine Sect, you can know where the medicinal materials you need with your eyes closed, which will be beneficial to you from the beginning!”

“Then I can leave half an hour later, so it’s always fair, right?” Bao Yukun said.

“No, you set off half an hour late, and I’ve already practiced all the medicinal herbs. What’s more?”

David waved his hand and said.

“Hmph, I’m not ashamed to say it, even though it’s only a third-order medicinal pill, how could it be possible to practice it in half an hour!”

Bao Yukun snorted coldly.

“You can’t, but that doesn’t mean others can’t...”

After David finished speaking, he said directly to Yue Buqun, “Sect Master Yue, you are a referee, time it now!”

Yue Buqun wanted to persuade David, but seeing David Ping looked confident, thinking of the explosion of the Three Lives Stone, Yue Buqun knew that David was an extraordinary person, so he also wanted to see what kind of stunt David still possessed!

“Let’s start...”

Yue Buqun glanced at the time, and then said!

After the start, Bao Yukun jumped and ran directly to the mountain peaks on both sides of the Refining Medicine Sect, which were covered with medicinal herbs.

David did not move, but stood quietly, closed his eyes slightly, and sniffed the smell in the air!

After a while, David suddenly opened his eyes, and then his figure disappeared like lightning!

Soon, David and Bao Yukun came back almost at the same time, and they brought back the herbs they needed for alchemy, and they were exactly the same!

Seeing this, Bao Yukun showed a bit of surprise on his face. To know that David didn’t know where the herbs were grown, and the time was the same as when he fetched the herbs, which was a bit incredible!

However, the surprise on Bao Yukun's face was only fleeting. Then he put all kinds of medicinal herbs into the pill stove, and flames burned on the palm of his hand. Then he pushed hard, and the flames burst into flames and began to burn vigorously under the pill stove. !

Bao Yukun gave David a disdainful look, but it was this look that instantly made Bao Yukun stunned!

I saw that after David put the herbs into the Shennong Ding, a light blue flame jumped up in his hand, and then threw the flame directly into the furnace!

The medicinal herbs began to burn violently under the light blue flame. At the same time, Shennong Ding radiated golden light.

It only took a moment for the medicinal herbs in David Shennong Ding to emit bursts of aroma.

The fragrance filled the air, which also proved that the refining of the medicinal pill was almost completed, which surprised Bao Yukun!

"The real Shennong Ding, how dare you say it's fake?"

Bao Yukun's eyes were full of greed when he looked at the Shennong Ding!

Chapter 2173

Thunder Pie!

In Tong Youcai's room, his mother was crying in a low voice, looking at her son with distress!

"Youcai, is it better?"

Tong Youcai's mother asked in a low voice.

"Mom, it's much better, but I can't take this breath. In front of so many people, I was actually injured by an unknown person."

Tong Youcai's face was full of anger, and his heart was always suffocating!

"Don't worry, when you are well, I will make that kid pay the price."

Tong Youcai's mother finished speaking, then glanced at Wang Defa behind her, "I asked you to follow Youcai, what did you do? Don't you feel bad for him to be hurt like this?"

"Sister-in-law, it's all my fault..."

Wang Defa lowered his head, his face full of shame!

"Mom, don't blame Uncle Wang, it has nothing to do with him." Tong Youcai interceded for Wang De, and then said, "I have to modify the genes quickly, and when I have finished modifying the genes, I will kill David with my own hands. "

Okay, you need to recuperate first, and when you are healed, I will let your uncle Wang give you genetic modification.”

“It seems that your father can’t be counted on. You are so badly injured that he doesn’t even come here. ” Take a look, he only sees your trashy brother...”

Tong Youcai’s mother said angrily.

Speaking of his father, Tong Youcai was also puzzled. He was also a son, but he found that his father was far less good to him than his brother!

He modified his brother’s genes, and even brought his brother into and out of major conferences!

As for him, he could only practice silently. Now that he is injured, he doesn’t even look at himself!

“Mom, don’t worry, when I finish the genetic modification, I will show my father who is the real genius, and I want to step on my brother’s trash.”

Tong Youcai gritted his teeth and said firmly!

“Okay, Mom believes in you, you take good care of your wounds, and your Uncle Wang and I will go to the next door to talk about something.”

After that, Tong Youcai’s mother and Wang Defa went to the next door!

As soon as he entered the next door, Wang Defa suddenly hugged Tong Youcai’s mother, and then threw himself on the bed!

Soon, a faint sound of gasping was heard in Tong Youcai’s ears.

Tong Youcai frowned slightly, tried his best to get up, then got out of bed and quietly walked towards the next door!

Through the gap, Tong Youcai saw the scene in the room!

This time, Tong Youcai was stunned, the whole person was stunned on the spot, his eyes were wide open, as if stupid!

He never thought that how could his mother do such a thing?

Just when Tong Youcai was in shock, everything in the room had calmed down!

“What a waste...”

Tong Youcai’s mother said dissatisfiedly.

“I’m old, there’s no way...”

Wang Defa sighed!

“I can tell you that when your son is healed, you must genetically modify him, and pass on your strength to him using genetic technology.”

“Anyway, he is your son, and the two of you have the same genes. Otherwise, when will we be able to come out like this!”

“I’m afraid that Tong Haiyang will know about our relationship, and then it will be troublesome.”

Tong Youcai’s mother whispered.

“Don’t worry, as long as I modify my genes, I can reach the realm of fifth-rank Martial God or even higher!”

Wang Defa said, hugging Tong Youcai’s mother.

Tong Youcai listened to everything that was said from the outside, and the whole person once again seemed to have suffered a heavy blow!

Only now did he know that he was not the son of Tong Haiyang, nor the young master of the Tianlei faction!

Tong Youcai walked back to the bed in a daze, and lay down slowly, with confusion in his eyes...

This sudden change of identity made it difficult for Tong Youcai to accept for a while, and at this time Tong Youcai could only work hard Don’t think about it, try to make yourself forget what you just heard.

Chapter 2174
Alchemy Sect!

At this time, in David’s Shennong Ding, the aroma continued to overflow, and soon accompanied by a burst of explosions, an evil spirit pill was completed!

Yue Buqun looked at the time, his face full of surprise and said, “Twenty-seven minutes, Brother Chen’s Evil Elimination Pill has been completed!”

While looking at Bao Yukun, the fire has just been adjusted, and the herbs in the Pill Stove are still the same as before. !

“Haha, Lao Bao, your skills are not good. Brother Chen has finished refining, and you haven’t even done half of it.”

Yue Buqun sneered at Bao Yukun!

Bao Yukun’s eyes were full of disbelief, and he got up and stepped forward, “Impossible, how could it take less than half an hour to refine the anti-evil pill?”

“Could this be fake, is it the pill you prepared in advance?”

Bao Yukun wanted to see the evil spirit pill in David’s hand, but David threw it to him without hesitation!

“This medicinal herb is your herb, so I gave it to you!”

David said generously.

It’s just a third-order medicinal pill, and it’s not precious. For David, as long as there are medicinal herbs, they can be refined at any time!

Bao Yukun took the anti-evil pill, looked and looked, and then threw it directly into his mouth!

Until this time, Bao Yukun’s face was still full of disbelief!

“How is it, is it fake? Your alchemy skills are inferior to Brother Chen...”

Yue Buqun asked.

Bao Yukun didn’t speak, the shock in his heart made him not react for a while!

I saw Bao Yukun staring at David with a pair of eyes, and glanced at the Shennongding from time to time!

“It seems that this Shennong Ding is really powerful, otherwise you wouldn’t be able to practice the evil spirit pill in half an hour.”

Bao Yukun didn’t think David’s alchemy skills were right, and this should all be due to the Shennong Ding.

Now Bao Yukun likes Shennong Ding even more.

“Old Bao, if you lose, you lose. Don’t make excuses. Don’t forget that you promised Brother Chen that you would lend him the regeneration spring.”

Yue Buqun said to Bao Yukun.

“Hmph, this is considered opportunistic. I just didn’t dare to admit that this Shennong Ding is real. Are you afraid that if you don’t use the Shennong Ding, you won’t be able to refine the medicine pill?”

Bao Yukun snorted coldly.

Seeing Bao Yukun’s appearance, David smiled lightly, “Okay, I won’t count this time, you continue refining, I will find something to refine again, if my refining speed is slower than yours, I will leave immediately!”

Bao Yukun sees David said this, and suddenly he was angry, “What do you mean? Are you doubting my alchemy ability?”

David shook his head, "I don't doubt you, but look down on you..."

"You..." Bao Yukun's face flushed with anger, "Good boy, I will make you regret it."

After speaking, Bao Yukun pointed his finger at Squeeze, the flames under the Dan furnace are even more vigorous!

"Brother Chen, what are you doing? Obviously you won."

Yue Buqun asked in confusion.

"I will make him completely convinced."

After David finished speaking, he directly found a copper basin and threw it on the ground, and then his figure disappeared in a flash!

After a short while, David found the herbs again and began to throw them into the copper basin to make alchemy!

Yue Buqun was surprised to see that David didn't use a pill stove, but just found a somewhat worn-out copper basin!

And when Bao Yukun saw this, he laughed hahaha, "Boy, you are really crazy, are you planning to use this broken copper pot to compare alchemy with me?"

David looked at Bao Yukun like that, and ignored him, but With a flip of his hand, a spirit fire appeared, then threw it into the herbs, and slowly burned!

Even if the copper basin was used, after ten minutes, the same medicinal fragrance came out from the copper basin, and the aroma was overflowing, making Yue Buqun on the side smell very comfortable.

Seeing this, Bao Yukun was sweating profusely, and he was really panicking.

Chapter 2175

Soon, David's Evil Elimination Pill was refined again, and Bao Yukun's Evil Elimination Pill was only halfway through!

And this time David used a copper basin, not even an alchemy furnace. I don't know what excuse Bao Yukun could use this time!

Yue Buqun couldn't hide his excitement as he watched David practice the Evil Elimination Pill again.

He knows that David's identity is definitely not simple, David's life experience, even Sanshengshi can't check it, and he even exploded Sanshengshi, enough to see that David is extraordinary!

Yue Buqun knew that he had to seize the opportunity firmly and follow David to have a good relationship now.

Although David's current strength is not strong, he knows that in the near future, David will definitely be the one who sets off the storm!

"Old Bao, what else do you have to say now? Are you admitting defeat?"

Yue Buqun asked Bao Yukun.

Not to mention how ugly Bao Yukun's face was at this time, and in front of so many disciples of the Alchemy Sect, Bao Yukun only felt a burning sensation on his face!

But since he has already agreed, he can't say anything, so he nodded and said, "Don't worry, if I lose, I lose, and the regeneration spring can be used by him!"

"But I have one condition..."

"Old Bao, you still Shame? When you made the bet, you didn't say the conditions!" Yue Buqun pointed at Bao Yukun and said.

"You can agree to this condition or not, it doesn't matter if you follow the Rebirth Spring!"

"I just want to use this little brother's Shennong Ding for one use, but I won't use it for nothing. The little brother can use the medicinal herbs in my medicine sect! "

There is also the regeneration spring, you can also use it casually!"

Bao Yukun said.

Yue Buqun glanced at David. Although he didn't know much about furnace cauldrons, he also knew that Shennong cauldron was definitely not a mortal thing!

David nodded and said, "Okay, I can lend you Shennong Ding, but it can't be too long. After my two friends recover, I will take away Shennong Ding!"

"Yes!" Bao Yukun nodded. nod!

The two of them negotiated happily. After leaving Shennong Ding behind, David followed Yue Buqun and left!

David has to bring Hu Mazi along with Long Xingxu as soon as possible!

And just after David and Yue Buqun left, Bao Yukun stepped forward and gently caressed the Shennong Ding, his eyes were full of light, just like stroking his own child, he couldn't put it down!

"The sect master of the dignified medicine refining sect actually lost to a hairy boy. If this is spread out, you are afraid that you will be embarrassed?"

At this moment, a sneering voice came!

Hearing this voice, Bao Yukun didn't seem surprised and said without looking back, "Yao Qing, you're going to run for nothing this time, then Yue Buqun didn't send resources at all, and he didn't ask for Yuan Yuan Dan!"

"I know . , he will not be adding Yuan Dan in the future, nor will he send resources to your alchemy sect."

Yao Qing said slowly.

"Why?" When Bao Yukun heard this, he hurriedly looked back at Yao Qing and asked.

I saw Yao Qing covered his body in a black robe, with a faint black mist all over his body, obviously he was an evil cultivator!

But this Bao Yukun is not afraid at all!

"The remnant soul I left in the Yuebu group was discovered. Now that Yuebuqun can no longer use the Zengyuan Pill, so I won't send you resources!"

Yao Qing explained.

"What? It hasn't been discovered for so many years, so why was it discovered all of a sudden?"

Bao Yukun looked surprised!

"It was just discovered by the kid who made alchemy with you. It seems that his medical skills and alchemy skills are not inferior to yours."

"I want to find a chance to keep that kid. Being able to absorb this kid's strength will definitely be of great help to me!"

Yao Qing said with a greedy gleam in his eyes.

"In a few days, that kid will take his friends to the Rebirth Spring, and he shouldn't leave for a short time. Find a chance yourself!"

"He died, and this Shennong Ding is mine too."

Bao Yukun seemed to hope that David would die .

Chapter 2176

"Hahaha, I think you've been killing that kid for a long time, right? This cauldron is enough for you to kill."

Yao Qing laughed!

“Don’t talk about those useless ones, if it wasn’t for me, your Burning Heaven Sect would have been wiped out long ago.”

“Since Yue Buqun will not be sending resources in the future, don’t come to the Medicine Refining Sect to find me either. If you were discovered!”

“Also when you move that kid, avoid people’s eyes and ears. Otherwise, let others know that your Burning Heaven Cult still exists. Do you think those people will let you go?”

Bao Yukun said coldly to Yao Qing. said.

“Bao Yukun, what’s the difference between your so-called famous and upright sects and my cult.”

“You are also a typical fall victim, but let me tell you, whichever sect I go to cooperate with now, everyone will agree.”

In the face of interests, no one will stick to the principle, including you so-called famous and decent. “

Bah...”

Yao Qing spat fiercely, and then in a dark fog, Yao Qing disappeared!

After Yao Qing left, Bao Yukun ordered Shennong Ding to be carried into the hall.

After that, Bao Yukun began to concentrate on the study of Shennong Ding!

Chunyang Sect, after David and Yue Buqun returned to Chunyang Sect, David planned to say goodbye to

Yue Buqun!

Pick up with Long Xingxu!

“Brother Chen, you offended Tianlei Pai, I was afraid that Lei Pai would trouble you halfway that day, so I asked Xing’er and Ruier to accompany you back! “

If people from the Tianlei faction are really looking for trouble, they can resist for a while, and the people from the Tianlei faction don’t dare to kill them easily.” “

Don’t look at our three factions and six factions fighting a lot, but no one dares to kill each other’s people easily. “

Yue Buqun said to David.

David wanted to refuse, but when Liu Rui heard that he was able to go out of the mountain, go to the outside world, and see the world of martial arts, he was very excited!

“Mr. Chen, my master is here .” It’s so merciful, you know, I can’t remember how many years I haven’t walked out of here! “

Liu Rui followed David excitedly. Seeing

Liu Rui's excited appearance, David couldn't refuse.

Although Liu Xing was not excited, he was also very excited!

Xing didn't dare to show too much excitement!

Soon, David took Liu Xing and Liu Rui on a journey back to Kyoto!

David and the others walked out of the mountains, and then took a car to Qingcheng, the nearest city. They have to do Fly back to Kyoto!

Along the way, Liu Rui was very excited and kept asking David questions, just like a sensible child!

Liu Xing's eyes are also full of curiosity, but he is trying his best to restrain himself!

After arriving in Qingcheng, David asked Liu Xing and Liu Rui to wait for him, and he went to buy a ticket!

"David, why is it so troublesome? We are not the same as Yujian flying?"

Liu Xing couldn't help but asked David.

"There are ordinary people everywhere. If we are flying with Yujian, people will find out, it will cause panic."

After David finished speaking, he went straight to buy a plane ticket.

After buying the ticket, David came back and found that Liu Xing and Liu Rui were staring at the candied fruit seller.

It can be seen that the two are very curious and want to eat candied haws!

David bought candied haws for the two of them, and watching the two of them eat with relish, David couldn't help but let out a wry smile!

"Don't you Chunyang Sect never go out there and deal with the outside world?"

David asked inexplicably.

Even if it is a hidden world sect, it has to deal with the outside world, as long as it does not reveal its strength and does not cause trouble.

"That's not true. Many of our senior brothers have been to the metropolis, but the two senior brothers and I have never let us out!"

Liu Rui said.
