

His True Colors Chapter 1311-1320

Chapter 1311

"It's so embarrassing that you have to swallow it yourself later, so why bother?" Han Qiangiang said with a smile, he had expected that it wouldn't be so simple to get Qi Yiyun into school, so he had prepared for it, and now Tianchang Sheng should be on his way here.

The principal made his words so decisive that he didn't know how he would feel when he saw Tianchang Sheng.

Seeing Han Qianqian's attitude, the principal was numb with anger, no one dared to be so arrogant in front of him, not to mention that the other party was just a little kid.

"You can try, I'd like to see exactly how you make me swallow my words." The principal said in a cold voice.

His status in the education sector of Cloud City was extraordinary, not to mention ordinary families, even families with a certain prominent status had to give him some face, he didn't believe how much power this little kid in front of him could have.

"Actually, this matter can become very simple, as long as you nod your head, you don't have to make it difficult to end." Han Qianli reminded with good intentions.

But such good intentions would not be acceptable to the principal.

"If she can enter this school, my name, from now on, will be written backwards." The principal said.

Han Qianli was dumbfounded. He wasn't giving himself any way out, probably because he was spoiled by the other parents, and that's why he was so defiant.

But this is also reasonable, parents nowadays attach great importance to their children's education, and this is a very good school, there will definitely be many parents who will give him benefits through the back door, and over time, this will make him develop an illusion of superiority.

"How many years have you been a principal?" Han Qianli asked.

"What does it have to do with you, little kid, don't pretend to be mature in front of me, I've seen kids like you a lot." The principal said with dissatisfaction.

"All these years, you should have received a lot of benefits, how long can you sit in this position if these things are exposed?" Han Qianli continued to ask.

The principal smiled faintly, he had heard many words like this, but he was very confident in his own methods, clean and spotless, and would never let anyone catch him, so trying to threaten him with this was a complete fool's errand.

"Little guy, have you ever seen me take an advantage?" The principal smiled and asked.

Han Qianli deflated his mouth and said, "That's not true."

The principal laughed even more smugly and said, "Since you haven't seen it, don't take my word for it, or else I can sue you for slander."

"But these things, if I want to find out, I can find out, do you believe it?" Han Qianqiang said.

The principal wasn't afraid of this kind of provocation at all, because many people had said similar things to him, but in the end, what was the result, and he wasn't sitting firmly in the principal's office as usual.

"You can try, if you can find out, I'd like to thank you." After saying that, the principal sighed and continued, "I've been sitting in this position for too long, I'm bored, and I especially want to try a new life."

The principal's arrogant face caused Han Qianli's killing intent to emerge, and as an educator, his attitude was clearly unqualified.

But this was Earth, after all, and Han Giang would not solve the problem by killing people.

"You will." Han Three Thousand said.

"If there's nothing else, you two get out of here, as long as I sit in this position for one day, she'll never have the chance to study here." The principal said flatly.

"There's no rush, I have a friend already on his way, I'm sure you'll be pleasantly surprised to see him." Han Qianli said indifferently.

"It's useless to look for helpers, Cloud City, no one can order me to do anything yet." The principal said.

Han Qianli smiled without saying anything, his bragging words were just words for now, when Tian Changsheng showed up, would he still have the courage to say so?

Seeing Han Qianqiang still didn't move, the principal got impatient, he didn't want to face these two people who made him unhappy.

When the landline phone couldn't be reached, the principal took out his cell phone again, but strangely enough, the cell phone signal was completely lost, which made him feel like he had run into a ghost.

"What's going on here, why isn't the phone working?" The principal said with a baffled look on his face.

Han Qiangiang smiled faintly, to him, these were just small tricks, not worth mentioning.

But when Qi Yiyun saw Han Qianqian's smile, she had a strange feeling, she knew that Han Qianqian could have done these things, but how did he do it?

The landline phone can be moved, but the principal's phone is always on his person, so even if he wanted to do something about it, he wouldn't have a chance.

"I'll call security, you can wait here if you want to be kicked out, but I advise you not to embarrass yourself too much." After saying that, the principal left the office.

With a puzzled look on her face, Qi Yi Yun asked Han Qianqian, "How did you do that?"

"What?" Han Qianqian looked at Chi Yi Yun with puzzlement.

"Isn't it because of you that the landline, the cell phone, doesn't work?" Chi Yi Yun said.

"Of course it's not because of me, where would I be able to do that." Han Qianqian said.

Qi Yiyun also thought it was unlikely, but what other reason could there be besides Han Qianqian, could it be a coincidence?

"Did you call Tianchang Sheng to help?" Qi Yi Yun asked.

Han Qianli smiled and nodded, this kind of thing, naturally, Tianchang Sheng to step in to better solve.

Of course, he could also bring in Mo Yang, but if Mo Yang were to appear, Han Qianli was afraid that the principal's heart would not be able to stand it, after all, Mo Yang was a Taoist figure, and the consequences of offending him would often be bloodshed.

The principal is too old to see such a scene.

So in a way, Han Qianli left a little leeway for the principal.

If Tian Changsheng and Mo Yang were all called here, he would probably have the heart to die.

Chi Yi Yun nodded her head, if Tian Changsheng came out, it was a sure thing that she would go to school here, even the principal would not be able to refuse.

At this time, the office door was pushed open, but it wasn't the principal who found the security guard and came back, it was Tian Changsheng who finally came.

When he saw Han Qianxiang, a smile appeared on Tianchang Sheng's face.

"Three thousand, you don't have to personally appear for such a small matter, I can handle it with a phone call." Tian Changsheng said.

"I thought I could handle it myself, but who would have thought that the principal here would look down on me at all, that's the only way, that's why I asked you to come here." Han Giangli said.

Tian Changsheng smiled faintly, and although he didn't know why Han Qianli was doing this, he knew that it was by no means something Han Qianli didn't have to do, because he didn't have to make this step at all.

Chapter 1312

After the principal found the security guard, he directly yelled at him, because he thought it was the security guard's negligence that allowed that arrogant and ignorant kid to break into his office.

"If you don't want to work, get the hell out of here, what use are you if you can't handle such a small matter."

"A bunch of losers who only know how to take money and not do anything, I really don't know how you got into the school."

"From today onwards, if such things happen again, you'll disappear before my eyes."

The security guard didn't dare to say a word, and could only listen silently; after all, the principal had a lot of power in the school, and it was just a matter of words to dismiss him as a small security guard.

"When you get to my office later, don't talk nonsense to him, just escort him out."

Seeing that the security guard did not respond, the principal had no place to vent his anger and said angrily, "Are you deaf, can't you hear me."

The security guard then hurriedly said, "Principal, I know what to do."

"Rubbish, rubbish." The principal cursed the trash twice in a row, and his expression became almost fierce.

Arriving at the office door, the principal directly pushed open the door and said to the security guard, "Go, if he dares to resist, you'll teach him a hard lesson."

"Yes." The security guard knew what the principal meant, he was going to use his own hands to let off steam, and it was up to him to keep the job.

So the security guard also ruthlessly, must perform well, bring out his most ruthless means, as long as it can satisfy the principal, any way.

The security guard walked into the office.

There were three people in the office, and besides Han Qiangang and Qi Yi Yun, only Tian Changsheng was the most parent-like.

From the security guard's point of view, these two children certainly can't make any trouble, and the principal's anger probably comes from this adult.

After the security guard made sure of his thoughts, he walked directly to Tianchang Sheng.

"You've got a lot of nerve, you dare to offend the principal." After saying this, the security guard arrested Tianchang Sheng with a grappling hand, directly arresting him.

Han Qianqiang was dumbfounded at this scene.

He never thought that the security guard would deal with Tian Changsheng, but this guy's guts were too big to do it to Tian Changsheng, what kind of consequence must this have been?

And what about that idiot principal, doesn't he just show up and let the security guards run amok?

How would the principal feel if he knew that the person arrested by the security guards was Tianchang Sheng?

"What are you doing?" Tian Changsheng said in a cold voice.

The security guard didn't know this famous person in Cloud City, in his eyes, it was this guy who had offended the principal, and to make the principal satisfied with his performance, he had to teach this guy a hard lesson.

"What are you doing, you are messing around in the principal's office, this is the punishment you deserve, I advise you better not resist, otherwise, you can only leave today lying down." The security guard threatened Tian Changsheng.

As the protagonist in this matter, suddenly reduced to a supporting role, Han Qianli couldn't help but laugh on the side, he didn't expect this matter to turn out like this, but I have to say, this play is getting more and more interesting.

"Do you know who he is?" Han Qianli couldn't help but remind the security guard.

The security guard looked disdainful, who cares who he is, in this territory of the school, the principal's status is the highest, he is messing around in the principal's office, do we still need to care about his identity?

"I don't care who he is, little friend, I advise you two to get out of here and don't wait for me to make a move, or else your little arms and legs won't be able to stop me from hitting you." The security guard said.

The smile on Han Qianqian's face grew thicker, and he said, "Where's the principal, does he know you're doing this?"

"It's the principal's orders, so you'll just have to admit it." The security guard said.

The principal probably didn't know that TianChangSheng was here, let alone that the security guard took TianChangSheng as a troublemaker.

But since the security guard was called by the principal, he must be outside the door.

"Aren't you going to come in and see who he's arresting?" Han Qianqiang yelled at the office door.

The principal was standing right outside the door, he wanted to see Han 3,000 beaten out of his office, and he was in a very bad mood and didn't want to say anything to Han 3,000, so he just chose to ignore what Han 3,000 said after he heard it.

"Go, come out with me, if you resist, this hand will be ruined." The security guard said sternly to Tian Changsheng.

Tian Changsheng had no intention to resist, but the coldness on his face was like frost.

He didn't know the principal of this school, but with Tian Changsheng's status, he knew many people of higher status in the education sector, and he didn't expect that a district principal could be so lawless.

"Do you know that there is no regret in this world?" Tianchang Sheng said to the security guard.

The security guard sneered at him, but it was the principal who asked him to do all this, how could he regret?

If you don't do it to the principal's satisfaction and lose the job, that's what you'll regret.

"Don't threaten me, it's useless, you should have expected what will happen to you if you made trouble here." The security guard said.

Escorting Tianchang Sheng, he walked out of the office.

The principal was standing at the door, but what he was waiting for was not Han Qianqian, but an adult, which made him very curious.

Could it be that the little kid's parents had come forward?

If that were the case, he could have turned his anger on the parent and not had to deal with the little kid.

And the kid's bad attitude and disregard for others also had something to do with home education.

"Are you the parent of these two little kids?" The school principal asked Tian Changsheng.

The principal did not have a clear view of Tianchang Sheng's face at first glance, because his hands were caught, so his whole body was bent forward.

After hearing this, Tian Changsheng slowly raised his head and said, "Who do you think I am?".

The principal smirked in the center of the process of Tianchang Sheng's head up, need to see who he is?

In Cloud City, powerful parents he has not never seen, and with those parents are particularly good relations, even if something really happened, just a phone call, those people will also come out to help him solve, precisely because of these factors, so the principal has an arrogant attitude.

He can be used as a gun for those students in the school who have more powerful family backgrounds.

"Does it matter who you are? Do you know how many of the parents in my school are pivotal figures in Cloud City?" The principal said scornfully.

"Yeah? How much does it weigh, is it as heavy as my Tianchang Sheng?" Tian Changsheng gritted his teeth and said, "When I heard these three words, the school principal suddenly looked at Tian Changsheng.

Hearing the three words Tian Changsheng, the principal suddenly looked at Tian Changsheng, and at this look, there was a feeling of numbness on his scalp.

Heavenly Changsheng!

This person in front of me is actually Tianchang Sheng!

Chapter 1313

The principal even took a few steps backwards, staring with very complicated emotions in his eyes.

How could this be!

How could Tian Changsheng appear in his office for no reason?

The security guard who was holding Tian Changsheng's hand was also confused at this time.

Although he was just a security guard, he also knew who Tianchang Sheng was in Yun City.

He was actually holding the highest ranking businessman in Yun City with his backhand.

How could he, a mere security guard, be qualified to lay hands on such a big figure?

The security guard unconsciously let go of Tianchang Sheng, his heart and liver trembled, and he sat down on the ground with his legs weakened.

If he hadn't resisted, his hand might have broken.

"Tian Mr. Tian, you, how come you are here." The school principal asked Tian Changsheng with a jaw-dropping expression.

Tian Changsheng's expression was very serious, and he said sternly, "These two, they are my friends."

Boom!

It was as if a spring thunderstorm had exploded in the principal's ears.

These two little kids were friends of Tianchang Sheng!

No wonder he dared to storm into his office with such arrogance.

No wonder he speaks with an attitude of superiority.

A broken principal, in front of Tian Changsheng's friends, is nothing.

"Mr. Tian, I'm sorry, this matter is all my fault." The principal realized what he should do the first time, only to apologize and perhaps let the matter pass excessively.

"One word of apology, and you want to pretend that nothing has happened?" TianChangSheng questioned.

This sentence almost sent the principal into the eighteenth layer of hell, if Tian Changsheng pursued him, he would definitely not be able to keep his position as principal, and he would have absolutely no way to live in Cloud City in the future.

"Mr. Tian, I really didn't know that these two people were your friends, and I hope that Mr. Tian can give me a chance." The principal said with his head buried.

Even if Tian Chang Sheng didn't ask Han Qianqian's opinion, he knew how this matter should be handled and said directly, "I'll let the higher-ups investigate you, and if you're not clean, you'll be waiting to fall off the horse."

The principal's legs went limp, he was almost a man who had been in murky waters, so how could he be clean?

Although the means by which he accepted bribes were well hidden, once the higher-ups come to investigate, visit and ask some questions, all the things he did will surface, and at that time, what awaits him may be a long prison term.

"Mr. Tian, please give me one more chance, please give me one more chance." The principal had no choice but to kneel directly in front of Tian Changsheng, hoping to get a way out of life in return.

"You, don't deserve a chance." Tian Changsheng said in a cold voice.

Han Qianqiang, who was on the side, didn't interfere with Tian Changsheng's decision on the outcome of the matter, because that was what he wanted to see.

"This friend of mine's enrollment, you find someone else to help me take care of it, I still have things to do, so I'll leave first." Han Qianqiang said to Tian Changsheng.

"Don't worry, she will be enrolled tomorrow." Tian Changsheng said to Han Qianqian.

The simple conversation between the two made the principal's hair stand up in his ears, because Han Qianqiang was obviously speaking to Tian Changsheng in a commanding tone, and Tian Changsheng accepted it so naturally.

This couldn't help but make the principal think to himself, who the hell is this little kid that he can even command such a big man as Tian Changsheng!

After leaving the school, Qi Yi Yun, who was walking beside Han Qianqian, asked, "Why did you do that?"

"Do what?" Han Giangli looked at Chi Yi Yun with a confused look.

"Wouldn't this matter be simpler if you let Tianchang Sheng appear from the beginning, but you didn't do that." Even she could see that Han Qianqian had a different purpose, for a simple matter had become complicated, and there had to be another purpose and reason for it.

Han Qianli smiled faintly and said, "If I told you that I figured the principal here was the kind of person who wanted to make your learning environment a little cleaner, would you believe me?"

"Is it for me?" Qi Yiyun asked with a serious face.

"Uh" Han Giangli didn't answer the first time, because he was actually doing this for Su Yingxia, who just happened to have such an opportunity to oust this unscrupulous principal from the principal's position.

"Do you know anyone else in the school?" Qi Yi Yun asked, since Han Qianqian did not answer, then he must not do it for himself, but Qi Yi Yun also understood that he could not do this for no reason, so Qi Yi Yun decided that in this school, there is someone Han Qianqian knows, and most likely not simply know.

Perhaps, this person is very important to him, and only for this reason is it worth wasting his energy.

"You'll know later," Han Giangli said.

There was an inexplicable sense of loss in Qi Yiyun's heart, if Han Qiangang was doing this for her, she would be very happy, but the fact that this matter had nothing to do with her inevitably made Qi Yiyun feel a little jealous.

When she first received the news of Han Qianli's departure from the capital, she guessed that he might come to Yuncheng, and she also discussed with her parents about coming to Yuncheng to study.

The couple was originally very opposed to the idea, as Qi Yiyun was still very young, so there was no need for her to go all the way to Yuncheng to study, and more importantly, there were no top-ranked schools in Yuncheng, which was not necessary for her growth.

But when YiYun told her the reason about Han QianQiang, Qi DongLin agreed.

Han Qiangli saved the Qi family, and in Qi Donglin's heart, it would be best if such a person could become his son-in-law, so he agreed to Qi Yiyun's thousand-mile chase for love.

"Is it a girl you like?" Qi Yi Yun refused to give up asking, her inner good feeling drove her to come to Cloud City to look for Han Qianyan, so her purpose was also very pure, that is, to develop some different relationship with Han Qianyan.

But now, she is threatened, so Chi Yi Yun must know who her opponent is, the so-called know yourself and know your enemy, a hundred battles will not be harmed.

"Do you think that people at this age need love?" Han Qianli said with a smile.

"If there are good enough people, then there's no need to care about age, do you think I came all the way to Cloud City just to study?" Qi Yi Yun said.

Han Qianqian got a headache.

Before she was reborn, Qi Yiyun was very direct in expressing her feelings, and had confessed to Han Qianqian several times.

I didn't expect that after being reborn, Qi Yi Yun would still be like this, and at such a young age, she didn't hide herself at all.

Chapter 1314

When they arrived at the school entrance, Xiaolong's car was still parked at the side of the road, but his shadow was gone, which made Han Giangli feel a little strange.

Although he hadn't known Xiaolong for long, he knew what kind of person he was, and it was absolutely impossible for him not to stick to his post for no reason.

"Your driver, he's not going to leave you alone, is he?" Qi Yi Yun laughed and ridiculed.

Han Qianqian shook his head, his expression slightly serious.

When Han 3,000 let go of his consciousness and perceived the little dragon in the nearby area, the movement coming from a certain alley made Han 3,000's face frosty for a moment.

"Go wait for me in the car first," Han Three Thousand said.

"What's wrong?" Realizing that there was something wrong with Han Qianqian's tone of voice, Qi Yiyun asked in confusion.

Han Qianqian didn't answer, but walked directly toward the alley.

Qi Yiyun didn't understand what was happening, and didn't dare to do anything, so she could only return to the car.

In the alley, Xiaolong had been beaten to the ground, a group of people he didn't even know.

Xiao Long was waiting for Han Qiangqiang on the side of the road, suddenly wanted to smoke a cigarette, so as not to leave the smell of smoke in the car, so he got out of the car, but before the cigarette was even lit, a few inexplicable strangers came and dragged him into the alley and beat him up without saying a word.

"Who are you people?" Bruce, lying on the ground, asked the crowd.

"You don't even know who you've offended, do you?" One of them asked Xiaolong with a sneer.

Xiaolong just remembered that when he met his former men earlier today, they said that Chen Fei was seeking revenge on Han Qianqiang, and these men were probably the ones Chen Fei had found.

"Is it Chen Fei?" Xiaolong said with a sardonic smile on his face, that idiot actually dared to come to trouble, something that didn't know how to live.

"It doesn't matter who it is, the important thing is, you're finished today." After saying that, the man kicked Xiaolong again.

At this time, the alleyway suddenly came from Han Qianqian's voice: "Stop."

Hearing this voice, Xiaolong was suddenly at ease, as long as the boss came, what are these little blind streamers?

"Little friend, you're not going to stand up for him, are you."

"Little brother, if there's nothing wrong, go home and feed your baby, don't get lost and bruise your head."

"Hurry up and go, fighting is not something a kid like you can play with."

Several people mocked and said to Han Qianqian.

"Boss, these are the people Chen Fei called." Little Dragon said to Han Qianqian.

Hearing the word boss, the gang's expressions changed.

This little kid was the one Chen Fei wanted to deal with, so it was ridiculous.

Just this kind of little kid, and it was worth spending a lot of money on Chen Fei?

"Are you Han Qianqiang?" One of them asked Han Qianqian.

Han Qianli didn't say anything, but walked directly toward them.

"I didn't expect to bring you to our door, but it saved us a lot of time."

The gang also walked toward Han Qianqian at the same time.

Chen Fei paid them to deal with Han Qianqian, and now they happened to bump into each other, so they naturally wouldn't let Han go.

Soon, miserable screams rang out in the alley.

How could a few blind stragglers be a match for Han Qiangxiang?

Han 3,000 walked all the way to Xiaolong with little obstruction, and those people had all fallen to the ground.

Han Marchian helped Xiaolong up and asked, "How is it, do you need to go to the hospital?"

Bruce quickly shook his head, for people like him, the most frightening thing is to go to the hospital, after all, before he could not even eat enough to eat, how can there be spare money to go to the hospital?

In the past, even if you were injured in a fight, you could just endure it, and as long as your life wasn't in danger, Xiao Long would never go to a place like a hospital.

"Boss, I have thick skin and thick flesh, a beating is nothing," Xiaolong said.

Han Qianqian saw that it was true that he only had a few external wounds, but not so serious as to go to the hospital.

"Let's go." Han 3,000 said.

Xiaolong followed Han 3,000 and kicked the guys lying on the ground as he passed by them one by one to vent his anger.

The gang only thought about one thing besides screaming, and that was how this little guy could be so powerful, and how they had no chance to fight back in front of this little guy.

When she returned to the car, Chi Yi Yun saw the injuries on Xiao Long's body and knew that something must have happened to him, but the smart Chi Yi Yun didn't ask anything more, after all, this is a matter between men, she, a woman, better not interfere.

"Boss, where are you going?" Xiaolong asked Han Qianqiang.

"Go back to the hotel first, then go to the Chen family." Han Three thousand looked out the window and said with a cold face, since Xiaolong was his little brother, this field must be recovered.

Moreover, Chen Fei was the one who was going to deal with him, and if Han 3,000 thousand didn't solve this matter, this trouble would remain.

Xiao Long was not surprised by Han 3,000's decision. If Han 3,000 dared to break into the territory of the Tian family and Mo Yang, what does it matter to the Chen family?

But Yi Yun Chi refused, she didn't ask about Xiaolong being beaten, but that didn't mean she didn't want to be involved, going back to the hotel first and making it clear that she was going to send her back.

"I want to go with you." Chi Yi Yun said with an insistent stare at Han Giang.

"You don't have to go, it's not a good thing." Han Qianqian said.

"No, if I don't go, how will I know the real you?" Qi Yiyun said.

Judging from Qi Yiyun's firm attitude and Han Qianliang's understanding of her, if she really sent her back to the hotel, it was unlikely that she would get off.

Han 3,000 could only reluctantly agree and said to Xiaolong, "Let's go directly to the Chen family."

Xiaolong smiled faintly, although these two are still young, they really give a feeling of a couple, just like a flirtation.

And with Chi Yi Yun's posture, she was indeed qualified to be her sister-in-law.

Of course, after being warned by Han Qianqian, Xiaolong didn't dare to casually address Qi Yiyun as sister-in-law.

"Boss, actually, early this morning, I heard from those former little brothers that Chen Fei was going to find trouble with you, but it was my fault for not telling you about it first." On the way to Chen's house, Xiaolong said to Han Qianqian, "He forgot about such an important matter, which made him feel very sorry for himself.

"There's nothing wrong with it, it's just a small thing," said Han Qianliang. Han Qianli said indifferently.

In the past, if dealing with Chen Fei was a small matter, Little Dragon would never have believed it.

But now, after seeing Han Qianqian's power, Xiaolong even thought that it was nothing at all.

What was the Chen family, and could it compare to Tian Changsheng? Can you compare it to Mo Yang?

"Boss, if I, Xiaolong, betray you in my life, I won't even be qualified to be a human being." Xiaolong said in a firm tone.

Chapter 1315

Han Qianqiang didn't take Xiaolong's sudden loyalty seriously, because Xiaolong is still a small-time punk without much ability, and it's unknown whether he can grow up in the future.

At this stage, his greatest significance to Han 3,000 is as a driver, and a driver can be replaced by just any person.

In the case of little value, Han 3,000 won't value him too much.

Of course, if Xiaolong is able to take up important responsibilities and has the ability to act on his own in the future, Han 3,000 won't mind training him.

The Chen family was located in an upscale neighborhood, and although it couldn't be compared to the villa area, it was considered one of the best properties in Yun City.

A strange car must be registered if it wants to enter the community.

Xiaolong was also a little smart and told the security guard directly that they were the Chen family's valued guests.

When the security guard heard this, he thought about the fact that this person was driving a Maybach luxury car, so he let them go.

"If it were a bad car, they wouldn't just let it go." said Xiaolong with a sigh on his face. Xiaolong said with a sigh on his face.

A luxury car is a proof of strength, and only with strength can one afford a luxury car. When a security guard stops a car of this level, he naturally has to think about whether the owner of the car is someone he can offend.

So in a way, it's not the power, but the fact that they simply don't have the guts to not let go.

"What you can see is just the surface," Han Qianli said indifferently. Han Qianli said indifferently.

"What surface?" Xiaolong looked puzzled and asked.

"After you park the car, you go and find out where the Chen family lives." Han Qianqian said.

Xiaolong's doubts were not cleared up, but seeing that Han Qianqian was unwilling to continue that topic, he could only hold back his curiosity.

However, Qi Yiyun, who was sitting next to Han Qianqian, had a smile on her face and seemed to have understood what Han Qianqian meant.

But it was not surprising that YiYun could understand. With her meticulous mind, it was not surprising that she could think of this.

After parking the car in the parking lot, Han 3,000 yuan and Qi Yiyun did not get out of the car, Xiaolong alone to find out the location of the Chen family.

"What did you mean by that sentence just now?" Chi Yi Yun asked Han Qianqian.

"If you understand, why do you need to ask me?" Han Giangli shrugged his shoulders helplessly.

"I just want to know if I'm thinking the same as you," Chi Yi Yun said.

"Then you tell me what you think," Han Giangli said.

Chi Yi Yun smiled and said, "What you call the surface should be the forces that Xiaolong sees, but what's really going on is that the security guards will be afraid of the people driving these cars, so his release is more because he doesn't dare to stop them."

"Is there a problem?" Han Giang's intuition told him that Chi Yi Yun seemed to want to refute his ideas, so Han Giang unconsciously had a bitter smile on his face.

"Of course there's a problem," Qi Yiyun said.

"It's such a small matter, there's no need to be serious about it, right, and if you really want to talk about it, what if you lose?" Han Qianqiang's life experience is in no way comparable to that of YiYun Qi, so if the two of them really argued over this matter, Han Qianqiang would never be outdone, and there was a 99% chance that YiYun Qi would lose.

"Are you so confident that you can convince me?" Qi Yiyun said with a confident face.

Of course Han Qiangiang was confident, he admitted that Yi Yun was very powerful among his peers, but Han Qiang was an apparently the same age, but in fact had decades of life experience, which was completely incomparable to Yi Yun.

Just as they were about to argue, Xiaolong suddenly returned.

This allowed Han 3,000 to escape, after all, this kind of thing to win or lose for him no benefit, and there is a saying that good men do not fight with women, Han 3,000 also did not intend to bully Qi Yi Yun.

However, Qi Yiyun looked puffed up, as if she was depressed because Xiaolong had influenced her play.

"Boss, the Chen family has been found." Xiaolong said to Han Qianqian.

"Lead the way."

Xiaolong nodded and walked in front of Han Qianqian and Qi Yiyun.

Remembering when Mu Lin Si was taken away by Mo Yang, Little Dragon was filled with dread.

When he went to the Tian family, Little Dragon was also very apprehensive.

But today, on the way to the Chen family, he was extremely relaxed, not afraid at all, and even somewhat looking forward to what would happen next.

Because Xiaolong had already seen the attitude of more powerful people in front of Han Qianqian, he did not care about the Chen family anymore.

Xiaolong himself also noticed the change of heart, which made him a little unbelievable.

In the past, even someone in the Chen family's position could still make him hide far away and not dare to provoke him, but now, even if he took the initiative to look for trouble, as long as Han Qianxiang was there, Little Dragon had a needle in his heart and was not afraid at all.

When he arrived at the downstairs of the Chen family's unit, he just happened to see a middle-aged woman with a child, and the group went straight to the elevator.

When Xiaolong pressed the elevator floor, the middle-aged woman's expression obviously changed.

Because this neighborhood is a one-story house, and the floor Xiaolong pressed down was her home, but she was not familiar with these people at all, or even had no impression of having seen them at all.

"Are you a member of the Chen family?" At that moment, Han Qianli suddenly asked the middle-aged woman, and since she didn't press the elevator, Han Qianli guessed that she was going to the same floor as herself.

"Who are you guys?" The middle-aged woman was not wary of Han Qianqian and Qi Yiyun, who were just two small children, but she was somewhat disgusted by such a plucky person as Xiaolong.

"Is Chen Fei at home?" Han Giangli continued to ask.

"Are you here to find Chen Fei?" The middle-aged woman frowned.

She was Chen Fei's stepmother, and had some understanding of Chen Fei's trouble-making ways. Chen Bi Shan, Chen Fei's father, would wipe Chen Fei's ass almost every day, so when the middle-aged woman heard that these people had come looking for Chen Fei, she subconsciously thought that he might be causing trouble again.

"Isn't he home?" Han Qianli asked.

The middle-aged woman smiled faintly, this kid, ten days and half a month without coming home are normal circumstances, since the last time he was home, it was a week ago.

"He hasn't been home for a week. If you want to find him, you can go to a major nightclub. The middle-aged woman said.

"It's okay, if you can't see him, you can see his father." Han Qianli faintly said.

Chapter 1316

"I advise you not to do this, it's easy to come, but it's not so simple to leave." The middle-aged woman warned Han Qianqian.

Two kids, a punk-faced punk, they dared to come directly to Chen Bishan's trouble, weren't they causing trouble for themselves?

Even if there is a conflict between them and Chen Fei, they should go to Chen Fei, not to Chen Bishan.

Even if something is really Chen Fei's fault, as long as the status and background of these people can't be compared to the Chen family, then Chen Bishan is absolutely unreasonable.

There is even a possibility that Chen Bi Shan will take the initiative to help Chen Fei solve this trouble.

"There's no need for you to worry about this, no one can stop me from going where I want to go, and no one can keep me when I want to leave." Han Qianli said indifferently.

The middle-aged woman wondered why it was always the child who spoke, and whether he was the highest status among the three.

At this time, the elevator had already arrived at the Chen family's floor.

When the elevator door opened, a short corridor was in sight, and at the end of the corridor was another security door.

Han Giangli was the first to step off the elevator, and then said to the middle-aged woman, "Open the door."

"This is your last chance to leave, have you really thought this through?" The middle-aged woman said, "She was very kind.

She was really kind-hearted, and didn't want Han Qianxiang to pay a price he couldn't afford because of an impulse.

But she underestimated Han Qianqian. How could Han Qianqian care about the Chen family?

"Cut the crap and open the door." Xiaolong said with a look of impatience.

The middle-aged woman smiled coldly and said, "Since you have to make trouble for yourselves, I'll let you do it."

After saying that, the middle-aged woman opened the door.

He had no affection for these three, and under Chen Fei's influence, the little kid was also very stubborn and arrogant.

The child was Chen Fei's half-brother, named Chen Yang.

After Chen Yang returned home, he immediately went to Chen Bishan's study.

"Dad, some of my brother's enemies have come to my door." Chen Yang said to Chen Bishan.

Chen Bishan has a hobby of reading books, and in his spare time, he is almost always enriching his cultural background. He considers himself a scholar, and likes to bite words, but of course, this is all on the surface.

When he heard Chen Yang's words, Chen Bishan frowned, although Chen Fei has caused him a lot of trouble, but no one has dared to come directly to the Chen family.

And Chen Bishan was well aware of Chen Fei's character, although he was arrogant outside, but Chen Fei also had a ruler in his heart, who could offend and who could not be provoked, he understood very well, so after so many years, Chen Fei's trouble was not big, and all of them were still within the Chen family's ability to solve.

"How dare someone be so bold?" Chen Bishan suspected that he thought it might be his youngest son who was joking.

"There are really people here, if you don't believe me, just go out and take a look." Chen Yang said with a sincere face.

Chen Bishan saw that his youngest son didn't look like he was joking, so he closed the book and went out of the study.

When he came to the living room, Chen Bishan saw Han Qianqian and his three friends.

But a small punk and two kids dared to come to his house to look for trouble, which really made Chen Bishan laugh out loud.

"You three, what do you want?" Chen Bishan asked the three with a smile full of sarcasm.

"Chen Fei wanted to k*ll me, I didn't want to waste time looking for him, so I came directly to his house, I think you have a way to make him show up." Han Qianli said indifferently.

Chen Bishan's eyebrows curled, he had warned Chen Fei several times that no matter how much he played, no matter how much he caused trouble, he should never cause any fatalities, but he didn't expect this kid still didn't listen.

And in the face of such a small person, would it be necessary to carry a murder charge on his back?

"So, what do you want." Chen Bishan asked.

"Strike first, you won't not understand this truth," Han Qianli said.

Chen Bishan laughed out directly, this little kid spoke, but arrogant to the limitless, in front of him, to k*ll his son, do you really think he Chen Bishan's transparent?

"Kid, are you here to tell me a joke, you're talking about k*lling Chen Fei in front of me, do you really know who I am?" Chen Bishan felt that this little kid in front of him, if he wasn't joking with himself, then he must be sick in the head, and that's why he would say such ridiculous things.

"Chen Bishan, a small Chen family, is it hard to make any waves in Cloud City?" Han Qianqian's cold face.

Chen Bishan's expression froze, a small Chen family?

Although it was true that the Chen family could not be compared to the Tian family, but in Cloud City, the Chen family still had a certain degree of strength, and was by no means qualified to be underestimated by anyone.

And yet, such a little kid's attitude of completely disregarding the Chen family!

"Little thing, the Chen family is nothing, and what are you? Have you ever thought of what will happen to you if you provoke me like this?" Chen Bishan said sternly.

"Do you think that I would be afraid of the Chen family?" Han Qianli asked.

Seeing Han Qianqian's full-bodied appearance and saying this, Chen Bishan couldn't help but feel a little puzzled, is this kid also a person with a background? However, he knew almost all of the top tier families in Cloud City, and had never heard of any family having a kid like this.

"Kid, who are you?" Chen Bishan asked, he didn't dare to say that he knew all the families in Cloud City, and it was normal for him to occasionally miss characters, so he had to figure out Han Qianqian's true identity before he could.

"I don't want to inflict the entire Chen family, so you just need to get Chen Fei back, and this matter will be resolved." Han Qianqian said indifferently.

Chen Bishan was so angry at such an arrogant attitude, and so what if he got Chen Fei back, as Chen Fei's father, could he not just stand by and watch his son get into trouble?

"I am Chen Fei's father, he made a mistake, I will resist, if there is anything you need, you look for me." Chen Bishan said.

"I'm afraid you can't carry it." Han Qianli said in a cold voice.

Chen Bishan laughed disdainfully and said, "I've been in Cloud City for so many years and there's nothing I can't handle, kid, I don't care what your family background is, if you mess up in my Chen family, I'll make you pay for it, you should really ask your family about what relationship I, Chen Bishan, have with Mo Yang."

These words are absolutely shocking to anyone, after all, Mo Yang is the number one person on the Cloud City Road!

Chapter 1317

When Xiaolong heard these words, he couldn't help but laugh.

It was fine to use Mo Yang to scare others, but to use it on Han Qiangiang, it was a big joke.

Even in Mo Yang's underground boxing ring, Han 3,000 could get away with it, and Mo Yang didn't even dare to say anything about it, which fully illustrated Mo Yang's scruples towards Han 3,000.

At this time, what is the point of Chen Bishan using this method to scare Han Qianqian?

"What are you laughing at?" When Chen Bishan saw the smile on Xiao Long's face, he couldn't help but scold.

"I'm laughing at you too ridiculously, if you think Mo Yang can hold my boss down, you can call in and try." Xiaolong said.

Boss?

This person calls this little kid a boss.

I'm not sure if it's because they've been ignoring the world for so long, but the world has become so ridiculous now.

"Little guy, you can be the boss too? Do you know what a real society is like?" Chen Bishan couldn't help but ask Han Qianli.

Han Qianli didn't get angry at Chen Bishan's mockery, but sat down on the sofa and said calmly, "I'll give you three minutes to think about it, and you can ask Chen Fei to go home, or you can ask Mo Yang to come out."

Chen Bishan obviously couldn't stand Han Qianqian's condescending attitude.

He would not tell Chen Fei to go home.

Even less would he alert Mo Yang because of this boss, who called himself a little kid.

"Kid, today I'll teach you how to write the word regret." After saying that, Chen Bishan pulled out the phone.

As a ruthless businessman, Chen Bishan had used many dirty tricks to deal with his rivals, so he had made a lot of grudges, and in order to prevent revenge from his enemies, Chen Bishan deliberately bought a suite downstairs for his men to live in, so that if anything happened to him, his men could arrive at the first time.

In less than a minute, Han 3,000 heard the sound of the elevator opening.

Several fierce-looking men walked into Chen Bishan's house.

"These guys, give me a good lesson and throw them out." Chen Bishan instructed his men.

Han Qianli was still sitting calmly on the sofa, not at all fearful of these men who had rushed in.

After seeing Han Qianli's power, Xiaolong also understood that these people would not be a match for Han Qianli, so he wasn't afraid either.

Chen Bishan was a bit surprised by this kind of behavior, for any ordinary person would not have been able to keep a straight face in such a situation.

But this little kid, however, showed a calmness that was beyond ordinary people.

At this time, Chen Yang suddenly said, "Dad, are you going to beat this sister?"

Chen Yang actually started to pay attention to Yi Yun Qi a long time ago, after all, at this age, Yi Yun Qi has already shown extraordinary beauty, which is hard for men to ignore.

As the younger brother of Chen Fei, Chen Yang has long learned to judge beautiful women, and is a real little pervert, so he does not want to hurt Qi Yiyun, and also hopes that his heroic actions to save the beauty, can be recognized by Qi Yiyun.

But at this time, Chen Bishan, who was in no such mood, stared at Chen Yang and said, "Go back to your room."

Chen Yang cringed in fear, and then unwillingly ran back to his room.

The middle-aged woman also knew that the next picture was not what she wanted to see, so she also followed back to her room.

Chen Bishan gave a look to some of his men, and they walked toward Han Qianqian.

At that moment, Han Qianli raised her cup and said in a quiet voice, "Chen Bishan, do you think these trash can really do anything to me?"

In the process of speaking, Han Qianli directly crushed the teacups, a scene that left those men dumbfounded in place.

Even Chen Bishan felt incredulous because of this scene.

How could one man's strength crush a teacup made of glass, and his hand, it seemed, didn't show any signs of injury at all!

At this moment, Chen Bishan's intuition told him that he had underestimated the child in front of him.

But his men were not alone, and this did not diminish Chen Bishan's confidence.

Even if he was really powerful, he was just a kid after all, and a human being at that, how could he be a match for these few men?

"What are you waiting for? Let's go," Chen Bishan ordered. Chen Bishan ordered.

Several of his men regained consciousness from their surprise and pounced straight at Han Qianli.

Han Qianli slapped the powder off his hands and said quietly, "How did your IQ support you to get to where you are today?"

These words were clearly an insult to Chen Bishan, which made the anger in Chen Bishan's heart even stronger, and he gritted his teeth and said, "Little thing, are you so arrogant, you really don't know how to write the word "death"?"

At this time, those few men had already swung their fists at Han Qiangli, and an ordinary person would have no chance to resist under such a crowd.

But Han Qianqian was no ordinary person.

How could a strong man with the God Realm be approached by these commoners?

Two of them, who were the first to approach Han Changan, were directly kicked away.

Even if they wanted to go back on their words, the inertia of their bodies would not allow them to do so.

Then a miserable scene occurred.

Several of Chen Bishan's subordinates were kicked out one by one by Han Qianqian, but even though they seemed to have great momentum, they were unable to receive even one move from Han Qianqian.

The situation changed rapidly, and Chen Bishan, who was originally confident, never thought that the fighters he had trained for years would be so vulnerable, and the other side was just a child.

Han Qiangli sat back down on the sofa, as if nothing had happened.

"These men of yours aren't very useful," Han Qianli said indifferently.

Chen Bishan's eyelids jumped straight, when Han Qianli crushed the teacup just now, he had thought that this little guy was a ruthless character, but he didn't expect him to be ruthless to this extent!

"Who the hell are you!" Chen Bishan asked Han Qianli, knowing that he could no longer ignore the fact that Han Qianli's background, with such amazing personal abilities, could never have been born into an ordinary family.

"You have one last chance to choose, let Chen Fei go home." Han Qianqian said.

Chen Bishan gritted his back teeth, he was Chen Fei's father after all, he couldn't just stand by and watch Chen Fei fall into the hands of others.

"No matter who you are, with the relationship between me and Mo Yang, you will definitely bring about the end of your own family, don't you consider the consequences of this?" Chen Bishan said.

Chapter 1318

Chen Bishan was surprised by Han 3,000's amazing strength, but it doesn't mean that he would be afraid of Han 3,000; after all, the Chen family's status is not low in Yun City, and he has a good relationship with Mo Yang, so even if his men are no match for Han 3,000, but Mo Yang is a man who has an underground boxing school, so can't he handle a little kid with his boxers?

From Chen Bishan's point of view, to move out this big figure of Mo Yang in Yun City, no matter who would have scruples, even the supreme heavenly family of Yun City's business community, would not dare to ignore Mo Yang's existence.

Such a thought would be useful to anyone in Cloud City, where no one can ignore Mo Yang's deterrent power.

But unfortunately, Chen Bishan met Han Qianqiang, the only person in Yun City who would not put Mo Yang in his eyes.

"I don't mind if you bring Mo Yang here." Han Qianqian said indifferently.

Chen Bishan almost gritted his teeth at his careless attitude, this brat was obviously putting on an act, could it be that he wasn't even afraid of Mo Yang in Yun City?

Chen Bishan doesn't think anyone can compete with Mo Yang's status in Cloud City, so Han Qianli's calmness must be an act.

After all, such a thing as a favor, if you use it once, you may never have it again, and it's not worth it to bring out a big figure like Mo Yang in order to deal with a little kid.

"Little thing, I advise you better tell your family, let them know what you are doing, they will teach you what you should do now, otherwise when something happens, you won't even have a chance to regret." Chen Bishan advised.

Han Qianqiang still had a carefree attitude, not taking Chen Mishan's words to heart at all.

"Could it be that what you just said was all bragging, that you don't even know Mo Yang, or even if you do, you're not qualified to have Mo Yang stand up for you?" Han Qianli looked at Chen Bishan with a faint smile on his face and said.

Chen Bishan was livid, he couldn't tolerate being questioned by a little kid, and his relationship with Mo Yang could definitely make Mo Yang come to his house in person, it was just that this relationship could be consumed, and once it was consumed, it would never be the same again.

"Little thing, do you really want to d*e?" Chen Bishan said.

"Think." Han Giangli blurted out the word.

This left Chen Bishan with no way out, no choice.

His men were no match for Han 3,000, and he could only hope for Mo Yang at the moment.

Although it was likely that this matter would restore the relationship between him and Mo Yang as strangers, he could only do so in order not to lose face in front of Han 3,000.

"It's your choice, today I'll let you know what is called the dangers of society." After saying that, Chen Bishan finally pulled out the phone.

When he saw this scene, Xiaolong smiled in his heart, he was looking forward to seeing Mo Yang appear, and he was even more curious about what would happen to Chen Bishan when Mo Yang appeared.

Because Xiaolong knew clearly that in Mo Yang's mind, Han Qiangiang's status must be higher than Chen Bishan's, or else Han Qiang would not be able to leave unharmed after injuring a boxer in the boxing ring.

Even Bruce could not help but speculate that Mo Yang might still try to please Han Qiang, after all, such a powerful character, if a head-on conflict breaks out, it will certainly affect Mo Yang's position in the Cloud City Road, and his best choice is to become friends with Han Qiang, so that this kind of threat can also be avoided.

"Are you going to let Tianchang Sheng come out again?" Qi Yiyun asked Han Qianqian softly, in her opinion, this matter has come to this point, unless Tianchang Sheng step in, otherwise it is absolutely impossible to solve it easily, just to use Tianchang Sheng again and again, in Qi Yiyun's opinion is never a good thing.

"Do you think that I only have one friend in Cloud City, Tian Changsheng?" Han Qianli responded with a smile, as long as it was something that could be solved with fists, Han Qianli didn't need anyone's help.

The reason why the school was a matter of concern, the reason why Tianchang Sheng was asked to step in, was so that Qi Yiyun could more securely enter the school to study, if it wasn't for this point, there were countless ways for Han 3,000 to deal with the principal.

"Other than Tianchang Sheng, there should be no one in Yun City who would dare to do anything against Mo Yang, right?" Qi Yiyun reminded that she had a deep understanding of Yun City, Tian Changsheng was the first person in the business world, while Mo Yang was the first person in the way of Yun City, the two of them had different development fields in Yun City, but their status was equal.

This also means that Mo Yang and Tian Changsheng have the same status, in this case, naturally, no one else would dare to oppose Mo Yang.

"Chi Yi Yun, do you know Yun City so well?" Han Qianli wondered.

"Of course." Chi Yi Yun nodded her head as if it was a matter of course and explained, "Since I'm coming to Cloud City, I naturally need to know about it."

"But you're here to study, so what's the point of knowing these things." Han Qianqian felt a little strange, after all, Qi Yiyun is still just a young girl, she came to study, and has nothing to do with the characters of Tianchang Sheng Mo Yang, so why would she deliberately know about them?

And Chi Yi Yun at this age to think of things so widely, its performance is a little too mature.

"It's better to know than not to know. I'm just used to wanting to know about the people and things around me," said Qi Yiyun. Qi Yiyun said.

Seeing her say so carelessly, but Han Qianli knew that the reason she was doing this must have some kind of purpose, but she was reluctant to say, and Han Qianli had no way to guess.

"No matter what you want to do, as long as you don't cause me any trouble," Han Qianqian reminded.

Chi Yi Yun shrugged her shoulders and said no more.

At this time, Chen Bishan had already finished his phone call, and Mo Yang had promised him to bring someone over right away, which made Chen Bishan's expression turn a bit grim.

Even in his eyes, Han 3,000 was already a dead man.

"These men of mine are indeed very useless, but the boxers of the Mo Yang underground boxing gym are not comparable to them, kid, just wait for your family to collect the corpse." Chen Bishan said to Han Qianqian.

"I don't have much of a problem with your son, but he's so arrogant that he's looking for me to k*ll, so your son is to blame for all this." Han Qianqian said something inexplicable to Chen Bishan.

Chen Bishan didn't quite understand why Han Qianqian said this, but in his eyes, Chen Fei was not at fault.

"As you know, that's my Chen Bishan's son, of course he has the arrogant right to k*ll a little ungrateful thing like you, what's wrong with that?" Chen Bishan said with a cold face.

Chapter 1319

As the saying goes, "Like father, like son." After hearing Chen Bishan's words, Han Qianli finally understood how Chen Fei's character came about.

After listening to Chen Bishan's words, Han Qianli finally understood how Chen Fei's character came about, it was completely genetic.

"No wonder Chen Fei is so arrogant, it's because of your connivance, in that case, I'll make the Chen family disappear in Yun City today, so that those who have been oppressed by the Chen family can have a taste of how it feels to have their revenge." Han Qianqian said.

"Hahahahahahaha."

These words made Chen Bishan laugh up to the heavens, and in his eyes, Han Qianli was like playing an international joke.

It was true that the Chen family had many enemies, and these enemies all wished that the Chen family would be finished.

The Chen family can go today, relying on not only Chen Bishan's means, but also his influence in the business community in Yun City, even those who sit in the official halls, also do not want to see the Chen family destroyed, because it will impact the economy of Yun City, with such an umbrella in the Chen family in Yun City, except for Tianchang Sheng and Mo Yang, no one is afraid.

"Kid, say such big words, not afraid of flashing your tongue, I'm really curious about how your family educated you to cause you to be so defiant, do you really think that my Chen family is an inferior family?" Chen Bishan sneered.

"In my eyes, the Chen family is indeed unimpressive, at most a trash." Han Qianli laughed contemptuously.

When the word trash came out of Han Qianqian's mouth, Chen Bishan's inner rage was about to become uncontrollable, no one dared to say such words in front of him, and no one was qualified to provoke him like this.

"No matter what kind of family is behind you, I will do my best to uproot it, and this is the price you have to pay." Chen Bishan said.

Han Qianli's words had thoroughly angered him, so he wanted to take revenge not only on Han Qianli, but also on the family behind Han Qianli, and only then could he let off steam.

He wanted to let the family behind Han Qianli know what would happen if he didn't educate his juniors properly.

Han Qiangli laughed without saying a word, but it was a real joke that the Chen family in Yuncheng wanted to uproot the Han family in Yanjing.

Chen Bishan went to Yanjing, what is he, and who would take him seriously?

And Han 3000's position in Yanjing today, that's talk of the town.

"Call Mo Yang and tell him that I don't have that much time to wait for him." Han Qianli also gradually lost patience and said to Chen Bishan.

"There's no hurry, if you want to reincarnate, I'll help you find an auspicious time, so don't be so impatient." Chen Bishan said.

Calling Mo Yang and asking him to help was already something Chen Bi Shan had done after plucking up his courage, so how could he dare to call and urge Mo Yang.

"Since you won't call, then I'll do it." Han Qianli said, pulling out the phone.

This action made Chen Bishan's eyelids jump.

How could it be!

This little thing, how could he possibly know Mo Yang.

He can't be deliberately pretending!

Chen Bishan, who was trembling in his heart, could only console himself by assuming that this was a self-directed act by Han Qianli, who was just struggling to die.

In fact, Han Qianli did dial Mo Yang's number, and they left each other's contact information when they left the underground boxing ring that day.

"When will you arrive?" After the phone call, Han Qianqiang asked Mo Yang directly.

When Mo Yang heard this, he was confused.

He was on his way to the Chen family, why would Han Qianqian suddenly call and ask him when he would arrive?

After a moment of confusion, Mo Yang suddenly figured out the meaning of this sentence.

Could it be that the Chen family's troubles were brought about by Han Qianqian?

The person Chen Bishan wants him to help solve the problem is Han Qianxiang?

Mo Yang's heart thumped, as the number one person on the Cloud City Road, he was fearless in the face of anyone, but after meeting Han Qianqian, a slight scruple arose in his heart.

This was not only because of Han Qianli's superior strength, but also because of the fear of the forces behind Han Qianli.

Mo Yang knew very well that it was absolutely impossible for an ordinary family to raise such a strong child, so he could judge the power of the family behind Han 3,000 by the strength of Han 3,000, which was why he let Han 3,000 go in the underground boxing ring.

"Three thousand, you're not in the Chen family, are you?" Mo Yang asked tentatively.

"Yes, the person Chen Bishan wants to deal with is me, don't you know that?" Han Qianli said with a smile.

If he had known earlier, he wouldn't have answered Chen Bishan's call, and it's no fun to have such an unmitigated disaster fall on his head.

But now, Mo Yang still has the opportunity to choose again, things have not yet reached a situation where he has to confront Han Qianqian.

"I'll be right there, this Chen Bishan, really don't know whether to live or die." Mo Yang said.

"Okay, I'll wait for you." After saying that, Han Qianli hung up the phone.

This kind of conversation, for Chen Bishan, was even more sure of Han Qianli's pretense.

In Cloud City, Mo Yang was the number one person in the Dao, who was qualified to speak to Mo Yang in such a tone and attitude, and Han Qianqian's superior attitude just now was obviously not directed at Mo Yang.

"Little kid, you're not very good at acting." Chen Bishan said to Han Qianqian with a smile.

"Oh? What's the problem?" Han Qianqiang asked with a smile.

"In Cloud City, who dares to speak to Mo Yang in such a tone, if you want to act more realistically, you should at least show your respect for Mo Yang." Chen Bishan said.

Han Qianli looked like he had suddenly realized, nodded his head and said, "I understand, I'll pay attention next time."

Xiaolong was holding back the upturned corners of his mouth on the side, only he knew that the phone call just now was real, and only he knew when Han Qianli's acting started.

It must be said that the acting skills he showed in front of Chen Bishan, that definitely had the potential to be a movie emperor.

In the other room, after Mo Yang hung up the phone, he kept his face heavy, if he could have gotten out of the matter after Han Qianxiang didn't call, but now, he had no way to retreat.

"Boss Mo, why are you afraid of this kid?" Mo Yang's subordinate couldn't help but ask, ever since the last time he let Han 3,000 go, he felt strange, if that matter was spread out, it would definitely affect Mo Yang's position in Yun City, so in his opinion, the best choice was to find a way to k*ll Han 3,000 and bury this matter in the dust forever.

But now, not only did he not k*ll Han Qianqian, but he also showed fear towards him, which was a bit incomprehensible.

Chapter 1320

Faced with such doubts from his men, Mo Yang smiled coldly, only a foolish person would think that k*lling Han Qianxiang could solve this matter.

But Mo Yang knew clearly that k*lling Han Qianxiang would probably bring him unimaginable trouble, and this kind of trouble would not only make him lose his identity in Cloud City, but also, possibly, his life.

Cloud City is just a very small city, and dominating here is nothing to those big cities.

The first person on the road of Cloud City may be just a joke in the eyes of those people.

On the contrary, he was very clear about one thing, that is, if you are based in Cloud City, you can only be arrogant in Cloud City, and once you leave the boundaries of Cloud City, it's not his world, nor is it a place where he can call the wind and rain.

And Han Qiangiang, not from Cloud City, that's why Mo Yang is unwilling to be evil to Han Qiang.

"You don't know sh*t, do you know what kind of price you need to pay to cultivate a strong person at such a young age? Do you think this is something that an ordinary family can do?" Mo Yang coldly said.

His subordinates still looked confused and said, "Boss, even if he has a family background, but we've already checked, he's not even from Cloud City, so what's there to be afraid of?"

"Do you really think a strong dragon can't crush a snake in the ground?" Mo Yang said.

The subordinates nodded their heads as if it was a matter of course, the old saying is not a joke, no matter how strong the dragon is, it is also a foreign country, its power, how to compare with the local snake.

"Boss, isn't it?" The hand asked.

"It's a fart, can't suppress, only means he's not a strong dragon, but this Han 3000's background is definitely much stronger than we thought." Mo Yang said.

The subordinates still couldn't understand Mo Yang's thoughts, whether it was a real strong dragon or not, wouldn't you know if you tried?

"Another important point is that he's not a match for everyone in the underground boxing ring, I'm afraid, so how else are you going to deal with him under these circumstances?" Mo Yang continued.

"Boss, how is this possible, he's a little kid, and he can single-handedly fight our entire underground boxing ring?" The hand disdainfully said.

If it were before, before seeing Han Qiang's skill, Mo Yang would have thought the same, and he would never have thought that there was a child who could be on par with those boxers.

But after seeing Han Qianqian's power, Mo Yang had to guess so, because Han Qianqian's performance that day was really astonishing. Those boxers didn't even have a chance to resist in front of Han Qianqian, which was enough to show that Han Qianqian was much stronger than them.

"Have you forgotten how he took care of our people?" Mo Yang reminded.

Having seen it with his own eyes that day, naturally he hadn't forgotten, but in his opinion, as long as there were more people, Han 3000 would be the one to fall.

"He is indeed very powerful and unexpected, but our boxing club has people on board, so he should not be a match." The subordinate said.

"Should?" Mo Yang laughed and ridiculed, "Why are you also saying that you are so weak, this shows that you are also afraid of him in your heart."

This made his men a little embarrassed, his bottom line was indeed not as strong as it was just now, and after thinking about Han 3,000's strength performance last time, he wasn't sure if those boxers could pose a threat to Han 3,000 when they were all on board.

After all, a few boxers lost miserably in the last encounter.

After the car arrived at the Chen family's upscale neighborhood, it was still stopped by security guards, but when the window was rolled down and the guards saw Mo Yang sitting inside, they were so scared that they quickly opened the gate, and said sorry to Mo Yang repeatedly, and this is the performance of Mo Yang's unrivaled status in Yuncheng.

But who would have thought that a person of such status would be afraid of a child?

Chen Bishan's home.

After Mo Yang's car entered the community, Chen Bishan received the news, which made him feel unconsciously better.

"Mo Yang has arrived downstairs, little one, do you want to know what will happen to you?" Chen Bishan said proudly to Han Qianqiang.

"Do you know how to solve a problem forever?" Han Qianli asked Chen Bishan.

Chen Bishan smiled faintly, only a dead man would not cause any trouble, so the best way to solve the trouble was to let his opponent go to the king of hell.

"Little thing, do I still need you to teach me? You will know how many people have died at my hands after you meet the King of Hell." Chen Bishan sneered.

Han Qianli stood up from the sofa, stretched a lazy waist, and said, "Let alone Cloud City, even in this world, I can't find anyone who is my opponent, you don't deserve it."

In the face of such arrogant words, Chen Bi Shan has been too lazy to engage in a verbal dispute with Han Qianyang, this guy's arrogance, to the point of lawlessness, but Chen Bi Shan is very clear that soon he will taste the evil consequences of arrogance.

"The scary thing about family education is that it doesn't allow your children to recognize their own status, and your parents' biggest mistake in their lives was raising such an arrogant and ignorant thing like you." Chen Bishan said indifferently.

Arrogant and ignorant?

These four words could be used to describe any person on earth, but Han Qianqiang is definitely an exception.

The doorbell rang.

Chen Bishan trembled all over, he knew that it was Mo Yang coming.

He hurriedly jogged to the door of his house and opened the door for Mo Yang.

"Boss Mo." Chen Bi Shan shouted respectfully.

Mo Yang didn't even glance at Chen Bishan, and directly entered the house.

When he spotted Han Qianqian, Mo Yang walked over to Han Qianqian's side.

Chen Bishan was puzzled by Mo Yang's action. Was he pressed for time, so he wanted to finish this matter and leave?

"Boss Mo, it's this ignorant thing that dared to come and cause trouble in my Chen family." Chen Bishan said to Mo Yang.

Mo Yang's stiff face, squeezed out a hint of a smile and said to Han Qianqian, "Qianqian, I never thought we would meet in this way, it's a bit unexpected."

"You are the umbrella of Chen Bishan, also something I didn't expect, and it's because of you that the Chen family dares to be so arrogant," Han Qianli said indifferently.

Mo Yang's heart was shaken, this was the second time he faced Han Qianli, but this time the oppression in his heart that Han Qianli brought to him was significantly stronger.

Mo Yang didn't know why such a small child as Han Qianqian was able to create such pressure on him.

But he knew very well that it was not possible for a child to have such momentum.
