

His True Colors Chapter 111-115

Chapter 111

"I'll take the car, thank your lady for me." Han Qianqian knew that if he didn't take the car, Tian Ling'er might still come personally, and he would then be even more at a loss as to how to explain it.

The man was especially respectful to Han 3,000 because it was Tian Ling'er's instruction that he should not show any disrespect to Han 3,000, so even if Jiang Lan scolded Tian Ling'er, he wouldn't transfer the hatred to Han 3,000.

"Mr. Han, Miss said that this car can only be driven by you." The man reminded again.

Han Qianli smiled bitterly and nodded repeatedly, saying, "I understand, and by the way, say hello to the old man for me."

"That's fine, I'll leave first."

After that man left, Lan Jiang said in a low voice, "How did this wimp get involved with the Tian family's lady, what qualifications does he have to know such a big shot."

If she were a woman from Jinqiao City, Jiang Lan would have flattened Han Qianqian to the point of worthlessness, but the other party was a Miss of the Heavenly Family, her status was unknown how much higher than the Su Family, and being rich and powerful in Cloud City wasn't something the Su Family could compare to, so she was instead a bit mentally unbalanced.

Take Su Yingxia and Tian Ling'er compared to each other, the former was also incomparable.

Although Jiang Lan was a shrew, she had at least a sense of self-awareness.

Han Giangli took the car keys and walked back to Su Yingxia, before he opened his mouth, Su Yingxia said, "You don't need to explain to me, from now on, I don't need to know anything about you."

"You scum, sooner or later, Yingxia will have to divorce you." Jiang Lan said, fearing the worst.

Han Giangli sighed and didn't say anything more, the facts would naturally prove his innocence in the future.

Back at home, Jiang Lan was still afraid that Tian Ling'er would find trouble with her, and asked Su Yingxia to help her figure out what to do.

However, all the troubles that had happened to Su Yingxia recently were all solved with Han Qianqian's help, and at this point, if she didn't ask Han Qianqian for help, Su Yingxia wouldn't be able to do anything at all.

It wasn't until then that Su Yingxia woke up to the fact that her achievements didn't come from her hard work, but from Han Qianqian's help over and over again.

No, I can't go on like this, I have to rely on my own ability to get this time, not his help.

"Mom, I can't help you with this matter, but Tian Ling'er shouldn't be bothered with you, she's a Miss of the Tian family after all." Su Yingxia said.

"Yingxia, what do you mean, does Tian Ling'er still look down on me?" Jiang Lan said unconvinced.

Su Guoyao couldn't help but say at the side, "Almost done, can you still compete with Tian Ling'er? Isn't it normal to look down on you?"

"Su Guoyao, I'm at least more productive than you, a useless thing, what right do you have to talk about me." Jiang Lan coldly said.

Su Guoyao sighed, not bothering to speak anymore, the nesting woman, the last time she was slapped and frightened to sleep all night, this time she actually offended Tian Ling'er again without knowing what to do.

If Tian Ling'er really came to her door, apart from apologizing, would she dare not admit her mistake?

"Mom, pay attention to what you say in the future, we're living in the Genting Mountain villa area, there isn't a simple person here." Su Yingxia reminded.

Jiang Lan loved to save face and was unwilling to admit her mistake, but she also knew that what Su Yingxia said was the truth, it seemed that she really had to control this mouth in the future, or else she wouldn't know how much trouble she would have to get into.

"Alright, alright, I know, I'm not an unreasonable person."

Even Su Guoyao couldn't help but sneak a smile at this statement.

She wasn't an unreasonable person, so what kind of person would be considered unreasonable?

"Right, Ying Xia, there's one more thing Mom needs to warn you about." Lan Jiang said.

"What is it?" Su Yingxia was confused.

"Men, you can't be too rich, or else you'll have the capital to dabble in the outside world." Jiang Lan said in a roundabout way.

The hidden meaning of this sentence, Su Yingxia knew, but the villa has now been transferred to her, if she still wants her to go to Han Qianli's hands to get money, such a shameless thing, Su Yingxia can not do.

"Mom, if you do that, sooner or later you'll force him away." Su Yingxia said.

Jiang Lan smiled very intensely, the smile between her eyebrows coming from within, and said, "Isn't this a good thing? By driving this wimp out of the Su family, our family won't have to be looked down upon in the future."

"Tian Ling'er gave him such an expensive car, maybe the wimp in your eyes is a treasure in someone's eyes." Su Guoyao said with a deflated mouth.

"Just he can still be a treasure? Su Guo Yao, why would you say something so brainless, are you trying to laugh me to death?" Jiang Lan two hands to support the corners of her eyes, as if she was afraid of laughing out of crowd's feet.

Su Guoyao sighed inwardly, Han 3000 bought cars and villas, such a strong financial strength, Jiang Lan wouldn't be blind to it, it was just that she was too blinded by the image of Han 3000's wimp for the past three years.

In Su Guoyao's opinion, it was very likely that Han Third Thousand was not a wimp, he might still be a very powerful person, but he just didn't show it, otherwise, why would Tianlinger give him Lamborghini?

"Mom, no matter what, I'm not going to do this," Su Yingxia said.

"You're such a silly girl, if you regret it later, don't come crying in front of mom." Jiang Lan angrily looked at Su Yingxia.

On the same day, Tian Ling'er called Han Qianqian again, invincible explosion little cutie this caller ID, Han Qianqian to change, directly deposited Tian Ling'er's name.

"My grandfather heard that you wanted to invite him to dinner, he immediately agreed, and there is still time today, what do you think?" Skinner said over the phone.

"Look with your eyes." Han Qianqian said, a little cryptic at Tianling'er's big gift, not that it was expensive, because a few million was just a small amount in Han Qianqian's eyes, but it was just the kind of gift that Su Yingxia would inevitably think twice about, and he wasn't even given the chance to explain.

"You're quite humorous." Tian Ling'er smiled.

"You're quite reluctant ah, a few million car, you just said you'd give it away, Miss Tianjia is truly heroic." Han Qianli said.

"That's right, Miss Ben's shot, can it be simple. Let's make a deal, this afternoon you'll pick me up, we'll go shopping together, and then you'll cook for my grandfather." After saying that, Tian Ling'er hung up the phone.

A befuddled Han Qianqian thought back to his conversation with Tian Ling'er, when was this agreed upon, he didn't say anything like that!

This lady was really capricious.

But since she wanted to meet with Tian Changsheng, Han Qianli naturally wouldn't refuse.

After lunch, Han Qianli left the house without telling Su Yingxia, as Su Yingxia didn't even look at him the entire time he ate.

The Tian family lived in another villa area in Cloud City, and was in the suburbs of the city, compared to the luxury and environment of the villa area of Cloud Peak Mountain, this place definitely couldn't compare, but the entire villa area was full of people from the Tian family living there, and only people with the surname Tian could live here, so the meaning was completely different, and it wasn't an exaggeration to call this place the Tian family's place.

The doorman had obviously gotten a sign from Tian Ling'er, so Han Marchian's car arrived and was released without interrogation outside the gate.

In front of the villa belonging to Tianling'er's family, Little Nico finally saw Han 3,000's car after waiting for it for a long time, forcing her to pretend to be reserved as a big sister.

After the car was parked, Han Qianli rolled down the window and said, "What are you staring at."

"Don't you know how to be a gentleman and open the door for my lady?" Tian Ling'er said.

Han Marchand started the engine and stepped on the gas to go, and Tianling'er was so angry that she stomped her foot in place and wanted to strangle the person in the car.

"Are you sure you don't want to get in the car?" Han Marchiang said.

The big miss of the Tian family, where you go cannot be held as a pearl in the palm of your hand, and if it were anyone else, the big miss would go straight home as soon as her temper came up.

But Tian Ling'er didn't do that, but opened the car door with a grumpy face and sat on it herself.

"Not a gentleman at all, this car is still a gift from me." Tian Ling'er said with a pout.

"Just as well, if you go back on your word, I'll give you your car back today." Han Giangli said.

Feeling a rush of hot blood to her brain, Tian Ling'er squeezed her fists with both hands and shook them in front of Han Qianli, threatening, "Ever seen a fist the size of a sandbag? The consequences of messing with Miss Ben are very serious."

"Have you forgotten what happened to that expert Luo Bin?"

Tian Ling'er was stunned at the news, dropping her hands and slumping her head, this lady seemed to have been eaten to death?

Chapter 112

Shopping for groceries at the supermarket, bouncing Tianlinger, living like a flea, seems to be quiet for a moment, although a little annoying, but Han 3000 magical feeling, and Tianlinger is very easy to get along with, he does not have to worry about Tianlinger's feelings everywhere, he can do anything with no worries about the mood.

After buying food and returning to Tian Ling'er's secret base, Tian Changsheng also came soon after, which let Han Three Thousand Yuan off the hook, if Tian Changsheng didn't come, he would definitely have been caught in Tian Ling'er's trap again.

It's still early, so there's no need to rush to cook, and Tianchang Sheng pulls Han Three thousand to play chess.

He was more interested in Go, but the old man liked it, so playing a few games was no problem.

While the plate is being set up, Han Three thousand goes to the bathroom and secretly plays a chess software.

What followed was Tianchang Sheng's nightmare.

This kid obviously said he can't play chess, Tianchang Sheng thought it was his chance to kill the four corners of the world, but he was distracted while playing with his mobile phone, but he also killed Tianchang Sheng to lose his armor, and lost three games in a row without suspense, which made the old man a little unhappy.

You can be modest if you want to, but if you win, you win, so be it. At any rate, respecting the old and the young should have it.

"Three thousand, you're making the old man lose face." Tian Changsheng said.

Seeing Tian Changsheng's displeasure, Han Qianxiang smiled and said, "This is still just chess, Go is what I'm good at, it's a pity I don't have it, otherwise I could perform it for the old man."

This kid, rubbing his nose in the face, has learned a fine job.

Tianchang Sheng snorted and said, "You're so good, next time I'll introduce you to a friend, he's a national level person, you don't want to lose too badly."

Tian Changsheng had a winning streak, which Han Giang had discovered in the boxing gym, and the reason why he won him mercilessly, Han Giang was precisely laying the groundwork for the next meeting.

Wasn't this opportunity just an initiative?

"Old man, if you have the chance, you definitely need to see it." Han Qianli smiled.

Tian Changsheng left his mouth open, not used to Han Qianli's smugness, and said, "In a few days, he'll be here just in time for my birthday, so you should come and join in the fun."

Han Qianli was faintly shocked inside, the birthday of the Tian family's old man was an annual event in Yun City, the mall didn't know how many people cut their heads to attend without a chance, even the Su family sought opportunities every year, but failed to attend once, didn't expect him to take the initiative to invite him, this was a surprise.

"Old Master, we have a deal, but if I win, you can't turn your back on me." Han Qianli smiled.

Tianchang Sheng was so angry that he blew his whiskers, but not really angry, just very disgruntled.

"Just wait and see, you don't want to lose and cry." Tian Changsheng said.

Han Qianli touched his nose, but he was never afraid when it came to things he was good at.

Since he was young, he had played the game of chess and knew everything about the world's famous games, repeating over and over again to understand the master's layout as well as the big picture, and although Yan Jun's original intention was only to let Han Three Thousand improve his temperament and cultivation, it was only when Han Three Thousand was truly enthralled with it that Yan Jun realized that he had the potential of a national sage, and in Yan Jun's words, if Han Three Thousand could spend his life studying the Dao of chess, he would surely be peerless as a national sage.

In the words of Yan Jun, if Han Qianli could study chess for the rest of his life, he would certainly be a peerless scholar.

It was a pity that the Han family didn't know the pearl of dust, and although Yan Jun regretted it, there was nothing he could do about it.

At five o'clock in the afternoon, Han 3,000 started working in the kitchen.

An old man and a young man sat in the living room, and Tian Chang Sheng accompanied Tian Ling'er to watch the idol drama, listening to Tian Ling'er explain the twists and turns of the drama's bizarre character relationships and tsking.

"After falling in love for so many years, in the end, they are actually brother and sister."

"His lover turned out to be his father's illegitimate daughter!"

"Why did you get cancer again?"

Tian Changsheng's speechless expression told of his triple collapse of idol drama, what is all this stuff.

Tian Ling'er watched with interest, but half of her mind was in the kitchen, and whispered to Tian Changsheng, "Grandpa, do you think he really did the laundry and cooking for three years in the Su family?"

"Won't we know if it's real or not later, but smelling this smell, it's still decent." Tianchang Sheng took a deep breath, the aroma wafting out of the kitchen, this craft was by no means inferior to Tian Ling'er.

"Grandpa, if we two merge our swords, you won't have to go to the hotel for your birthday later." Tian Ling'er said with a smile.

Tian Changsheng looked at Tian Ling'er with indulgence, he knew what that meant, and he also admired Han Qianyan and didn't mind Han Qianyan marrying Tian Ling'er again, but he had to make sure that Tian Ling'er wouldn't be wronged in any way.

"Ling'er, Grandpa doesn't care how you treat your feelings, but the first and foremost thing is that you can't let yourself get hurt." Tian Changsheng instructed.

"Grandpa, I'm your granddaughter, so how can I just get hurt."

The grandparents chatted, and Han Qianli was busy.

Dinner was served at six o'clock sharp, a five-course meal with a mouth-watering array of colors and aromas.

Tian Ling'er's tastes were very tricky, and the average five-star chef couldn't help but be picked on by her, but eating Han Qianqian's food with a satisfied smile on her face, she couldn't say a single word of dissatisfaction even if she wanted to pick bones out of an egg.

Tian Changsheng was also surprised that it wasn't hard to make a decent meal, but it wasn't easy to reach Han Qianqian's skill.

"You didn't really cook for three years in the Su family, did you?" Tian Changsheng said.

"There are a lot of rumors about me out there that are true." Han Qianli smiled.

"The Su Family is really ungrateful, wasting talents like you." Tian Changsheng shook his head, if he could train Han Three Thousand Years, the Su Family would definitely be worth more, but it was a pity that such a powerful person was only doing manual work like cooking.

Han Qianli smiled and didn't say anything.

After the meal, today it was Tian Ling'er's turn to clean up the mess and brush the dishes and chopsticks.

Han Three Thousand chatted with Tianchang Sheng again about martial arts and asked about Han Three Thousand's master, to which Han Three Thousand didn't say much because it involved his true identity.

At almost nine o'clock, Han three thousand leaves Tian Ling'er's house.

Back at the villa, Su Yingxia is unexpectedly sitting in the living room today.

But Han Giangli was about to say something to her when Su Yingxia suddenly stood up and said, "I'm going to Grandma's house tomorrow."

After saying that, Su Yingxia went back to her room, and it seemed that she was purposely waiting for Han Qianli just to say that.

Tomorrow wasn't even Family Day yet, and the company hadn't had anything special happen lately, so judging from past experience, the old lady would definitely still be trying to find a way to attend Tianchang Sheng's birthday this year, which was why she had asked Su's relatives to go back to discuss it.

Nowadays, although the Su family was a supplier of building materials for the west side of the city project and had the opportunity to be promoted to a first-tier family in Cloud City, this possibility would become even greater if they could get on good terms with the Tian family.

The next day, when we arrived at the Su family villa, the old lady did indeed mention this matter, but none of the Su family's relatives showed much hope, after all, it had been many years since the Su family had never squeezed into that circle, and although there were some changes in the Su family this year, it was still unknown if they could be seen by the Tian family.

The Heavenly Family represented the ceiling of Cloud City and was the supreme existence, to be able to participate in Tian Changsheng's birthday banquet, all of them were top tier figures in Cloud City, although the Su Family had proud people, but in front of the Heavenly Family, they also knew what they were doing.

"This year, our Su Family has at least achieved something, perhaps we won't be rejected like in previous years, Hai Chao Yingxia, you two take some time to visit the Heavenly Family." First of all, the gift, if the Celestial Family accepted it, it meant they were eligible to attend, if they didn't, then just like in previous years, they wouldn't be eligible to enter.

Naturally, the old lady wouldn't personally appear, after all, this was something that could potentially be humiliating, she had to hold on to the Su family's bottom line.

Su Haichao was very dissatisfied when he heard this, because the security guards in that villa area were looking down on people, he didn't want to be despised, but the old lady's words, he didn't dare to refuse.

"Grandmother, I have a lot of things going on in the company lately." Su Haichao vaguely refused.

"Grandmother, why don't we just let Su Yingxia and Han Qianli go, this kind of humiliating thing falls on Han Qianli's head, he's used to it." Su Yehan quickly said in order to avoid such unfortunate things falling on his head.

Chapter 113

When you went to the Heavenly Family, you must bring sincerity, the more the core members of the Su Family come to the door, the more you can show your sincerity.

It was obvious that Han Qianli didn't have such qualifications, and the old lady hadn't wanted Han Qianli to make an appearance, he was a famous loser in Cloud City, if the Heavenly Family knew that the Su Family had sent him, how could they still give them the qualification to attend the birthday banquet.

"Su Yeh Han, are you deliberately trying to make sure that the Su family doesn't get an invitation to the birthday banquet?"The old lady said in a cold voice.

Hearing this, Su Yehan's smug face was splashed with a pot of cold water, quickly lowered her head and said, "Grandmother I'm sorry, I didn't mean that."

"Yingxia, or you should go alone, anyway, you're used to losing face for so many years, you're not afraid at all, right."Su Haichao said, for so many years, the Su family has been ignored by the Tian family, Su Haichao has also eaten several closed doors, this year he really does not want to go, he knows that he will lose face, but still put his face towards someone else's hands, why suffer?

"Grandma, I can go, but I can't promise to complete the task."Su Yingxia said.

"No, no, no, you're now in charge of the west side of the city project, you have to help our Su family to get this opportunity ah."Su Hachao knew full well how difficult this matter was, and he also explained that it would be humiliating, but when Su Yingxia promised to do so, he had the intention of making Su Yingxia a military order.

"Su Hachao, what do you mean?"Su Yingxia said with a frown.

"I don't mean anything, it's just that you're so powerful now, and so many troubles have been tried to be solved, can this little thing still be difficult for you?"Su Hachao said with a smile.

This kind of malicious trickery, if it was used on other things, perhaps other relatives as well as old ladies would echo Su Hachao's words, but how difficult it was to attend Tianchang Sheng's birthday banquet, the people present knew it by heart, so no one helped Su Hachao and said.

"Ying Xia, just do your best."The old lady said.

At this time, Han Qianli stood up and said, "Grandmother, maybe it's better if I go."

This statement triggered laughter from everyone, is this guy so unaware of himself?If he were to represent the Su family, he would be swept away directly by the Heavenly Family?

"Han Qianqian, you've been kicked in the head for going out today, haven't you been asked to go, and aren't you clearly wanting our Su Family to be remembered by the Tian Family?"

"That's right, you're not even a member of the Su family, let the Heavenly Family know that we're so insincere, how could we be invited to the birthday banquet."

"Really have no self-awareness at all, silly, do you think the Heavenly Family is anyone who can just go?"

Su Hachao stood up, full of coldness smile, said: "Han 3,000 yuan, you are quite inflated recently, you dare to interfere in everything, do you want the chairman of the Su family, let you be the chairman in the future ah."

This baffling comment, Su Hachao was secretly knocking the old lady, the audacity was really considered not small.

"As you said, I'm not a member of the Su family, so just because I was invited doesn't mean the Su family was invited, but I'm willing to go and fight for the Su family."Han Giangli said.

"Pfft" Su Yeh Han covered her abdomen and laughed out loud, saying, "Han Three Thousand, you speak as if you've been invited, aren't you afraid of blowing the cow's belly out by bragging like that?"

"I did get an invitation, and I was invited by Tianchang Sheng himself," Han Giangli said.

"Hahahahaha."

"Hahahahahahaha."

"I'm laughing to death, this guy is bragging like an idiot to say that Tian Chang Sheng personally invited him."

"Han Qianli, what kind of big shot do you think you are? The mall giant, or the official bigwig, even Tianchang Sheng has to appear in person, you don't have to be so f**king exaggerated in your bragging."

Amidst the mocking jeers, Han Qianli was calm as usual, whether he was joking and bragging or not, he knew very well.

At this moment, Su Yingxia frowned and sneaked a glance at Han Qianqian.

She had a feeling that Han Qianqian wasn't bragging, he never believed in anything he couldn't do, and yesterday Tian Ling'er had given him a Lamborghini, which meant that he did have some relationship with the Tian family.

Even if Tian Changsheng came out to invite him personally, it was still plausible.

But Su Yingxia couldn't figure out why Han Qianxiang was suddenly so close to the Tian family.

One had to know that Tian Chang Sheng's birthday banquet was able to be attended by all of Cloud City's top people, and even those people were only able to get invitations from the Tian family, never to be personally invited by Tian Chang Sheng.

According to the previous relationship, this was the time for Su Yingxia to speak for Han Three Thousand, but she didn't do so and just quietly listened to those relatives of the Su family's sarcastic comments towards Han Three Thousand.

"Han Three Thousand, this is a place to discuss business, not an occasion for you to joke around."The old lady coldly rebuked.

"Grandmother, you think I'm joking, but I'm telling you the truth."Han Qianli said indifferently.

"I really can't bear to watch you idiot, you said you got an invitation from Tianchang Sheng, on what grounds?"Su Hai Chao impatiently looked at Han Giang and said.

"It's possible that he appreciates me,"Han Marchiang said.

"Appreciate you?Appreciate your wimpiness and crap?You're really giving me a f*cking headache, you can't even learn to brag, you're really a waste to the extreme."Su Haichao rubbed his temples, a bit of a headache, how could the Su family have such idiots entering the family, fortunately this kind of talk was only within the Su family, if it spread out, the Su family would have to become the joke of the entire Yun City again.

"Han 3,000, shut the foul mouth, I feel disgusted listening to you, find a mirror and look at yourself to see what kind of wimp image you are, saying such words to disgust us?"Su Ye-han looked at Han Qianli with a disgusted face.

"Grandma, are you sure you don't want my help?"Han Qianli ignored the words of Su Haichao and Su Yehan and asked the old lady.

The old lady also couldn't help but laugh disdainfully and said, "Just take your good intentions in yourself, the Su family isn't even your turn to help this loser."

Han Qianli no longer said anything more and sat back in his seat, his remaining light looked at Su Yingxia and sighed somewhat in his heart, If you can say something for me, maybe their attitude will change, right?

What about the three years of persistence, why did it suddenly come to this?

Han Qianli doesn't understand, Su Yingxia doesn't really understand either, she just can't bow down to Han Qianli, especially after what happened with Tian Ling'er's car delivery, she's even more reluctant to say anything nice for Han Qianli.

A woman in love has an IQ of zero, and a woman who is jealous has an even more negative IQ.

Of course, there's a share of Su Yingxia's pride, as she's also used to Han Qianli's tolerant reticence over the past three years.

Without giving you the chance to explain, are you really not going to explain?

"Ying Xia, you represent the Su Family to the Celestial Family, I've already prepared the gift."The old lady hammered away.

At this time, the Su family's maid walked into the living room and said to the old lady, "There's someone at the door, saying it's someone from the Celestial Family."

The old lady miserably stood up, someone from the Celestial Family!

How could the Tian family suddenly come to the Su family? Is it

"Quickly, invite them in." The old lady said excitedly.

Not long after, a middle-aged man came into the living room, clearly holding something that looked like an invitation card, and when those relatives of the Su family saw it, they were all stunned.

Was this the Heavenly Family sending someone to send an invitation?

The Su family was now even eligible to receive an invitation to the birthday banquet, which said that the Ming family could now no longer ignore the Su family's existence!

"This one is an invitation to our old man's birthday party, and I was specifically asked to send it over to you, so who will take it?" The middle-aged man's attitude was not humble, but rather carried an arrogance.

However, this attitude of his was very natural in the eyes of the Su family, after all, he was a person sent by the Heavenly Family.

Su Haichao excitedly walked towards the middle-aged man and was scolded by the old lady halfway, "Haichao, what are you doing?"

Su Haichao was stunned, the old lady walked to the middle-aged man with trembling steps, took the invitation from him, and said, "Help me thank the old man for being willing to give the Su family this opportunity."

The middle-aged man's eyes were somewhat despicable, everyone who got the invitation almost always had this expression and emotion, it really was the performance of a small family that wasn't in the limelight.

"The invitation card has the requirements to attend the birthday banquet, don't forget to read it." After the middle-aged man reminded, he left the Su family.

Chapter 114

The old lady's hand holding the invitation was trembling, and after the middle-aged man left, she still hadn't calmed down her emotions.

In the past, the Su family was so hot-faced and cold-assed that they didn't even get a chance to attend the birthday banquet.

And now, the Heavenly Family would even take the initiative to send an invitation, but it was a very big step for the Su Family.

"The Su Family is finally going to make a name for itself, finally." The old lady said excitedly.

"Grandmother, it's better to quickly look at the requirements." Su Hachao was also very excited, as a second-tier male brother of Cloud City, when he was spending his time outside, he had to whisper when he met those first-tier families, even if it was the box he went to first, as long as those first-tier male brothers told him to roll, he had to swallow his anger.

But now, Su Haichao saw his hope of becoming a first-tier male brother, who else would dare to tell him to keep his voice down in the future?

"Right right right." The old lady spoke excitedly and opened the invitation.

The invitation was marked with the rules for the number of people attending and the location number the Heavenly Family had assigned to them.

"Ten people are attending, but the Heavenly Family is giving us a lot of face." When he saw the contents of the invitation, Su Haichao said excitedly, this also meant that the Su family would have a separate table at the birthday banquet, this kind of specification was not something that ordinary people could get.

"Good, good." The old lady smiled with pleats on her face and said, "This time, the Su family has received such high regard from the Heavenly Family, it seems that we will become a first-tier family, it's just around the corner."

"Grandmother, the Heavenly Family has to value the Su Family this time, we are now in charge of the project in the west of the city, the future new city is in our hands, does the Heavenly Family still dare to underestimate us?" Su Haichao said with a proud face.

"Grandmother, we can't underestimate ourselves ah, being valued by the Heavenly Family is nothing, we will definitely be able to compete with the Heavenly Family in the future, they are afraid, that's why they don't dare not give face to the Su Family." Su Yeh Han said with a smile.

When the old lady thought carefully, there was indeed such a possibility, but she had never thought that the Su family would be able to have this day.

The Su family's crowd that was silent in their self-congratulation had no idea why this invitation was sent to the Su family.

The west side of the city project? Soviet status?

These could not be seen by the Heavenly Family.

Although the west side of the city was a great development project, and the Su family could indeed make a fortune from it, but just because of this, Tianchang Sheng would have to give face to the Su family, and it would be underestimating the Tian family too much.

The invitation was sent to the door all because of Han Qianqiang, if it wasn't for Tianchang Sheng giving face to Han Qianqiang, the Su family would have ended up with a hot face and a cold butt again this year.

"Grandmother, since only ten people can attend, you have to deliberate on this participant." Su Haichao said, he was very relieved because he was definitely one of the candidates.

As for the other Su family relatives, one by one, they were all eagerly waiting to be named by the old lady.

"En, I will carefully consider it, and I will inform you in a few days." Such an important matter, the old lady couldn't be childish, so she intended to think carefully about it.

Su Haichao then looked at Han Qianli and said; "Grandmother, you don't have a candidate in mind right now, but someone who must not be able to go, have a good idea, Han Qianli is not a member of our Su family, he definitely doesn't have the qualifications."

"Him?" The old lady sneered and said without hesitation, "Of course he's not qualified, how can he be the one who can go to such an important occasion."

"But he was personally invited by Tianchang Sheng, so even if he doesn't go with the Su family, he should be able to show up. Han Qianqian, I'm looking forward to meeting you at the birthday banquet oh." Su Haichao said to Han Qianqian in a tone full of ridicule.

Looking at Su Haichao's smug look, Han Qianli smiled calmly and said, "We will definitely meet up, I hope you won't be too surprised when the time comes."

"At a time like this, you're still faking it, you have to wait until the day of the birthday banquet to be hit in the face by me before you'll admit it. Fine, if you come, I, Su Haichao, will kneel for you at the birthday banquet and learn how to bark." Su Hachao sternly.

Han Qianli couldn't help but laugh, he hadn't seen such a stupid person who had to force himself into a corner.

"Fine, if I didn't go, I'll see you once and kneel you once." Han Qianli said indifferently.

Seeing Han Qianqian's easy-going appearance, Su Hachao felt guilty, this guy wouldn't really be qualified to go, would he?

No way!

How could it be, if a trash like him could get an invitation from Tianchang Sheng, unless the sun came out in the west.

Leaving the Su villa and heading back to the Genting Mountain villa area, at the gate, Han Qianli's family's car was blocked by security guards.

"What's going on? Don't these people have eyes to see that we live in a hillside villa?" Lan Jiang cursed in the car.

The vehicle had been registered, and it was impossible for even new security guards not to know each other, and the property department would never allow such a mistake.

Han Qianli was puzzled and walked out of the car, seeing that in the security pavilion, there was Tian Ling'er sitting there.

She was a bad visitor, it seemed that Jiang Lan's words yesterday had reached this princess's ears.

Han Qianqian hiked up the mountain.

A few security guards forced open the door at Tian Ling'er's behest and dragged Su Guoyao and Jiang Lan out of the car.

"What are you guys doing, don't you know I'm the owner of the hillside villa?" Jiang Lan struggled.

Su Yingxia felt that something wasn't quite right and got out of the car and asked the security guard, "What happened?"

At this time, Tian Ling'er came out of the security booth, walked up to Jiang Lan and slapped her across the face.

"Where did you come from, you dead girl, and you dare to hit me." Jiang Lan became angry and reached out to hit back, but the quick-eyed security guard immediately held her hand.

"Were you the one who called me a no-good woman yesterday?" Tian Ling'er said faintly.

Hearing this, Su Yingxia knew what was going on, she was the Heavenly Family's Miss Tian Ling'er!

Jiang Lan also restrained her shrewish temper in an instant and froze in place, not daring to speak.

"My father and my grandfather still don't know about this matter, or else you wouldn't simply be slapped today." Tian Ling'er said.

Jiang Lan trembled in fear and quickly compensated, "I'm sorry, I didn't know it was you yesterday, that's why I was talking nonsense."

"You also know you're talking nonsense?" Tian Ling'er was eighteen this year, but after all, she was born into a great family, and her aura was not something that normal people could compare to, even Su Yingxia felt a heavy depression in front of Tian Ling'er.

After more than ten minutes of silence, cold sweat was seeping out of Jiang Lan's back, Su Yingxia couldn't stand this oppression, and asked, "What do you want?"

"Why don't you divorce Han 3000?" Tian Ling'er said.

"What do you mean?" Su Yingxia frowned, wasn't she here to trouble Jiang Lan? Why is Han Gong-gon suddenly involved?

"What's the point of keeping him when you all treat him like crap anyway." Tian Ling'er laughed.

Tian Ling'er was only eighteen this year, Su Yingxia didn't think she was stealing Han 3000 from herself, maybe she was just trying to get revenge, so she wanted her to divorce Han 3000 and create another Cloud City joke?

But what's in it for her? And didn't she just give Han Gong-gon a Lamborghini?

"I'm just joking around, you don't have to take it seriously, but yesterday's incident can't be solved with a slap." Tian Ling'er's meaning was very simple, Han 3000's divorce would give her a chance, but she was worried that if Su Yingxia told Han 3000 about this, Han 3000 would be dissatisfied with her, that's why she quickly said it was a joke.

It had to be said that Tian Ling'er cared a lot about what Han 3000 thought of her, which was why she seemed so careful.

Otherwise, with her status as a Miss of the Heavenly Family, why would Tian Ling'er need to be so timid in her actions?

"Miss Tian, I'll slap you two more times, I hope you'll forget about it." Jiang Lan bowed her head very crisply in front of the authority.

Tian Ling'er looked at Su Guoyao and said, "Since she's your wife, it means that you can't teach others well, let you hit her, but if you hit her lightly, I'll have to let these security guards do it."

To be beaten by Su Guoyao or by the security guards, of course Jiang Lan chose the former, one slap from these strong young security guards would not beat her into a concussion?

"Hit, hit hard." Jiang Lan bit her teeth and said to Su Guoyao.

Su Guoyao was a wife-bearer, he didn't even dare to speak loudly to Jiang Lan, when had he ever hit Jiang Lan, this made him a bit unable to do it.

But if he didn't hit, those security guards could do a lot worse!

Chapter 115

"The strength satisfies me in order to make her suffer less, so pay attention." Tian Ling'er warned to Su Guoyao.

Jiang Lan closed her eyes, willingly beaten by Su Guoyao for the first time, and said, "Su Guoyao, if you dare to let me be beaten a second time, I won't let you off."

Su Guoyao bit his teeth, for so many years, it was impossible to say that he didn't have a bit of holding back in his heart, being ridden by a woman, although he gave up his dignity, but the fire was getting worse by the day.

"Pah."

A loud slap on Jiang Lan's face, Jiang Lan's entire body spun around before falling to the ground.

This slap brought together all of Su Guoyao's grievances over the years.

It was cool!

It was so refreshing that it was beyond words.

Su Guoyao felt his heart was suddenly much happier.

Jiang Lan was dizzy from the beating, her face was hot and painful, and soon her cheeks were swollen.

"Not bad, I'm quite satisfied, let's leave this matter at that." Tian Ling'er clapped her hands and left.

After Jiang Lan slowed down, she stood up and kicked Su Guoyao a few times, cursing and saying, "Su Guoyao, are you looking for an opportunity to get back at me?"

"If I don't hit you, will the Celestial Spirits leave you alone?" Seeing the raging Jiang Lan, Su Guoyao wimped out again.

Su Yingxia pulled the furious Jiang Lan and said, "Mom, how can you blame Dad, if he doesn't hit harder, can those security guards be lighter than Dad?"

The reasoning Jiang Lan understood, but she couldn't accept being beaten so badly by Su Guoyao and threatened, "From today onwards, you don't enter my room."

Su Guoyao smiled bitterly, when Jiang Lan was unreasonable, he could only accept his fate.

"Su Yingxia, that wimp Han Qianqian just left without any intention to help me, do you think he still puts my mother-in-law in his eyes?" Jiang Lan said.

Su Yingxia knew Han Qianli's intentional departure, but how could Han Qianli be blamed for what Jiang Lan herself said yesterday?

"Mom, watch what you say from now on, or this won't be the last time." Su Yingxia warned.

In front of the villa's gate, Han Giang wasn't in a hurry to go home but was in the garden.

He knew that leaving just now was likely to add ice to his relationship with Su Yingxia, but after allowing Jiang Lan to be unreasonable for three whole years, Han 3000 was unwilling to retreat any further, and even if he had to endure grievances for Su Yingxia's sake, it was almost the end of the line.

What's more, if he doesn't get strong, this relationship between him and Su Yingxia is bound to end without a hitch, because Jiang Lan won't give up messing around in their relationship.

Sometimes when you think about it, Shi Jing's words have some truth to them.

It was just that Han Qianqian had his own layout, so at this stage, he couldn't expose his strength yet.

After Su Yingxia parked her car, she saw Han Three Thousand in the garden and paused in her steps for a moment before walking towards the villa.

Han Three Thousand sighed and walked up the mountain path.

"I once said that I would show you the scenery of Yanjing, and I'll never break that promise."

Sitting on a boulder on the mountainside, Han Three Thousand's eyes were somewhat lost, ever since he left the Han family, his purpose was clear, he wanted to make all those who looked down on him and thought he was a waste of space regret, at the same time, he wanted to take Su Yingxia to the most beautiful scenery in the world.

The Han family!

Are you ready to regret it?

Late at night on the top of the mountain, foggy and hazy, Han 3,000 sat up all night, dew-filled, until the sky was white with fish bellies he didn't get up.

Stretching his back, his body erupted with the sound of soybean bursting.

Shortly after descending the mountain, Su Yingxia stood where Han 3000 had been before, looking north, his eyes longing.

Five days later, Cloud City's annual big day could almost be said to be an event for the high society, as it was the birthday of the Tian family's old master, Tian Changsheng.

The Peninsula Hotel, as the most luxurious five-star hotel in Cloud City, had stopped all guest receptions a week ago, they had to prepare for Tian Changsheng's birthday, on the day of the birthday, except for those invited to the birthday banquet, no idle people were allowed to appear, even the waiters within the hotel were carefully selected to be able to work on that day, it was enough to see how strong the influence of this matter was in Cloud City.

One by one, luxury cars drove into the hotel parking lot, and the people who got off in front of the hotel were all frontline figures of Yun City's government and business.

Ten people from the Su family were considered the army at the birthday banquet, among them Su Hechao Su Yehan was listed, as the head of the west project of the city, Su Yingxia naturally would not be left behind, in addition to the old lady, among the remaining six people were Su Guolin and others, all of them were more core members of the Su family.

The old lady handed in her invitation, and the special service staff led them to the exclusive Su family's seat, which wasn't far from the main seat of the banquet venue, which made the old lady properly excited again.

The seating order within the venue, as well as where each participant landed on their seats, were all stated, the closer to the main seat, it was said that the more valued the tomorrow family was, the Su family was able to leap from not being able to enter before to occupying a table and still being close to the main seat, this elevation in status was like stepping over a high mountain.

"Didn't that trash Han Qianxiang say that he was personally invited by Tianchang Sheng? Why don't you see that loser coming?" Su Haichao sized up the people in the venue, many first-tier dudes were here today, but these people weren't the object of his attention, Han Qianli was.

"Hai Chao, pay attention to your words, how can you call the old man by his name here?" The Su family's old lady reminded in a cold voice.

Su Haichao silenced, quickly covered his mouth and said, "Grandmother sorry, I will pay attention."

"Hai Chao, how can you believe what that trash said, look at all these people present, but they are all dignitaries, what qualifications does he have to come." Su Yehan said disdainfully.

"Ying Xia, he's your husband, didn't you remind him when you went out today? He's not trying to use the excuse of forgetting to avoid this matter, is he." Su Ye-han turned to look at Su Yingxia with a smile.

When Su Yingxia woke up early in the morning, Han Giangli was still sleeping, and Su Yingxia wasn't sure if he could come.

"What does it have to do with me whether he comes or not." Su Yingxia said coldly.

"So eager to get rid of him, didn't you think you'd be afraid of losing face? Three years and you still haven't gotten used to it?" Su Hai Chao teased.

"Hai Chao, but he said that if he sees you once, he will kneel once, don't you forget that." Su Yeh Han reminded Su Hae Chao.

"How could I forget, this wimp, I have to meet him every day, when I kneel until I'm satisfied, maybe I'll be merciful and let him go." Su Haocho said proudly, he had been beaten twice by Han three thousand twice before, and now he finally had the chance to take revenge, he could not wait to appear in front of Han three thousand immediately after attending the birthday party so that Han three thousand could kneel down for him.

"By the way, is Han 3000 a dog?"

"It should be, why else would you kneel at every turn?"

"But a dog wants a tail at every turn, Hai Chao, you'll have to let Han Giang wag your tail."

The other Su family relatives also followed and ridiculed.

Su Haichao that smugness can't be contained at all, even said, "Let's forget it, raising this kind of wimp dog is also a disgrace to me as the master, why bother."

"That's right."

As more and more people entered the venue, Han Qianli still hadn't shown up, and Su Haichao became more and more confident about this matter.

In a certain presidential suite on the top floor of the hotel.

Han Qianli and Tian Changsheng fought a few games of chess and lost the old man to a depressed face, and the guy also looked down on people, playing with his phone while playing chess.

"Old man, when is your friend coming." Han Giangli asked with a smile.

Tian Changsheng was so angry that he pulled out his phone and threatened Han Qianli, "Wait for me, if I don't extinguish your prestige today, the old man will call you master from now on."

Han Qianqian couldn't help but laugh and said, "It's not quite appropriate for you to be my disciple at such an old age, but if you're really willing, I'm fine with it."

"Old thing, when are you coming, I'm going to be someone else's apprentice, so why are you dawdling." After Tian Changsheng dialed the phone, he said with a bad tone.

The other party and him should have a good relationship, otherwise Tianchang Sheng wouldn't have spoken in such a tone.

"Coming here, what's your hurry." At this time, the door pushed open and an old man with white hair walked in, followed by a young man and woman.
