

His True Colors Chapter 1051-1060

Chapter 1051

When Han Qianli said those words, everyone standing beside him revealed a shocked expression, even including Fei Lingsheng.

Because he looked like he was in no way joking, and to be able to easily say something like killing an Extreme Master realm powerhouse, wouldn't that mean that Han Three Thousand's realm, had already surpassed the Extreme Master realm!

Although there had long been speculation from major experts within the Imperial Court regarding Han Qianli's realm, no one really knew what Han Qianli's true realm was until today.

Some said that he was at the Extreme Master Realm, but others said that he had already surpassed the Extreme Master Realm, and even if he hadn't reached the legendary God Realm yet, it wasn't far off.

But if he really had the strength to crush Yi Qingshan, this was definitely a manifestation of the divine Realm.

Fei Lingsheng slowly took a breath and asked Han Qianqian, "Is the Extreme Master Realm so weak in your eyes?"

Han Qianli stared at the direction that Jiang Ying Ying had left, to what extent he could kill Yi Qingshan, he himself didn't know, but if Yi Qingshan dared to harm Jiang Ying Ying, no matter what price he paid, Han Qianli would let Yi Qingshan die.

"Old Yan Qing Hua, please help me keep an eye on the situation nearby and inform me at once if there's any news." Han Third Thousand said to Yan Qing Hua, then went back to his own room.

Yan Qing Hua was somewhat puzzled by Han Three Thousand Year's arrangement, after all, this was the Three Thousand Year Sect, it was his territory, so why would he entrust this matter to an outsider like her?

"What does this mean, Sovereign Han?" Yan Qing Hua was puzzled and asked Fei Lingsheng.

At this time, Yan Qing Hua still didn't know Fei Lingsheng's true identity, otherwise, she probably wouldn't even have the courage to speak to him.

"The current Three Thousand Sect doesn't have anyone worthy of his trust yet, and all the elders here are people sent by the Emperor." Fei Lingsheng explained that the only ones who could really convince Han Three Thousand were Huang Snapdragon and Jiang Yingying, and now that Jiang Yingying's whereabouts were unknown and Huang Snapdragon was still recovering from his injuries in the Imperial Dragon Hall, Han Three Thousand was forced to ask Yan Qing Hua to help.

But there was one thing that Fei Lingsheng didn't quite understand, at a time like this, why did Han Three Thousand need to return to his room? Wouldn't it be more reassuring for him to keep an eye on the nearby situation himself.

Yan Qing Hua nodded, feeling quite happy that Han Qianli didn't trust anyone else but her, which made Yan Qing Hua mistakenly think that she was a little closer to Han Qianli.

Originally, Yan Qing Hua had some love for Han Three Thousand, but now this situation was naturally something that Yan Qing Hua was happy to see.

When Fei Lingsheng noticed Yan Qing Hua's florid smile, he felt a little helpless, was this man, is he just so pleasing to women?

Not only Yan Qing Hua, but also the Piao Miao Sect's Patriarch Zhantai Liuyue, the way she looked at Han 3,000 had that aspect as well.

Back in the room, Han Three Thousand took out the recently obtained leg bone, the initial fusion of the skull bone had brought Han Three Thousand a great improvement in his realm, if he wanted to be 100% sure to deal with Yi Qingshan, Han Three Thousand had to fuse this leg bone, so that Han Three Thousand could have a stronger strength.

Previously, Han Three Thousand didn't do this because Han Three Thousand was afraid that it would bring certain negative effects, so he was hesitant to do so.

But now, Han 3,000 had no choice, Yi Qingshan had captured Jiang Ying Ying, he wanted to save her no matter what, this was the promise he gave to He Ting when he left, he didn't want this poor woman to lose her own daughter.

Han Qianqiang took a deep breath and looked at the leg bone and said, "Although I don't know who your master is, but on me, I can make you manifest your value again, this should be the best place for you as well, I hope we can coexist peacefully."

The leg bone looked like a decaying bone, nothing special at first, but Han Giangli could sense the extraordinary power contained within the leg bone, and when he injected his power into it, the leg bone underwent a dramatic change.

It faded into decay, revealing the color of fluorescent jade and emitting strong energy fluctuations.

Han Qianli's eyebrows curled, thinking that when he had obtained the skull, there was no such energy fluctuation, could it be that the energy of this leg bone was even stronger than that of the skull!

"I hope that this mortal flesh of mine can withstand your energy." After saying these words, Han Giangli affixed his leg bone to his calf, and as the two forces began to mingle, the leg bone slowly melted into Han Giangli's body at an extremely slow pace.

During this process, Han Qianxiang tasted indescribable pain, the same intensity as when she had fainted from the pain.

Unfortunately, the current Han Qianqian could no longer faint so easily, so he could only forcibly endure the pain caused by the fusion of bones.

But much later, the pain grew stronger and stronger, as if someone was holding a blunt instrument and stabbing into his body bit by bit.

At this time, the appearance of Cloud City appeared in Han Giang's mind, and he thought of Su Yingxia and Han Nian, who were definitely capable of supporting Han Giang to face any situation.

As long as he could see them again, even if he had to endure the torture brought about by the eighteen layers of hell, Han Three Thousand could still persevere.

Facing this kind of pain while conscious was by no means an easy task, but the current Han 3,000 was smiling with a smile on his lips, and the cold sweat trembling all over did not affect Han 3,000's desire to return to Earth.

"Wife, daughter, wait for me, even if I poke a hole in this sky, I'll definitely go back." Han Three Thousand gritted his teeth and said word for word.

After what seemed like an entire century, Han Three Thousand finally felt the pain begin to ease, which meant that the bone fusion had been successful.

Panting heavily, Han Three Thousand believed that he had succeeded, but then, with a sudden headache, Han Three Thousand could only hold his head in his hands and keep rolling on the ground, the pain was ten times more intense than just now! A hundred times! Even a thousand times!

Han Giangli is in so much pain that he wants to understand his life, but the image of Han Nian smiling at him keeps flashing in his mind.

Han 3000 knew that he couldn't die, or else Su Yingxia would lose her husband and Han Nian would lose her father, something he could never accept.

"Come on, come again, I'll see how much pain you can cause me, and if I can't even bear that, my last name isn't f*cking Han." Curled up on the ground, Han Giangli was trembling violently, his entire body had shrunk into a ball, and now an energy visible to the naked eye was connecting his head as well as his leg that fused his leg bones.

Han Kiangsu didn't see this scene, but he could feel it, and he knew that the two bones belonged to the same master, and should be having some sort of special effect at this point.

Chapter 1052

Outside the door of the room.

Fei Lingsheng was already going to be unable to resist breaking the door as she could feel the powerful energy fluctuations in the room, she really wanted to see what Han 3,000 was doing, but was afraid that she would annoy Han 3,000 after breaking in.

From Fei Lingsheng's guess, Han Qianxiang must be raising her strength so that she could better deal with Yi Qingshan.

The only way Fei Lingsheng could think of was for Han Three Thousand to eat the Sacred Chestnut, which couldn't help but make her a little worried, after all, she still coveted Han Three Thousand's Sacred Chestnut, if Han Three Thousand ate it all in one go in order to deal with Yi Qingshan, wouldn't she be left without it.

"With such strong energy fluctuations, how much have you eaten, aren't you leaving nothing at all behind?" Fei Lingsheng said with a worried face, she hated to break down the door and steal the Sacred Chestnut directly from Han Qianli, but unfortunately the energy fluctuation at this time was like a warning to Fei Lingsheng, making her not dare to make a move.

In case Han Qianxiang got angry and fought with her, she would be stealing a chicken and not eating it.

After a long time, the energy in the room finally eased up, and Fei Lingsheng knew that Han Qianxiang's strength, I'm afraid, had increased again by a certain margin.

He, who was inherently unreadable, might have truly reached the divine realm, which made Fei Lingsheng couldn't help but feel a surge of envy and jealousy, after all, she had stayed in the Extreme Mastery realm for too long, while the legendary divine realm hadn't even touched a bit of the goalposts.

The room.

Han Giangli finally calmed down and sat on his knees, and after the pain disappeared, he could clearly feel that the energy in his body was a bit thicker, like a volcano that had been stored up for a long time and would erupt at any moment.

What he had to do now was to learn to control this power, after all, this kind of enhancement in a short period of time would still cause some discomfort to exist in Han Marchand.

Also, there was a power connection between the skull and leg bones, which made Han 3000 a little vaguely worried.

They belonged to the same master, and Han 3000 couldn't help but wonder if he raised all the skeletons, would he end up developing a body that was controlled by this skeleton, his own skin, and become a host for the rebirth of the skeleton's owner.

It seemed that this kind of enhancement method would have to be rare in the future, and once it did occur, the result would be irreversible.

A day and a night later, Han Three Thousand finally calmed the power in his body and was able to control it as he wished.

At this time, Han Three Thousand looked even more ordinary, like an ordinary person without any eventfulness, which was a sign that the dao was returning to the basics, and the more powerful he was, the more ordinary he was in the eyes of outsiders.

When he walked out of the room, Fei Lingsheng was already prepared to welcome a strong person, but what appeared before her eyes was the even more ordinary Han Qianqian, catching her off guard.

"What's wrong with you?" Fei Lingsheng was puzzled and asked Han Qianli why he looked like, instead of becoming stronger, he gave the impression of becoming weaker, was it because he had eaten too much Sacred Chestnut, thus causing Han Qianli to be unable to absorb the energy of the Sacred Chestnut, not only did he not become stronger, but he also became injured and weaker as a result?

"You've been?" Han Qianli asked curiously.

Fei Lingsheng nodded unconsciously, she had felt almost the entire change in Han Qianli, so this result now was really hard for her to believe.

"You ate the Sacred Chestnut, but why didn't you become stronger, but instead made me feel that you're weaker?" Fei Lingsheng asked.

Han Qianli smiled faintly, he could detect this as well, and his breath was more restrained, naturally giving the impression of becoming weaker, but only he himself knew the true strength or weakness.

The current Han Three Thousand Year old was already sure of victory when facing Fei Lingsheng, but in the past, he didn't feel this way.

"Any news from Yi Qingshan?" Han Three Thousand asked.

Fei Lingsheng walked up to Han Qianli and looked Han Qianli up and down, the look in his eyes seemed to penetrate Han Qianli.

"With your current strength, can you still be a match for Yi Qingshan?" Fei Ling Sheng said with a skeptical face.

"This is my own matter, no need for you to interfere." Han Giangli said with a smile.

At a time like this, he was still in the mood to laugh.

Fei Lingsheng inexplicably felt a surge of anger, with his current state, if he couldn't beat Yi Qingshan, how could he save Jiang Ying Ying, and if he even ate all of the Sacred Chestnut, wouldn't Jiang Ying Ying have only one way to die.

"You can still laugh? Do you know that Yi Qing Shan will never let go of Jiang Ying Ying if he can't get the Sacred Chestnut?" Fei Lingsheng said.

"Do you think I can't deal with Yi Qingshan?" Han Qianqiang looked at Jiang Ying Ying, the corners of his mouth slightly upturned, at this time he was more confident than before, so why couldn't he deal with it?

"Don't you know what you're doing?" Fei Lingsheng asked rhetorically.

When Fei Lingsheng finished saying this, Han Qianqian suddenly exploded with a strong suppression of breath, causing Fei Lingsheng to almost fail to stand.

"You you" Fei Lingsheng looked terrified and couldn't speak, but at this moment, Han Qianqian would give her the feeling that she was powerless to resist.

Even the Extreme Master realm was unable to resist in front of him, what did that mean?

"Do you think I'm getting weaker, or stronger?" Han Qianli smiled.

Fei Lingsheng's panting became heavy, to be able to form such a suppressive force against an Extreme Master realm powerhouse, didn't this mean that Han 3000 had entered the true divine realm?

Fei Lingsheng, whose expression was gradually stunned, stammered, "Have you already, have you already reached the God Realm?"

What exactly was the so-called divine realm, Han 3,000 had never seen or felt it, so he didn't know how he should define his realm.

But if it was stronger than the Extreme Mastery Realm, it was the God Realm, then his current realm could be called the God Realm.

It was just that there was a difference between Han Qianli's divine realm and the true divine realm, and his becoming stronger was not due to his own increased strength, but rather the addition of skeletal bones, which could only be called a pseudo-divine realm in the strictest sense.

"In such a short amount of time, you've broken the realm, how many Sacred Chestnuts have you eaten?" Fei Lingsheng couldn't help but continue to ask.

Was she worried that she had eaten all the sacred chestnuts and she had nothing to eat?

Han Qianqian smiled and said, "If you want Holy Chestnut, I'll give it to you."

After saying that, Han Qianqian pulled out one, before he had regarded Holy Chestnut as more important because it could indeed provide great help, but now Han Qianqian didn't really need it anymore, it was like chicken ribs to him, it wasn't decisive.

"What do you mean?" Fei Lingsheng looked at Han Qianqian puzzled, before she pushed her heart and told Han Qianqian so much of her story just to get the Sacred Chestnut, but Han Qianqian didn't agree, but now Han Qianqian gave her the Sacred Chestnut so easily, instead, Fei Lingsheng didn't dare to take over easily.

Chapter 1053

"You don't want it? Don't I can go back on my word." Han Giangli said.

Hearing this, Fei Lingsheng subconsciously reached out and took the Sacred Chestnut from Han Qianli's hand, although she didn't know Han Qianli's reason for giving it to her, she knew that if she missed this chance to get the Sacred Chestnut, she might not have it in the future.

Holding the Sacred Chestnut in her hand, Fei Lingsheng's heart was only a little more solid as she continued to ask Han Qianqian, "Why did you change your mind, with your current strength, it's more than enough for you to deal with Yi Qingshan alone, you don't need my help, right?"

Fei Lingsheng's thoughts were clear, and she knew that there was no way that Han 3000 was giving her the Sacred Chestnut because she wanted to deal with Yi Qingshan, as Yi Qingshan was clearly no longer Han 3000's match.

"Didn't you say before that you were able to help in this matter of dealing with the Lunar Dragon, and I wanted to survive, so I let you become stronger and increase the odds for yourself," Han Giangli said.

Of course, this wasn't the main reason, in the matter of trusting Fei Lingsheng, Han 3000 had always reported a wait-and-see attitude, he couldn't give Fei Lingsheng absolute trust.

The main reason for this was still because Han 3000's need for Sacred Chestnut was no longer that strong, his current strength had reached a point where it wasn't something that could be easily raised by Sacred Chestnut, so there was no use in leaving too much of it behind.

"Why did you change your mind?" Firingsheng asked, puzzled.

"If you have so many more questions, watch out that I take back the Sacred Chestnut." Han Qianli said, he didn't want to explain too much to Fei Lingsheng, telling a story to a woman he didn't have a crush on was not the kind of patience Han Qianli had.

His patience would only be used on Su Yingxia and Han Nian.

When Fei Lingsheng heard this, she tensed up for a moment, so much so that she did an action she hadn't even thought of.

Directly placing the Sacred Chestnut in her mouth, she swallowed it down in one gulp, so that even if Han Qiannian went back on his word, it would be useless.

"I've already eaten it, you can't take it back." Fei Lingsheng said.

Han Qianli smiled helplessly, she really didn't act like a Heavenly Mountain Child who had lived for many years, so it seemed that the story she mentioned last time should be true.

"If it's not enough, come back to me." Han Giangli said.

This statement directly confused Fei Lingsheng.

Not only had Han Qianli changed her mind, but the Sacred Chestnut was at her disposal to claim?

This guy isn't going to have a brain cramp, is he, or else how could he have made such a difference?

"Han 3000, what's wrong with you, you didn't used to be like this." Fei Lingsheng said.

"What was the old me like, do you know me well?" Han Qianqian left directly after saying this, tangling with Fei Lingsheng was purely a waste of time.

Arriving at the foot of the mountain, Yan Qing Hua was still personally standing guard, she didn't dare to slack off at all regarding the task Han Qianli had explained.

"Sect Master Han." Seeing Han Qianli, Yan Qing Hua trotted directly to Han Qianli's side.

"Still no movement?" Han Giangli asked.

"Not yet, but since he's trying to get the Sacred Chestnut, I'm sure he'll show up sooner or later." As Yan Qing Hua spoke, she secretly looked at Han Qianqian with her remaining light, this man made her heart beat faster and her deer bump, this feeling Yan Qing Hua had never experienced before, she knew that she really liked Han Qianqian.

Han Three thousand took a deep breath, although he knew that Jiang Yingying's life would most likely not be in danger in Yi Qingshan's hands, after all, Yi Qingshan was trying to get the Sacred Chestnut, and he wouldn't dare to hurt Jiang Yingying easily.

But Han Qianli would still be worried that Yi Qingshan would do something else to Jiang Yingying.

He didn't want Jiang Ying Ying to be harmed in any way, not even if she lost a single hair.

"Sect Master Han, when will Sect Master Zhantai return?" Yan Qing Hua asked.

"It should be soon, my apprentice's injuries will be healed and they will depart." Han Giangli said, this was what he had explained to Huang Snapdragon, and it shouldn't take long for Huang Snapdragon's injuries to recover under Saint Chestnut's treatment.

At that moment, Fei Lingsheng's voice sounded in their ears, "They can't come back for now."

They both turned to look at Fei Lingsheng at the same time, Yan Qing Hua's expression was somewhat puzzled and disdainful, she didn't know who Fei Lingsheng was, so she was curious, on what basis did this woman question Han Qianli's words, could she be more powerful than Han Qianli?

Han Qianqiang and Yan Qing Hua had completely different ideas, Fei Lingsheng had her own eyes in the Royal Dragon Hall, and since she would say that, she must know something.

"Why?" Han Giangli asked.

"The emperor is worried that you won't return to the Imperial Dragon Hall, so he's already grounded the two of them, and they want to leave unless you go yourself." Fei Lingsheng explained.

"How do you know?" Yan Qing Hua said in disbelief.

Fei Lingsheng smiled faintly and said, "Because I am Fei Lingsheng, is it difficult for me to know these things?"

Yan Qing Hua was just about to retort who Fei Lingsheng was when her mind suddenly thought of the well-known Extreme Mastery powerhouse of the Imperial Court!

She's Fei Lingsheng!

Yan Qing Hua lowered her head for a moment, not daring to show the slightest disrespect to Fei Lingsheng, and at the same time, she was a little worried that her tone just now would offend Fei Lingsheng.

"He's still trying to blackmail me with these two people, so it seems like he and I are doomed to not be able to live in harmony." Han Qianli said indifferently.

When Fei Lingsheng heard this, he couldn't help but laugh and said, "If he knew your current state, he'd probably be very sorry."

Previously, in the palace, when their breaths sparred against each other, Han Qianli hadn't lost to the emperor, but now that Han Qianli's strength had increased again, he was afraid that he had been able to suppress the emperor, and even if he took out his absolute strength in the Imperial Dragon Palace, he wouldn't necessarily be able to defeat Han Qianli, which left the emperor without any advantage over Han Qianli.

"If it wasn't for the appearance of the Lin Long, he would have been unable to keep his position as an emperor." Han Qianqian faintly said.

Fei Lingsheng's eyelids jumped straight to see what Han [Celestial Novel www.avracity.com]3000's words meant, he was banning the emperor?

Just as Fei Lingsheng wanted to ask Han Qianqian what exactly that meant, a familiar scent came from ahead of her, making her unable to help but look.

And at the same time, Han Qianqian also looked in the same direction.

A human figure was gradually approaching.

Yi Qingshan, who was filled with a smile, finally appeared.

Han Qianli restrained the urge to kill Yi Qingshan and said, "You've finally appeared, where's my sister."

Yi Qingshan only came and had already hidden Jiang Ying Ying well, he wanted to get the Sacred Chestnut and still get back in one piece, so naturally he needed some arrangements to do so.

"Don't worry, she's safe for now, as long as you hand over the Sacred Chestnut, I'll tell you where she is." Yi Qingshan said.

"What if I don't surrender?" Han 3,000 was someone who hated being threatened very much and he never bowed to threats.

Chapter 1054

Hearing Han Qianqian's words, Yi Qingshan wasn't worried at all, in his opinion, Han Qianqian's tough talk at this time would compromise with him sooner or later, because he knew very well how important Jiang Ying Ying was to Han Qianqian, in this world, Jiang Ying Ying was the person Han Qianqian cared about the most, how could he just stand by and watch Jiang Ying Ying die?

"Han Qianqian, don't be so sure, you spent a lot of energy to find Jiang Ying Ying in the first place, I know she's very important to you, do you really want to disregard her for the sake of the district's sacred chestnut?" Yi Qingshan said with a smile.

Han Qianqiang's face was as frosty as ice and said, "It looks like you know me quite well, you haven't spent much time plotting this matter, right, but since you know how important she is to me, you still dare to use her to threaten me, haven't you thought of the consequences?"

That made Yi Qingshan laugh, consequences?

How could he care about the consequences when he was an Extreme Master, and the reason why he was using Jiang Ying Ying to threaten Han 3000 was just because he didn't want to have a big fight within the Imperial Court.

Of course, there was also a part of the reason why he was jealous of Han 3,000, but that was definitely not the main reason.

Even if Yi Qingshan overestimated Han 3,000's strength, he didn't think he would lose too badly in Han 3,000's hands.

"I won't lie to you, she only has two days, after two days if you can't find her, she will die, and it will be a very miserable death, so I advise you to hand over the Sacred Chestnut quickly, if it's too late, it will be too late to regret." Yi Qingshan said.

"What have you done with her." Han Qianli asked in a deep voice.

"Slightly, the power I left in her body will slowly erode her flesh and bones, and if no one helps her, her corpse will turn into a puddle of blood, and even if you're lucky enough to find her, you'll only see a puddle of blood, so handing over the Sacred Chestnut is your only option." Yi Qingshan said.

When Fei Lingsheng heard this, he said angrily, "Yi Qingshan, hand her over quickly, don't forget, this is the Imperial Court, not your Xia Kingdom's territory, even if you get the Sacred Chestnut, do you think you can get away with it?"

Seeing the anxious Fei Lingsheng, Yi Qingshan faintly smiled, although he had liked this woman long ago, how could he care about Fei Lingsheng in front of Holy Chestnut?

To an Extreme Master realm powerhouse, only strength was the ultimate pursuit, women were merely passing through their lives, and such passing throughs could be replaced at any time.

"Fei Lingsheng, I still have to thank you, if you hadn't told me that he still had a lot of Sacred Chestnuts, I wouldn't have thought of capturing Jiang Ying Ying, don't worry, after I break through the divine Realm, I will definitely let you know the secrets of the divine Realm." Yi Qingshan said.

Fei Lingsheng gritted her teeth, at first, she was just saying it unintentionally, she didn't deliberately tell Yi Qingshan, nor did she want Yi Qingshan to mess up on this matter.

Wasn't he deliberately saying this right now to ruin the relationship between her and Han Qianqian?

"Yi Qingshan, I'll give you one last chance, let her go and I'll give you a way out." Han Qianli said, he wasn't in the mood to care about what happened between Fei Lingsheng and Yi Qingshan, even if there was something fishy about the relationship between these two, Han Qianli didn't care, what he needed to do now was to save Jiang Ying Ying, as for these things, he would find Fei Lingsheng again later to settle the score slowly.

Yi Qingshan's face was cold, Jiang Yingying could be in his hands right now, but Han Three Thousand was threatening him, in his opinion, Han Three Thousand was simply ungrateful.

"Han Qianxiang, do you see your position clearly? What qualifications do you have to say such things." Yi Qingshan was disdainful.

"Qualifications?" Han Third Thousand's eyes were glowing, before the leg bone fusion, Han Third Thousand didn't have absolute confidence that he could defeat Yi Qingshan, but now, he didn't put Yi Qingshan in his eyes at all.

The Extreme Mastery Realm was nothing more than an insect in the eyes of the current Han Third Thousand's eyes.

The Pseudo-Divine Realm, which was also touching the God Realm, could never be compared to the Extreme Master Realm.

"Since you don't cherish it, don't blame me for not giving you a chance." As soon as Han Qianli's voice fell, his entire body disappeared from the spot.

Even Fei Lingsheng and Yi Qingshan, the two Extreme Master Realm powerhouses, were unable to capture Han Qianli's movements.

And Fei Lingsheng was standing right next to him, yet he didn't feel how Han Third Thousand was doing it in the slightest and couldn't detect any energy fluctuations at all.

At this moment, Fei Lingsheng knew that the difference in strength between himself and Han 3000 was like an ordinary person standing next to a cultivator, and what the cultivator had done was simply not something an ordinary person could feel.

"Where's the man!?" The sudden disappearance of Han Third Thousand made Yi Qingshan suddenly reveal a frightened expression.

"Fei Lingsheng, where's Han 3000!"

"Looking for me?" Han Qianqian's voice suddenly came from behind him.

Yi Qingshan turned his head in fear, but still saw nothing.

Han Qianqian was like a wisp of an uncatchable ghost, only hearing his voice but not seeing him.

"You how did you do that! How could it be, how could it be." Yi Qingshan completely panicked because he knew that Han Qianqian was right next to him, but only because he couldn't see anyone because he was moving so fast, so fast that the naked eye couldn't capture him.

But Yi Qingshan was an Extreme Master Realm powerhouse, so how could there be a movement he couldn't see?

So at this moment, Yi Qingshan was afraid, because with this alone, he sensed the difference in strength between himself and Han Qianqian.

Yi Qingshan, who was originally full of confidence, was dealt a huge blow and thought that he could still fight with Han 3,000, but now it seemed that he didn't have the qualifications at all.

The good thing was that Yi Qingshan still had Jiang Yingying's life in his hands, which was his last straw.

"Yi Qingshan, do you really think you can see through my strength?" Han Three Thousand's voice was once again heard.

The image appeared very strange, as no one present could see Han Three Thousand, but Han Three Thousand's voice was able to reach everyone's ears clearly.

"I'm afraid that Sect Master Han's strength has surpassed anyone in the Xuanyuan World." Yan Qing Hua, who saw this scene, said in a deep voice, while his admiration for Han Qianqian grew deeper and deeper.

"This time, I'm afraid Yi Qingshan will have more bad luck, having lived for so many years, I didn't expect to die in this way, self-inflicted evil." Fei Lingsheng said indifferently, Extreme Mastery Realm powerhouses possessed a thousand year lifespan, and during this thousand year period, as long as one could seek a way to break through the divine Realm, one could achieve immortality, Fei Lingsheng knew that this was Yi Qingshan's goal, but the way he chose to do it was a big mistake.

Offending Han Qianqian and using Han Qianqian's sister as blackmail, he was getting closer and closer to death from the moment this thought was born in his mind.

Chapter 1055

Although the Imperial Court and the Xia Kingdom were hostile, Fei Lingsheng and Yi Qingshan were considered old friends, and Fei Lingsheng didn't want to see Yi Qingshan die just like that.

"Yi Qingshan, it's not too late for you to regret now, or else you'll only have to die." As a friend for many years, this was Fei Lingsheng's last advice to Yi Qingshan, if Yi Qingshan knew how to lose his way, he might still have a chance of surviving, but if Yi Qingshan insisted on not regretting, there was nothing Fei Lingsheng could do.

"Han Qianqian, I don't believe you really dare to do anything to me, don't forget, your sister is still in my hands, if I don't tell you where she is, you won't even be able to see her corpse." Having reached this point, there was no way back for Yi Qingshan, and he firmly believed that Han Three Thousand wouldn't dare do anything to him, as his closest relative, how could he watch Jiang Ying Ying die?

"After you taste death, you'll tell me where she is." After these words, Han Three Thousand Year finally showed up and appeared behind Yi Qingshan.

When Han Third Thousand strangled Yi Qingshan's neck, Yi Qingshan subconsciously tried to resist, but a huge force suddenly surged into his body, directly suppressing all of his original energy, making Yi Qingshan unable to move at all.

"Your method is indeed good, I'm warning you, the more you resist, the faster you will die, and when my power explodes inside you, you will be pulverized to pieces." Han Qianli returned the favor with a tooth, dealing directly with Yi Qingshan the way he had treated Jiang Yingying.

Yi Qingshan's face changed greatly, he knew that Han Qianli's words were in no way a joke, and he could almost see the result of his own body the moment his body was taken over by Han Qianli's power.

"Don't scare me, if I die, Jiang Yingying won't be able to live, and with her as my companion on the Yellow Spring Road, I won't be alone." Yi Qingshan said with a hard scalp.

"Cultivating to the Extreme Mastery Realm is a very difficult thing for you, isn't it?"

"You have a thousand-year lifespan, you should never see to die at this time."

"If you die, all of your cultivation will vanish, all of your efforts will be null and void, Yi Qingshan, do you really have the guts to accept this consequence?"

Han Qianli's voice constantly lingered in Yi Qingshan's ears.

For someone as strong as Yi Qingshan, he was very afraid of death, otherwise, when Yi Qingshan saw the Lin Long in the Dark Forest, he wouldn't flee in disgrace.

The more profound the realm, the more difficult it was to face death, because no one wanted all their efforts to become a bamboo basket.

Especially Yi Qingshan, who had already had a thousand years to live and had only lived a few hundred years now, was even more reluctant to accept death.

"Don't scare me, I advise you, don't do anything that you'll regret, the place where Jiang Ying Ying is located is definitely not something you can just find, and she, only has two days to live." Yi Qingshan was afraid of death, but at this time, he was still unwilling to compromise, he saw Jiang Yingying as his only chance, if he gave up at this time, wouldn't everything he had done be in vain.

"Have you ever tried the feeling of the realm going from high to low? I'll give you a taste of what it's like to go from the Extreme Master Realm to the Nine Lanterns Realm, and I'll let you feel yourself slowly becoming a weakling, and all your efforts to cultivate will become foam." Han Qianli said indifferently.

"Hahahahahaha, don't scare me, can you still take away my realm?" Yi Qingshan didn't believe Han Marchant's words and only took them as Han Marchant's deliberate attempt to scare him.

But soon, Yi Qingshan's face changed.

When he felt the energy in his body being consumed by Han Three Thousand's energy, he panicked, and he panicked very thoroughly.

If this continued, his realm would indeed regress, and the Extreme Mastery that he had so easily obtained would be destroyed in Han Qianqian's hands.

Although he didn't know exactly how Han Third Thousand was doing it, he could tangibly feel that it was happening.

"What are you doing, stop, stop, I told you to stop." The panicked Yi Qingshan began to yell, not being able to calm down at all.

Fei Lingsheng's expression at the side also changed drastically, this kind of thing was simply impossible in her opinion, but Han Qianli actually did it, he was able to make an Extreme Master realm powerhouse become a Nine Lantern realm again!

And since he could turn into the Nine Lanterns Realm, he was able to do it to make Yi Qingshan's realm even lower, or even directly turn Yi Qingshan into an ordinary person.

Fei Lingsheng couldn't help but take a deep breath, and his eyes became frightened as he looked at Han Giang, because the fact that Han Giang could do this to Yi Qingshan showed that he could do this to anyone.

Empyrean!

If Han Three Thousand and the Emperor completely turned against each other, what would happen to the Emperor.

Would it be possible that his final card in the Imperial Dragon Hall would become Han 3000's as well?

"Demon, you're really a demon, this is even more painful than letting Yi Qingshan die." Fei Lingsheng whispered softly to himself, letting a strong realm fall was an extremely cruel thing to do, because anyone who had put in a lot of effort and price to cultivate to become a strong person, taking his realm was even harder to accept than taking his life.

"You still have a chance, tell me where Jiang Ying Ying is." Han Qianli said to Yi Qingshan.

At this time, Yi Qingshan's Extreme Mastery had become shaky, he could fall off the altar at any time and become a Nine Lantern, and once he became a Nine Lantern, he would rapidly age and would no longer be able to step back into the Extreme Mastery realm in this lifetime.

The summit of Phoenix Mountain.

Several sect elders watched this scene from afar, each of their faces filled with fear.

Rather than saying that they were sect elders, it would be more straightforward to say that they were the eyes of the emperor, after all, they had come to the Three Thousand Year Sect in order to help the emperor monitor Han Qianli.

At the moment, the strength Han Qianxiang displayed, as well as his terrifying methods, made these eye-witnesses feel frightened, and they couldn't imagine what kind of consequences they would encounter if Han Qianxiang were to make a move against them.

In the past, a few people had an extremely strong sense of superiority in the Three Thousand Clans, after all, they were sent by the Emperor, so they never put others in their eyes, even Han Qianli was just a lowly insect in their eyes.

But now, they didn't dare to think like that anymore,[PEN www.avracity.com] and didn't even dare to think the slightest bit contemptuously of Han Three Thousand.

"I didn't expect him to be capable of such a feat, even the Extreme Master realm powerhouses don't have the strength to resist."

"It looks like we have to leave the Three Thousand Year Sect as soon as possible, or else we're going to be little lives ourselves."

"Why don't we take advantage of now and leave quickly, this devil, I don't dare to offend him."

Chapter 1056

After some deliberation, the few elders decided to leave here immediately out of fear of Han Third Thousand.

Moreover, if they left at this time, there was a good reason for them to return to the Imperial Dragon Hall, and as long as they told the emperor how Han 3000 had dealt with Yi Qingshan, I'm sure the emperor wouldn't blame them.

But the Three Thousand Year Sect was not a place where these few insects could come and go as they wished.

Han Three Thousand Thousand had killed the Emperor's people back in Long Yun City, and at this point, he didn't mind killing a few more.

Although Han Three Thousand's attention was focused on Yi Qingshan, it didn't mean that he wasn't paying attention to the clan's situation.

Just as a few people were about to sneak down the mountain, Han Qianli's voice suddenly came from his ears, "If you want to leave, am I, the Three Thousand Year Sect, the one you can leave if you want to?"

Several people's faces changed dramatically when they heard this, instantly paling.

"Patriarch Han, we are the Emperor's people, what do you want?" A certain person said to Han Three Thousand.

They were privately sneering at Han Three Thousand, but now, they subconsciously called out the words Master Han, it seemed that Han Three Thousand's tactics had indeed scared them.

Fei Lingsheng also found it a bit strange that Han Three Thousand Thousand was now trying to deal with Yi Qingshan and get him to reveal the location of Jiang Yingying, so why would he care about the whereabouts of these Gryphons?

"Fei Lingsheng, help me kill these people." Han Giangli said to Fei Lingsheng.

Fei Lingsheng was stunned, although it was effortless for her to kill these people, she didn't want to make a grudge against the emperor because of it, after all, these people were all from the emperor's own faction, if they died in the Three Thousand Year Sect, she wouldn't be able to give the emperor an explanation if he knew it was her who did it.

Just as Fei Lingsheng hesitated for a moment, those people suddenly exploded and died, without even a little time to react.

Fei Lingsheng suddenly had a feeling as if something had passed her by, making her heart feel hollow all of a sudden.

"What do you mean?" Fei Lingsheng questioned Han 3,000.

Han Kuang didn't pay any attention to Fei Lingsheng, he had wanted to bring Fei Lingsheng in his camp, but Fei Lingsheng's hesitation made Han Kuang dispel the idea.

If it were Huang Snapdragon, even if he knew he wasn't an opponent, Huang Snapdragon would still take action, that was loyalty, and Fei Lingsheng didn't.

"Yi Qingshan, this is the last chance I'll give you, take me to see Jiang Ying Ying, or else your life's cultivation will be ruined." Han Qianli said to Yi Qingshan.

Yi Qingshan's psyche had collapsed, he naturally didn't want to see his realm fall, and before that, he definitely didn't expect Han Qianqian to be so strong, if he continued to talk tough, not only would he not get the Sacred Chestnut, but he would also ruin his realm.

What's more, Yi Qingshan was afraid of death, and he knew that he wouldn't have the courage to tangle with Han Qianqian if it came to the moment when he faced death.

At this moment, Yi Qingshan could only regret, and could only blame himself for thinking things too simple, he thought that Jiang Ying Ying could be a leverage to threaten Han 3000, but he had overlooked the fact that Han 3000 could kill him.

In the face of death, what capital did Yi Qingshan have to bargain with Han Sanqian?

"She's in the Glazed Mountain, a hundred miles away from here, there's a cave on the mountainside, I'm keeping her there." Yi Qingshan compromised, he had to do this, the fall in his realm made him very afraid, it was a reality he couldn't accept, so he had to give up his coveting of the Sacred Chestnut.

Whether Yi Qingshan's words were true or not, Han Giangli had no idea, he couldn't believe this old fox so easily, he turned to Yan Qing Hua and said, "Yan Qing Hua, bother you to help me out."

Without the slightest hesitation, Yan Qing Hua said, "Sect Master Han, don't worry, I'm going."

At this time, Fei Lingsheng's heart was even emptier, as this matter, Han Qianli could have let her go, after all, she was stronger than Yan Qing Hua, she could reach the Glazed Mountain faster and save Jiang Ying Ying faster.

There was no way that Han Qianli didn't know this, but why wouldn't he let her do it?

Fei Lingsheng knew that she had missed something, but what exactly, she couldn't say.

"Han 3,000, what I said is true, can you let me go first?" Yi Qingshan almost said these words in a prayerful tone.

But Han Giangli had no intention of letting Yi Qingshan go, back on Earth, he had understood the truth that if they were enemies, they must not be given any chance to fight back, or else, trouble would eventually return one day.

"I'll naturally let you go when I see someone," Han Qianli said indifferently.

Fei Lingsheng shook his head inwardly, Yi Qingshan had already violated Han Third Thousand's taboo, and in this situation, how could he possibly retreat with his whole body?

From the way Han Qianqian drove those men of the emperor to extinction just now, one could tell that Yi Qingshan's fate would definitely not be easy.

Yan Qinghua was ordered to go with all her might, not daring to delay at all, out of respect for Han Three Thousand's strength, as well as Yan Qinghua's desire to perform well in front of Han Three Thousand.

Although Yan Qing Hua knew the gap between herself and Han Qianqian, and it was very likely that she wouldn't get what she wanted, but this didn't hinder Yan Qing Hua's longing for this in the least, after all, a man as powerful as Han Qianqian belonged to the phoenix, and if you missed it, you would never meet him again in this life, so Yan Qing Hua naturally wanted to grasp this opportunity.

"Why don't you let me go, I'll be able to bring your sister back faster." After hesitating for a long time, Fei Lingsheng finally asked this question to Han Qianli.

"I'm more than willing to trust Yan Qinghua." Han Three Thousand said.

Fei Lingsheng gritted her back groove teeth, although the way she had appeared at Han 3000's side was a lie, her confession to Han 3000 was unparalleled, she had told Han 3000 all her biggest secrets, but still couldn't get Han 3000's trust in return?

Is it just because you didn't do it in time just now?

Just because of that little hesitation, it changed his opinion of himself?

"Because I didn't just kill those people?" Fei Lingsheng continued to ask.

Han Giangli didn't speak.

Fei Lingsheng refused to give up and said, "Can't I have any hesitation at all?"

"A little hesitation is enough to prove that you and I have different paths, I won't keep a threat to myself, go away and don't show up again, or else you'll die at my hands." Han Giangli said in a cold voice.

Fei Lingsheng took a deep breath, looking at Han Qianqian's expression, he wasn't joking at all.

But Fei Lingsheng was unwilling because only by staying by Han Qianqian's side would she have a greater chance of breaking through the divine realm.

She was even more unable to accept that little bit of hesitation that would ruin her relationship with Han Qianqian.

Chapter 1057

"I'm not leaving." Fei Lingsheng looked at Han Qianli with a determined face, she couldn't possibly leave at this moment because she knew very well that a single Sacred Chestnut wouldn't allow her to reach the true God Realm, so she had to stay.

Han Qianli smiled faintly and said, "You're quick to answer now, but it's a pity that it's no longer useful."

Whether or not it was useful Fei Lingsheng didn't know, but she was determined within herself to never leave this point, so whatever Han Qianli said would be useless.

On the other hand, Yan Qing Hua, who was hurrying with all her might, finally arrived at the place Yi Qingshan said when night fell.

Yi Qingshan didn't lie, and Yan Qing Hua found the unconscious Jiang Ying Ying in a cave on the mountainside.

Yan Qing Hua knew that Yi Qingshan had caused Jiang Ying Ying's unconsciousness, so it was impossible for her to revive Jiang Ying Ying with her ability, so Yan Qing Hua didn't waste any time, but carried Jiang Ying Ying on her back and made her way again.

It wasn't an easy task for Yan Qing Hua, after all, she hadn't reached the point where her energy could be used infinitely, plus the return journey also required bearing Jiang Ying Ying's own weight, which naturally made the speed slower and more strenuous.

But even though Yan Qinghua was very tired, she never thought of resting, she had to return Jiang Yingying to Han 3000 as soon as possible, only then could she be considered to have completed the task given to her by Han 3000, and only then could she be closer to Han 3000.

If this bit of Yan Qing Hua's obsession was half of what Fei Lingsheng had, perhaps her image in Han 3000's mind would all be completely different.

"When will you be willing to let me go." Yi Qingshan, who was being suppressed by Han 3000, asked, now very worried about the aftermath brought about by threatening Han 3000, and that Han 3000 would kill him once Jiang Yingying returned.

Yi Qingshan was completely unexpected that he would be so easily subdued by Han 3000, so there was a huge gap between the reality of his plan, if he had known that, Yi Qingshan might not have done this.

"What's the hurry, it's too late for you to be afraid now." Han Qianli said indifferently.

Letting Yi Qingshan go?

How is this possible!

In Han Three Thousand's heart, Yi Qing Shan was already a corpse, and Han Three Thousand would not hesitate to kill Yi Qing Shan if he saw Jiang Ying Ying.

The reasoning learned on Earth made Han 3,000 years old understand that Yi Qingshan's kind of goods must not survive, because only the dead would not cause trouble for him.

Moreover, this wasn't Earth, and Han Three Thousand didn't have to be too tied down in the matter of k*lling.

"Will you k*ll me?" Yi Qingshan asked Han Qianqian.

"What do you think?" Han Qianli asked rhetorically.

This sentence made Yi Qingshan's forehead sweat coldly, Han Qianqian didn't directly say to let him go, wasn't this a disguised expression of wanting to kill him?

"Han 3000, I didn't hurt your sister, I just wanted to get the Sacred Chestnut, I know it's wrong now, please let me go, if you'll let me go, I'll be a cow for you." Yi Qingshan began to beg for mercy, this was the only thing he could do at the moment.

Seeing this scene, Fei Lingsheng couldn't help but sigh in his heart, a hallowed Extreme Master, but now he had to beg to people to have a chance to live.

In the past, Extreme Masters were supreme, but now, because of Han Qianqian's appearance, the status of Extreme Masters was no longer so exalted.

"Yi Qingshan, if you knew it was now, why would you have done it in the first place?" Han Qianqian said.

Yi Qingshan had bitterness in his heart, if he knew it now, how would he dare to go against Han Qianqian?

It was because he didn't know that the current outcome would be like this, so Yi Qingshan dared to use Jiang Ying Ying as a bargaining chip to threaten Han Three Thousand.

"Han Three Thousand, he is the Extreme Master of the Xia Kingdom, his position in the Xia Kingdom is pivotal, if you really kill him, I'm afraid the Xia Kingdom won't let you go." At that moment, Fei Ling Sheng said to Han 3000, in Fei Ling Sheng's opinion, these words were a well-intentioned reminder, after all, going against an entire country would be difficult for anyone to deal with, but she forgot that Han 3000 wouldn't care about that at all, and instead of pleasing Han 3000, her words would make Han 3000 even more disdainful.

"If Ying Ying is injured, I won't let Xia Country go either," Han Three Thousand said.

It was a simple statement, but it was exceptionally arrogant, one person wanted to challenge an entire country?

Han Qianli was powerful, that Fei Lingsheng couldn't deny, but when Han Qianli said this, Fei Lingsheng still felt like a joke.

"You're in a situation where even the emperor wants to kill you and provoke another country, do you really think you can handle it? Once the masters of both countries want you dead, you will have a hard time moving an inch in the world of Xuanyuan." Fei Lingsheng said.

Han 3000 was going to rule the entire Xuanyuan World, there was bound to be a vicious war with the three countries, originally Han 3000 was planning to attack them one by one, but now, even if he offended two countries at once, he didn't care, to Han 3000, Jiang Ying Ying was like his own sister, if he couldn't protect her well-being, what was the use of wanting this ability?

It was irrational at this time, but that was how he was the real Han 3000, who valued his feelings above all else.

"If you're afraid, just go, I won't get you into trouble," Han Three Thousand said.

Fei Lingsheng gritted her teeth, it wasn't that she was afraid of being implicated, but she was doing it from the bottom of her heart for Han Qianli's sake, but this man, however, didn't appreciate it at all, she hoped that she could use her goodwill to make Han Qianli change her mind about her, but now it seemed that instead of gaining half a point, it was causing Han Qianli to be even more repulsive.

Although Fei Lingsheng wasn't as good as other Extreme Master realm powerhouses and had lived for hundreds of years, she had seen a lot, and had seen all kinds of people, but only Han Qianqian, a stubborn fellow like her, had never met.

Was it necessary to offend an entire country for the sake of a woman's life?

"Han Three Thousand Years, why are you so arrogant." Fei Lingsheng said.

Arrogant?

Han Qianqiang asked himself a question in return, arrogant?

Compared to those second-generation people he met on Earth, Han 3,000 was a very low-profile character, and during his time on Earth, Han 3,000 was mostly in a hidden stage, and he would never strike unless absolutely necessary.

And now someone called him arrogant?

Maybe, a little bit, but the world of Regulus is just a place where strength is everything, isn't it?

Since I possess great strength, there's no harm in being cocky.

"You'll see my truly arrogant side, and that's when you'll know how low-key I am now," Han Giangli said.

At this point, Fei Lingsheng didn't understand the meaning of Han Three Thousand's words, as she had no idea what Han Three Thousand was planning to rule the Three Kingdoms, and if Fei Lingsheng knew this, she would definitely think Han Three Thousand was crazy.

Chapter 1058

The next day, it was nearing evening.

Yan Qing Hua finally returned to Phoenix Mountain with Jiang Ying Ying, at this moment, Yan Qing Hua had used up almost all of his energy, his face was pale, he was covered in sweat, and his entire body was trembling slightly, it was clear that he had reached his limit.

"Patriarch Han, fortunately, I have brought your sister back." After Yan Qing Hua said this, she directly slumped to the ground, not having the strength to move at all.

Yi Qingshan was about to beg for mercy when he suddenly felt a huge amount of energy invade his body, which made him turn pale.

Before he could speak, Yi Qingshan's entire flesh burst apart and died without a body.

How could a generation of Extreme Master realm powerhouses end up in such a state!

Fei Lingsheng's breathing quickened as she watched the scene, she didn't expect Han Qianxiang to be so decisive, not leaving any room for error.

If the Lord of Xia knew that Yi Qingshan had died in Han Qianli's hands, he would never let Han Qianli go.

At the same time, this matter was also a piece of advice to Fei Lingsheng, who was also an Extreme Master Realm powerhouse, and the fact that Yi Qingshan had died like this meant that she would have the same fate if she wanted to go against Han Qianxiang.

Han Three thousand walked over to Yan Qing Hua, directly pulled out a Sacred Chestnut and fed it to Yan Qing Hua's mouth, saying, "Rest well, from now on, the Misty Sect is my friend Han Three thousand's friend, anything that comes to me for help, I will never retreat."

"Sect Master Han, what is this?" Yan Qing Hua asked in confusion, she only felt like she had eaten something, but couldn't taste what it was.

"Sacred Chestnut." Han Giangli said faintly.

Sacred Chestnut!

The confused Yan Qing Hua heard these two words and was instantly half awake, looking incredulously at Han Qianqian.

Such a precious thing, Han Qianli had given it to her so easily!

It was important to know that the present of a Sacred Chestnut could cause countless powerful people to go crazy.

Take the Sacred Chestnut auction at Feng Mall for example, this matter had alarmed the large and small families within the entire imperial court, and countless people flocked here for the Sacred Chestnut.

But now, Han Qianli had given such a precious item to her so easily.

"Sect Master Han, I can't take such a great gift," Yan Qing Hua said.

Han Qianli smiled faintly and said, "You've eaten it all, can you still spit it out to me, have a good rest."

After saying that, Han Three Thousand Thousand put Jiang Ying Ying against his shoulders and walked towards his room.

Fei Lingsheng sighed as she saw this scene from afar, she had gone to great lengths to be able to get the Sacred Chestnut, but Yan Qing Hua had only made a hard trip, but it was worthy of such a great gift.

And Han Qianxiang didn't think of Sacred Chestnut as a treasure, giving it away so easily, didn't he really care at all?

Even if he had truly reached the God Realm now and the Sacred Chestnut was no longer of much help to his realm advancement, but a normal person couldn't just give away something so precious to anyone.

Fei Lingsheng didn't understand Han Qianqian, and to Han Qianqian, no matter how precious something was, it was worthless in his eyes.

Sacred Chestnut was indeed able to help people improve their realm, and was indeed a rare and precious item in the entire Xuanyuan World, but so what? When Han Giang no longer needed it, anything could be treated as trash by him.

Back in his room, Han Qianqian carefully investigated Jiang Yingying's physical condition.

Jiang Ying Ying was unconscious because an energy belonging to Yi Qingshan had sealed her consciousness, and this power, which would become more and more violent with time, would completely destroy Jiang Ying Ying's bodily functions once this energy ran wild in her body.

"This vicious bastard has died unjustly." Han 3,000 gritted her teeth and said, killing Yi Qingshan was a plan from early on, but now Han 3,000 felt that it was too painful to let Yi Qingshan die, he dared to treat Jiang Ying Ying this way, if he had known earlier, let him try this kind of pain as well.

For Han Three Thousand in his current realm, it wasn't a difficult task to help Jiang Yingying eliminate Yi Qingshan's energy from her body, and Han Three Thousand could even do so by directly devouring Yi Qingshan's energy.

In order not to harm Jiang Yingying's body, Han Three Thousand Thousand appeared to be very careful when doing this, afraid of any accidents.

Fortunately, the final result was within Han Three Thousand's control, devouring Yi Qingshan's energy and not causing any injuries to Jiang Ying Ying.

In a short while, Jiang Yingying woke up.

When the first person she saw when she opened her eyes was Han Qianqian, the corners of her mouth lifted slightly and she smiled.

"You almost died, and you're still in the mood to laugh?" Han 3,000 said speechlessly, Han 3,000 was a little angry at the fact that Jiang Ying Ying was alone to fight Yi Qingshan alone, because Jiang Ying Ying must have known that she wasn't a match for Yi Qingshan, so why did she want to be strong?

"Brother Three Thousand, with you here, I know I won't die." Jiang Ying Ying said.

"Yi Qingshan is an Extreme Master realm powerhouse, don't you know that you're not a match for him?" Han Third Thousand grumbled.

"Brother Three Thousand, our clan, are all children from poor families, and they're not cultivators right now, I'm worried that Yi Qingshan will hurt them, that's why I had to lead him elsewhere." Jiang Ying Ying explained, she wasn't trying to be strong, and there was no need to be strong, the main reason was that Jiang Ying Ying didn't want the rest of the Three Thousand Year Sect to be harmed.

The death of the two Mountain Gatekeepers without their bodies was already an unacceptable thing for Jiang Yingying, and she didn't want to see the others fall victim to Yi Qing Shan again.

"Aren't you afraid that Yi Qing Shan will kill you?" Han Marchant said.

Jiang Ying Ying shook her head and said, "He only came to look for trouble while you were away, which means he doesn't dare to fight you head on, and he named me, so I know he'll want to use me to threaten you, so I know I won't die."

Hearing these words, Han Qianli sighed helplessly, fortunately, he had obtained the leg bone in the Ximen Family's secret room, otherwise, it wouldn't be easy to deal with Yi Qingshan, and it would be even harder to save Jiang Ying Ying.

However, this trust that Jiang Ying Ying had in him was unparalleled, and it was because of this that Han Marchan wanted to ensure Jiang Ying Ying's safety.

Since he had brought her to the Xuanyuan World, Han Third Thousand had to bring her back to Earth safely.

"By the way, where's Yi Qingshan?" Jiang Ying Ying asked curiously.

"Kill them all, along with those elders, from now on, the Three Thousand Year Sect and the Imperial Dragon Hall, are enemies, even if there is an unexpected existence of the Lin Long, I guess I won't be able to stop the emperor's killing intent towards me." Han Qianqian said, things had come to this point, something Han Qianqian hadn't expected before, but he wasn't afraid, the soldiers would come to stop him, Han Qianqian's heart had already been prepared.

Chapter 1059

On the side of the Imperial Dragon Palace.

The emperor had been following the movements of the Three Thousand Sects, but the latest news had been slow to come back, making the emperor a little anxious.

"Didn't I say there would be an update soon, what's going on, why is it that a whole day has passed and I still don't know what's going on?" The emperor questioned the heart belly, the eyes of the Three Thousand Sect had been in contact with the heart belly, naturally the emperor would not personally intervene in such a small matter, but his curiosity now made him unable to wait any longer.

The heartbeat also felt strange, after such a big event happened in the Three Thousand Sect, the news should have come gradually, how come there was no news back for so long.

"Empyrean, could it be, that they had some kind of accident?" The heart guessed that it would be impossible for no news to get back if it was normal, so he had to think that something had probably happened to the eye-catcher he had sent out.

But did Han Marchan really dare to do that?

At first, even though he knew those elders were eye-witnesses sent by the Royal Dragon Palace, he could only accept it, which meant that Han Qianli was still scrupulous about the Royal Dragon Palace.

"You're saying that Han 3000 k*llled them?" The emperor said in a cold voice.

"K*lling is one possibility, but it seems to me that the greater possibility would be to imprison the person, and Han Qianxiang shouldn't have the guts to do that." The heartthrob said.

The emperor nodded, if it was imprisoning, it was really plausible, Han Qianxiang shouldn't be so bold as to go to such lengths to k*ll those elders knowing that they were his people, wouldn't that be putting up a clear face against him?

"Emperor, his apprentice is still in the Royal Dragon Hall, he will definitely come back, you don't have to worry." The heartbeat reassured, even if they didn't know what exactly happened in the Three Thousand Clans now, as long as Han Qianli would return to the Royal Dragon Palace, they would know about it sooner or later.

The emperor nodded, fortunately he still had a hand in it and wasn't afraid that Han Qianxiang wouldn't return to the Imperial Dragon Palace.

Fei Lingsheng's home.

Aside from the fact that Huang Snap Yong was trapped here, the same was true for Zhantai Liuyue as well.

The two of them were currently under the pavilion with a somewhat helpless expression on their faces, ever since they knew they were trapped here, they hadn't thought of escaping, because this was the Royal Dragon Palace after all, and being targeted by the Emperor's people, it would be difficult for them to fly even with their wings.

But for Huang Snap Yong, it wasn't all bad, after all, it was a very rare opportunity to spend time with a stunning beauty like Zhantai Liuyue.

Although it was true that Huang Snap Yong liked Jiang Ying Ying right now, but for him who was born in Xuanyuan World, being fancy was a normal thing, and it didn't prevent Huang Snap Yong from having a crush on Zhantai Liuyue at all.

However, Huang Snap Yong was still self-aware, he knew very well that a woman like Zhantai Liuyue was only worthy of his own master, so he didn't have many other thoughts.

"Zhantai Patriarch, did you say that my master had saved my aunt?" Huang Snapdragon said with some concern.

Zhantai Liuyue had already heard from Huang Snap Yong about what had happened in the Three Thousand Clans, although she didn't know who her opponent was, but with Han Qianli appearing, even a big matter could definitely be solved, after all, Han Qianli was the one who had fought against the emperor in the great hall without losing.

"Don't worry, with your master appearing, nothing can't be solved." Zhantai Liuyue said.

Huang Snap Yong nodded with a proud face and said, "That's right, how can there be any trouble that my master can't solve."

"Instead of worrying about your master, it's better to worry about our current situation." Zhantai Liuyue said helplessly.

Huang Snap Yong shook his head, but he didn't take this matter seriously at all, although he was now losing his freedom, it was only temporary, as he knew clearly that Han Qianqiang would come to his rescue sooner or later.

"Patriarch Zhantai, don't worry, after Master has solved the clan's troubles, he will definitely come to pick us up and leave." Huang Snapdragon said.

Zhantai Liuyue shook his head, Huang Snapdragon was thinking of things too simply, and with Han Three Thousand's fiery temper, in case there was a conflict with the emperor, this matter wouldn't be as simple as leaving or not.

"What's wrong? Is it any wonder we're locked up here forever?" Snapdragon Huang smiled.

"Why do you seem so happy?" Zhantai Liuyue frowned at Huang Snapdragon.

Huang Snap Yong was busy shaking his head, although he did feel in his heart that this wasn't a bad thing, but to climb up to Zhantai Liuyue, Huang Snap Yong was self aware that this was simply impossible.

"No, of course not, what's there to be happy about being locked up here for the rest of your life, I just want to tell you that it's impossible, how could my master allow us to be held hostage by the emperor all the time, and he brought you to the Imperial Dragon Hall, he will definitely bring you safely away, I know very well what my master is like," Snapdragon Huang said.

Zhantai Liuyue looked like she was about to stop talking, although Han Kuang could indeed take her away from here, if the emperor held a grudge against this, the Misty Sect would most likely become a punching bag in case he didn't dare to retaliate against Han Kuang.

Just because Han 3,000 was able to fight against the Emperor, it didn't mean that the Piao Miao Sect had that qualification.

Once the Emperor wanted to deal with the Piao Miao Sect, it was likely that the Piao Miao Sect would end up being exterminated.

"Zhantai Sect Master, what's wrong with you, looking like you're worried about something?" Snapdragon Huang was puzzled, the frowning Zhantai Liuyue had a different flavor, but in the end it wasn't as charming as a smile.

Zhantai Liuyue shook her head, the concern in her mind was currently just a guess, there was no need to tell Snapdragon Huang.

"It's nothing." Zhantai Liuyue said.

Snapdragon Huang did not pursue the matter further, Zhantai Liuyue was the Sect Master after all, how was he, a small person, qualified to ask about Zhantai Liuyue's affairs.

"Hey." Huang Snap Yong suddenly sighed and said to himself, "I don't know if Master will k*ll that guy, if he dares to hurt my aunt, he definitely won't have a way to live."

"Do you know what kind of person he is?" Zhantai Liuyue asked curiously, she had been speculating about this matter before, after all, with Han Three Thousand's current influence, it was impossible for an ordinary person to go to the Three Thousand Clan to look for trouble.

Han Three Thousand Year's battle against the twenty-eight guests of the Ximen Clan had become a shadow in the minds of many people, and to go looking for trouble even though they knew Han Three Thousand Year's strength was unknown, wasn't it a death wish?

"Fei Ling'er's brother, what's his name, Yi Qingshan." Snapdragon Huang said.

Fei Ling'er was Fei Lingsheng, which Zhantai Liuyue already knew.

But when did Fei Lingsheng have a younger brother? This was something that had never been heard of before.

And this Yi Qingshan's name was unusually familiar, as if he had heard it somewhere before.

"Yi Qingshan, how could it be so familiar?" Zhantai Liuyue said in confusion.

"Zhantai Sovereign, do you know him?"

Zhantai Liuyue suddenly thought of something and his expression became frightened!

Chapter 1060

With Zhantai Liuyue's realm, she was incapable of leaving the Imperial Court, but it didn't mean that she hadn't heard of Yi Qingshan, the number one strongman of the Xia Kingdom was famous, and even within the Imperial Court, he had great influence.

And this time, it was Yi Qingshan who was looking for trouble with the Three Thousand Clans, which made Zhantai Liuyue very shocked.

Why would Yi Qingshan suddenly come to the Imperial Court, and why would he seek trouble from the Three Thousand Sect?

"Is there any enmity between your master and Yi Qingshan?" Zhantai Liuyue asked curiously, in her opinion, if there was no grudge, a strong man like Yi Qingshan shouldn't be looking for trouble with Han 3000 for no reason.

Snapdragon Huang shook his head, although he hadn't been with Han Third Thousand for long, if the two of them really had any grudges, it should have been something that happened in the past, so he naturally didn't know.

"I'm not sure, but Master has never mentioned this person," Snapdragon Huang said.

Zhantai Liuyue couldn't help but sigh, if it were anyone else, this matter would have been easy for Han Giang to resolve, but the other party was after all Yi Qingshan, an Extreme Master realm powerhouse, and it wouldn't be as simple to deal with as one would imagine.

Zhantai Liuyue definitely couldn't imagine that the number one strongman of the Xia Kingdom had now died in Han Qianli's hands.

"What's the matter, is this guy called Yi Qingshan very powerful?" Seeing Zhantai Liuyue sighing, Huang Snapdragon couldn't help but feel a little worried, after all, he was just a minor figure in Long Yun City, and definitely not as broad as Zhantai Liuyue compared to his insight.

"Very powerful indeed." Zhantai Liuyue smiled bitterly and explained to Huang Snapdragon, "The number one expert of the Xia Kingdom, the strongest of the Extreme Master Realm, do you think it can't be powerful?"

"Extreme Extreme Mastery Realm powerhouse!" Snapdragon Huang was directly confused, to him, the Extreme Master realm was as strong as a god, it was like a god that had fought all over the world without a single enemy, how could he hold a grudge against his master!

"Now you know how troublesome this whole thing is," Zhantai Liuyue said.

Huang Snapdragon was stunned for a moment and began to shake his head, saying, "No way, how is it possible that the number one expert of the Xia Kingdom would appear in the imperial court."

"Could it be someone with the same name?"

Zhantai Liuyue initially thought the same, after all, there were hundreds of millions of beings in the world, even if there were people with the same name, it was not surprising, but when she thought about it carefully, she felt that this was not very likely, because Han 3000's current status was by no means something that ordinary people could provoke, let alone directly arrest Han 3000's sister.

The powerful strength that Han Third Thousand had shown in the battle of the twenty-eight guests of the Ximen Family was already enough to make many people hold their tails between their legs in front of him, so how could they dare to take the initiative to find trouble with him?

And according to Zhantai Liuyue's knowledge of the experts within the imperial court, none of these people had the name Yi Qingshan, so the possibility of this Yi Qingshan being the number one expert of the Xia Kingdom became very high.

"It's very unlikely, and apart from him, I can't think of anyone else who would dare to trouble your master, you should know very well how high your master's status became after the 28th Guest's First Battle," Zhantai Liuyue said.

When it came to the high status of his master, Huang Snapdragon unconsciously nodded his head incessantly and a hint of pride appeared on his face.

"That's right, when my master became famous in a battle, I don't know how many families wanted to secretly gather them, but my master's old man didn't care enough to look down on them." Snapdragon Huang said.

"So, can this Yi Qingshan be anyone else but an expert of the Xia Kingdom?" Jandai Ryuetsu asked rhetorically.

"Hey." Huang Snapdragon sighed heavily, he had originally had great confidence in Han Three Thousand, but after learning the identity of the other party, it became a bit unsettling, after all, the impression of the Extreme Mastery Realm was too strong, and although Huang Snapdragon also felt that Han Three Thousand was powerful, it might still be a bit troublesome to deal with the Extreme Mastery Realm experts.

"You don't have to sigh, she should have gone to the Three Thousand Year Sect as well, if she's willing to fight, perhaps your master won't have to be afraid of Yi Qingshan." Zhantai Liuyue said.

"She, who is it?" Snapdragon Huang was filled with confusion.

"That fake beggar by your master's side." Zhantai Liuyue said.

"Fei Ling'er, what can she do to help, this woman is nothing but prettier." Snapdragon Huang said.

Zhantai Liuyue knew that Fei Lingsheng hid her identity from Snapdragon Huang and the others, so it was only natural that Snapdragon Huang would say that, but if Snapdragon Huang knew Fei Lingsheng's true identity, he definitely wouldn't dare to say so.

"Her real name is Fei Lingsheng, you've never heard of Yi Qingshan, you should know who Fei Lingsheng is, right?" Zhantai Liuyue said.

"Of course I've heard of Fei Lingsheng, isn't she" suddenly, Snapdragon Huang reacted, full of shock, her real name is Fei Lingsheng, that beggar, she's actually an Extreme Master of the Imperial Court!

"You you, what did you just say, she her name is Fei Ling Sheng?" Snapdragon Huang stammered out his question, filled with a guilty conscience, after all, he hadn't treated Fei Ling'er very well in the past.

"Yes, it was her own admission in front of your master, and we were the ones who went to see the emperor together, the Fei Ling'er you speak of is Fei Lingsheng." Zhantai Liuyue said.

Snapdragon Huang was almost scared to death, the little beggar he hadn't been putting in his eyes, and even a little bit of an ungrateful woman at times, was Fei Lingsheng!

At this moment, Snapdragon Huang was on the verge of collapsing inside, thinking about all the rude things he had said to Fei Lingsheng, with Fei Lingsheng's position, if he wanted him dead, he would have died thousands of times already.

"It's over, it's over, it's over." Huang Snap Yong was filled with panic, thinking that he had offended the number one strongest man in the Imperial Court, his heart was horrified, if Fei Lingsheng was displeased with him, he would be a dead man.

Looking at Huang Snap Yong's reaction, Zhantai Liuyue guessed that his attitude towards Fei Lingsheng must have been bad in the past, or else he wouldn't need to be so scared now.

But with Han Qianqian here, Fei Lingsheng couldn't just take revenge on Huang Snapdragon, so Huang Snapdragon's worry was completely unnecessary.

"You don't need to worry, with your master here, Fei Lingsheng won't k*ll you." Zhantai Liuyue said.

"Yes, yes, there's still Master, and Master will definitely help me." Although that was the case, the panicked Huang Snapdragon did not calm down at all.

Snapdragon Huang was worried that Fei Lingsheng wouldn't let him go.

Zhantai Liuyue thought that with Fei Lingsheng there, Yi Qingshan wouldn't cause much trouble to Han 3,000.

But both of them thought wrong, not only was Yi Qingshan dead, but even Fei Lingsheng's status had become worthless in front of Han 3000.

The number one strongman of the Imperial Court in the minds of the others had become nothing more than a character to suck up to Han Three Thousand.
