

## His True Colors Chapter 1031-1040

### Chapter 1031

"It's true that there is no real proof of these things to speak of, they are all just rumors, and many children, indeed, listen to them as stories," Zhantai Liuyue said.

Han Giangli turned to look at Zhantai Liuyue, not expecting this beautiful woman to beat around the bush and scold people.

"You mean, am I a child?" Han Giangli smiled.

Zhantai Liuyue shook her head, she naturally didn't think so and said, "If you want to know if these things are true or not, you'll be able to find out by going to the Imperial Dragon Hall."

"This is the second time you've mentioned asking me to go to the Imperial Dragon Hall, I know that even the strongest of the Extreme Master realm will be scrupulous of the emperor as long as they appear in the Imperial Dragon Hall, although I don't know the reason why, but I can guess that the Imperial Dragon Hall must have something that raises the emperor's realm, and this kind of realm raising, even the strongest of the Extreme Master realm are no match, can I understand that you It was sent by the Emperor to tell me this, but just to get me to go to the Imperial Dragon Hall to d\*e?" Han Qianli didn't question it, and very plainly said the words.

He had every reason to suspect Zhantai Liuyue of doing so, after all, she had mentioned the Royal Dragon Hall twice, and both times in circumstances that aroused Han 3000's great curiosity, so wasn't this an attempt to entice Han 3000?

Matching the strength of God Honored in the Royal Dragon Hall, it was understandable for Han Qianli to understand it this way.

"Sending him to his death? Why would I want you to go to the Royal Dragon Hall to d\*e?" Zhantai Liuyue asked in puzzlement.

"My existence has threatened the emperor, is it any wonder that he wants me dead?" Han Qianli said with a smile, Han Qianli was very clear about the tragic situation of the Bai Ling Clan in the beginning, it was because the Bai Ling Clan was too powerful and threatened the emperor that it was tragically destroyed, if he could do this kind of thing for the first time, he would naturally do it for the second time.

The establishment of the Three Thousand Clans definitely posed a threat to the emperor, and although it hadn't torn him apart yet, it was only a matter of time.

It was only when Zhantai Liuyue heard Han Qianliang say that that she understood why Han Qianliang was suspicious of her, but it was reasonable.

"I guess the emperor must have wanted you dead before, after all, you even killed his people, but now, it's not certain," Zhantai Liuyue said.

"Go on, let me see what other stories you can make up." Han Qianli faintly said.

"The movement in the Dark Forest is most likely related to the Lunar Dragon, and if it's true that the Lunar Dragon has awakened, a strong man like you is a powerful helper in dealing with the Lunar Dragon, and it's impossible for an emperor to kill his own helper." Zhantai Liuyue said.

"Flawless, but I still don't trust you." Han Qianli disdainfully said.

"Why?" Zhantai Liuyue looked at Han Qianli puzzled, although it was true that she wasn't sent by the emperor, there were very few ways she could prove herself for herself, if Han Qianli couldn't trust her in this situation, she wouldn't be able to clear herself of suspicion.

"Because nothing a pretty woman says can be trusted," Han Marchian said.

Zhantai Liuyue was directly confused, and she never would have thought that Han Qianli would not trust her for this reason.

But from another perspective, it seemed like a good thing that Han Qianqian considered her pretty.

For someone as high up as Zhantai Liuyue, it was hard for her to be smitten with an ordinary person, but ever since she saw Han Qianliang's album, she had a feeling of infatuation, because there were so few people like Han Qianliang in the Xuanyuan World, belonging to the phoenix-like category, and with no interest in other men, Zhantai Liuyue would naturally have some unusual feelings towards Han Qianliang.

"Do you think I'm pretty?" Zhantai Liuyue's pupils were like twinkling stars as she stared at Han Qianli, hoping that this answer was very important to her.

"Of course." After saying those two words, Han Qianli shook his head again with a regretful look and continued, "But not as pretty as my wife."

"Wife?" Zhantai Liuyue was stunned, the two words made her confused, she didn't expect Han Qianli to already have a wife.

"Not only a wife, I also have a lovely daughter," Han Qianli said.

Zhantai Liuyue's heart was inexplicably hollow, as if she had suddenly lost something.

But come to think of it, having a wife in the Xuanyuan World wasn't a big deal, after all, three wives and four concubines were the norm in the Xuanyuan World, and those big families, who didn't have multiple rooms of women?

"You make me wonder what your wife looks like, and I wonder if I'll get to see her this time." Zhantai Liuyue asked, her tone clearly somewhat unconvinced, in the entire Misty Sect, she was

considered a top-notch existence in terms of posture, there were countless clan bigwigs and even those from big families who were flocking to her, so she was very confident in her looks, which made her somewhat unconvinced and want to meet Han Qianqian's wife.

"I also want to meet her, but unfortunately now isn't the right time." With a hint of loss between his eyebrows, Han Three Thousand's mood changed very severely every time he thought of Su Yingxia and Han Nian.

These were, after all, the two most important women in his life, and right now, he was unable to be by their side.

Zhantai Liuyue was just about to ask why when Han Qianxiang snapped, "If Sect Master Zhantai doesn't have anything else to do, I still have to return to the sect to do my work, after all, today is the opening of the sect and there are still many things I need to deal with."

"Sect Master Han go and get busy, I'll be staying in the West Wing City for a while, if Sect Master Han has any questions, feel free to come find me," Zhantai Liuyue said.

Han Qianli didn't pick up any more stubble, but turned around and walked away.

A hint of a woman's unique pride flashed between Zhantai Liuyue's eyebrows, she didn't expect Han Qianli to not covet her beauty in the slightest, this was something Zhantai Liuyue had never met before, any man who had seen her before, who could do what Han Qianli did?

"Are you acting all serious in front of me, or are you really not putting me in your eyes, I will know sooner or later, male nature, I don't believe you can really be beautiful and unmoved." Zhantai Liuyue said to himself.

Back at the clan, Han 3000 didn't really have anything serious to do, as a shirker, the big and small matters within the clan had already been handed over to Jiang Ying Ying and Huang Snap Yong, while

these two were busy flying around, Han 3000 was in a state of doing nothing and he didn't even have the slightest idea that he wanted to help.

With the time he had, Han 3000 was able to calmly fathom the story that Zhantai Liuyue had told, and the truth of the story seemed absurd to Han 3000, especially with the appearance of the headless warrior.

However, that potentially powerful divine realm and the Lunar Dragon of the Dark Forest aroused Han 3,000's very great curiosity.

## **Chapter 1032**

Last time, the awakening of the Lunar Dragon had caused almost all of the strongest people in the Xuanyuan World to fall, and this time, if the movement in the Dark Forest was really related to the Lunar Dragon, I'm afraid that disaster would strike once again, which made Han Three Thousand Years somewhat nerve-wracking.

It was already extremely difficult to deal with the Three Kingdoms, and the appearance of the Lunar Dragon would undoubtedly add insult to injury for Han Three Thousand, who didn't want to be involved in this crap.

And now that the Red-Eyed Jade Python was nowhere to be found, Han Three Thousand had to worry about its situation.

If it had gone back to the Dark Forest and gotten into a fight with the Lin Long, with the Lin Long's realm, there was no telling what kind of end the little guy would have ended up in.

"Little guy, you won't d\*e in the Dark Forest," Han Giangli said worriedly.

Until evening, the tired and almost dog-tired Snapdragon Huang and Ying Jiang found Han Three Thousand and gave Han Three Thousand a report on everything they had arranged today.

Although Han 3,000 didn't do anything, he was drowsy from listening to it, which made Snapdragon Huang and Jiang Yingying very helpless.

As an apprentice, Huang Snap Yong naturally didn't dare to accuse Han 3,000.

On the other hand, Jiang Ying Ying was quite familiar with Han Qianqian and knew very well that Han Qianqian was a shirker, so he probably had no interest in hearing about these things, but was just going through the motions.

"It's almost time, you guys should go back and rest first, you don't need to report to me specifically about these things in the future." Han Qianli said to the two of them.

"Master, the sect hasn't attracted a single strong person to join yet, should we think of something?" Huang Snapdragon asked Han 3,000, although there were already hundreds of disciples of the sect, they were all people who were not even cultivators, in Huang Snapdragon's opinion, these people were not beneficial to the Three Thousand Year Sect, and in order to strengthen the sect, they had to attract those strong people to join.

Han Third Thousand suddenly frowned at this time, a very familiar scent was approaching him, but it seemed very weak.

"You guys can rest first, I still have some business." After saying this, Han Qianli left the room with a serious face.

Huang Snapdragon looked confused and said, "What's going on with Master, what else can he be doing in the middle of the night?"

"You also know that he is the master, and it's not up to you, the apprentice, to meddle in the master's affairs?" Jiang Ying Ying said.

Huang Snap Yong was about to nod his head when his expression suddenly turned nasty and said, "Teacher's wife, Master won't be going to meet up with someone from the Misty Sect, will he?"

Jiang Ying Ying stared hard at Huang Snap Yong, in this guy's head, there were never many dirty thoughts, it was feasible for this to happen to other men, but Jiang Ying Ying knew that there was no way Han Qianqian would do that.

"I think it's you who wants to go," Kang Ying Ying said.

Huang Snapdragon was subconsciously just about to nod his head, which immediately turned into a shake of the head, saying, "Shishu, how could I look at these vulgarities, but I have a heart of gold for you."

Jiang Ying Ying almost vomited, such words of love were like a mass of rotting meat in a stinking gutter to her, disgusting to look at and even more disgusting to smell.

By this time, Han 3000 had arrived at the foot of the mountain, and when he saw the frail red-eyed jade python in a rocky crevice, Han 3000 was heartbroken.

The red-eyed jade python was covered with scars, and blood was oozing out from between the python scales, so it was obvious that it was seriously injured.

Without saying a word, Han 3,000 gathered the red-eyed jade python into his arms and brought it back to his room.

After Han Qianli carefully placed the red-eyed jade python on the bed, he said disdainfully, "I said I'd give you a few days of freedom, not for you to go looking for death and fight with the Lin Long?"

To be able to make the Red-Eyed Jade Python hurt so badly, apart from the Lunar Dragon, Han Three Thousand couldn't think of any other possibility, and the movement of the Dark Forest was after the Red-Eyed Jade Python left, the timing also coincided.

The red-eyed jade python spat out the red letter with difficulty as a response to Han Three Thousand's words.

"It looks like this Lin Long is indeed powerful, beating you up like this, but it's not bad that you didn't d\*e." Han Qianlian said with a sigh on his face, back then, in order to seal the Linlong, Xuanyuan World had used up almost all of its strongest people, which was enough to show how powerful the Linlong was.

The fact that the red-eyed jade python was able to escape death under its claws was a side indication of how uncomplicated the red-eyed jade python was.

Unfortunately, the difference in realm still existed after all.

The red-eyed jade python had no words to explain its bitterness, it went to the dark forest, willing to bring back some sacred chestnut for Han 3,000, but did not expect to encounter the newly awakened Lin Long, which erupted into a war.

But fortunately, the Lin Long has just awakened, sleeping for thousands of years the real strength has not returned to its peak state, otherwise, the red-eyed jade python is absolutely impossible to escape under the claws of the Lin Long.

As an ancient divine beast, the strength of the Lin Long was almost unmatched.

Han 3,000 was in a heavy mood, although there was no way to be sure that the Dark Forest's Lin Long had awakened, but the possibility was as high as eighty percent, which could almost be called a devastating blow.

Han 3,000 did not want to d\*e in Xuanyuan World, Earth still had Su Yingxia and Han Nian waiting for him.

But if he didn't want to d\*e, he had to solve the trouble of the Linlong, which was not a simple matter for Han Three Thousand's current strength.

"Do we really have to go to the Royal Dragon Hall?" Han Kuang said to himself that to deal with the Lunar Dragon, he had to understand the events of that year better, and that meant that Han Kuang would have to take a trip to the Imperial Dragon Hall.

Although Zhantai Liuyue's words made sense, and it was likely that the emperor wouldn't choose to deal with him at a time like this, but an emperor who could make even the strongest of the Extreme Master Realm scruple, Han 3000 wouldn't dare to ignore him.

The red-eyed jade python had extremely powerful self-healing abilities, and the next morning, the injuries on the surface of its body had almost recovered, but it still looked very weak, probably needing some time to recuperate after the war.

Han 3000 didn't interfere much in this matter, and he couldn't help the red-eyed jade python either.

After getting up, Han 3,000 found Huang Snapdragon.

"Do you know where Zhantai Liuyue lives?" Han Three Thousand Thousand said to Snapdragon Huang.

Zhantai Liuyue was definitely the most beautiful woman in the entire Misty Sect, and being the Misty Sect's Patriarch, her identity was just a perfect match for Han Three Thousand, so Han Three Thousand's early morning search for Zhantai Liuyue would inevitably cause Huang Snap Yong to think more.

"Master, you're really amazing, have you already taken care of Zhantai Sovereign?" Snapdragon Huang had a dirty look on his face as he asked Han Marchand.

"I got your sister." Han Three Thousand couldn't help but curse.

Huang Snap Yong was in a fog and said, "Master, I don't have a sister, so you're not mistaking me for someone else."

Looking at Huang Snapdragon's decent face, Han Giangli curbed his urge to hit someone and said, "If you say nonsense again, I believe I'll flatten you."

### **Chapter 1033**

Seeing Han Qianliang really angry, Huang Snap Yong didn't dare to say nonsense, so he had to obediently bring Han Qianliang to Zhantai Liuyue's residence.

"Master, Zhantai Patriarch lives here, so if you don't have anything else, I'll leave first." Huang Snapdragon said weakly.

Han Giang knew that Huang Snap Yong didn't have any clean thoughts in his head, and he was bound to think more about the relationship between him and Zhantai Flowing Moon once he left, although Han Giang didn't really care about that in Xuanyuan World, after all, Su Yingxia wasn't here.

But in order to avoid any further misunderstandings with Huang Snapdragon, Han Three Thousand said, "No need to leave, come meet him with me."

After saying that, Han Qianqian directly knocked on the door.

Huang Snap Yong looked like he was about to stop talking and thought to himself, why would he bring him along when these two were having a private meeting?

It was tempting to ask, but Snapdragon Huang knew that if he did, he would probably get beaten up, so he had to hold back.

The best time to test a woman's posture was the time to get up, because the most wretched time of the day for a woman was at that time.

But Zhantai Liuyue, who opened the door, was still so beautiful that it was intoxicating, and the halloo that overflowed from the corner of Huang Snapdragon's mouth had fully explained how touching Zhantai Liuyue was, and her eyes were like deep pools of water that one couldn't get out of.

"Patriarch Han, looking for me so early in the morning, you wouldn't want to chase me away, would you." Zhantai Liuyue said.

Before Han Three Thousand Year had even spoken, Huang Snapdragon couldn't wait to say, "No no, how would my master drive you away, Zhantai Patriarch, the door of the Three Thousand Year Sect is always open for you, you can stay as long as you want."

Zhantai Liuyue smiled faintly, this was what a man should look like after seeing her.

But on the other hand, Han Qianqian still acted calmly, and even his eyes, he didn't measure himself at all.

"Thank you, Elder Huang." Zhantai Liuyue said with a smile on her lips.

"No, no, no, how can I thank you, you can live here, the Three Thousand Year Sect that's Pun ....."

"Ahem." Han Qianqian coughed twice, Huang Snap Yong now looked like one of those goddess-seeking licking dogs on Earth, it was just too much for him to watch.

Huang Snapdragon sobered up a bit due to Han Giang's coughing, knowing that this wasn't the time for him to speak, and quickly took a step back.

"Patriarch Han, if you have something to say, you might as well say it straight." Zhantai Liuyue took the initiative to say, as the saying goes that nothing comes without a reason, and since Han Three Thousand came to her so early, there must be a reason.

"Zhantai Patriarch, I want you to come with me to the Imperial Dragon Hall." Han Qianqian said.

Zhantai Liuyue's eyebrows shot up, and Han Qianli's words were a bit unexpected.

He had decided to go to the Royal Dragon Hall, naturally because of that legend and his desire to learn more about the Lunar Dragon, but Zhantai Liuyue never expected that he would call himself along.

"Patriarch Han, you must know that if the emperor really wants to kill you, even if you bring me along, it won't help you much." Zhantai Liuyue said.

"Patriarch Zhantai misunderstood, how could I possibly pull you closer to the fire pit, if the emperor wanted to kill me, I wouldn't implicate you, the reason why I asked Patriarch Zhantai to come along is because Patriarch Zhantai is so knowledgeable, and I hope that Patriarch Zhantai can explain something to me when there's something I don't understand." Han Giangli said.

This reason seemed a bit far-fetched to Zhantai Liuyue, could it be that he was superficially decent, but still actually a lustful person, and was just using this as an excuse to intentionally try to get close to her?

Zhantai Liuyue sized up Han Giang, if he really was a fake, he was acting too much like one, it was hard to deceive a person's eyes, but he did manage to control his eyes?

"Zhantai Patriarch, I know what you're thinking, but this is definitely a misunderstanding, what I'm saying is the truth, and I have no other thoughts." Han Giangli continued.

These words were undoubtedly a heavy blow to Zhantai Liuyue, which caused Zhantai Liuyue's temper to rise and he argued, "Sect Master Han, why should I go with you, and why should I help you explain? Am I, as the Sovereign of the Misty Sect, to do these petty things for you?"

Han Qianlian knew that no matter which world it was, a woman was an extremely fearsome creature, and once offended, it would never end well.

It was clear that he was now on the verge of offending Zhantai Flowing Moon, and if this matter was not handled properly, it was feared that in the future, there would be a disagreement between the Three Thousand Year Sect and the Piao Miao Sect.

"Please rest assured, Zhantai Sect Master, I will never let you suffer," Han Three Thousand Thousand said.

"Does Sect Master Han think that I'm someone who can be bribed at will?" Zhantai Liuyue said disdainfully, she had already made up her mind that she would ruthlessly refuse whatever benefits Han Qianli would give her, and must not fall short in front of Han Qianli.

Thoughts were one thing, but facts were another.

Zhantai Liuyue's firm heart disintegrated right after Han Qianli pulled out the Sacred Chestnut.

No one could resist the temptation brought about by the Sacred Chestnut, even if he was an Extreme Master realm powerhouse.

"Patriarch Han, this ....." Zhantai Liuyue couldn't calm his expression, his mouth slightly open, clearly unable to close his mouth in surprise.

"Sacred Chestnut, if Zhantai Sect Master is willing to help me, this Sacred Chestnut will belong to Zhantai Sect Master." Han Giangli said.

Zhantai Liuyue's breathing inexplicably quickened, the firm thoughts she had had before had gone up in smoke, and she never expected that the benefit Han Qianli would give her would be a sacred chestnut.

How was this going to be rejected?

How can you refuse that?

"Patriarch Han, you're not kidding, the Sacred Chestnut is so precious and you want to give it to me?" Zhantai Liuyue asked uncertainly to Han Giangli, in her opinion, this was definitely a joke, what kind of person could give away the Sacred Chestnut so easily?

Snapdragon Huang on the side had a faint smile on his face, in the past, he knew of the existence of the Sacred Chestnut, but he had never seen it at all and didn't know what it was, so when Han 3000 gave it to him, he wasn't too concerned until he was at the Feng Mall and learned about the preciousness of the Sacred Chestnut, then Snapdragon Huang realized how much Han 3000 had given him.

At that time, he was just like Zhantai Liuyue, not daring to believe it.

But now, Huang Snapdragon was used to it, as his master never did things according to common sense, and what was unbelievable in the eyes of others was reasonable to Han Qianqian.

"Is it possible that Sacred Chestnut isn't enough to attract Sovereign Zhantai?" Han Giangli asked with a smile.

At a time like this, face and dignity were no longer issues that Zhantai Liuyue would consider, and she cared even less if she would fall short in front of Han Giangli, as the Sacred Chestnut had already made up for everything she had lost.

"Sovereign Han, I am willing, when will you depart?" Zhantai Liuyue asked directly.

#### **Chapter 1034**

Han Qianliang had anticipated Zhantai Liuyue's heaviest choice, as he knew that Sacred Chestnut held an irresistible allure for anyone, even if she was the Patriarch of the Misty Sect.

"Master, what are you suddenly going to the Royal Dragon Hall for?" After leaving Zhantai Liuyue's room, Huang Snapdragon asked curiously.

"There's something very important."

Han Giang would never be willing to go to the Royal Dragon Hall if it wasn't necessary, but after a night of consideration, Han Giang knew that it was something that had to be faced.

From the matter of the red-eyed jade python being injured, the likelihood of the Dark Forest Linlong awakening was very high, after all, with the red-eyed jade python's realm, ordinary exotic beasts couldn't hurt him at all, and the Linlong's awakening meant that Han Three thousand would have to face this matter one day, and rather than sitting around waiting to die, it was better to grasp more of the situation as soon as possible, only then would Han Three thousand have a better way to solve this matter.

Zhantai Liuyue's room.

After Zhantai Liuyue told Yan Qing Hua that he was going to the Royal Dragon Hall, Yan Qing Hua looked very surprised, not to mention going to the Royal Dragon Hall, and still with Han 3000, the two of them travelling together, what did that mean?

"Patriarch, there's nothing going on between you and Patriarch Han, right?" Yan Qing Hua asked weakly, she had been fond of Han Giang for a long time, from the moment she got the picture book, Yan Qing Hua had been haunted by her dreams, and now after seeing Han Giang herself, she had an even more inescapable feeling, if Zhantai Liuyue was the first to go, Yan Qing Hua would definitely be unhappy.

"What are you thinking about, how could something happen between him and me." Zhantai Liuyue said.

"If there's nothing, why are you guys going to the Royal Dragon Hall together?" Yan Qing Hua asked puzzled.

"It might be related to the situation in the Dark Forest, he went to the Imperial Dragon Hall, he should want to see the secret books collected by the Imperial Dragon Hall, but he knows very little about those rumors, so he called me up, hoping that if there is something he doesn't understand, I can explain it to him." Zhantai Liuyue said truthfully.

"Patriarch, the Dark Forest, it can't be true that the Lunar Dragon has awakened, right?" Yan Qing Hua asked with a timid face, once the Lin Long awakens, the entire Xuanyuan World will be plunged into crisis again, this is not something Yan Qing Hua wants to see.

Zhantai Liuyue shook her head, the specific situation, she does not dare to speculate, after all, there is no real evidence, but go to the Royal Dragon Hall, may be able to solve this mystery.

Zhantai Liuyue actually wanted to know about this matter herself, so a trip to the Royal Dragon Hall wasn't a disadvantage to her, and it was even more of a great surprise to be able to get the Sacred Chestnut.

"This time, if we go to the Royal Dragon Hall, we might be able to know if the movement in the Dark Forest is related to the Lin Long." Zhantai Liuyue said with a heavy expression.

"Patriarch, there must be other reasons why you agreed to him so easily, honestly, do you also have a crush on him." Yan Qing Hua looked at Zhantai Liuyue with a wary face, as if she had taken Zhantai Liuyue as a light enemy.

"There is indeed a reason, and it's something I simply can't refuse, but it's not a good feeling." Zhantai Liuyue said with a bitter smile, even now, her feelings were still unreal, and it was still unbelievable that Han Giang would pay the Sacred Chestnut as a price for it.

"What reason?" Yan Qing Hua asked curiously.

Zhantai Liuyue directly took out the Sacred Chestnut and said, "This is the benefit he gave me."

"Holy ..... Sacred Chestnut!" Yan Qing Hua was dumbfounded with surprise.

"That's right, Sacred Chestnut, as long as I'm willing to go with him to the Royal Dragon Hall, he'll give me Sacred Chestnut, do you think I can refuse?" Now thinking about the determined mindset at that time, Zhantai Liuyue herself couldn't help but laugh, she was close to swearing in her heart that she wouldn't agree to Han Giang, but the first time she saw Holy Chestnut, she couldn't refuse.

Yan Qing Hua's chest was rising and falling violently, if this scene was seen by Huang Snapdragon, he would probably have to stream all over the floor.

"Patriarch, if I remember well, at Feng Mall, he auctioned off a Sacred Chestnut, right." Yan Qing Hua said, this kind of rare item, to have one of them all belonged to something that shocked the imperial court, but I didn't expect that after auctioning one off, Han Marchant would still have it!

Zhantai Liuyue breathed a sigh of relief and said, "Yeah, I guess no one thought that he still had the Sacred Chestnut."

"There's one, two, could it be, there's a third lesson?" If it had been in the past, Yan Qing Hua would never have dared to think such thoughts, nor would she have thought so absurdly about it, but it happened to Han Qianqian and she felt that there was a great possibility.

Yantai Liuyue smiled bitterly, although he couldn't believe it, it was indeed possible, and if not, how could he give away the Sacred Chestnut so easily?

"Maybe he's so generous because he's not lacking at all," Zhantai Liuyue said.

"Patriarch, with the Sacred Chestnut, wouldn't you have a chance to break through the Extreme Master realm?" Yan Qing Hua asked.

Zhantai Liuyue was only at the Eight Lantern Realm now, wanting to break through to the Extreme Mastery Realm, it was unlikely that she would be able to do it with just a Sacred Chestnut, but having a Sacred Chestnut meant that there was a chance, and she would be able to fantasize about a realm that she didn't dare to think about before.

"I don't know if I can break through, but while I'm gone, you must take care of the rest of the clan and never have a conflict with the Three Thousand Year Sect." Zhantai Liuyue instructed.

"Patriarch, just put your mind at ease, how would I let them have conflicts with the Three Thousand Year Sect, I don't want to make an enemy of Patriarch Han." Yan Qing Hua said.

"Looking at you like you're a nymphomaniac, could it be that you really like him?" Zhantai Liuyue was curious.

Yan Qing Hua nodded her head without hesitation, the images of the battle against the twenty-eight guests, every scene was memorized in her mind, she had now gotten into the oxbow and couldn't get out, every day when she opened her eyes, her mind was full of Han 3000, of course, she really liked it.

"Patriarch, as long as you don't steal from me, I'm very confident." Yan Qing Hua said with a smile.

If it were anyone else, Zhantai Liuyue would never suspect Yan Qing Hua, but the other party was Han Kuang, which inevitably made Zhantai Liuyue a little worried that Yan Qing Hua would be hurt by love, after all, Han Kuang didn't mess around even when he was dealing with her, this man was like a special breed, his lust for women wasn't like other men.

"I heard that he already has a wife and daughter, I advise you not to get your hopes up too much." Zhantai Liuyue warned.

Wife and daughter!

Hearing these two words, Yan Qing Hua was stunned for a moment and his expression became visibly stiffer, but he quickly got over it and said, "Patriarch, so what if I have a wife and daughter, at worst, I can just as well have him as a young one."

This kind of thinking was not unusual in the Xuanyuan World, so Zhantai Liuyue did not say anything more.

## **Chapter 1035**

Imperial Dragon Hall.

After two days of going through a large number of secret texts, the Emperor finally re-summoned Fei Lingsheng and Yi Qingshan.

When the two of them appeared on top of the palace, it was obvious that the emperor was a little haggard, and it looked like he should have been sleeplessly searching for information about the Imperial Dragon Messenger for the past two days, but from his expression, it seemed that the situation was not optimistic.

"I've gone through all the secret books, there are many places where the Imperial Dragon Messenger is mentioned, but there are only three simple words and no other commentary, it looks like it's unlikely that I want to use the Imperial Dragon Messenger to solve the trouble caused by the Lunar Dragon." The emperor said with a sigh.

Such an outcome wasn't unexpected for Fei Lingsheng, as this was originally a legend, whether it really existed or not, no one could be sure, and in this case, there would naturally be very few records about it.

"Emperor, it looks like we'll have to find another way out." Fei Lingsheng said.

"It's been several thousand years since the last time the Lunar Dragon awakened, I wonder if the emperor remembers how the Xuanyuan World responded to this matter?" Yi Qingshan opened his mouth and asked.

The emperor turned to look at Yi Qingshan and said, "I wonder if what Senior Yi said was an invasion of another world, or a matter of setting up a formation?"

"With the current strength of the Xuanyuan World, the matter of laying out formations belongs to delusions, and the strongest people in the Xuanyuan World can't be as strong as before." Yi Qingshan said.

With him saying that, it was obvious that he was talking about invading another world, but the emperor shook his head at this thought.

The invasion of the Xuanyuan World hadn't succeeded back then, and it was still at the peak of its strength, but now that the Xuanyuan World was in a declining stage, how could it succeed in invading?

Furthermore, where the Space Tunnel was located had long since become a secret, and although there were rumors that the Space Tunnel was located on Xuanyuan Mountain, now that the Lin Long had awakened, Xuanyuan Mountain was even a place that could not be approached.

"Today's Xuanyuan World is not the same as it was back then." Emphyrean said.

"The strength of the other world is also unlikely to return to its peak, so we have a chance." Yi Qingshan said.

"Senior Yi, the legendary entrance to the other world is at Xuanyuan Mountain, you should know the situation of Xuanyuan Mountain better than anyone else, right?" The emperor continued, with the presence of the Lunar Dragon, no one could get close to Xuanyuan Mountain, this was something that anyone with a brain could think of, Yi Qingshan could never have thought of it, so in the emperor's opinion, he must have other ideas.

"Transferring the tiger away from the mountain, as long as we can get the Lunar Dragon to leave Xuanyuan Mountain temporarily, we'll have a chance to find the entrance." Yi Qingshan said.

"I would also like to ask Senior Yi to make it explicit."

"The Exotic Beast Army wielded by the Imperial Court is the best means of diverting the tiger away from the mountain, allowing the Beast Master to attract the attention of the Lunar Dragon." Yi Qingshan explained.

The emperor smiled faintly, his eyes clearly filled with coldness, and even his tone became much colder as he said, "Is Senior Yi going to have my Exotic Beast Army wiped out, is this a disguised attempt to weaken my Imperial Court?"

"When the Lunar Dragon breaks through the formation, try to ask if your army of exotic beasts can stop the Lunar Dragon, how many of them will be able to survive under the claws then?" Yi Qingshan asked rhetorically.

Once the Lunar Dragon awoke, the consequences would be unimaginable, this was a fact that everyone knew, but to make the emperor pay such a huge price to try something whose outcome was unknown, he couldn't do it.

Moreover, at this time, the emperor had some suspicions about Yi Qingshan, he said that he had seen the reawakened Lin Long with his own eyes, and that he wanted the Exotic Beast Army to attract the Lin Long's attention, in the emperor's opinion, this was most likely Yi Qingshan's way of weakening the strength of the imperial court, he came to the imperial court, I'm afraid that it might be the plot of the Summer Kingdom's lord.

"It seems that Senior Yi's purpose for coming to my Imperial Court is not pure, in that case, I, the Official Road, will open an unimpeded path for Yi Qingshan, and I hope that Yi Qingshan will be able to return to the Xia Kingdom as soon as possible." The emperor said coldly.

Yi Qingshan knew that the emperor had misunderstood him and said, "Does the emperor think that my seeing the Linlong is fake? Regarding this matter, I, Yi Qingshan, can swear to the heavens that if it is the slightest bit false, the heavens will punish the earth."

The emperor's brows furrowed, such an oath was not something that could be easily uttered for a cultivator, could it be that he was really overthinking it?

"The emperor can think about it, I'm an extremely strong master, how could I be involved in a war between three countries?" Yi Qingshan continued.

The emperor nodded his head, perhaps indeed he was overthinking.

At this moment, the Emperor's henchman walked up beside him and said in a low voice, "Emperor, Han Giangli and Zhantai Liuyue have left the West Wing City together."

"Where is he going?" The emperor asked, after placing eyes around Han Qianli, the emperor was able to know almost all of Han Qianli's movements immediately, and Han Qianli's departure from West Wing City was considered a major event, so the news quickly reached the Royal Dragon Palace.

"It's still unclear at the moment, but in terms of location, it's most likely the Royal Dragon Palace." The heartthrob said.

A hint of suspicion flashed across the emperor's brow, why would Han Qianxiang come to the Royal Dragon Palace at this time?

But apart from the Royal Dragon Palace, where else could he go?

"Fei Lingsheng, does Han Giangli know about the Dark Forest?" The emperor asked Fei Ling'er.

"The movements of the Dark Forest are known to all three kingdoms, so it is not surprising that he is the one who heard about it, but the matter of the Lunar Dragon is currently known only to those in the palace." Fei Lingsheng said.

"Did the emperor suddenly ask what happened to Han Qianqian?" After Fei Lingsheng finished speaking, he asked curiously.

"Han Qianlian and Zhantai Liuyue left West Wing City together, their purpose is now unknown, but looking at the location, it's most likely the Royal Dragon Hall." The emperor explained.

Han Qianxiang was coming to the Royal Dragon Palace?

Fei Ling'er unconsciously frowned, it was indeed a bit strange for Han Giang to come to the Royal Dragon Hall at this time of the day, but how could he learn about the Lin Long?

Fei Ling'er took a look at Yi Qingshan.

Yi Qingshan immediately shook his head and said, "I've had no contact with Han Third Thousand, and even if he knew about the Linlong, it's impossible for me to have informed him."

Fei Ling'er nodded, Yi Qingshan had been with her all the time in the West Wing, and indeed had no chance to meet with Han 3000 in private.

"Since he brought with him, perhaps it's related to the Zhantai Flowing Moon." Fei Ling'er guessed.

"Is it just the two of them?" Yi Qingshan asked curiously.

"Yes, whatever the reason is, when he arrives, he will naturally reveal it, and I have long wanted to meet this strong man." The emperor said.

Yi Qingshan's eyes flowed, and it was clear that some plan had been created in his mind.

Han Qianqiang's departure from the West Wing City was a very good opportunity for Yi Qingshan.

The best way to get the Sacred Chestnut without being willing to confront Han Qianli was to grab Han Qianli's handle and use it as blackmail.

The handle, Jiang Ying Ying, was naturally the best choice.

## **Chapter 1036**

Yi Qingshan had only met Han 3,000 once, but he had secretly investigated Han 3,000 quite a bit and knew almost everything about Han 3,000's life in Long Yun City.

He was clear that Han 3000 had used a lot of power to find Jiang Ying Ying, and in his investigation, Yi Qingshan also learned that Jiang Ying Ying was Han 3000's sister, which was enough to show how important Jiang Ying Ying was to Han 3000.

Using Jiang Ying Ying as a blackmail was the best option for Yi Qingshan to get the Sacred Chestnut in his opinion.

Since he cared about Jiang Ying Ying, he would never give up the Sacred Chestnut!

That night, Yi Qingshan hid his scent and quietly left the Royal Dragon Hall.

Out of her slackness towards Yi Qingshan, Fei Ling'er didn't notice this.

It wasn't until the next morning when Fei Ling'er saw that Yi Qingshan was late in waking up, and knocked at Yi Qingshan's room door, but received no response, that Fei Ling'er noticed that something was wrong.

Fei Ling'er who kicked open the door of the room came directly to the bed and found that there was no one on the bed, instantly making Fei Ling'er angry.

"This old thing, it ran away!" Fei Ling'er closed her eyes and used her power to sense Yi Qingshan's presence.

But with the two of them almost in the same realm, Yi Qingshan deliberately concealed his scent, and even Fei Ling'er couldn't find him.

"Old thing, you're not going to do something confusing, are you." Fei Ling'er said to herself with a worried face, although she couldn't be sure what Yi Qingshan had done to go, the foreboding feeling of uncertainty that surfaced in her heart made Fei Ling'er unable to feel at ease.

Once Yi Qingshan did something stupid in the Royal Court, there would definitely be a battle between her and Yi Qingshan, which was not what Fei Ling'er wanted to see.

But without knowing what Yi Qingshan wanted, Fei Ling'er couldn't stop it either.

At this time, Han Qianqian and Zhantai Liuyue were settling in a small town, only a day's journey away from the Royal Dragon Palace.

The two of them didn't use their best efforts to hurry, instead they were still somewhat leisurely, and although they weren't in a state of sightseeing along the way, they had seen a lot of scenery.

For Han Qianqian, the Xuanyuan World that hadn't undergone any industrial pollution was a paradise everywhere, and those beautiful scenes were incomparable to any place on Earth, which couldn't help but make him want to receive Su Yingxia and Han Nian to live here, with less of the hustle and bustle of the city.

"What are you thinking about?" When Zhantai Liuyue saw Han Qianqian acting like a soul again, he couldn't help but ask, Han Qianqian would often be in such a state, as if his soul was out of his body, making Zhantai Liuyue wonder what he was thinking about.

Of course Han Three Thousand was thinking about Su Yingxia and Han Nian, how he wanted to receive them into the Xuanyuan World and how he would live in the future, but how could Zhantai Liuyue know about these things.

The trouble that would be caused once Han Qianqian's true history was revealed was not something Han Qianqian could anticipate.

"I was thinking about how powerful the Lunar Dragon really is." Han Third Thousand said as he took a sip of tea.

Zhantai Liuyue shook his head and said, "There's no need to think about this kind of mediocrity, all you need to know is that even the strongest of the Extreme Master Realm is no match for it, and perhaps only the legendary God Realm is able to compete with it."

God Realm.

What kind of realm this was, Han Qianli had never experienced it and couldn't imagine it out of thin air.

But being able to make the red-eyed jade python suffer serious injuries, this was actually able to reveal the strength of the Lunar Dragon.

"If there's no way to put the Lunar Dragon into a deep sleep, will the Xuanyuan World definitely be destroyed?" Han Qianliang was curious.

"Legend has it that the Lin Long is vicious and addicted to killing, and is fond of eating raw human flesh, once it is let off the hook, although the Xuanyuan World won't be destroyed, humans will definitely be." Zhantai Liuyue's eyes revealed a trace of fear, for her, the awakening of the Linlong made her not only worried, but also afraid, because once no one could suppress the Linlong, the Linlong would appear before her sooner or later.

Just imagining the Lunar Dragon was enough to make Zhantai Liuyue's heart chill, let alone actually seeing the Lunar Dragon.

"You've talked a lot, but nothing is a legend, have you ever thought that legends aren't like that, and that the Lunar Dragon isn't as vicious as it is said to be, and that it kills because humans are disturbing its peace and quiet." Han Qianli guessed, this statement refuted almost all the legends about the Lunar Dragon, but in Han Qianli's opinion, it was not impossible, after all, the threat of the Lunar Dragon was

perceived by the humans themselves, and it was the humans themselves that went after the Lunar Dragon in the first place.

"Even if that's the case, its existence is a threat to humans, should we take the lives of everyone in Xuanyuan World to test if it's truly ferocious?" Zhantai Liuyue said.

Han Giangli nodded, not refuting Zhantai Liuyue, because such a price was not something anyone could bear, and how could it be attempted so easily?

Killing the danger in its cradle was everyone's first choice.

"Have you rested?" Han Qianli asked.

Zhantai Liuyue nodded her head, in fact, with her realm, there was no need to rest for such a trivial matter as hurrying, and the reason for doing so was to get to know Han Qianli a bit more during this solitary time.

Just as the two were about to leave, a group of tiger-backed and bear-backed men suddenly surrounded the two.

Han Three Thousand looked at one of them and said with a smile, "You ran away in a hurry just now, so you went to look for help."

The man who was being watched by Han Qianli was not guilty and said, "Such a beautiful and delicate woman, can you bear it, little brother, how about leaving it to us and letting us bear the pain?"

Beautiful women have always brought their own troublesome attributes, which Han Qianqian has long been used to as usual.

But this group of big men, this time they were really blind and dared to hit on Zhantai Liuyue's idea.

Among these people, the highest of them had the Four Lanterns realm, which was already considered very good among ordinary people, but the man and woman standing in front of them were both sect masters, so I have to say that their luck was a bit too bad.

"Zhantai Sect Master, it looks like he's after you." Han Giangli said to Zhantai Liuyue with a smile.

Hearing the word sect master, the group's expressions clearly solidified a bit.

Those who dared to call themselves sect masters obviously had some strength.

But in the imperial court, there were also strong and weak sects, and there was no shortage of guys on the rivers and lakes who bragged about themselves and established their own sect names, specifically used to scare people as they walked the lakes and rivers.

"This beautiful lady is even a sect master, I don't know which sect is it, is it a name used to scare people, or is it a real name?" One of the leaders asked to Zhantai Liuyue, a covetous look in his eyes.

### **Chapter 1037**

"Misty Sect." Zhantai Liuyue said without changing her face, she didn't want to k\*ll anyone, so she directly gave her name, hoping that this would scare off the gang of hooligans.

The gang was stunned for a moment, then laughed, clearly not believing Zhantai Liuyue's words.

"Beautiful Lady, you really know how to joke, if you're the Patriarch of the Misty Sect, I'm still the Emperor."

"Meijiao Niang can't even lie and deceive people, if you had told us about a sect that wasn't so powerful, maybe we would have believed it, how could the Sovereign of the Misty Sect appear in this small place of ours."

"Brother, stop talking nonsense, tie up this beautiful woman and let the brothers enjoy themselves, I can't stand it anymore."

Hearing these words, Han Qianliang sighed helplessly, Zhantai Liuyue had obviously planned to let these guys off the hook, but they had no comprehension at all, it looked like the fight was set, otherwise it wouldn't have pacified.

"Just in time, I'll have another cup of tea to catch up." After Han Giangli said that to Zhantai Liuyue, he did it again, and by the looks of him, he wasn't going to make a move.

Zhantai Liuyue shook his back groove teeth, as a man, he didn't even help, he looked like he was watching a good show.

Although with Zhantai Liuyue's strength to deal with this gang, he didn't need Han Qianli's help, but he didn't have any manly responsibility at all?

"Patriarch Han is thirsty for timing." Zhantai Liuyue said in dissatisfaction.

Han Qianli smiled faintly and said to the group, "When you kneel down later to beg for forgiveness, you'll have to kowtow harder, or else this beautiful lady won't spare you."

After saying that, Han Qianli really started drinking tea.

The gang of big men looked like they were rubbing their fists, already eager to get intimate with Zhantai Liuyue, and at this time Han Qianqian acted like it was none of their business, undoubtedly giving them the opportunity to do so.

"Give it to me, whoever can rip off this pussy's clothes will be the first to enjoy it."

As soon as these words were spoken, the gang of big men became as excited as chicken blood, howling forward and backward.

As Han Qianli drank his tea, he couldn't even bear to see what happened to the gang of big men, and the painful cries that came from time to time in his ears made Han Qianli couldn't help but reveal an expression of pity.

"Hey, a bunch of poor muscle monsters, it's not good to mess with anyone, they dared to mess with the Misty Sect's Patriarch, they died really unjustly." Han Giangli said with a sigh on his face.

The sounds of fighting came and went quickly.

With Zhantai Liuyue's strength at the Eight Lantern Realm, dealing with these hooligans was naturally a breeze.

When the sounds of fighting stopped and Han Three Thousand couldn't help but turn around to look, the scene was so miserable that there wasn't a single person who could continue to stand, with the exception of a few who had passed out, all of them were rolling around on the ground in pain.

"When it's really a simple mind with developed limbs ah, I've told you all that she's the Patriarch of the Misty Sect, why don't you believe my words." Han Qianli said helplessly.

Zhantai Liuyue glared at Han Giang, this guy had caught the timing of his sarcastic remark well.

"I'm Zhantai Liuyue, do you guys believe me now!" Zhantai Liuyue said to the group of people.

The leader nodded his head like garlic, he never thought he would lose so badly, now even if Zhantai Liuyue said he was an emperor, he had to believe it.

"Zhantai Sovereign, we have eyes to see, and we deserve to die for disturbing your tranquility." The leader knelt on the ground and looked like he was begging for mercy.

Han Qianli sighed again, he had seen the same scene countless times, but what was the point? Such people are everywhere, and it's likely that this will still happen countless times in the future.

"I'm really tired of this." Han Giangli said to himself.

"Tired of what?" Zhantai Liuyue was puzzled and asked Han Giangli.

"It's nothing, if you're not going to kill these guys, let's continue on our way." Han Marchian said.

Hearing this, the gang all tensed up and quickly knelt to Zhantai Liuyue, hoping that Zhantai Liuyue would let them off the hook.

Zhantai Liuyue wasn't a homicidal person, and this gang of small characters wasn't worth the pain she was feeling.

"Get lost." Zhantai Liuyue said in a cold voice.

"Thank you, Sovereign Zhantai."

A gang of seemingly powerful men fled with their heads in their hands, not at all having the imposing air they had before.

The two of them continued to make their way towards the Imperial Dragon Hall.

Zhantai Liuyue was dissatisfied with Han Qianlian's lack of action just now, but he didn't show it, although it was common sense that Han Qianlian should have been the one to take action and heroically save the day, but Han Qianlian wasn't an everyman, so the strange things he did weren't that unusual in Zhantai Liuyue's opinion.

"We'll be arriving at the Royal Dragon Hall soon, have you thought about it?" Zhantai Liuyue asked Han Marchant.

"Think of what?" Han Qianli asked rhetorically.

"When you enter the Royal Dragon Hall, your life and death are in the hands of the Emperor, aren't you really afraid that he will kill you? Someone like you is a great threat to the Royal Dragon Hall." Zhantai Liuyue said.

Han Qianli faintly smiled, if he was going to worry about this, he would never have made a decision to come to the Imperial Dragon Hall, and since he had already decided to come, it meant that Han Qianli didn't take this matter seriously at all.

Even if the emperor really had the ability to kill him, Han Three Thousand wasn't shy about fighting with all his might.

"Are you thanking me for being able to let you see how powerful the Emperor is in the Imperial Dragon Hall?" Han Giangli smiled.

Zhantai Liuyue was speechless for a while, Han Giangli still had the heart to joke, wasn't he afraid of death at all?

"What kind of person are you." Zhantai Liuyue couldn't help but ask, this was her curiosity for many days, ever since she came into contact with Han Giang, she had noticed that Han Giang was different from normal people, whether it was in his speech or his style of acting, it was something she had never seen before.

Now that he was likely to face life or death, he could say this as a joke.

"Man, can't you see that?" Han Giangli said as if he was taking it for granted.

Zhantai Liuyue sighed helplessly and said, "If the emperor really wants to deal with you, you can't expect me to help you."

"With your eight-light realm strength, you won't be of much help," Han Qianli said indifferently.

"You ....." Zhantai Liuyue was furious, as the Patriarch of the Piao Miao Sect, she had never been ignored like this before, but Han Qianli didn't take her seriously at all.

However, in terms of the realm of strength, Han Three Thousand Thousand indeed had such qualifications.

Twenty-eight guests in a battle, this was something that had shocked the entire Imperial Court, so how could Zhantai Liuyue dare to have any disagreement.

"Don't worry, I'll watch with wide eyes to see how you die at the hands of the emperor." Zhantai Liuyue said through gritted teeth.

Han Giangli laughed, women really couldn't be offended, and this was starting to curse him.

## Chapter 1038

The Imperial Dragon Hall wasn't as grand and magnificent as Han Qianqian had imagined, instead it was like a small town, even places like the Feng Mall couldn't compare, but the realm of those who entered and left the Hall was not comparable to other places.

And there were countless strong people and beast masters that could be seen here, and that alone was something that other places couldn't catch up with.

"This place, it's different from what I imagined," Han Giangli said.

"The Imperial Dragon Hall is a small town, but it's the center of the entire Imperial Court, and the Qi of Heaven and Earth is gathered here, which is more conducive to cultivation, which is why so many people choose to join the Imperial Court." Zhantai Liuyue explained to Han Qianlian.

"Being able to facilitate cultivation this is indeed able to attract many cultivators, but why are there still many people unwilling to join the imperial court?" Han Qianli questioned.

Not every strong man would choose to join the imperial court, such as Zhong Qishan who had once been at Ximen Chang's side, Han Qianli had also tried to think about this matter, a powerful family like the Ximen family could definitely give those strong men more benefits, but already they were strong men, would they really look at mundane mundane things?

Compared to the natural conditions of the Royal Dragon Hall, which could be beneficial to enhancing one's cultivation, those mundane objects appeared to have no value at all.

"Pursuing different pursuits naturally leads to different choices, and joining the Imperial Court means that one must serve and obey the emperor, which then makes those who don't like to be bound feel rejected." Zhantai Liuyue explained.

Han Giangli nodded.

At that moment, a familiar figure appeared at the city gate, causing Han Three Thousand to feel very surprised.

Fei Ling'er!

When she had suddenly left West Wing City, Han Qianxiang felt very strange.

Now that they met again in the Royal Dragon Hall, Han Qianxiang was even more confused.

How could she, how could she appear here?

With a smile on her face, Fei Ling'er walked over to Han Qianli and said, "Are you surprised to see me?"

"Indeed, how can I not be surprised that a little beggar can appear in the Imperial Dragon Hall." Han Qianli said indifferently.

"Since you already had a guess about my identity, why do you need to deliberately sarcasm me." Fei Ling'er said.

"Sarcasm? I wouldn't dare, but in case you're an imperial relative, wouldn't I end up with a head turn?" Han Qianli said disdainfully.

Fei Ling'er smiled helplessly, exposing her identity in this way was something Fei Ling'er hadn't expected, but now it was impossible for her to continue hiding herself.

"If you want to know who I am, I can tell you." Fei Ling'er said.

"No need." Han Qianqian immediately interrupted Fei Ling'er and said, "I'm not very interested in you, and as for who you are, it's even less important and meaningless to me."

"Han Three Thousand Year, you're now the Patriarch of the Three Thousand Year Sect, and you're not afraid of being laughed at for being so petty?" Fei Ling'er said coldly.

"Sovereign Zhantai, am I stingy?" Han Giangli turned to Zhantai Liuyue and asked.

Although Zhantai Liuyue didn't know who Fei Ling'er was, it was interesting for her to watch the two of them fight, and Zhantai Liuyue couldn't help but be stunned as she was brought closer to the battlefield in the cold.

"I don't know, but it's true that you don't look like a man." Zhantai Liuyue said.

Hearing this, Fei Ling'er laughed, looked at Han Qianli with a raised eyebrow, and said, "I don't know what illusion you've given Zhantai Patriarch to make her think that you don't look like a man."

Han Qianqian didn't bother with this and said to Fei Ling'er, "Naturally you'll wait for me here, I'm sure the emperor knows I'm coming, so lead the way."

"You really aren't curious about who I am?" Fei Ling'er asked curiously, how could she not be curious when she appeared in the Imperial Dragon Hall and Han Giang had guessed that she could take him to meet the emperor?

"Are there many people who can see the Emperor and have the last name of Fei?" Han Qianliang asked back at Fei Ling'er.

Zhantai Liuyue had been in a state of watching a good show, but her breathing quickened when she heard Han Qianli say those words.

Surname Fei!

There were quite a few people in Xuanyuan World with the surname Fei, but there were only a handful of people who could meet the emperor.

"You really think I'm a relative of Fei Lingsheng?" Fei Lingsheng smiled.

Han Qianqian laughed coldly and said, "The Extreme Mastery Realm possesses the ability to return to old age, Fei Lingsheng, do you really think that by now, I still can't guess who you are?"

It was true that Han 3000 had previously mistakenly thought that Fei Ling'er and Fei Lingsheng were related, and even thought that they were blood relatives, but the fact that she was able to go to see the emperor could never be because of blood relatives, plus the fact that she looked young, but the Extreme Master realm was able to return her to her old age, and in combination with the above, Han 3000 had easily guessed Fei Lingsheng's identity.

Although he was a little surprised, it was not surprising, but Han Qianli would not be able to help but wonder how a hallowed Extreme Master realm powerhouse could appear in front of him in the role of a beggar.

With his identity pierced, Fei Lingsheng felt a bit bored, thinking that he could still sell out in front of Han Qianli, but he didn't expect Han Qianli to have guessed it himself.

"You're so smart, why didn't you think of it before?" Fei Lingsheng said disdainfully.

Looking at Fei Lingsheng's preposterous face, Han Qianli's stomach churned, this was a Heavenly Mountain Child, and I don't know what her true appearance was like, but she was definitely an old woman.

An old woman, but putting on an arrogant look that only little girls had, it was really too much for Han 3000 to chew on.

"So much nonsense, when will I meet the emperor, he should already be waiting for me." Han Marchie said.

Fei Lingsheng was indeed ordered by the emperor to wait for Han Three Thousand, but it was her call if the wave didn't waste time, and even if she went late, the emperor couldn't blame her.

"Han Three Thousand Year, why did you come to the Imperial Dragon Hall?" Fei Lingsheng asked, this was the biggest question in her mind, as in her opinion, there was no way Han Giangli could know about the Dark Forest.

"If you want to know why, I'll naturally tell you when I see the emperor," Han Three Thousand said.

"Can't you tell me first?" Fei Ling Sheng said.

"Of course, but you must also tell me why you appeared to me in the guise of a beggar, and for what purpose?" Han Marchan said, Fei Lingsheng wanted to solve the puzzle, so naturally he would have to come up with an equal exchange, which was why Han Marchan was always curious about Fei Lingsheng.

"I don't have any purpose, I just want to see how powerful you are, life is very boring for a strong person of the Extreme Mastery realm like me, it's rare to see an expert, so I'll naturally be curious about you." Fei Lingsheng said.

"No other purpose?" At this point, Han Qianli felt that there was no need for Fei Lingsheng to lie to her, after all, her identity had already been exposed, but this kind of statement was so unbelievable that Han Qianli couldn't believe it.

### **Chapter 1039**

Fei Ling'er nodded her head as a matter of course, and with a very sincere expression, because her curiosity about Han Sanliang, aside from her realm cultivation, was where Han Sanliang had come from, and in a sense, she did confess to Han Sanliang, just not completely.

"What else do you think I'm going to do, fight with you?" Fei Ling'er said.

Han Giangli's brows furrowed slightly, thinking to himself, "Could it be that I'm really overthinking this?"

But she just wanted to know her own realm, so why pretend to be a beggar, the hallowed Extreme Master realm powerhouse, the entire imperial territory, the emperor is under one person, and such a great person is completely disregarding her face?

"If you want to know my realm, why bother pretending to be a beggar?" Han Giangli questioned.

"Am I going to walk up to you and ask you, toe-to-toe, what realm you're in, and you're going to tell me?" After saying that, Fei Ling'er made a show of holding her head high and continued, "Kid, tell me, what realm are you in."

Han Giang couldn't help but roll his eyes, what realm he was in now was hard to define even for himself, as the way the Xuanyuan World identified realms didn't apply to him at all, and Han Giang hadn't found the original object so far.

"The emperor should have been waiting for a long time, so why don't you take me there?" Han 3,000 said.

"That's why I'm going to pretend to be a beggar." After saying that, Fei Ling'er led the way first.

Zhantai Liuyue followed Han Qianqian silently, the shock within her heart at this point could not be described in words, Zhantai Liuyue never expected that before she had even truly entered the Royal Dragon Hall, she would meet a big figure like Fei Lingsheng, a true Extreme Master realm powerhouse, a big figure that many people would never be able to meet in their lifetimes.

Han Gianglian noticed Zhantai Liuyue's caution and asked with a smile, "Are you afraid of her?"

Zhantai Liuyue shook her head, she had no quarrel with Fei Lingsheng, how could she use the word fear, it was just a very normal sign that she would inevitably be nervous in front of such a powerful person.

"She's a Pole Division, the most powerful person in the entire Imperial Court territory, it's normal to be nervous when you see her." Zhantai Liuyue explained.

Han Qianqian smiled disdainfully, nervous?

Seeing that she had nothing to be nervous about, this Heavenly Mountain Child didn't look like a man-eater, but she just didn't know what her true appearance was like.

Han 3,000 inevitably conjured up a human face in her mind, an old crone with a face full of folds, not even a few teeth left, and she didn't know if it was attached to Fei Lingsheng's real image.

If that was the case, Han 3,000 would really vomit and would find the world too dangerous.

Although Earth had the ability to counteract beauty and retouching, allowing many women to turn their ugly ducklings into swans, no matter how they changed, they would be exposed once they saw a real person, but someone like Fei Lingsheng couldn't see their true appearance even if they saw a real person, which was the real terror.

This kind of technical flow, if it were to develop to Earth, there was no telling how many women it would cause to be strongly sought after.

"What are you thinking about?" Seeing Han Giangli's sudden silence, Zhantai Liuyue couldn't help but ask curiously.

"No, there's nothing." Han Qianli was thinking that if this could be developed into a technology, there was no telling how much it would be sold for back on Earth, but thinking that money was meaningless to him, the idea was naturally worthless.

Imperial Dragon Palace.

The most supreme place within the imperial court, it still didn't look as grand and magnificent as Han Qianqian had imagined, instead it was slightly shabby, even inferior to the Chen family in Long Yun City.

"It looks like the emperor is a poor man," Han Qianli joked.

About to meet the emperor soon, Zhantai Liuyue had been so nervous that he was at a loss for words, but he didn't expect Han Qianli to have the heart to joke.

"If the emperor hears that, it'll be hard for you to live." Zhantai Liuyue reminded.

"Not so much, a hallowed emperor would be so petty?" Han Qianli said indifferently.

Zhantai Liuyue glanced at Han Giang, the more time he spent in contact with him, the more he couldn't understand what kind of person he was, he didn't even seem to put the emperor in his eyes, it was unbelievable.

"It's a capital offense to criticize the emperor in private, if you don't believe me, forget I said anything." Zhantai Liuyue said.

Han Giangli nodded as if he wouldn't say it again, but immediately asked Zhantai Liuyue, "Is this emperor ugly, and how old is he?"

Zhantai Liuyue's heart and liver trembled, how could Han Giangli say such words, and what did the emperor's looks have to do with him.

"Don't you harm me, can't you just think about these words in your head and leave it at that?" Zhantai Liuyue said eagerly.

Seeing that Zhantai Liuyue was truly afraid, Han Qianlian stopped teasing her.

However, as soon as he entered the Imperial Dragon Hall, Han Three Thousand Thousand felt an unusual aura that didn't seem strong, but it was exceptionally thick, and it almost enveloped the entire hall.

Han 3000 had speculated as to why the emperor was able to have the means to suppress Extreme Master Realm powerhouses in the Royal Dragon Hall, and it looked like it had something to do with this scent.

"Just wait." After arriving at the main hall, which was empty, Fei Lingsheng said to Han 3,000.

Han Qianqian smiled faintly, this emperor had obviously been waiting for him for a long time, yet he had to deliberately put up a fight to make him wait.

"It's fine, since the emperor wants to stall for time, I'll just wait, but the situation in the Dark Forest doesn't wait for anyone." Han Giangli said.

"What do you know?" When Fei Lingsheng heard this, he couldn't help but ask.

"What you know, I know, can't I know what you know?" Han Giangli said with a smile.

Fei Ling'er bit her teeth, not only was this guy's realm difficult to deal with, even his mouth wasn't something ordinary people could fight against.

"Empyrean, I'm sure you already knew the news about me coming to the Imperial Dragon Hall, I guess you've been waiting for me, since I've already arrived, why are you wasting your time, do you have to put up enough Empyrean airs before you're willing to see me?" Han Giangli suddenly spoke, his voice not loud but thick with power, almost resounding throughout the Royal Dragon Hall.

Zhantai Liuyue's face changed greatly, no one had ever dared to act so recklessly in the Imperial Dragon Hall.

The emperor already had the intention of killing Han Qianli, but now that Han Qianli had committed an offense from below, wouldn't this give the emperor just the right excuse to kill him?

Is this guy out of his mind with a door jam?

"Sovereign Han, no disrespect!" Zhantai Liuyue hurriedly said to Han Qianli.

With his hands behind his back, Han Qianli didn't have the slightest inferior posture, nor did he listen to Zhantai Liuyue's advice and continued, "Emperor, if you don't see me, when you have time, how about I pay a visit again another day?"

Zhantai Liuyue lowered her head and trembled slightly, Han Giang's courage was too great for her to imagine.

## Chapter 1040

Just when Zhantai Liuyue was about to be scared to death, fearing that Han Sangyan would say something disrespectful again, the emperor finally appeared.

"Patriarch Han, finally meeting you, I didn't expect you to be so young, it seems that your realm is already on par with Fei Lingsheng." The emperor appeared with a smile on his face, but the smile had a knife in it.

He was indeed deliberately putting on a show, wanting to make Han Qianli wait for him, and was considered to be giving Han Qianli a run for his money, but he never expected that Han Qianli would dare to be brazen in the palace, and didn't show the slightest sign of being afraid of him.

Han Qianli smiled, he knew that this was the emperor blowing up, so he didn't directly answer the emperor's question, but instead said, "This time I came to the Imperial Dragon Hall, I have something to ask for, and I hope that the emperor will grant it."

"Sect Master Han, you killed my Imperial Court people, I didn't bother with you, and now you're acting recklessly in the Imperial Dragon Palace, and you still want something, do you really not take me seriously?" The emperor said in a cold voice.

"If you listen to my request, I'm sure the emperor won't be angry, after all, I'm not doing it for myself, but for the Xuanyuan World and the heavens." Han Giangli said.

"In the name of saving the people, am I going to let you off the hook?" The emperor said.

This sentence caused Zhantai Liuyue's heart to tremble, thinking that Han Qianxiang was really looking for death, the emperor was already hostile to him, and now he was still acting recklessly in the Imperial Dragon Hall, wasn't it just right for the emperor to justifiably kill him?

"If you can't solve the Lunar Dragon, sooner or later you'll die, what's the difference between dying at the hands of the Emperor and the Lunar Dragon?" Han Qianqian said indifferently.

The emperor turned pale and looked at Fei Lingsheng, thinking that Fei Lingsheng had informed Han 3000 of the matter.

But when Fei Lingsheng shook his head, the emperor looked at Zhantai Liuyue.

This was because they had guessed that it was Zhantai Liuyue who had said something to Han Qianlian.

Although Zhantai Flowing Moon had her head bowed, when the emperor looked at her, she could clearly feel a breath locking onto her, which made her face instantly turn pale.

Han Qianlian saw the situation and blocked in front of Zhantai Liuyue, saying to the emperor, "Is the emperor still going to cause internal strife when a great enemy is at hand?"

"Patriarch Han, how can there be civil unrest if you kill the disrespectful at will?" The emperor's breath was outgoing, a king's domineering aura encroaching.

Han Qianli's clothes moved slightly, but his face remained unchanged as he said, "It's true that the matter of the Linlong was told to me by Sovereign Zhantai, but we were only guessing before, and judging by the reaction of the emperor, we should have guessed correctly."

Han Qianli's words were tantamount to turning the emperor into an army, the guess turned into fact was caused by the emperor's reaction, and in a way, it was the emperor who confirmed the matter for Han Qianli.

If he had to blame Zhantai Liuyue for the speculation, wouldn't it seem a bit unreasonable.

"Patriarch Han, the Linlong of the Dark Forest has indeed awakened, but with the current power of the Xuanyuan World, even the combined efforts of the three countries would not be able to stop the Linlong." The emperor said.

"The only way to deal with the Lunar Dragon is to understand it better, and I wonder if the Emperor is willing to give me that chance." Han Qianqian said.

The emperor didn't quite understand what Han Qianli's words meant, and he didn't dare to promise Han Qianli casually until he knew what kind of medicine was in Han Qianli's gourd.

"What opportunity?" The emperor asked.

"The Imperial Dragon Hall must have a book about the record of the Lunar Dragon, I wonder if the emperor would like to lend it to me and read it?" Han Three Thousand Thousand said.

The emperor endured it again and again, but he never expected Han Qianli to say such words, the world knew that only the emperor was qualified to look over the secret book of the Imperial Dragon Palace, and Han Qianli was undoubtedly offending him by saying so.

Even Fei Lingsheng, who was on the side, felt that Han Three Thousand was a bit too much, and even she had never dared to make such a request of the emperor.

"Hmph." The emperor snorted coldly and said, "Patriarch Han, how dare you, the secret book is owned by the emperor, do you want to take my emperor's position."

After saying that, the emperor's breath instantly increased several times, as if a giant mountain was bearing down on Han Qianli's shoulders.

Zhantai Liuyue, who was standing next to Han Giangli, was implicated and slumped to the ground as he couldn't bear the pressure and the immense pressure continued, causing Zhantai Liuyue to feel like he would burst to death at any moment.

Han Giangli stroked his left hand and the pressure that Zhantai Liuyue was under instantly disappeared without a trace.

When Zhantai Liuyue looked up at Han Qianqian with a shocked face, he found that he was under the powerful pressure exerted by the emperor, but his face remained unchanged as if nothing had happened.

Fei Lingsheng had a smile on her lips, she didn't expect Han Qianli to anger the emperor upon his arrival, but this was a good show nonetheless.

No one had ever dared to disrespect the emperor in the Imperial Dragon Hall, Han Qianxiang was the first, and she was eager to see what kind of fate Han Qianxiang would have.

The Emperor's strength in the Royal Dragon Palace was higher than any Extreme Mastery realm powerhouse, which was known to many powerful people, but the reason why it was higher due to what was a mystery to everyone.

Perhaps today, this secret would be revealed to Fei Lingsheng, so she couldn't help but look forward to it.

"Sect Master Han, aren't you afraid that I'll kill you?" The emperor said in a cold voice.

Han Giangli directly shook his head and said, "If you wanted to make a move against me, you would have done so long ago, which means that the emperor has no killing intent for me."

"How can you fathom the mind of an emperor." The emperor disdained.

"The Lin Long Crisis is currently underway, killing me won't do the emperor any good, keeping me might even contribute a point." Han Qianli said indifferently.

"You're blackmailing me?" The emperor's expression became even uglier, Han Sangyan's repeated attempts to offend him had reached a point where he couldn't stand it.

"No, I'm just telling you that you don't have the ability to kill me." After Han Qianli finished speaking, he laughed and acted as if he was in a cloud, truly not putting the emperor in his eyes.

And the oppressive momentum the emperor gave him didn't make Han Qianli show the slightest bit of abnormality.

These words made the emperor's heart astonished, did he dare to come to the Imperial Dragon Hall, was he truly unafraid?

Although the emperor had previously speculated as to why Han Qianxiang had the guts to come to the Imperial Dragon Hall and thought that Han Qianxiang might not be afraid of his strength at all, the chances of that being the case were very slim.

But then the facts in front of him seemed to be telling the emperor that Han Three Thousand Thousand was truly not afraid of him.

This guy's realm, could it be that he was already above Extreme Master?

If that was the case, the emperor would have to restrain his killing intent, as he was only confident of killing the Extreme Master Realm in the Imperial Dragon Hall, and if it was the legendary God Realm, he would need to think twice.

At this time, Fei Lingsheng spoke up at the right time, "Emperor, the Lin Long is currently there, killing each other is undesirable, I hope that Emperor will think twice."
