

A Man Like None Other Chapter 2231-2244

Chapter 2231

“Yes, after absorbing the strength of these people, I will definitely be able to kill this giant dragon, hahaha...” The

great protector punched with confidence!

And Tong Youcai and Leng Yun were also shocked, they didn't expect this sorcery to be so powerful!

It is no wonder that many people have no way to resist the temptation of sorcery, and finally embark on the road of evil cultivation!

As the black mist continued to spread around the Great Protector, the remaining warriors were all mourning, and the power in the body was quickly sucked away and turned into mummified corpses!

Seeing his subordinates turn into mummified corpses, although Tong Youcai and Leng Yun agreed, they still feel distressed for a while, these are the elites of their respective sects, and now they are all dead!

If you can't bring the psychic fruit back this time, and so many people have died, Tong Youcai knows that he will definitely die miserably when he goes back. So he must get the psychic fruit!

With the power of the last warrior being sucked dry, the great protector has reached the realm of the eighth-rank Martial God at this moment!

This realm is no longer something that Dragon and David can handle!

You must know that the improvement of each realm represents a geometric increase in strength!

David felt the outburst of the aura of the Eighth-Rank Martial God of the Great Protector, and his face began to look ugly!

With his current serious injury, even with the addition of a giant dragon, it is difficult to resist the attack of this great protector!

“Miss Liu, you have to speed up...”

David knew that he couldn't stand it for a long time, so he could only ask Liu Rui to finish picking the psychic fruit quickly!

“Hmph, I'm still obsessed, want to take away the psychic fruit, then go to die...” The

Great Protector snorted coldly, and his body suddenly jumped up!

David was driving the giant dragon, waiting in full force, feeling the tyrannical breath of the world, David could only grit his teeth!

With the anger of the great protector, the black mist around the body began to burn rapidly. At this time, the great protector looked like a burning man!

“Flaming Palm...” The

Great Protector slapped out a palm, and a huge palm print instantly appeared in the air, and a thick flame was burning around the palm print!

The breathtaking pressure, accompanied by raging flames, shot directly at David and the giant dragon!

David felt this coercion, but he had no way out. He had to protect Liu Rui and finish picking the psychic fruit!

David mobilized the power of the last dragon in his body, rode the giant dragon, and went head-to-head!

The giant dragon also seemed to sense the danger, roaring and flinching.

But under David’s constant urging, he could only go up!

The dragon kept spewing dragon breath from its mouth, and David also put all his dragon power into the dragon’s body through the dragon’s horns!

The brilliance of Longjing in David’s body began to fade, but even so!

Those dragon breaths sprayed on the huge flame palm have no effect at all, and can only wait a little to stop the falling speed of the flame palm!

Seeing that the flaming palm was about to fall on his head, David could only jump and jump to the psychic tree, he had no ability to control the dragon!

The giant dragon, which was separated from David’s control, slammed into the flaming palm with its body after uttering a dragon roar!

The flame exploded instantly, the giant dragon wailed, and as the flame engulfed the dragon’s body, a violent explosion sounded!

The dragon’s body exploded, and infinite energy shot out in all directions!

A dragon crystal slowly floated out from the flame, exuding luster!

Tong Youcai and Leng Yun were shocked when they saw this scene!

Unexpectedly, the Great Protector could kill the giant dragon with one palm!

At this time, the great protector exudes a terrifying aura, his body is suspended in the air, surrounded by raging flames.

After seeing that Longjing, the Great Protector instantly moved towards Longjing!

Seeing this, David stretched out his hand, and Long Jing seemed to feel a huge suction force, and hurried towards David in an instant!

Chapter 2232

David suddenly opened his mouth, Long Jing entered David's body, and then merged with Long Jing in David's body!

Long Jing, who was originally dimmed in David's body, flashed with brilliance at this time!

"Boy, today I'm going to dig out your heart and lungs to see how many treasures you have in your body!"

Seeing that David had swallowed Long Jing, the great protector roared angrily!

David didn't care about the great protector, and asked Liu Rui, "How is the psychic fruit?"

"The last one left..."

Liu Rui replied loudly!

"Hmph, even if you all take off the psychic fruit, it still doesn't fall into my hands!" The

Great Protector snorted coldly, and then rushed towards David!

David swallowed aLong Jing, the spiritual power in the body has also recovered, but it is almost impossible to resist this great protector.

But if he retreats, Liu Rui will be in danger, and the psychic fruit will all fall into the hands of this great protector!

The guardian looked at David coldly, and suddenly an arm seemed to be torn apart in time and space, and grabbed directly towards David!

It seems that the Great Protector does not want David to die now, but wants to be caught alive!

David shouted in the sky, although he felt the terror of the other party, David's eyes were scarlet, and then he punched the arm fiercely!

However, David's punch smashed the arm fiercely, but did not cause any damage to the arm at all!

On the contrary, he himself was suppressed by the terrifying aura, and he even felt very difficult to lift his arm!

Seeing that the arm was already in front of David, David was about to be taken away!

"Okay..."

Liu Rui shouted at this time, and all the psychic fruits were picked off!

And just after Liu Rui shouted, the psychic tree began to shake violently, and a huge force instantly shattered the arm that came out of the void!

Immediately afterwards, the branches of the psychic tree began to shrink and wrap, and the dense canopy slowly wrapped into a spherical shape, wrapping both David and Liu Rui in it!

From a distance, you can only see a green dome wrapped in leaves on the tall pine trunk of the psychic tree!

The Great Protector, Tong Youcai and Leng Yun saw this situation, and they were instantly a little stunned!

I don't understand how this psychic tree suddenly became like this!

"Is it true that after all the psychic fruits are picked, the psychic tree becomes this defensive posture?"

Leng Yun said with a slight frown.

"Hmph, some branches and leaves are wrapped, and it can be smashed with one punch..."

Tong Youcai snorted coldly and jumped up.

Immediately afterwards, a terrifying energy radiated from his fist, and then he punched the ball fiercely!

Boom.....

With a violent explosion, Tong Youcai's body was instantly shaken and flew out, but the ball wrapped with branches and leaves did not move at all!

This time, Tong Youcai was dumbfounded, looking at the round ball wrapped with leaves in front of him in disbelief, his face was full of embarrassment!

"I'm coming..."

After the Great Protector finished speaking, he waved his palm, and a huge black palm pressed towards the ball!

Boom... But

just touching the ball, the black palm collapsed in an instant!

Looking at this scene, the three of them are all stupid!

At this time, David and Liu Rui, who were wrapped in it, also listened to the things outside. With two violent explosions, David knew that the three guys outside were trying to open the ball!

It's just that the ball is not damaged at all, and it looks very solid.

"We don't need to worry about them, let's recover our strength first."

"I put away two of these psychic fruits and ate the rest. We must break through as soon as possible, we can't be trapped here forever!"

David After speaking, pick up two psychic fruits and throw them into the storage ring

Chapter 2233

Liu Rui was stunned, and looked at David in disbelief!

"Mr. Chen...this...this psychic fruit is priceless, you...you let me eat it?"

Liu Rui couldn't believe that David would even give himself the psychic fruit, and there were more than one!

"Of course, we can only leave here if we improve our strength as soon as possible!"

"Fourteen psychic fruits, seven for each of us, I hope these seven psychic fruits will allow us to break through!"

David said, put the The psychic fruit is separated!

Looking at the psychic fruit in front of her, Liu Rui was like a dream. She had to know that she didn't do anything along the way, and David was seriously injured in order to save herself, but now she has given him so much psychic fruit!

"Mr Chen, I have mediocre aptitude, so many psychic fruit, I guess I can't absorb it, you should eat more..."

Said, Liu Rui gave David three more, so David has ten, and Liu Rui Rui himself only has four!

This time, David did not refuse, but urged, "I don't know how long this psychic tree can last, let's hurry up and cultivate! After David finished speaking ,

he directly threw a psychic fruit into his mouth and swallowed it quickly. In an

instant, David felt that the psychic fruit turned into a force and began to swim in the body!

David felt The pores in his body opened instantly, and this force continued to temper his body! The

Concentration Technique was activated, and David began to guide and refine this force!

David closed his eyes and concentrated, and started to practice at the fastest speed

! The power of the psychic fruit is refined, David's wounds are healing at a speed visible to the naked eye, and the breath in the body is also rising!

Whenever the power of a psychic fruit is refined, David will immediately swallow a psychic fruit!

When David swallowed five psychic fruits, Liu Rui's power of a psychic fruit has not been fully refined!

Looking at David's speed, Liu Rui I couldn't help being surprised.

Moreover, David's aura also began to change obviously. With five psychic fruits in his stomach, David's strength suddenly broke through to the ninth-rank Martial Saint!

David only felt that his body was light, and his body His spiritual power is even more filled!

"Nine-rank Martial Saint, the next step is to attack the realm of the god of war..."

David looked at the psychic fruit in front of him and took a deep breath!

Now as long as he breaks through to the realm of the god of martial arts, then No need to be afraid of those people outside!

Thinking of this, David once again sent the psychic fruit into his mouth without hesitation!

This time David's refining speed was even faster, and it only took more than an hour, five psychic fruits were refined by David again!

At this time, Tong Youcai and the others who were outside had tried every means, but still could not open the ball on the tree!

"Phew..."

David exhaled heavily, and ten psychic fruits actually only allowed David's strength to reach the peak of the ninth-rank Martial Saint!

It is only one step away from the realm of the Martial God!

"Hey, this exercise is too resource-intensive..."

David sighed helplessly, if this were someone else, the five psychic fruits would have already broken through the realm of the god of war!

However, David has ten psychic fruits, but they are only the peak of Martial Saint, and he is still one step away from Martial God!

David glanced at Liu Rui and found that her aura had also become tyrannical, and she should be able to reach the realm of the fifth-rank Martial God, but Liu Rui only consumed two psychic fruits, and there was one in front of her!

David felt that the power in his body was many times stronger, and he felt that he should be able to deal with Tong Youcai and the others. Even if they were defeated, it should be easy to escape!

David tried to open the ball that was trapping them in front of him, but no matter what method David used, he couldn't move at all!

Chapter 2234

This time, David was a little panicked. He didn't expect the sphere formed by the branches and leaves of the psychic fruit to be so strong!

If this can't be opened, won't they be trapped here?

At this moment, Liu Rui opened his eyes, the breath on his body began to become a little manic, and his face flushed!

Seeing this, David frowned slightly, and a spiritual force instantly penetrated into Liu Rui's body, directly suppressing the manic aura in Liu Rui's body!

"This psychic fruit is too powerful. I only ate two, and I almost couldn't control the power in my body. If I ate a few more, I would definitely explode and die."

Liu Rui let out a sigh of relief, but when she saw When David had eaten all ten psychic fruits, he was stunned.

"Mr. Chen, you...how can you eat so much, not yetWhat's the matter? "

Liu Rui looked at David with envy, "Ten psychic fruits, I am afraid that Mr. Chen's current cultivation base has already stepped into the god of war, right?" "

David shook his head, "It's just the peak of the Martial Saint, only one step away from the Martial God..."

"Ten psychic fruits have only risen so much, which is a bit of a waste..."

Liu Rui saw David ten The cultivation base of the psychic fruit has grown to be similar to the two of my own, and I can't help but feel a little regretful!

However, David didn't say anything. You must know that the resources he needs for cultivation are several times that of others!

" Mr. Chen, since you are now at the peak of the Martial Saint, there is still a psychic fruit here. If you eat it, will you be able to break through the Martial God? "

Liu Rui handed a psychic fruit in front of him to David and said. Chen

Ping didn't know if a psychic fruit could help him break through to the god of war, but since there is still one, try it!

Ping swallowed the psychic fruit directly!

A vast and galloping force began to run around David, and David began to refine it!

Along with David's refining, Liu Rui's eyes became more and more Surprised, because she felt that the breath in David's body had reached a terrifying level!

The spiritual power in David's body began to roar, hitting the realm of Wushen again and again!

Rumbling...

Suddenly, there was a sound of thunder, followed by A large black cloud floated above the psychic tree!

Seeing this sudden change, Tong Youcai and Leng Yun all looked up!

"Could it be that the kid is about to break through the god of war? This should be a thunder robbery!" "

Leng Yun looked at the dark clouds in the sky, frowned slightly!

"It must be this kid who secretly ate the psychic fruit, otherwise how could he break through so fast!" "

When Tong Youcai thought that David had eaten the psychic fruit, his eyes were full of anger!

Only the great protector looked at the black clouds in the air with a solemn expression!

"How can this kid break through the god of war, how can there be such a powerful thunder calamity?"
The

Great Protector passed through the black cloud and had already discovered the difference in this thunder calamity!

Just as the Great Protector's voice fell, suddenly above the black cloud, a bolt of lightning struck the ball in an instant!

Rumbling....

The thunder robbery instantly smashed on the ball, and the ball didn't change!

And David, who is inside at the moment, has already fallen into meditation, and the whole person relaxes, welcoming the last moment of breakthrough!

Bang rumbling... . . .

Another thunder robbery!

Lei Jie hit the ball, bursting out terrifying power, even if Tong Youcai and the others were prepared, they were still shocked by this terrifying aftermath and flew backwards!

“Is this Lei Jie too perverted?”

Tong Youcai got up from the ground and said in surprise.

“It’s really a bit perverted. If it wasn’t for the protection of this ball, this kind of thunder calamity hit David, wouldn’t it blow him to ashes? Can he still break through?”

Leng Yun was also surprised, what kind of thunder calamity? Can resist it!

Chapter 2235

Before a few people woke up from the shock, another thunder robbery crashed down!

Boom...

Boom...

” “This... is this the first thunder

calamity? Is there still an end?”

The robbery continued to bombard, and the whole person was a little stupid!

You must know that they have all experienced the breakthrough of Martial God and suffered thunder calamity, but no one has ever suffered such a terrifying thunder calamity!

Even breaking through Emperor Wu’s thunder tribulation, isn’t it so perverted?

“The seventh way...”

Leng Yun said slowly, with a strong shock in his tone!

Ka....

just in the seventh thunder robberyAfter dropping, finally the ball made a crisp sound!

Immediately after that, the ball began to split and spread out like a petal!

And the figures of David and Liu Rui are also exposed!

Although the ball has spread out, David still closed his eyes slightly and did not move!

And the black clouds in the air are still dense, there is no meaning to disperse!

“Could it be that there is still a thunder tribulation behind? I want to see how this kid can resist!”

Tong Youcai saw that the black cloud had not dissipated, so he said.

Rumbling...

A purple lightning flashed across the thick black clouds, and with a huge roar, it slashed directly towards David!

This time, the power of thunder tribulation was even stronger, like ten thousand horses galloping down, Liu Rui beside David couldn't bear the pressure, and the whole person fell directly from the psychic tree!

The power of thunder robbery slammed on David's body, and the blue smoke rose up, and the huge smoke covered David's body!

In the distance, Tong Youcai and others even smelled the smell of burnt!

"This kind of perverted thunder calamity, I said that no one can bear it. It is estimated that this kid David has not disappeared, but has become coke."

Tong Youcai said with a sneer on his face.

After smelling the burnt smell, the Great Protector felt a little regret, "What a good body, it's a pity, it's a pity..."

"This David is also unlucky, it is estimated that he swallowed the psychic fruit, so Lei Jie will be so ferocious, it seems that the psychic fruit is a good thing, but it also has drawbacks!"

Leng Yun thought that David's breakthrough was because of swallowing the psychic fruit, which would lead to such a perverted thunder calamity!

But just when several people thought that David was dead, the smoke dissipated, and David was still sitting on the spot, not dead at all, nor turned into coke!

It's just that the clothes on his body were shattered by the bombardment of the thunder, like a beggar!

David's body began to float slowly, the skin on his body slowly became transparent, and the blood in his body could be clearly seen!

"This..."

When Tong Youcai saw this, they all looked up dumbly, their mouths wide open, their faces full of incredulity!

Rumbling.....

Another lightning came, and this time it was golden lightning.

With the passing of golden lightning, the black cloud finally dissipated!

And Lei Jie hit David, instantly turning David's transparent body into a golden color!

At this time, David was suspended in mid-air, and his whole body was full of golden light!

The terrifying aura was constantly rising, and it soon reached its peak!

Om.....

I saw the whole void fluctuate for a while, and then the breath of David began to grow exponentially!

The terrifying aura began to spread around, and Tong Youcai and others, who felt this aura, trembled in their hearts, and even felt like they wanted to kneel!

The breath slowly dissipated, and David slowly opened his eyes. At this time, David had a kind of majesty on his body, his body was suspended in the air, and wherever his eyes could see, it was like a god overlooking all living beings!

“Breaking through the Martial God, just like this, this guy is too unusual!” The

Great Protector’s face showed a dignified color, adjusting his breath to the best state!

Chapter 2236

“Hmph, it was only by virtue of the psychic fruit that he attracted such a huge thunderstorm. Originally, the psychic fruit belonged to us.”

Tong Youcai snorted coldly and looked at David with gnashing teeth.

Leng Yun’s face is also very ugly. If he swallows the psychic fruit, maybe the battle of breakthrough will be so huge!

David’s body fell slowly, while Liu Rui had already removed the clothes from the others and brought them to David!

Can’t let David fight naked?

And Liu Rui, as a girl, will inevitably blush when she sees David like this!

“Mr. Chen, clothes...”

Liu Rui blushed and handed the clothes to David!

It was only at this time that David discovered that the clothes on his body had been torn apart., the important parts are not exposed.

David hurriedly put on his clothes, then looked at Tong Youcai and the three of them coldly and said, “This psychic fruit tastes really good, but it’s a pity that you will never be able to taste it!”

“David, what are you proud of, even if it is After eating the psychic fruit, you have only just broken through to the Martial God, and you can’t eat all of the more than a dozen psychic fruit, you must still have a psychic fruit hidden in your body!”

Tong Youcai gritted his teeth, loudly Yelling at David!

“Boy, you hand over the remaining psychic fruit, I can make you die without pain, don’t think that you can escape from here if you break through the god of war!”

Although the great protector was shocked by the battle of David’s breakthrough, David’s breakthrough Even if Ping made a breakthrough, he was only a first-rank Martial God.

Compared with his eighth-rank Martial God, it is still a world apart!

“Even if there is a psychic fruit left, I can’t give it to you. Besides, there is nothing left. I ate it all, and I’m still not full!”

David said while rubbing his stomach.

“Damn...”

Tong Youcai hated his teeth, that psychic fruit was a priceless treasure, one was enough for other people to practice for a year and a half, but David actually took this kind of spiritual fruit as a meal , and said that he was not full!

“Tong Youcai, he’s mad at you on purpose, stop talking to him, kill him, and take the psychic fruit!”

Leng Yun knew that David couldn’t have eaten all the psychic fruit!

Tong Youcai nodded, and then the three of them looked at David eagerly, ready to take action at any time!

And Liu Rui was on the side, and his breath was rising, and he was on guard!

Tong Youcai began to be filled with a faint green gas, which was the reason for the genetic modification!

“Today, I must kill you...”

After speaking, Tong Youcai charged directly towards David!

But before David could make a move, Liu Rui, who was on the side, immediately greeted him!

“Tong Youcai, I’m here to teach you...”

After Liu Rui swallowed the psychic fruit, his strength also increased greatly, so he was not afraid to deal with Tong Youcai!

“It’s just the two of you now, let’s go together, and I’ll take you on the road at the same time!”

David looked at the great protector and said Leng Yun!

“Boy, I envy you for your ability to leapfrog and fight. It’s just that you are a new martial god, and you want to fight with me as an eighth-rank martial god. Isn’t it too self-sufficient?” The

Great Protector said with a sneer.

“I don’t think it’s you who can’t help yourself. You quickly rose to the realm of the eighth-rank Martial God by absorbing the strength of others, but this kind of strength is ultimately obtained by sorcery. Even if you reach the realm of the eighth-rank Martial God, it’s a pity that you have used it. The power of the real eighth-rank Martial God!”

“Do you think I’m right?”

David said with a smile.

The Great Protector’s face turned slightly cold, the strength from this absorption really couldn’t follow the realm achieved by down-to-earth cultivation!

The Great Protector did not understand, how did David know the drawbacks of this sorcery!

“Hmph, even if you can’t use the power of the real eighth-rank Martial God, it’s more than enough to kill you!”

After the Great Protector finished speaking, he charged directly at David, and his fist was a blow!

Chapter 2237

David is also bursting with breath at this moment, golden light shines, and a golden dragon flashes behind him!

The power of the Shenlong was running to the extreme, and then a holy light fist was swung out!

There are no tricks and moves, just pure power!

The Great Protector and David used the most primitive power to collide to compete!

The void trembled, and the energy shot out in all directions...

I saw two figures, one black and one gold, constantly colliding in the air, and the roar was endless!

That Lengyun felt the manic power around him, and the whole person kept retreating back!

David has just been promoted to Martial God, and the surging power in his body has nowhere to vent. At this moment, he is practicing with this great protector.

Boom.....

againThe violent collision, the two people unreservedly exerted their strength!

This time, the impact caused the rocks to collapse and the earth to burst!

Even the psychic tree, which had been motionless, began to shake violently at this moment!

David was separated from the figure of the great Dharma protector, and the two were considered a draw!

And Leng Yun, who was watching the battle, was extremely shocked at the moment!

You must know that David is just a newly promoted Martial God, and he even fought a tie with an eighth-rank Martial God!

This is so incredible!

If it was himself, it is estimated that in David's hands, he would not be able to withstand even a punch!

Seeing David's strength growing so terrifyingly, this Leng Yun was both startled and scared. If they couldn't kill David here, they might be retaliated after they went out!

"The Great Protector, your eighth-rank Martial God Realm is evenly matched with David. It seems that the strength of using sorcery to increase is really unreliable!"

Leng Yun said to the Great Protector.

He did this on purpose, in order to arouse the fighting spirit of the Great Protector, so that the Great Protector and David would fight to the death!

"Hmph, you know shit..."

The guardian snorted coldly, then looked at David and said, "Boy, you are a new martial arts god, it is really amazing that you can have this kind of power, but no matter how strong you are, you have What's the use?"

"Just when the battle was just now, I had planted a demon seed in your body, and you will immediately experience the feeling of hell!" The

Great Protector laughed, with endless mockery in his eyes, I saw him gently lift his palm, the ground around David began to tremble, and strips of black tentacles emerged from the ground!

David looked at these tentacles, which was what the Great Protector used to absorb the strength of those warriors!

All the tentacles all moved towards David together, and in David's body, it seemed that something started to wriggle, and a nameless force was constantly charging outwards towards David's body.

And this force attracts those tentacles, constantly besieging David!

David wanted to dodge, but found that his body seemed to be locked in place, and there was no way to move.

Countless tentacles were all attached to David's body, wrapping David tightly!

These tentacles are like blood-sucking bats, and they begin to frantically absorb the power of David, as if to suck David dry!

Seeing this scene, Liu Rui was instantly shocked. She wanted to rush over to help David out of the siege, but was hit by Tong Youcai and flew out!

"Hahaha, no matter how strong you are, it's still not the same as making wedding dresses for others..."

The Great Protector laughed frantically.

At this time, he had already felt that the power in David's body was constantly pouring into his body.

When Tong Youcai and Leng Yun saw this scene, they all showed envious expressions!

You must know that this great protector is absorbing David's strength, I am afraid that his strength will increase a lot!

At that time, the Burning Heaven Sect will probably be the king and hegemon in the entire Hidden Realm, and even a great Dharma protector is so abnormal in strength!

Chapter 2238

Not to mention the leader of the Burning Heaven Sect, these people rely on sorcery, and their strength must grow extremely fast!

And just when the Great Protector was full of pride and felt the power in his body growing, suddenly his body trembled slightly, and the smile instantly solidified on his face!

Immediately after that, the Great Protector looked at David, who was wrapped in tentacles, in disbelief, his eyes full of horror!

"How... how could this be?"

I saw the Great Protector's body shaking, and the power in his body was rapidly passing!

The Great Protector hurriedly controlled those tentacles who wanted to get out of David's body, but found that those tentacles didn't listen to his commands at all!

"Ah..."

I saw a flame rising from the palm of the great protector, and then the flame was instantly directed towards those tentacles away!

Boom.....

The flames exploded in an instant, and those tentacles were blown to pieces in an instant like fireworks!

And at the moment when the tentacles burst, David's figure flashed, and then he punched the body of the great protector!

I saw that the body of the great protector flew out directly, and then fell to the ground fiercely, and the whole body was smashed into the ground several meters deep!

"David?"

Tong Youcai and Leng Yun both looked at David in disbelief, their eyes full of shock!

"Mr. Chen..." Seeing that David was all right, Liu Rui shouted happily!

At this time, David was full of energy, standing proudly, and he looked like someone who had absorbed strength.

The Great Protector climbed up from the deep pit and looked at David in disbelief.

"You...how can you absorb power through the hand of hell?" The

great protector didn't understand, how could David learn the unique skills of their Burning Heaven Sect?

"What is this, what I know, you haven't seen it before!"

"But I'm really thankful for the power you sent, otherwise the battle just now really consumed a lot of power."

"This I really dozed off, someone gave me a pillow!"

David looked at the Great Protector with a sneering expression on his face.

Don't mention how ugly the Great Protector's face is at this time. He originally wanted to absorb David's strength, but he didn't want to be sucked away by David. Fortunately, he responded quickly enough, otherwise, he would have become a mummy now. !

"David, don't be complacent, even if the hand of hell can't deal with you, I still have other ways..." The

Great Protector was so angry that he almost vomited blood, staring at David!

"You have another way, don't I?"

After David finished speaking, there was a flash of coldness in his eyes, and then he stretched out his right hand, and the Dragon Slaying Sword appeared in his hand instantly!

At this time, the Dragon Slaying Sword, the sword energy soared into the sky, straight into the sky, along with David's promotion to the Martial God, the power of the Dragon Slaying Sword also increased a lot!

Immediately afterwards, David shouted angrily, the light on the Dragon Slaying Sword surged, and the sword energy was vertical and horizontal.

One after another terrifying sword energy went straight to the great protector, and the great protector could only retreat again and again and keep parrying!

The endless sword energy slashed down fiercely, and instantly made the great protector disappear into the smoke!

When the smoke dissipated, the Great Protector slowly stood up, but at this time he was covered in scars, and one arm was shaking constantly, and only a little flesh was connected!

Tong Youcai and Leng Yun were shocked, and looked at the Great Protector in disbelief!

You must know that they can only count on this great protector to deal with David now, but now the great protector himself has been injured like this, and one arm was almost cut off, so aren't they doomed?

"The eighth-rank Martial God is really extraordinary, and he was not hacked to death..."

David said lightly, holding the Dragon Slaying Sword.

The Great Protector looked at his broken arm, gritted his teeth and said, "You are a little new martial artist, you dare to hurt me, I will smash your body into ten thousand pieces..."

Chapter 2239

The Great Protector roared angrily, and his body began to slowly rise into the air, followed by a black aura around the body, and countless tentacles began to emerge from the ground!

These tentacles began to frantically attack all living creatures on the ground, even Tong Youcai and Leng Yun were not spared!

And Liu Rui, who was accidentally wrapped around her body by the tentacles under her feet!

"Mr. Chen..."

Liu Rui was shocked and hurriedly shouted at David!

When David saw this, a sword beam burst out from the Dragon Slaying Sword in his hand, instantly cutting off the tentacle!

Tong Youcai and Leng Yun were also entangled by tentacles unprepared!

"Great Protector, what are you doing? Let go of us..."

Tong Youcai and Leng Yun shouted!>

"This kid won't die, none of us will be able to escape. Instead of being killed by this kid, you might as well contribute your own strength and help me kill him. That's enough of your wish!

" said.

"No...don't..."

"No..."

Tong Youcai and Leng Yun struggled desperately!

They never thought that they didn't die in David's hands, but they were taught by Fen Tian!

David swung his sword to protect Liu Rui, preventing Liu Rui from being entangled by those tentacles, and his eyes were icy looking at Tong Youcai and Leng Yun's struggle!

When the two of them chose to cooperate with Fen Tianjiao, they should have thought of this final outcome!

"If you treat us like this, after you go out, my Tianlei Sect will definitely destroy your Burning Heaven Sect."

"Our Feixing Sect will spare no effort to avenge me and hunt down all your Burning Heaven Sect.

" And Leng Yun threatens the Great Protector!

But the Great Protector was not at all afraid, and said with a cold smile, "You died here, who knew that I killed you? I can say that you were all killed by this kid David, haha..." The

Great Protector seemed to have already After planning, even if they get the psychic fruit, it is estimated that Tong Youcai and Leng Yun will not be able to get it in the end.

"David... No... Mr. Chen, save me, as long as you save my life, I will never trouble you again."

"Brother Chen, for the sake of me taking you to the ruins, save me. , save me..."

Tong Youcai and Leng Yun began to desperately call for help at David!

It's just that David's face was cold, and he would never try to save them.

Soon, Tong Youcai and Leng Yun gradually lost their voices, and the aura of the great protector was growing rapidly!

The arm that was about to be broken started to recover quickly, and even the wound on his body was recovering quickly, and a green breath began to permeate his body!

David knew that this was due to absorbing the strength of that Tong Youcai. That Tong Youcai modified his genes to make wounds heal quickly. Now this great protector also has this ability!

"Boy, this time, I don't think you're dead yet..." The

Great Protector's cultivation broke through the eighth-rank, and it didn't stop until the ninth-rank peak. If he was swallowing a few psychic fruits at this time, it was estimated that he would be able to break through. Emperor Wu!

I saw that the guardian of the law suddenly rushed towards David, and the speed was as fast as lightning, so that David could not capture his figure at all!

David only felt that his chest was punched heavily, and his body flew out and slammed into a boulder!

But before David could react, the great protector came to David again and stomped it down!

Boom...

A loud bang, the earth trembled, and a huge deep pit appeared in an instant!

And David's body was stepped into a deep pit in an instant.

"Hahaha, boy, this time I see what skills you have!" The

Great Protector looked down at David arrogantly and laughed loudly.

"Mr. Chen..."

Seeing this, Liu Rui shouted anxiously.

Chapter 2240

In the deep pit, blood spilled from the corner of David's mouth. With David's current state of being promoted to the god of war, he still has no way to deal with the master of the peak of the god of war!

In terms of strength and speed, the peak of the Martial God is almost beyond the existence of the Martial God. It only needs an opportunity to break through the Martial God and reach the realm of the Martial Emperor!

David stood up vigorously. Although he knew his current strength, it was almost impossible to deal with the peak of the god of war, but David would never be caught and waited to die!

He only needs to find a way to absorb some strength and let his strength break through, and he can completely deal with this great protector!

But apart from the two psychic fruits in his storage ring, there was almost nothing at the scene that could quickly improve his strength!

But if twolf a psychic fruit is eaten, then Hu Mazi and Long Xingxu are basically helpless, and they will lie on the bed for the rest of their lives!

David absolutely can't do this, he wants to save the two people!

Another way is to absorb Liu Rui's strength and let himself break through, but in that case, Liu Rui will also die and become a mummified corpse.

This is what David can't do. He can't do things that hurt his friends for himself!

Just when David was in the deep pit and was a little helpless, all of a sudden, auras came from under his feet!

David's face was full of surprise, he hurriedly looked down and found a thick tree root, which was exposed in front of David at this time!

Looking at the roots and the strong spiritual energy, David was overjoyed!

This should be the root of the psychic tree, now exposed to David!

You must know that such a huge psychic tree must have a huge spiritual energy inside. Now David only needs to take the spiritual qi in this psychic tree as his own, so why not improve his strength?

David gently touched the roots of the psychic tree with his hands, and a surging power instantly filled David's body!

In an instant, this force broke through David's limbs and acupuncture points and circled in his dantian!

At this moment, the Heart Concentration Technique began to run at full speed, constantly transforming this power and turning it into its own use!

The psychic tree seemed to feel something, and it started to move automatically without wind, the leaves squeaked, and the leaves kept falling, and every leaf that fell at this moment turned into a weapon, constantly attacking the surrounding!

Liu Rui and the great protector all retreated quickly, avoiding the range of those leaf attacks!

Looking at the psychic tree that was shaking constantly, the Great Protector's eyes were full of suspicion. He didn't know what happened, why the psychic tree, which had not moved at all, was shaking so violently at this moment!

Just when the Great Protector was full of doubts, he suddenly felt David's rising breath from the deep pit!

"What's going on?"

The guardian frowned, wanting to get closer to see what happened to David in the deep pit!

But the leaves on the psychic tree are as sharp as steel knives, even if the Great Protector is the realm of the peak of the god of war, as long as it enters the range, the skin will be instantly cut by the leaves!

Soon, the great protector discovered that in the deep pit, a golden masterpiece, and David's breath has reached the pinnacle of the first-grade Wushen from the just-promoted first-grade Wushen, and he is about to break through the second-grade Wushen!

"What's the situation, what's the situation?" The

Great Protector was a little stunned. What kind of situation could make a person reach the peak directly from a rank one Martial God in a short period of time!

Before the Great Protector could understand, David's aura had already broken through the first-rank Martial God and reached the second-rank Martial God realm!

And the breath has not stopped, and it is still rising. No one knows what level David's strength will increase to!

At this time, the psychic tree has begun to dry up slowly from the top of the canopy!

Chapter 2241

Looking at the psychic tree that was gradually drying up, the great protector seemed to understand!

"Damn, this kid is actually absorbing the power of the psychic tree..."

The Guardian knew that David was actually absorbing the strength of the entire psychic tree!

You must know that this whole psychic tree is many times more powerful than the effect of the psychic fruit!

"No, this guy must not break through any more..." The

Great Protector shouted, and a black mist rose up around his body, wrapping himself tightly, and rushing directly towards the deep pit!

Along the way, the leaves continued to fall, and then passed by the Great Protector, sparking a fire, but this did not stop the Great Protector's footsteps!

Liu Rui at this time He also seemed to see something, so he ignored the danger and rushed in with a long sword in hand. The leaves cut through wounds on Liu Rui's body like a steel knife, but Liu Rui was not afraid at all!

She needed to buy David some time, even if it was a minute and a second.

The long sword in Liu Rui's hand turned into a spirit snake and headed directly towards the Great Protector!

But the Dafa protector didn't even look at it, and just waved lightly with his hand, "Hmph, something beyond your control..."

With this light wave, Liu Rui's body flew upside down like a kite with a broken string. !

The strength gap is too great, Liu Rui has no way to stop the Great Protector, not even for a second!

At the edge of the pit where the Great Protector came, he saw David sitting cross-legged in the deep pit, and the golden light on his body kept flashing.

The Great Protector's eyes were red, staring at David, shouting, "I won't let you have a chance to come back..."

After speaking, the Great Protector slapped the deep pit with a palm, a huge 's palm print appeared, surrounded by black mist, covering the entire area of the deep pit!

Seeing that the palm was getting closer and closer, it immediately reached the top of David's head, and David's eyes suddenly opened!

David's skin turned golden yellow, and pieces of golden scales covered David's body, accompanied by a long howl from David!

A terrifying force emanated from David's body, and quickly burst into the sky from the deep pit!

The huge palm print of the great protector, under this power, was instantly dissipated by the impact!

And David's body slowly rose from the deep pit, and finally suspended in mid-air, and behind David, the psychic tree that had long since withered, ignited a raging flame at this moment!

In just a moment, the psychic tree was turned into ashes, an ancient divine tree, and now it has turned into nothingness...

The Great Protector looked at David in mid-air, with a bit of surprise and shock in his eyes!

He did not expect that David could easily pass through his palm print.

At this moment, David's eyes had an indifferent expression, and when he felt David's gaze, the body of the Great Protector began to tremble involuntarily!

A monstrous aura erupted from David's body, and then David roared, and the golden light appeared on his body.

Feeling David's burst of breath, the Great Protector was stunned. This was the breath of the third-rank Martial God. He never thought that David would be promoted from the first-rank Martial God to the third-rank in a short period of time!

But before the Great Protector could react, the breath in David's body began to spread in all directions!

Feeling the terrifying aura, the body of the Great Dharma Protector began to retreat continuously, and in the end, it was directly blown away by this terrifying aura!

Upon seeing this, the Great Protector knew that David could not be allowed to go on like this, and he could only use his stunts!

“Burning Heaven Palm...” The

Great Protector let out a loud cry, and an overwhelming force of energy condensed in front of the Great Protector, and flames were burning all around!

Seeing this, David snorted coldly, and then waved his hand!

Chapter 2242

A dazzling golden light instantly collided with the Great Protector’s Burning Heaven Palm, making an earth-shattering loud noise!

The breath exploded, the space vibrated!

The earth began to collapse continuously, and the surrounding stone walls were constantly flying with rocks!

The ruins of the Narcissus Palace seem to be collapsing!

The golden light that David swung out instantly penetrated the Burning Heaven Palm, and hit the great protector fiercely!

The body of the great protector flew out instantly, and there was incredible in his eyes!

Just when the great protector was still in a daze, David’s figure instantly reached the front of the great protector, and his speed was actually a little faster than that of the great protector!

“This...”

The Guardian didn’t respond, and was kicked out by David!

boom.....

The body of the great protector slammed into the stone wall, causing the rock to collapse, and the entire Narcissus Palace was about to be destroyed.

The great protector suddenly spurted out a mouthful of blood, and the breath on his body began to wilt!

David slowly walked towards the Great Protector, and the Great Protector’s face was extremely ugly!

“David, if you let me go, I can give you a lot of resources...” The

Great Protector is begging for mercy after David!

“Hmph, you’re just a guardian of the Burning Heaven Sect, your leader didn’t say anything, you’re talking shit!”

“However, the strength of your ninth-rank Martial God peak is the best resource for me! “

David grinned, he is confident that as long as he absorbs the strength of this great Dharma protector, he will definitely improve!

When the Great Protector saw David like this, he would definitely not let himself go, so he narrowed his eyes slightly and said, “David, don’t think you’re going to kill me today, if I don’t have some means to save my life, how can I dare to be burned? Heavenly Sect’s protector!”

After the great protector finished speaking, he suddenly took out a token from his body, and then crushed the token instantly!

As the token was crushed, the space in front of the guardian began to become distorted, and the figure of the guardian became weaker and weaker!

“Space magic, you want to escape...”

David saw this, his body suddenly rushed forward, and then a huge palm grabbed towards the great protector!

It’s a pity that David was still a step behind, the figure of the great guardian slowly disappeared, and David did not catch him!

Seeing the great protector escape, David was very annoyed. He never thought that the great protector of the Burning Heaven Sect actually knew space magic!

Just after the great protector escaped, the entire ruins of the Narcissus Palace began to tremble violently, and large stones fell one after another!

“Miss Liu, let’s go...”

Seeing this, David hurriedly took Liu Rui back along the original road.

When David and the others came out of the Tiankeng, they found that the Tiankeng was covered with the bodies of many warriors!

Most of these corpses came from outside the world of martial arts, but David didn’t find Jiang Wei and the others. He didn’t know whether these people were killed or escaped!

“Mr. Chen, is there another hidden world sect in the Kunlun Mountains?”

Liu Rui asked, looking at the corpses all over the ground.

You must know that the people brought by Tong Youcai were basically killed by David. Now that so many outsiders have died, it should be done by other hidden world sects!

“It should be, we have to be careful...”

David told Liu Rui!

But not long after the two of them left, they heard a fight, and David and Liu Rui followed the sound to find them!

At this time, David discovered that there were five old men who were attacking Jiang Wei and others. These five old men were like wolves entering the flock. Jiang Wei and others, these outsiders, were only slaughtered!

“Mr. Chen...”

After seeing David, Jiang Wei, Hong Qianjiu and others hurriedly called for help!

“Who are these people?”

David frowned slightly and asked Liu Rui.

These people are ruthless, killing people is like stepping on ants!

“People from the Feixing faction, these are the five elders of the Feixing faction...”

Liu Rui said following David.

Chapter 2243

David and Liu Rui stepped forward and protected Jiang Wei and others behind them, while the Great Elder of the Flying Star Sect said with a cold expression, “Who are you?”

“Brother, this little girl is from the Chunyang Sect. .”

Another elder said.

“People from the Pure Yang Sect?” The elder frowned slightly. “Don’t meddle in your own business, hurry up and get out...” “

I think it’s you who should get out of the way?”

The big elder was pumped out!

“The eldest son of your Feixing faction is dead, but you don’t want your little elders to dare to show off your power...”

David said coldly.

“What? You killed our eldest son?” The

elders of Feixing School were all shocked!

David didn't say anything, but shot directly and killed the hurried elder!

These elders took ruthless actions and slaughtered so many people in the martial arts world. David would never leave these people alive!

When Jiang Wei and the others saw David fighting against these elders alone, they were all shocked and speechless!

You must know that in the past, their strength and David's strength were not very different, but now, David's strength is already beyond their reach!

"Mr. Chen, be merciful, don't kill them..."

Seeing that David was motivated to kill, Liu Rui wanted to kill all the five elders of the Feixing faction, and immediately stepped forward to stop them!

"Mr. Chen, if you kill all five Feixing faction elders, then Feixing faction will never let you go, you don't need to provoke them."

"And then, they will think that Leng Yun You also killed them all, then you and the Feixing faction will be in an endless situation, which is not good for you!"

Liu Rui analyzed David, then looked at the elders and said, "Your eldest son is already dead. , but it was killed by the people of the Burning Heaven Cult, and it has nothing to do with us!"

"Hmph, our son is dead, of course you said it casually, and the Burning Heaven Sect has disappeared for many years, so you put the blame on Fen Tian. Teach, do you think we will believe it?"

The elder snorted coldly.

"I don't care if you believe it or not, even if I don't kill you today, I will never let you leave so easily!"

After David finished speaking, golden lights flashed on his palms, and then he walked towards the five elders!

These golden lights were like sharp swords, instantly penetrating the bodies of the five elders.

Although the five elders did not die, everyone was seriously injured, with broken hands and feet!

The five elders who were seriously injured did not dare to speak when they saw David's strength.

"Mr. Chen, thank you for saving your life..."

Jiang Wei and others stepped forward and hurriedly followed David to thank him.

"Brother Jiang, it's just a little effort, you should leave here quickly, don't come here in the future, this is not a place for you to stay!"

David asked Jiang Wei and the others to leave quickly, after all, all of them are hidden world sects, strong The difference is too great, Jiang Wei and other warriors from outside the world are here, and they only have to die!

Jiang Wei and the others have also seen it, even if David didn't say it, they would never dare to come again in the future!

After Jiang Wei and others left, David also took Liu Rui back to Chunyang Sect. David had to save Hu Mazi and Long Xingxu as soon as possible!

Back in Chunyang Sect, after David took out the psychic fruit, he directly devoured Hu Mazi and Long Xingxu one by one!

After eating the psychic fruit, I saw that the bodies of Hu Mazi and Long Xingxu were constantly flickering. It only took a moment for the bones and muscles of the two people to recover!

"David, what did you give us to eat? Why is it so amazing?"

"I always feel that there is a force in my body that is constantly moving."

Hu Mazi immediately jumped up from the bed and asked David curiously.

"Brother David, I also feel that there is a manic force in my body, and my body is about to explode."

Long Xingxu said with some pain on his face at this moment!

Chapter 2244

"This is the psychic fruit. The spring water of the regeneration spring was only after flowing through the root of the psychic tree, and it had the miraculous effect of reshaping the body."

"The two of you first refined the power in your body and said Uncertain realm can improve a lot!"

"Especially Xingxu, your realm is low, you must refine that power as soon as possible, otherwise there is a danger of exploding and dying!"

David said to Hu Mazi and Long Xingxu.

Seeing David's sudden remark, Hu Mazi and Long Xingxu hurriedly began to practice, refining the power in their bodies!

David stayed in the Chunyang Sect, waiting for Hu Mazi and Long Xingxu to finish refining the power of the psychic fruit before leaving back to Kyoto!

"Junior sister, have you really entered the ruins of the Narcissus Palace?"

Liu Xing asked with some envy, feeling the breath of Liu Rui and David.

You must know that when Liu Rui left, his realm strength was no match for Liu Xing, but this trip to the ruins of the Narcissus Palace, his strength surpassed him!

Especially David, Liu Xing can really feel the terrifying aura in David's body, if two people fight at this time, I am afraid that even David will not be able to catch a move!

"Of course, we also saw the psychic tree..."

Liu Rui excitedly followed Liu Xing about the things in the ruins of the Narcissus Palace!

When Liu Xing heard that David had beaten the great guardian of the Fen Tianjiao, the ninth-rank peak martial god, and fled, he was full of surprise!

From this point of view, let alone take the next move in front of David, I'm afraid that David's breath will overwhelm him!

David stayed in Chunyang Sect for another three days, and Yue Buqun came back after finishing the meeting!

When he saw David and Liu Rui, Yue Buqun didn't seem surprised.

"Master, we came back from the ruins of Narcissus Palace, and..."

Liu Rui saw Yue Buqun and wanted to tell Yue Buqun what happened in the ruins of Narcissus Palace, but Yue Buqun waved his hand.

"I know it!" Yue Buqun's face was a little ugly. "And you are still in the ruins, and you clashed with the people from the Feixing faction and the Tianlei faction, killing them all."

"Then Lengyun and Tong Talented, did you all die in your hands?"

Liu Rui was stunned, wondering how Yue Buqun knew.

However, David said lightly, "We did have a conflict, but we didn't kill Leng Yun and Tong Youcai, but the great protector of Fentian Sect absorbed the strength of the two and killed them! "

Fentian Cult?" Yue Buqun frowned, "Then the Fentian Cult actually appeared?"

"Master, the Burning Heaven Sect has always been on the Kunlun Mountains, and the Medicine Refining Sect has been cooperating with the Burning Heaven Sect. Some of the resources we have given to the Medicine Sect over the years have been distributed to the Burning Heaven Sect."

Liu Rui He quickly followed Yue Buqun and said.

When Yue Buqun heard it, his face didn't even mention how ugly it was. For so many years, their Pure Yang Sect was played as a monkey!

“What a sect of medicine refining, no wonder Bao Yukun couldn’t see through my faults for so many years, so he did it on purpose.”

Yue Buqun gritted his teeth angrily!

“Master, how did you know what happened in the ruins?”

Liu Rui asked curiously.

“Now that the entire Hidden Realm knows, and the Feixing faction and the Tianlei faction have already taken action, it is estimated that they will soon pursue and kill Brother Chen!”

“Brother Chen, you should leave the Hidden Realm as soon as possible and avoid it. Come on!”

Yue Buqun said to David.

“Sect Master Yue, I’m gone, what do you do?”

David asked.

“They won’t do anything to my Pure Yang Sect, and my Pure Yang Sect is not a soft persimmon, just let people pinch it.”

Yue Buqun said.

David nodded, he knew that with his current strength, he was not able to compete with the two major sects.

Now Hu Mazi and Long Xingxu have just finished refining the power in their bodies, and it’s time to leave!

After saying goodbye to Yue Buqun, David took Hu Mazi and Long Xingxu directly back to Kyoto!
