

His True Colors Chapter 1301-1310

Chapter 1301

"Ling'er, why are you talking, it's not polite." Tian Chang Sheng snapped at Tian Ling'er, although he had expected that he wouldn't be able to control Tian Ling'er, he hadn't expected that Tian Ling'er would speak to Han Qianqian with such an attitude.

Han 3000 was indeed just a child on the surface and wouldn't feel half as threatening, but Tian Chang Sheng was very clear that his abilities were enough to overturn the entire Heavenly Family, which was after all a role that even that person needed to kneel down to.

Tian Ling'er didn't care what Tian Chang Sheng's attitude was, she had never put Tian Chang Sheng in her eyes and belonged to the spoiled and completely fearless.

Walking up to Han 3,000, Tian Ling'er brazenly sized Han 3,000 up from bottom to top and continued, "What's your great point?"

This made Tianchang Sheng's forehead break out in cold sweat, even he, even that person, wouldn't dare to talk to Han Qianqian like this ah.

Unfortunately, he couldn't stop it now, and could only let it happen, while also praying in his heart that Han 3000 wouldn't get along with Tian Ling'er.

"Then tell me, what would it take to be powerful?" Han Giangli smiled, treating Tian Ling'er, he naturally wouldn't be generally knowledgeable, after all, they would become brother and sister in the future, so naturally he would have to be more tolerant of his sister at this point.

Tian Ling'er locked her eyebrows and thought carefully, saying, "At the very least, it should look impressive."

There was no specific description, as Tian Ling'er didn't know what she thought awesome should look like.

This made Han Qianli laugh and cry.

Luckily, Tianchang Sheng stepped forward at this time to relieve Han 3,000 and said to Tian Ling'er, "Didn't we agree before we came here that we shouldn't be so rude."

Tian Ling'er took a look at Tian Chang Sheng, then stood beside Han 3,000 and said, "Grandpa, where was I rude, I was a good boy."

Faced with Tian Ling'er playing helpless, Tian Chang Sheng had no way at all, and could only say to Han Qianqian, "Little brother, this granddaughter of mine, she's a bit naughty, I hope you'll be kind enough to bear with her."

"It's okay, it's normal for little girls to be a little naughty," Han Qianqian said with a smile.

Seeing that Han Qianqian wasn't angry, Tianchang Sheng was relieved, and after glaring at Tian Ling'er, he didn't say anything else.

"Little brother, you're so powerful, can you be my friend?" Tian Ling'er asked Han Qianqian.

"Why don't I be your brother?" Han 3000 said.

"Yes, yes, yes." Tian Ling'er clapped her hands, looking very excited.

Tian Changsheng, on the other hand, was a bit dazed after hearing this, and at the same time, his inner titillation was a bit close to being out of control.

Having Tian Ling'er be Han Qianqian's sister, this was definitely great news for the Heavenly Family.

Tian Chang Sheng had never expected that bringing Tian Ling along with him would lead to such unexpected gains.

If he could really treat Tian Ling'er as his sister, then wouldn't the Heavenly Family have the equivalent of Han Qianqian as a patron.

Although Cloud City was still under the control of the Heavenly Family and the Heavenly Family didn't need a patron, no one could say what the future would hold, and the existence of Han Three Thousand's guarantee was definitely only good and not bad for the Heavenly Family.

"Brother, if someone bullies me in the future, will you help me?" Tian Ling'er asked.

"Of course, as long as someone bullies me, you tell me and I'll take revenge for you." Han Qianli said, before being reborn, Tian Ling'er had helped Han Qianli quite a bit, and no matter what she did, Tian Ling'er's stance would be unwavering, now that she was reborn for a lifetime, Han Qianli still had very deep feelings for this sister, if she was in any unexpected trouble, Han Qianli would never stand idly by.

The conversation between two little kids slightly seemed ridiculous to adults, but the fact that Tianchang Sheng knew Han Qianxiang's identity meant that he understood what kind of weight such promises carried.

These weren't jokes, and they wouldn't make Tianchang Sheng feel ridiculous.

"Little brother, why don't you come to my house for dinner tonight?" Tian Changsheng suggested that since these two had become brother and sister, the Tian family should also show something.

Han Giangli thought that there was nothing special coming up next, and he wasn't going to go to school today to avoid making Su Yingxia suspicious, so he agreed.

"I'll immediately go and order my servant to prepare dinner." Tian Changsheng stepped aside and made a call to his home.

Han Qianqiang was going to the Tian family for dinner, so naturally, she had to be treated with hospitality, not just some homely person who could be perfunctory.

At the same time, Tian Changsheng also called Tian Honghui and told him to make sure to come home at night.

After hearing Tian Honghui's request, he said somewhat helplessly, "Dad, I'm afraid I can't do it when I have a social function with a few bosses tonight, you're so sudden."

This made Tian Changsheng immediately discontented, what kind of bullsh*t social gathering can be as important as having dinner with Han Qianqiang?

In Tian Changsheng's eyes, those flatterers were just trying to please the Heavenly Family, and such a dinner party would not get any benefit other than allowing Tian Honghui to satisfy his vanity.

"I don't care who you have to socialize with, you must go home tonight." Tian Changsheng said.

When Tian Honghui felt Tian Changsheng's resolute attitude, doubts arose in his heart, was this something important that had happened, and that was why he must go home for dinner?

"Dad, what's going on, what's so special about it?" Tian Honghui was confused.

"There is a very important guest coming to the house for dinner tonight, and the future fate of the Heavenly Family can rest on him." Tian Changsheng explained.

Tian Honghui was shocked, a person who could make Tian Changsheng pay so much attention to him must not be a minor character, and after thinking about the evening's social gathering, it really wasn't anything important, so he could only say, "Okay, I'll immediately put off tonight's social gathering, and I'll be sure to return home on time."

Tian Changsheng didn't say anything and directly hung up the phone.

"Little brother, everything is ready, looking forward to your big visit." Tian Changsheng said.

"Call me Three Thousand, the words little brother seem a bit harsh." Han Qianqian smiled.

Tianchang Sheng was all smiles, the creases on his face could almost catch a mosquito, and said, "Yes yes yes, all at your service."

"Brother, your name, is it Three Thousand?" Tian Ling'er asked curiously.

"How's it going, Han 3000, is it good?" Han Three Thousand smiled.

Tian Ling'er pursed her lips, then uttered a question that Han Qianli couldn't answer, "Why is it called three thousand, isn't it thirty thousand? Isn't thirty thousand more than three thousand?"

Tian Chang Sheng heard this on the side, the seal hall blackened, what kind of question was this, how could Tian Ling'er make fun of his name?

Just as Tian Changsheng was about to reprimand Tian Ling'er, Han Giangli smiled and said, "When there's a chance in the future, I'll introduce you to my mother, so ask her then."

Chapter 1302

Tianchang Sheng found a problem, Han Qianqian's treatment of Tian Ling'er seemed especially accommodating, no matter how rude Tian Ling'er was, Han Qianqian didn't get angry.

Based on their first meeting today, so Tianchang Sheng felt a little strange about this tolerance, how could Han Qianqian's status tolerate such an impolite little girl?

Tian Changsheng suddenly had a very shocking idea, was it because Han Qianqian had some special thoughts about Tian Ling'er that he was extraordinarily generous?

But Tian Ling'er was just a little girl ah, and even Han Qianqian himself, was a boy, how could he have such thoughts?

Tianchang Sheng had always been extra strict in protecting Tian Ling'er, just in case some unsightly little thing abducted Tian Ling'er, but Tianchang Sheng was also a bit more tolerant in the face of Han Qianqian, and although there were certain things he still didn't want to see happen, Tianchang Sheng would still be very happy if the two could really grind out a different spark in the future.

If the relationship between siblings took a step further, then the relationship between the Tian family and Han Qianxiang would naturally become even more indestructible.

Of course, this was only Tianchang Sheng's unilateral speculation, and Han Qianxiang's true thoughts were unknown to him.

"Three-thousand, if there's anything you're not satisfied with here, feel free to bring it up and I'll have the workers do what you want." Tian Changsheng said to Han Three Thousand.

Han Qianqiang had already gone around the villa and understood the general situation, and although it wasn't exactly the same as the style Su Yingxia liked, it was very similar, so he was still satisfied.

"No, it's fine already, thank you for your help." Han Giangli said.

Faced with Han Giangli's feelings, Tian Changsheng didn't dare to take it lightly and waved his hands incessantly, "No, no, no, it's all I should do."

"If there's nothing else, I'll be leaving first, I'll be at the Tian family on time tonight." Han Giangli said.

Tian Changsheng didn't stay, in case Han Three Thousand had something important to do, he couldn't afford to hold Han Three Thousand up because of himself.

Instead, Tian Ling'er, directly took Han Three Thousand's hand and asked, "Brother, where are you going to play, can you take me with you?"

Looking at Tian Ling blinking his big, watery eyes, Han Qianli was still a bit reluctant to refuse inside, but in this situation, if Tian Chang Sheng went with him, Tian Ling would definitely feel relieved, and it was somewhat inconvenient to bring Tian Ling with him, so Han Qianli still refused.

"Next time, I have something else to do today," Han Three Thousand said.

In order to avoid pestering Tian Ling'er, Tian Changsheng quickly said to Tian Ling'er, "Ling'er, go home with grandpa first, and you'll be able to see three thousand at night."

Only then did Tian Ling'er reluctantly let go of Han Three Thousand's hand.

After walking out of the villa, Little Dragon immediately came up after seeing Han 3,000.

"Boss, the old man of the Heavenly Family is even here, you're too powerful." Xiaolong couldn't help but say.

The fact that Tian Changsheng would treat him so courteously must have something to do with that middle-aged man, and Han Kuang was certain that that middle-aged man must have said something to Tian Changsheng.

But it didn't matter, there was no grudge between Han Three Thousand and the Tian family, and by treating Tian Chang Sheng in this manner, Han Three Thousand would be able to face the Su family with much less trouble in the future.

"Let's go to the Tian family for dinner tonight, you can come with me." Han Qianli said.

Go to the Celestial Family and eat!

Little Dragon's jaw dropped in shock, that place wasn't a place where just anyone was qualified to go, and if you wanted to enter the gate of the Celestial Family, you had to have a very high status to do so.

"Boss, it's better if you go." Little Dragon said weakly.

"Why?" Han Giangli looked at Xiaolong puzzled.

"I'm a little scared of that kind of place." Xiaolong lowered his head and said with a timid face.

"Aren't you one of the bullies of College Street, why are you afraid of a meal now?" Han Giangli smiled and ridiculed.

Little Dragon was full of embarrassment, his name was all self-appointed, and what he normally did was bullying and fearing, when he encountered a true top ruthless character like the Heavenly Family, he was just a mole in his eyes, how could he dare to be the slightest bit insolent.

"Boss, don't make fun of me, I'm a bully, I'm just scaring people, I don't have any real skills." Little Dragon said.

"Since you don't have any real skills now, you have to hone your real skills slowly, there are still many big scenes to see in the future, and if you're afraid of a meal, what use am I going to have you?" Han Giangli said.

"Boss, you can't not want me." Xiaolongton was hard pressed, it was hard to keep up with such a fierce and borderless boss, he didn't want to be abandoned.

"Let's go, take me around Cloud City." Han Giangli said.

The memories of Cloud City were still very deep, but there were some places that were worth Han Three Thousand's time to reminisce about, such as the Flying Saucer House, which held very fond memories for Han Three Thousand, and it was there that Han Three Thousand gave Su Yingxia the first surprise of her life, making her the envy of all Cloud City's people.

Xiaolong drove, to the streets of the Flying Saucer House, everything here, and before the rebirth still has a lot of changes, not as prosperous as before, and not a lot of well-known businesses stationed, but the restaurant of the Flying Saucer House, already in.

Han 3000 inevitably thought of the surprise he had created for Su Yingxia that night, which was the first time he had seen Su Yingxia cry like a tearful man.

Thinking of these things, Han three thousand inevitably also a little wet eyes, unconsciously wiped with his hand, because Su Yingxia after following him, suffered too many grievances, also from that day, Han three thousand only really began to change, for the sake of Su Yingxia.

When Xiaolong saw this scene from the rearview mirror, although he was curious, he didn't dare to ask more questions and just stayed quietly.

On the other hand.

Tian Honghui was very curious about the object of tonight's dinner party, because he had rarely seen Tian Changsheng in such a solemn state now, after all, there was no one worthy of the Tian family's concern in Yun City now, and the man from the hillside villa had also left Yun City, so it was hard for Tian Honghui to imagine what kind of person could make his father pay such attention to him.

"Tonight's party is cancelled, I have to go home." Tian Honghui called his friends one by one to cancel the party.

The so-called social gathering was nothing more than a bunch of grown men drinking and having fun together, but of course, women were inevitable, so Tian Honghui was still somewhat lost in his heart.

But thinking about what Tian Changsheng said and the attitude he showed, even if he was lost, Tian Honghui didn't dare not to go home.

After hanging up the phone, Tian Honghui's mind repeatedly guessed what other people in Cloud City could be important to Tian Changsheng, but couldn't come up with an answer.

"Hey, I hope the people I meet tonight don't disappoint me, or I'll lose a lot." Tian Honghui said to himself.

Chapter 1303

Tian Hong Hui returned home early, and when he found out that Tian Changsheng had specially found a few famous chefs to return home, he was even more curious about the identity of tonight's guest, because the Tian family had never received any guest in such a grand manner in their history, and Tian Changsheng had personally supervised in the kitchen, such an attitude was enough to show the importance of tonight's guest.

But now in Yun City, did there really still exist people who could be treated in such a high standard by the Heavenly Family?

"Girl, do you have any idea what kind of guests are coming to the house tonight?" Tian Honghui walked over to Tian Ling'er who was watching TV and asked.

Tian Ling'er smiled and said, "My brother."

"Brother?" Tian Hong Hui looked startled, when did Tian Ling'er have a brother, but he didn't know anything about this.

"When did you have a brother, how come I don't know." Tian Honghui asked curiously.

"There is today, of course you don't know." Tian Ling'er said.

Tian Honghui sat beside Tian Ling'er and said softly, "What's going on, tell Dad quickly."

Tian Ling'er's position in the family was extremely high due to being pampered by Tian Changsheng, and sometimes even Tian Honghui, her own father, wouldn't even take notice of her, and even when she was watching TV, it was a common occurrence for her to ignore Tian Honghui.

But when it came to Han Giang, Tian Ling'er was especially talkative and in that incessant state.

"My brother is awesome, even grandpa is cautious about him, and he's handsome." Celestial Spirits said with a smile.

"How old is he, anyway?" Tian Honghui was curious.

"En" Tian Ling'er frowned, after all, she hadn't learned about the age thing like Han Giang, but from what she felt, it was only a few years older at most.

"It can't be about the same age as you, right?" Tian Honghui guessed that to be able to be called a brother by Tian Ling'er, in his opinion, he must not be very old, and the negative would never be an equal.

But if he was really close in age to Tian Ling'er, then he was just a child, so how could he get Tian Changsheng's attention?

"A few years older than me, I think, Dad, why are you asking so many questions, you'll see him tonight." Tian Ling'er said and focused on the TV again.

Tian Hong Hui knew that he could see at night, but now he was really curious, so he wanted to know more about this person.

"Do you know what his name is?" Tian Hong Hui continued to ask.

"Han Three Thousand Years, isn't that nice." Tian Ling'er said with a smile on her face.

"Han Three Thousand?" Tian Honghui silently recited the name, it was too unfamiliar, so unfamiliar that Tian Honghui had never even heard of it, and it seemed that there were no large families in Cloud City with the surname Han, could it be that this kid was from out of town?

The many guesses didn't allow Tian Honghui to learn more about Han 3,000, but rather, after knowing Han 3,000's age, Tian Honghui had more confusion.

At this time, the Maybach was still parked in the UFO building, and Xiaolong found Han Qianqian gazing out the window with deep eyes, a particularly mature look that simply shouldn't be possessed by a child.

For a time, it gave Xiaolong an illusion that this boss in the backseat didn't seem to be a minor.

"Boss, is this place special to you?" Little Dragon couldn't help but ask.

Hearing this, the corners of Han Giang's mouth unconsciously rose and said, "It's very special indeed, this place has changed my face and made me truly aware of what I should do."

"Boss, I'll say a disrespectful word, you're young, but I have a feeling that you have a lot of life experience, how did this come about?" Xiaolong was curious.

This was a long story, and even if Han Three Thousand Year had told Xiaolong, he probably wouldn't have believed it.

Who could believe that Han Third Thousand was reborn to the stage of fourteen years old.

Who could believe that Han 3,000 had ever set foot in a world outside of Earth.

These experiences were definitely unique to the entire Earth, and could be described as more than just the word rich.

"It's almost time, let's go to the Celestial Family." Han Three Thousand said.

"Yes." Xiaolong responded and drove off towards the Celestial House.

After leaving the main street, it wasn't long before Han Three Thousand Years suddenly said, "Stop the car."

Xiaolong subconsciously slammed on the brakes and came to a sharp stop directly in the driveway, and if it weren't for the distance between the rear cars, a tailgating** would have occurred.

"Boss, what's wrong?" Xiaolong was a little panicked and asked Han Marchant.

Han 3000 opened the car door and got out of the car directly in the driveway, Xiaolong was a little confused and didn't know what was happening, so he could only pull over to the side of the road.

The reason for Han Giang's sudden reaction was because he had been looking out the window and had seen a face that was familiar to him, but this face, just wasn't supposed to appear at this time.

As Su Yingxia's future classmate, Qi Yiyun should have at least come to Cloud City when she was in high school.

Of course, everything had changed nowadays.

Han Qianqiang had helped the Qi family solve their troubles, and now they didn't have to leave the country, so Qi Yiyun's trajectory was bound to change as well.

"Why are you here?" Han Giangli walked up to Chi Yi Yun and asked.

Chi Yiyun was all alone, pulling her suitcase and looking particularly helpless.

She had naturally come to Cloud City because of Han Qianqian's words, but she had come too suddenly and wasn't prepared for life in Cloud City, so she had been wandering for two days.

When she saw Han Three Thousand, Chi Yi Yun jumped right into Han Three Thousand's arms.

Hearing Qi Yiyun's soft sobbing, Han 3,000 had a feeling of being at a loss for words for a moment.

"What's wrong with you?" Han Giangli asked.

Qi Yiyun raised her head, her big teary eyes looking at Han 3,000 and said, "I came to find you."

Han Giang's heart sank, getting to know Qi Yiyun too early seemed to have led to an unexpected result for him.

Chi Yiyun had come to Cloud City for him, which would certainly make their relationship extraordinary, but Han Qianqian, who hadn't even managed Su Yingxia yet, mustn't get involved with Chi Yiyun prematurely.

"You shouldn't appear at a time like this," Han Three Thousand said.

When Qi Yiyun heard this, tears came to her eyes, and Han Qianli's words were like a rejection of her, making her instantly turn into a tearful person.

"Don't cry yet." Han Qianli quickly said, a woman's tears were like bombs that had great power over Han Qianli.

"Are you going to drive me away?" Qi Yiyun asked tearfully.

Han Giangli subconsciously shook his head, how could he drive Chi Yiyun away in this situation?

For a long time, Han Qianqian has felt a sense of guilt towards Qi Yiyun because Qi Yiyun helped him too much in his last life, but Han Qianqian had to choose to end the entanglement between them by hurting her.

Now that is facing Qi Yiyun again, Han Three Thousand simply doesn't know what he should do.

Chapter 1304

When Xiao Long in the car saw this scene, he finally understood why the boss was urgently calling to stop the car, so he had seen his young mistress.

However, Little Dragon did not expect that the boss already had a woman at a young age, and he, in fact, was still a single dog, which made Little Dragon could not help but sigh a little.

"Hey, the boss has a little girlfriend, and I don't know when I'll be able to hold a beauty."

Han Qianlian brought Qi Yiyun to the car, since she had already arrived in Cloud City, Han Qianlian couldn't drive her away, he could only bring her along for the time being, as for what should be the next arrangement for Qi Yiyun, Han Qianlian would have to give it some thought.

First of all, the current Qi Yiyun had to go to school, and this matter had to be handled for Qi Yiyun.

As for where Chi Yi Yun was going to live in the future and what kind of way she was going to live, it was still up to Chi Yi Yun's own choice.

"Boss, is this sister-in-law?" After getting into the car, Xiaolong smiled and asked Han Qianli.

The word "sister-in-law" should have been a term of endearment for Su Yingxia, but it wasn't something that Xiaolong could blame, after all, he didn't know Han 3000's secret.

"What's the waste of words, hurry up and drive." Han Three Thousand's stern voice.

"Alright." Xiaolong smiled and responded, continuing to drive towards Tianjia.

Chi Yi Yun wiped away the tears from the corners of her eyes, for her to be able to find Han Third Thousand, she would be able to feel at ease about what was to come.

And as long as she followed Han Qianqian, Qi Yiyun would have a very strong sense of security, something that no one had ever made her feel, even Qi Donglin had never felt this way to her.

The journey was wordless.

When they arrived at the Tian family, Tian Changsheng and Tian Honghui, as well as Tian Ling'er, were already at the villa's entrance to greet them.

This was a villa that belonged exclusively to the Tian family, the entire villa area was filled with people from the Tian family, and it could be said that after Tian Changsheng had gained the way, the entire Tian family, but everyone who had some blood relations, had enjoyed the benefits.

Tian Ling'er happily ran to the side of the car, but when she saw Chi Yiyun in the car, her face darkened quite a bit and she still had a sense of hostility towards Chi Yiyun.

Tian Changsheng also didn't expect Han Qianli to bring a young girl with him to attend, so it seemed that the relationship between this young girl and Han Qianli must be extraordinary.

Previously, Tianchang Sheng had guessed that Han Three Thousand might have other thoughts about Tian Ling'er, but now it seemed that it was probably a wrong guess.

Even though Tian Ling'er was Tian Chang Sheng's own granddaughter, after seeing Chi Yi Yun, Tian Ling'er still had some gaps in terms of her looks.

"Brother, why did you just come, I've been waiting for you for a long time." Tian Ling'er said to Han Giang with a complaining face, although they had known each other for less than a day, Tian Ling'er treated Han Giang in a very affectionate manner.

Han Three thousand had long since gotten used to this feeling, and in his last life, Tian Ling'er would stick to him all day long, and not only him, but the rest of the Han family, Tian Ling'er was likewise very intimate.

Chi Yiyun, who was standing beside Han Qianli, had the feeling of a proper palace, and she was completely oblivious to the deliberate intimacy of this little demon, Tian Ling'er.

"Dad, is this the guest of honor?" Tian Hong Hui asked softly to Tian Changsheng, in his opinion, this was just a little kid, what was so special about it, why was it able to get Tian Changsheng's attention?

Hearing Tian Honghui's questioning voice, Tian Changsheng said coldly, "Put away your look of contempt, the survival of the Heavenly Family is just a matter of his words."

Tian Honghui left his mouth open, no one could shake the Tian family's position in Cloud City, how could a little kid decide the fate of the Tian family.

In Tian Honghui's opinion, Tian Changsheng was being staged, and even had some other kind of purpose.

Entering the Heavenly Family villa, Tian Ling'er enthusiastically introduced the layout of the villa to Han Qianqian.

In the past, when the Tian family had guests, Tian Ling'er wasn't even interested in appearing, but the enthusiasm she showed in the face of Han Qianqian was unprecedented, which inevitably gave Tian Honghui a strange feeling.

This little girl, she shouldn't like this brat, right, or else how could she behave so abnormally?

At this moment, a security officer passed by, and Tian Ling'er immediately called out to him.

The security officer lowered his head and acted in a very respectful manner, asking, "Miss Spiritual, what is your order."

"Look up, look at my brother, remember his appearance, in the future when he comes to my house, no one will be allowed to stop him, if anyone doesn't have eyes, don't blame me for being rude." Tian Ling'er said.

"Yes." The security officer hurriedly looked up and looked at Han Qianqian, then memorized Han Qianqian's appearance in his head.

What kind of person Tian Ling'er was, all the security personnel of the Tian family knew that once they messed with this lady, there would be absolutely no good consequences, so what she had said had to be taken to heart.

"Alright, there's nothing else to do, you can go." With a wave of Tian Ling'er's small hand, the security staff left.

At the same time, Tian Ling'er also looked at Qi Yiyun proudly, as if she was deliberately displaying her status.

But all of this, Chi Yiyun did not put it in her eyes, although her family's situation could not be compared to the Tian family, Chi Yiyun was, after all, also from an extraordinary background, and her eldest sister's strength was even stronger than Tian Ling'er's.

Tian Ling'er was on the eccentric and eccentric side, and had a lovely nature both on the surface and inside.

Chi Yi Yun, on the other hand, was a city and an aura gathered in one, and was completely two types from Tian Ling'er.

To really say who was stronger than who between the two, it was clearly Chi Yi Yun who had the advantage, after all, cuteness was just an appearance, while city and qi field were a person's ability.

"Brother, I've prepared a lot of delicious food for you, let me show you." Tian Ling'er pulled Han Qianli's hand and darted straight towards the restaurant.

Han 3,000 could feel Tian Ling'er provoking Chi Yi Yun all the time, but Han 3,000 also knew that Chi Yi Yun didn't care about any of this, but it still gave him a bit of a headache.

Two women were already troublesome enough, and with Su Yingxia added to the mix in the future, three women in one play, Han Three Thousand really didn't know how he should deal with it.

However, in Han three thousand's heart, Tian Ling'er's identity as a sister would never change, and it was impossible for him to have male or female feelings for Tian Ling'er due to certain factors.

As for Qi Yiyun, Han Qianli really didn't dare to guarantee it, because he had done too many wrong things to Qi Yiyun in his last life, and Han Qianli had thought at that time that if there was an afterlife, he would definitely find a chance to repay Qi Yiyun.

Although it was just a thought at the time, but who could have thought that the next life would actually come!

However, faced with this opportunity, Han Qianqiang still couldn't do it to lose Su Yingxia because of making up for Chi Yi Yun.

Chapter 1305

After Han Third Thousand was dragged away by Tian Ling'er, Tian Changsheng focused his attention on Chi Yi Yun.

For this girl who had suddenly appeared, Tianchang Sheng guessed that she must be Han Three Thousand's friend, and since she was a friend, she naturally knew more about Han Three Thousand.

Tian Changsheng currently only knew that Han Qianxiang was very powerful from that middle-aged man, but knew nothing about Han Qianxiang's actual background, and it would be very important for Tian Changsheng if he could get some information from her about Han Qianxiang's identity.

"Young lady, have you known Three Thousand for a long time?" Tianchang Sheng asked Qi Yiyun in a soft voice.

It wasn't that long to say that she had known him for a long time, but Chi Yiyun knew that Han Giang had incredible control in Yanjing and she had guessed the reason why Tianchang Sheng was talking to her.

"If you want to understand him, I advise you to ask him yourself, you won't get any answers from me." Chi Yi Yun said indifferently.

Tian Changsheng's eyebrows curled, these little girls should be very gullible, getting words out of her was definitely an easy task for an old fox like Tian Changsheng.

But Tianchang Sheng never thought that Chi Yi Yun would say such words.

"No, I was just asking casually." Tian Changsheng denied his true intentions because he felt that this little girl was not easy to deal with, and in case she said too much, it wouldn't be good for the Tian family if she relayed these words to Han Qianqiang.

Chi Yiyun smiled faintly and said, "Don't treat me like an ignorant little girl, I know exactly what you want to do, but I can also tell you the truth, I don't know much about him, only that he's very powerful."

Faced with Chi Yi Yun's attitude, Tian Changsheng could accept it, after all, she was Han Giang's friend.

But Tian Honghui, who was on the side, was a little unacceptable.

In Cloud City, who would dare to treat his father with such an attitude?

"Do you know what this place is, little girl?" Tian Honghui asked Chi Yi Yun in a cold voice.

Qi Yiyun directly stopped and looked at Tian Honghui with unassuming eyes and said, "Are you going to drive me away? Or are you trying to threaten me with your own identity?"

Tian Honghui's heart lit up with a fire, such a little girl dared to speak to him with such an attitude, and a kind of ignorance.

"Do you think I wouldn't dare? Tian Honghui gritted his teeth and said.

Chi Yi Yun suddenly showed a smile like a flower and said, "You can try."

Tian Changsheng slapped the back of Tian Honghui's head, this was Han Giang's friend, offending her would be the same as offending Han Giang, which was something that could never be done.

And Tian Changsheng could sense that this little girl was not ordinary either, her aura was like that of an adult, this was definitely something that she had enough strength to back up.

"Little girl, this is my son, not very good at speaking, you are more than forgiving." Tianchang Sheng said to Chi Yi Yun.

Chi Yiyun nodded and said, "I won't be bothered with him."

Tian Honghui's eyes were on fire, just a little girl like that, not bothering with him?

This high-minded attitude was almost about to make Tian Honghui explode.

But when he felt the cold eyes of Tian Changsheng, Tian Honghui could only force down the anger in his heart.

Taking a deep breath, Tian Honghui said to Tian Changsheng, "Dad, I still have some important things to do, so I'll skip this dinner party."

Tian Honghui couldn't bear the fact that these two little kids were the guests of the Tian family, and he couldn't accept the fact that he was eating at the same table as them even more, so he planned to find an excuse to slip away.

But Tian Changsheng's words directly made Tian Honghui freeze in place.

"If you leave this house, you'll never have to come back." Tian Changsheng said faintly.

Tian Honghui, who had only taken a few steps, had to stop, even though he would lose face in front of Qi Yiyun, he didn't dare to take another step, because he knew that what Tian Changsheng said was never a joke.

If he really dared to leave the Celestial Family at this time, then there would no longer be a place for him.

Chi Yi Yun laughed and did not fall into the trap, walking towards the restaurant.

Xiaolong looked at Qi Yiyun with his remaining light and thought to himself that the boss wasn't simple, and neither was his sister-in-law, who had put Tian Honghui in such an embarrassing situation, and she still looked as if she hadn't changed her face.

If this were anyone else, they would have come to the Tian family with trepidation, but she didn't show any cowardice at all.

A woman worthy of being the boss, her aura was truly different.

"Dad, these two little brats, are they really worthy of your attention?" After Chi Yi Yun and Xiaolong had walked away, Tian Hong Hui asked Tian Changsheng.

Tian Changsheng nodded his head heavily, took a deep breath and said, "Do you want to know why?"

Tian Honghui nodded decisively, of course he wanted to know why.

"That man in the hillside villa means a lot to the Heavenly Family, you should know very well, right?" Tian Changsheng said.

Tian Honghui didn't know much about this matter, but he had heard Tian Changsheng mention that if it wasn't for that person in the mountainside villa, the Tian family would never have developed today.

In Cloud City, the reason why the Heavenly Family was at the pinnacle was all thanks to that person behind it, and the starting capital for the development of the Heavenly Family was also provided by that person.

"Dad, you said that without him, there would be no Heavenly Family." Tian Honghui said.

"Yes, without him, there would be no Heavenly Family, and the power he has is by no means just domestic, but this is the one person who kneeled down to 3000, can you imagine what kind of picture that is?" Tian Chang Sheng smiled bitterly, he had never thought that Cloud City could have a person with a higher status than him, because in Tian Chang Sheng's eyes, that middle-aged man was almost omnipotent, as long as he wanted to do something, he would definitely be able to do it.

However, even he had to submit before Han Qianli, wasn't that enough to show how powerful Han Qianli was?

What is a mere Heavenly Family doing, bowing before Han Qianqian?

"Sh what!" Tian Hong Hui stared at him, looking incredulous.

Such a powerful character was kneeling in front of a little kid!

"How could he, how could he kneel?" Tin Hong Hui asked, puzzled.

"Because he wants to live, is that straightforward enough? He was kneeling in front of Han Qianli in order to survive, can you imagine what kind of person Han Qianli is again?" Tian Changsheng looked impressed.

Tian Honghui couldn't imagine it, because in his eyes, Han Qianxiang was just a child, but the truth was clearly not that simple.

"Dad, I now finally understand why a child can get such attention from you."

Chapter 1306

Tian Honghui could underestimate Han Qianqian because he didn't know Han Qianqian at all, but he couldn't underestimate that middle-aged man because he knew very well that the Heavenly Family's development today was inextricably linked to that man.

It was even that man who had made the Heavenly Family to have the status it had today.

And yet, such a man had to kneel down to Han Qianli and beg for his life, even if Tian Honghui was a fool, he should be able to understand Han Qianli's ability sideways.

It was just hard for him to accept why such a small child possessed such amazing abilities, and what kind of identity background did he have!

"Dad, do you know what kind of person Han Marchant is?" Tian Honghui asked cautiously.

Tian Changsheng looked helpless, if he knew, there would be no need to be confused, but unfortunately, his current knowledge of Han 3000 was not deep enough to know these things, and Tian Changsheng did not dare to casually investigate Han 3000 for fear that his small actions would cause Han 3000's displeasure after Han 3000 found out about them.

If such a person were to become estranged from the Heavenly Family, then the Heavenly Family's path would come to an end, so Tian Changsheng didn't dare to try.

"I'm warning you, you can be curious about his identity, but you should never investigate him casually." Tian Changsheng said to Tian Honghui, he didn't want some of this son's foolishness to harm the Heavenly Family.

If it wasn't for Tian Changsheng's warning, Tian Honghui would definitely use his connections to investigate this matter as much as possible.

But since Tian Changsheng had already said so, Tian Honghui could only dismiss the idea.

"Dad, are you afraid of causing his discontent?" Tian Honghui asked.

"The Tian family is high up in Cloud City, but you should be able to understand the truth that there are mountains outside the mountains and people outside the people, and that a mere Cloud City is nothing at all." Tian Changsheng said with a sigh on his face.

In the eyes of the people of Yun City, the Tian family was supreme, the number one family in the business world, and anyone had to be a little scrupulous.

But Tian Changsheng was very clear that the truly supreme figures, the ones that were above the entire Yan Xia, and even the world, were the ones that were really big, and the Tian family was not even a fart in the eyes of these people.

Tian Honghui was very arrogant in Yun City and didn't put anyone in his eyes, but he still knew what he was talking about with regard to Tian Changsheng's words, and the Tian family that left Yun City was nothing.

"I know what to do." Tian Honghui said.

"You know nothing." Tian Changsheng glared coldly at Tian Honghui and said, "If you really know, you should know that it's best if you do nothing, and that the relationship between the Heavenly Family and him is best maintained by Ling'er."

"Ling'er?" Tian Honghui looked startled, but Tian Ling'er was spoiled and bad-tempered, wasn't he afraid that Tian Ling'er would offend Han Qianqian, how could he let Tian Ling'er maintain the relationship?

"He was particularly accommodating to the spirits, but I don't know why," Tianchang Sheng said.

Previously, he had guessed that Han Qianqian was interested in Ling'er and that was why he was particularly tolerant of her, but after seeing Chi Yiyun, Tianchang Sheng dispelled that thought, and it seemed absurd for Han Qianqian to think that way given his current age.

More importantly, if Han 3000 was really interested in women, then mature and feminine would be his first choice, and Tian Ling'er, who was still a real young girl, didn't possess any bit of potential that a woman should have, so how could Han 3000 be interested in her?

"Dad, what you're saying is that he likes Ling'er?" Tian Honghui said with a smile.

Generally speaking, as a father, when one's daughter was young, one would try to protect her as much as possible, and never let some brat abduct her.

But Tian Honghui didn't think so, it would be an excellent thing for the Celestial Family if they could really allow Tian Ling'er to tie up Han Qianxiang.

"You're blind, didn't you see the girl that 3000 brought today, although I don't want to admit it, but her looks, she's so much better than Ling'er." Tian Changsheng said.

Speaking of Chi Yiyun, the expression on Tian Honghui's face became a little more strict, although he hadn't been in deep contact with Chi Yiyun, but through a few words, he had felt that Chi Yiyun was not simple.

And she still had a calm and self-assured manner when dealing with adults, and was not a shallow girl to deal with.

"Dad, this little girl is definitely going to be a ruthless character in the future," Tian Honghui said.

Tian Changsheng nodded in agreement, and it was because of this that he thought that Tian Ling'er was out of the picture, with such a girl by Han Qianqian's side, the other girls who wanted to get close would probably be played by Chi Yi Yun's methods and eventually leave the scene in disgrace.

"It's almost time for dinner, we can't keep him waiting too long." Tian Changsheng said and walked towards the restaurant.

By this time, Tian Ling'er had enthusiastically introduced the name of each dish as well as its taste to Han Qianli, and even knew the origin of each dish, which made Han Qianli a bit surprised.

In his last life, he hadn't realized that Tian Ling'er still had so much research on dishes, and this knowledge clearly didn't come from a textbook.

"You know so much about dishes, have you studied them?" Han Giangli smiled at Tian Ling'er's question.

"Of course, every dish I like to eat, I'll know about it and know its story to make eating it more enjoyable." Tian Ling'er said with a proud look on her face, this ninja had a great deal of hostility towards Chi Yi Yun, so whenever she finished a sentence, she would deliberately glance at Chi Yi Yun.

If Han Giangli agreed with what she said, Tianling'er would still raise an eyebrow at Qi Yiyun.

But from start to finish, Chi Yiyun didn't make any response, because in her heart, she didn't even treat Tianling'er as a threatening opponent.

"Looks like you're a standard eater," Han Giangli said.

"An eater?" Tian Ling'er was stunned and asked Han Qianqian, "Is that a derogatory term?"

"En no, it's a compliment." Han Qianli said after a moment's hesitation.

Only then did Tian Ling'er spread her smile, and then with a provocative glance at Chi Yi Yun, she said, "Brother, if you like, you can come to the house for dinner every day, and I'll accompany you, how about it?"

"This is your home, how can I come here every day." Han Qianli said with a bitter smile.

Tian Ling'er didn't want to give up so easily and continued, "You can also treat this as your home and live here if you want, and the rest of the Celestial Family is absolutely fine with that, but"

Before the words were finished, the Celestial Spirits fidgeted.

Chapter 1307

After a glance at Chi Yi Yun, Han Giangli held back a smile and asked knowingly, "But what?"

"But, only you can live alone, no one else." After saying this, Tian Ling'er took a special look at Qi Yiyun, clearly having a very targeted look.

This was an outcome that Han Qianli had anticipated, and Han Qianli could feel the cause of Tian Ling'er's hostility towards Chi Yiyun, but between him and Tian Ling'er, he was destined to only be able to have sibling love.

"But I already have a hillside villa to live in, so I won't have to come to your house," Han Qianli said.

Tian Ling'er was instantly like a deflated ball, the mountainside villa was no match for the Tian family's villa in terms of both its environment and the degree to which it manifested its status, so it seemed like an idiotic thing to ask Han Third Thousand to settle for second best.

At that moment, Tian Changsheng and his son finally came to the restaurant.

Tian Honghui's attitude towards Han Qianli had obviously changed a lot, and after learning of Han Qianli's amazing deeds, he didn't dare to underestimate Han Qianli any more, even appearing a bit cautious while eating, afraid of saying something he shouldn't and making Han Qianli unhappy.

It was a home-cooked meal, no exchanging of cups and compliments, and Tian Changsheng didn't ask any questions about Han Qianqian's personal affairs.

To Tian Changsheng, the main purpose of the meal was still to get closer to Han Three Thousand, so that the Tian family could have a better chance to climb up to Han Three Thousand.

"Three thousand, if you have any trouble in the future, feel free to tell me, I can help you with anything within the boundaries of Cloud City." Tian Changsheng said to Han 3,000, which was a statement of the Heavenly Family's stance, and although it didn't explicitly state that the Heavenly Family would become Han 3,000's subordinate, it also expressed the Heavenly Family's will.

"If there's really anything I can do to help you, I'll never be polite to you," Han Three Thousand said.

Tianchang Sheng nodded with a smile and continued, "It's an honor for the Heavenly Family if you think so."

When the word honor came out of Tian Changsheng's mouth, Qi Yiyun, who was buried in her food, was visibly stunned.

Before coming to Cloud City, Chi Yi Yun had purposely learned about the situation in Cloud City, and as the number one family in the business world, the Tian family had the absolute right to speak, which meant that the Tian family had the highest status in the business world in Cloud City.

And yet the head of such a family would consider it an honor to be able to help Han Marchant in this matter, which made Chi Yi Yun even more unable to help but wonder about Han Marchant's identity.

He had already shown his amazing abilities in Yanjing, and in the short time he had come to Cloud City, he had conquered the Heavenly Family again, which made Qi Yiyun unable to imagine how he had managed to do it in such a short period of time.

After dinner, it was getting late, and under the reluctant eyes of Tian Ling'er, Han Qianli and Qi Yiyun got into the car and left the Celestial Family.

"What's the matter, you still can't let go?" Tianchang Sheng teased.

"Grandpa, this one, Chi Yi Yun, doesn't live with her brother, does she?" Tian Ling'er said with an unhappy face, she had a great deal of animosity towards Chi Yi Yun, so she couldn't accept this kind of thing.

Tianchang Sheng didn't dare to casually speculate about the relationship between Han Qianqian and Qi Yiyun, after all, they were both just children, thinking dirty thoughts would only show that it was his dirty mind.

"Little girl, you have to know how to deal with it in a natural way, even if they do live together now, so what, they are both still children, can anything else happen?" Tianchang Sheng said.

"Grandpa, help me think of a way, I want to live in the hillside villa too." Tian Ling'er said.

Tianchang Sheng was scared to death, this little princess must not think like this, and Tianchang Sheng knew that she would do what she said, if she didn't stop thinking about this aspect of her life, I'm afraid that something big would happen.

"That's 3000's house, how can I, as an outsider, make the decision, and if you insist on doing this, what if you make 3000 unhappy, wouldn't that be counterproductive?" TENCHANGSHENG said.

"You mean, he'll reject me?" Tian Ling'er said unconvinced, why should Chi Yi Yun have a chance to live in it while she didn't?

"I'm not him, and I can't fathom what he's thinking, but one thing you should know is that if you add to his troubles, not only will he not be fond of you, but he'll also develop resentment." Tian Changsheng reminded.

Tian Ling'er was silent for a long time and said, "Grandpa, are you saying that I'm a troublemaker?"

Tianchang Sheng's eyelids jumped, this little princess words, but with the smell of gunpowder, if you accidentally provoke her, woke up in the middle of the night by pulling the beard pain, with Tianchang Sheng's current heart, but can not stand.

The only way not to anger Tianchang Sheng was to turn around and walk away without saying a word, which was the only way not to anger Tian Ling'er.

Tian Ling'er also didn't care if Tianchang Sheng left, but after taking a deep breath, she said to herself, "No matter what, I won't give up, isn't it great to look pretty, am I not cute?"

There was no way for Han Kuang to know the current state of mind of Tian Ling'er, but there was a trouble right now that was giving him a bit of a headache.

The sudden appearance of Qi Yiyun was something Han 3,000 hadn't expected, so he still didn't know how he should place Qi Yiyun.

After all, Qi Yiyun had come to Yun City for him, and Han Qian could not do anything to ignore Qi Yiyun.

Such a young girl, if she fell into the wrong hands, but something big was going to happen, and Han Third Thousand couldn't just stand by and watch her be in danger.

"What are your plans for coming to Cloud City?" Han Giangli asked to Chi Yi Yun.

"You'll help me find a school and a place to live." Qi Yiyun said, at her age, she still had to continue her studies, even if she came to Cloud City because of Han Giang, she wouldn't waste her studies because of it.

"The school is easy to handle, with the Heavenly Family's ability, as long as I mention this matter, he will be able to find the best school in all of Cloud City, but the place to live well" Han Qianqian hesitated, although the hillside villa was huge, it still didn't feel right to ask him to live with Qi Yiyun, after all, he and Su Yingxia hadn't started yet, he couldn't have too many feelings with Qi Yiyun at a time like this.

"I want to stay at your house." Qi Yiyun said directly.

The corner of Xiao Long's mouth that drove the car unconsciously raised upward in a smile, thinking that the boss was really not so gorgeous, such a beautiful little girl would take the initiative to come to his door.

"This, it's not quite right, right?" Han Giangli said in a difficult manner.

"You can also find me any place you want, but I'm still young and if something happens and I'm unprotected, it's your responsibility, do you want to see me on the news?" Chi Yi Yun looked straight at Han Qianqian.

Chapter 1308

Although Chi Yi Yun's words were very extreme, it wasn't impossible, after all, the chaos of this world had no boundaries, and Chi Yi Yun did have a posture that made people want to think about her.

Even though she was still young and her body wasn't perfectly developed, that face was enough to make many men think bad thoughts.

Han Qianqian had no way to retreat, so he could only say, "I'm still staying in the hotel for now, if you"

Before Han Giangli finished speaking, Chi Yi Yun answered, "No problem, I can also stay in a hotel first, but I have to stay next door to you so you can protect me better."

"Wouldn't it be better to stay in the same room?" Xiaolong couldn't help but say at this point.

Han Qianqian's sharp eyes stared at Little Dragon.

Xiaolong felt like there was a bayonet against his back and quickly shut his mouth.

"I'll be staying at the Hillside Villa from now on, and will prepare a room for you." Han Giangli said helplessly.

"Okay, no problem." Chi Yi Yun simply replied.

"What do you want from the school?" Han 3,000 continued to ask.

"High-achieving students are never picky about the school environment," Qi Yiyun said.

This left Han Giang somewhat speechless, but he had to admit that Qi Yiyun was indeed very good, that people like her were not affected by the learning environment, and that she was definitely an academic bully if she wanted to be.

Since there was no requirement for school, Han Giang couldn't help but birth an idea for Chi Yiyun to go to Su Yingxia's school, if these two could become sisters sooner, Han Giang would be able to use Chi Yiyun to get to Su Yingxia faster.

However, he knew that with Su Yingxia's personality and Chi Yiyun becoming sisters, Su Yingxia would definitely be at a disadvantage, but with him there, it wouldn't be a big problem.

"Alright, I'll arrange a school for you tomorrow." Han Giangli said.

After dropping the two of them off at the hotel, Xiaolong drove home alone.

For Xiaolong, suddenly owning a Maybach was like a dream, and he knew that as long as he could keep following Han Marchant, the Maybach was just the beginning, and he could get more in the future.

Money, status.

These things that were once unimaginable to Xiaolong might all be brought to him because of Han Marchant.

So this also made Little Dragon strengthen his loyalty to Han Three Thousand, making him secretly vow to never betray Han Three Thousand, no matter what the situation was.

"Hey, such a luxury car, but parked in this kind of shabby alley, it's really aggravating." Xiaolong lived in a dilapidated alley because the rent here was cheap, and it was the only option for someone like him who had no financial resources.

Bruce hadn't had a problem with it before, but after Maybach stopped by, he realized that it wasn't worthy of him at all.

Not that it didn't deserve him, but it didn't deserve this car.

If the people in the alley see the car in the morning, they will be blinded by it.

And Xiaolong also worried about those who are not long-sighted, in case a car scratched how to do?

So, Xiaolong could only sleep in the car to avoid an unsettled heart.

The next morning, as Xiaolong thought, the day dawned brightly, and there were already many people standing outside the car making a lot of noise.

Although these people lived at the bottom of society, they were also considered to have seen a luxury car, but they had never seen a luxury car parked in such a shabby alley, so they were curious.

"What are you looking at, what are you looking at." Bruce walked out of the car with a domineering face and drove away those who were close by to avoid them scratching the car.

"Dragon!"

"Dragon!"

"Dragon!"

When a few of them saw Little Dragon walk down from the car, they were all surprised.

These were the guys who used to follow Xiaolong's men and had left Xiaolong after the incident with Mullins.

Xiaolong tried to contact these guys, but they didn't even pick up the phone, which made Xiaolong furious.

But later on, after learning how powerful Han Qianqian was, Xiaolong didn't care about this matter, after all, they were the ones who gave up the chance to eat and drink.

"I was wondering who it was, but I didn't expect it to be you guys." Xiaolong said disdainfully.

"Brother Long, you've made a fortune." One of them walked up to Xiaolong with a flattering face.

"This car, it's worth millions of dollars, Brother Long, you're even driving this car!"

"Brother Long, if there's any good way to get rich, why don't you bring us along."

Hearing these words, Little Dragon suddenly had a feeling of internal nausea, although this group of people used to flatter him, but today it sounded extraordinarily disgusting.

"Bring you guys?" Xiao Long smiled coldly and said, "But I remember, calling you guys and not answering any of them, running away faster than anyone else, what, now you want to suck up to me again?"

A few people looked slightly embarrassed, they had clashed with Chen Fei that night, naturally, with their status and social status, they wouldn't dare to confront someone like Chen Fei, and in their opinion, how could they dare to contact Xiaolong when Xiaolong and Han Qianqian could have died in the street that night?

But what they didn't expect was that not only was Little Dragon not dead, but he didn't even show any signs of injury, and more importantly, he was even driving a Maybach now.

"Brother Long, my phone ran out of battery that day, I didn't even know you were calling me ah."

"Brother Long, my phone happens to be in arrears, I'm really sorry that I didn't receive your call, if you have any instructions, ask now, I will definitely help you do it."

No electricity owed, this kind of ridiculous excuse, naturally, Little Dragon would not be stupid enough to believe, and what kind of goods these people are, he also knows it by heart, let them follow him, it's just dragging his hind legs.

"You guys should leave now, our destiny is over." Little Dragon said in a cold voice.

As soon as those words came out, those people changed their faces.

"Little Dragon, you're not really hanging out with a little kid, are you?"

"You're not ashamed to be a little brother to a kid."

"If this gets out, will your face still be able to hang on?"

A few people didn't truly treat Little Dragon as the boss, so the name calling changed at this time, and the attitude was extremely bad.

But Xiaolong was surprisingly not angry at these words.

Underestimating Han Giang, in his opinion, was the stupidest idea ever.

A person who could make Mo Yang compromise, who could make Tianchang Sheng invite him home for dinner, so what if he was even a child, could there be another such character in the entire Cloud City?

"You guys don't even understand his power, as long as he is willing, Cloud City will change the sky, it's not something that just anyone can do." Little Dragon said with a faint smile.

"What a bragger, do you know that Chen Fei has already put out the word that he wants his life, it's no surprise that you'll follow him and die across the streets whenever you want."

Chapter 1309

If it was before, Xiaolong would definitely be respectful to a rich second generation like Chen Fei, because people like Chen Fei had a family behind him as an umbrella to protect them, and were so arrogant that they wouldn't take Xiaolong's role seriously at all, and usually when they messed with this kind of dude, they would never end up in a good place.

Xiaolong knew of many people who had offended Chen Fei for some inexplicable reason and were now ruined, and his fierce reputation in Cloud City was quite famous.

But now, Little Dragon wouldn't take Chen Fei seriously at all.

Even for Little Dragon, if Chen Fei were to find trouble with Han Qianqian, it would be nothing more than him shooting himself in the foot.

"Hehe, if Chen Fei really has such thoughts, I think this is a good opportunity for you guys to go inform him and tell him to be honest, maybe the Chen family will still have a chance to gain a foothold in Cloud City, otherwise, not only Chen Fei, but the entire Chen family will fall into a state of doom." Little Dragon said indifferently.

After those people heard those words, one by one, they couldn't help but laugh out loud.

They didn't even know the status of Han Qianqian in front of Mo Yang and Tian Changsheng, they only thought that this one little kid could hardly be a threat to Chen Fei? Not to mention the entire Chen family.

"Little Dragon, where did you get the confidence to say such a thing, I think you know very well what kind of person Chen Fei is."

"Just a little kid, giving you so much courage, you're not even afraid of Chen Fei anymore."

"Little Dragon, for the sake of all of us being brothers in the past, we're just reminding you, so don't regret it too late."

These people were all shaking their heads and sneering at Little Dragon, he actually considered a little kid so important, even because this little kid didn't put Chen Fei in his eyes.

In their opinion, this was Little Dragon digging his own grave and if he didn't know how to turn back, he would sooner or later be played to death by Chen Fei.

Little Dragon opened the car door and said with a calm face, "You guys don't understand his power, I can forgive you guys, but if you guys really think that he will be afraid of Chen Fei, then you are wrong, next, open your eyes and take a good look, Chen Fei is not even as good as a fart in his eyes."

After saying this, Little Dragon closed the car door, started the engine, and drove straight away from the alley.

A few people stood there with a particularly disgruntled feeling, although they did believe in their hearts that Han Qianqiang was no match for Chen Fei, but now that Xiaolong was driving such a luxury car, it inevitably made them feel envious within.

"This guy, actually driving this kind of luxury car, if this goes out to cheat on a girl, it's still a handful."

"Who says it isn't, I don't know where he borrowed this car."

"Do you guys think it's possible that little kid is really as powerful as he says, otherwise, why would he be able to drive this car?"

When this question was sent out, the others shook their heads very decisively, they knew Chen Fei's roots, but knew nothing about Han Qianqian, so they were more than willing to believe that Chen Fei could succeed in his revenge, and that unknown little kid would definitely pay the price for everything he had done.

"How is that possible, watch it, with Chen Fei's personality, in less than three days, that kid will be finished, and then, maybe we'll have to collect Xiao Long's corpse for him."

"Also, Chen Fei is not a character to be messed with, with a kid, how could he deal with it."

Xiaolong drove the car and went directly to the downstairs of the hotel where Han 3000 was staying, since Chen Fei wanted to deal with him, Xiaolong had to tell Han 3000 about this matter before he could.

But Xiaolong knew that Han 3000 would never take a character like Chen Fei seriously.

Although the Chen family had the status of a first-tier family in Cloud City, it was still a far cry from the Tian family.

And more importantly, Han 3000 not only had the Chen family as a helper, I'm afraid that even Mo Yang, would step in for him, which would definitely be a nightmare for the Chen family to wake up from.

Han 3000 still maintained the habit of waking up early, after all, for him, a strong divine Realm practitioner, the amount of sleep he got didn't affect his mental state, even if he didn't sleep, it didn't matter.

And keeping sleep, it was because Han 3000 still wanted to maintain the state that an ordinary person should be in.

Han Three Thousand was just about to go to the hygiene house to wash up, but the doorbell suddenly rang.

After opening the door, Qi Yiyun walked into the room without saying a word.

"What are you doing?" Han Giangli was puzzled.

"Tonight, I'm going to sleep here," Qi Yiyun said.

Only then did Han Qianli realize that Qi Yiyun's dark circles were heavy, like she hadn't rested well.

"What's wrong?" Han Qianli felt baffled, where did Qi Yiyun get the inspiration for this, why did she sleep with him?

The two of them could still be children right now, could it be that Qi Yiyun's initiative was natural?

Before she was reborn, Han 3,000 was forced to sleep in the same bed as Qi Yiyun, but at that time, Qi Yiyun's initiative was a big shock to Han 3,000.

But at that time, Qi Yiyun had a purpose, she wanted to have some special relationship with Han 3,000 and then be with Han 3,000.

But now, Qi Yiyun couldn't possibly have the same thoughts, right?

"I get scared of unfamiliar surroundings," Qi Yiyun said.

Hearing this, and then seeing Qi Yiyun's severe dark circles under her eyes, Han Qianli suddenly realized and said, "You didn't sleep all night, did you?"

"No?" Qi Yiyun looked at Han 3,000 with a stubborn look.

Han Qianli couldn't help but laugh, never expecting that Qi Yiyun, who had always been very strong in his mind, wouldn't dare to sleep alone.

"You're so cowardly, it's not like you." Han Giangli said with a smile.

"My style? What's my style like?" Qi Yiyun asked curiously.

Han Qianqian suddenly realized that he had let his mouth slip, what he understood was the future Chi Yi Yun, naturally he couldn't compare it to the present.

"It's nothing, I'm just talking off the cuff, but you're going to sleep here with me, we're both minors, what if something happens?" Han 3,000 said.

Chi Yi Yun also thought about this and she had already thought of a strategy, so she directly pulled out a pair of scissors from her bag and said, "I have this, do you still dare?"

Han Giangli was stunned, the Chi Yi Yun before rebirth, but tried to sleep with him, when was it ever so violent?

"Uh whatever, you can sleep anywhere you want, I'll be fine on the couch." Han Giangli said.

Chi Yi Yun nodded and said, "After I get familiar with the place, I won't need you to accompany me."

"Okay, you have scissors, you're in charge, but are you off today, or are you planning to watch school?" Han 3,000 asked.

Chapter 1310

Chi Yi Yun was tired, but she didn't want to delay her studies, after all, as a scholar, the thing she should be doing well right now was studying, so she wouldn't let other things delay her proper work.

"Let's go see the school first, then come back and rest." Chiyun said.

"Okay, do you need to wash up, I can let you go first." Han Giangli said.

Qi Yiyun was not rude and headed straight for the bathroom.

Han Qianli smiled helplessly, this woman's strength was truly natural, but why would such a strong person later put on glasses and act low-key?

It was a bit hard for Han Giangli to figure out, but he guessed he wouldn't have the chance to see the real reason, because so many things had changed since the rebirth, and Chi Yi Yun had met him much earlier, which would certainly change the environment Chi Yi Yun grew up in, and it was unknown if she would still wear glasses to cover her face.

After the two of them had washed up, they went downstairs.

Arriving at the entrance of the hotel and seeing that Little Dragon's car had been waiting for a long time, Han Qianli was very satisfied.

Although Xiaolong was only a lowly gangster character, he knew exactly what he should do, which was one of the necessary conditions for being a subordinate.

Seeing Han Giangli, Xiaolong also took the initiative to get out of the car and opened the backseat door for the two of them.

"Boss."

Han 3,000 nodded and told Xiaolong his destination after getting in the car.

"Boss, the school that sister-in-law wants to go to isn't something that just anyone can get into, it's a key school in Cloud City, and if you're not assigned to this school district, you'll probably need a lot of money to get in." Little Dragon said to Han Three Thousand, and it was a reminder.

Han Giangli glared at Xiaolong, how did this guy take Chi Yiyun as his sister-in-law, this kind of misunderstanding can't happen, after all, his future wife, that's Su Yingxia ah.

"If you can't control your mouth, I don't mind letting it grow a bit of a memory." Han Qianli said indifferently.

Xiaolong looked embarrassed and saw the incomparably calm Qi Yiyun in the rearview mirror, wondering what the hell was the relationship between these two.

After arriving at the school, Han 3,000 directly brought Qi Yiyun into the school and then went to find the principal's office.

"Will you be happy that this little brother of yours is treating me as his sister-in-law?" Qi Yiyun suddenly asked Han 3,000.

Han 3,000's eyebrows jumped straight, if Chi Yi Yun was feeling that way about him right now, it definitely wouldn't be a good thing for Han 3,000, because he had seen how persistent Chi Yi Yun was, and the sooner this feeling came, the worse it would be for Han 3,000.

"There's nothing to be happy about, I'm still too old to think about such things, and you can rest assured that I won't think about you," Han Three Thousand said.

Chi Yi Yun no longer spoke, and her expression did not show any abnormality.

Arriving at the headmaster's office, Han Qianqian pushed the door directly and walked in.

But since it was still early, the office was empty.

"Your attitude would be too arrogant, shouldn't we wait at the door?" Chi Yi Yun showed her opposition to Han Qianqiang's less than polite behavior.

After all, this was the principal's office, and the principal was the person with the most power in the entire school, barging into the office like this, if she displeased the principal, wouldn't it be a fantasy if she wanted to come to the school to study?

"Waiting at the door and waiting here, his attitude is the same, it's not so easy to come to this school to study." Han Giangli said with a smile.

Qi Yiyun frowned slightly, she didn't quite understand what Han Qianli meant.

Since she knew it wasn't easy, she should have been more cautious and done something that would make the headmaster feel good about himself.

But if he did that now, how could the headmaster have a favorable impression?

"Don't understand why I'm doing this?" Han Giangli asked.

Chi Yi Yun nodded, waiting for Han Qianli's explanation.

"There's a part of this world where the weaker you act, the more he'll bully you, and on the other hand, if you act stronger, he might scruple you," Han Giangli said.

This reasoning was still not very clear to the current Chi Yi Yun, but she felt that since Han 3,000 was doing this, it must make sense, so she agreed.

It wasn't long before the principal finally arrived at the office.

He was very unhappy with the two intruders in his office, because in his eyes, these two student-looking people should be from his school, and barging into his office like this was punishable by disciplinary action.

"You are students from several years and several classes, and you dare to come into my office." The principal said to the two in a cold voice.

With a fearless attitude, Han Giangli said indifferently, "We're not in a school here yet, but this friend of mine, plans to come here to study."

"Oh." The principal smiled coldly and sat on his principal's desk, saying to Han Three Thousand, "Do you know what this place is?"

"Of course I know, and why would I be here if I didn't?" Han Marchiang said.

"You should be aware that in order to study here, you need my permission, and you barged into my office with this attitude, do you think "The principal looked up, looked at Chi Yi Yun, and then continued, "You think , will she still have a chance to study here?"

"I'm doing this because I want to make this a little easier, so make the conditions on how you can get her to come here to study." Han Giangli said.

This little kid's attitude made the headmaster feel very uncomfortable, and while it was true that his place was an easy path through the back door, he was very unhappy dealing with such a little kid with a high-minded attitude.

Whose kid's parents had to have a humble attitude, bend down to compensate, or even give him a nice gift when they saw him, but look at this kid in front of him, so arrogant that he was almost treating this office as his territory.

"Kid, you may not quite understand my ability." The principal smiled and picked up the landline on the office desk.

"Call security, I have two intruders here, help me get them out of here."

"Hey, what's going on, is the phone broken?"

There was a busy tone on the other end of the phone, and the principal felt very clear that the landline was internal to the school and used almost every day, so how could it have broken down for no reason?

Han Qianli faintly smiled, the phone was broken, naturally he was the one who messed up, and only he could do this quietly.

"It seems that the heavens are also willing to give me time to discuss this some more," Han Giangli said.

"Even if the heavens were to come today, she wouldn't be able to study here, so you guys should just leave." The principal said with a cold face.
