

His True Colors Chapter 1371-1380

Chapter 1371

When the old man of the Su family walked into Yang Guangyuan's office with a sullen face, Yang Guangyuan pretended to be surprised and said to the old man: "Mr. Su, looking at you with a sad face, it can't be that there is a bereavement in the family."

The old man would never have come to see Yang Guangyuan unless he had to. This guy was not likeable in either his means or his style of dealing with people, and his words were more like a curse on the Su family.

"Yang Guangyuan, if my family is in mourning, you will not be able to escape, and even if I die, I will have to drag you into it." The old man said.

Yang Guangyuan laughed and said, "Mr. Su, you're so old and sick, you should die too, but I'm different, I'm still young and can play with several beautiful women in one night, how can I die, when you were young, you weren't as good as me."

The old man sat across from Yang Guangyuan and said with a heavy face: "Cut the crap, how did you know about Feng Qian Company's plan?"

Yang Guangyuan raised his eyebrows, shrugged his shoulders and said, "What, you are allowed to know about the Su family? Is my Yang Guangyuan ability not as good as that of the Su family?"

The old man snorted coldly, this matter was only learned by Su Guoyao using his friends, and he could be sure that before that, only the Su family knew about this matter, Yang Guangyuan could never have other means.

"This matter is related to Su Guolin, you've met with him today." The old man said.

Yang Guangyuan was stunned, he was still thinking of using this matter to threaten Su Guolin and play with Su Guolin's wife by this means, but he didn't expect that the old man seemed to know about this matter already?

"Mr. Su, don't you come to me, how I know about this matter, I definitely won't tell you, but it has nothing to do with Su Guolin." Yang Guangyuan couldn't confirm whether the old man really had evidence, so he didn't admit it directly, and in his opinion, if he could conceal this matter for Su Guolin, maybe Su Guolin would take his wife with both hands out of gratitude.

For Yang Guangyuan, wine and sex are indispensable factors in his life, and he will try to get his hands on any woman he likes, even if she is married.

"It seems that Su Guolin has given you a lot of benefits, and you're even helping him hide this matter. Su Guolin said indifferently.

Yang Guangyuan's eyebrows furrowed slightly, looking at the old man, he looked as if he really knew something.

But if he didn't say anything about this matter, and Su Guolin didn't say anything, how could the old man know?

"Mr. Su, if there's nothing else, I can only see the guests off, my time is very precious, and I have a meeting with Feng Qian's boss later, so I can't be delayed because of you," said Yang Guangyuan. Yang Guangyuan said.

"You have a meeting with Feng Qian's boss?" The old man's face changed, because according to the information he received, Boss Feng Qian didn't pay any attention to Yang Guangyuan, but if the two really wanted to meet, wouldn't there be a great possibility that Feng Qian's cooperation would fall on Yang Guangyuan's head.

For the Su family, this news is almost fatal.

The reason is that once a person like Yang Guangyuan takes the cooperation, the other building material merchants in Yuncheng may not even have a chance to survive in the future.

Yang Guangyuan will inevitably monopolize the entire building materials market in Cloud City, leaving others with no way out.

"What, are you surprised? What's so surprising about this kind of thing? Is there anything that I, Yang Guangyuan, can't handle." Yang Guangyuan smiled proudly.

The old man took a deep breath, this was a situation that he had never expected before he came, he thought the Su family still had a chance, but if this was true, the Su family might have fallen from grace.

"Yang Guangyuan, since you already have a chance to take down the cooperation, you just need to tell me now where you got the information from, and I'll leave immediately." The old man said.

"Yo." Yang Guangyuan raised his eyebrows at the old man and said, "Mr. Su, are you going to rely on my company? I didn't think you'd have a deadbeat, but don't forget, this is my company, if I call security to invite you out, it won't be a pretty sight."

"Yang Guangyuan, you've already got what you wanted, I'm just trying to catch the traitor of the Su family." The old man said with a fierce expression.

Yang Guangyuan didn't care what the old man thought or said, and directly pressed the internal phone.

The enchantingly beautiful secretary entered the office and asked Yang Guangyuan, "Mr. Yang, what do you want?"

"Call the security guards, the old man's legs are inconvenient, let them help him out." Yang Guangyuan said with a mocking face.

"Yes." The secretary couldn't help but sigh in amusement as well.

"Yang Guangyuan, behave yourself and save a line for a better meeting in the future, you have to do things so desperate, do you really think my Su family is a paper tiger?" The old man said sternly.

"Mr. Su, the Su family is just a piece of scrap paper at most, and you dare to be a paper tiger, do you scare me?" Yang Guangyuan glared at him with a hostile face.

At this time, the security guard walked into the office, the old man knew that if he forced himself to stay here, it would only make the situation more ugly.

Standing up, the old man left his last words: "This matter is not over yet, the Su family, will continue to compete for Feng Qian's cooperation plan, Yang Guangyuan, you better not lose, or else, I will never let you."

Yang Guangyuan dug his ears in with a carefree expression, treating the old man's threat as if it were a joke.

He had never been afraid of anyone, and Yang Guangyuan thought his own tactics were not something the Su family could play with.

After the old man left the office, Yang Guangyuan picked up his cell phone and dialed Su Guolin's number.

When he betrayed the Su family, he only thought about not letting Su Guoyao turn over a new leaf, but he neglected the fact that once Yang Guangyuan sat on his head, the Su family wouldn't even have room to survive, and once the Su family was destroyed, even if Su Guoyao didn't turn over a new leaf, so what?

When the phone rang, Su Guolin looked at a series of familiar numbers, his eyes suddenly became panicked, even in his own home, or subconsciously looked left and right to make sure that no one, which dared to pick up the phone.

"Why are you still calling me." Su Guolin gritted his teeth and said.

"We're old friends anyway, isn't it wrong to make a phone call to show concern for you?" Yang Guangyuan said with an aggrieved tone of voice.

Chapter 1372

Hearing Yang Guangyuan's words, Su Guolin hated him with gritted teeth, this guy, how could he possibly care about him for no reason, this was bullshit.

"Yang Guangyuan, cut the crap, what do you want." Su Guolin said.

"Your old man, but he just left my company, don't you want to know what I talked to him about?" Yang Guangyuan smiled.

This sentence caused Su Guolin's scalp to instantly go numb, the old master had actually gone to see Yang Guangyuan personally, which was something Su Guolin had never expected.

"Yang Guangyuan, what did you say to the old master!" Su Guolin gritted his teeth and asked.

Sensing Su Guolin's anxiety, Yang Guangyuan laughed and said, "What, now you know you're anxious? I called you with good intentions, but you didn't treat me right, damn it."

Su Guolin took two deep breaths to calm his nerves.

In his current state, how could he treat Yang Guangyuan well, if it wasn't for his hot head, he wouldn't have been able to tell Yang Guangyuan about Feng Qian's plan, at this time he was already regretting it, Yang Guangyuan suddenly called, naturally he didn't have a good temper.

"Mr. Yang, I'm sure you know very well how much benefit I can bring to you by telling you this, I betrayed the Su family, do you want to betray me?" Su Guolin said, "Su Guolin's wife's appearance suddenly came to mind.

Yang Guangyuan suddenly thought of Su Guolin's wife's appearance in his mind, couldn't help but reveal his covetousness and said, "Don't worry, if I betrayed you, I wouldn't have called you, the old man bitingly asserted that Feng Qian's plan was told to me by you, but I didn't admit it, you don't know, the old man almost threatened me with death, but I still didn't say anything. "

Su Guolin was relieved to hear this, as long as the old man didn't know, then there was no solid evidence of his betrayal of the Su family, and it proved that he was safe now.

But what was the meaning of Yang Guangyuan's call for no reason?

"Just say what you have to say," Su Guolin said.

"The old man is causing me a lot of trouble, and I believe that he won't give up on this matter, you know how exhausted I am to deal with him." Yang Guangyuan said in an extremely helpless tone.

Su Guolin almost deformed his phone, this guy is exhausted? He was now getting such important news, and I don't know how happy he was to come and sell it in front of him.

"What do you want, just say it." Su Guolin asked.

"I think that I should let your wife take care of me and make me happy, otherwise, I can't guarantee that the next time the old man comes to harass me, I'll be able to insist on not saying anything." Yang Guangyuan said.

Su Guolin's face became incomparably livid. Although Yang Guangyuan had mentioned this matter before, Su Guolin had flatly refused, and he had never wanted to involve his wife in this matter.

But now, according to Yang Guangyuan's attitude, if he can't satisfy Yang Guangyuan, this guy will definitely tell the old man about their meeting.

Su Guolin directly slapped himself twice, if not on impulse, how could he do such a stupid thing, how could he put himself in such a situation.

Yang Guangyuan on the other end of the phone couldn't help but laugh loudly when he heard the slaps.

"Su Guolin, you don't need to be so excited, why are you hitting yourself, I'm trying to protect you." Yang Guangyuan said with a smile.

Su Guolin trembled with anger, and almost clenched his back teeth.

"Yang Guangyuan, don't go too far." Su Guolin said.

"Too much?" Yang Guangyuan asked in a questioning tone: "Is it too much to ask for such a small request? Su Guolin, you won't even be able to give up one woman, will you?"

Su Guolin took a deep breath, and then heavily exhaled a breath of bad luck.

Yang Guangyuan continued, "If you refuse to agree, I can only tell your old man about what happened today, and I'm afraid that you will end up being expelled from the Su family, and I'm sure I don't have to describe the consequences to you."

Detached from the Su family, Su Guolin would have nothing, and even his survival would be a problem, and he would be spurned by everyone in the Su family.

Su Guolin would never allow such a thing to happen to him, but he was unwilling to give his wife away.

"Even if I agree, she won't agree, are you trying to force me to die? Yang Guangyuan, don't underestimate me, Su Guolin. At worst, I'll die with you," Su Guolin said. Su Guolin said.

I'm Yang Guangyuan, I'm not scared, and this is not a difficult thing for you to do, so I can work hard, go to your house, and you get her drunk. "

Such shameless words, from Yang Guangyuan's mouth, had a sense of righteousness, at this time, Su Guolin finally understood why some people would think that Yang Guangyuan had no bottom line.

At this time, Su Guolin finally understood why people would think that Yang Guangyuan has no bottom line.

"I'll give you two days to think about it, and if you don't agree after two days, I'll go find the old man myself." After saying that, Yang Guangyuan hung up the phone.

Su Guolin was trembling with anger and had nowhere to vent his hostility.

At that moment, Su Guolin's wife came to his side, saw that Su Guolin's mood was not quite right, and said with concern, "What's wrong, who has made you angry?"

Su Guolin lifted his head and looked at his wife. Although she was already over forty, she was indeed still charming, a maturity that no man could resist.

And due to the proper maintenance, the body is also very good, compared to some young girls, it is no wonder that Yang Guangyuan such a scum to stare at.

"Is it related to Su Guoyao? Is it possible that this loser really wants to take the company's position from you?" Su Guolin's wife said with a face full of disdain. ,.

"Honey, are you willing to sacrifice for me for my career and future?" Su Guolin asked.

Su Guolin's wife smiled, sat beside Su Guolin, held hands, and said, without asking what the matter was, "Of course you can, our family, can't rely on your efforts alone.

Su Guolin embraced his wife in his arms and nodded silently.

In order not to be expelled from the Su family, Su Guolin had no choice but to agree to everything Yang Guangyuan asked for.

Chapter 1373

In the next two days, under the introduction of Tianchang Sheng, Han Qianqian and Xiaolong met with many local officials, of course, Xiaolong was still the boss, while Han Qianqian attended as Xiaolong's younger brother.

The local officials were also very excited about the development of the western part of the city, as it was a project to promote the economic development of Yuncheng, and they could get a lot of benefits from it.

This day, back to the hotel Han Qianqian, found Chi Yiyun doing her homework, with her identity as a bully, I believe that in school has been recognized by the teacher, and presumably mixed up to a half-ranking position.

"How are you doing? The teachers in the school should have a high regard for you as a bully," Han Qianqian asked Qi Yiyun. Han Qianqian asked to Qi Yiyun.

"I'm most afraid of sudden concern, so just say what you want to say." Qi Yiyun said indifferently.

Han Qianqian didn't feel embarrassed, and talking to Qi Yiyun must not treat her as a little girl, because her mentality was already equivalent to that of an adult.

"How's Su Yingxia, I haven't seen her for two days, is there anything wrong?" Han Qianqian said.

Qi Yiyun had already guessed this outcome, how could Han Qianli care about her for no reason.

"I don't know," Qi Yiyun said.

Han Qianqian walked over to Qi Yiyun and said, "You two are classmates, how could you not know, you wouldn't be so stingy that you wouldn't even share this much information with me, would you?"

"She hasn't come to school for two days," Qi Yiyun said.

Han Qianqian frowned, Su Yingxia is still just a student, how could she not go to school for two days, what else can she do if she's not studying?

"Have you heard what's going on?" Han Giangli asked.

"I don't know, I haven't even seen her, how can I know," Qi Yiyun said.

Han Qianli's intuition told her that something must have happened, and that's why Su Yingxia didn't go to school.

She immediately planned to go out.

Qi Yiyun couldn't resist and asked Han Qianli, "Is she that important to you?"

"The only thing that matters to me in this world is her." After saying that, Han Qianli left the hotel.

The first destination was Su Yingxia's home.

She didn't go to school, so she would definitely be at home.

But when Han Qianli appeared at Su Yingxia's door, no matter how much he knocked, there was no movement inside, and when he couldn't help but use his divine sense to check, he found the house even more empty.

He didn't go to school.

No one at home either!

Han Qianli became nervous, what happened to make Su Yingxia go missing for no reason.

For Han Qianli, nothing is more important than Su Yingxia, so her safety is definitely the thing Han Qianli cares about most.

With the bright moon in the sky, Han Qianli stood on the rooftop of the community, covering the entire Cloud City with his divine sense.

Although he had already stepped into the God Realm, it was still a bit hard for him to cover such a large area with his divine sense.

But the good news was that Han Giangxi eventually confirmed Su Yingxia's location, and that she was not in danger, but in the hospital.

Han Qianqian headed directly to the hospital and found Su Yingxia's hospital room.

Su Yingxia was very surprised by Han's appearance, because she hadn't told anyone what was happening at home, so how could Han find her way to the hospital?

"How did you know I was here?" Su Yingxia asked with a puzzled face.

"Is your father injured?" Han Qiangiang asked, this is what he just felt through his consciousness, and Su Guoyao is still hurt quite badly.

Since Su Guoyao had previously kicked Jiang Lan out of his house, only Su Yingxia could take care of him while he was in the hospital, which was why Su Yingxia didn't go to school for two days.

"En." Su Yingxia was puzzled as to why Han Qianqian knew about this, but she still nodded subconsciously.

Han Qianqian walked into the hospital room and saw Su Guoyao's injuries with her own eyes, his nose and face swollen and swollen, clearly beaten up by someone with malicious intent.

But given Su Guoyao's character, how could he have suffered such a vicious beating?

"I'm making you laugh." Su Guoyao saw Han Qianqian and said with a bitter smile on his face.

"What's going on?" Han Qianliang asked to Su Guoyao, the luxury regional director came to Yun City, Su Guoyao did not appear, Han Qianliang felt strange, for his sudden injury, Han Qianliang felt even more strange.

"I was betrayed, someone revealed Feng Qian's plan to the Su family's competitor, and this injury of mine, the competitor let someone beat me." Su Guoyao said.

The competitor.

Su Guoyao didn't show up that day, but a guy named Yang Guangyuan came, and it seems that Su Guoyao's injury was related to this guy.

"This matter, only you know, how could you be betrayed?" Han Qianliang was curious.

Su Guoyao looked helpless, he told the old man about this matter, but the old man again did not listen to the persuasion to hold a family meeting, which led to more people knowing about this matter.

"I'm also to blame for this matter, after I told the old master, the old master insisted on having a family meeting, and I couldn't persuade him down." Su Guoyao explained.

"In other words, the person who betrayed you is a member of the Su family." Han Qiangiang said.

Su Guoyao nodded and said, "I can be sure that the person who did this is definitely Su Guolin, because he doesn't want me to negotiate the cooperation with Feng Qian."

Su Guolin was a person Han Qianli was quite familiar with, this guy was a very sneaky and treacherous person, it was not at all surprising that he could do such a thing.

"Do you want me to help you take revenge?" Han Qianqian asked.

Su Guoyao's eyebrows raised, he never dared to think of asking Han Qianqian to take revenge for him.

But the anger inside was too much for him to bear.

"May I?" Su Guoyao asked.

Han Qianli looked at Su Yingxia, as long as it was something related to Su Yingxia, Han Qianli could do anything.

After all, Su Guoyao is her father, and if she can get some goodwill from Su Yingxia in exchange for these things, it's worth it for Han Qiangiang.

After all, Han Qianxiang is still in the stage of pursuing Su Yingxia, so naturally, she has to do something to please her.

"Of course I can." Han Three Thousand said.

"After I'm released from the hospital, okay?" Su Guoyao asked again.

"Everything depends on your arrangement, I'll help you find a caregiver, Su Yingxia has to go to school, she can't take care of you here every day." Han Qianqiang said, the hospital is not a good place, Han Qianqiang does not want Su Yingxia to stay in such an environment every day, and Su Yingxia is still young, there are also many inconveniences.

"That's what I was thinking, and if you can help, that would be great," Su Guoyao said.

Chapter 1374

After finding a care for Su Guoyao, Han Qianli left the hospital.

At the entrance of the hospital, he bumped into the old man of the Su family.

The old man passed by Han Qianxiang without any unusual feeling, because he did not know Han Qianxiang now.

It was Han Qianqian who frowned slightly, because he knew how the old man had died, so he subconsciously used his divine sense to check the old man's body.

A strange phenomenon puzzled Han Qianli, who felt that his body couldn't last much longer, even though the old man could reasonably live for at least ten more years.

Many things had changed since Han Three Thousand's rebirth, but most of them were due to Han Three Thousand's intervention, so they changed the original course of things.

But what's going on with the Su family's old man's condition, which by all accounts would not be affected in any way?

Could it be that the world after rebirth is not as simple as Han Qianqian imagined?

When the old man came to the hospital room and saw the beaten and bruised Su Guoyao, he had nothing else to say but to sigh.

Although this was the Su family's most despised eldest son, he was injured because of the Su family.

"Dad, have you found out who betrayed the Su family?" Su Guoyao asked the old man that although he had already decided in his heart that Su Guolin was the one who betrayed the Su family, there was no way to convict Su Guolin in the absence of substantial evidence.

"I've already met Yang Guangyuan, but he doesn't admit to having contact with Su Guolin," The old man said.

"These two are in cahoots, of course he won't admit it, and I can't think of anyone else besides Su Guolin who could do this." Su Guoyao said through gritted teeth.

The old man naturally understood this, the other people of the Su family, they couldn't betray the Su family for no reason, and they were also meeting with people like Yang Guangyuan.

If the Su family survives, they survive.

If the Su family dies, they perish.

It is a very simple truth that those Su family members, who all depend on the Su family for their survival, cannot take such a big risk for the sake of temporary benefits.

The only motive that can be found is that Su Guolin doesn't want his position in the company to be shaken by Su Guoyao.

And Su Guolin is a selfish person to the extent that he can do anything, so it's not unusual for him to betray the Su family for his own benefit.

"Don't worry about your illness, I will definitely investigate this matter, no matter who betrayed the Su family, I will make him pay a painful price." The old master said.

With the old man's words, Su Guoyao was also relieved, as long as Su Guolin could pay the price he deserved, then his big, suffering would be worth it.

"By the way, how much confidence do you still have in the Fengqian aspect of the company, can we talk about cooperation?" The old master asked Su Guoyao.

Although he was concerned about Su Guoyao's injury to a certain extent, the more important thing to the old man was still working with Feng Qian, which was, after all, a matter that concerned the future of the Su family.

"Suffered." Su Guoyao's face changed dramatically.

"What's wrong!" The master of the Su family also panicked along with him.

"That friend of mine came just now, but I forgot to ask him about Feng Qian's attitude toward Yang Guangyuan." Su Guoyao said with a regretful face, thinking only of his own revenge, but forgetting such a big thing.

After all, Su Guoyao was still lying in the hospital bed, and he couldn't act too unsympathetic.

"Why don't you call him now and ask, after all, this matter is too important." The old man said.

Su Guoyao didn't dare to slow down this matter, after all, the old man would value him so much because of the cooperation, if this cooperation was gone, the old man might not even come to the hospital to look at him.

In addition, he also knows what he should do to make his value greater, and how to make the old man really pay attention to him.

"Yingxia, give me the phone quickly." Su Guoyao said to Su Yingxia.

Su Yingxia emotionlessly handed the phone to Su Guoyao.

She didn't feel much affection for her grandfather, because ever since she could remember, this grandfather has been more partial to the other children in the family, especially the boys.

But although the Su family's old man had never given Su Yingxia too much affection, he hadn't done anything to embarrass Su Yingxia either.

"Three thousand, there is something else I want to ask you, you left too quickly just now, I forgot to ask." Su Guoyao said after dialing the phone.

"Don't worry, Feng Qian is not working with Yang Guangyuan yet." Han Qianqiang knew what he wanted to ask and said directly.

This statement made Su Guoyao relieved and continued to ask, "I will be discharged soon, when will you, can you help arrange a meeting with Boss Feng Qian?"

In fact, Han Qianqian had already decided to give Feng Qian the cooperation, but of course, his main purpose was to help Su Guoyao raise his status in the Su family, and he did so because Su Guoyao was too pitiful.

Both the Su family and Jiang Lan treated him as a waste, just like Han Qiangiang who was spurned by all sides when he first arrived in Yuncheng.

And if Su Guoyao had an identity and status in the Su family, then Su Yingxia's life would be even better.

"There's no problem, you can now feel at ease and recover from your injuries." Han Giangli said.

"Thank you, thank you, after I'm released from the hospital, I'll definitely treat you to dinner." Su Guoyao said excitedly.

With this kind of assurance from Han Qianli, Su Guoyao was completely at ease, although he himself didn't know why he believed Han Qianli so much, but his intuition told him that as long as Han Qianli promised to do something, he would never be wrong.

"Dad, it's done, after I'm discharged from the hospital, this friend of mine will introduce me to Feng Qian's boss." Su Guoyao said.

During the process of Su Guoyao's phone call, the Su family's old man had already frowned.

Through Su Guoyao's words, he could probably guess what was being said on the other end of the phone.

But for a person of Su Guoyao's status, how could he possibly know such a character?

Daring to beat his chest to guarantee a meeting between Boss Feng Qian and Su Guoyao, this is not something ordinary people can do.

"This friend of yours, who is he, is he so powerful?" The Su family's old man asked with a puzzled face.

Su Guoyao smiled faintly and said, "Dad, I don't know how powerful this friend of mine is, but I'm sure that he and the owner of Fengqian Company must have a very good relationship, as long as he is there, the Su family has a great possibility to reach a cooperation with Fengqian."

After saying this, Su Guoyao looked at Su Yingxia with his remaining light, and he knew in his heart that Han Qianli would help himself, all because of Su Yingxia.

Chapter 1375

As for what Han Qianqian really wants from Su Yingxia, Su Guoyao has thought about it carefully, but after racking his brain, he can't think of Han Qianqian's real purpose.

Because in Su Guoyao's opinion, both of them are still children, Han Qiangiang should not have such thoughts about Su Yingxia.

Even if Han Qianqian has such a need, with his ability, he should have more options than to put such thoughts on a still undeveloped Su Yingxia.

So Su Guoyao gave up thinking about this matter, and only looked at the benefits, that is, Han 3,000 is helpful to him, even if Han 3,000 has special fetishes and strange ideas about Su Yingxia, Su Guoyao will also accept, after all, whether he can turn over in the Su family, whether he can let the Su family get a better future, it all depends on Han 3,000's words to decide.

The old man did not stay in the hospital for too long, before leaving, he also advised Su Guoyao to be concerned about Fengqian's development and cooperation at all times, and not to make any mistakes.

Su Guoyao also knew that the old man didn't care about his health when he came to the hospital, so he didn't expect the old man to say anything about his health.

Three days later, Su Guoyao was finally discharged from the hospital.

No one from the Su family came to pick him up, and no one sent any good news.

On the contrary, Han Qiangiang came to the hospital very early in the morning, and discharged Su Guoyao from the hospital, which made Su Guoyao feel a bit distracted.

The better Han Qianqian treated him, the stranger Su Guoyao's heart became. Su Guoyao's heart was wondering why he was doing this.

Before his rebirth, Su Guoyao was not good to Han Qiangqian, but Han Qiangqian knew that a large part of the reason was because of Jiang Lan, Su Guoyao didn't have much of an opinion of him from the beginning, and Su Guoyao was the one who opposed his marriage to Su Yingxia the least.

Since he is the future father-in-law, it is reasonable to treat him a little better.

"When do you plan to go to Yang Guangyuan?" After being discharged from the hospital, Han Qianqian asked Su Guoyao, "When I heard these three words from Yang Guangyuan, Su Guoyao's eyes became angry.

Su Guoyao's eyes were filled with anger when he heard the three words Yang Guangyuan.

The Su family and Yang Guangyuan had been competing for many years, and this guy had too many dirty tricks, and had caused harm to Su Guoyao more than once.

Once Su Guoyao didn't want to take revenge, because he knew he didn't have the ability to do so.

But now, with Han Qiangiang's help, the situation can be different.

But there is one thing Su Guoyao is still worried about, after all, Yang Guangyuan knows a lot of people from the road, if these people are involved, it is still a particularly troublesome thing.

"Three thousand, Yang Guangyuan knows a lot of people from the Dao, these people, can be hard to provoke." Su Guoyao reminded.

Han Qianqian smiled faintly.

The people of the Dao, are not easy to provoke?

Isn't Mo Yang in charge of the Cloud City Road now? What's a mere Yang Guangyuan to us?

Even if he really knew Mo Yang and was very close to him, Mo Yang couldn't have offended Han 3000 because of him.

"It's time to take you to see the world." Han Qianli said with a smile.

To meet the world?

This sentence made Su Guoyao a little puzzled, he is an adult, has he not seen the world more than a small child? ,.

But considering his own identity and the people Han Qiangliang knew, Su Guoyao was not qualified to argue, in case he really had seen more of the world than him, wouldn't it be humiliating.

After returning home and putting down the luggage, Han Qiangliang let Su Guoyao drive towards Mo Yang's residence.

After all, Xiaolong's identity is now the owner of Feng Qian Company, so naturally he can't be the driver.

"Three thousand, what are we doing here?" After arriving at the villa area where Mo Yang was, Su Guoyao was puzzled and asked.

"Meet a friend, meet him, and you'll understand that Yang Guangyuan is nothing." Han Qiangiang said with a smile.

Su Guoyao's heart suddenly thumped, he knew very well who lived in this villa, but he couldn't believe that Han Qiangnian even knew such a person.

He followed Han Qiangli with a trembling heart.

At this time, Su Guoyao, even as an adult, was filled with nervousness and apprehension, but his mentality could not be compared to Han Qiangli's. After all, Mo Yang's status in Yun City was very important.

After all, Mo Yang's position in Yun City was something Su Guoyao could not even see when he looked up.

When Han Qiangliang noticed Su Guoyao's nervousness, he smiled and said, "Don't be so afraid, he won't eat you."

Su Guoyao swallowed his saliva and asked, "You're not really going to take me to meet Mo Yang, are you?"

"What's so strange, is it strange to see Mo Yang?" Han Qianqiang said.

Rare?

For Su Guoyao, more than just using the word rare, it was simply incredible.

He had never thought that he would one day be able to get in touch with a person like Mo Yang, and if he could become friends with Mo Yang, then the Su family, who else would dare to underestimate him, who else would dare to point fingers at him.

Even Su Guolin, who treats him as an enemy, might not dare to have any complaints against him from now on.

"Mo Yang is a top big figure in Cloud City, so of course it's rare." Su Guoyao said.

Han Qianli smiled indifferently, it was hard for him to connect Mo Yang and the image of the kiosk owner, now Mo Yang, with a strong spirit, but the kiosk owner Mo Yang, is a person who often scuffs cigarettes, Han Qianli even once wondered if this guy also had a rebirth, otherwise, how could his personality change so much?

When we arrived at Mo Yang's villa, Han Qianqian directly pressed the doorbell.

Before coming, Han 3,000 didn't inform Mo Yang, so when the door opened, the little brother looked at the two of them with disdain.

"Who are you guys and what do you want?" The youngest brother asked Su Guoyao, who saw Han Qiangnian as a child and naturally couldn't make decisions, but when Su Guoyao was asked, he panicked and forgot how to speak.

But Su Guoyao was asked such a question, suddenly panicked, and even forgot how to speak.

"Looking for Mo Yang, he'll know who I am when he sees me," Han Marchiang said.

The little brother looked at Han Qianqian with contempt and mocked and said, "Little brother, you're quite bold, you dare to call my boss by his name, do you still want to leave here with your life."

Su Guoyao was even more frightened by these words, and subconsciously pulled Han Qiangli, as if he wanted Han Qiangli to leave.

But Han Qiangli kicked the little brother away.

Su Guoyao was dumbfounded.

This

How dare he hit Mo Yang's little brother.

This is Mo Yang's home, and Mo Yang can take their lives at any time if they make trouble here.

Before Su Guoyao had time to pull Han Qiangli away, Han Qiangli had already entered the villa.

Even though Su Guoyao was scared to death, he could only follow Han Qiangliang, he could not be a deserter alone, otherwise, how could Han Qiangliang introduce him to Fengqian's boss?

Chapter 1376

Mo Yang sat in the living room, has heard the movement of the door, know that someone is causing trouble, but he did not panic, after all, this is his home, and Yun City, is also his territory.

There are always some unsightly guys who want to provoke him, but the heaviest result is not to fall in front of him?

There is no shortage of people in Yun City who want to use him to get to the top, so this kind of thing has become commonplace for Mo Yang.

But when Mo Yang saw that the visitor was Han Qianqian, he no longer had a calm and relaxed expression on his face.

In Yun City, he could not take the Heavenly Family into consideration, but Han Qianxiang was a person he had to treat with caution.

Because even the Heavenly Family was afraid of him.

And the fact that he really got the regional head of those luxury goods, this already shows Han Qianli's ability to a great extent.

In Cloud City, Mo Yang might be the supreme big shot, but that was before Han Qianli appeared.

"Boss Han, what brings you here." Mo Yang said to Han Qianqian with a smiling face.

"Your men don't quite know what they're doing, so I helped you teach them a lesson." Han Qianqian said.

Mo Yang nodded repeatedly, without any dissatisfaction, and said, "I have to thank you for this, now some of my younger brothers, just don't have eyes, you should also teach them a lesson."

After hearing this, Su Guoyao, who was originally frightened, was directly confused.

He thought that Mo Yang would not let Han Qianqian go if he caused trouble here, but he never thought that it would end like this.

Not only was Mo Yang not angry, but he also thanked Han Qianqian.

Is this little guy really that powerful? Even Mo Yang needs to please him so much?

"Sit down, what's the matter, sit down and talk." Mo Yang said.

Han Three thousand directly sat opposite Mo Yang, while Su Guoyao, didn't even dare to touch the sofa, this is after all the Mo Yang family, Han Three thousand has the right to be insolent, but Su Guoyao doesn't think that he has the right to do so as well.

"Boss Han, do you have something you want me to help you with today?" Mo Yang took the initiative to ask.

"It's indeed a little bit small, I wonder if Boss Mo knows Yang Guangyuan?" Han Qianqian asked.

No matter how coldly Mo Yang treats him, Yang Guangyuan always looks enthusiastic, which is a very deadbeat kind of character.

"Acquaintance, did Yang Guangyuan offend Boss Han?" Mo Yang said.

Han Qianqian looked at Su Guoyao and said, "Yang Guangyuan had someone beat him up, today, I am stepping in on his behalf."

Mo Yang took a look at Su Guoyao, he didn't have any impression of him and didn't know who he was, but since it was Han Qianqian who stepped in, Mo Yang would definitely step in for this matter.

"Go, find Yang Guangyuan for me." Mo Yang instructed his junior brother.

Hearing this, Su Guoyao was somehow excited, the development of the matter was unexpected, but he knew that when Yang Guangyuan came here, he would definitely kneel down and apologize to him.

Yang Guangyuan has always been high and mighty in front of anyone in the Su family, and if he can get this guy to apologize, it's really something that people dare not imagine.

Yang Guangyuan was still coveting Su Guolin's wife in the company, thinking about how to get Su Guolin to simply agree to give his wife to him with both hands.

When Mo Yang's little brother found him, Yang Guangyuan was still excited, believing that his efforts had finally moved Mo Yang to be willing to give him the chance to become a friend.

"Looks like this year is my good luck year." Yang Guangyuan said with a sigh on his face, not only did he have the chance to get Feng Qian's cooperation, even Mo Yang had extended an olive branch to him, so his social status would not go up by the scruff of the neck in the future?

"Did Boss Mo say what he was looking for me for?" On the way to the villa, Yang Guangyuan asked Mo Yang's little brother.

The little brother saw Yang Guangyuan's smiling face and thought to himself that this idiot didn't know he was in big trouble yet.

"When you arrive, you will naturally know." The little brother said.

Yang Guangyuan nodded his head like garlic, with excitement and anticipation.

After arriving at the Mo Yang villa, Yang Guangyuan's heart became much heavier when he saw Su Guoyao.

This guy, why is he here?

Could it be that he still knows Mo Yang?

An ominous premonition was finally born in Yang Guangyuan's heart.

"Boss Mo, I'm here." Yang Guangyuan cautiously said to Mo Yang.

Mo Yang lifted his hand, and a few little brothers approached Yang Guangyuan's side.

"Boss Mo, what is this situation, I didn't offend you." Yang Guangyuan's face was instantly filled with panic and fear.

Mo Yang only said one word: "Fight."

A group of boys under his hands pinned Yang Guangyuan to the ground, punching and kicking him, just like Su Guoyao's encounter in front of Fengqian Company.

Su Guoyao looked happily at Yang Guangyuan, who was begging for mercy, and thought to himself, "This guy finally has his day."

After a full ten minutes, Yang Guangyuan was almost wasted, and then Mo Yang withdrew his men.

Walking up to Yang Guangyuan, Mo Yang asked: "Who told you about Feng Qian Company's plan?"

On this matter, Yang Guangyuan has reached an agreement with Su Guolin, and judging from Su Guolin's attitude, there is a high probability that he will send his own wife to his door.

But now, in this situation, Yang Guangyuan doesn't care about women.

"It's Su Guolin, Su Guolin told me." Yang Guangyuan didn't have any hesitation and directly betrayed Su Guolin.

This answer wasn't a surprise to Su Guoyao, because no one else would do such a thing except Su Guolin.

Han Qianqian stood up and said to Su Guoyao, "You can have the old man of the Su family come, and you can also call Su Guolin and confront him face to face."

Su Guoyao looked at Han 3,000 with gratitude and said, "Thank you."

Han Qiangang waved his hand, left a look for Mo Yang, and left the villa.

Su Guoyao also understood what Han Qianchi meant, and he didn't want to expose his identity in front of the old man.

When the master of the Su family received a call from Su Guoyao, asking him to go to Mo Yang's villa, the master once suspected that he was hallucinating, and only after repeated confirmation did he dare to believe what Su Guoyao said.

What would he do if he didn't go to Mo Yang's villa? And also take Su Guolin with you.

Tell the old man directly that this matter is probably related to Yang Guangyuan, but with Su Guoyao's ability, how could he let someone like Mo Yang come forward for him?

With a puzzled feeling, the old man first found Su Guolin, and then they set off together towards the Mo Yang Villa.

"Dad, where are we going?" Su Guolin tried to keep his expression calm to avoid revealing his weaknesses.

The old man had roughly guessed what was going on, but he didn't say it explicitly, but said, "We'll know when we get there, so there's no need to rush."

Chapter 1377

On the way to Mo Yang villa, when Su Guolin saw the old man's serious expression, he was somehow apprehensive.

He has done something wrong after all, and although Yang Guangyuan won't betray him for the sake of his wife, Su Guolin can't guarantee that there won't be other accidents.

And if the old man came to him today for no reason, there must be some reason, which would inevitably make Su Guolin suspect that the old man had found some evidence, and if that was the case, it would be a devastating blow to Su Guolin.

If this was the case, it would be a devastating blow to Su Guolin. If the old man knew that he had betrayed the Su family, would he still have the right to stay in the Su family?

When the car stopped at Mo Yang's villa area, Su Guolin felt even more strange.

He knew what kind of people lived here, but the Su family had never had any relationship with Mo Yang, so why would they come here?

"Dad, isn't this where Mo Yang lives?" Su Guolin asked the old man again.

"I know." The old master responded indifferently.

At this time, the old man's heart was also a little uneasy, after all, Mo Yang is a Taoist figure, and contact with this kind of people, you have to be very careful, or else, how to die do not know.

"Dad, we don't have any interaction with Mo Yang, and he is a Daoist, this kind of person should not be provoked. Su Guolin reminded.

At this time, the little brother that Mo Yang had arranged to wait at the door, walked up to the two.

"Come with me, Boss Mo has been waiting for you for a long time." The little brother said.

The old man nodded his head and said, "Please lead the way."

Even though the other party was just Mo Yang's little brother, the old man still gave great respect and spoke with special courtesy and care.

When he came to the villa, when the old man saw Su Guoyao, he was even more sure of his suspicions.

Su Guolin, on the other hand, had a strange face, how could Su Guoyao, a punk, be in Mo Yang's house?

Could it be that this trash has something to do with Mo Yang?

How is this possible!

How could he possibly be on the line with Mo Yang with his shameful ability.

It was only when they reached the living room area that the old man and Su Guolin saw Yang Guangyuan, who had been beaten on the ground.

Su Guolin's face instantly turned pale, and his apprehension turned into reality.

Yang Guangyuan was here, and he was beaten so badly.

At the same time, Su Guoyao was also there, what does this mean, Su Guolin knew it in his heart.

"Tell me, what have you done." Mo Yang did not greet the old man, but said to Yang Guangyuan.

Yang Guangyuan was not a moral person, in front of a life and death situation, he did not hesitate and said, "Feng Qian Company's plan, Su Guolin told me."

"You're full of sh*t." Su Guolin heard this and jumped to his feet to retort, even if this was the truth, he couldn't let the old man know, no matter what, he had to cunningly argue, because it meant whether he could still stay in the Su family.

Yang Guangyuan turned to look at Su Guolin with a sardonic smile on his face and said, "What? You dare not do it and admit it? Su Guolin, if it wasn't for you, how could I have known such important news, you told me, isn't it just to prevent Su Guoyao from succeeding, but you told me yourself that you can't let Su Guoyao turn over a new leaf in the Su family, am I half wrong in what I said?"

Although the old man had already decided in his heart that Su Guolin was the one who betrayed the Su family, when this fact actually came out of Yang Guangyuan's mouth, the old man was still in a trance.

Su Guolin was someone he held in high esteem, and even after a hundred years, he had already made plans to hand over the Su family to Su Guolin.

But now, Su Guolin has betrayed the Su Family for his own selfish desires, abandoning the Su Family for the greater good.

How could such a person still be qualified to inherit the Su family's power?

"Su Guolin, do you have anything else to explain?" The old man asked Su Guolin in a cold voice.

Su Guolin couldn't explain, the fact was that no matter what he said, it was useless.

But Su Guolin didn't accept his fate, he didn't want to end up in a situation where he was expelled from the Su family.

Su Guolin gritted his teeth as he walked up to Yang Guangyuan and said, "What benefit did Su Guoyao give you to slander me like this?"

After saying this, Su Guolin walked up to Su Guoyao and continued, "You colluded with Yang Guangyuan to harm me, you want to drive me out of the Su family, right? All of this is your own play, you think you can fool Dad and still fool me?"

Su Guoyao never expected that under such circumstances, Su Guolin would still find a way to defend himself and blame him.

"Su Guolin, you're thinking too absurdly, I directed myself, can I still let someone beat me up and put me in the hospital with serious injuries? And he's already confessed everything about your affair with Yang Guangyuan, do you really think Dad will believe you?" Su Guoyao gritted his teeth and said.

"What do you gain by driving me out of the Su family? Do you think you are capable of controlling the Su family? Do you have what it takes to get the best out of the SU?" After a pause, Su Guolin continued, "You didn't, only I can make the Su family develop better, only my ability to inherit the Su family."

These words seemed to be addressed to Su Guoyao, but Su Guolin was also warning the old man that if he was really driven out of the Su family, there would be no one to succeed him.

But Su Guolin seems to have completely forgotten that the current Su Guoyao has the opportunity to negotiate with Feng Qian, and that alone is not something he can compare with.

"Su Guolin, you are a beast, for your own selfish desires, you can even betray your own wife, what kind of man are you!" Su Guoyao said disdainfully.

This statement made Su Guolin's face show a trace of panic, although this matter has not really happened yet, but in Su Guolin's heart, he had already agreed with Yang Guangyuan's request.

Because the only way to keep Yang Guangyuan's secret was to serve his wife with both hands, he didn't have any other choice.

But this kind of thing can only be known to him and Yang Guangyuan, or else a man's face has been disgraced by him.

It is ridiculous to let his wife sleep with other men.

"You're talking nonsense, believe it or not I'll k*ll you." Su Guolin was trembling with rage.

Mo Yang's little brother was the first to block Su Guolin's path to prevent him from doing anything.

Seeing Mo Yang's little brother, Su Guolin calmed down quite a bit, this was after all Mo Yang's territory, not a place where he could act recklessly.

"Su Guolin, you're the first one to say murder in my house, you've got some guts." Mo Yang said indifferently.

This sentence made Su Guolin tremble, and out of fear of Mo Yang, he hurriedly explained, "Boss Mo, I didn't mean that, it's just that he slandered me by talking nonsense, that's why I was so angry."

Chapter 1378

"At a time like this, do you really want to argue?" The old man, who had been gloomy and silent, finally spoke up.

The evidence was overwhelming, and at this point Su Guolin even tried to justify himself.

The old man is not a fool, he could never believe such a ridiculous explanation from Su Guolin.

And even Mo Yang came forward in this matter, can there be any falsehood?

Even if this is not true, if Su Guoyao really directed himself, he still has to accept this result.

The old man didn't dare to underestimate Su Guoyao's ability to get Mo Yang to accompany him in the play, and he wanted Su Guolin to be expelled from the Su family, so the old man had to be satisfied.

For the sake of the Su family's great cause, what's the big deal if only one Su Guolin is sacrificed?

"Dad, you don't really believe this punk's words," Su Guolin said with a panicked face. Su Guolin said with a panicked face.

The old man's face was cold.

Rubbish?

Is Su Guoyao a loser?

Perhaps it was indeed a waste image in their minds before.

But what about now?

Who would dare to call Su Guoyao a loser?

"Don't you know where you're standing?" The old man said indifferently.

Su Guolin's heart thudded, and he quickly figured out what the old man meant by that.

It was only then that he was shocked to realize that even Mo Yang was involved in this matter, if it wasn't Su Guoyao who did it, who else could it be?

This piece of trash has the backing of Mo Yang!

"From today onwards, you are no longer a member of my Su family, and all your positions in the Su family will be replaced by Su Guoyao from now on, so take care of yourself." The old man said.

This news will have to be communicated to others in the family meeting tomorrow.

As for Su Guolin, he was no longer in the old man's consideration, and whether he would live or die in the future would only depend on his own fate.

"Dad, you can't do this to me." Su Guolin said with a panicked face, "I've contributed to the Su family for so many years, I have all the credit and bitterness, how can you let me be driven out of the company."

"You're to blame, if you didn't make so much trouble, you wouldn't have ended up like this." The old man said calmly.

Su Guolin's expression gradually became fierce.

"If I don't make these things and let Su Guoyao turn over a new leaf, what's the difference between my end and being kicked out of the Su family, this trash, why can he ride on my head!" Su Guolin gritted his teeth and said, "This is tantamount to a de facto admission of his betrayal of the Su family.

His words were tantamount to a de facto admission of his betrayal of the Su family.

The old master hated it even more, and could not give Su Guolin the slightest chance.

At this time, Mo Yang suddenly spoke up and said, "Old Master, if you want to solve this trouble and keep him out of trouble, why don't you leave it to me?".

In this matter, Mo Yang was only a bystander, and Han Qianyuan was only using his deterrent power to get Yang Guangyuan to tell the truth.

However, as far as Mo Yang is concerned, Han Qiangiang seems to value Su Guoyao, and helping Su Guoyao solve his problems is also helping Han Qiang solve his problems, so Mo Yang doesn't mind taking action to deal with Su Guolin.

Su Guolin couldn't conceal his panic on his face after hearing Mo Yang's words.

Leave it to him?

Su Guolin knows exactly what will happen to him.

I'm afraid I'll have to die if I'm handed over to him.

"Dad, I know I was wrong, please give me a chance, I will do my best for the company in the future, I will never do anything wrong to the company again." Su Guolin knelt down in front of the old man, hoping to be forgiven by him.

The old man's face was as frosty as ice, this matter was no longer his to decide, after all, Mo Yang was already involved.

And if he didn't kick Su Guolin out of the Su family, how could he explain to Su Guoyao?

After all, Su Guoyao managed to get insider information to help the Su family have a better development, but not only was he betrayed by Su Guolin, but he was also put in the hospital, which Su Guoyao will not easily swallow.

For the first time in his life, the old man began to care about Su Guoyao's feelings, which is a very realistic thing.

In the past, when Su Guoyao didn't contribute, the old man never cared whether Su Guoyao was treated fairly or not, or even what was in his heart.

But now, the old man had to look at this point, because the future of the Su family was already all on Su Guoyao's shoulders.

"I am not in a position to forgive you, because what you betrayed is not only the Su family, but also Guoyao." The old man said.

Hearing this, Su Guolin understood the old man's meaning, didn't this mean that he should ask Su Guoyao for forgiveness?

Although Su Guolin had a hard time accepting this, but in order to stay in the Su family and have a chance to take revenge in the future, what's the point of bowing for a moment?

Su Guolin kneeled in front of Su Guoyao and said with a face of remorse: "Brother, this matter is my fault, I shouldn't betray the Su family for my own selfish desires, please give me a chance, from now on, I will never give you trouble again, I will do my best to assist you and help the Su family develop."

Su Guoyao never thought that Su Guolin would still have the day to kneel before him and beg for mercy.

In the past, Su Guoyao's status in the Su family was like that of a servant.

In the company, even ordinary employees didn't treat him.

But now, Su Guolin, who was always high and mighty, had to kneel down to him and admit his fault, which made Su Guoyao feel very happy in his heart.

However, being happy didn't mean that he would forgive Su Guolin.

And Su Guoyao knew very well what kind of person Su Guolin was, and by letting him stay in the company, he was bound to make small moves.

"You're not expecting me to forgive you, are you, Su Guolin, that's impossible, have you forgotten how you treated me in the past?" Su Guoyao said indifferently.

Su Guolin not only knelt down, but also kowtowed to Su Guoyao and said, "Big brother, please give me another chance, I really won't dare to do it again."

"Boss Mo, it seems that this trouble still needs your help." Su Guoyao said to Mo Yang, he didn't have the heart to deal with Su Guolin's pestering, so he could only let Mo Yang step in.

This frightened Su Guolin to the point that he stood up and said, "Isn't it just leaving the Su family? Okay, I'll go, Su Guoyao, don't let me find an opportunity, or else I will never let you go."

"Today's revenge will be avenged by me, Su Guolin, sooner or later."

After saying these words, Su Guolin accelerated his steps towards the door, expecting not to be stopped by anyone, or else, he might not have the life to leave the villa today.

Mo Yang looked at Su Guoyao, Su Guoyao shook his head, Su Guolin is after all his brother, to drive him out of the Su family, is already the best result for Su Guoyao, he is not really to drive Su Guolin to death.

Chapter 1379

Seeing that Su Guolin had left, Yang Guangyuan, who was lying on the ground, said to Mo Yang, "Boss Mo, can I leave now?"

This guy was born for money and sex, one of which is indispensable, and if he loses one of these abilities due to his physical condition, it would be worse than death for Yang Guangyuan.

Mo Yang took a look at Su Guoyao and said: "Do you plan to let him go?"

"Su Guoyao, as long as you let me go, I won't fight with you anymore for Feng Qian's cooperation, how about it?" Yang Guangyuan hurriedly said, and now he didn't have the ability and courage to compete with Su Guoyao, after all, this guy could even stand up for him with Mo Yang.

"You go away, from today onwards, I don't want to see you again." Su Guoyao said.

"Yes yes yes, don't worry, I definitely won't appear in front of you." After saying this, Yang Guangyuan stood up with great difficulty and dragged his heavy body away from the Mo Yang Villa.

This matter had finally come to an end.

For Su Guoyao, the ending was unexpected.

However, Su Guoyao knew clearly that things had developed to this situation not because he was so powerful, but because of Han Qiangiang's help.

At the same time, Su Guoyao also knows that Han Qiangiang is not simply a friend of Boss Feng Qian, he is definitely very powerful, otherwise it would not be possible to let Mo Yang come forward so easily.

After Su Guoyao expressed his gratitude to Mo Yang, father and son also left Mo Yang's house.

The old man had many questions in his heart, such as why Su Guoyao knew Mo Yang and could even get Mo Yang to help him.

But the old man hid these questions in his heart and didn't ask them.

To him, Su Guoyao only needed to be able to help the development of the Su family, as for the other things, it was not important.

"Dad, if you have any questions you want to ask, just ask directly." Su Guoyao said to the old man.

The old man shook his head and said, "I won't ask anything, as long as you can do it for the good of the Su family, tomorrow morning, I will inform them of the meeting, and then officially appoint you to the position."

"Thank you, Dad." Su Guoyao said.

The old man shook his head and said, "No need to thank me, you deserve it, and now no one can help the Su family get better except you."

This sentence was like reminding Su Guoyao to complete the plan of cooperation with Feng Qian, only in a very subtle way.

Su Guoyao also understood the meaning, and said, "Dad, don't worry, I will be able to handle Feng Qian's cooperation plan, and I will never let you down."

Su Guoyao said so decisively, the old man couldn't control his curiosity even more.

Why was he able to make such a big change in a short period of time, did he get to know some more powerful big man?

In the end, however, the old man still didn't ask, and again, as long as Su Guoyao could help the Su family, he didn't need to be overly concerned about other matters.

The next day, the morning meeting of the Su family.

After everyone had arrived, there was no sign of Su Guolin, which made those people feel a little apprehensive.

"Why hasn't Su Guolin come yet, could something have happened."

"Is it because the old man has found evidence?"

"No way, if the evidence was solid, he would have been expelled from the Su family, but there was no word of it."

"I think it's very likely that we will find evidence, otherwise, how could he not appear?"

While the people were divided in their speculations, the old man and Su Guoyao appeared in the meeting room together.

But even at such a time, there was still no Su Guolin, which made others feel that Su Guolin might no longer be qualified to set foot in this meeting room.

"Sit down." After the old man entered the conference room, he said to everyone.

Su Guoyao, who was sitting directly on the seat that Su Guolin used to occupy, which was the most powerful person in the company besides the old man, made the others understand their suspicions.

"From today onwards, all of Su Guolin's positions will be replaced by Su Guoyao, and your future problems can be reported directly to Su Guoyao." The old man said.

This statement was very sudden, but the crowd was not surprised, after all, Su Guoyao was already sitting in Su Guolin's position.

"From today onwards, Su Guolin is also no longer a member of the Su family, and I hope that you will keep your distance from him, such a traitor is no longer qualified to enter the Su family." The old man continued.

This was a bit of a shock to the crowd.

Su Guolin was not only driven out of the company, but also out of the Su family, the price he paid was a bit too harsh.

The company's founder, Mr. Su Guolin, said that the company's success was due to the fact that the company's employees were not only the company's employees, but also the company's employees.

The new city plan of Fengqian will have a great impact on the future development of the Su family, and the fact that Su Guolin revealed such important information to Yang Guangyuan is not worthy of any sympathy.

"Old Master, don't worry, we will never be soft on such a traitor."

"Yes, he almost ruined the Su family's future, so how can we contact him."

"From now on, I'll pretend that there is no such person as Su Guolin."

"That's right, there is no such person as Su Guolin in the Su family."

Everyone expressed their opinions, deliberately distancing themselves from Su Guolin to show their loyalty to the Su family, after all, the Su family's future was their future.

If the Su family developed well, the more money they made, and in this world, who would have a hard time with money?

"Okay, if there's nothing else, I'll leave first, if you have any questions, you can look for Su Guoyao." After saying that, the old man left the meeting room.

As soon as the old man left, Su's relatives surrounded Su Guoyao, and these people used to be Su Guolin's dogs.

Now that Su Guolin has stepped down, they can only find new trees to rely on, and Su Guoyao has become the object of their affection.

"Guoyao, I didn't expect that the future of the Su family would ultimately be in your hands."

"I've long said that you can achieve great things, it's just that the wind was suppressed by Su Guolin in the past, I didn't expect that thick and thin, finally ushered in this day."

"If you have anything to explain in the future, just tell us, we will definitely do a beautiful job for you."

Hearing these words, Su Guoyao couldn't help but sigh inside.

These guys, in the past, wouldn't even look at him in the eye.

But now, they all hate to try to befriend him.

This is the benefit of status.

Su Guoyao finally enjoyed the feeling of being on top, but there was one thing Su Guoyao kept in mind.

That was that all of this came not because he was so powerful, but with the help of Han Qianqian!

Chapter 1380

The first time Su Guoyao left the company, he called Han Qianqian, hoping to thank her in person.

And Su Guoyao knew that Han Qianli helped him because of Su Yingxia, so he specially asked Han Qianli to come to his home for dinner, so that Han Qianli could meet with Su Yingxia.

But what Su Guoyao didn't expect was that Han Qianli refused, which caught him off guard.

"Three thousand, do you have anything important to do today?" Su Guoyao asked.

"Let's talk next time." Han Qiangiang said in a heavy tone, and then directly hung up the phone.

In front of Han Qianli stood a person he knew very well, but this person didn't know Han Qianli at this stage, and Han Qianli felt very strange about his appearance.

The old man, the master of the Four Gates of the Apocalypse, suddenly came to Yun City, and with such a clear purpose to find Han 3,000, Han 3,000 was somewhat puzzled by the reason.

"Old man, you're in my way," Han Qianqian said to the old man.

The old man had already sized up Han 3,000 from top to bottom more than ten times, and didn't know what he was trying to see.

"What do you want, don't let me get away from you, don't blame me for being rude to you." Han Qianli didn't act too polite in the face of this old friend, because he, Han Qianli even refused to go to the Su family for dinner, which made him feel very uncomfortable, you know Han Qianli now but cherish all the opportunities to spend time with Su Yingxia.

"Who are you and why are you pretending to be an apocalypse?" After a long time, the next oldest spoke to Han 3,000 and said, "Do you have any idea what kind of price you will pay for pretending to be an apocalypse."

"Is that why you came to me?" Han Qianli said indifferently, "At first, he did pretend to be a member of the Heavenly Apocalypse in Yanjing, and he has not joined the Heavenly Apocalypse at this stage.

But Han Qianli never thought that it was because of this matter that it would be worthwhile for the old man to come down from the mountain himself.

And how did this matter get back to Old Man Yi's ears?

That Yuan Hai is just a yellow-letter member, and he's not in a position to meet the next oldest directly.

"I know about your performance at the Wuji Summit, so I'm even more curious as to why you're pretending to be an apocalypse." Second Elder said.

Han Giangli had a faint smile on his face and said, "What if I said that I wasn't pretending?"

The next old man decisively shook his head in denial and said, "Impossible, there is no one as young as you within the apocalypse, you absolutely cannot be a member of the apocalypse."

"The four gates and three halls of the apocalypse, you are only in charge of the four gates, so how can you be sure, I am not a member of the three halls?" Han Qianli said with a smile.

The next old man stared at him, seemingly shocked by Han Qianli's words.

The four gates and three halls of the Heavenly Apocalypse, this was definitely something that only the Heavenly Apocalypse knew, and if he were an outsider, he would never have known such detailed information.

"Why don't you go back and ask Qingfeng He and see if he recognizes me." Han Qianli continued.

Qingfeng He!

This guy even knew He Qingfeng.

The old man felt even more unbelievable.

Could it be that he was really a member of the Three Temples?

But although the Three Temples were not under the jurisdiction of the old man, he still knew about the situation in the Three Temples, and he knew exactly how many people there were in the entire Apocalypse, so there was no reason why he didn't know about someone as young and strong as Han Qianqian.

The second oldest suspected that Han Qiangang was pretending to be from the Apocalypse.

But after Han Qianqian said these words, the second oldest had self-doubt again.

"You are really an apocalypse person? Are they Qingfeng He's men?" The next oldest said.

Hands down?

These two words made Han Qianqian somewhat unsatisfied with his current skills, and how could He Qingfeng be his subordinate?

"Actually, I don't belong to the Four Gates and Three Temples right now, and there's still a secret about the apocalypse that everyone doesn't know." The corners of Han Qianli's mouth turned up, which meant that he must have some strange thoughts in his head again.

"Secret, what secret?" With his knowledge of the apocalypse, how could the apocalypse still have secrets he didn't know about?

"You know the cemetery, right?" Han Qianqiang said.

When he heard the word "cemetery," his whole body trembled.

When he thought of this, his heartbeat suddenly accelerated quite a bit.

This place, currently the entire apocalypse, only he and He Qingfeng knew about it, and both of them had exhausted all their methods, but they were unable to open the stone door.

"What are you talking about, I don't understand." The second oldest said, this level of secret is never something that outsiders can know, the second oldest was worried that the brat in front of him was intentionally deceiving, so he acted as if he didn't know anything.

"Don't understand? Can't you remember the stone door that you couldn't open?" Han Qianli said with a smile.

The second old man's eyes flickered as he evaded Han Qianqian's question, thinking how could he know, how could he know such a big secret of the apocalypse.

In the entire apocalypse, only the heads of the four gates and three halls knew about the stone gates, so how could he know.

"Who the hell are you!" At this moment, he no longer regarded Han Qianli as a sinner pretending to be an apocalypse, but instead, the mysteriousness of Han Qianli's identity made him a little fearful.

"I am the one who came out of that stone door," Han Qianxiang said.

How do you make yourself distinctive, but also superior to Old Man Next and He Qingfeng? This was the solution that Han Qianqian thought of.

Even the secrets of the stone gate were unknown to the next old man and He Qingfeng, and when Han 3,000 said so, there was no way for the next old man to refute him.

As for whether the second oldest believed it or not, this was not a question that Han 3,000 yuan would consider, because it was something that the second oldest was struggling with.

"How is it possible, the stone door can't be opened at all, how could you be the one inside." The next oldest asked with rapid breathing.

"With your status, you are not qualified to know about this matter, so I don't need to explain it to you." Han Qianqiang had another bad idea in his head at this time, hiding a laugh that was about to be unbearable, and continued to say to the next oldest, "However, with your seniority, you should at least call me Master Uncle."

"What!" The second oldest looked at Han Qianqian with a startled face, Master Uncle!

How senior must this be, but he's just a little kid ah.

"Do you think there's anything wrong with it, Shisunzu?" Han Qianqian had a cold face and said indifferently.

"Little guy, you're not going to deliberately play with me, what age do you want to be my uncle's ancestor!" The next oldest gnashed his teeth," he said.
