

## His True Colors Chapter 1401-1410

### Chapter 1401

When Xiao Fu returned home and saw Han Qianqian and Mo Yang in his living room, his expression immediately darkened.

He didn't expect that he hadn't taken the time to look for trouble from these two, but they came to his door automatically.

But Xiao Fu was a bit strange, why did they come to the door of their own accord? Could it be that Xiao Guan is trying to help him solve this problem?

Thinking of this, Xiao Fu's mood was much better for a while, he thought Xiao Guan was looking for him because he had gotten into trouble, but now it seemed that was not the case at all.

"Dad, I didn't expect that you have already helped me find them, how did you know that I have a grudge against these two guys." Xiao Fu smiled at Xiao Guan and asked.

Xiao Guan looked at Xiao Fu with cold eyes, find them and take revenge?

Isn't this a f\*cking joke?

Xiao Guan's fear of Han Giang now far surpassed anything, not to mention revenge, and he was lucky to be able to get Han Giang to forgive Xiao Fu.

"Kneel down." Xiao Guan said.

"En?"

Xiao Fu was stunned, in front of outsiders, how could he kneel down.

And since he was a child, Xiao Guan had never chastised him, so how could he kneel down so badly?

"Let you kneel down, still sitting." Soon, Xiao Fu smugly reacted, it couldn't be that he was told to kneel, so naturally it was Han Qianqian and Mo Yang who were told to kneel.

When Xiao Fu proudly looked at the two, Xiao Guan furiously walked to Xiao Fu's side, kicked his buttocks and said, "I am telling you to kneel down!"

"Dad, what's wrong with me?" Xiao Fu had a baffled expression.

"What have you done yourself, do you still want me to explain, these two, are you also able to offend?" Xiao Guan said sternly.

These two?

From Xiao Guan's attitude, could it be that these two guys are not ordinary people?

But is there anyone in Tong Yang County whom the Xiao family dare not offend?

Xiao Fu is also a man who wants to save face, how could he kneel down in front of his enemy, who is also a slight enemy?

"Dad, I won't kneel down. This guy is stealing my woman, and I'm not at fault. Xiao Fu said.

Wrong?

This matter is no longer measured by right and wrong, and it is meaningless who is right and who is wrong, because the Xiao family can't deal with Han Qianxiang.

Xiao Guan knows better than anyone else that in front of power, there is no right or wrong.

Take Xiao Guan's former oppressors as an example, how could they have been wronged, but in the end, they were also forced to die by the Xiao family?

Xiao Guan raised his hand and slapped Xiao Fu's face, saying, "Don't you even listen to me anymore? Do you believe that I will make you get out of the Xiao family."

Xiao Fu was confused, he had never been beaten since he was a child, but he was beaten in front of an outsider, and it was such a humiliating situation.

"Dad, are you hitting me?" Xiao Fu looked at Xiao Guan with dismay.

Xiao Guan raised his hand again, slapped Xiao Fu's face again without hesitation, and said, "If I don't beat you awake, the whole Xiao family will be harmed by you."

The whole Xiao family?

After Xiao Fu heard this sentence, he finally noticed that something was wrong with the situation.

In the past, no matter what mistakes he had made, Xiao Guan would always protect his calf, but not this time, indicating that he had kicked the iron plate, which caused Xiao Guan to have such an overreaction.

But, who are these two guys from out of town?

At this time, Mo Yang got up from the sofa, and said to Xiao Guan: "Kneeling down is not necessary, I want him to go to apologize to Liu Fang, and tell Liu Fang that from today onwards, do not pester Liu Fang."

Liu Fang was Xiao Fu's target for a long time, and also the only woman Xiao Fu didn't use special means to deal with, because he wanted to enjoy the process of conquest, it can be said that for so many

years, Liu Fang was Xiao Fu's most attentive woman, and now he wants him to give up, this is not Xiao Fu's willingness.

But now even his father won't help, Xiao Fu seems to have no other choice but to give up.

"Did you hear what Boss Mo said, go apologize to Liu Fang, from today onwards, if you dare to come near her again, I will definitely not let you go." Xiao Guan said.

Boss Mo!

In the past, Xiao Guan used to tell him about the situation in the Dao, among which he mentioned the Cloud City's boss Mo Yang.

Is this Boss Mo Yang, the boss of Cloud City?

But Xiao Fu is still a little strange, even if he really is the Cloud City boss Mo Yang, but this is Tong Yang County, the Xiao family's own territory, not so afraid of Mo Yang ah.

"Dad, I really like Liu Fang, I can compete with him fairly, why should I quit." Xiao Fu said with an unconvinced face.

When Mo Yang heard these words, he was very unhappy.

Fair competition?

How can there be any competition or fairness before him?

"You want to compete, don't you?" Mo Yang walked in front of Xiao Fu, his face like frost, and asked.

Xiao Fu subconsciously took a step back, compared to the atmosphere of the boss, Mo Yang, Xiao Fu is definitely incomparable, and the murderous aura in Mo Yang's eyes, which was formed after many years of being in the martial arts world, cannot be compared to Xiao Fu's second generation.

"Difficult ..... isn't it?" Xiao Fu said with fear and trepidation.

"Of course, I'll give you a chance, Tong Yang County, is there an underground boxing ring?" Mo Yang asked.

Although Xiao Fu didn't know why Mo Yang asked this, but there was an underground boxing ring in Tong Yang County, so he subconsciously nodded his head.

"How about getting into the ring and having a fight with me, whoever loses, whoever quits?" Mo Yang said with a grin.

In the ring?

Fight with Mo Yang!

Xiao Fu subconsciously shook his head, he was just a man who was hollowed out by wine, why should he compete with Mo Yang, a man who fought with his fists, and even if he didn't have to compete, Xiao Fu knew very well what would happen to him.

In the ring, how could he be Mo Yang's opponent?

"Dare? I give you a chance to compete fairly, you should cherish it, of course, if you don't want to go to the ring, here is fine." Mo Yang said.

Xiao Fu took two more steps back, and put a certain safe distance away from Mo Yang, he was afraid that Mo Yang would suddenly make a move on him, the pain of his flesh would not be easy to bear.

"Dad, even if he is Mo Yang, this is Tong Yang County, we don't need to be afraid of him," Xiao Fu said to Xiao Guan. Xiao Fu said to Xiao Guan.

What Xiao Guan was afraid of was not Mo Yang, but Han Qianqian who could make Ke Qi kneel down, this insignificant child was the source of Xiao Guan's fear.

"So much nonsense, what I tell you to do, you do." Xiao Guan said.

Xiao Fu still looked unconvinced, because he had too many things to think about, and he was always arrogant and domineering, and how could he bear to let himself be wronged?

"If you don't apologize by sundown tomorrow, I'll come back." Mo Yang said.

## **Chapter 1402**

After Mo Yang and Han Qianqian left, Xiao Guan sat on the sofa as if he had lost his soul.

After being tense for such a long time, Xiao Guan could finally relax, as if a thousand pounds of weight had been lifted off his shoulders.

"Dad, why are you afraid of Mo Yang? This is our territory," Xiao Fu said to Xiao Guan, confused. Xiao Fu asked to Xiao Guan, confused.

Xiao Guan waved his hand and said, "Do you think it's Mo Yang I'm afraid of?".

"Or what?" Xiao Fu was even more confused, not afraid of Mo Yang, why would he behave like this.

"That kid is the one I'm afraid of," Xiao Guan explained.

"For ..... why?" Xiao Fu was even more confused, what was there to be afraid of in a child.

"You know Koch, right." Xiao Guan said.

Xiao Fu nodded and said, "It's that old man you don't want me to mess with, I remember you said that his identity is not simple, and his skills are very powerful, and that all of our family's thugs together are no match for that old man."

"Yes, this old man's identity, I have always been in awe of the good, but do you know, Kochi today, but in front of that child kneeled down." Xiao Guan said with a bitter smile on his face, he has been afraid to provoke people, but he would kneel down to a child, now think about Xiao Guan feel ridiculous, even have a feeling of unbelievable, but this also just shows that the identity of Han 3000 is even more uncomplicated.

"No way!" Xiao Fu showed a shocked expression, how could a child be worthy of Koch's kneeling?

"I've seen it with my own eyes, so I'm warning you, before tomorrow, you must apologize to Liu Fang, otherwise, I'm afraid my Xiao family will be finished, and you don't want to live on the street and be laughed at by your friends," Xiao Guan said. Xiao Guan said.

For Xiao Fu, who was extremely proud of himself, this situation was naturally something he didn't want to see, and even just thinking about it, Xiao Fu felt ashamed to face others.

Compared to what he had now, Liu Fang was clearly not enough for a woman.

"Dad, I know what to do." Xiao Fu said.

That night, Xiao Fu tossed and turned, he really wanted to make Ke Qi kneel down without using who Han Qianqiang was.

The next morning, Xiao Fu woke up very early, which was an unprecedented situation for a night owl like him.

After getting up, Xiao Fu went out before he had time to eat breakfast, worried that he would miss the time to meet Liu Fang.

Xiao Fu was very familiar with this place. He had blocked Liu Fang more than once, and now he thought that he had wasted so much energy for her without getting any benefit, and now he had to give up and apologize to her.

But thinking that he might end up on the street as a beggar, or even be laughed at by his former friends, Xiao Fu could only hide his discontent in his heart.

Early in the morning, Liu Fang, who was about to go to work, appeared downstairs, and when she saw Xiao Fu, her good mood was instantly ruined.

It wasn't the first time that Xiao Fu was blocked here, but it was the first time that Xiao Fu appeared so early in the morning.

"Dad, Xiao Fu is here again." Liu Fang said to her father, who was beside her.

Although the Liu family has a certain reputation in Tong Yang County, and their social status is not low, there is still a gap between them and the Xiao family, and there is nothing that can be done in the face of Xiao Fu's stalking for fear of offending him.

After all, he knew what kind of person Xiao Fu was, and to let Liu Fang and Xiao Fu be together would be to push Liu Fang into the fire.

"Hey." Yanjun Liu sighed, really didn't know what to say.

At this time, Xiao Fu came up.

Liu Fang impatiently said, "Xiao Fu, I can't be with you, can you stop harassing me."

"I'm sorry." Xiao Fu lowered his head and said with a sincere face.

Liu Fang was stunned.

Liu Yanjun was confused!

Why would Xiao Fu, who can't have taken drugs, come to apologize?

"What do you ..... you do?" Liu Fang said with a frightened face.

"I've come to apologize to you, and from today on, I won't harass you anymore, please don't worry." Xiao Fu said.

Liu Fang felt like she was dreaming.

Xiao Fu apologized to her, and would not harass her again.

This was good news, but Liu Fang had an extremely surreal feeling.

When Xiao Fu left, father and daughter were still stunned in the same place, a dazed expression on their faces.

"Daughter, what's going on?" Yanjun Liu asked to Liu Fang.

What kind of person is Xiao Fu? He is a well-known domineering son, so even if he gave up his pursuit of Liu Fang, he would not come to apologize.

Liu Fang subconsciously shook her head and said, "I don't know."

"Tong Yang County, is there someone more powerful than the Xiao family, and that's why he came to apologize to you?" Yanjun Liu guessed.

Originally Liu Fang had no idea what was going on, but Yanjun Liu's words reminded her.

Was it that person yesterday who helped himself?

But he is just a foreigner, how could he possibly deal with Xiao Fu?

"What's wrong?" Seeing that Liu Fang seemed to have thought of something, Liu Yanjun asked curiously.

"Dad, there was indeed someone yesterday, but ..... but he was just a foreigner." Liu Fang said.

Liu Yanjun looked pensive, if it's really what Liu Fang said, it's an outsider, which means that the outsider's identity is amazing, otherwise, it's impossible to make Xiao Fu soften up, after all, Tong Yang County is the Xiao family's territory.

"Do you know who it is and what he wants?" Yanjun Liu asked.

"I don't know, yesterday he came to the tutorial class and said he was bringing his brother to consult on the course, so I don't know what's going on," Liu Fang said.

In Liu Yanjun's opinion, this is definitely not as simple as a consultation session, after all, he knows very well that his own daughter is very attractive to men, and the other party's purpose, I am afraid, is not simple either.

But to be able to overwhelm the Xiao family, this is not something that Liu Yanjun dared to speculate freely.

"Dad, is the Xiao family really going to be soft?" Liu Fang still found it unbelievable, asked to Liu Yanjun.

"I'm afraid Xiao Guan has already appeared in this matter, and only when it can't be solved will Xiao Fu apologize, after all, Xiao Fu used to wipe his ass when he caused trouble." Liu Yanjun said.

Liu Fang took a deep breath, so that person's identity, really terrifying ah, and Liu Fang has an intuition, he can still see him.

Perhaps, just today!

"Daughter, I'm afraid that this person, you may also have an idea, be careful, he is much harder to deal with than the Xiao family." Liu Yanjun warned.

## **Chapter 1403**

Liu Fang understands the reasoning behind Yanjun Liu's words, but compared to Xiao Fu, the sense of danger that Mo Yang brings to her is not that strong, and Liu Fang can even feel a slight sense of security from Mo Yang, so she doesn't have much reluctance towards him.

And if it wasn't for Mo Yang's presence, how could Xiao Fu give up his obsession with her?

In the hotel.

Mo Yang looked at Han Qianqian with a grumpy face, because Han Qianqian just told him that he had to go back to Yun City first, which made Mo Yang feel like he was abandoned.

"You left me alone, aren't you worried about my safety?" Mo Yang said to Han Qianqian with a sad face.

Faced with such a shameless guy like Mo Yang, Han 3,000 directly chose to ignore it and said, "Between you and Liu Fang, that's a matter between two people, why should I follow the blind involvement, and I have my own things to do when I return to Yun City."

These few days of time together had caused the brotherhood between Mo Yang and Han Qianqian to heat up so quickly that Mo Yang was no longer so afraid of Han Qianqian, which is why he dared to be a deadbeat in front of Han Qianqian.

"I'm alone, in case Xiao Guan wants to deal with me, I'm no match for him," Mo Yang continued.

"Don't worry, if you give him a hundred guts, he won't dare to do that." After saying this, Han Qianli pulled out an object similar to a night pearl and continued, "If you're really in danger, just break this and I'll be the first to appear."

Mo Yang played with the thing Han Qianli gave him and said with a face full of doubt, "This glass ball, is it so powerful that it can summon you?"

"I hope you don't get a chance to try, or else I'll go on a k\*lling spree again, which is not something I want to do," Han Qiangiang said.

After carefully putting away the glass ball, Mo Yang said to Han 3,000, "Don't worry, I will never use it unless I have to, since you must go, I'll send you off."

Han Qianli waved his hand and said, "You'd better go find Liu Fang, such a hypocritical side, it's meaningless to me."

Mo Yang fetched his head in embarrassment, his heart's true intention was indeed to look for Liu Fang, but he didn't expect to be seen through by Han Qianqian so easily.

The two of them left the hotel together and went their separate ways.

Han 3,000 didn't waste any extra time and directly called a car to go back to Yuncheng.

If it weren't for the fact that this matter had nothing to do with Mo Yang, he would never have done such a silly thing, but this also showed that Mo Yang's position in his heart was indeed not low.

"Little friend, do your family know that you're going to such a faraway place by yourself?" On the way, the driver asked Han Marchant, obviously afraid that Han Marchant would run away from home.

"My family is from Yuncheng, to Tong Yang County, just looking for a classmate." Han Qianqian said with a smile.

The driver was relieved to hear this, and didn't ask any more questions.

Han Qianli looked out the window at the traffic and soon arrived at his destination, and he did something that no one noticed.

As he sat in the car, he discovered that the driver had a persistent disease that had been in his body for years, and Han 3,000 inadvertently helped him cure it, which was just a hand up for Han 3,000, but for the driver, it was a lifesaver.

"Hey." After getting out of the car, Han 3,000 sighed and said with a bitter smile on his face, "It seems I'm still not fit to k\*ll, but saving people gives me a sense of satisfaction."

In the heart of Han 3,000, he has never been a murderer, and he would never go this far unless it was absolutely necessary.

The company is still recruiting, but most of the departments have already been set up, so much so that when Han arrived at the door, he was stopped by security guards.

"Sorry, this place is temporarily off-limits to idle people." Although the security guard stopped Han Qianqian, his attitude was still very polite and he didn't have the feeling of a dog's eyes looking down on others.

"I'm a friend of your boss, and if you don't believe me, I can ask him to come downstairs and pick me up." Han Marchiang said.

The security guard didn't show any disdain, but said, "If that's the case, you'd better ask him to come out, the company's mission is to keep any idle people out, I can't identify you, and I hope you can understand."

Han Qianlian smiled, the security guard was already considered to have a very good attitude for being so patient with a little kid like him, so he didn't mind.

A phone call was made to Xiaolong.

Although Xiaolong had taken the position of Feng Qian's CEO, he knew exactly how it came about, so the first time he received a call from Han 3,000, Xiaolong ran down the stairs in a breeze.

When the security guard saw Xiaolong, he was a little surprised, but he didn't take Han Qianqian's words seriously, so he didn't expect the little guy to really be able to call out the boss.

Xiaolong didn't embarrass the security guard, but told him, "He is my friend, he can come and go as he pleases in the company from now on."

"Yes, boss."

After entering the company, Han Qianli saw a lot of busy people, he had only been away for a few days and the company seemed to be on track, which was a bit unexpected.

"It looks like you've adapted quite quickly, I didn't expect that in just a few days, Feng Qian has already changed a lot." Han Giangli said to Xiaolong with a smile.

Xiaolong said softly with an embarrassed face, "Boss, it's not that I'm adapting quickly, thanks to the help of the Tian family's old man, otherwise, how would I know what departments the company is still divided into, most of these people are recruited by the old man."

He also said that he had never worked in a serious company before, so how could he know what departments the company should have?

When he came to the office, Han 3,000 didn't sit in Xiaolong's seat, and since he gave the company to Xiaolong, he didn't try to show off his status.

And Feng Qian, in the future, will eventually fall into the hands of Xiaolong, Han 3,000 won't interfere too much.

Of course, if in the process, Xiaolong did something that betrayed Han Qianqian, that would be a different story.

"Nothing special has happened recently, right?" Han 3,000 asked to Xiaolong.

"Boss, don't you know?" Xiaolong looked at Han Qianqian with dismay.

"What should I know?"

#### **Chapter 1404**

In Xiaolong's opinion, Han 3,000 should be very concerned about the Su family, and he should know everything that happened in the Su family, but he didn't know anything now, making Xiaolong a little surprised.

"Boss, don't you know that something happened to the Su family?" Xiaolong said.

Han Qianqiang's expression instantly turned icy cold and asked in a deep voice, "Is it related to Su Yingxia?"

"That's not true, it's the old man of the Su family, who is seriously ill and in the hospital, I heard, like he's dying." Xiaolong said.

Han Qianli frowned, he had already found this out, but he was surprised that before his rebirth, the old man had lived ten years later, why did his condition become more serious after his rebirth?

"I'm going to the hospital," said Han Qianqiang. Han Qianqiang said.

Xiaolong sent a driver to give Han 3,000 yuan a ride.

After arriving at the city hospital, Han 3,000 yuan saw the Su family outside the VIP ward, including an emaciated Su Guoyao.

For Su Guoyao, the sudden illness of the Su family's old man was a huge blow to him, because his position in the company had just begun to change, and if the old man died at this juncture, it would be too late for him to take control of the power.

Although Su Guolin had been expelled from the Su family and the company, the old lady of the Su family had always held him in high regard. Once the old man passed away and the old lady took control of the company, Su Guolin would definitely return to the company, and at that time, Su Guoyao's position would be greatly threatened.

When Su Guoyao saw Han Qianqian, he was a bit unexpected and hurried to Han Qianqian's side: "Qianqian, what are you doing here."

"How is the old man's situation?" Han Qianqian asked.

Speaking of this matter, Su Guoyao sighed, the city's experts have all come to see, but they are helpless to the old man's situation, now basically announced the end, just waiting for the old man to take his last breath.

"According to the doctor's words, it shouldn't work, depending on when he takes his last breath."  
Su Guoyao said.

"I'll go see if there's still a chance to reverse it," Han Qiangiang said.

Su Guoyao looked at Han Qianqian in surprise, he knew what kind of person Han Qianqian was, and he also knew that he couldn't just brag casually.

But did he, in fact, have any knowledge of medical arts?

And the old man is so sick that experts from all over the world can't do anything about it, so Han Qianxiang can still save the old man?

At this time, a few doctors happened to come out of the room, but looking at their expressions, it was not clear that the old man's situation was very difficult.

"How's it going, is he still saved?" The old woman was the first to approach the doctor and asked.

The attending physician sighed and said, "The patient's body has begun to deteriorate in every aspect of its functions.

The old lady didn't show too much sadness, because she knew she would face this day sooner or later, and once the old man died, she would have a justifiable reason to take charge of the company.

During the time that Su Guolin was kicked out of the Su family, Su Guolin approached the old lady a few times to try to regain his identity, but with the old master present, the old lady's words didn't count, but if the old master died, this matter could be changed.

So in her heart, because of her pity for Su Guolin, the old lady still had some hope that the old man would die.

"In that case, we ....."

Before the old woman could finish her sentence, an abrupt voice rang out, "Can I go see?"

Everyone turned around and looked at Han Qianqiang with a puzzled expression on each of their faces.

"Little kid, this is not the place for you to mess around, get out of the way." Su Guolin looked sad on the surface, but in reality, he was stealing joy, because he knew that he could only return to the Su family if the old man died, so he couldn't wait for the old man to die early.

"Little friend, what's the use of going to see if you can still save someone?" The attending doctor said disdainfully to Han Qianqiang.

"Just because you can't save a good person doesn't mean I can't either." Han Qianqian said indifferently.

Faced with Han Qianqian's nonsense, the attending doctor was furious. His status in Yuncheng's medical community was very high, as some powerful people with powerful identities all came to him for treatment, and when was it the turn of a small child to speak out in front of him.

"Little kid, you know how to treat and save people, don't joke with us." The attending doctor said.

"Can it be cured or not, we have to try it first." Han Qianqiang said.

"Little kid, I'm warning you, don't make trouble here, otherwise I won't be polite to you." Su Guolin raged, although he didn't think Han Qianqian could cure the old man, but at such a critical moment, he didn't want anyone to mess up.

Su Guoyao hesitated for a long time and said, "Mom, just let him go and see, Dad is dying anyway.

The old lady didn't want to cause any complications, but Su Guoyao's words were said in front of so many Su family relatives, and if she refused, she would be admitting that she wanted to see the old man die.

And even if Han Qianqian were to take a look at what's going on, he has already been judged incurable by such a powerful doctor, and a little kid, can't he be saved?

"Kids, you shouldn't draw attention to yourself in this way, because in the end you end up in disgrace, so why bother?" The old lady said.

"I only want to save people, and as for whether to pay attention to it or not, it's meaningless to me." Han Qianqian said indifferently.

To attract the Su family's attention, they were too proud of themselves. With Han Qianli's status, did they still need the Su family's attention?

The reason why Han Qianli did this was that he didn't want the Su family's situation to change so much that it would cause unnecessary trouble.

After all, only when Su Guoyao's status in the company is high, can he increase his income.

Only when Su Guoyao's income increases, can Su Yingxia have a better life.

In the end, everything Han Qianqiang did was for the sake of Su Yingxia.

The attending doctor was full of anger, and Han Qianli walked into the room.

"I treat people and don't need anyone to see them, so you guys stay outside." After Han Qianli entered the room, he said to the attending doctor who was about to enter the room with him.

The attending doctor became increasingly angry and said to Han Qianqian, "If the old man dies at this moment, do you know what trouble you will face?"

"Hardly, are you going to bite me back and say I k\*llled someone?" Han Qianli smiled.

## Chapter 1405

The attending doctor was speechless, while Han Giangli directly closed and locked the room door.

"Su Guoyao, if anything happens to Dad, you're the only one to ask, and you're the only one to help this little kid speak up." Su Guolin gritted his teeth and said to Su Guoyao, who seemed to want to put the blame on Su Guoyao.

Su Guoyao now understands the truth that people are good and are bullied, the more he acts kind, the more he will be bullied, so now facing Su Guolin, Su Guoyao will no longer be whispering.

"Su Guolin, isn't Dad still in trouble right now, what is your so-called trouble? What would you like to see happen as a result of Dad dying or Dad being cured?" Su Guoyao's questions, one after another, silenced Su Guolin.

Almost all Su family members knew that Su Guolin wanted the old man to die, because as long as the old man was alive, he would never have a chance to return to the Su family.

On the contrary, if the old man died, the Su family's power would be controlled by the old lady, and he would still have a chance to return to the Su family, or even to the company.

"Why don't you say anything, do you want Dad to die, such a simple choice, and you can't even answer?" Su Guoyao continued.

"You're farting." Su Guolin was almost on the verge of jumping out of his dog's seat, even though everyone knew that he wanted the old man to die, he couldn't admit this thought.

"Okay, you two don't argue, what time is it, is it still useful to talk about this?" The old lady opened her mouth to calm the situation, and shut them up with one sentence.

In the hospital room, when Han Qianli walked to the bed, he already felt the old man's dying state, his body functions have almost reached the end of the road, in this case, no matter how smart the doctor, I'm afraid there is no way to recover.

Unless the Great Luo Jinxian descends to earth, the old man will be able to survive this difficult time.

It so happened that although Han Qianqiang was not a Great Luo Golden Immortal, he had the power of a Great Luo Golden Immortal.

As long as he didn't take his last breath, no matter what kind of serious illness he had, it would be easy for Han Qianxiang to be cured.

Possessing the strength of a God Realm powerhouse, this illness was no different from an ordinary cold in Han 3,000's eyes.

"Old man, you're also lucky, if I had come back a step late, I'm afraid I would have had to visit your grave." Han Qianli said with a smile.

Taking the old man's hand, Han Qianli's internal strength was continuously channeled into the old man's body and repaired his internal organs.

This was a tremendous expenditure of strength for Han Qianli, so much so that cold sweat soon broke out on his forehead.

But the old man's face, however, gradually became more red.

The old man, who was just a few minutes away from reporting to the Palace of Hell, recovered all his bodily functions and opened his eyes in just a few minutes.

When the old man saw Han Qianli, he still looked confused, not knowing what had happened.

"You ..... why are you here?" The old man Xu spoke to Han Qianli and asked.

"If I weren't here, I'm afraid you'd be dead," Han Qianqian said.

The old man was quite familiar with his condition, and he was even ready to run to his death at any time.

But now, the old man was surprised to find that his body, without any pain, and his limbs were full of strength, as if he was much younger.

"This ..... is what's going on!" The old man was horrified and asked Han Qianqian.

"I healed you." Han Marchian said.

The old man stared at Han Qianqian with wide eyes, incredulous.

Cured?

These three words had a tremendous impact on the old man, because he was well aware of his physical condition, almost certain death, that is, to see how long the medication could keep him going.

The old man never dared to dream that he would get well.

But now, it seemed to be happening.

"How did you do it?" The old man asked Han Qianli in confusion.

"How I did it, you don't need to know, but although you're better now, you can't be too obvious on the surface yet, otherwise, I'm afraid you'll cause me a lot of trouble," Han Giangli said.

The old man, being a wise man, knew the meaning of Han Three Thousand's words and said, "Do you mean that I should continue to pretend to be sick?"

"Good, and you can't let anyone know about the process of this matter, or else I can save you and k\*ll you," Han Qiangli said. Han Qianli said.

These words made the old man feel an incomparable sense of determination, and he knew that Han Qianli was not joking with him.

Subconsciously nodding his head, the old man said, "Don't worry, I won't tell anyone, only the two of us know about this matter."

"However." After hesitating for a long time, the old man continued to ask, "Why did you save me?"

"I don't want the Su family to change too much. Once you die and your wife takes charge, I'm afraid the Su family company will change drastically again," said Han Qianli. Han Qianli said.

"Are you doing this for Su Guoyao?" The old man was curious, one thing he didn't understand was why Han Qianqian wanted to help Su Guoyao.

He seems to have been doing this since the Fengqian cooperation, but Su Guoyao, what is there for him to help?

"Him?" Han Qianli shook her head with a smile and said, "I have nothing to do with Su Guoyao's life or death, and it's not my concern what kind of life he faces.

The old man's expression froze for a long time.

Han Qianqian was still a child, and so was Su Yingxia.

Could it be that Han Qianli likes Su Yingxia, and that's why he's doing all these things?

But just one girl is worth all the work Han Qianqian has done?

In the old man's opinion, Han 3000 is by no means as simple as a friend of Feng Qian's CEO, so if he wants a woman, it's bound to be endless, so why would he spend so much energy on Su Yingxia.

"I know you have a lot of doubts, but you are not qualified to know these things, you just need to remember what you should do and how to do it." Han Qianli instructed.

The old man nodded his head, he didn't even dare to ask how Han Qianli had cured himself.

When he reached the door of the ward, Han 3,000 opened it and saw the gloomy-faced attending doctor.

When the attending doctor saw Han Qianli's face, he smiled smugly and said, "Little fellow, are you satisfied after a nose full of dust? How dare you speak out about someone I can't heal, now do you regret it?"

"Who told you that I took a chance and where did you get your confidence?" Han Qianli smiled faintly.

The attending physician sneered at the little guy who was still talking tough even at this point.

Of course, the truth will not be hidden!

## **Chapter 1406**

While everyone was glaring at Han Qianqiang, the sound from the hospital room made the outside of the room instantly quiet down.

Every Su family member had an incredulous expression on their faces.

The treating team led by the attending doctor almost dropped their jaws on the floor.

"Don't disturb my rest." Five simple words, but they were full of energy and with a slight dissatisfaction.

If these words had come from another person, this would not have been surprising, but the fact that this voice came from the master of the Su family made people feel incredulous and even a little frightened.

Because the Su family's old man had almost been sentenced to death by the attending doctor, how could he speak?

And the attending physician knew better than anyone else about the old man's condition, he relied on the equipment to not take his last breath, it was impossible for him to be conscious enough to speak.

Look at Han Qianqiang!

The attending doctor looked inside the ward again, pushed Han Qianqiang away, and then rushed into the room.

Immediately, everyone on the treatment team followed suit, and everyone in the Su family was no exception.

When they saw that the old man on the hospital bed had taken off his instruments and his face was red and rosy, no one dared to believe that this was true.

"How could it be, how could it be!" The attending physician stared at him as if he had seen a ghost.

"What? How is that possible, do you wish me to die?" The old man frowned and said with dissatisfaction.

The attending physician did have this thought, because he was the one who determined the old man's condition, and now the old man was in a better state, which was a disguised indication that there was a problem with his medical skills.

This is no small thing for a doctor, and it could very well ruin his career.

But the truth was right in front of him, and even if he didn't want to admit it, he had no choice.

"How are you well, old man?" The attending physician asked the old man.

"If you can't heal me, can't you let someone else heal me?" The old man was disdainful.

The attending physician waved his head repeatedly and said, "I don't mean that. It's certainly good that you're better, but ..... but how could you get better so fast?"

The old man's body's every function has declined, even necrosis, and because of this situation, the attending doctor decided that he would not live long, but now, the old man is getting better too fast, this has to be some kind of magic pill to have the effect.

"The speed of recovery is none of your business, I'm going to rest, you all go out." The old man closed his eyes with a weary face.

Everyone looked at me and I looked at you, not daring to disobey the old man's wishes, so they had to exit the room one by one.

At this time, the attending doctor remembered that the old man was cured by Han Qianqian, so he began to search for Han Qianqian, but by this time, Han Qianqian had already left the hospital.

"Where is he, where is he, where is he." The attending doctor ran away like crazy, he had to find Han Qiangli, he had to know how Han Qiangli did it.

The Su family was silent, especially the old lady and Su Guolin's faces were particularly embarrassed, because the old lady was waiting for the master.

Because the old lady was waiting for the old man to pass away and take control of the Su family, but now, it was clear that her idea was going to fail.

Su Guolin, on the other hand, was hoping to wait until the old man died and return to the Su family and the company, but that's impossible now, because when the old man is well, there's absolutely no possibility of him returning to the Su family.

"Su Guolin, are you disappointed?" Su Guoyao faintly asked Su Guolin.

Su Guolin looked up abruptly and grimly said to Su Guoyao, "Su Guoyao, what do you mean."

"Don't think I don't know, you wanted to wait for Dad to die and come back to the Su family, now that Dad is well, you must be very disappointed." Su Guoyao said with a smile.

"You're full of sh\*t, why would I want Dad to die." Su Guolin gritted his teeth, this thought even if all Su family members could see it, he would never admit it.

Su Guoyao raised the corners of his mouth and continued, "It doesn't matter if you don't admit it, just as long as I know what's in your heart, don't worry, I will never give you any chance to return to the Su family, and no one can help you, the future of the Su family is in my hands."

When he said this, Su Guoyao also took a special look at the old lady.

He knew that the old lady valued Su Guolin more, but Su Guoyao also wanted the old lady to understand one thing, the current Su family, the rise and fall of that is in his hands, not Su Guolin can change.

The old lady didn't dare to speak, after all, the Su family power is not in her turn to control, she is not qualified to lecture Su Guoyao.

As Su Guoyao said, the future of the Su family was in his hands, and only Su Guoyao could decide whether to cooperate with Fengqian Group.

At this time, the old man's voice came from the hospital room: "Guoyao, come in, I have something to say to you."

Su Guoyao's face showed an even stronger smile and walked into the hospital room.

Su Guolin, on the other hand, had a pale face. In the past, the old master usually called him, and only he, was qualified to frequent the old master's study, but now, the person the old master valued had obviously changed.

To a large extent, Su Guolin had it coming, and if he hadn't wanted to sabotage the cooperation between the Su family and Fengqian Group, he would never have come to the point of being expelled from the Su family, and he would even have been able to enjoy the Su family's honor in the future.

Unfortunately, even if he regretted it now, it would be too late for Su Guolin.

After walking into the hospital room, Su Guoyao held his waist and asked the old man, "Dad, how are you feeling, if you're not feeling well, you should rest more."

The old man waved his hand, looking as if he was alive and well, and said, "I don't have any discomfort, I feel strong all over, and have inexhaustible strength, as if I were tens of years younger."

Su Guoyao was surprised to hear the old man say this.

It was already a miracle that Han Qianqian was able to heal the old man, but the old man's current state was not just as simple as healing.

"Dad, how did he do it, even the doctor said you're no good, he actually managed to cure you so quickly, it's not like he gave you some kind of magic potion, right?" Su Guoyao asked curiously.

For this matter, the old man gave Han 3,000 promises to never reveal to anyone, and the old man himself is not clear what Han 3,000 specifically did to make him get better.

"I don't have an answer to this matter, and you don't need to be curious, the most important result is that I got well." The old man said.

Su Guoyao nodded his head repeatedly, the old man was well, so he didn't have to have any other worries, which was the real good thing.

## **Chapter 1407**

After leaving the hospital, Han Qiangiang still didn't know what kind of sensation his actions would cause to the medical world.

When he arrived at the school gate, he waited for Su Yingxia to finish school as usual, which was the only thing Han 3,000 could look forward to, because after his rebirth, he had almost reached the realm of no desire, and there was nothing that could really arouse his interest.

The completion of Fengqian Group was just a small game to pass the time of boredom for Han 3,000, and what kind of development it would eventually have, Han 3,000 didn't really care at all.

When the school day ended, Qi Yiyun and Su Yingxia walked out of the school hand in hand.

It was obvious that the relationship between the two had developed to a very close one, and they were already at the stage of being best friends.

When Qi Yiyun saw Han Qianqian, she automatically let go of Su Yingxia's hand and then said goodbye to Su Yingxia.

She is quite sensible in this regard, Han Qianqian walked to Su Yingxia's side and asked, "Are you free tonight, let me take you out for dinner."

Su Yingxia directly shook her head and said, "I still have things to do to go to the hospital, so if you're hungry, go eat by yourself."

It wasn't a question of being hungry or not, and at Han Giang's current state, even if he didn't eat, he wouldn't feel hungry.

"Are you going to see the old man?" Han Qianli asked.

Su Yingxia nodded, although she didn't have too strong feelings for the old man, but that was a blood relation after all.

"Don't worry, the old man is well, and he can leave the hospital at any time as long as he wants to," Han Qianli said.

Su Yingxia looked at Han Qianli with a bitter smile on her face and said, "Don't lie to me, I know Grandpa's health condition, the doctor has already said that it can't be cured."

"The doctor did say that, but just because he can't cure him doesn't mean your grandfather will die, I've already cured him." Han Giangli said.

"You!" Su Yingxia was surprised to see Han Qianqian, how could this guy brag so much, not at all irrelevant.

He was able to cure a disease that even doctors can't cure, isn't this a joke?

"Don't make fun of me with this kind of thing, it's not a funny joke at all." Su Yingxia said.

"I'll go to the hospital with you, and if the old man is really well, you can have dinner with me tonight, how about it, I dare you to bet." Han Qianli said with a provocative face.

In Su Yingxia's opinion, this was a bet that Han Qianli would lose, how could he win, so he agreed.

The two of them went to the hospital again.

When they arrived at the hospital entrance, the attending doctor, who was almost crazy, ran to Han Qianli's side the moment he saw her, as if he had a chicken blood attack.

"Little brother, how did you do it, please tell me, how did you do it." The attending doctor pulled Han Qianqian and asked in an emotional voice.

This scene made Su Yingxia feel a little strange, this doctor, isn't it grandpa's attending doctor, what's wrong with him, why is he like crazy.

"No comment, if you don't let go of me, don't blame me for being rude to you." Han Qianqiang said with a disgruntled face, but he wanted to take Su Yingxia to see the old man and then go to dinner as soon as possible, but he didn't want to be delayed by this guy.

"Just tell me how you did it, and I'll let you go right away." The attending doctor said.

Han Qianli threw his hands out impatiently.

The attending doctor sat on his butt, with his strength, how could he control Han 3000?

"Let's go." Han Giangli said to Su Yingxia.

Su Yingxia nodded in dismay, and after walking out a short distance, asked Han Qianli, "What's wrong with him, what did you do?"

"Didn't I just tell you that I cured your grandfather, and he was trying to ask me how," Han Qianqian said.

From the beginning, Su Yingxia only took Han Qianli's words as a joke, but after seeing the doctor's performance, and then hearing Han Qianli say such words, the feeling in her heart changed.

Could it be that grandpa was really cured by him?

If not, the attending physician, how could it be!

But ..... but he is not a doctor, how can he treat the sick and save people.

Su Yingxia still maintained a bit of doubt until she came to the hospital room and saw the old man, who was already in a very good state of mind, and then she dispelled the last of her worries.

Grandpa really is well!

And it was cured by Han Qianqiang!

"Grandpa, are you ..... ready already?" Su Yingxia couldn't believe it when she asked the old man.

The old man didn't care much for Su Yingxia's granddaughter before, but now, the old man regarded her as the most important grandchild, because the Su family had the opportunity to talk about the cooperation of Fengqian, he was able to heal because of Han Qianli, but Han Qianli, but because of Su Yingxia to do these things.

"Well, thanks to you ah." The old man said with a smile.

Su Yingxia was at a loss, she didn't help in this matter, so how could it be thanks to her.

"If it wasn't for Thousand-thousand, how could I have gotten better? And Thousand-thousand, but it's because of you that I was saved." the old man said with a smile. The old man said with a smile, although he didn't know whether the last piece of paper between Han Qianqian and Su Yingxia had been broken or not, but in his heart he absolutely hoped that the relationship between Han Qianqian and Su Yingxia would be successful, because Han Qianqian was extraordinary, and the Su family, only relying on Han Qianqian, could have a better development.

"Grandpa, what does it have to do with me." Su Yingxia blushed and lowered her head and said.

"How can there be no relationship, if you marry with 3,000 in the future, grandpa will also be able to follow the glory." The old man said.

This statement made Su Yingxia even more shy, could not wait to find a hole in the ground to drill into, they are only how old, but they have begun to discuss the issue of marriage.

"Old Master, when are you planning to leave the hospital?" To avoid embarrassing Su Yingxia, Han Qianli changed the topic.

The old man was an old fox, he could clearly insight Han Qianli's attitude, which was to help Su Yingxia out, so he didn't continue this topic to avoid adding to the problem.

"The hospital is not a good place. I'm not staying here as long as I can, and I'm going home today."  
The old man said.

Han Qianli nodded, his condition was now better, and it really didn't make much sense for him to stay in the hospital.

"In that case, you guys hurry up with the formalities, Yingxia and I still have some other things to do, so I have to go first." Han Qianli said.

Su Yingxia looked at Han Qianli with a puzzled face and asked, "What else do we have to do."

"You won't forget our bet, right? Going back on your word is not the work of a decent man." Han Qianqian said.

Su Yingxia just remembered the bet with Han Qianqian, but she was still somewhat reserved in front of her elders and said, "I'm not a gentleman, I'm just a little girl."

## Chapter 1408

Nothing could make Han Qianli panic, but Su Yingxia's words made Han Qianli a bit confused.

"No way, you're going back on your word?" Han Qianli said with a bitter smile on his face.

Su Yingxia pouted and didn't say anything.

The old man looked at the situation is not right, quickly said to Su Yingxia: "Yingxia, words must be kept to the letter, this is the most basic conditions of life, how can you go back on your word?".

When Su Yingxia heard the old man's lecture, she didn't even dare to breathe.

Su Guoyao also said, "You two hurry up and go, don't bother grandpa here, grandpa has to go home and rest."

In the end, Su Yingxia had no choice but to follow Han Qianli.

After the two of them left the hospital room, the old man said to Su Guoyao with a sigh on his face, "You are not the future of the Su family, she is."

Su Guoyao undeniably nodded his head, which he himself understood very well.

Everything Han Qianqiang did for the Su family was because of Su Yingxia, so only Su Yingxia was able to maintain this relationship.

Exactly what kind of height the Su family can reach in the future will depend on Su Yingxia.

"Dad, don't worry, I will enlighten Yingxia." Su Guoyao said.

The old man nodded his head and said: "Although Yingxia is still young, but now early love is not a rare thing, and such an excellent person, is not so easy to find, miss can not be."

In front of the hospital, Su Yingxia looked at Han Qianli with a heavy expression, and for a moment Han Qianli was at a loss for words.

"Why are you staring at me?" Han Qianli was puzzled and asked.

"You're really something, even grandpa speaks for you." Su Yingxia was dissatisfied.

Han Qianli couldn't laugh or cry, no matter if it was the old man or Su Guoyao's attitude, they all valued the help Han Qianli could form to the Su family, not simply to help him speak.

It's just that these reasons, Han Qianxiang is still unable to explain to Su Yingxia.

"Do you know what this means?" Han Qianli asked.

Su Yingxia subconsciously shook her head, she really didn't know what it meant.

"It means that even your grandfather thinks we're a good match." Han Qianli smiled.

Su Yingxia blushed. For a young girl of her age, Han Qianli's words were already considered very serious teasing, and her heart felt like a deer bumping.

"You really talk too much, do you still want to eat, if not, I'll go home." Su Yingxia said.

"Eat, eat, eat, of course I want to eat, people are iron rice is steel, how can I not eat." Han 3,000 yuan quickly said, and then immediately recruited to stop a cab.

The driver's uncle saw that it was two children, and didn't think much of it, asking, "Where to."

"To the Flying Saucer House." Han Qianli said.

At present, the Flying Saucer Building in Cloud City wasn't as prosperous as it was before Han Qianli came to Cloud City, but it was also a landmark of Cloud City and the place with the densest concentration of businesses.

In the beginning, Han Qianqian prepared a feast for Su Yingxia at the Crystal Restaurant, making all the women in Cloud City envious of her.

Today, the Crystal Restaurant remains the same, but Han Qianli doesn't dare to do anything.

When I arrived at the restaurant, the receptionist looked at the two children.

The receptionist took a look at the two children and asked if they were looking for someone.

"Arrange a place with the best night view for me." Han Qianli said to the waiter.

"You two, do you want to eat?" The waiter was a little surprised, saying that this kind of restaurant usually received couples and had never encountered a situation where children came to eat.

"Yes." Han Qianli said.

After all, the consumption of Crystal Restaurant is not low, and the other party was two children, God knows if they have the ability to pay.

The first time Su Yingxia came to such an upscale place, inevitably will look a little nervous, lowering his head did not dare to look around, which makes the waiter a little more guilty, after all, to eat tyrannical meals, he as a shopkeeper also have to bear some corresponding responsibility.

At this time, Han Qianqian took out his wallet and said, "If you're worried that I don't have the money to pay the bill, there's no need."

Seeing the money, the waiter smiled visibly and led Han Qianqian to a window seat.

"It's very expensive to eat here." Su Yingxia whispered to Han Qianqian after taking her seat.

Han Qianli smiled faintly and said, "To me, money is just a number."

Su Yingxia deflated her mouth, this guy always speaks with such a big tone, and I don't know if it's true or not.

At this time, a little boy suddenly came over with a high and mighty expression on his face.

"Su Yingxia, I didn't think you would even come here to eat, when did the Su family become so rich?"

"Chen Yang." Su Yingxia was surprised: "Why are you here."

The boy named Chen Yang disdainfully looked at Han Qianqian, then continued: "Don't you know how rich my family is, I often come here to eat, and my family, is a VIP customer here, look at you, it's your first time."

Su Yingxia knew that Chen Yang's family's conditions were good, he was in the class, often showing off, and he went to school every day after school, he had a chauffeur to pick him up, many people would have envy of him.

But Su Yingxia is a very strange person, she never envies what others have, so Chen Yang's showing off in front of her, never attracted her attention.

"Su Yingxia, is this your friend, no introduction?" Chen Yang asked to Su Yingxia.

"My name is Han Qianqian." Han Qianli took the initiative to say.

"You and her, what is your relationship?" Chen Yang continued to ask.

See this guy a bit of interrogation intention, Han Qianli wary, this little guy, can't have any thoughts on Su Yingxia, otherwise, why would he care about such things?

If it were any other matter, Han Qianqian would never take it to heart.

But related to Su Yingxia, even if Chen Yang had just the slightest idea, Han 3000 would kill him in his cradle.

"This, has nothing to do with you, right." Han Qianli faintly said.

Chen Yang had an unhappy expression on his face, he did like Su Yingxia quite a bit in the past, although he had now shifted his target to Chi Yiyun, but he still didn't want to see Su Yingxia fall into someone else's hands.

"Of course it has something to do with me, did you have dinner with my girlfriend with my consent?" Chen Yang walked to Su Yingxia's side, directly put his hand on Su Yingxia's shoulder, and said with a provocative face.

Han Giangli's eyes instantly showed killing intent, his action was enough to flip over and die a hundred times.

"Little thing, better let go of your hand, or I'll be rude to you." Han Qianli said in a cold voice.

## Chapter 1409

Chen Yang is the treasure of the Chen family and has been spoiled since he was a child, so he has developed a domineering personality. Chen Yang has never been afraid of anything because he knows that no matter how big a mistake he makes, his family can help him fix it.

So much so that Chen Yang, who is so young, is so hollow.

And Han Qianli's words directly offended Chen Yang.

"What did you call me?" Chen Yang gritted his teeth, his eyes fierce as he looked at Han Qianli and said.

"Little thing, I'll give you one last chance." Han Qianqian's eyes were like two ice cellars, and if one was familiar with him, one should know that he was truly motivated to k\*ll.

Chen Yang did not notice, because he was used to arrogance and cockiness, and in his eyes, how could someone like Han Qianli fight him, so he did not care about Han Qianli's change.

After releasing Su Yingxia, Chen Yang walked directly in front of Han Qianqian, waved his fist, and snapped, "You dare to curse me, go to hell."

This is Chen Yang's character, a word or action, anyway, he does not need to consider the consequences, even if once broke someone's leg, but just the family spent money to get rid of the matter, which also created an illusion to Chen Yang, as long as the money, he can do whatever he wants.

For an ordinary person, it is feasible to do so.

But when Chen Yang confronted Han Qianqian, it was a foregone conclusion that both he and the entire Chen family would encounter a catastrophe.

Han Qianqiang held Chen Yang's wrist in the air.

Unable to move, Chen Yang actually attacked Han Qianqian with his other hand.

Han Qianli's mouth raised a hint of coldness and said, "Even a loser like you is qualified to strike at me?"

As soon as the words left his mouth, Chen Gang felt his entire body instantly weightless, and somehow was thrown up by Han Giangli, flying a full ten meters in the air before landing on the ground.

The intense pain made Chen Yang scream out, attracting the attention of the entire restaurant.

Of course, these gazes also included the Chen family.

A middle-aged man with a big back rushed to Chen Yang's side at once.

"Yang Yang, how are you, are you alright." The middle-aged man asked in panic.

Immediately there was a young woman in a big red dress, dressed in a flamboyant and voluptuous manner, who also ran to Chen Yang's side with a nervous face.

These two were Chen Yang's parents, who had originally come out to spend their wedding anniversary together, but Chen Yang insisted on following them, so they could only take Chen Yang with them, but no one expected that in this place, there would still be people who dared to hit Chen Yang.

Chen Yang cried out in pain, after all, he had never been beaten since he was a child, and the pain of Han Qianqian's attack was not something that ordinary people could bear.

Su Yingxia, with a pale face, pulled Han Qianqian and said, "Let's go quickly, the Chen family is very rich and powerful."

Han Qianli held Su Yingxia's wrist and said softly, "Don't worry, no matter how powerful his family is, I'm not afraid, and I won't allow anyone to hurt you, so you don't have to be afraid."

Su Yingxia looked at Han Qianqian in amazement, she found that when Han Qianqian held her hand, she was not so afraid, and Han Qianqian's firm eyes were more like a tranquilizer, which stabilized her panicked mind.

"But, but the Chen family is really powerful in Cloud City," Su Yingxia said.

Really powerful?

Han Qianli disdainfully laughed, and to an ordinary person, perhaps this was true.

But to Han Qianli, Chen Yang was just a paper tiger, and he had ten thousand ways to tear it apart.

Chen Yang's father also noticed Han Qianqian at this time, and for him, daring to harm his son was to take his life.

Chen Yang's father stood up and walked towards Han 3,000, and in passing took a bottle of red wine on the table, a raging Mo Yang.

The other guests at the Crystal Restaurant, some of whom knew Chen Yang's father, couldn't help but look at Han Qianqian with pitiful eyes, because they knew how protective Chen Yang's father was of his calves, and Han Qianqian would definitely pay a heavy price if he dared to do anything to Chen Yang.

"This kid, he's got some guts, he even dares to hit Chen Yang."

"Chen Feng is famous for loving his son, this brat will end up miserable."

"But this matter, should be Chen Yang that brat to provoke trouble, he in Yun City, really not a little trouble, are about to become a trouble seed."

After Chen Feng raged and walked up to Han Qianqian, he raised the bottle without saying a word, it looked like he didn't even want to know what happened, since Han Qianqian had made a move on Chen Yang, and all he wanted to do was to help Chen Yang fight back.

"The Chen family, what a mighty man." Han Qianli smiled coldly.

Before the wine bottle fell, Han Qianqian kicked out.

Chen Feng's entire body flew out like a broken kite.

The other guests who watched this scene with their eyes wide open were all dumbfounded.

This ..... is just a small child, facing an adult, but can burst out with such great strength.

"Oh f\*ck, this kid has a lot of strength!"

"I actually managed to kick Chen Feng away, I'm not mistaken."

"I didn't think there was a reversal of events, how interesting."

Some people rolled their eyes, some shook their heads, some expressed shock at Han Qianli, but others shook their heads helplessly.

Offending the Chen family in Cloud City was definitely not a good thing, even if he could beat Chen Feng now, so what, could he still fight against Chen Feng's power in Cloud City?

Chen Feng did not expect that he would end up in such a situation. After he managed to get up from the ground, the pain in his abdomen was so intense that he could not straighten up at all.

At this time, Chen Feng did not dare to underestimate Han Qianqian.

It was no ordinary person for a small child to possess such great strength.

Moreover, Chen Feng discovered that the calmness on Han Qianqian's face was not at all like that of a child, and his indifferent eyes did not carry any fear.

This caused Chen Feng's heart to thump.

Although the Chen family had a certain amount of power in Yun City, it was not the most powerful, and Han Qianli's calm behavior was as if he had a background as well.

If his background was more powerful than the Chen family, this matter would be troublesome for the Chen family.

At this time, Chen Feng's wife began to scold Chen Fei, "How come you're so useless, you can't even handle a little kid, you should quickly take revenge for your son."

Chen Feng gritted his back groove teeth before being able to straighten himself up, but he no longer had the courage to take another shot at Han Qianqian, because he knew that no matter how many times he tried, he would end up in the same situation, and this little guy's skills were definitely not to be underestimated.

"Who are you." Chen Feng asked to Han Qianqian.

"Do you only want to know my identity now? Who are you to know?" Han Qianqiang said with a face full of disdain.

## **Chapter 1410**

Han Qianqian's words made Chen Feng's expression extremely embarrassed. He originally thought of giving Han Qianqian and himself a step down, but he did not expect Han Qianqian to say such words.

Moreover, in public, Chen Feng could not say anything nice to Han Qianqian for the sake of the Chen family's face.

"Little fellow, one must know what is good and bad, or it will do you no good." Chen Feng said in a cold voice.

"Know what's good and bad?" Han Qianli smiled coldly, walked toward Chen Feng, and then said, "The Chen family is arrogant and domineering, do you really think that no one can cure it?"

Chen Feng's breathing is fast, what does this kid want to do, do you still want to fight?

Does he not care at all about what the Chen family can do in Cloud City?

Or is it that he didn't put the Chen family in his eyes at all?

When the others in the Crystal Restaurant saw this scene, they realized that their previous thinking was wrong, and that it wasn't Han Qianxiang who was going to suffer, but the Chen family who was going to suffer, because this little guy had no regard for the Chen family.

They had never seen or heard of such a person in any high-class party, and had never heard of such a person in any family.

In Cloud City, apart from the Tian family, only Mo Yang remained who could really suppress the Chen family.

But this child, who was not from the Tian family, had never seen him beside Mo Yang before.

This couldn't help but make everyone curious about Han Qiangli's identity, and speculate about it.

"Kid, I'm warning you, no matter who you are, it's absolutely no problem for my Chen family to fight you to the death, you'd better leave yourself a way out." Chen Feng said.

"There is a path to the Yellow Spring, are you going to take it?" Han Qianqiang asked.

Chen Feng subconsciously took a step back.

Because Han Qianxiang was getting closer and closer, and an inexplicable sense of crisis was infinitely magnified in Chen Feng's heart.

"Little fellow, is it possible for you to k\*ll me in public?" Chen Feng gritted his teeth and said, "Although it is humiliating for an adult to beat a child, he doesn't believe that Han 3,000 would dare to k\*ll him, after all, this is a society with the rule of law.

Of course, Han Qianli would not k\*ll Chen Feng in front of so many people, although even if he did, the constraints of Earth would not be a threat to Han Qianli, but he did not want to cause unnecessary trouble, and if he really wanted to k\*ll him, it would be easier for Mo Yang to do it without any consequences, so why would he need to do it himself?

"Trash like you aren't worth getting my hands dirty," Han Qianli said.

Trash!

When the bystanders heard these two words, they couldn't help but draw a breath of cold air, what kind of person was he that had the right to treat Chen Feng as trash.

The Chen family's status in Yun City was considered to be that of a famous family, so how could such a person be trash?

At this moment, everyone could feel the arrogant signal released by Han Qianqiang, and compared to Chen Feng, it was just like a big witch.

At this moment, Chen Feng's wife cursed, "Chen Feng, do you want to disgrace my Chen family? What kind of man are you if you can't even handle a child."

Such words could only make Chen Feng bitter, as he had already made a move against Han 3,000 once, and he knew very well that he could not be a match for Han 3,000, so what if he raised his breath to fight with Han 3,000, he could do nothing but take a beating.

"You just shut up." Chen Feng gritted his teeth as he looked at his wife and said.

The woman felt that Chen Yang was injured and that the Chen family's face had been disgraced by Chen Feng, and was so angry that she walked toward Han Qianqian as if she wanted to take action herself.

"You little turtle grandson, how dare you hit my son, I'll k\*ll you." The woman's expression was fierce, and she roared at Han Qianqian.

Chen Feng wanted to stop her, but it was too late.

After the woman ran to Han Qianqian, she raised her hand and tried to slap Han Qianqian.

But how could Han Qianqian let her get away with it?

A punch to the woman's face, followed by a kick to her abdomen, and, like Chen Fei, the woman flew out.

"I don't hit women, but shrews are an exception," said Han Qianli, faintly. Han Qianli said faintly.

This statement caused many people to laugh, as Chen Feng's wife had just behaved like a shrew indeed.

And everyone at the scene was convinced that it was Chen Yang who had taken the initiative to pick a fight, so they didn't feel any sympathy for the Chen family for such a consequence.

"You're good at fighting, but how many people do you think you can beat." Chen Feng was too late to care about his wife's well-being and secretly made a phone call, and one of his friends from the road had rushed to the Crystal Restaurant with his men.

Han Qianqiang still looked calm, he knew that Chen Feng had called someone, but what was the use of it?

Come a hundred people.

A thousand people.

Is it possible to get close to Han Qianqian's body?

Han Qianqiang, who possesses the strength of the God Realm, has long since transcended the realm of mortals.

He is now, for the earth world, a true God!

"I'll wait for your people to arrive." Han Qianli did an act that no one had expected, he actually sat down and waited.

In the eyes of the onlookers, Han 3,000 should have taken advantage of the fact that Chen Feng's men had not arrived to run away, because Chen Feng alone could not stop him.

Once the people arrived, it would be hard to beat them with two fists, and Han 3,000 would definitely be in great trouble.

However, he didn't do so, and he didn't even have the intention of leaving, which made Chen Feng a bit confused.

He thought he could scare Han Qianqian away, but he was still so calm.

What kind of child was this that was so fearless.

Thinking about Chen Yang, Chen Feng had to admit that there was a huge gap between the two of them.

Chen Yang was arrogant and domineering, but he relied on the Chen family to back him up, and he didn't have any skills of his own.

If you compared Chen Yang to this child in front of you, they were worlds apart.

"You really aren't afraid?" Chen Feng questioned to Han Qianqian.

"Afraid?" The corners of Han Qianqiang's mouth lifted, revealing a very relaxed smile, and said, "You try asking Mo Yang to step forward, will I be afraid of him."

This sentence again made Chen Feng's heart thump, of course he was not qualified to ask Mo Yang to appear, after all, that was the number one big brother in the Cloud City Road, how could he have such qualifications?

But Han Qiangiang can easily say these words, does it mean that he knows Mo Yang?

Chen Feng took a deep breath, his heart disturbed and uneasy, he always felt that this matter today seems to be going to be big, and once it is big, I am afraid that there is no way to end it, the Chen family, will it be bad luck?

Tian's villa.

Tian Ling'er took her cell phone and barged directly into Tian Changsheng's study.

This place was forbidden to Tian Changsheng, and no one in the Tian family dared to disturb it.

But Tian Ling'er, however, could come and go here as she pleased, and no restrictions were imposed.

"Grandpa, look if this is my brother." Tian Ling'er asked to Tian Changsheng with her cell phone.
