

His True Colors Chapter 1391-1400

Chapter 1391

Han Qiangli's words made Mo Yang's eyes almost drop to the ground, because in his understanding, Han Qiangli was asking him to pretend to be his father?

First of all, let's not say whether Mo Yang has the guts to do it or not, as far as two years of age is concerned, it doesn't seem to match.

The current Mo Yang, but not yet middle-aged, how can he have a son as big as Han Qianqian.

"This this is not good, I how young I have to be a father, to have a son as big as you." Mo Yang said, fidgeting with his words.

Han 3000 glared and said, "I mean, you are now my brother, leading me as a younger brother to ask questions about tuition, what, you still want to be my father?"

Mo Yang quickly shook his head and waved his hand, saying, "No, no, I didn't mean that, how dare I be your father."

Han Qianli laughed, he knew that Mo Yang would think wrongly, that's why he deliberately said it so unclear.

"Let's go and see your future daughter-in-law, I'm also quite curious if it's her." After Han Qianli said that, he took the lead in walking towards the tutorial class.

At this time, the tutorial class was in session, and the two didn't dare to make too much noise to avoid disturbing the child's tutorial.

Mo Yang was obviously a little overly nervous, cowering, not even daring to straighten his neck.

This is a veteran of the nightclub, comparable to the existence of the sea king, his side of the woman, never missing, can even say never repeated.

But now, he was afraid of a woman.

"What are you afraid of?" Han Qianqiang asked, puzzled, with Mo Yang's experience, not to be intimidated by a woman like this.

Mo Yang didn't know what he was worried about, but for him, this was something that would only happen in the future, and he was also determined to retire from the world because of her, so this must be a very important person in his life for Mo Yang, and because of this feeling, Mo Yang reacted with fear.

It was not fear of Liu Fang, but fear of the unknown.

When Han Giang saw Liu Fang on the podium outside the classroom, he could almost confirm that this was the future woman of Mo Yang, because when Han Giang saw her before she was reborn, she was older, but her looks and charm were exactly the same as now.

Before the rebirth, Liu Fang had more of a mature woman's charm, while the current Liu Fang has a youthful and touching atmosphere.

"Yes, is that her?" Mo Yang stammered and asked.

"Yes." Han Qianli replied in an affirmative tone.

Hearing this answer, Mo Yang's eyes unconsciously rested on Liu Fang, but his eyes observing Liu Fang were not as lust-filled as staring at other women, and he didn't even try to figure out Liu Fang's figure in the first place.

For Mo Yang, this is a very rare thing, because he looks at women, first the figure, then the face, a woman can get his favor or not, must be both.

But now, Mo Yang seems to have neglected these.

"Are you sure it's her? He looks like a scholar, so why would he be with a coarse man like me?" Mo Yang asked suspiciously.

This question is also very curious to Han Qianqiang, two completely incompatible people, how could they get together?

And now look at Liu Fang and Mo Yang, how do you look at how they don't match, their world, there will not be intersecting lines at all to be right.

"I don't know how she got together with you, but in the future, you did become a couple, as to what reason, I don't know." Han Marchiang said.

On the podium, Liu Fang's every move was gentle and elegant, and she spoke softly, embodying a woman's tenderness to the fullest.

And outside the window, Mo Yang, although he has restrained his blind flowing son's breath, but years of boss, still can not hide the body of the social gas.

Not long after, Liu Fang will be dismissed from class.

In fact, she had already noticed the two people outside the window, so she walked up to them at the first time after class.

"May I ask what you guys want?" Liu Fang walked up to Mo Yang and asked.

A faint fragrance of flowers came to the nose, Mo Yang couldn't help but inhale a deep breath, Han 3,000 quickly coughed twice to remind Mo Yang, to avoid this guy in front of Liu Fang embarrassed blindness.

Mo Yang steadied his mind, and said to Liu Fang according to the brotherhood discussed with Han Qianqian: "This is my brother, I want him to come to tutorial, I don't know how much you need to pay."

Liu Fang smiled gently and said, "There are many kinds of tutorials, and the price of each is different, so come with me and I'll introduce you."

Mo Yang nodded numbly, for him, a blind stream, where he knows what tuition, but to be able to get up close and personal with Liu Fang, Mo Yang still can only scalp.

At this time, Han Qianqian found that although Liu Fang is not the kind of stunningly beautiful woman, but her unique temperament is indeed very attractive to men, and it is no wonder that Mo Yang, a veteran of the flower industry, will retire from the rivers and lakes in the future because of her.

Such a person, the deeper the contact, the more able to feel the beauty of her, and men looking for women, is not the need for this kind of tender, like water, bird-like?

After bringing Mo Yang to the office, Liu Fang introduced many different course disciplines for Mo Yang, from easy to difficult, in order of the fee structure.

Mo Yang listened to the clouds and foggy, like a book of heaven, although each person apart he basically knew what it meant, but together, he could not quite understand.

When Han Giangli discovered this, his heart even more incomprehensible these two people will eventually come together, their three outlooks, can match, their lifestyle, can harmonious?

Literati, rogues, no matter how you look at it, it doesn't seem like they can be successfully paired.

Mo Yang didn't know how to respond to Liu Fang's words, and could only look to Han Qianqian for help.

Han Qianqian said helplessly, "Teacher, we've taken note of what you said, so can we go back and discuss it with our parents?"

"Of course you can, if you want to learn, you can come early, there's nothing wrong with learning more." Liu Fang smiled gently.

Mo Yang's eyes were a little crazy, Han Qianqian, in order to avoid Mo Yang acting like an idiot in front of Liu Fang and causing Liu Fang's disgust, quickly said: "Teacher, we'll go home first, after discussing, my brother and I will come back to you."

"Let's go, I'll walk you out." Liu Fang didn't treat the two men badly for not succeeding in selling the class, but instead walked them to the door of the tutorial.

"Can you please put away your demented expression?" After Liu Fang left, Han Qianqiang said to Mo Yang, speechless.

Chapter 1392

Mo Yang used to think that only women in sexy dresses can attract his eyes, dressing up and twirling gracefully is worthy of his favor, the big man of Cloud City.

But today, Mo Yang completely overturned his own thoughts, it turned out that a woman like Liu Fang is the one who can really make his heart beat.

Those voluptuous goods, at most, could make Mo Yang desire, but Liu Fang, on the other hand, Mo Yang wanted to really have them.

Now Mo Yang seems to understand why he was willing to give up the position of Cloud City's boss for Liu Fang, such a woman is worth giving up everything.

"What's wrong, don't say anything?" When Han Qianli saw that Mo Yang was still stunned, he couldn't help but ask.

After Mo Yang regained consciousness, he said to Han Qianqian, "I seem to be, in love with him."

This made Han Qianqian smiled. It was only the first time we met, and Mo Yang mentioned the word love, which was too exaggerated.

And this man who had countless female companions in countless nights, would he really fall in love with a woman so easily?

"Three thousand, don't laugh at me, those women in the past, never made my heart move, but she, it seems different." Mo Yang said with a serious expression.

Han Qianqiang also put away her smile, the future Mo Yang, will indeed fall in love with Liu Fang, and it doesn't seem to be a surprise that he is behaving like this now.

The two of them squatted across the street from the cram school, Mo Yang finally took out his cigarette and handed one back to Han Qianqiang.

This was the first time Han Qiangiang smoked a cigarette that Mo Yang took the initiative to take out, although he is no longer in the habit of smoking, but still let Mo Yang light up.

And for the current Han 3,000, smoking can no longer harm his body, so there is not so much taboo.

It's just that in the eyes of passersby, Han Qianxiang's smoking at a young age has a bad influence.

"How do you think I'll be able to catch up with her?" Mo Yang asked to Han Qianqian.

If the two worlds were the same, Han Qiangiang might be able to help Mo Yang think of a way, but as of now, Han Qiang couldn't think of any possibility, because he felt that it was a miracle that these two could finally get together.

As for how this miracle was created, Han 3,000 couldn't imagine.

"You'd better not ask me this question, I don't think you're worthy of Liu Fang at all right now, and I don't even know how you'll be together in the future." Han Qianli mercilessly struck Mo Yang.

Mo Yang didn't have any opinion on these words, in terms of social status, they were indeed incompatible, how could a blind streamer and a serious literary person be together.

"I'm afraid I'll lose interest in everyone if I can't chase after her." Mo Yang said with a sigh on his face.

Han Qianqian couldn't understand Mo Yang's feelings, as a matter of principle, love at first sight is just a matter of lust, but the way to describe it was more subtle.

However, Han Qianqian could feel that Mo Yang was not as simple as falling in love at first sight.

At this time, a white Mercedes Benz stopped on the opposite street, and soon a young man walked down from the car, holding a bouquet of flowers in his hand.

Han Qianqiang, who is also a man, and Mo Yang, noticed his purpose at once.

Mo Yang threw away his cigarette butt and stepped on it.

Han Qianqiang smiled and said, "It seems that your competitor has appeared, and his family is not ordinary."

Mo Yang looked like he was gnashing his teeth and said, "Dare to steal a woman from me, this guy doesn't know how to write the word "death".

After saying that, Mo Yang made a gesture to rush to the opposite side and beat the young man severely.

As the leader of the gang, Mo Yang's action was the most direct and effective way to solve the problem.

But Han Qianqian held Mo Yang back.

For the Daoist, talking with fists is the easiest.

But in this case, Mo Yang can not do so, otherwise, it will certainly cause the resentment of Liu Fang.

Women are not something to be conquered by violence.

"What are you doing." Han Qianli said to Mo Yang.

"This guy dares to stare at my woman, of course I'm going to beat him up and make him honestly disappear and go away." Mo Yang said as if it was a matter of course.

"If you go up and hit someone, and Liu Fang sees you, will she still have a good feeling for you, she's not a little girl on the road, she likes blind streamers like you who hit people with your hands." Han Qiangiang said.

This sentence was like a warning bell that made Mo Yang wake up.

Yes.

Liu Fang is not a little sister, how could she like a blind flowing person like him who hits people at every turn?

"But but I can't just stand by and watch this guy harass Liu Fang," said Mo Yang through gritted teeth. Mo Yang gritted his teeth and said.

"Whether it's harassment or not, there's no telling, maybe they're already lovers?" Han Qianqiang said.

This sentence made Mo Yang's face change, if these two were to be together, the blow to him was devastating and unacceptable to him.

"Three thousand, don't you dare joke with me, didn't you say that she would be with me in the future, how could she be this guy's lover?" Mo Yang said with a bitter face.

"I'm just guessing, isn't it, won't it be known when Liu Fang comes out, what are you in a hurry." Han 3,000 yuan just said casually, with Liu Fang, a scholarly born intellectual, she should be very reserved and conservative in this regard.

But that doesn't mean that Liu Fang can't have other emotional experiences, so if you want to know the answer, you can only wait until Liu Fang shows up.

"If so, I have to kill this guy." Mo Yang said fiercely.

"Yuncheng boss, this is not Yuncheng ah, aren't you afraid that this young man has a background in Tong Yang County, maybe, people are also very influential in the local, you, a cross-river dragon, can you fight against the snake in the ground?" Han Qianqian said.

Mo Yang stared back at Han Qianqian.

If it were him alone, he would not have messed up in Tong Yang County, because he knew better than anyone else that the Jiang Zu Long had only a plate in front of the local snake.

But with Han Qiangli by his side, it was completely different, Mo Yang was not afraid of anyone, even if this young man was the original boss of the local Tong Yang County, so what?

"Why are you looking at me." Han Qianqiang asked, puzzled.

"With you here, is there anything that can't be solved, we are brothers, this little favor, won't you still help me." Mo Yang said shamelessly.

Han Qianqiang looked cryptic and said, "Mo Yang, can your shamelessness not be exposed so fast."

"It doesn't matter if it's fast or slow, as long as the timing is right," Mo Yang said.

Han Qianli was completely speechless.

As expected, Mo Yang was still Mo Yang, and no matter the future or the present, he was a shameless guy.

Chapter 1393

Not long after, Liu Fang finally finished her class.

The moment Liu Fang walked out of the tuition class, Han Qianqiang clearly noticed that Mo Yang was tense, and even his breathing became much faster.

"Why are you so nervous." Han Qianli asked.

"Can I not be nervous, this is my future happiness." Mo Yang couldn't even blink his eyes for fear of missing every detail of Liu Fang's treatment of the man.

When the man saw Liu Fang, he walked up with the flowers.

Surprisingly, Liu Fang didn't show any happiness and didn't reach out to receive the flowers, instead she shook her head and said something, but she was too far away for Mo Yang to hear.

"That's right, it seems that they are not a couple." The boulder in Mo Yang's heart instantly fell, and he felt a lot of relief.

"Do you want to know what they are talking about?" Han Qianqiang said.

Mo Yang was shocked in his heart for a moment, then he thought it wasn't surprising that Han Qianqian could do this, and asked curiously, "What did it say?"

"Liu Fang told this man not to come to him in the future, it's impossible between them." Han Qianli said.

Hearing this, Mo Yang was even happier and said disdainfully, "This guy, how could he be worthy of Liu Fang."

Han Qianqian didn't know if Mo Yang had looked at himself when he said that, but was he a blind streamer worthy of Liu Fang?

However, Han Qianqiang didn't say anything directly to hit Mo Yang, this is his brother after all, even if this matter seems very strange, but the end result, after all, is good.

Liu Fang had very obviously rejected the man, but he still looked like he was pestering him, which made Mo Yang a little impatient.

Daring to stalk his future woman, one can imagine what kind of mood Mo Yang will be in.

And he, who is on the road, doesn't have so much good temper to put up with.

This time, Mo Yang went to the opposite side of the street, Han Qianqiang did not stop him, but followed behind him.

Liu Fang was being harassed, and Mo Yang could just act as a hero to save her.

"Hello teacher." Mo Yang was very concerned about his image in front of Liu Fang, so he deliberately acted like a gentleman.

I have to say, Han Qianqiang was a bit uncomfortable seeing Mo Yang's attitude.

"You guys haven't left yet?" When Liu Fang saw Mo Yang, she asked with a surprised face.

The man, on the other hand, looked at Mo Yang with hostility, and as a hunter, he felt a threat from Mo Yang at the first sight, as if he wanted to compete with him for prey.

"Who are you?" The man asked in a cold voice.

"Teacher, I have a few more questions for you, may I ask if it's convenient for you now?" Mo Yang didn't even pay attention to that man, and asked Liu Fang.

"Are you blind? Of course she is inconvenienced now, be sensible, you quickly get out of my way." The man said with dissatisfaction.

When Mo Yang heard this, he turned his head contemptuously and asked, "What are you, do I know you?"

The man said with a cold expression and a sneer hanging from the corner of his mouth, "What am I? You'd better go to Tong Yang County and find out what kind of person I Xiao Fu is, I advise you not to get yourself into trouble."

Hearing this, Liu Fang was obviously a little nervous, as if she didn't want to cause unnecessary trouble for Mo Yang, and said to Mo Yang: "You'd better leave first, here's my business card, if you have any questions, you can call me for advice."

Just as Mo Yang was about to take the business card, Xiao Fu reached out and took it away first, saying: "Get out of here, or else I'll make you suffer."

At this time, Mo Yang had already restrained his temper, but when the business card was snatched away, Mo Yang exploded.

He grabbed Xiao Fu's collar and said with a frosty face: "What kind of person are you, who dares to tell me to get lost?"

In the face of Mo Yang's sudden change, not only Xiao Fu was stunned, even Liu Fang's face changed a lot.

The restrained image of Mo Yang completely collapsed at this moment, and I don't know how Liu Fang will feel about it. If he rejects Mo Yang because of this, it will be difficult for him to go down the road of love.

"You're from out of town, it seems you've never heard of my name Xiao Fu." Xiao Fu's face didn't show any fear, but rather a smile, which shows that Xiao Fu is by no means an ordinary person in Tong Yang County.

"Kid, what can you do, make it out, let me see." Mo Yang said provocatively.

Xiao Fu grabbed Mo Yang's wrist and tried to break free, but when he exerted himself, he realized that he couldn't shake Mo Yang's power.

Xiao Fu would never allow himself to lose face in front of the woman he was pursuing.

"Quickly let go of me, or else I'll let you d*e in Tong Yang County." Xiao Fu said with gritted teeth.

Hearing the word death, Liu Fang obviously panicked a little, and said to Mo Yang: "You'd better leave quickly, offending him will not end well for you."

Looking at Liu Fang's concerned look, Mo Yang actually laughed.

Han Giang couldn't help but curse an idiot in her heart.

"Don't worry, I'm fine, if you're in a hurry, go ahead and leave this place to me." Mo Yang smiled and said to Liu Fang.

In this situation, how could Liu Fang leave easily, after all, this matter was started because of her, she absolutely couldn't stand by and watch.

"Kid, you really don't know how to repent when you're dying." After saying that, Xiao Fu took out the phone and seemed to be ready to call someone.

Liu Fang was even more frightened at the situation, and said to Xiao Fu: "Xiao Fu, don't be like this, let's forget about this matter.

Xiao Fu smiled coldly and said, "Forget it, but you have to promise to have dinner with me tonight, how about it?"

In the moment of Liu Fang's hesitation, Mo Yang smashed his fist directly on Xiao Fu's face.

Threatening Liu Fang to accompany him to dinner, how could Mo Yang possibly agree to such a thing!

Xiao Fu was screaming in pain, while Liu Fang was confused.

She never thought that Mo Yang would dare to hit Xiao Fu.

The Xiao family is very powerful in Tong Yang County, and they are known to both the black and white worlds, so if they beat Xiao Fu, what will happen to him?

"You, don't you dare hit me, don't you f*cking dare hit me!" Xiao Fu roared at Mo Yang.

Mo Yang smiled coldly, he couldn't care less who Xiao Fu was in Tong Yang County, anyway, with Han Qianqian by his side, they would never be in danger.

"Rubbish, I'm beating you, if you have the ability, you should resist." Mo Yang mocked and said.

With Xiao Fu's personal ability, he was obviously no match for Mo Yang, and didn't even have the chance to fight back, which made Xiao Fu feel disgraced.

"Just you wait, if you don't d*e in Tong Yang County, my surname will not be Xiao."

Chapter 1394

After Xiao Fu left angrily, Liu Fang's expression became particularly ugly, because she knew very well what kind of person Xiao Fu was, and the reason why she didn't dare to turn the other cheek at Xiao Fu's stalking was also because of his identity.

The Xiao family is very powerful in the local Tong Yang County, and Xiao Fu is known as a person who will always reward Jaius, so anyone who provokes him usually doesn't have a good ending.

It can be said that Xiao Fu has brought out the essence of the word "small-bellied chicken" to the fullest extent.

"You'd better hurry home, and you'd better leave Tong Yang County, or else Xiao Fu will definitely find you." Liu Fang said to Mo Yang.

In this situation, there was no way back for Mo Yang, although he was not from Tong Yang County, he could leave and return to Yun City as if nothing had happened, and Xiao Fu definitely did not have the guts to go to Yun City to take revenge.

But Mo Yang couldn't simply leave Liu Fang behind, and he knew clearly that this guy would definitely make things difficult for Liu Fang as well.

The person in front of him was his future woman, how could Mo Yang just stand by and watch her fall into Xiao Fu's hands.

"Don't worry, even if he really finds me, I'm not afraid of him." Mo Yang said with a smile on his face.

Liu Fang couldn't understand why Mo Yang could still laugh in this situation.

"Aren't you guys from around here, or if not, how could you not know Xiao Fu?" If they were locals, they should have heard of Xiao Fu, who was very famous in Tong Yang County, but if they were not locals, why would they bring their younger brother to the tutoring class?

But if they weren't locals, why would they bring their brother to the tutoring class?

"Uh Actually, I'm really not a local," Mo Yang said.

Han Giangiang on the side couldn't help but stick out his thumb, Mo Yang didn't continue to make up lies, which was a very good situation, because a lie, needs more lies to back it up, and often in the end lies fall apart, so Mo Yang's admission of his identity at this time is the best time.

Liu Fang was stunned and didn't bother to ask Han Qianqiang why he was in Tong Yang County for tuition classes, saying, "Then you guys should leave here quickly, as long as you leave Tong Yang County, you will be safe."

"I'm safe, what about you? Even Xiao Fu won't let you go, right?" Mo Yang said.

Liu Fang's family is not bad in Tong Yang County, her grandfather is the principal and her father is the director, so her relationship background is very unusual, but even so, Mo Yang can still notice that Liu Fang is afraid of Xiao Fu, which shows that Xiao Fu is indeed a bit capable, making it even more impossible for Mo Yang to leave, he would never let Xiao Fu hurt Liu Fang.

Liu Fang didn't say anything. Ever since Xiao Fu started to pursue her, she had told her grandfather and father about this matter, but the attitude of both of them was very obvious, asking Liu Fang not to offend Xiao Fu as much as possible, because the trouble he could bring to the Liu family was unimaginable, so Liu Fang could only remember this and try not to anger Xiao Fu.

But Liu Fang knew that Xiao Fu would lose patience sooner or later, and at that time, she would either sacrifice herself or the Liu family.

For Liu Fang, it was an ending that she had no choice.

Seeing Liu Fang's face, Mo Yang continued, "I can help you solve Xiao Fu's problems by staying here, and you don't want to be spoiled by this kind of person."

Liu Fang smiled bitterly and shook her head, "Who is Xiao Fu? It was the local bully in Tong Yang County, and the Xiao family had almost single-handedly the ability to cover the sky.

"You don't even understand how powerful Xiao Fu is, I advise you to leave quickly, you can't possibly be his opponent." Liu Fang said.

Mo Yang laughed, not feeling that Liu Fang looked down on him, but rather, this relationship with Liu Fang made him quite warm.

"If I can solve this trouble, can you promise me one thing?" Mo Yang said.

Although in Liu Fang's perception, it was absolutely impossible for Mo Yang to solve this matter, she was still curious about what kind of request Mo Yang would make, and asked, "What is it?"

"Have a simple dinner with me." After saying that, Mo Yang didn't stay where he was waiting for an answer, and I don't know if it was because he was afraid of being rejected, or because he was deliberately trying to look inscrutable, but he just turned around and walked away.

Han Qianqiang followed Mo Yang, and said in a low voice: "Mo Yang, you're not bad, you didn't give her a chance to refuse, and you also left yourself a great shadow for Liu Fang to guess, I guess she will sleep tonight with her head full of you."

Mo Yang smiled proudly and said: "Three thousand, I am a veteran of many years of love affairs, this little trick is nothing, if there is a chance in the future, let you see my more powerful methods."

"Oh." Han Qianqian smiled stiffly and said, "I'll give you some credit, and you can still open a dye shop, I'd like to see how you deal with the Xiao family, do you want to send troops from Yun City?"

Mo Yang accosted and smiled, looking at Han Qianqian with a flattering look.

The Xiao family, Mo Yang from the beginning never thought he could solve the problem, he dared to say that to Liu Fang, also because Han Qiang is around.

It's very unrealistic to call someone over from Yuncheng, and Mo Yang has no relations or background in Tong Yang County, so if he really makes a big deal out of it, it will be difficult to end it.

And this is also the Xiao family's territory, casually rallying, I'm afraid that the people who can show up are more than the people called by Mo Yang, this is no comparison at all.

"Three thousand, I know you won't stand idly by." Mo Yang said.

"Wrong." Han Three Thousand cut off the nail and said, "I have no intention of meddling in this matter from the beginning, it's you chasing women, not me, why should I contribute."

When Mo Yang heard this, he looked miserable, his personal ability to deal with Xiao Fu was fine, but if Xiao Fu found someone, how long would he be able to hold on with two fists against four hands.

The reason why he dared to say that he would help Liu Fang solve the problem was because of the presence of Han Qianqian.

"Three thousand, you must help me with this favor, or else the bragging will really turn out to be bragging." Mo Yang said.

Han Qianqian smiled, his eyes showing a hint of meaning, and said, "Fine, it's not impossible to ask for my help, but I also have a request."

"What request?" Mo Yang's eyelids jumped straight, as if he foresaw that the request made by Han Qianli was not simple.

"From today onwards, what I say, what you must do, to completely listen to me, how about it?" Han Qianqiang said, "Mo Yang thought it was something difficult, but I didn't expect it to be so simple.

Mo Yang thought it was something difficult, but it was such a simple request that he immediately agreed to it.

Chapter 1395

The reason why he agreed without hesitation is because Mo Yang trusts Han Qianqian, and since Han Qianqian takes him as his brother, Mo Yang will not hold back.

Unfortunately, Mo Yang still doesn't know what Han Qianqian will ask him to do, otherwise, he will regret it.

After his rebirth, Han 3,000 had been thinking about one thing, that is, whether the people around him could cultivate, and whether they could go to Xuanyuan World with him in the future.

But it was not easy for ordinary people to cultivate, and the process was bound to be very difficult for them.

"This is what you promised me, don't forget." Han Qianli said.

Mo Yang patted his chest and promised, "Don't worry, I, Mo Yang, have kept my word, I'll never go back on my word, as long as you don't want me to do anything harmful, I'll never frown a bit."

Han Qianli nodded with a smile and stopped talking.

"Where are we going now?" Mo Yang asked curiously.

"Xiao family." Han Qianli faintly said.

Hearing the word Xiao family, Mo Yang inexplicably became a little excited, and couldn't help but rub his fists and say, "Wouldn't it be a little too arrogant to just barge into a ground snake's house like that?"

"Arrogant? Then let's be arrogant for once." Han Giangli smiled.

Although Mo Yang had been in the world for very many years, he had never experienced this kind of excitement now.

Two people, breaking into the Xiao family, how arrogant that must be!

The Xiao family is well known in Tong Yang County, so it was not difficult to find out the address of the Xiao family, and soon, the two of them determined the location of the Xiao family.

There is only one villa area in the whole Tong Yang County, and this villa area was also developed by the Xiao family, who originally intended to build a villa for their own family, but felt that it was too lonely, so they developed a villa area.

The reason is very simple: no one wants to be neighbors with the Xiao family, because they are like a bomb, and no one knows when it will explode.

Moreover, as a neighbor, if there was a conflict with the Xiao family, it was their own bad luck, so they didn't want anyone to move in.

After all, the Xiao family didn't mind this, as long as the villa area made money, they didn't care whether people were willing to live there or not.

After arriving at the villa area, Han Qianqian and Mo Yang were stopped at the door by security guards.

"I want to see Xiao Fu, you tell him to get the hell back." Mo Yang said to the security guard.

The security guard looked at Mo Yang with the eyes of an idiot. This is Tong Yang County, the territory of the Xiao family, and this guy dared to tell Xiao Fu to come back, what is it if he is not an idiot?

"If you're sick, go to the hospital, don't come here looking for death." The security guard said to Mo Yang.

Mo Yang stepped forward with a gloomy expression and said, "Little brother, I don't want to make a move on you, if you don't want to hurt anyone, quickly inform the Xiao family."

Mo Yang has been in the Jianghu for so many years, he still has an aura, and when he is full of hostility, he can still give people a certain degree of deterrence.

The security guard was a little scared at the look in Mo Yang's eyes and fidgeted, "I advise you not to make trouble here, the Xiao family is not easy to provoke."

"How unpleasant, I want to try, how about you give me a chance, otherwise, I'll give you a chance to go to the hospital, you choose." After saying that, Mo Yang grabbed the security guard's collar, although he didn't have the strength to lift the security guard up with one hand, but still, the security guard couldn't move.

"Since you have to seek death, I'll do it for you." The security guard said.

When Mo Yang released the security guard, the security guard returned to the pavilion and informed his leader over the intercom.

In a short time, an obese middle-aged man, shaking his fat body, walked to the door.

"Which eyeless thing, how dare you make trouble here, want to d*e, right?" The obese middle-aged man came cursing, and when he saw Mo Yang, who was still carrying a small child, his disdainful expression was accompanied by intense disgust.

"It's you, the unseeing dog thing, do you know where the f*ck this is?" The obese middle-aged man pointed at Mo Yang's nose and cursed.

Mo Yang stretched out his hand, snapped the fingers of the obese middle-aged man and said, "Who are you calling a dog thing?"

The obese middle-aged man bent down in pain, in agony: "You f*cking hurry up and let go of me, I don't believe I'll let you d*e here."

"You really have a big mouth, you're just a watchdog of the Xiao family, so crazy?" After saying that, Mo Yang violently used force, and broke the fingers of the fat middle-aged man with a single click.

The obese middle-aged man screamed in pain, he didn't expect that Mo Yang dared to lay such a cruel hand on him, and in front of the Xiao family's villa.

"You are f*cking looking for death, you don't want to leave here alive today." The obese middle-aged man said, and took out the phone.

Mo Yang didn't stop him, after all, he was doing this to draw out the Xiao family.

"Wait for me, if you make trouble in the Xiao family land, I'll let you know how serious the consequences are." The obese middle-aged man continued.

"Nonsense is so much, can you hurry up and call." Mo Yang said impatiently.

When the obese middle-aged man heard this, he couldn't help but feel a little strange, thinking to himself, who the hell is this guy, so bold to cause trouble in the Xiao family, and not afraid at all, could it be that he is specifically looking for death, or is he really capable of not putting the Xiao family in his eyes?

Impossible, who can be more powerful than the Xiao family in Tong Yang County?

"Boss, someone is causing trouble, and they're looking for the Xiao family." After the phone call, the fat middle-aged man said, "I don't know what he said on the other end of the line."

I don't know what was said on the other end of the phone, the fat middle-aged man began to blurt out some words like "I'm sorry, I'm a loser".

I don't know what was said on the other end of the phone, but the fat middle-aged man's expression became gloomy and said, "Wait, my boss will be here soon, and when he arrives, your death will be here."

"In broad daylight, does he really dare to kill someone?" Mo Yang asked curiously.

"Oh." The obese middle-aged man smiled gloomily and said, "You idiot, what's the difference between killing you and killing a dog for the Xiao family, but you're the one who's looking for death, so there's no one else to blame."

Mo Yang nodded his head with a face of understanding, then looked at Han Qianqian.

If he were alone, he would definitely be worried in this situation, after all, the Xiao family's land is not his turn to be wild.

But with Han Qianqian here, Mo Yang was ten thousand times relieved.

With an expert like him, who could still harm them?

Chapter 1396

In a short time, a middle-aged man with an inch head appeared menacingly with a group of thugs, walking with a very domineering posture and a strong wind beneath his feet.

He is also Xiao Fu's father, and apart from the old man of the Xiao family, he is the one who holds the most power in the Xiao family, and because of him, the Xiao family has become rampant in recent years.

It is because Xiao Guan is an arrogant person who never cares about anyone, and this has led to the situation in Tong Yang County where people talk about Xiao in a perverse manner.

After seeing Xiao Guan, the obese middle-aged man endured the pain, ran beside Xiao Guan and said in a low voice: "Brother Guan, this person's action is too cruel, and broke my fingers."

Xiao Guan didn't look at the obese middle-aged man's miserable behavior, but instead kicked him, scolding him: "Rubbish, from now on, you can get out of the Xiao family, the Xiao family does not raise such a useless dog like you."

The obese middle-aged man was stunned in place as if he had lost his soul, being kicked out of the Xiao family, this was a big blow to him, after all, he had offended many people in the years he had been working for the Xiao family, if those people knew that he had been kicked out of the Xiao family, his fate could be imagined.

"Brother Guan, I'm sorry, I'm useless, you mustn't drive me away ah." The obese middle-aged man directly kneeled on the ground and begged for mercy.

But Xiao Guan didn't even look at him.

At this time, Mo Yang had retreated to Han Qianqian's side, one or two people he could fight, but in this situation, there would be no chance for him to fight.

"This guy, really at a glance belongs to that kind of arrogant to the extreme," Mo Yang said.

"Tong Yang County is such a small place, of course he has the capital to be arrogant." Han Qianli faintly said.

"You two trash are the ones causing trouble in my Xiao family?" Xiao Guan asked to the two.

"Xiao Fu is who you are." Mo Yang asked.

"My son."

"Tell your son to stop harassing Liu Fang, or else the Xiao family will be finished today." Mo Yang said.

Xiao Guan doesn't know who Liu Fang is, and he doesn't need to know, because this is the Xiao family's territory, and no matter what Xiao Fu does, Xiao Guan will let him do whatever he wants, and over the years, Xiao Fu has caused quite a few disasters, but they were all solved one by one by Xiao Guan, and for Xiao Guan, even if Xiao Fu pokes through the sky of Tong Yang County, he still has a way to fill the hole.

"As for who my son wants to harass, that's his right, and you're in no position to tell him what to do," Xiao Guan said in a cold voice. Xiao Guan said in a cold voice.

Hearing this, Mo Yang smiled helplessly, no wonder Xiao Fu was so arrogant, it's strange not to be arrogant when you have a father who is so indulgent to him.

"This kind of person won't survive for two days in Cloud City." Mo Yang said to Han Qianqian.

"But this is someone's territory." Han Qiangli said with a smile.

The dozen or so thugs Xiao Guan had brought with him had surrounded the two.

These people were Xiao Guan's elites, all of them capable, and of unusual status, almost all of them were retired boxers, and it was because of these people that Xiao Guan dared not to take anyone into account.

"Don't let them leave alive." After Xiao Guan said this, he turned around and prepared to leave, because the next thing, he is not interested in watching, anyway, the end of each time is the same.

The obese middle-aged man knew that he was in danger of being kicked out of the Xiao family, so he had to ask Xiao Guan to forgive him, kneeling on the ground and kowtowing unceasingly, he said to

Xiao Guan, "Brother Guan, please, give me another chance, I really can't leave the Xiao family, or else I'll d*e."

"Brother Guan, for the sake of me working for the Xiao family for so many years, please give me one more chance."

Xiao Guan was cold-eyed, not caring at all about the attitude of the obese middle-aged man.

The obese middle-aged man has worked for the Xiao family for so many years, and he is considered to have done his best.

But to Xiao Guan, what does this mean?

A useless waste will only end up being kicked away, because his position is still coveted by many truly capable people.

"You know, my Xiao family, never raise waste, I give you one day to leave Tong Yang County, during this one day, no one dares to touch you." Xiao Guan said.

The obese middle-aged man was at a loss, he was from Tong Yang County, leaving Tong Yang County can be nothing, what is the difference with death?

At this moment, the miserable screams sounded from behind, this situation is of course, but Xiao Guan frowned, because he found that those screams, seems to be somewhat familiar.

When Xiao Guan turned his head, his expression became horrified, and in just a short time, all his thugs had fallen, which was unprecedented!

And Xiao Guan knew these people's skills well, and because of them, the Xiao family was able to have its current position in Tong Yang County.

"How is it possible, how is it possible!" Xiao Guan couldn't believe himself, he could treat the obese middle-aged man as trash, but he would never consider the elite thugs he raised as trash, how could they lose in the hands of one person with their ability.

"I said that the Xiao family will be finished today." Mo Yang said to Xiao Guan with a smile on his face, more than ten people, just each person took a punch from Han Qianqian, and then fell to the ground no longer able to fight, this is Han Qianqian's strength, not at all unexpected Mo Yang's expectations.

"Who the hell are you!" Xiao Guan stared at Mo Yang with a deadly stare, and since Han 3000 was just a child, he subconsciously thought that these people were all beaten down by Mo Yang.

"Yuncheng, Mo Yang." Mo Yang introduced himself, trying to give Xiao Guan a certain degree of shock.

Xiao Guan's face gradually grimaced, Yuncheng Mo Yang's name he had heard of, but it was a few hours' drive from Tong Yang County, even if this was a cross-river dragon, to Tong Yang County's territory, it had to be coiled.

"Mo Yang, you are very powerful in Cloud City, I admit it, but don't forget, this is my Xiao family's territory, this is Tong Yang County, you are making trouble here, aren't you afraid that you won't have your life back in Cloud City?" Xiao Guan gritted his teeth and said.

Mo Yang looked at the thugs lying on the ground, couldn't help but laugh out loud and said: "Xiao Guan, these people should be your strongest men, before you spoke, didn't you see their fate? I'll tell you the truth, it's useless to call a hundred people for this role."

Hundreds of people?

Xiao Guan laughed disdainfully, although this guy has some real ability, but his bragging is too boundless, ten people and a hundred people, can it be the same?

How much physical strength does he have to stand up to a hundred people on his own?

"Let Xiao Fu go home, I want to settle this matter once and for all today," Han Qianli said at this time. Han Qianqian spoke up at this time.

Xiao Guan looked at Han Qianqian with disdain and said, "Kid, you don't have the right to speak here, so shut your mouth."

Chapter 1397

Xiao Guan didn't see that Han Qianqian was the one who defeated the thugs, so he didn't put Han Qianqian in his eyes, but he was very wary of Mo Yang.

Although he had heard of Mo Yang's name and knew that Mo Yang had relied on ruthless methods to become the boss of Cloud City, he never thought that Mo Yang would be so tough that he would easily put down all his thugs.

Of course, this doesn't mean that Xiao Guan will be afraid of Mo Yang, after all, this is Tong Yang County, or his territory, with just one phone call, he can gather hundreds of brothers at any time.

"Xiao Guan, you'd better not talk to my brother with such an attitude, you these people, he is the one who defeated, in case he is not happy to kill you, I can not stop ah." Mo Yang smiled and said to Xiao Guan.

Upon hearing this, Xiao Guan immediately frowned.

All of his thugs were beaten down by this little guy?

How is this possible!

These are professional boxers that even adults can't compete with, so how could they be beaten by a kid?

Xiao Guan stared at one of the thugs, and before he asked the question, he saw the thugs nodded their heads in pain, which made Xiao Guan's heart horrified.

This is something that can not be false.

But is just a small child, how could it be so powerful?

"Little guy, are you that good?" Xiao Guan questioned.

"Do you want to try it?" Han Qiangiang said with a smile, then walked towards Xiao Guan.

Xiao Guan subconsciously took two steps back, although he didn't know how Han 3,000 did it, but after getting confirmation from the thugs, he knew that it was indeed Han 3,000's work.

This meant that Han 3,000 had superior skills, and those thugs couldn't even beat him, let alone mention him.

"What do you want?" Xiao Guan vigilantly asked Han Qianqian.

"Let Xiao Fu go home, didn't you hear what I just said?" Han Qianqian said coldly.

As the father of a protective calf, Xiao Guanji would not let Xiao Fu go home now, he didn't want Xiao Fu to suffer any harm because of this matter, after all, the future Xiao family still needed this only seedling to inherit.

"Do you really think that winning over these losers is really powerful, so you can order me?" Xiao Guan said disdainfully.

Han Giangli stopped and looked at the thugs who were still lying on the ground, these guys were indeed trash, but judging from Xiao Guan's words, he seemed to have real experts.

"It seems that there are people around you who are more powerful than these guys, in that case, I'll give you a chance to call someone, and I'm going to convince you." Han Giangli said.

Xiao Guan did still know a very tough man who lived in seclusion in Tong Yang County, Xiao Guan didn't know what his identity was, but according to his men, the old man's inadvertent display of skill was definitely an expert, and perhaps he was the only one who could deal with Han 3,000.

But Xiao Guan wasn't sure that he could call him here. After all, the old man wasn't one of his men, and there hadn't been much interaction between Xiao Guan and him during the two years he had been in Tong Yang County.

"Okay, you wait for me." Xiao Guan said, walking to the side of the obese middle-aged man.

"Don't you want a chance?" Xiao Guan said to the fat middle-aged man, nodding his head repeatedly.

The obese middle-aged man nodded repeatedly, he did not want to be driven out of the Xiao family, nor did he want to be hunted by his former enemies.

"Go to Yi Yun Lane and find Ke Qi for me." Xiao Guan said.

The obese middle-aged man didn't think much about it, got up and ran away, after all, this was his only chance, no matter what, he had to grab it.

Yi Yun Lane is not far from the Xiao family villa, less than ten minutes by car.

It was only when the obese middle-aged man arrived here that he appeared a bit apprehensive.

He followed Xiao Guan here several times, but Ke Qi is a very odd temperament old man, sometimes even Xiao Guan did not even see, it is definitely not an easy thing to make this odd temperament old man appear.

Knocking on the door, the fat middle-aged man waited quietly.

It took a while before Ke Qi opened the door.

He was very old, with white hair and a folded face, and his face was yellow and skinny, and his body was rickety, as if he was terminally ill.

"Old man Ke, Brother Guan has something he wants to ask you for." The obese middle-aged man said cautiously.

Ke Qi coughed twice and said, "I am a dying old thing, what can I do to help him, you have the wrong person."

"Old man Ke, I know you are great, now Brother Guan is in trouble, only you can help him." The obese middle-aged man said.

Ke Qi forced a smile and said, "This old man of mine, I don't even have half a life left, how can I help him with his trouble, you'd better go and think of another way."

"There is no other way." The obese middle-aged man looked anxious, if there was no way to get Kochi to come forward, his last chance would be ruined, and continued, "Crown's gang of thugs were all beaten down by a child, there is no other way, that's why he asked for your help, I know, you are a reclusive master, come to Tong Yang County to enjoy your old age, but if you don't help in this matter, you are still How can we enjoy our old age?"

Koch was not threatened by this remark; after all, he would not live for several years and did not care if Xiao Guan threatened him.

However, he was greatly curious about the child in the mouth of the obese middle-aged man.

Ke Qi was very clear about the strength of the thugs around Xiao Guan, although not really strong, but for ordinary people, it was an insurmountable mastery, how could they fall into the hands of a child?

"You're not kidding me, those guys of his are so good, how could they lose to a kid." Koch said.

"It's true, and all ten thugs together have never fought, that kid, less than two minutes to finish all of them, otherwise, why would Champion let me come to you for help." The obese middle-aged man said.

Kochi frowned slightly, if it was something else, he wouldn't be able to show any interest, but the obese middle-aged man's words made him feel great curiosity inside.

Is there really such a powerful child?

To be able to defeat ten of Xiao Guan's thugs is not a simple feat, and even more so when it happens to a child.

Although Koch did not intend to help Xiao Guan, but to go there to see to satisfy the curiosity of his heart is still possible.

"I can go there with you, but I don't dare to promise to help you." The biggest reason he agreed to go was to satisfy his own curiosity, Koch said.

"Okay, okay." The obese middle-aged man nodded repeatedly, he didn't care if Ke Qi could help, as long as he was willing to go, it would be considered as completing the task Xiao Guan explained.

Chapter 1398

After the fat middle-aged man left, Xiao Guan's heart was also apprehensive, because he knew better than anyone what kind of person Ke Qi was, and whether he would appear because of this matter was even more unknown, if Ke Qi did not come, the current situation is by no means a good news to Xiao Guan.

Of course, if Keqi came, Xiao Guan wouldn't have to be afraid of Han Qiangiang.

But in Xiao Guan's heart, he could not be stronger than Ke Qi, no matter how strong he was.

"I'm curious as to how my son managed to provoke the two of you." At this point, Xiao Guan still didn't know what had happened, so he asked Han Qianqian at this time.

After all, Liu Fang is the future woman of Mo Yang, and Mo Yang is only helping Liu Fang to get rid of Xiao Fu, the donkey-headed fly.

"Your son, harass my woman." Mo Yang said.

It's because of the woman again.

Almost every incident is because of a woman, and Xiao Guan is helpless about this.

Of course, it is natural for a man to be lustful, and there is no man who is not lustful, but Xiao Fu spends too much time on women, and this is also the point that Xiao Guan is very helpless, even though he persuaded Xiao Fu, but Xiao Fu did not change at all.

"Are you married to her?" Xiao Guan asked.

"No." Mo Yang said, "Between him and Liu Fang, they are not even friends now, how can they get married? Mo Yang said, between him and Liu Fang, now can't even be considered friends, how can they go to the extent of marriage.

"Since there is no marriage, then my son has the right to compete, he should be right." Xiao Guan said indifferently.

Mo Yang also understood the reason, but the reason is one thing, the reality is another.

"Xiao Guan, if you have an unmarried woman that I covet, how would you feel, but don't talk to me about fair competition, do people in our position still allow competition to exist?" Mo Yang said disdainfully.

Xiao Guan was speechless for a moment. If someone dared to think about the woman he was interested in, Xiao Guan could bury her alive, and the so-called fair competition would just be a joke.

In this world, there is never a fair situation.

"Mo Yang, are there no women worthy of your heart in Cloud City, and you prefer to come to my territory." Xiao Guan said.

"Your turf?" Mo Yang laughed disdainfully and said, "Xiao Guan, you may not be clear about your current situation, do you believe that in two days, Tong Yang County will change its name and surname, do you really consider yourself a local snake?"

"What do you mean by that." Xiao Guan frowned and said.

Mo Yang looked at Han Qianqian, he dared to say such words, it was completely because Han Qianqian gave him the bottom line, otherwise he, the crossing dragon, would not be able to deal with Xiao Guan easily.

"Exterminating the Xiao family is an easy task for this brother of mine, do you want to try?" Mo Yang said.

Xiao Guan found it hard to understand why Mo Yang had such a strong confidence, and this confidence came from a child, could it be that this little kid was really that powerful?

At this time, the obese middle-aged man's car drove far away.

Xiao Guan's heartbeat quickened a lot, because whether Ke Qi appears or not, it largely determines his fate today.

When the obese middle-aged man did it, and then hurried to the back seat to open the door, Xiao Guan laughed, this action has fully explained that Ke Qi has come.

"Brother Guan, Ke Lao is here." The obese middle-aged man ran up to Xiao Guan and said.

Ke Qi nodded his head in appreciation and said, "Since you have grasped this opportunity, today's matter is written off."

The obese middle-aged man was finally relieved, nodded his head repeatedly and said, "Thank you, Brother Guan."

Xiao Guan walked to Ke Qi's side and said, full of respect: "Ke Lao, today's matter is troublesome for you, if you have any needs in the future, I, Xiao Guan, am absolutely obliged."

Ke Qi shook his head and said, "I am a dying old man, how can I have any needs, and I may not be able to help you with this matter."

"Ke Lao is joking, with your ability to deal with a little kid, it's more than enough," Xiao Guan said.

In his opinion, this was just an ordinary little kid, and he couldn't imagine that this person had the strength to defeat ten boxers of Xiao Guan.

At the same time, Han Qianli also observed Keqi, who looked sickly on the surface, even giving people a feeling that he would die at any time, but his pace was very heavy and his rickety body gave people the feeling that a cheetah was waiting for an opportunity.

Han Qianli knew that this old man was not simple, but to him, so what if he was not simple?

Han Qianqian, who possesses the God Realm, is not afraid of any opponent.

"Three thousand, is this old man an expert too?" Standing beside him, Mo Yang asked Han Qianqian softly, he felt a little strange, why would Xiao Guan ask a dying old man to help him out, in this state, Mo Yang felt that he could do it.

Han 3,000 nodded his head and said, "Don't look at his sickly appearance, he is much more powerful than those thugs."

"Really?" Mo Yang looked surprised, it was surprising to get this kind of evaluation from Han Qianyang, and he believed Han Qianyang's eyes, since he said so, it meant that the old man was really strong.

"If you don't believe me, just go and try it yourself and find out." Han Qianqian smiled.

Mo Yang was busy shaking his head, he wanted to do it himself just now, but the old man's strength was recognized by Han Qianqian, and Mo Yang gave up the idea of doing it the first time.

"I'd better cheer you up, how can I steal your thunder with this kind of thing." Mo Yang accosted and said with a smile.

Han Qianli sighed helplessly, Mo Yang's shameless side was showing up all the time, I really don't know how this guy got into the position of Cloud City boss.

"Little friend, were you the one who knocked those people down?" Koch walked up to Han Qianqian and pointed to the thugs.

Those thugs were able to stand up after they had slowed down, but because of their injuries, they had lost all of their previous vigor.

"I advise you not to meddle in other people's affairs, or else you'll be in trouble in your old age," Han Qianli said indifferently. Han Qianli said indifferently.

Ke Qi couldn't help but laugh, this little guy's tone was really arrogant, but other than the arrogant tone, Ke Qi couldn't feel anything powerful about Han Qianqian.

"Little friend, do you have a master, where does he come from." Ke Qi continued to ask.

"Master?" Han Qianli smiled and said, "In this world, no one is qualified to be my master."

Chapter 1399

Keqi's brows were furrowed, he was disgusted with Han Qiangli's attitude, even a real master should not be arrogant to the limitless, and Han Qiangli was just a child, should not have a fearful heart?

"Little friend, sooner or later you will pay a terrible price for such an attitude. As someone who has been here, I advise you that there are mountains outside the mountains and people outside the people, and there are many people in this world who are better than you." Kochi said in a cold voice.

Han Qiangli knew that his attitude had caused Ke Qi's discontent, but to him, it was a matter of course.

There were mountains outside the mountains and people outside the people, but to Han Qianli, it was impossible for such a person to exist.

On Earth, Han 3000's strength is the representative of the pinnacle, because he possesses a realm that is no longer attainable by mortals on Earth, and even in the world of Xuanyuan, Han 3000 is the strongest of them all!

"I can also tell you that in this world, no one can be more powerful than me, even if it's the next oldest of the four gates and three halls of the apocalypse and He Qingfeng." Han Qianli said in a calm tone.

When Han Qianqian said the Four Gates and Three Houses of the Apocalypse, the Second Elder, and He Qingfeng, Ke Qi's expression changed dramatically.

How could this little guy have such a deep understanding of the apocalypse, and how could he even know about the Second Elder and He Qingfeng?

When he saw Ke Qi's expression change, Han Qianqian's face showed a smile. He actually said that on purpose, just to see Ke Qi's reaction.

From Ke Qi's reaction, he seemed to know these things as well, which explained Ke Qi's identity.

He is an apocalypse, and it is precisely because he is an apocalypse that he has more powerful means than ordinary people.

I just wonder why he came to live in seclusion in a place like Tong Yang County, and for what reason did he break away from the Apocalypse?

"It seems that you are also a person of the apocalypse," Han Giangli said.

Ke Qi looked at Xiao Guan and Mo Yang.

The secrets of the apocalypse couldn't be revealed to mundane people at any time, and although Ke Qi had now left the apocalypse, this taboo was something he would always keep in mind.

"Please follow me." Kochi said to Han Qianqian.

The two of them walked to a deserted place, and at such a distance, Xiao Guan and Mo Yang could not hear their conversation.

This made Xiao Guan feel a little bewildered. How could this old man's attitude toward Han Qiangnian change all of a sudden, when he clearly resented Han Qiangnian's arrogance?

"This brother of yours, who exactly is he?" Xiao Guan asked to Mo Yang.

What kind of person Mo Yang is not clear, but the strength of Han 3000 can already be called God in Mo Yang's opinion.

"To the enemy, he is an absolute devil, but to a friend, I think he should be an angel." Mo Yang said with a smile, which was the most apt description he could think of, because Han 3,000's strength was an absolute nightmare for his enemies.

"Is he really that powerful?" Xiao Guan was confused.

"Xiao Guan, don't say I didn't advise you, offend him, there is only one way to die, no matter what place this is, no matter what kind of person you are, it makes no difference to him." Mo Yang smiled.

There is no difference between a snake and a dragon in front of Han Qiangnian, whoever dares to give him trouble can only die, there is no difference between a dragon and a snake.

Xiao Guan doubted Mo Yang's words, but when he saw Mo Yang's confident appearance, he couldn't help but feel a little nervous, his eyelids jumping.

If Han Qianqian is really as strong as Mo Yang said, it would be a big trouble for the Xiao family.

Although this was Tong Yang County, which was also the territory of the Xiao family, he could call in many helpers, but before these helpers came, he was simply incapable of countering Han Qiangiang.

After Ke Qi called Han Qianqian aside, he asked Han Qianqian, "Why do you know so much about the apocalypse, are you also from the apocalypse?"

Han Qianqian shook his head and said, "I'm not from the apocalypse, but the next old man, he has to call me Master's Grandfather."

Although he made up a bizarre story to make the next old man believe it, the title of "Master Uncle Ancestor" did indeed come from the next old man's mouth.

Ke Qi looked at Han Qianqian with dismay, Master Uncle Ancestor!

The next old man called him "Uncle and Grandfather". How could this be? He was just a child.

In the current apocalypse, even He Qingfeng can only be his equal, so who can have the seniority of the next oldest?

"What are you joking with me, how can the next oldest call you uncle and ancestor?" Koch said sternly.

"Although I don't know what reason you have for living in seclusion in Tong Yang County, if you have any doubts about my identity, you can ask the next old man, I believe he will give you a correct answer," he said. Han Qiangiang said.

Ke Qi was indeed an Apocalypse, and the reason he left the Apocalypse was because he had dedicated almost his entire life to the Apocalypse as one of the ten masters of the Apocalypse, and towards the end of his life, Ke Qi wanted to experience some truly ordinary life.

Moreover, Ke Qi's departure from the apocalypse was approved and blessed by the next old man and He Qingfeng, which was enough to show how high Ke Qi's status was in the apocalypse.

But he had never heard of Han Qianqian, and even more so of the fact that the next oldest had an uncle and ancestor.

"I won't go to the apocalypse, nor will I seek this answer, as to whether what you say is true or not, I don't care, as long as you don't make trouble in Tong Yang County." Koch said.

"It seems that you plan to meddle in the Xiao family's affairs." Han Qianli faintly said.

Ke Qi took a deep breath and slowly said, "I came to Tong Yang County because I want to have a quiet old age, and Xiao Guan can guarantee me that, so I won't let you mess around."

"Even the next oldest has to call me Uncle Grandfather, do you think you can stop me?" Han Qianqiang said.

Koch laughed scornfully and said, "You don't think I really believe your bullsh*t, do you? I don't know how you know the message of the apocalypse, but I do know how ridiculous you are talking about the Arabian Nights."

"Ridiculous?" Han Giangli shrugged his shoulders helplessly and said, "Since you think it's ridiculous, you can try it."

Just as Han Qiangli's words fell, Keqi's expression turned white as a sheet, and he felt a tremendous amount of gravity suddenly hit his body, as if he was carrying a thousand pounds.

Bang!

Ke Qi, whose body could not support himself, knelt down on the ground, trembling all over.

Han Qianqiang stood in front of Ke Qi and said in a condescending manner, "Even the old man in the next generation has to call me "Uncle Ancestor", what should you call me?"

Koch looked at Han Qianqian with horror in his eyes. He thought he didn't have to put Han Qianqian in his eyes at all, but until this moment, he didn't know the difference between himself and Han Qianqian.

Chapter 1400

The scene of Ke Qi kneeling down also startled Xiao Guan immensely.

In Xiao Guan's heart, Ke Qi is a reclusive expert, and beneath his plain and ordinary surface, he must be hiding a very amazing identity. It is precisely because of this reason that Xiao Guan does not dare to look for trouble from Ke Qi, and he has been secretly helping Ke Qi solve some minor troubles in Tong Yang County.

He thought that the trouble he encountered today would be solved by Ke Qi, but who would have thought that Ke Qi would kneel down in front of Han Qianqian.

"You now know how powerful he is, and the helper you called in can only kneel and beg for mercy." Although Mo Yang didn't know what happened, but Ke Qi kneeled down, but in his opinion it was a reasonable thing, after all, Han Qianqian's level of power is already unimaginable to ordinary people.

Xiao Guan's heart was a little chilled, Mo Yang is the boss of Cloud City, this level of identity, he still has some scruples.

He didn't expect that the identity of the little kid who was with Mo Yang seemed to be even more powerful, otherwise, how could he make Ke Qi kneel down?

"Who the heck is he?" Xiao Guan asked with fear and trepidation, he had a feeling that the Xiao family would never end up well if they messed with this man.

"Who he is, you are not qualified to know, but if you want to know what will happen if you provoke him, you can try, I will never stop you." Mo Yang said.

Xiao Guan didn't put Han Qianli in his eyes before, but now, he would never dare to underestimate Han Qianli again, after all, Ke Qi would kneel down to him, which already showed that his identity was not simple.

If he was angered, he feared that the Xiao family would be destroyed, which was not something Xiao Guan dared to try lightly.

On the other hand, the power that Ke Qi could feel was so strong that he could not feel it.

He knew clearly that if the power continued to grow stronger, he would end up lying on the ground, and his internal organs would definitely explode because they couldn't withstand the pressure, at which time he would die a very ugly death.

"Who the hell are you, and how can you possess such power." Ke Qi gritted his teeth and asked Han Qianqian, this kind of power release and suppression was simply impossible in Ke Qi's opinion, even though he was one of the former Ten Strongest Ten of the Apocalypse, he had never met anyone who possessed such power.

"Do you know why the next oldest called me Uncle Ancestor?" Han Qianli said faintly.

Kochi's forehead broke out in cold sweat, and his body was almost at the limit of what it could bear, unable to speak, he could only shake his head.

"Because, I've been to the Xuanyuan World, and I got out in one piece." Han Marchiang said.

To Kochi, the name Xuanyuan World was very unfamiliar, because no one knew where the spatial tunnel of the Forbidden Land of the Apocalypse led to, except for Han Marchian.

"That's right, you've never heard of Xuanyuan World at all, but you should know that the forbidden land guarded by the ten masters has a spatial tunnel there, and the place this spatial tunnel leads to is Xuanyuan World." Han Qianlian explained to Ke Qi.

These words caused Ke Qi to look up abruptly, and his eyes looked at Han Qianqian in fear.

At this moment, his fear was more than just fear.

He, in fact, had been to the other world of the spatial tunnel and had been able to return from there!

As one of the ten strongest, Koch knows exactly how many people the apocalypse has sent into the space tunnel, but no one has ever come out alive, but this kid in front of him, he did it, how is that possible!

"I know you don't quite believe what I say because of my age, but more explanations are no longer something you're qualified to know, and since I was once an Apocalypse, I won't make things difficult for you, so don't interfere in this matter today, let's go."

After Han Qianli's voice fell, the tremendous strength Ke Qi had endured disappeared in an instant, as if nothing had happened, causing the relieved Ke Qi to instantly sit on the ground.

Covered in cold sweat, as if rain was falling, Keqi almost lost his strength and said to Han 3,000 yuan, "I'm sorry."

Han Qianqiang shook his head, did not say anything, and walked towards Mo Yang.

Xiao Guan walked on thin ice, not even having the courage to look at Han Qiangnian directly in the eyes, if you look closely, this guy's body, and a little shaking.

In Tong Yang County for so many years, Xiao Guan has never felt anything called fear, but at this moment, he knows that he is afraid.

"How about it, when will Xiao Fu come home?" Han Qianqian asked Xiao Guan.

Xiao Guan shivered, quickly took out his cell phone and said to Han Qianqian, "Right away, I'll send him home right away."

After saying that, Xiao Guan called Xiao Fu.

Xiao Fu was playing in the clubhouse with a group of friends, embracing the left and right. After receiving Xiao Guan's call, Xiao Fu had a very unhappy look on his face.

"Dad, I'm busy. Can you wait until I get home to talk about anything?" Xiao Fu said.

"I told you to go home, immediately, or I'll cut off all your bank cards." Xiao Guan gritted his teeth and said.

Usually he could let Xiao Fu go, but today, facing the matter of the Xiao family's survival, Xiao Guan didn't dare to let Xiao Fu do anything anymore.

Hearing this, Xiao Fu realized that things seemed a bit serious, or else, Xiao Guan would never be able to talk to him like this.

"Dad, what's going on?" Xiao Fu asked cautiously.

"I'll give you ten minutes to get me home right away." Xiao Guan said and hung up the phone.

Xiao Fu had a baffled look on his face.

"Xiao Fu, what's going on, we're having fun, you're not going to leave, are you."

"Don't be a spoilsport, this wine has just started, we agreed not to get drunk, you're not going to run away, are you."

"If you leave, these two sisters will be so disappointed."

The two girls who were embracing the left and right immediately looked at Xiao Fu with a pitiful face.

"Brother Fu, you can't leave."

"It's me, we two haven't had a good drink with you yet."

Xiao Fu directly pushed the two, in normal circumstances, he would definitely not leave, but today is different, Xiao Guan's attitude is clearly different, Xiao Fu is worried that if he really did not go home, and was cut off all the bank cards, the future will be finished.

"I still have things to do, you guys play first, until I've solved it, then come back." Xiao Fu said.

"That's a deal, we'll wait for you here, if you don't come back, you're admitting to it."

"Hurry up and go back, these two little sisters, we'll keep them for you, no one is allowed to touch them."

Leaving the clubhouse and on the way home, Xiao Fu appeared to be in a somewhat apprehensive mood, after all, Xiao Guan had never treated him with such an attitude, and Xiao Fu had an intuition that today's matter was not simple, but he hadn't gotten into trouble recently, so he couldn't really figure out the reason why Xiao Guan suddenly came to him.
