

His True Colors Chapter 141-145

Chapter 141

After Han Jun left, Shen Lingyao sat on the sofa in the living room, nervous and terrified, she didn't expect this to happen if she brought Han Jun home, and she couldn't figure out why Han 3000 had suddenly become like this.

Han 3000 had endured so many years for Su Yingxia, did he change his mind just because he didn't get Su Yingxia? If that's who he is, why did he wait until now to change?

As Su Yingxia's good sister, Shen Lingyao felt obligated to persuade Su Yingxia to prevent their relationship from coming to an end.

Taking out the phone, she dialed Su Yingxia's number.

"Yingxia, how's your relationship with Han Giangni recently?" Shen Ling Yao asked.

Su Yingxia felt a little sad when she mentioned this matter, as she could feel that she seemed to be drifting away from Han Qianli, and this time Han Qianli left, in Su Yingxia's opinion, perhaps on purpose, hoping that the two of them would calm down.

"Why did you suddenly ask about this." Su Yingxia said.

Shen Lingyao sighed and said, "Aren't I afraid that you might have missed out on a good man? Just think about it, how Han Qianqian has treated you for so many years and has helped you so much, and now even Tian Ling'er is giving him a sports car, isn't it obvious that there is a rivalry?"

Tian Ling'er's existence did make Su Yingxia feel a great crisis, after all, she was the Tian family's petite daughter, a woman that many men in the entire Cloud City wanted to have, if it wasn't for Tian Changsheng standing in the way, the people pursuing Tian Ling'er would have already crowded the gates of the Tian family, and yet such a person gave Han Qianqian a Lamborghini.

"He recently left Cloud City, so I don't know when he'll be back," Su Yingxia said.

Leaving Cloud City?

Why did you leave her house just now?

Han Qianqiang wouldn't be playing some kind of trick with Su Yingxia, right?

After thinking about it, Shen Ling Yao decided to tell Su Ying Xia about seeing Han 3000 today, but of course, this would definitely have to be hidden from her at home.

"He's already back, I even saw him today, and I think it's possible that he didn't leave at all and was just looking for an excuse." Shen Lingyao said.

"He's back!" Su Yingxia asked in surprise, she was unusually apprehensive during the days that Han Qianli was gone, she always felt that something was going to happen, and was relieved to hear that Han Qianli was back, she could finally see him when she came home from work.

"Yingxia, since you're his wife, something should happen, just think about it, he's a young and energetic man." Shen Lingyao said.

The reasoning Su Yingxia understood, but it was very difficult for her to take this step.

After three years of mutual respect, how could she, as a woman, take the initiative?

"You have no idea how stupid he is." Su Yingxia said helplessly, letting Han Marchant in bed, but it was just an extra line to show that she was reserved, she didn't expect Han Marchant to take it seriously, which made Su Yingxia very speechless.

"What happened?" Shen Lingyao was confused.

Su Yingxia was too shy to say anything, but Shen Lingyao was her own sister, so she still told Shen Lingyao those things.

Shen Lingyao even rolled her eyes after hearing this, Han Qianqian is too stupid, can't he even see such an obvious hint? It's not all Su Yingxia's fault.

"He, he's a pig right." Shen Lingyao said speechlessly.

"Tonight, when he comes home, you tell him to go to his room and remove the cord, if he still can't understand this, just let him die." Shen Lingyao said.

Su Yingxia was scared during the days Han Qianli left, afraid that Han Qianli would leave her forever, she didn't want to count that incident in Golden Bridge City and was willing to trust Han Qianli.

"I'll try."

After Han Jun took a taxi to the Genting Mountain villa area, the security guard respectfully called out to Han 3000, surprising Han Jun.

In Han Jun's eyes, Han 3,000 should be mixed up badly in Cloud City, so how come there was a woman to like and a respectful security guard at the gate, could it be that he, a trash, could still make it in Cloud City?

The reason why the security guards were respectful to Han 3000 was because they were all from the Heavenly Family, and the relationship between the Heavenly Family and Han 3000 was naturally needless to say.

Arriving at the hillside villa, Han Jun knocked on the door, and after He Ting saw Han 3000, she smiled and said, "You can be considered to be back."

This should be the family's nanny, He Tingli, and Han Jun nodded faintly without speaking.

He Ting's eyebrows furrowed, Han Qianli was usually approachable, but why did she look like she had an arrogant attitude today, wasn't it just a few days away? How did this change.

"Han Three Thousand Years, you still have the face to come back, go out and play with Junior enough." Jiang Lan, who didn't get any money from Han Qianli, hated Han Qianli with a passion, and hadn't seen Han Qianli in the past few days, which was considered clean eyes, but didn't expect him to come back so soon.

Han Jun smiled coldly, this is how a wimp should be treated ah, looking at Jiang Lan's eyes, Han Jun could feel Han 3000's position in the family.

My poor wimp brother, let me, as an older brother, help you find some face back.

"Go, pour me a glass of water." Han Jun said to Jiang Lan.

Jiang Lan looked at Han Jun in dismay, has this guy gotten a brain fart? How dare you command her!

"Han Three Thousand Years, you've been out for a few days, are you out of your mind, what right do you have to order me around?" Jiang Lan raged.

Han Jun frowned and walked up to Jiang Lan with a sneering expression and said, "I'm not qualified to order you? What are you, quickly go and pour me water, provoke me, be careful that I turn my back on you."

Jiang Lan laughed in anger and gritted her teeth, "Han Qianqian, you're getting bolder now, turning against me? Well, I'd like to see how you're going to turn against me, and I'm going to make you get out today."

Snap!

A slap was thrown on Jiang Lan's face, Han Jun sat frankly on the sofa and said indifferently, "If you keep f*cking whining with me, I'll waste you."

Han Jun wasn't here to take humiliation on behalf of Han 3000, even if he lived in Yun City with Han 3000's identity, this Su family would have to be his to say, so he wouldn't be polite to Jiang Lan, and this kind of person was never in Han Jun's eyes.

The Han family's status in Yanjing, how could he put the Su family in the eyes of a mere Cloud City?

Jiang Lan covered her face, looking incredulous, Han Qianqian dared to hit her!

He Ting who was on the side was also dumbfounded, how come after leaving for a period of time, Han 3000 came back and became so irritable, like a changed person.

"You you dare to hit me?" Jiang Lan said in a furious voice.

Han Jun turned to look at Jiang Lan and said disdainfully, "Don't think that I can let you bully all the time, from today onwards, I'm in charge of this family, you better behave yourself or you'll be beaten three times a day, you can see for yourself."

"Oh, Han Qianqian you"

Before he finished speaking, Han Jun stood up, kicked Jiang Lan in the abdomen, and said, "Didn't you hear what I just said?Hurry up and bring me water."

With a pained face, Jiang Lan covered her abdomen and sat on the floor, too frightened by Han Qianli's strength to speak.

This guy, how dare he be so bold, how dare he not put her in his sights!

"I don't want to repeat what I said before."Han Jun said in a cold voice, sitting down again.

The silent He Ting quickly brought a cup of water over to Han Jun, but Han Jun slapped it away.

"Did I ask you to serve water?Didn't hear what I said, or are you too brain-dead to understand?"Han Jun said with a fierce glare at He Ting.

He Ting was so scared that she took a few steps back and lowered her head with a pale face.

Jiang Lan endured the pain and poured a glass of water for Han Jun. Although she didn't know why this Han 3000 in front of her had become so violent, but when Su Yingxia returned, would he still be arrogant?

This time, I'll make sure Su Yingxia divorces you!

The Su family with me, Jiang Lan, has absolutely nothing to say to you.

After Su Guoyao returned home, he heard about Jiang Lan's beating and sought out Han Jun for a theory, but he was beaten up by Han Jun without any suspense.

He's not Han Qianqian, he doesn't treat Jiang Lan and Su Guoyao as his parents-in-law, and in Han Jun's eyes, they're just passers-by at best.

Su Yingxia returned home from work, and when she saw Han Qiangliang sitting on the sofa, her face unconsciously revealed a smile, finally back, good to be back.

Chapter 142

"Ying Xia, you're finally back."

"If you don't come back, this family will soon turn upside down."

Seeing Su Yingxia, Jiang Lan and Su Guoyao both hurried to her side.

Seeing Su Guoyao's bruised nose and swollen face, Su Yingxia was puzzled and asked, "Dad, what have you been doing, how did you get beaten up."

"You still say, it's all his beating, he even beat your mother, I looked for his theory, and without saying a word, he beat me up again." Su Guoyao said through gritted teeth.

Han 3000 beat him?

How is this possible! How could he hit anyone.

"Don't you rascal 3000, how could he have hit." Su Yingxia didn't believe their words at all, she knew what kind of person Han 3,000 was, how could he strike out and hit someone?

At this time, Han Jun stood up, turned around and said, "I played it, you don't have to doubt it."

When Han Jun got a good look at Su Yingxia, he was amazed, this posture was better than all those models he had played with, Han Qianli's wimp had such good luck to enter the Su family and take such a beautiful wife!

Su Yingxia was struck by lightning when she heard this.

How could, how could Han Qianli hit someone!

"Three thousand, did you them make you do something?" Su Yingxia asked, in her opinion, it must have been Jiang Lan and Su Guoyao who made excessive demands on Han Marchant, and that's why Han Marchant did it.

"Yingxia, what do you mean by that, is it still my fault that he hit me?" Hearing this, Jiang Lan was unhappy, and it was true that she hadn't done anything excessive today, but Han Giang made her serve water as soon as she got home.

"He's not taking us seriously at all now, I think he's winging it." Su Guoyao said.

Su Yingxia looked at Han 3000, it didn't matter what Jiang Lan and Su Guoyao said, she wanted to see how Han 3000 would explain, her parents were very clear, it was better to trust them than to trust Han 3000.

But the person in front of her was Han Jun and not Han Qianxiang, so his words made Su Yingxia completely dumbfounded.

"From today onwards, I'm in charge of this family, I hope this is the last time they get beaten." Han Jun said with a carefree face.

Su Yingxia was dumbfounded, this was not at all the Han 3000 she knew, like a person who had suddenly changed, but but his looks, it was indeed Han 3000 ah!

"You why did you do that, why did you hit someone." Su Yingxia asked in a deep voice.

"I've been humiliated for three years, isn't that enough? Need we ask why? Am I supposed to be a loser forever in your eyes?" Han Jun smiled.

This was a huge blow to Su Yingxia, because Han 3000 had changed drastically and was simply no longer the Han 3000 she knew.

Three years of humiliation was indeed enough for him, but did he need to prove that he was no longer weak in this way? In any case, these two counted as his parents, didn't they?

Could it be that after one visit to Golden Bridge City, he had completely changed?

"When's dinner?" Han Jun touched his stomach and said to He Ting.

He Ting's fear of Jun Han was also strong, and after hearing this, she quickly said, "You can eat now."

Han Jun was the first to get on the table, not caring if the others moved their chopsticks or not, but he ate with pleasure, throwing away his chopsticks after eating, and asked Su Yingxia, "Where is our room?"

When she went to work, Su Yingxia made up her mind to let Han 3000 go back to her room to sleep, but seeing Han 3000 in this state now, she naturally couldn't accept that she was having sex with Han 3000, and pointed to the room that belonged to Han 3000 and said, "Over there."

Han Jun smiles faintly, he'll be able to hold a beauty tonight, and he's happy to take care of his wife for his poor brother.

Returning to his room, Han Jun felt that something wasn't quite right, why did he choose such a room for such a large villa? But he didn't really care, lying comfortably on the bed and waiting for Su Yingxia to serve his bed.

For Han Jun, who had spent a hard time in prison, being able to sleep at ease was really a pleasant thing to do.

In the big room, even in the middle of the night, Han Jun didn't dare to let down his guard, because he didn't know when Guan Yong would drag him up and beat him up, and in the big room, his position was that of a pitiful wretch to be ravaged, and Guan Yong made fun of himself by beating and scolding him.

It was good to finally leave that hellhole and never have to be tortured by Guan Yong again.

Han Jun couldn't help but think of Han Qianqiang, at this time of day, was he scrubbing the toilet? Or should I kneel down and sing before Guan Yong?

"It's just a pity that Guan Yong is going to be put through jail, I won't even have a chance to take revenge, I hope you guys can treat my brother well, you better be able to beat him a few more times a day, that wimp is enough for you guys." Han Jun laughed to himself.

Han Jun thought to himself that Han 3000 was suffering in prison, but at this time, Guan Yong was giving Han 3000 a massage.

The mentally relaxed Han Jun unconsciously fell asleep, and by the time he woke up, it was already three in the morning.

Finding that there was no Su Yingxia lying beside him, Han Jun couldn't help but laugh, "That wimp, he wouldn't have slept with Su Yingxia for so many years, he's so damn useless."

Sitting up, Jun Han rubbed his face to make himself more awake and continued, "If you haven't touched it, it's a bargain for me instead, such a beautiful woman is still a virgin, I'm f*cking earning a fortune."

After saying that, Han Jun left the room wearing only a pair of pants.

After determining which room Su Yingxia slept in, Han Jun kicked open the door.

Su Yingxia, who was sleeping, was instantly awakened, and when she saw Han Jun, she asked with a terrified face, "Han Qianli, what do you want?"

"Crying?" Seeing Su Yingxia's red and swollen eyes, Han Jun smiled.

Su Yingxia was indeed crying, because she didn't expect Han Marchun to suddenly change so much, and such a change made her feel farther and farther away from Han Marchun, and she was afraid that she would be completely separated from Han Marchun because of this.

"So pitiful, let me comfort you." Han Jun walked into the room and closed the door.

Su Yingxia sat up, cupped her hands on her knees, and said vigilantly, "What do you want, get out."

"What for?" Han Jun laughed coldly and said, "You're my wife, what else can I do to you? Isn't it the natural thing to sleep with me?"

Su Yingxia shook her head, not daring to believe it.

How could Han Qianli say such a thing, this was simply not something that Han Qianli could do for a human being.

"No, you're not Han Three Thousand, who the hell are you!" Su Yingxia said in shock, she was very familiar with Han 3000 after spending three years with him, but the feeling this person in front of her gave her was a complete stranger, it was impossible for a person to suddenly become like another person even if they had changed.

"Who else can I be if I'm not Han Qianqian? Can you look at me and see if I'm still fake?" Han Jun smiled and walked over to the bed.

Su Yingxia grabbed the pillow and threatened Han Jun, "Get out of here or I'll be rude."

"Hehe, if I can't even handle a woman, wouldn't I be a loser? And I'm married to you, so f*cking you doesn't count as rape." Han Jun was like a hungry tiger pouncing on food, directly jumping on Su Yingxia's body.

Su Yingxia tried her best to resist, but she was a woman, how could her strength compare to Han Jun's?

Han Jun's death grip on Su Yingxia's hands, never touched a woman during his prison sentence, and now, with beauty currently, the beast's lust was out of control.

"You'd better be f*cking honest with me," Han Jun threatened.

Su Yingxia resisted, as she could clearly feel that the person in front of her was not Han 3000 at all.

"You f*ck off, you f*ck off, don't touch me."

"Grass mud horse, toast it, right." After saying that, Han Jun slapped Su Yingxia's face and pulled Su Yingxia's hair with force.

Su Yingxia couldn't help but scream out due to the pain, but Han Jun didn't show any mercy and instead became more and more excited.

"You haven't slept with him yet, let me satisfy you properly." Han Jun unconsciously said these words, and although he himself didn't notice it, Su Yingxia was chilled to the bone.

Surely he really wasn't Han 3000!

But who the hell was he, and why did he look exactly like Han Giangli.

Chapter 143

Su Yingxia struggled and screamed in fear, and the noise soon reached the ears of Jiang Lan and the others.

He Ting was the first to rush into the room, and when she saw Han Jun forcing Su Yingxia, she yelled in a hurry.

Soon, Jiang Lan and Su Guoyao both came as well.

The three of them worked together to push Han Kwan away and protect Su Yingxia.

"Han 3000, what the hell are you doing." Su Guoyao stared in anger, for over three years, Su Yingxia hadn't let Han 3000 get, but I didn't think he would be a beast to do such a thing.

"You beast, how dare you force my daughter, believe me I'll go to the police." Jiang Lan raged.

He Ting also had great anger in her heart, she couldn't imagine why Han 3000 would become like this, even though they were husband and wife, he couldn't mess around when Su Yingxia didn't want to.

After all, Han Jun is not Han 3000, facing the three of them in a difficult situation, he has the heart but no power, he can only say, "What are you guys meddling in, I sleep with my wife, it's right and proper, what are you guys."

The stance of this statement was defensible, after all, they were a legal couple.

But neither Jiang Lan nor Su Guoyao would allow this to happen, because in their eyes, Han Qianqiang didn't deserve to sully Su Yingxia's innocence.

Especially Jiang Lan, who also wanted Su Yingxia to divorce Han Qian, so how could she allow Han Qian to have sex with Su Yingxia?

"Han Qianqian, get out of here, from now on this villa, you have no right to come back." Jiang Lan said sternly.

Han Jun smiled faintly and said, "Motherfucker, you dare to let me go? Do you believe I'll play the Su family to death in minutes?"

"If you're capable of that, come on, I'd like to see how powerful you are." Jiang Lan disdained.

As the saying goes, a good man doesn't eat immediate loss, and Han Jun couldn't subdue the three in front of him, so he could only stop, but he had to find a place to vent his lust.

The most famous place in Cloud City was Golden Bridge City, and after leaving the villa area of Cloud Peak Mountain, Han Jun took a taxi and went there.

Su Yingxia was not only afraid of what Han Jun had done to her tonight, but she also felt very creeped out about the identity of this familiar and strange person.

Why would someone who wasn't Han 3000 look so much like him?

"Yingxia, I've already told you that this beast is not a good thing, you should believe me now, divorce, you must divorce, otherwise he will definitely do this kind of thing to you again in the future, it's best to stay away from him." Jiang Lan said to Su Yingxia.

Although Su Guoyao also wanted to do this, but Han Qianqian was now involved in the Heavenly Family and still had a hold on the Su Family, if he divorced Han Qianqian at this time and he told the Heavenly Family about his suspicions, the consequences would be unthinkable.

"Can't divorce." Su Guoyao said.

Jiang Lan turned to look at Su Guoyao with an appalled face and said, "Are you out of your mind? How dare you speak up for Han Qianqiang and leave this beast at home, what if next time we're not home and he does something like this again?"

Su Guoyao sighed, how could he not be worried? But the divorce thing was simply too involved to do that.

"Have you forgotten about the old lady's death? This is the time to divorce Han Qianqian and he goes to tell the Celestial Family that we suspect that Tian Ling'er killed Mom, can you take the consequences?" Su Guoyao said.

When Lan Jiang heard this, she instantly calmed down quite a bit and said through gritted teeth, "This beast must be relying on this, that's why he dared to mess with Yingxia."

As Su Yingxia listened to their conversation, the fear in her heart gradually diminished, and she was more worried about Han Qianli.

Because this exact same person appeared, his existence was like replacing Han Qianxiang, so where did Han Qianxiang go? Is he in any danger!

"Mom, you guys go to bed, I want some peace and quiet." Su Yingxia said.

Jiang Lan asked with a worried face, "Are you okay, don't have a mental shadow."

Su Yingxia shook her head, the other party wasn't even Han Marchant, how could she have a mental shadow, she was just very worried about Han Marchant's situation right now.

In Golden Bridge City, Han Jun called two women at once, and as he entered the room left and right, he encountered a middle-aged man passing by.

Han Jun didn't feel anything, but the middle-aged man frowned.

Tian Honghui, Tian Changsheng's son and Tian Ling'er's father.

At Tian Changsheng's birthday banquet, Han 3000 was invited to sit at the main table, and at that time, Tian Changsheng had specifically introduced Han 3000 to the Tian family, although Tian Honghui was appalled at Han 3000's identity at the time, but after hearing about Han 3000 from Tian Ling'er recently, he also probably understood the reason why Tian Changsheng appreciated Han 3000.

How could he come to such a place and pass by as if he hadn't seen himself!

Tian Hong Hui returned home and found Tian Changsheng the next morning.

"Dad, what kind of person is Han 3000?" Tian Hong Hui asked to Tian Changsheng.

Tian Changsheng had recently been so happy about the fact that he was Han Qianqian's disciple, but why did Tian Honghui suddenly ask about Han Qianqian?

"Why are you suddenly interested in Han 3,000?" Tian Changsheng asked.

Originally, Tian Honghui did not care about this matter and was not qualified to do so.

Although Tian Changsheng didn't ask about the company's affairs now, what he was going to do, the few children in his lap wouldn't dare to ask more.

But running into Han Jun last night in a place like Golden Bridge City would definitely be mistaken for Han Qianxiang to Tian Honghui, and the fact that he acted like he didn't recognize himself made Tian Honghui feel like he was a bit of a nobody.

"I think that this young man is a bit arrogant," Tian Honghui said.

"High-minded and arrogant? I do think he's quite humble." How could someone with a high-minded arrogance be able to hold back in the Su family for three long years? And during this time of contact, although Han Qianxiang had the capital of pride, he had never acted arrogant, so in Tianchang Sheng's impression, Han Qianxiang was a low-key person.

"I ran into him last night in Golden Bridge City and passed him by, and it was like he didn't know me, so what is it if it's not high-minded and arrogant," Tian Honghui said.

"Golden Bridge City?" Tian Changsheng frowned, why would Han Qianxiang go to Golden Bridge City? By all rights, he wasn't the right person to do that, and said, "You can't be mistaken."

"Dad, I'm not even that old, and you think I'm presbyopic? And he's got his arms around me left and right, so how could I be wrong." Tian Honghui said.

Tian Changsheng sank down, this kid, he even had a fetish for this.

Although a man needed an outlet for his desires, Golden Bridge City, after all, wasn't a good place, and he wanted to set up Tian Ling'er and Han Qianxiang. If Han Qianxiang was such a person, wouldn't he be pushing Tian Ling'er into the fire pit?

"No one else is allowed to know about this," Tian Changsheng reminded.

Tian Honghui also felt sorry for his daughter, and he also roughly guessed what Tian Changsheng was thinking and said, "Dad, Tian Ling'er is still young, there are some things that don't need to be rushed, and you also have to keep your eyes peeled, don't harm Ling'er ah."

Tianchang Sheng glared angrily and said, "This is my precious granddaughter, can I harm her?"

Tian Honghui cringed with a guilty conscience, although in front of people he was the high and mighty General Tian, but in front of Tian Changsheng, he was just a son.

"And you, I've already told you countless times, go to places like Golden Bridge City less often, being known is to discredit the Tian family." Tian Changsheng said.

Tian Honghui nodded repeatedly, saying that he would never go there again, and then used the excuse that the company still had things to do to escape.

Soon, Tian Ling'er came out of her room with hazy sleepy eyes, a loose nightgown covering her perfect figure, and stretched her waist lazily, saying to Tian Changsheng, "Grandpa, Han Qianli has disappeared for a long time, so you can help me ask him out."

Tianchang Sheng also wanted to test what kind of person Han 3000 to low was, if this guy was really an extremely well-hidden jackal, he couldn't let Tian Ling'er continue to get in touch with Han 3000.

"Grandpa does want to find him today, but you can't go."Tian Changsheng said.

"Why?Grandpa, aren't you afraid that you won't be able to keep your beard?"Tian Ling'er threatened.

This time Tianchang Sheng didn't show any fear and said, "Listen to grandpa, there will be plenty of opportunities to meet in the future."

Tian Ling'er knew that Grandpa must be serious for being so serious, and perhaps something had happened, so she didn't dare to say more.

Chapter 144

Su Yingxia didn't sleep through the night, and after dawn, she decided to go find Lin Yong, because this Han 3,000 was not Han 3,000 at all, and Lin Yong had been in contact with Han 3,000 before, so maybe he could help in this matter.

Throughout the night, Su Yingxia's heart was in turmoil, trying to think of all sorts of unknown situations, and even thinking that Han 3,000 yuan is likely to have an accident, which made her more and more afraid and worried.

After asking around, Su Yingxia knew that Lin Yong in the Magic City nightclub, but early in the morning to the Magic City, the doors are closed, after all, it is a nightclub, which has the reason to open the door early in the morning.

The first thing you need to do is to get a good idea of what you are looking for.

Soon, the person inside was alarmed and opened the door with a disgruntled face: "What's the noise, early in the morning, pushing for life?"

"I want to see Lin Yong."Su Yingxia didn't often come into contact with such occasions, much less deal with people in the grey area, so she looked a little scared in the face of the menacing Lin Yong's men.

When that underling saw that Su Yingxia was a beautiful woman, he came to his senses and said, "Beauty, you don't have to be so impatient to find a man, how about I satisfy you?"

Su Yingxia waved her hand repeatedly and said, "I'm looking for Lin Yong, not a man."

Looking for Brother Yong?

This woman, is she Yong's lover?

The boss's woman, where else would he dare to flirt, he quickly straightened his face and said, "Beauty, take me as if I didn't say anything just now, I'll go and call Brother Yong for you."

If it were anyone else who wanted to see Lin Yong, they would have been chased away, but Su Yingxia was a beautiful woman, where would my little brother dare to slack off.

Lin Yong this early in the morning was also snoozing, and being disturbed from his beautiful dreams, he directly kicked that little brother a few times.

"Brother Yong, it's a big beautiful woman who came to see you, I see that she can't wait, maybe it's a delivery ah." The little brother said with a bitter face.

A big beautiful woman?

There was no shortage of women around Lin Yong, and there were quite a few beautiful women too, but why had they suddenly come to him?

F*ck!

Lin Yong's heart was shocked, it shouldn't be that the protective measures weren't done properly, playing with fire.

Originally Lin Yong wanted his little brother to casually give some money to get rid of it, but didn't know who the other party was, that's why he couldn't help but be curious to see for himself.

At the entrance of the Magic City, when Lin Yong saw Su Yingxia, he was so frightened that he drew cold air, where the f*ck is this his woman, this is his sister-in-law ah!

"Miss Sue, what are you doing here?" Lin Yong said with a chill in his heart, if Han Qianqian knew about this misunderstanding, he wouldn't be able to eat his way out of it.

Seeing Lin Yong treating himself so respectfully, Su Yingxia was even more sure of her previous thoughts, Han Three Thousand simply wasn't giving money to find Lin Yong's help, these two, there must be some kind of relationship.

"I'd like to ask, about Han Three Thousand, do you have time?" Su Yingxia said.

"Yes, yes, of course, Miss Su, please come in." After Lin Yong brought Su Yingxia into the Magic Capital, he sent his little brother to inform Mo Yang, after all, it was about Han 3,000 years, he didn't dare to say anything, and the real boss of the Magic Capital now was Mo Yang, he didn't have the chance to speak.

Soon, Mo Yang appeared in the hall, he was familiar with Su Yingxia, after all, he had watched Han 3000 transport for three years.

"Aren't you the owner of our company's downstairs, kiosk?" Su Yingxia mistakenly looked at Mo Yang, Han Qianqiang often stay in the kiosk, so Su Yingxia also remembered Mo Yang's face, but a kiosk owner only, how could he appear here?

Mo Yang didn't expect Su Yingxia to know him, accosted him with a smile and said, "I didn't expect Miss Su to know me, it's really my honor, I don't know what you're here for."

Su Yingxia couldn't sort out the relationship, but she wasn't here for Mo Yang either, so it didn't matter who Mo Yang was, and said, "I want to know something about Han 3000, do you know what he's been doing lately?"

Didn't Han Qianxiang leave Cloud City and not come back yet?

"Miss Su, you're his wife, you don't even know what he's doing, so how would we know." Mo Yang said.

Su Yingxia knew that if she simply wanted to ask them about Han Qianxiang, she definitely couldn't, so she could only tell them everything about last night first.

When Mo Yang heard this, his expression instantly became serious.

Previously Han 3000 had said something inexplicable to him, I'm not like me, I'm not me, at that time Mo Yang was so confused that he couldn't understand it at all.

But now Mo Yang somewhat understood why Han Qianqian said such words.

Cloud City, there would actually be a person exactly like him appearing!

"Miss Su, are you sure that he's not Han Qianli?" Mo Yang asked, although he also felt that Han Qianqian would not force Su Yingxia, but man, that stuff is on the brain, there's no telling.

"En." Su Yingxia nodded her head heavily, she could be 100% sure of this, and said, "He said that I haven't slept with him yet, and the him on his lips should be referring to Han 3000."

Mo Yang took a deep breath, what kind of f*cking drama was this.

"By the way, Han 3000 once gave me a saying, I have no place on earth, a bottle comes to be the master of Heng Shan. This sentence can be used to verify his identity, you say the first half of the sentence, if he can't pick up the second half, he's definitely not Han Three Thousand." Mo Yang said.

Su Yingxia asked in confusion, "Did he deliberately give you that before he left?"

Mo Yang nodded his head, it seemed that Han Qianqian had already predicted that something like this would happen, that's why he had mentioned him before, this brat, however, had a bit of an unpredictable ability.

But he knew it would happen, so why wouldn't he want to find a way to avoid it?

Su Yingxia immediately pulled out her phone and dialed Han Qianqian's number.

Han Jun came to Cloud City in order to completely change his identity to Han Qianqian, so naturally, he took Han Qianqian's phone.

When the phone was connected, Su Yingxia thumbed down the amplified build and said, "I have no place on earth."

"Have you figured out that you plan to sleep with me?" How could Han Jun understand what this meant, was enjoying the personal service of the two women around him, but these vulgarities were still a bit different compared to Su Yingxia, so he was more willing to use his energy on Su Yingxia.

Su Yingxia, Mo Yang, Lin Yong three faces changed dramatically, he could not answer, definitely not Han 3000.

Su Yingxia seemed scared and hung up the phone in a panic, saying to Mo Yang, "He's not Han 3000, what should we do now?"

Mo Yang also found it tricky to face this question, who is this person, where did Han Marchant go, why did he pretend to be Han Marchant, this series of questions instantly turned Mo Yang's entire brain into a paste.

"Boss Mo, how about just arresting and torturing him?" Lin Yong suggested.

Mo Yang shook his head without hesitation, it was simple to catch, but if Han 3,000 was in the other party's hands, it was very likely that it would be fatal to Han 3,000 if they were caught off guard, and now that they didn't know the other party's purpose, how could they act easily?

"Since Han 3000 had foreseen this happening long ago, he should still have a secret arrangement, we'd better do nothing to avoid ruining Han 3000's plan." Mo Yang said.

Lin Yong nodded, the fact that Han 3,000 was able to leave those people behind for Mo Yang did show that he had foreseen something, and since he had foreseen it, there would definitely be measures to deal with it.

"It seems that we can only wait and see what happens now." Lin Yong said.

Mo Yang looked at Su Yingxia, after last night's incident, it was a very dangerous thing for Su Yingxia to continue to stay with the fake Han Giang, but he treated Su Yingxia as his brother-in-law, he must not let anything happen to her.

"Miss Su, this person is very dangerous for you, if you trust us, you can stay here." Mo Yang said.

Su Yingxia knew that living in the villa would be dangerous, but after all, Mordor was a less than glamorous occasion, and she was a woman, living with a group of grown men was definitely not a good idea.

"No need, I have a good sister, I can go stay at her house recently." Su Yingxia said.

Mo Yang nodded and said, "That's fine, but I'll have someone protect you during this time, I hope Miss Su will agree."

Su Yingxia was faintly appalled inside, it was as she thought, Han Giang had an extraordinary relationship with these people, and it looked like he was lying to her when he said he would spend money to get Lin Yong's help.

But why was he so powerful? Why did even Lin Yong have to give him face?

Chapter 145

When Shen Lingyao learns that Su Yingxia is coming to stay at her home for a few days, she is very surprised, because she has only been earnestly persuading Su Yingxia to satisfy Han Marchant's needs in that area, and she even wants to move out of the villa, isn't that even colder to Han Marchant?

After pursuing the question on the phone also didn't get any results, Shen Ling Yao could only clean the house.

It wasn't long before Su Yingxia appeared with her luggage, large bags and small bags, looking desperate at Shen Ling Yao's face.

It's not that she's afraid of being disturbed by Su Yingxia, but Su Yingxia is doing this, doesn't she care at all about the relationship between her and Han Qianqian?

"Ying Xia, are you planning to stay with me for a long time? What happened?" Shen Lingyao asked.

Su Yingxia knew a lot about this sister's temper, and if she didn't give her the truth, she would definitely break the casserole to the end.

"Do you believe that in this world, there are people who look exactly the same?" Su Yingxia said.

"Twins ah, what's not to believe." Shen Lingyao said.

Su Yingxia's heart was shaken, whether it was her, or Mo Yang Lin Yong, they were only guessing who this person who suddenly appeared was, but completely ignored the reason for looking the same, being told so by Shen Lingyao, Su Yingxia was enlightened.

Twins!

Could it be that Han Sangsan had an older or younger brother!

Seeing Su Yingxia suddenly stunned, Shen Lingyao said in confusion, "What are you doing, why are you suddenly stunned."

Su Yingxia took a deep breath and said, "The Han 3000 at home now, not Han 3000."

"Not Han 3000, what do you mean." Shen Lingyao was puzzled.

"Perhaps, he could be Han Three Thousand's twin brother or younger brother." Su Yingxia said.

Shen Lingyao was stunned, not Han 3000, but his twin brother?

Considering yesterday's situation, Shen Ling Yao could indeed sense a huge change in Han Marchant, especially since it wasn't at all Han Marchant's fault for letting her go to her room!

No wonder, they're not even the same person!

"Damn, what's going on, how come Han 3000 suddenly has an identical brother, and he's pretending to be Han 3000?" Shen Ling Yao was completely overturned in her perception, having twin brothers was not surprising, but why did he appear in Cloud City using Han Qianqian's name? And he even used Han Giang's name to try to have sex with her.

Su Yingxia shook her head and said, "I don't know, but he should have a way to be able to solve it."

As Mo Yang said, he predicted in advance that there would definitely be another plan, and for the sake of Han Three Thousand's safety, he couldn't be caught off guard.

"How do I feel, like something big is about to happen?" Shen Lingyao's heartbeat suddenly accelerated.

Su Yingxia also thought so, who exactly was Han 3,000, no one in the Su family knew, what kind of background he used, why did his grandfather insist on letting him join the Su family in the first place, all were mysteries, Su Yingxia had a hidden feeling that through this incident, perhaps some secrets about Han 3,000 could be known.

Yanjing Qin City.

The third day of Earth Rat's imprisonment was also the deadline given to him by Han Third Thousand.

Out of his knowledge of Qin City, the gopher gave Han 3000 two plans, but since he was famous, he couldn't participate in this plan or the chances of being discovered would become much higher, so he only gave Han 3000 a detailed description of how to get out of here.

"That's all I can do, if you can't get out, you can't blame me, this is Qin City after all, and with countless pairs of eyes watching me every day, there's no other good way for me to do it." Gopher said.

"What about you?" Han Giangli asked.

The gopher laughed and said, "It's a rare visit, and I'd like to stay a little longer, after all, this is the highest spec prison."

There was probably no one else other than the gopher who could make prison a fun thing to do.

Han Giangli kept every word the gopher said in mind, and when he returned to the big room after the release was over, he began to think seriously about it.

As the boss of the big room, Guan Yong used to be the part of people giving him massages, but now, every time the release was over, he was the one who personally gave Han 3000 a massage.

In Guan Yong's heart there had always been a doubt, how could Han Jun have suddenly undergone a drastic change, a complete change of person, different temperament, different skills, even he also suspected that the original Han Jun had been switched.

But he didn't dare to say such things casually, he didn't know how many people he had used to do this, and if outsiders knew of his suspicions, he probably wouldn't live long.

"Boss Han, how's the force?" Guan Yong asked shyly.

"I'll probably miss your massage when I get out." Han Qianli smiled.

Get out!

A cold sweat instantly appeared on Guan Yong's forehead, his sentence was ten years, wouldn't it be a little too early to tell?

"Guan Yong, I still don't know what you've committed to clear in here, you haven't done much harm, have you?" Han Qianli asked with interest.

Guan Yong accosted with a smile and said, "It's not really that big of a deal, I started a gang myself, grey in nature."

Han Qianli's eyebrows raised, not realizing that Guan Yong was still a boss-level figure, but it looked like the eventfulness had faded after quite a few years off.

It would be a good pawn to have the chance to fish him out.

As night fell and the people in the large room slept, Han Qianxiang quietly rose to his feet.

At the same time, within the Han family compound, Nangong Qianqiu also had some plans against Han Qianxiang.

In the past few days, Nangong Qianqiu had severe insomnia, and when she closed her eyes, she would see the miserable state of the Han family after the deeds were revealed, which made her more and more disturbed, and it could be said that as long as Han Three Thousand Year didn't die, she wouldn't be able to feel at ease for a day.

Nangong Qianqiu was already making plans to arrange for someone to enter Qin City and directly kill Han Third Thousand because she couldn't wait any longer and couldn't bear the torment any longer.

For the sake of Han Jun, she would do anything, because in her eyes, the only way to hold up the future of the Han family was to rely on Han Jun.

The face of the emperor, this was a sign from the heavens, and no one could change it.

The door pushed open and a man dressed in corseted black clothes entered the room.

Nangong Qianqiu looked calm and said, "Murder, Han 3000, within two days."

The black-clothed man didn't say much, nodded and left.

Killing her own grandson, Nangong Qianqiu didn't hesitate in the slightest, iron-hearted to the extreme, enough to see how low Han Qianqiang's status was in her heart.

After the black-clothed man left, a person that Nangong Qianqiu had never expected appeared.

Yan Jun.

Nangong Qianqiu knew that Yan Jun had been secretly helping Han Qianqian, but after all these years, that loser still hadn't accomplished anything and was still a well-known wimp in Cloud City.

"Do you still want to speak for him?" Nangong Qianqiu said coldly.

Yan Jun shook his head and said indifferently, "I said that I won't interfere with any side, but are you so convinced that Han Jun is the one who possesses the face of an emperor?"

Nangong Qianqiu sneered out and said, "Is there anything to question, as long as you have eyes, you can see that Han Jun is even better than that trash Han Qianqiang."

"You're only willing to look at Han Jun, never resting your eyes on Han Qianxiang, so what if you have eyes?" Yan Jun said.

Nangong Qianqiu's face changed, filled with coldness, and said, "Are you cornering me to scold me for being blind and opening my eyes?"

"Have you ever wondered what if that priest, who was paid off in the first place, what if someone was secretly trying to destroy the Han family?" Yan Jun said.

"Hahahahahaha." Nangong Qianqiu suddenly laughed and said, "There are indeed many enemies of the Han family, but who has the leisure to use more than a decade to frame the Han family in such a ridiculous way? I know you value Han 3,000 more, but don't forget that you're just the Han family's bodyguard, and the fact that you do, means nothing."

"I have to admit, the Han family is a big tree, it's not easy to bring it down, more than ten years is nothing, I hope you won't regret your decision." Yan Jun said.

"Yan Jun, you can watch, the Han family will go to the next level in Han Jun's hands, my decision can never be wrong." Nangong Qianqiu gritted her teeth, even if it was wrong, how could this stubborn old lady admit her mistake? So the best way to kill Han Qianqiu was no longer right or wrong, and the Han family would no longer be threatened by this matter.

At that moment, the door was opened once again, and Nangong Qianqiu instantly looked terrified!
