

His True Colors Chapter 1321-1330

Chapter 1321

While Mo Yang was surprised, Chen Bishan was already starting to get weak in the knees.

Through their simple conversation, he knew that Han Qianqian and Mo Yang knew each other, and the relationship between them was very shallow, but more importantly, Han Qianqian's attitude in front of Mo Yang was still arrogant and cocky, and there was no restraint at all.

This caused Chen Bishan to rub his eyes.

It was because he suspected that his eyes were blurred, and that was why he had an illusion.

How could a mere child have the guts to treat Mo Yang with such an attitude?

But after rubbing his eyes, nothing in front of him changed.

And Chen Bishan could feel that Mo Yang seemed to have some scruples about Han Qianqian, which made his brain go blank.

What kind of person had he offended that even Mo Yang would be afraid of him!

In some ways, Mo Yang is not afraid of Han 3,000, but rather afraid of the unknown, because he doesn't know what kind of background Han 3,000 has, but Han 3,000 acts as if it has a big background behind it, which is what Mo Yang is worried about.

"I'm not Chen Bishan's umbrella, I owe a small favor, and I'm ready to return it to him today." Mo Yang explained to Han Qianqian.

"Oh?" Han Qianqiang looked at Mo Yang with interest and asked, "How are you going to return it?"

Mo Yang looked embarrassed, if it were anyone else, he could have helped Chen Bishan and returned the favor by the way.

But the other party was Han Qianqian, what else could he do?

He could never bear a grudge against Han Qianqian because of Chen Bishan, and without knowing Han Qianqian's identity and background, once he became enemies with Han Qianqian, he would get immediate consequences that Mo Yang could not imagine.

"Three thousand, since this matter is related to you, this favor is not worth mentioning to me, how do you plan to deal with the Chen family." Mo Yang asked.

When these words came out of Mo Yang's mouth, Chen Bi Shan finally understood what kind of situation he was in.

As long as Han Qianqian said a word, Mo Yang would definitely help him deal with the Chen family.

In front of Mo Yang, the Chen family can be easily dealt with with one finger, and this is no joke at all.

"Little brother, this matter was started because of Chen Fei, I will definitely give you an explanation." Chen Bishan knows the reasoning behind abandoning the car to protect the marshal, although he spoils Chen Fei, but now that he can't protect himself, what qualifications does he have to protect Chen Fei.

If losing Chen Fei could return the Chen family's stability, Chen Bi Shan didn't mind pushing Chen Fei into the crater.

Han Qianli smiled faintly, looked at Chen Bishan and said, "Just now, one little thing at a time, why have you changed your tone now?"

Chen Bishan's forehead was sweating, but he didn't know that Han Qianqian was so powerful just now, so his tone was naturally a bit disdainful, and the way he addressed Han Qianqian was disrespectful.

Now, knowing the relationship between Han Qianli and Mo Yang, how would he dare to call Han Qianli little brother?

"It's me who has eyes but can't see Taishan, and I'm asking the little brother to give a chance to compensate, and I'll make sure you're satisfied." Chen Bishan said.

Han Qianli looked at Mo Yang, and then at Chen Bishan.

After all, Chen Fei was Chen Bishan's son, and even if he was willing to push Chen Fei out to take the blame at this time, this matter would always be imprinted on Chen Bishan's heart, and as long as he had the chance, he would still find trouble for Han 3000.

As Han 3,000 said before, the easiest way to solve trouble is to get rid of the source of the trouble completely.

Han 3,000 didn't want such a small, flea-like character to cause him trouble.

After all, this time, they had only beaten Xiaolong, but what if next time, they would target Qi Yiyun, or even Su Yingxia?

"Mo Yang, how do you think I should deal with the Chen family?" Han Qianqiang asked Mo Yang.

Placing this choice on Mo Yang's head must make it difficult for him to choose.

But Mo Yang quickly thought it over, how could he compare himself with just one Chen family?

And as the saying goes, if you are not for yourself, God will punish you.

In the midst of a great disaster, it is naturally more important to save oneself first.

"In a day's time, the Heavenly Family can be removed from Cloud City." Mo Yang said.

Boom!

This sentence was like a thunderbolt from the blue sky for Chen Bishan, he knew that if Mo Yang were to do this, the Chen family would not last a day.

"I have helped you before, you owe me a favor, you said you would pay me back, now you have a chance, as long as you can save the Chen family, you and I will be even." Chen Bishan said to Mo Yang with a panicked face.

Mo Yang smiled coldly and said, "Don't blame me, you can only blame yourself for provoking someone you don't dare to provoke."

Chen Bishan shook his head unwillingly, if he had known that Han Qiangli was so difficult to provoke, he would never have treated Han Qiangli in the way he did just now.

"He who doesn't know is not guilty, little brother, I don't know anything, please, give me another chance." Chen Bishan said to Han Qianqian.

Han 3,000 said to Mo Yang, "If you say something, someone like you shouldn't take it back."

"Of course." Mo Yang said in a firm tone.

Han Qianli smiled faintly and said, "In that case, I'll leave this matter to you, and tomorrow, I don't want to hear anything about the Chen family."

"Understood." Mo Yang knew what Han Qianqian's words meant, it was Han Qianqian's wish to deal with the Chen family quietly and low-key, rather than causing a city-wide commotion.

The Chen family also had some influence in Yun City, and it wasn't a simple matter to deal with the Chen family quietly and quietly.

But with Mo Yang's status in Yun City, it would not be difficult to do so.

And even if word got out, if outsiders knew that this matter was related to Mo Yang, they would never dare to discuss it easily.

Just as Han Qianli was about to leave the Chen family, he was sharp enough to hear the sound of the elevator opening, and judging by his footsteps, the visitor should be a young man.

The young man who could return to the Chen family was probably Chen Fei, which made the corners of Han Qianli's mouth turn up slightly.

It was about time that he returned.

When the door of the room opened, the person standing outside the door was indeed Chen Fei.

Chen Fei, who was about to take off his shoes, was startled when he saw Han Qianqian, and then he didn't even have time to take off his shoes before walking towards Han Qianqian.

He had arranged for many people to look for Han Qianqian, but did not expect Han Qianqian to show up at his home, which was a perfect gift for Chen Fei.

With his father present, Han Qianxiang would have to d*e a violent death.

"Han Qianqian, you've got a lot of nerve, how dare you show up here, do you know where this is?" Chen Fei smiled grimly and said to Han Qianqian.

"This, isn't it your home?" Han 3000 said.

"Hahahahahaha." Chen Fei let out a loud laugh and said, "Since you know it's my house, why are you still here to d*e?"

Chapter 1322

Chen Fei rushed in front of Han Qianqian, directly grabbed Han Qianqian's collar, and looked as if he wanted to eat Han Qianqian.

At this time, Chen Fei was completely unaware of the presence of Mo Yang.

Chen Bishan was terrified by this action, and even felt trembling in his heart.

Chen Fei's arrogant and domineering attitude was something he was used to, and he was well aware of Chen Fei's character, but at such a time, Chen Bishan could no longer tolerate Chen Fei's insolent attitude.

The Chen family's life and death was just a matter of Han Qianqian's thoughts, and now he dared to threaten Han Qianqian in this way.

Chen Bishan, who was already weak in the knees, walked up to Chen Fei and punched him in the face with his fist.

"Adversary, you've made such a big mistake, and you still don't know how to repent?" Chen Bishan roared.

Chen Fei was directly dazed by the punch.

This was his home, and the person who beat him was also his father who usually spoiled him very much, which made Chen Fei baffled for a moment, not knowing what was going on at all.

"Dad, what are you hitting me for?" Chen Fei looked confused and asked Chen Bishan.

Chen Bishan gnashed his teeth in anger, trembled all over, and said, "Do you know what kind of people you have provoked, and do you really think that no one in Yun City is your match?"

This sentence made Chen Fei even more confused.

Just a little kid?

And he had already found out that this person was not from Yun City at all, and did not have any background in Yun City, and it was under this circumstance that Chen Fei dared to say that he wanted Han Qianqian to d*e.

But now, things didn't seem to be as simple as he thought they would be.

"Dad, what's wrong with you." Chen Fei asked.

Chen Bi Shan now hated to kill Chen Fei with his own hands.

As long as he could get Han Qianqian's forgiveness in return and give the Chen family a way out, he didn't mind personally ending Chen Fei.

Unfortunately, even if he did so, it might not be possible to salvage the situation.

"Chen Fei, you've got some nerve, even daring to deal with my friend." At this time, Mo Yang spoke up.

Hearing this voice, Chen Fei realized that there were other people in the house.

When he followed the voice, Chen Fei was stunned.

Mo Yang!

Isn't that Mo Yang!

How could he appear in his home.

And when Chen Fei savored what Mo Yang had just said, he had a feeling that his soul was empty.

His friend, was he talking about Han Qianqian?

Han Qianxiang was Mo Yang's friend, and he, surprisingly, wanted to kill Han Qianxiang!

At this moment, Chen Fei finally understood what was going on with Chen Bishan's attitude.

And Han Qianqiang, too, hadn't been sent to him to deal with, but he had brought Mo Yang with him to find trouble with the Chen family!

Chen Fei, whose face instantly turned pale, finally knew what kind of thing he was facing.

"Boss Mo, is he a friend of yours?" Chen Fei asked with trepidation.

"Not bad." Mo Yang said in a firm tone.

Thunder from the clear sky!

To Chen Fei, these two words were the most shocking words he had ever heard in his life, because it meant that Mo Yang would come out against the Chen family, and what consequences his coming out would bring, Chen Fei knew very well.

"Have you never thought that your arrogance would one day destroy you?" Han Qianqiang asked Chen Fei.

It wasn't that Chen Fei hadn't thought about it, but he never thought that retribution would happen to him, because he knew that there was a history of love between Chen Bishan and Mo Yang, and that if he really caused a big problem, he would be able to get Mo Yang to help him out for once, and then he would learn a lesson and lay low in the future.

This is what Chen Fei has been thinking, that's why he is so unbridled.

But he never expected that he would move on Mo Yang's friend's head, and the friendship between the Chen family and Mo Yang was obviously useless at this time.

"You're an adversary, you still haven't apologized to him." Chen Bishan kicked at Chen Fei, he wanted to use every means possible to get Han Giang's forgiveness, only then would he have a chance to save the Chen family.

Chen Fei's pride wouldn't allow him to do that, but he was also a man who understood reality, and he knew what would happen if he offended Mo Yang.

If he didn't even have the Chen family, then what was the use of his ridiculous pride?

The son of the Chen family, a beggar on the street, does his self-esteem still have meaning?

Chen Fei immediately knelt down to Han Qianqian and said, "I'm sorry, I shouldn't have offended you, and I apologize to you for all the things I did before."

If apologies could solve problems, there wouldn't be so many conflicts in the world.

Obviously, an apology doesn't work in every case.

And Han 3,000, to completely solve this trouble, does not allow any hidden problems to remain.

"After this matter is finished, I'll come back to you." Han Qianqiang said to Mo Yang.

Mo Yang didn't know why Han Qianqian was looking for him, but he was very clear about what he meant by ending the matter.

The Chen family was ruined, and no one could save them.

But after Han Qiangli left, the desperate expressions of the Chen family's father and son were almost identical.

Although Chen Fei didn't know what their conversation was like before, he understood what Han Qianli's so-called "closure" meant.

Chen Fei had been arrogant for so many years, and had offended many people, but he had never thought that he had provoked such an insignificant child, but in return, he had brought about such serious consequences, and it was Mo Yang who had personally appeared, making this matter without any room for maneuver.

"Boss Mo, give me a chance to make a phone call." Chen Bishan said to Mo Yang with a prayerful face.

"Tianchang Sheng?" Mo Yang smiled faintly.

Chen Bishan nodded his head like a chicken pecking at rice, he could only hope that the first man in the business world would step in to help him solve his problems.

But Mo Yang's next words made Chen Bishan completely despair.

"You may not know the relationship between him and Tianchang Sheng, according to my understanding, Tianchang Sheng has already given him the hillside villa in the Genting Mountain villa area, which is recently being renovated, I believe it won't be long before he will move in, do you think, Tianchang Sheng will help you?" Mo Yang said.

Chen Bishan stared at it, unable to believe it.

He knew very well what the mountainside villa meant, and the fact that Tian Changsheng had given the mountainside villa to Han Qianxiang was enough to show how important Han Qianxiang was in Tian Changsheng's heart.

But why?

Why would the number one Daoist and merchant in Cloud City pay so much attention to Han Qianqian, and what kind of astounding background does he have behind him!

"Boss Mo, who am I offending?" Chen Bishan smiled helplessly and resigned himself to his fate, because he knew that no one could turn the situation around, but before he was destroyed, he wanted to know the identity of Han Qiangli, so that he could die in peace.

Chapter 1323

Talking about the identity of Han Qianxiang, Mo Yang also couldn't help but draw a breath of cold air.

Even he hadn't really thought about this matter, but after he knew how Tianchang Sheng treated Han Qianxiang, he was already very clear that Han Qianxiang was a person not to be messed with, and for the current Mo Yang, knowing this was enough.

As for who Han Qianqian is, if there is a chance, Mo Yang will try to investigate, but the time is not ripe, Mo Yang will not act rashly, he does not want to bring trouble on himself for no reason, and he does not want to offend Han Qianqian as a result.

Mo Yang started out with his fists, and by all rights, he would be more courageous and a more fearless master, but in the face of Han Qiangiang, the fear he had been hiding for a long time would start to stir.

This was a very clear signal to Mo Yang, even his instincts told him not to provoke Han Qianqian, so he naturally wouldn't do so.

"The person you've offended, even I can't even imagine his identity, so it's only natural that you face this kind of end." Mo Yang said indifferently.

The Chen family, father and son, sat on the ground in despair, having no desire for the struggle for survival.

And after the three of them left the Chen family and returned to the car, Qi Yiyun asked Han Qianli, "What will happen to them?"

As an adult, Qi Yiyun has seen a lot of the dark side of society, but now she is not quite fit to know these things, so Han Qianqian didn't explain much, just said, "My troubles have been solved, as for what will happen to them, does it matter?"

Chi Yi Yun saw that Han Qianqian was unwilling to give herself a clear explanation, so she didn't continue to ask.

"Why did you come to Cloud City when you are already known and very highly placed in Yanjing?" Qi Yiyun was curious, if Han Qiangiang stayed in Yanjing, he would be able to have a better development, after all, it was a first-tier city, while Yuncheng was a lowly 18th-tier city, and there was no comparison between the two.

So Qi Yiyun found it strange why Han Qianli would abandon Yanjing and come to Yuncheng.

This was a very important message to Xiaolong, who at least knew that his boss was from Yanjing.

He at least knew that his boss was from Yanjing. And this also made Xiaolong a bit staggered, a powerful man from Yanjing, that's really powerful.

And Qi Yiyun also made it clear that the boss, even in Yanjing, was unknown to everyone, and his status was very high.

"Does a very high status mean it's powerful?" Han Qianli said with a smile.

"Or what?" The first step for a man is the pursuit of money, and usually a man who has money will show a greedy desire for power, which is a mentality that almost every man has.

There is a good saying that money is a thing outside the body, and power is the most gorgeous coat of men.

If a man has money, who doesn't want to have power?

"To me, neither money nor status and power means anything, and I only pursue the life I want," said Han Qiangiang. Han Giangli said.

"What kind of life do you pursue?" Qi Yiyun was curious, and she unconsciously wanted to know more about Han Qianqiang because her intuition told her that there would be a lot of stories between herself and the man in front of her.

"You're talking a little too much, this is my personal matter." Han Giangli smiled.

Chi Yi Yun pursed her lips in dissatisfaction and skirted her head, no longer speaking.

"Boss, where are we going?" Xiaolong asked Han Qianqiang.

"Leave me at the school, you take her back to the hotel first." Han Qianqian said.

"Why should I go back to the hotel first." Chi Yi Yun immediately retorted.

"Not everything I do, you can get involved in." Han Qianli said indifferently.

At this moment, Qi Yiyun felt an inexplicable coldness in Han Qianli's tone, which seemed to have shut her out, which made Qi Yiyun feel empty in her heart.

"Sooner or later, you'll regret your attitude towards me." Qi Yiyun said with a haughty face.

Han Qianli didn't care at all about what Yi Yun said, and when the car arrived at the school, Han Qianli got off.

Although she didn't know what love was yet, her heart had already sprouted a seed of love for Han Qianqian.

It can even be said that from the moment Yi Yun Qi decided to come to Yun City, this seed has sprouted.

The company has been in the process of developing the new product for the past few years, and has been working on the new product for a long time.

In the car, she asked Xiaolong: "Why does your boss want to go to school, does he know anyone?"

In the past few years, there have been a number of cases in which the company's employees have been involved in a number of different types of business.

The company has been in the process of developing the new product for the past two years.

"Don't ask me, I don't know." Xiaolong said.

Chi Yi Yun looked at Xiaolong's obviously somewhat concealed expression, and knew that he must be clear about something, but just didn't dare to say it.

"If you tell me, I'll introduce you to your girlfriend, how about it?" The company has been in the process of developing the new product.

He said, "I'm not sure if I'm going to be able to do this, but I'm not sure if I'm going to be able to do this.

But if there is an introduction from Qi Yiyun, it might be able to help Xiaolong get rid of his single dog dilemma.

"I really don't know anything, it's useless for you to introduce ten girlfriends to me." Xiaolong still held his position, girlfriend can be found, but if you betray your boss and get kicked by him, it will be completely impossible to find such a powerful boss again.

Like a deflated ball, Chi Yi Yun could not pull out words from Xiao Long's mouth, making her a little less than happy.

"It's something to do with girls, isn't it." Qi Yiyun continued.

Xiaolong's eyes became a little wandering, not daring to speak, afraid that he had said something wrong.

But this kind of performance was already most enough for Qi Yiyun to affirm her own guess.

This made Qi Yiyun even more unconvinced, what kind of girl could make Han Qianyun ignore her existence.

Could it be that she was as beautiful as a celestial goddess and a sinking fish?

While Qi Yiyun was wondering what kind of woman Han Qiangxi was ignoring her for, Han Qiangxi was already waiting for Su Yingxia at the school gate.

Chapter 1324

When Su Yingxia walked out of the school, she saw Han Qianqian at the first time, because she was often blocked by Su Hachao and Su Yehan, so she would subconsciously look at her surroundings, which had become a subconscious thing that Su Yingxia would do.

But what she didn't expect was that Han Qianqian would be here.

After the first meeting, Su Yingxia had a strange feeling that this boy's appearance was not that simple.

Because of the frequent bullying, Su Yingxia is easily wary of a stranger, and she worries if this person is sent by Su Hachao to deliberately prank her.

So when she saw Han Qianqian, Su Yingxia lowered her head and tried to pretend that she hadn't seen him and then left.

Han Qianqiang, seeing this, walked directly to Su Yingxia's side.

Although he knew that such a presumptuous act might make Su Yingxia feel unscrupulous and distant towards him, but whenever Han Qianli saw Su Yingxia, he couldn't help but get close to her, after all, this is her future wife, the feeling that Su Yingxia can bring to Han Qianli is something that no other woman can do.

"You seem to be avoiding me." Han Qianqiang tried to make her tone as gentle as possible and said to Su Yingxia.

Su Yingxia still didn't look up, but also quickened her pace, as if she wanted to leave as soon as possible.

"You're sent by Su Hachao, aren't you." Su Yingxia said.

This made Han Qianli a little confused, how could he be sent by Su Hachao?

"Why do you think so, have you forgotten that the first time I met you, I saved you and beat Su Hachao," said Han Qiang. Han Qianli said.

"You are deliberately using this heroic ploy to get close to me and then looking for an opportunity to hit me, I get it," Su Yingxia said.

Han Qianli could not laugh or cry, especially wanted to say you know nothing, but think about this is his wife, at this stage to say such words, I am afraid it will make Su Yingxia distrust him even more.

"I can swear to God, I don't have any relationship with Su Hai Chao, and I don't even know him." Han Qianli said with a serious face.

Hearing this, Su Yingxia's heart raised a trace of doubt, is this person really not related to Su Hachao?

If it doesn't matter, then why does he keep showing up again and again?

"If Su Hachao didn't send you, why did you come to me." Su Yingxia said.

At this time, Su Yingxia hadn't completed her transformation into the number one beauty in Cloud City, so boys approaching her would never make Su Yingxia feel like it was someone else's favor to her.

"I want to be friends with you, okay?" Han Qianqian said tentatively, in a cautious tone, because he was afraid of being rejected by Su Yingxia.

Friend?

Su Yingxia was stunned, in school, she did not have a single friend, because Su Hachao told everyone around her, whoever dared to be her friend, is Su Hachao's enemy.

And Su Hachao has a certain influence in the school, so even the classmates will be deliberately distant from Su Yingxia, let alone have friends.

"Do you know what will happen to you if you are friends with me?" Su Yingxia asked Han Qianqian.

Han Qianqian is a bit strange, just as a friend, what else can happen?

"I'm not quite sure what you mean by that," Han Giangli said.

"Su Haichao doesn't allow anyone to be my friend; my friends are his enemies, and he will take revenge on my friends." Su Yingxia explained.

This made Han Qianli's heart soar with anger, he thought Su Hachao would only occasionally bully Su Yingxia, but he didn't expect him to go so far as to not even allow Su Yingxia to have friends.

In this situation, Han Qianqian could imagine how Su Yingxia was ostracized at school.

"Do you think, I would be afraid of Su Hachao?" Han Qianli faintly said.

If he was really afraid of Su Hai Chao, he wouldn't have beaten Su Hai Chao last time, but that doesn't mean Su Hai Chao won't continue to find trouble for him.

And Su Yingxia knew that Su Hai Chao borrowed the background of Su family and knew many powerful people, last time he suffered a loss because there was no one around Su Hai Chao, if Su Hai Chao found the opportunity to move those powerful people out, he was afraid that he would not be able to deal with Su Hai Chao.

"You'd better leave quickly, don't be seen by Su Hachao, he's not as simple as you think." Su Yingxia reminded, she was grateful for being saved by Han Qianqian once, so she didn't want to harm Han Qianqian because of herself.

Han Qianqian laughed, just a Su Hachao, isn't the Su family behind it, how complicated can it be?

Han Qianqian closed his eyes and used one finger, which was more than enough to deal with the Su family.

"Are you worried about me?" Han Qianli smiled and asked.

Su Yingxia inexplicably blushed and blushed right down to the roots of her ears, a shy look that made Han Qianli's heart race.

Even in the face of stronger temptations, even those dressed in sexy women scratching their heads in front of Han 3,000, he had never felt this way before.

But Su Yingxia's simple shyness made Han 3,000 think about it, and even reminded Han of the heavenly thunder and earthly fire scene before she was reborn.

"I'm not familiar with you, so why should I worry about you." Su Yingxia said.

As for how to develop a friend into a lover, this little tactic was no problem at all for Han Qianli.

If you can't deceive a girl, then it would be a waste for him to be born again.

"Since Su Hai Chao bullied you, from today onwards, every day I will come and wait for you to get out of school and send you home, how about, as long as I am here, Su Hai Chao will have absolutely no chance to bully you." Han Qianli said.

"Why do you want to protect me?" Su Yingxia was confused, she would not think that Han Qianli likes her, because there are too many girls prettier than her in the school, in this regard, she has no advantage at all.

"Because, I'm your friend, we've just agreed, haven't we?" Han Qianli smiled.

This made Su Yingxia unable to find a reason to refuse at all, although she did not promise Han Qianli, but Han Qianli was so stubborn that she seemed unable to refute it.

Chapter 1325

While Su Yingxia was racking her brain on how to answer Han Qiangli's question, she suddenly had a sense of danger in her heart.

Usually after this feeling comes, that's when Su Haichao appears.

A woman's intuition is usually very accurate, and Su Yingxia's feeling in this area has never been wrong.

When she lifted her head, sure enough, Su Haichao was walking with a group of people, far away.

This caused Su Yingxia to panic a bit and quickly said to Han Qianqian; "You should leave quickly."

"Why?" Han Qiangli smiled, Su Yingxia saw Su Hai Chao, he naturally saw it too, and understood why Su Yingxia let him go.

"Su Hachao is here." Su Yingxia said.

Han Qianli shook his head and said, "I'm not asking you why you want to leave, but I'm asking you why I should be afraid of Su Hachao."

This is an easy question for Su Yingxia to understand, because Su Hachao still has a group of people with him, and they are obviously sent by Su Hachao to deal with Han Qianqiang.

"Can't you see he's got someone with him?" Su Yingxia said with an anxious face, she is used to being bullied by Su Hai Chao, these are within the tolerable range, and Su Hai Chao will not do too much to her, after all, they are still relatives.

The last time she beat Su Hachao, Su Hachao found someone to come, obviously to take revenge, if it comes to a fight, Han 3,000 yuan will definitely be injured.

"See, I'm not blind." Han Qianqiang said indifferently.

Seeing Su Hachao getting closer and closer, Su Yingxia was already anxious to d*e inside.

But she found that Han Qianqian's calm face didn't seem to be afraid at all, could he still deal with Su Hachao even if he brought help?

"Kid, after waiting for you for so many days, you can be considered to have appeared." Su Haichao was intimidated by Xiaolong last time, it was a loss of face for him, after all, he was also a member of the Su family, and it made Su Haichao lose no face at all to lower his voice in front of a small punk.

But at that time, in order not to be beaten, Su Hachao could only lower himself.

But today is different, Su Hachao was prepared, even if Xiaolong appears again, he will not be afraid, and he can teach Xiaolong a lesson, to take out his anger.

"These helpers you've found, are they good at fighting?" Han Qianqian asked.

Su Haichao smiled proudly, these can be real people in the Dao, fighting for them, like three meals a day, every day indispensable, can fight naturally is no problem.

"The kind of trash like Xiaolong is not even a thing in front of my friends, do you know who they are?" Su Haichao sneered.

"It seems that there is still a little identity introduction to be done, you say, I listen." Han Qianqian smiled, giving Su Haichao a chance to show off.

The smug expression on Su Hachao's face grew stronger and stronger, he was really afraid that he wouldn't even have a chance to introduce himself, so that he wouldn't be able to show what he could do.

"They're all Chicken Yuan's men, afraid." Su Hachao said.

"What?" Han Qianqiang looked startled, is that a name for Chicken Yuan? What's with the strange name.

"You don't even know Chicken Far, Chicken Bro?" Su Haichao cold voice, as if this is a big man, do not know him, means disrespect.

But Han Qianqiang, indeed never heard of this so-called Chicken, and this name is also really strange, how can someone be called Chicken?

"I'm sorry, it's true that I've never heard of it, but is it true what you said, that someone really has such a strange name?" Han Qianqiang asked curiously.

This statement made those behind Su Haichao's face clearly carry anger, because Han Qianli's performance was disrespectful to Chicken.

"Kid, keep your mouth shut."

"You're f*cking looking for death, aren't you."

"Believe it or not, I'll lay a pair of hands and feet on you!"

Several people threatened Han Qianqian.

In his opinion, this person named Ji Yuan should not be a big person, or else how could he have never heard of him before?

"I don't know, isn't it enough?" Han Qianqian said innocently.

Su Hachao introduced it to show that he knew the big man, but Han Qianli didn't know him, which made his purpose unfulfilled.

"Ah, so he's one of Mo Yang's men, wouldn't you have introduced him like that earlier, so you could have achieved the purpose of showing off, but unfortunately, even if Mo Yang came in person, so what?" Han Qianli smiled, he had just met with Mo Yang, and the Chen family was about to be destroyed by Mo Yang himself because he had offended him.

In terms of family strength, the Chen family was above the Su family, and even the Chen family would be uprooted, so what was the Su family?

"Kid, you've got a lot of nerve to call the boss by his name."

"You don't want to live, do you."

"If you want to d*e, I can do it now."

Those punks were suddenly irritated, because Han Qianqian had called Mo Yang by his name, which, in their opinion, was disrespectful to him, something they absolutely would not allow to happen.

He originally planned to teach Han Qianli a lesson, but now it seems that Han Qianli's fate will definitely not be as simple as just getting hurt.

Ignoring Mo Yang, this is almost a capital crime in Yun City, and no one will be spared.

"Su Yingxia, where did you find this idiot, how dare you treat Boss Mo so disrespectfully." Su Hachao said to Su Yingxia.

Su Yingxia just heard Han Qianqian's words, also chilling, although she is still young, but about Mo Yang's things, over three years old, almost all children have heard of, of course, she will understand how powerful Mo Yang's position in Yun City.

Han Qianqiang's words just now, if Mo Yang heard them, there was really only one way to d*e.

"You watch your words, Boss Mo is in Yun City and no one dares to offend him." Su Yingxia reminded Han Qianqian.

This sentence made Su Hai Da Da laugh, because now the reminder, it's already too late, disrespectful words, Han Qianqian has already said, this is no way to get rid of the fact.

Chapter 1326

Han Qianli saw fear in Su Yingxia's eyes, which showed that Su Yingxia was really afraid of Mo Yang, which made Han Qianli's inner protectiveness explode.

Walking up to Su Yingxia, Han Qianli put his hand on Su Yingxia's shoulder and said: "What's there to be afraid of, it's just a Mo Yang, with me here, you don't have to be afraid of anyone."

Not afraid of Mo Yang.

This is a laughable joke in Cloud City.

But when Su Yingxia felt Han Qianqian's palm, she felt an inexplicable sense of security.

It made Su Yingxia feel contradictory, but Han Qianqian didn't put Mo Yang in her eyes, so where did this sense of security come from?

"Kid, you really won't shed a tear until you see the coffin, come with us." A certain youngster walked up to Han Qianqian and directly grabbed his arm.

After all, this was the street, and he couldn't easily lay hands on Han 3,000 in public, so he could only take Han away from this lively place first.

Han Qianxiang's eyebrows slightly curled, this disrespectful act offended him, as long as he was willing, the other party was already a corpse.

"You go home first." Han Qianli said to Su Yingxia.

Su Yingxia's subconscious told her that this matter had nothing to do with her, and that she didn't have to be dragged into the water by Han Qianli.

But there was another voice inside her, after all, this matter was started because of her, if it wasn't for her, Han Qianli wouldn't have offended Su Hachao, if she just left, it seemed a little too unethical.

Just when Su Yingxia was thinking about what to do, Su Hachao made Su Yingxia lose her right to choose.

"You go along with me, and I'll show you what will happen to your stupid friend." Su Hachao said, for him who has been bullying Su Yingxia, the last time the situation, somewhat a bit humiliating, so this time, he must let Su Yingxia see his own power.

"This matter has nothing to do with her." Han Giangli said.

"Whether it has anything to do with her or not is up to me to decide, not you." Su Haichao sneered.

Han Three Thousand knew that this guy just wanted to show off in front of Su Yingxia, making Su Yingxia even more afraid of him.

In that case, Han Qianli didn't say anything, just to fulfill Su Hachao for once.

The two of them were led away from the busy street and into an empty alley.

Usually within a fight, things are happening in this environment, this is also a small gangster favorite place to fight, will not be seen, and the alley space is not big, the other party is not easy to hide and escape.

Su Hachao actually took out a pack of cigarettes and smoked them skillfully, at a young age, he has even learned to smoke.

Su Yingxia is also the first time to see Su Hachao smoking, so slightly appalled.

"You actually smoke." Su Yingxia asked.

Su Hachao's posture with the cigarette in his mouth was very sophisticated, and he said lightly: "Is it strange that men are charming when they smoke."

This almost made Han Qianli laugh out loud, and I don't know where Su Haichao understood this matter, the charm of smoking, lies in the man himself, charismatic men, smoking will make people feel more charming, and a small child smoking, will only make people feel ridiculous.

"Hurry up and hit the handle, but this kid is not even in the eyes of your boss's boss, and not give him a lesson?" Su Hachao said to the few punks.

Su Yingxia took a look at Han Qianqian, if a fight broke out, Han Qianqian would definitely be at a disadvantage.

Han 3,000 saved her once, she could not bear to see Han 3,000 being beaten by these people.

"Hai Chao, please let him go." Su Yingxia whispered to Su Hachao.

"Let go?" Su Hachao smiled coldly, he asked these people to squat Han Qianqian, just to get back his own face, now at such a time, and how to let Han Qianqian go?

But when Su Hachao saw that Su Yingxia was willing to plead for Han Qianqiang, an idea came to his mind.

It would be good to use this matter to play a trick on Su Yingxia.

"If you want me to let him go, it's not impossible, but are you willing to kneel down to me in order to save him?" Su Hachao said with a smile.

Kneel!

Su Yingxia was used to being bullied by Su Hachao, but she had never been insulted in such a way, and they were relatives and peers, so how could she kneel down?

Hearing this, Han Qianqian's eyes already jumped with anger.

If the words had been said to him, Han Qianli would have sneered at the most, but to subject Su Yingxia to such humiliation, no matter who the other party was, in Han Qianli's eyes, there was only one way to d*e.

Before the rebirth, Han Qianli had already subjected Su Yingxia to too many humiliations.

Now that she is reborn, Han Qianqian is unwilling to see Su Yingxia suffer any further humiliation, which is why he appeared in Yuncheng so early.

Han 3,000 suddenly launched an aggressive attack on those punks.

With Han 3,000's strength, it was easy to imagine what would happen to those punks.

Before they had time to react, several of them had already fallen to the ground.

Su Hachao was fantasizing about how he should play Su Yingxia, and the scene in front of him directly made him confused.

These people he found, although not much of an expert, but the fighting skills in the gangster is also considered good, let alone just deal with a child about the same age as him, should be a very simple matter.

But what he saw now was clearly the price paid for underestimating Han Qianli.

"How is that possible!" Su Hachao said with a face of wonder.

Su Yingxia was also a bit jaw-dropping, she was thinking of how to avoid kneeling and let Su Hachao release Han Qiang, but she didn't expect that in the blink of an eye, Han Qiang had actually knocked down those people.

This is too powerful!

Han Qianli walked up to Su Hachao with a frosty face.

Su Haichao's lips holding the cigarette began to tremble and unconsciously stepped back.

"What are you doing, don't come over, don't come over." Su Hachao said in a panicked voice.

"Are you going to make her kneel?" Han Qianqiang's voice was icy cold and asked.

Su Haichao subconsciously shook his head and said, "No, no, I didn't say anything like that, you must have misheard me."

Han Three Thousand deliberately made an ear-picking motion and said, "What do you mean, is there something wrong with my ears?"

Su Haichao still can only shake his head, just now the momentum is gone, the atmosphere of waste is reflected most vividly at this moment.

"I don't mean this, you don't come over, or else, or else I" Su Haichao said here, himself can't go on, because he knows he can't do anything.

Han Qianqian easily put those thugs down, does he still have the courage to dare to take action against Han Qianqian?

Chapter 1327

Just a minute ago, Su Yingxia was worried and scared, but at this moment, she felt an unprecedented sense of security in Han Qianli, so much so that the way she looked at Han Qianli's eyes also changed dramatically.

Su Yingxia didn't know why Han Qianqian suddenly appeared by her side, but she felt as if there was a destiny between herself and this boy.

Of course, at this stage, Su Yingxia doesn't have a deep understanding of destiny, she only knows that she can be friends with this boy, because with him, she won't be hurt or bullied.

Seeing Han Qianqiang has walked in front of Su Hachao.

Su Haichao was completely scared to the point of weak legs, if not for the bitter support, would have been paralyzed on the ground.

But even with strong support, Su Hachao's legs were still shaking very badly, and his face became incomparably pale.

"I heard, who wants to kneel?" Han Qianqiang stared directly at Su Hachao.

When the words were spoken, Su Hachao understood what Han Qianchao meant.

But how could he kneel down in front of Su Yingxia, who usually had an attitude of superiority over him?

If you're going to be the only one who's going to be able to do that, you're going to be able to do that.

But he can't bear the pressure brought by Han Qianqiang, and once Han Qianqiang makes a move on him, he will suffer from the pain of prostration.

"Dude, do you know who I am?" Su Hachao said through clenched teeth.

Han Qianli smiled faintly, is this guy going to threaten himself with the identity of the Su family?

Unfortunately, Han Qianqiang did not even give face to Tianchang Sheng and Mo Yang, so how could he take the Su family into consideration?

"The Su family is just a third-rate family in Cloud City, you don't think you can use the Su family to scare me, do you?" Han Qianli faintly said.

Su Hachao's face became even more ugly.

A third-rate family?

The Su family's situation, indeed, but also not ordinary people qualified to underestimate, he could say such words, indicating that his status, absolutely not lower than the Su family.

At this time, Su Hachao realized a situation, that is, the person he wanted to take revenge on, I'm afraid that his status in Yun City is higher than the Su family, in this case, where is he qualified to be Han Qianqian's opponent?

And if this matter becomes a big deal, not only will he suffer, I'm afraid it will also involve the Su family, which will certainly be even more serious, and it's even possible that the Su family may kick him out of the family in order to save themselves.

"As long as I'm willing to kneel down, will you let me go?" Su Hachao asked.

This kind of statement is not surprising to Han Qianqiang, because he knows clearly what kind of character Su Hachao is, this guy belongs to the nest, facing the strong outsider, he can only be a waste performance.

But Su Yingxia was very surprised that Su Hachao would say this, because in Su Yingxia's mind, Su Hachao is a very strong character, how could he be willing to kneel to someone?

"It depends on how I feel after you kneel down, but if I'm in a good mood, I can tell you to get lost," Han Giangli said.

Su Haichao looked at Su Yingxia with his afterglow, kneeling down in front of her would definitely disgrace Su Haichao, but at this point, he had no other choice and he didn't dare to ask what would happen if he was in a bad mood.

"I'm sorry!" After saying these three words, Su Hachao kneeled down with a thud.

Su Yingxia put her hands over her mouth, a look of incredulity.

Su Hachao, actually really kneeled.

So arrogant and domineering Su Hachao, so insolent young master of the Su family, actually said kneeling!

Han Qianqiang kicked Su Haichao's shoulder, and Su Haichao rolled around on the ground.

"Roll, if you dare to do anything in the future, I will never let you go, and the entire Su family." Han Qianli faintly said.

Su Hachao crawled and ran, without a trace of hesitation, because he felt that he was dangerous in front of Han Qianqian, only the further away from him, the more at ease Su Hachao would be.

Su Yingxia for the scene that happened in front of the eyes, still a bit incredible, because [You You read www.avracity.com] for her perception of Su Hachao, is definitely not a person like this.

"Let's go, let's take you home." Han Giangli said to Su Yingxia.

"Ah! Oh, oh." Su Yingxia panicked for a moment before she stabilized her emotions.

Su Yingxia, who had complicated eyes, kept checking Han Qianli with her remaining light, at this time, she didn't have too many complicated thoughts, but she was very curious about Han Qianli's identity, why he didn't seem to put the Su family in his eyes at all.

Although the Su family's status in Yun City is indeed not high, but compared to some ordinary families, it is still very powerful, Han 3,000 can be ignored, which means that his status is higher, but Su Yingxia had never heard of this person before.

"Think I'm handsome, that's why you've been peeking at me?" After Han Qianli noticed Su Yingxia's afterglow, he smiled and asked.

Su Yingxia actually just rolled her eyes and said, "You're really narcissistic."

Han Qianli stroked his hair and said, "Am I not handsome enough, there are not many people with such a high face value as mine, and who are also so powerful."

Su Yingxia could only show a look of helplessness in the face of Han Qianli's blind narcissism. She peeked at Han Qianli just because she was curious about his identity, not because of what he looked like.

"I'm just curious as to who you are." Su Yingxia said.

"Does it matter what kind of person I am?" Han Qianli asked rhetorically.

"Of course it's important." Su Yingxia said without hesitation, "I want to know if you're a good guy or a bad guy, and if you're a bad guy, I'm going to stay away from you."

"Look at me, do I look like a bad guy, and I've saved you, how can you treat me like a bad guy." Han Qianli said with an innocent face.

Su Yingxia left her mouth open, the difference between good and bad can't be decided by a few words, and although Han Qianli had saved her, it didn't completely prove that Han Qianli was a good person.

"Who knows if you have any other purpose in saving me, if you do, you are the bad guy." Su Yingxia said.

Han Qianli couldn't laugh or cry, he didn't expect that in Su Yingxia's mind, he had turned into a bad guy, and Han Qianli couldn't deny that he didn't have any other purpose, after all, what he was doing now was to get close to his future wife.

He could not tell Su Yingxia about this kind of thing, or else he would definitely scare Su Yingxia to death.

"It doesn't matter if it's good or bad, just that I won't hurt you, and if anyone bullies you, you can tell me, no matter who it is, I can help you." Han Giangli said.

Chapter 1328

Su Yingxia turned her head and looked at Han Qianqian with a complicated expression. He said that anyone who bullied her could ask him to help, and in Cloud City, who dares to say such things.

The business world Tianjia, Dao Shang Mo Yang, these two are the most powerful people Su Yingxia knows, could it be that he is even more powerful than these two?

"What's wrong?" Han Giangli asked, confused.

"Are you so good at bragging?" Su Yingxia said.

Han Qianli was stunned, smiled bitterly, and said: "I'm not bragging, what I said is 100% true."

Su Yingxia shook her head and said, "Although I'm young, I've heard my grandmother say many times that in Cloud City, the most powerful people are the Tian family and Mo Yang, you said that anyone who bullies me, you can help me, isn't this still bragging?"

"Couldn't I be better than Tianchang Sheng and Mo Yang?" Han Qianqian said in all seriousness.

Su Yingxia smiled without saying a word, obviously not believing Han Qianli's words, although Han Qianli is older than her, but after all, he is still just a small child, how could he be as powerful as these two?

Moreover, his surname is Han, and the two of them, Tianchang Sheng Muyang, can't possibly have any relatives, in this case, Su Yingxia can't even think that Han 3000 will be more powerful than these two.

"I'm going home, thank you for today." Su Yingxia said.

"Why thank me?" Han Qianli asked curiously.

"Thank you for letting me see that Su Hachao is also a wimp." Su Yingxia smiled.

Han Qianli raised his eyebrows, Su Hachao is more than a wimp, he's absolutely useless to the bone.

After sending Su Yingxia home, Han 3,000 today's task is also considered to be successfully completed, and his relationship with Su Yingxia, obviously a step closer, which makes Han 3,000 very satisfied, now the two called friends is not excessive, and become friends, the relationship can slowly develop and deepen.

On the other hand, after Su Hachao returned home, the fear he had before facing Han Qianqian had almost dissipated. Although he knew that Han Qianqian was probably a person whose identity was even more powerful than the Su family, but as Jairus' son, Su Hachao, if he didn't establish Han Qianqian's identity and didn't have proof that Han Qianqian's status in Yuncheng was higher than the Su family, the flame of revenge in his heart would never be extinguished.

So he started the idea of investigating Han 3,000's identity, as long as he found out Han 3,000's background, he would be able to know if he had any chance of revenge.

It is absolutely impossible for him to pretend that nothing has happened.

Since he wanted to investigate Han Qianqian's identity, it was the simplest and most direct way to find the old lady and ask her about it, because the old lady was the one who knew the situation in Yuncheng best.

But before going to the villa, Su Hachao still snooped around the villa, he could be petulant in front of the old lady, but he was still scared in his heart in front of the serious Su family old man.

Now that the old man of the Su family has not yet died, the entire Su family is still under the control of the old man, and he, as a serious person, is a role that everyone in the younger generation of the Su family is afraid of.

"Aunt Chun, is my grandfather home?" Su Hachao sneakily made a phone call, the name of Aunt Chun, is a servant of the Su villa, a woman in her thirties, looks very feminine charm, Su Hachao even at a very young age, he had thoughts of Aunt Chun.

Every time he went to the Su villa, Su Hechao would secretly check Aunt Chun, a mature woman's charm for Su Hechao, almost made him unable to control his voyeuristic desire.

"The old man has a meeting tonight, so he hasn't gone home yet." Aunt Pure said.

"That's great." After saying that, Su Hachao hung up the phone, and then rushed to the Su family villa in a flurry of activity.

The Su family bought the villa in the beginning, almost giving everything they had, and the reason for doing so was that the old lady of the Su family insisted on doing it, because she said that only in this way could the Su family squeeze into a higher position in the social class, although the social class was squeezed up, but due to the capital invested in the villa, it caused the Su family's one project's capital chain to break, and this crisis almost made the Su family go bankrupt, and in the end, it was the old man of the Su family who saved the Su family from bankruptcy.

The Su family's old lady, however, never thought that she was wrong to buy a villa, because in her mind, in order to be recognized by others, you have to accumulate material things, and if you can't even live in a villa, how can you call yourself a family?

When Su Hachao arrived at the villa, Aunt Chun was cleaning, squatting on the ground, her neckline was hidden.

Su Hachao intentionally walked up to Aunt Pure, and measured Aunt Pure from a heightened perspective, but also acted as if she was naive.

"Aunt Pure, where is my grandmother?" Su Haichao asked.

For such a small child, Aunt Chun did not have the slightest bit of defensiveness, smiled and said: "In the backyard, don't you have to do your homework today, so early in the morning."

Su Hachao's eyes stared straight at the mountain divide, even blinking a bit reluctantly, and said: "The teacher saw that I was handsome, did not give me homework."

Auntie Pure smiled faintly, already used to Su Hachao's mouth full of grease, said: "You quickly go to your grandmother, I still have to clean up, no time to chat with you."

Su Hachao gulped his saliva and turned his head reluctantly to go.

The Su family's economic strength was not enough for the old lady to be so reckless.

The Su family's economic strength is not enough for the old lady to be so reckless. However, she likes to enjoy this kind of high-class life, she does not care whether the Su family has economic strength or not, as long as she likes it, she will buy it, and she never considers the Su family's situation, even if she uses the company's money, the old lady does not mind.

As for the consequences of embezzling the company's money, the old lady thought that they could be solved only if the old man of the Su family was there, so she never worried about it.

The old lady was definitely a selfish character to the extreme.

"Grandmother." Su Hachao shouted.

The old lady was all smiles as soon as she saw Su Hachao, but this is her precious grandson, as a patriarchal old-fashioned character, the status of girls in the old lady's heart can never be compared with boys.

"Hai Chao, what are you doing here." The old lady asked.

"Grandmother, didn't I miss you, and hurriedly came to see you." Su Haichao's mouth was like a mouthful of honey, making the old lady laugh.

"You brat, you only know how to say nice things to please grandmother, but grandmother still likes your set, tell me, what do you want grandmother to help you with again?" The old lady asked.

Chapter 1329

For Su Hachao, the old lady knew him very well, and knew that he would not go to the temple for anything, and he spoke so nicely, obviously he had something to ask her.

But the old lady liked this set, so even if she knew that Su Hachao had a purpose, she didn't mind.

"Grandmother, I just missed you, that's why I came to see you." Su Hachao walked up to the old lady as if he was tired of her, and took the water bottle from her hand.

The old lady clapped her hands and said in a serious manner, "Since you just came to see me, then you won't have the chance to make a request oh."

"Hehe." Su Haichao accosted and smiled, knowing that he couldn't pretend to go on, and if this killed the conversation, how could he open his mouth later.

"Grandmother, in fact, I'm looking for you, just a little thing." Su Hachao said.

For the old lady who had been expecting this, she wasn't half surprised, and asked very matter of course, "Tell me, what exactly is the matter."

"Grandmother, I want to know, in our Cloud City, is there a very powerful family, surnamed Han?" Su Haichao asked.

"The powerful Han family?" The old lady frowned, she knew more about the high society of Cloud City than anyone else, and she was even more familiar with all the big families, so there was nothing she didn't know.

But this family surnamed Han, she really had never heard of it.

"Yes, and it should be a very powerful kind, even more powerful than our Su family," Su Haichao said. Su Hachao said.

The old lady shook her head, as far as she knew, it was impossible for such a situation to exist, and it was still more powerful than the Su family, she had never heard of it, so she said in a very firm tone: "No, there is no family more powerful than the Su family that I don't know about, but there is no family surnamed Han."

"There really isn't?" Su Hachao frowned, if that Han kid didn't have a better background than the Su family, why would he act as if he didn't care about the Su family?

"Don't you believe what Grandma said, and there is nothing I don't know in Cloud City, if there is such a Han family, I could never not know." The old lady said affirmatively.

Su Hachao still believed in the old lady, because he often heard her say, know yourself and know your enemy, a hundred battles will not be perilous, she said that if the Su family wants to become a first-tier family in Cloud City, you must know all your opponents.

So what she did all day long was to study other families. Although it was useless to do so, I'm afraid that no one in the entire Yun City could compare with her in terms of understanding this aspect.

But that's strange.

Since no such Han family existed, how could that kid surnamed Han dare to be arrogant in front of him?

Suddenly, Su Hachao thought of a possibility.

That kid surnamed Han, it can't be a deliberate bluff, right?

Right!

That must be it!

Su Hachao secretly gritted his teeth, if it wasn't for his bluff, how could he have knelt to him?

At this time, Su Haichao had completely forgotten the fear he faced in front of Han Qianqian, and only thought that Han Qianqian was intentionally putting on an appearance of not taking the Su family into consideration, and was trying to scare him.

"What's the matter, have you made a grudge against the person surnamed Han?" The old lady asked curiously.

Su Hachao quickly shook his head and said, "No, I have a friend who bragged in front of me, I just wanted to confirm it, it seems he really lied to me."

The old lady smiled faintly and said: "Nothing else, don't bother me, go home quickly."

Su Hachao said goodbye to the old lady after some more tired words.

Of course, before leaving, Su Hachao still did not forget to say hello to Auntie Pure, a young man, he had already had bad thoughts about Auntie Pure, but now he has not found the right opportunity, or else, Su Hachao is afraid that he would have already done some animal behavior.

The hotel.

Qi Yiyun is alone in her room, still wondering what kind of girl is worthy of Han Qianqian throwing her down.

She was very confident in herself in terms of her face value, and although she was still young, there were quite a few boys who liked her in her hometown, but Han Qiangiang didn't seem to have any feeling in this regard when facing her, which more or less made Qi Yi Yun feel a little unconvinced.

When she heard the sound of the door opening, Qi Yiyun immediately laid down on the bed and pretended to be sleeping.

With Han Qianli's current strength, it was too easy to know if someone was really sleeping or not, and Qi Yiyun's movements couldn't fool him at all.

But Han 3,000 didn't dismantle it, so it was logical to assume that Qi Yi Yun was asleep.

"Did you just come back?" At this time, Chi Yi Yun sat up with a lazy look and stretched her back.

Han Qianli smiled faintly and said, "What do you want to eat tonight?"

"Where have you been." Chi Yi Yun didn't care about Han Giang's question, but asked what she wanted to know.

"School, to pick up a friend." Han Qianqian didn't hide anything, because Qi Yiyun was about to study at the same school, and sooner or later this would be known to her, so there was no need to hide it.

"A girl?" Chi Yi Yun continued to ask.

"Yes."

"Is it pretty?"

Han Qianli hesitated and said: "Not as pretty as you."

This is not to belittle Su Yingxia's face value, but from the objective facts, Su Yingxia's face value, indeed not as high as Qi Yiyun, and even in the future, even as an adult, when Qi Yiyun took off her eyes, still is not able to compare to Su Yingxia.

In the future, even as an adult, when Qi Yiyun removes her eyes, she will still not be able to compare to Su Yingxia. Han Qiangang has lived two lifetimes, and he has seen countless women, but if you really want to rank them by their face value, Qi Yiyun is definitely number one.

But face value wasn't the most important thing to Han Qianli, and his relationship with Su Yingxia didn't start with face value.

"Not as pretty as me, why did you go to pick her up." Chi Yi Yun was curious.

"There are many reasons, but I can't tell you yet, it's my personal matter," Han Qianqian said.

Qi Yiyun's mouth bulged with anger, she had come all the way to Cloud City, but she had come all the way specifically for Han Qianli, but Han Qianli, obviously, was more attentive to this girl than her.

"You like her." Chi Yi Yun said.

"Of course, otherwise, why would I go looking for her." Han Qianli generously admitted.

Qi Yiyun's heart thudded, she was only speaking in anger, that's why she asked this question, but she didn't expect Han Qianqian to give her an answer so readily.

After taking a deep breath, Chi Yi Yun said, "I'm prettier than her, isn't it better to like me?"

It's a good thing that Han Qianqian has already adjusted to it, so she won't be surprised, but it's also a bit of a headache for Han Qianqian.

I'm afraid that meeting Qi Yiyun so early will inevitably lead to her being tyrannical in the future!

Chapter 1330

In order not to continue discussing this matter with Qi Yiyun, Han Qianli could only change the topic and asked Qi Yiyun, "What are you going to eat tonight, my treat."

After a cold glance at Han Qianli, she said, "I'm going to lose weight."

Han Qianli laughed and said, "You're not even fully developed yet, and you're starting to lose weight, aren't you afraid of stunting?"

After saying this, Han Qianqian deliberately looked at Qi Yiyun's chest, which made Qi Yiyun gnash her teeth with hatred.

The exchange between the two children resembled that of an adult, but in a sense, Han Giang was an adult in every way except that he physically behaved like a child, while Yi Yun, who had a precocious mind, behaved in such a mature manner, no exception.

During the meal, YiYun almost managed to get a rhetorical question about who the girl was that was worth meeting with Han QianQiang.

In the past few years, there have been a lot of people who have been trying to find out the truth about the world's most famous girl, Su Yingxia.

Han 3,000 can only hope that these two former sisters will never become enemies because of him.

The next morning, Han 3,000 received a message from Xiaolong that someone was spying on him in Cloud City, which made Han 3,000 think of Su Hachao at once.

Because Chen Fei had learned his lesson, he would never have the guts to do such a thing, and other than Chen Fei, the only other person Han 3,000 had a conflict with in Cloud City was Su Hachao.

As for why Su Hachao investigated him, Han 3,000 is also very clear, this bullying guy should be sure that his identity is no threat to the Su family, before thinking of other ways to deal with him.

Su Haichao is a typical person who forgets the pain when he heals, or in other words, he won't shed a tear until he sees the coffin, and he will never stop until he is dead.

The company's main business is to provide a wide range of products and services, and to provide a wide range of products and services to the public.

"I'm going to the Celestial Family today, so come pick me up later." Han Qianli instructed Xiaolong.

"Boss, I'm already downstairs in the hotel, you can come down anytime and see me." Xiao Long said, as a competent driver, Xiao Long was on call almost twenty-four hours a day, he was now not even going back to his home in the alley, sleeping directly in the car, and the space and environment of the car, not at all worse than his rental house.

What's more, Xiaolong was worried that such a nice car would be wiped and knocked over by someone, and if he couldn't find the murderer, he would be in trouble.

"Okay, I'll go downstairs right away." Han Qianqian said.

Qi Yiyun was ready to go, and with her eyes, she immediately became gentle, and her face value advantage was mostly covered by a pair of dark glasses.

"Why do you like to wear glasses?" Han Qianliang curiously asked Chi Yi Yun.

"That way, I won't make too many boys have a crush on me." Qi Yiyun said plainly, as if it was a trivial matter to her.

Han Qianqiang smiled helplessly. Other girls were trying to look pretty, but Qi Yiyun deliberately put on her glasses to cover up her face value.

Is this something that only good-looking girls have the right to be capricious about?

They went downstairs and got into the car.

Han Qianqian said to Xiaolong, "Go to school first."

Xiaolong responded, sneaking a glance at YiYun Qi in the rearview mirror, then looked at Han QianQiang, not knowing what was going on in his head.

When he arrived at the school, Xiaolong stopped the car, and Han Qianqian asked to Qi Yiyun, "You can handle it by yourself, right?"

"You even got the principal, is there anyone who can stop me?" Qi Yiyun said indifferently.

Han Qianli smiled and said, "I hope your first day of school goes well."

Qi Yiyun did not respond, but got off the car directly.

The first time she got off the bus, Yi Yun did a pushing of her glasses, a habit of many people who wear glasses, but such a simple action became uncomplicated when it happened to Yi Yun.

"Boss, your sister-in-law is so charming even when she pushes her glasses." Xiaolong said with a smile.

Han Giangli had to admit that Qi Yiyun did indeed have her own charm, and that her superiority in terms of face value would make her even more charming, both now and in the future, Han Giangli had almost never seen anything that could rival her.

But Xiaolong's words sister-in-law made Han 3,000 face frosty.

"Your sister-in-law is not her," Han Qianqian said.

He knew that Han Qianqian cared more about another girl, but this made him wonder, because Su Yingxia was obviously not as good-looking as Qi Yiyun, and shouldn't all men like pretty ones?

Of course, this is Xiaolong's idea, he does not dare to say his real feelings, or else a violent beating is something he can not afford.

"Boss, are you going to the Heavenly Home?" Bruce quickly changed the subject.

"Let's go."

Driving the car, he came to the Heavenly Family Villa again.

This car had become a VIP guest of the Heavenly Family Villa, an order given by Tian Changsheng himself, as long as this car drove into the Heavenly Family Villa, no one was allowed to stop it, and even the members of relatives within the Heavenly Family had to make way for this car, it had to be said that Han Qianqiang had virtually become a VIP figure of the entire Heavenly Family, even those uncaring Heavenly Family relatives would be scrupulous when they saw this car.

Tian Changsheng made it very clear that whoever offended the owner of the car would be expelled from the Heavenly Family, and they did not want to be expelled from the Heavenly Family.

Although he didn't know why Han Qianli suddenly came to the Celestial Villa so early in the morning, Tian Changsheng was the first one to stand in front of the house to welcome Han Qianli.

When Tian Ling'er learned of this, she didn't even have time to change into her pajamas and ran toward the parking lot.

Han Qianqian couldn't help but laugh at Tian Ling'er's overzealousness, but the little ninny was treated as a sister by Han Qianqian, so Han Qianqian could only accept it.
