

His True Colors Chapter 1491-1500

Chapter 1491

The word "bullsh*t" completely ignited Yan Nangui, causing his last ounce of patience to break through the limit.

An enraged Nan Gui Yan stood up, and due to kneeling down for too long, his legs went numb, and then he fell back to the ground, but this did not affect Nan Yan Gui's momentum in the slightest.

"Han Qianqian, you are ignoring my Yan family like this, do you really think the Yan family is easy to bully?" Yan Nanjiu gritted his teeth and said.

"Isn't it? You don't really think that I would take the Yan family seriously." Han Qianqiang asked to Yan Nangui, surprised.

Yan Nangui was so furious that his expression had become fierce, and he thought that Han Qianqian would have to compromise on the Yan family's face by kneeling down.

But the result was unexpected, Han Qianqian's arrogant attitude did not put the Yan family in his eyes at all, and in this situation, his kneeling was meaningless.

"Han Qianqian, I will definitely make you regret it," Yan Nangui said.

"I hope it will come sooner, or I'm afraid you won't have the chance." After saying that, Han Qianqian opened the door and entered the villa.

Yan Nangui was nearly out of breath, trembling, and stood up, leaving with anger.

There was only one person in the house, Qi Yiyun, and although Han Qianqian had asked Qi Yiyun to leave, Qi Yiyun deliberately forgot about it after that day and pretended that nothing had happened.

"Do you know how much power the Yan family has?" Qi Yiyun asked Han Qianqian.

Han 3,000 yuan did not go to understand the Yan family, but with ass thought also know that the Yan family background is powerful, otherwise, so many people who came to seek medical treatment, why only Yan Cansan dared to turn against him.

But this kind of power, based on the earth's mundane, is meaningless to Han Qianqian, a divine realm person.

"I don't need to know because I didn't put the Yan family in my eyes." Han Qianqian said indifferently.

"Aren't you afraid to pay the price for being so arrogant? As far as I know, several of Yan Bingsan's protégés are of pivotal importance, and one word from them could very well destroy the Han family." Chi Yi Yun kindly reminded.

"You don't need to concern yourself with my affairs, you'd better think about when to leave." Han Qiangiang said.

Hearing this, Qi Yiyun clenched her teeth, she had meant to remind Han Qianli with good intentions, but didn't expect Han Qianli to be so unreasonable, completely ignoring her good intentions.

"You're not afraid of yourself, aren't you afraid of getting the people around you into trouble? If Yan Bingsan really wants to deal with you, he won't even spare the Su family," said Qi Yiyun. Qi Yi Yun said.

Hearing the word Su family, Han Qianli's expression darkened, the life and death of other people in the Su family, Han Qianli does not care, but if someone wants to hurt Su Yingxia, Han Qianli will definitely let him know what cruelty is.

"Maybe you don't understand what it means to be capable of being fearless, but since I dare not put the Yan family in my eyes, I naturally have the ability to protect Su Yingxia, so I don't need you to worry." Han Qianqian said.

Qi Yiyun suddenly laughed helplessly, she had seen many arrogant and domineering people, but she had never seen anyone who could be arrogant to the extent of Han Qianqian.

"I hope you don't have a day of regret."

Han Qianqian didn't speak any more and went back to his room, whether he would regret it or not, he knew very well.

Of course, Qi Yiyun was worried about him, and Han 3,000 knew in his heart that it was Qi Yiyun's concern for him, but this concern, Han 3,000 did not want to accept, or else he would feel that he owed more and more to Qi Yiyun.

On the phone, Han called Twelve Knives back.

Originally, Knife Twelve was in the process of clearing out those who looked at him unpleasantly, but after receiving the call from Han 3,000, he immediately dropped everything in his hands.

In the past few days since Han 3,000 left, Twelve Knives has eliminated many opponents, making him famous in the Dao of Yuncheng, but there are always some guys who want to take advantage of Mo Yang's abdication, so Twelve Knives has been having a lot of trouble lately.

In a hurry to return to the hillside villa, Han Qianli smelled a smell of blood from Knife Twelve from afar, which means that Knife Twelve hasn't hurt many people recently.

"Just leave the affairs of the road to your men, you don't need to show up yourself." Han Qianli said.

"I prefer to do it myself, my presence can solve the problem more simply and directly." Blade Twelve said.

"Although that's true, you have to understand that we'll eventually leave everything here behind, so there's not much point in wasting your energy now." Han 3,000 said.

Blade Twelve shook his head repeatedly and said, "I like this feeling, I'm a killer after all."

Han Qianli helplessly rolled his eyes, feeling that this guy wasn't trying to do a good job, but was satisfying his own selfish desires ah, which left Han Qianli speechless.

Taking out a sacred chestnut, Han 3,000 said to Knife Twelve, "Eat it."

Knife Twelve took it without hesitation and threw it into his mouth, before asking Han Qianli, "What is this?"

"Poison, if you eat it, all your organs will fester." Han Qianli said casually.

Chapter 1492

Knife Twelve's reaction was completely different from that of the next oldest. Even when he heard Han Qianli say that, he did not show the slightest hesitation, and his eyes did not change at all, because he absolutely believed in Han Qianli.

After eating it, Knife Twelve also said, "It tastes good, but it's a pity it's too little water."

"Really not afraid that this is poisonous?" Han Qianli asked curiously.

Knife Twelve shook his head in a light-hearted manner and said, "This life of mine is yours, if you want me to die, I'll die with no regrets, even if it's really poison, so what."

Han Giangli patted Knife Twelve's shoulder, this guy's character is so straightforward, as long as he chooses to believe in someone, he won't have the slightest doubt.

Of course, it wasn't easy to get Knife Twelve to believe one hundred percent, and in this world, probably only Han Three Thousand was able to do that.

"Sit down and quietly feel the power changes in your body." Han 3,000 said to Blade 12.

The power of the Sacred Chestnut could quickly increase the strength of the eater, but it also required the eater to absorb as much of the Sacred Chestnut power as possible.

On the other hand, Yan Nanji returned to the hospital with a gloomy face.

For the past few days, Yan Cansan had been looking forward to Yan Nangui's return, hoping all the more that Yan Nangui would bring him back good news, because Chen Guang's recovery made Yan Cansan see his chance, and he had a strong desire to hope that Han Giang could help him cure his illness.

However, when Yan Cansan saw the expression on Yan Nangui's face, he knew that Yan Nangui did not make it happen.

"Didn't I tell you that if things didn't work out, you didn't have to come back to see me?" Yan Bingsan gritted his teeth and said, "His body can't resist for too long, which means that if one day passes, his chance of healing will be one less.

How could he be willing to face death when he had a chance to live?

"Grandpa, I've tried my best, but he doesn't give a damn about the Yan family," Yan Nangui said.

"Tried my best? If you really tried your best to do that, you should have brought Han Qianqian." Yan Cansan said with an annoyed face.

Yan Nanqui knew that his grandfather didn't want to die, and likewise, he didn't want Yan Cansan to die, because regarding his future, Yan Cansan hadn't made any arrangements at all.

But in this situation, there was nothing Yan Nanqui could do, he kneeled down, and kneeled for two whole days, but so what, Han Qianli did not take this matter into his eyes at all.

No matter what he did, it was useless, and Yan Nangui did not want to be humiliated by Han Qianqiang again.

"I've tried everything I can do." Yan Nangui said with his head down.

Yan Cansan was so furious that his face was hideous, a dying man, faced with the chance to continue living, in fact, he had already lost his mind, he blamed all the blame for such an outcome on Nan Yan Gui, but a large part of the reason for such a consequence was related to him.

If he hadn't been so overbearing, he would have gone to meet Han Qianqian.

If he hadn't used the Han family as a threat in front of Han Qianxiang, the relationship between him and Han Qianxiang wouldn't have come to such a pass.

Yan Cansan walked out of the ward in a rage and went next door.

Although Chen Guang had temporarily recovered from his illness, he was not discharged from the hospital, but underwent a series of examinations to ensure that his body had returned to normal conditions.

Of course, although he had indeed recovered from his illness from a medical point of view, Chen Guang did not dare to forget Han Qianqian's words in the slightest.

He knew that if Han Qianqian was capable of curing him, he was absolutely capable of making him sick again a year later.

"Yan Cansan, what are you doing barging into my hospital room?" Seeing Yan Bingsan, Chen Guang asked curiously.

Yan Bingsan took a deep breath, his desire to survive was so strong that he could no longer care about the fact that he was standing in front of a long-time opponent, and said to Chen Guang, "Help me, let Han Qianli save me, whatever you want, I will give you."

When Chen Guang heard this, he couldn't help but smile. This old thing was actually willing to bow before him, which Chen Guang had never expected.

But then he thought, "He's going to die, so what's the point of saving face?"

The most important thing is to be able to live.

Unfortunately, Chen Guang could not help Yan Bingsan in this matter, so how could he ask Han Qianqian to cure Yan Bingsan?

"Yan Bingsan, you don't think I'm qualified to order Han 3,000, do you?" Chen Guang said, "Chen Guang is not qualified to treat Han Qianyuan."

Yan Cansan's face was extremely ugly, of course he knew that Chen Guang was not qualified, after all, he was also based on certain conditions that he had promised Han Qianqian, Han Qianqian would treat him.

But Yan Cansan has no other way, now he is in a desperate situation, as long as there is a little possibility, he wants to try.

"You try, you try to put in a good word for me, as long as he's willing to save me, I'll give you anything." Yan Cansan said.

The status and power, at this moment in Yan Cansan's eyes, are all just floating clouds, and after working hard all his life, only at this moment did Yan Cansan understand what is really important.

Living, only living is the most important thing!

There is nothing in this world better than living, because once a person dies, there is nothing left.

Chen Guang's heart actually felt some sympathy for Yan Bingsan, because he could understand his feelings, as his previous condition was more serious than Yan Bingsan's, and he was closer to death, so he could understand the feelings of facing death.

"I can't help you, and I'm not qualified to speak well for you in front of him, and I won't lie to you, he's willing to save me because I promised him that I would deal with the Yan family, and I'm no different than a servant in front of him." Chen Guang said.

Although Yan Cansan had already guessed this point, when Chen Guang said it, he still found it hard to accept it inside.

He had contributed to Chen Guang's recovery, but he had not gotten any benefit, and Chen Guang had to deal with the Yan family, is there anything worse than this?

"If you hadn't been so impatient to find him, perhaps the outcome of this matter would have been completely different, but unfortunately, your recklessness caused everything that's happening now, and no one can do anything about it." Chen Guang continued.

Yan Cansan's expression suddenly became fierce, angrily pointed at Chen Guang and said, "Are you lecturing me, what qualifications do you have to lecture me, Chen Guang, don't think that you can deal with the Yan family just because you've recovered from your illness, as long as I, Yan Cansan, still have my breath, I will never let you have your way."

"Chen Guang, even if I die, I'll pull you along as a companion."

Hearing these words, Chen Guang helplessly laughed, this old thing, even if he were to die, he would not be at peace ah.

Chapter 1493

When Knife 12 calmly absorbed the power brought by the Holy Chestnut, Han Qianli also stayed by the side, because there was another power in Knife 12, Han Qianli was worried that the two powers would repel each other and cause harm to Knife 12's body, so he didn't dare to be slack and stayed by Knife 12's side to avoid any accidents.

At this time, Fei Lingsheng came uninvited and walked directly into Blade Twelve's room, with a strange color in his eyes.

"Fei Lingsheng, you are becoming more and more impolite, can't you even knock before entering the door?" Han Qianqian said coldly, now is the critical period of Blade Twelve, cannot be influenced by any factor, and Fei Lingsheng's intrusion will obviously have some effect on Blade Twelve.

Fei Lingsheng didn't say anything, but stared at Blade Twelve with a deadly stare.

With her Extreme Master realm, she could easily feel the two forces within Blade Twelve's body.

One of them was the one he had gotten at the Black Sheep Organization's headquarters island, while the other power, although Fei Lingsheng didn't know where it came from, but the familiarity was very strong, exactly the same as the power of Xuanyuan World.

This made Fei Lingsheng wonder, how could Blade 12's physical ability have the power of Xuanyuan World?

"Did you pass on your power to him?" Fei Lingsheng asked in confusion.

"You're a powerful person in the Extreme Master realm, don't you understand the damage this way will do to him?" Han Qianli said indifferently.

"With the power of your God Realm, his body will not be able to withstand it and will surely explode and die." Fei Lingsheng said.

Han Qiangli was able to harness the power of the divine realm because his bones had already been completely changed, and he had been baptized by heavenly thunder when he was in Xuanyuan World, so he was perfectly able to harness it.

But Blade Twelve is different, a mortal body attempting to harness the power of the God Realm, which is not a bit different from seeking death.

"If you know, then how could you say such a stupid thing," Han Giangli said.

Fei Lingsheng also knew it was impossible, but she couldn't figure out why Blade Twelve suddenly possessed the power of the Xuanyuan World and was so strong, so that was all she could think about.

"If it has nothing to do with you, why did he become like this?"

After a pause, Fei Lingsheng continued, "If he is able to absorb this power, it is very likely that he will directly reach the strength of the Five Lamps Realm, a realm span that even I have never achieved."

"You?" Han Qianqiang smiled faintly and said, "Why should I compare you, are you great?"

Fei Lingsheng knew that she wasn't as strong as Han Qianqian, but her talent was unique in the Xuanyuan world, and she was definitely the youngest person in the Xuanyuan world to reach the age of Extreme Master, bar none, which was why she was comparing herself to him.

"I created the youngest age in the Xuanyuan world to reach the Extreme Master realm, and that alone is enough to show my talent, I am certainly qualified to compare myself with him." Fei Lingsheng said.

Han Qianqian didn't deny this, because he had learned about it, and Fei Lingsheng was indeed the most talented Extreme Master realm powerhouse.

It was a pity that even with talent, he couldn't improve faster than a Sacred Chestnut.

"Sacred Chestnut." Han Qianli said.

Fei Lingsheng turned her head to look at Han Qianqian, knowing that she had coveted Han Qianqian's Sacred Chestnut when she was with him in Xuanyuan World.

After Han Three Thousand's rebirth, Fei Lingsheng had thought that Han Three Thousand no longer had it, but he still had it!

"You still have the Holy Chestnut!" Fei Lingsheng asked in surprise.

"Is it strange?" Han Qianli asked rhetorically.

"When you were struck by heavenly lightning in the Dark Forest, how could the Sacred Chestnut be intact?" Fei Lingsheng said.

Han Qianqiang couldn't let Fei Lingsheng know that the Sacred Chestnut came from Earth, or else she would definitely make a scene in the apocalypse, and those people in the apocalypse were absolutely incapable of stopping Fei Lingsheng.

"Sacred Chestnut is a holy relic, so how could it be destroyed by heavenly thunder? You can only say that you underestimate Sacred Chestnut." Han Qianli said with a smile.

Sacred Chestnut was something legendary to Fei Lingsheng, and she didn't really own it, so she really couldn't be sure if it would be destroyed by heavenly thunder.

But now one thing was certain, since Han Qianli still possessed the Sacred Chestnut, her quest for the Divine Realm was even further along.

"Make a condition." Fei Lingsheng said to Han Qianqian.

Han Qianli smiled, this woman had been greedy for his Sacred Chestnut when she was in Xuanyuan World, and now that she knew that she still had it, she definitely wouldn't miss such an opportunity.

Of course, Han Qianli still had many Sacred Chestnuts, but whether to give them to Fei Lingsheng was a big question.

"Do you want to use the Sacred Chestnut to reach the God Realm?" Han Qianli asked.

Fei Lingsheng didn't hide his desire and said, "The power that Holy Chestnut possesses can definitely make me stronger, and above the Extreme Master is the Divine Realm.

Chapter 1494

Fei Lingsheng's words made Han Qianqian's eyes flicker with disdain, she might have thought that the God Realm was too simple.

"You're thinking too simply, the power of the Holy Chestnut is simply insignificant to you and doesn't enhance your strength," Han Qianqian said.

Fei Lingsheng didn't believe Han Qianli's words at all, because in her opinion, Han Qianli was able to reach the God Realm because he ate the Sacred Chestnut.

Otherwise, how could he have reached the legendary God Realm?

Fei Lingsheng was unwilling to believe it even if she had to say that it had nothing to do with Holy Chestnut.

"Are you afraid?" Ferrington said.

"Fear?" Han Qianli revealed a puzzled expression and said, "What are you afraid of?"

"I'm afraid that I've also reached the divine realm and that I can no longer be controlled." Fei Lingsheng said as if he was taking it for granted.

Han Qianli laughed out loud.

Would he be afraid of Fei Lingsheng?

In his eyes, Fei Lingsheng was just a mole, how could he be afraid?

"You are the one who ate the Sacred Chestnut so that you could become a strong God Realm, so you don't want to give it to me." Fei Lingsheng continued.

The reason why Han 3,000 was able to become so strong was related to the skeleton, and the second reason was the power of the divine axe on the island where the Black Sheep Organization was headquartered.

"Since you think so, I'll let you try." After speaking, Han Qianli threw out a sacred chestnut.

Fei Lingsheng was like a treasure, a holy object hidden in the deepest part of the Dark Forest, a holy object that could only be produced in the heart of the region that no one dared to approach, and she had finally obtained it today.

"I've already helped you set up the Spirit Formation, I'll find a place to close down, so don't disturb me during this time." After Fei Lingsheng said these words, he left Blade Twelve's convenience.

Han Qianli smiled helplessly, she had held too much hope for Holy Chestnut, and the disappointment that would eventually come would surely be a big blow to her.

But this had little to do with Han Qianli, as Fei Lingsheng was at most a servant to him.

Instead of caring about Fei Lingsheng, Han Qianxiang should have cared more about Blade Twelve's current situation.

The two forces had formed a standoff and repulsion within Blade Twelve's body, which meant that the two forces were not fused with each other.

It is equivalent to the fact that Han 3,000 spent three whole years trying to fuse the two forces together, during which his life was in danger after he died several times.

Although the two forces in Blade Twelve's body are much smaller than those in Han's, they are still too much for Blade Twelve's physique to bear.

Seeing that Blade Twelve was on the verge of not being able to hold on any longer, Han Qianqian had to take action to control the two strands of power running wildly through his body.

With Han Qianqian's power control, the two strands of power in Blade Twelve's body instantly calmed down quite a bit.

It took a whole night for Han Qianli to help Blade Twelve fuse the two strands together.

With the help of the Holy Chestnut, Blade Twelve's realm was directly raised to the Six-Light Realm, which was one level removed from the Five-Light Realm that Fei Lingsheng had mentioned.

When Knife Twelve opened his eyes, the first thing he said was to thank Han Qianli, because he could feel the change in the power in his body, and he knew that if Han Qianli hadn't done it, his body would not have been able to withstand the repulsion of the two forces.

"You've saved me again." Blade Twelve said.

"Didn't you say that this life of yours is mine, and since I didn't want you to die, you certainly don't have the right to die." Han Qianli said.

Knife Twelve accosted with a smile and said no more words of thanks.

At this time, Han 3,000 revealed a difficult expression, and Knife Twelve asked, "If there is anything you need my help with, just ask, I even own your life, what else can't I do for you."

"Help me figure out how to get Su Yingxia to live in the mountainside villa." Han Qianli said.

With the Spirit Formation, in order for Su Yingxia to cultivate, she had to be allowed to live in the mountainside villa.

But in Han Qianli's opinion, this proposal was too abrupt for Su Yingxia, and he simply didn't know how to ask.

"This" knife twelve also revealed a difficult color, after all, Su Yingxia and Han Qianli have not yet any relationship, suddenly let her live in the mountainside villa, indeed a bit too abrupt.

"I'll leave this to you, think it over for me." Han Three thousand directly handed over this headache to Knife Twelve.

Knife Twelve smiled bitterly, if the matter could be resolved by force, Knife Twelve would never speak again, even if he had to go up to the mountain of knives and down to the sea of fire, he was not afraid, but this matter made his brain hurt.

The reason why Han Qianli wanted Su Yingxia to come to the hillside villa was that he wanted her to cultivate gradually, and after all, such a thing as Sacred Chestnut is forcibly enhanced by external forces.

Chapter 1495

When Han Qianqian walked out of Dagger Twelve's room, she ran into Qi Yiyun, which made Han frown slightly, why did she appear here?

"I can help you," Qi Yi Yun said to Han Qianqian.

"Help me with what?" Han Qianli asked.

Qi Yiyun took a deep breath and said, "I can let Su Yingxia live in the mountainside villa, I'm the best excuse, he can't help you with anything."

Hearing these words, Han Qianqian's eyes instantly released killing intent.

Qi Yiyun was even listening to them at the door!

For Han Qianqian, this was something that was not allowed to happen, because there were too many hidden secrets about him, and if Qi Yiyun overheard it, once it was spread, it would definitely create a huge stir.

"How dare you eavesdrop on me!" Han Qianqian suddenly reached out her hand and strangled Qi Yiyun's neck to death.

The reason why Qi Yiyun took a deep breath before speaking was because she knew that eavesdropping on this matter would probably cause Han Qianqian's anger, but she had to do so in order to stay in the villa.

In Qi Yi Yun's heart, she really does not want to leave the hillside villa, and does not want to leave Han Qianyan, so as long as there is any way and opportunity, Qi Yi Yun will use it.

Even if this method, there is a high probability that she will be injured and hurt, Qi Yiyun will not hesitate to use it.

"I'm the only one who can help you, and I can be the best excuse." With the only breath left, Chi Yi Yun said these words.

Her face quickly reddened, and she was unable to breathe, but her eyes were extremely determined.

Han Giangli wanted to kill Yi Yun as easily as squeezing an ant, and there were countless ways he could destroy the body, but could he really do it?

Han Qianli couldn't do anything ruthlessly; after all, he owed Qi Yiyun too much, and if he killed her, his conscience would never be at peace.

Seeing Qi Yiyun's eyes turn wandering, Han Qianli finally let go of his hand.

Qi Yiyun, who had been given a chance to breathe, took a big gulp of fresh air.

"The next time something like this happens, I'll kill you." Han Qianli said coldly.

Did Qi Yiyun have any regrets inside?

No!

Even though her life was at stake, she still had no regrets, because this was her only chance to stay at the hillside villa.

"Don't you want me to help you? Do you really think that Knife Twelve can think of a better way?" Qi Yiyun said with difficulty.

Han Qianli sank to his knees and thought, although he had left this matter to Blade Twelve, he himself did not hold out much hope, after all, Blade Twelve could not find the perfect reason to let Su Yingxia stay at the mountainside villa.

And Qi Yiyun, indeed, is a very good choice, and with her and Su Yingxia's friendship, it's a perfect reason.

But before Su Yingxia expressed her preoccupation with Qi Yiyun, she hinted that Han Qianqiang had to deal with her relationship with Qi Yiyun, and how would Su Yingxia feel if Qi Yiyun was allowed to stay in the hillside villa again?

"No need." Han Qianli decisively refused, not wanting Su Yingxia's misunderstanding to grow deeper and deeper.

Qi Yiyun's expression despaired when she heard these three words.

"Do I have to go, I don't want anything, I just want to live here." Chi Yi Yun said with a face full of resignation.

"What I owe you, if there is a next life, I will pay you back." Han Qianli went back to his own room after saying this.

He indeed owed Qi Yiyun too much.

Whether it was before or after his rebirth, Han Qianqian could not deny his debt to Qi Yiyun.

But what could he do?

It is impossible for Han Qianli to do something wrong to Su Yingxia because of this debt.

Qi Yiyun froze in place for a long time, a hint of bitterness in her dazed expression, she knew that she had to go, there was no other choice, and although she was lost, she had to face this ending.

"Perhaps, I shouldn't have come to Cloud City to find you."

Qi Yiyun, full of loss, as if she had lost her soul, began to pack her own luggage, things have come to an end, she has no excuse to stay in the hillside villa.

She didn't show up until YiYun left, and Han QianQiang didn't show up.

However, Han 3,000 was surprised when a woman came to visit her.

Lan Jiang!

The woman who treated Han Qianqian like a dog and often trampled on her dignity before her rebirth, actually came to Han Qianqian's door.

After all, he still has no relationship with Su Yingxia, which means that the relationship between him and Jiang Lan is still a strange one.

"You must be Han Qianqian." Jiang Lan asked Han Qianqian with his head held high, still in the same superior posture.

Ever since Su Guoyao became the core pillar of the Su family company, Jiang Lan's status in the family has been gradually declining, Su Guoyao has the ability to make money, so he doesn't need to be scolded by Jiang Lan as a loser anymore, and at home, Jiang Lan doesn't dare to boss Su Guoyao around.

After all, with Su Guoyao's status, he doesn't need to keep his voice down, and with regard to women, he can replace Jiang Lan at any time if he has the money.

"What are you looking for me for?" Han Qianli asked in a cold voice.

Jiang Lan looked Han Qianqian up and down, and said, "You look like a man and a dog, I already know that you like my daughter, today I came here to see if you are qualified to be with my daughter."

The entire Su family is eager to worship him now, so why should Jiang Lan have the right to examine her?

And Han Qianqian's intuition told him that it was definitely not that simple for this woman to take the initiative to come to his door, because in Jiang Lan's eyes, there was only money, and she never cared about Su Yingxia's happiness.

"Just say what you have to say. You came to see me, not just to see me, right?" Han Qianli said.

"You're quite smart, if you can help me with one thing, I'll let Su Yingxia be with you, how about it?" Jiang Lan said.

"Who doesn't want Su Yingxia to be with me in the whole Su family? You don't think you're qualified to decide this matter, do you?" Han Qianli disdainfully said.

This spoke to Jiang Lan's pain, now she was indeed not qualified to decide who Su Yingxia was with, and her position in the family was no longer her turn to make such a decision.

But in front of Han Qianli, Jiang Lan would not admit it.

"I'm not qualified? If I'm not qualified, who is?" said Lan Jiang, "I gave birth to her ten months ago. Lan Jiang said.

Chapter 1496

Without Han Qianli's permission, Jiang Lan walked directly into the living room and sat on the sofa with her legs crossed, still in that high posture, as if Han Qianli was inferior.

"Put forward your conditions, and let me see what you want." Han Qianli said indifferently.

In fact, without asking this question, Han Qianli guessed what Jiang Lan wanted to do, because this woman only had money in her eyes, so what else could she come to him for but money?

It was just that Han Qianqian could not imagine the cheeky way Jiang Lan would express this matter.

"Give me a million, and I won't stop Su Yingxia from being with you." Jiang Lan said directly.

This woman is really impudent to the extreme, asking for money without any reason, and yet she can be so righteous.

"Would a million be too little, how about ten million?" Han Qianqian said, "Jiang Lan's eyelids jumped.

Jiang Lan's eyelids jumped, and she felt that one million was a little too much to ask.

Of course, the more money one has, the better, because after all, no one will be ashamed of having more money.

But Jiang Lan had a feeling that she was being tricked, how could Han Qianli give her so much money?

"Don't joke with me, if I stop you and Su Yingxia from being together, no one can stop you, I advise you to think carefully." Jiang Lan said.

"Joke? How can this be a joke? Ten million dollars is just a small amount of pocket money to me, isn't it a lot?" Han Qianqiang made a puzzled face and asked Jiang Lan.

Jiang Lan was confused.

What kind of rich man has he met?

Although she had heard that Han Qianqian was very powerful, she didn't expect Han Qianqian to be so rich and so fast.

The company was owned by Han Qianqian, and only a few people knew about it, which is why Jiang Lan was surprised.

If Jiang Lan knew that the investment in New Town was made by a company under Han Qianqian, she would probably think that 10 million was too little.

"When will you give it to me?" Jiang Lan asked with a look of urgency.

Su Guoyao doesn't give her much money except for a certain amount of living expenses, which makes it impossible for Jiang Lan to be generous in front of her sisters.

If she could get the 10 million RMB, she would have the right to pretend to be rich in front of her sisters.

Even now, Jiang Lan has already thought of how to impress the sisters.

"I have the money, but are you qualified to take it?" Han Qianqian said.

These words were like a pot of cold water, making the excited Jiang Lan instantly calm down.

"What do you mean, Han Qianqian, do you know who the person standing in front of you is, and how dare you play me?" Jiang Lan gritted her teeth and said.

"Who are you? You don't really think I care about you, do you?" Han Qianli sneered.

Shrew!

It's all about money!

These words made Jiang Lan instantly furious.

When she walked up to Han Qianqian, the ignorant Jiang Lan raised her hand, as if she wanted to teach Han Qianqian a lesson.

Once upon a time, Han Qianqian, who had bowed to Jiang Lan for three years in the Su family, was humiliated by Jiang Lan.

At that time, Han Qianqian did not want to compete with the world, nor did she want to cause any trouble to Su Yingxia because of her conflict with Jiang Lan.

But now it was different, Han Qianxiang didn't have to worry about that anymore, because he was arrogant enough to help Su Yingxia solve any problem.

When Jiang Lan waved her hand, Han Qianli grabbed Jiang Lan's wrist and said, "Shrew, this is not the place for you to be wild.

After saying that, Han Qianli shook off Jiang Lan's hand.

Because of her unstable center of gravity, Jiang Lan, who was thrown away, fell on her buttocks on the ground.

Such an outcome was something Jiang Lan never expected.

She thought she could extort a sum of money from Han Qianli by virtue of her identity as Su Yingxia's mother, but looking at Han Qianli's appearance, she didn't give a damn about her!

"Han Qianqian, you'll regret it sooner or later if you treat me like this. Jiang Lan exploded.

Scum!

Rubbish!

These words from Jiang Lan's mouth gave Han Qianqian a strong sense of familiarity. The images of being humiliated appeared in Han Qianqian's mind like a running horse, and they were extremely clear.

The image of being humiliated appeared in Han Qianqian's mind like a running lantern, and it was so clear that Han Qianqian could control his emotions well.

But in the face of Jiang Lan, he lost control of his emotions!

"Once you treated me as trash, and that was because I didn't care about you, but now, I'm a strong God Realm player, how can I allow you to humiliate me!"

As the words fell, Jiang Lan, who was sitting on the ground, suddenly floated up.

Jiang Lan's eyes were wide open, revealing an incredulous fear.

Jiang Lan, who didn't know what was happening, saw the anger in Han Qianli's eyes and began to tremble.

"What have you done to me!"

Chapter 1497

Han Qianqian's eyes were red, and the anger that had been pent up burst out at this moment.

In this world, only two people can provoke Han Qianqian, Nangong Qianqiu, and Jiang Lan, because these two people have brought too much humiliation to Han Qianqian, and the Han Qianqian before her rebirth was almost trampled by these two people.

"I want you to d i e." Han 3,000 gritted his teeth and uttered these words word for word.

Jiang Lan didn't understand what was happening, but the fear in her heart had climbed to its peak.

In Jiang Lan's eyes, at this moment, Han Qianli was like a demon.

And she didn't know why she was able to float in the air, so she was even more afraid!

"What the hell did you do to me, and why am I like this." Looking at herself hanging in the air, Jiang Lan was afraid, but she also wanted to figure out what this was all about.

Han Qianli smiled coldly and said, "This is the strength of a strong God Realm, and much more than that, do you still want to see more?"

Jiang Lan's head shook like a rattle drum, just this little bit, she could hardly stand it anymore, how could she have the courage to see more?

When Jiang Lan drifted in front of Han Qianqian, Han Qianqian's red eyes created even more psychological pressure on Jiang Lan, who was almost on the verge of collapse.

Just when Han Qianli couldn't control his anger and was about to kill Jiang Lan, the doorbell suddenly rang.

"It's Su Yingxia." Knife Twelve stood behind Han 3,000 and said, "It's Su Yingxia," he said.

He didn't stop Han 3,000 from making a move, because as long as it was someone Han wanted to kill, there was no reason for him to die.

But Su Yingxia appeared at that moment, so Knife Twelve had to remind Han 3,000.

Hearing the word Su Yingxia, Han Qianli's heart, which was burning with anger, instantly calmed down, and he regretted revealing his strength to Jiang Lan.

There were many ways for him to kill Jiang Lan, and he simply couldn't use such tactics.

With a bang, Jiang Lan fell to the ground.

Han Qianli walked to the door and opened it for Su Yingxia.

"Just now, Qi Yiyun called me and said she wanted to leave Cloud City." Su Yingxia said to Han Qianqian.

"I don't want any misunderstanding between her and I. It's for the best." Han Qianqian said.

Su Yingxia didn't say anything more, after all, she was the one who reminded Han Qianli.

"Yingxia, help me quickly." Jiang Lan's cries for help suddenly rang out in the living room.

A trace of surprise flashed across Su Yingxia's expression.

Before Su Yingxia could ask, Han Qianli took the initiative and said, "Your mother."

"Why is she here." Su Yingxia asked, puzzled.

"Go ask her." Han Qianqian said.

Su Yingxia walked quickly to the living room.

She saw a panicked Jiang Lan sitting on the floor, looking as if she had seen a ghost.

Ever since the time Jiang Lan ran away from home, Su Yingxia's feelings for Jiang Lan became even thinner, and even though she's back in the Su family now, Su Yingxia knows that she's not treated as a mother in her heart because of the money.

"What are you doing here?" Su Yingxia asked in a cold voice.

"Yingxia, he, he wants to kill me." Jiang Lan said, pointing at Han Qianqian.

Su Yingxia was not a fool, how could Han Qianqian kill Jiang Lan innocently without words, it was definitely Jiang Lan slandering Han Qianqian, and it was also a very strange thing that she would appear here.

"You still haven't told me why you're here." Su Yingxia continued to ask.

"Your mother is about to be killed by him, so why do you care about these unimportant things? You better see the real face of this guy, and definitely not be with him, or else he might even kill you in the future." Jiang Lan said.

Han Qianli smiled bitterly, this woman really knows how to seize all kinds of opportunities, and this is already warning Su Yingxia not to be with him, and threatening Su Yingxia in this way.

"What is she doing here?" Since she couldn't get a real answer from Jiang Lan, Su Yingxia had to turn to Han Qianqian and ask her.

"She came to negotiate with me as your mother, if I want to be with you, I have to pay her one million dollars, as long as the money is paid, she will not hinder, if not, she will prevent you from being with me." Han Qianli said truthfully.

Su Yingxia bit her back groove teeth, although this person in front of her is her birth mother, but she can even do this kind of thing for money, making Su Yingxia feel humiliated.

"You nonsense, when have I ever asked you for money, don't spew blood." Jiang Lan shrewdly defended herself, because she knew that if Su Yingxia knew about this, she would have even less status in the Su family in the future.

"There is surveillance in the living room, is it a bloody mouth, just look at the surveillance, do you need it?" Han Qianli said with a smile.

Han Qianli began to regret his words, because the surveillance camera captured the scene of Jiang Lan's offer of a million dollars, and must have also captured Jiang Lan's soaring into the air, so how would Han Qianli explain it if Su Yingxia saw it?

Chapter 1498

It was too late for Han Qianqian to regret, because Su Yingxia desperately wanted to know if Jiang Lan had said these things.

At this moment, Jiang Lan also showed an obvious panic, because she knew clearly what consequences it would cause once Su Yingxia knew about it.

If her position in the Su family, Su Guoyao will already not take her into account, and even treat her coldly, if she offends even this own daughter, then her future life will be even more difficult.

"Yingxia, he's lying, don't believe him." Jiang Lan panicked and said to Su Yingxia.

Su Yingxia didn't change her face and said, "Who is lying, just look at the CCTV."

After saying that, Su Yingxia turned to look at Han Qianqian and continued, "Take out the surveillance camera."

However, if Han Qianli didn't take out the surveillance, Su Yingxia would probably suspect him of slandering Jiang Lan, which would cause Su Yingxia to resent him.

After all, Su Yingxia doesn't have deep feelings for Han Qianqiang, which Han Qianqiang knows very well, while Jiang Lan, who is her mother, doesn't need to think too much about who is more important in Su Yingxia's heart.

"Do you really want to see it? Seeing the truth will only hurt you more," Han Giangli said.

"I want to see it." Su Yingxia said with a firm expression.

Han Qianli smiled helplessly, regretting his initial impulse at this point was pointless, and as such, Han Qianli could only face this matter.

"Alright, come with me." Han 3,000 said.

Han 3,000 and Su Yingxia walked side by side, while Jiang Lan was held down by Blade Twelve's shoulder and followed behind them in custody.

Jiang Lan's expression was undoubtedly desperate, for what Su Yingxia saw next would be the last straw that would crush the camel's back.

When Han Qianqian found the surveillance session where Jiang Lan said those words, Su Yingxia could clearly see how Jiang Lan said those words, and in what tone and attitude she said them.

It was a very difficult time for Su Yingxia because Jiang Lan was her mother, and she had done this for a million dollars.

As the surveillance video played, Han Giangli also got nervous, because soon it would be time for him to get angry, and if Su Yingxia saw that kind of scene, he wouldn't be able to find any way to solve it.

"Now you believe it," Han Qianqiang said to Su Yingxia, hoping to find a reason to turn off the video.

Su Yingxia stared at the replay without saying a word, and when Han Qianli tried to turn off the video, he was also pulled down by Su Yingxia.

"I want to see what else she's done." Su Yingxia said through gritted teeth.

Looking at Su Yingxia's determined expression, Han Qianli knew that it was impossible to turn off the video.

Su Yingxia's expression even had a sense of pleasure as she was filled with anger, just like Han Qianqian before her, and it would be great to teach Jiang Lan a lesson.

The next image made Su Yingxia look dumbfounded, even if it was Jiang Lan who had experienced it herself.

The only thing I saw in the video was that Lan Jiang inexplicably floated up into the air without the help of any external force, and without anyone approaching her at such a time.

It was already too late to stop it, but if Su Yingxia asked, she would have to tell him everything.

When the video played to Su Yingxia's appearance at the villa, Su Yingxia finally said, "Mom, in your eyes, I'm worth a million, right?".

Jiang Lan didn't dare to speak easily, because she knew how wrong she was in this matter, and if she was annoyed with Su Yingxia, she might be a maid in the Su family.

"In the past, you shouted at Dad and called him trash all day long. I hated you, but you are my birth mother after all, and I repeatedly told myself that you treated Dad badly, but at least you still treated me as your daughter. Su Yingxia continued.

Jiang Lan shook her head in panic and said, "Yingxia, it's not like that, it's not like that."

Su Yingxia pointed at the surveillance video and said through gritted teeth, "The facts are right in front of you, do you still want to deny them? Did those words not come out of your mouth?"

In her world, money comes first, even her own pregnant daughter is not as important as money.

"From now on, you don't expect me to call you mother again," Su Yingxia said.

These words made Jiang Lan's heart fall into an ice valley, and she, who already had no status in the Su family, could almost foresee what her future life would be like.

If even Su Yingxia didn't speak up for her at home, Su Guoyao would only get even more, and even Jiang Lan could foresee that she would be kicked out of the Su family and Su Guoyao would take another good wife.

"You come with me." After saying that to Jiang Lan, Su Yingxia looked at Han Qianqian again and said, "Han Qianqian didn't struggle at all.

Han Qiangiang didn't struggle at all, because he knew he would have to face it sooner or later, so he followed behind Su Yingxia.

Knife Twelve smiled helplessly, the scene just now was seen by Su Yingxia, it seems to be very difficult to conceal the fact and give Su Yingxia a satisfactory answer.

But in Knife 12's opinion, Han Qiangang can tell Su Yingxia the truth as soon as possible, which is not a bad thing, at least it can make Su Yingxia earlier recognition of their relationship, Han Qiang also does not have to worry about Su Yingxia was abducted by others, and also do not have to worry about the two of their feelings will change.

Su Yingxia took Han Qianqian and went directly to the second floor, which was empty and perfect for chatting about the mysterious images just now.

"No need for me to ask, you should know what I'm going to do, right?" Su Yingxia said.

Han Qianqian shrugged his shoulders and said, "You want to know what happened to Jiang Lan just now."

"A big living person, inexplicably floating in the air, with only you in front of her, and it has nothing to do with anyone but you." Su Yingxia's words made it impossible for Han Qianli to find any excuse to clear up the relationship.

Chapter 1499

Of course, Han Qianqian never thought of leaving himself out of the picture, but after Su Yingxia saw that scene, Han Qianqian had decided to tell Su Yingxia everything.

The reason why Han Qianqian is worried about this is because he is worried that Su Yingxia is too young and will be repelled by this kind of thing, which will cause Su Yingxia to deliberately stay away from him, which is because Han Qianqian values Su Yingxia so much that he is extra careful about this matter.

The company's main business is to provide a wide range of products and services, and to provide a wide range of products and services to customers.

As soon as Han Qianqian raised her right hand, Su Yingxia felt her legs leaving the ground and floating up with no weight at all.

Although she had witnessed such a thing once, Su Yingxia couldn't help but reveal a horrified expression when it really happened to her.

After taking a deep breath, Su Yingxia asked, "Is this magic?"

"Magic is all about coordination between the two parties, and that's just a blindfold." Han Qianli smiled faintly.

"If it's not magic, what else could it be?" Su Yingxia asked.

"In this world, there are many areas that you don't know about, for example, someone can practice, just like those mythical TV dramas, which to you are dramas and made up abilities, but to me, it's real and I have it myself." Han Qianli said.

The extent to which Su Yingxia's mouth opened completely expressed the extent of her horror.

Mythical TV series.

Flying to and from the earth, all-powerful!

Is this an ability that really exists in reality?

For a moment Su Yingxia couldn't believe it, but at this moment, she was indeed floating in the air, so she couldn't believe it.

"Are you an immortal?" Su Yingxia didn't know how to describe Han Three Thousand, and could only think of the word immortal.

"In a sense, I can indeed be called the god of this world, because in this world, no one is my rival, and I, too, have long ceased to belong to this world," Han Qianli said.

Su Yingxia took another deep breath and then heaved it out, because these words were a complete three-way reshaping for her.

Once Su Yingxia, who was an atheist, didn't believe in the existence of gods and demons in this world, but Han Qianli's appearance made her completely change her view on this matter.

"Since you no longer belong to this world, why do you still appear here?" Su Yingxia asked.

Han Qianli smiled without saying anything, and looked at Su Yingxia with gentle eyes.

Su Yingxia hesitated for a moment and said, "Because of me?"

Han Qianli nodded and said, "The future you are my wife, or you can say that the once was already my wife."

Again, future, again, once.

This paragraph directly confused Su Yingxia, who couldn't understand what Han Qianli was trying to say at all.

"I don't understand, what future, what once, this is not a time period at all, how can I become your wife in two periods." Su Yingxia said.

"Once, before I was reborn, I was already married to you at that time, and I had a very lovely daughter, as for the future, it's the rebirth of this life, I will still marry you as my wife." Han Qianqiang said.

These words could not be considered an explanation to Su Yingxia, because she could not understand them at all, and even became more and more confused.

The first time I saw her, I was so confused that I could only explain it to her, starting with what happened before I was reborn, like telling a story, and telling her everything.

This is the first time I've ever been to a school.

This included the Cloud City, and Han's visit to Xuanyuan World, and then the encounter with Su Yingxia after her rebirth.

After listening to the whole story, Su Yingxia understood some of the clues, which roughly meant that she and Han Qianqian were originally husband and wife, but because Han Qianqian dealt with the Linlong, there was an unknown effect, resulting in his rebirth at the age of fourteen, which is the current time period.

But to Su Yingxia, these words sounded like a mythical story.

"These aren't stories that you deliberately made up to pick up girls, are they?" Su Yingxia questioned.

Han three thousand full of bitter smile, used to pick up girls, which need such a complex and unreal story, with Han three thousand's money strength, just throw money on the line.

"If it's just a story, how can it be convincing?"

"If it's just a story, how can you float in the air?"

"If it's just a story, how could I have loved you until now."

Looking at Han Qianqian's eyes full of sincerity, Su Yingxia suddenly felt a hint of guilt, as if she felt that she shouldn't doubt Han Qianqian, because such a doubt would be a negation of their relationship.

"If that's the case, what do you plan to do next? Are you going back to Regulus?" Su Yingxia asked.

Chapter 1500

To return to Xuanyuan world is a must for Han 3,000 yuan, because sooner or later the Linlong will wake up, and once the Linlong retains its memory, even if Han 3,000 yuan does not go looking for it, it will come to Han 3,000 yuan, if the Linlong comes to Earth, this will be a devastating blow to the Earth, this is absolutely Han 3,000 yuan do not want to see, and do not want to happen.

But before that, Han 3,000 years old had to let Su Yingxia restore Fuyue's strength.

Next, Han 3,000 told Su Yingxia the story of Fuyue, and what Han 3,000 didn't expect was that Su Yingxia not only didn't reject the story, but was also very excited.

"If you say so, will I, in the future, be able to have the same abilities you have now?" Su Yingxia asked as if she couldn't wait.

"Of course." Han Giangli affirmed, Fuyan's strength did not reach the God Realm, but it was no inferior to the Extreme Master Realm powerhouses of Xuanyuan World.

Su Yingxia's eyes fluttered with a strange light, and besides excitement, there was also great anticipation.

"Then when will I have it?" Su Yingxia continued to ask.

Now Su Yingxia has not yet stopped her physical development, and Han Giang does not know if she will be able to absorb Fuyuki's ability well enough, and Han Giang is not sure if Su Yingxia will be able to get Fuyuki's ability without her body being affected.

"You're not yet an adult, and I'm worried that Fuyuki's ability will change your body," Han Three Thousand said.

"What should I do then, do I have to wait for a long time?" Su Yingxia was lost, she also can't wait to know what it's like to have this kind of extraordinary ability of Han 3,000, I didn't expect that she would need to be an adult, which will take several years.

In the heart of Han 3,000, he is not willing to wait, the Linlong is a big problem, can be solved as soon as possible to make him feel at ease.

"This villa, there is a spiritual formation that can be cultivated, if you are willing, you can move here and live here, it will allow you to cultivate gradually and let your body adapt slowly." Han Qianli said.

Su Yingxia looked at Han Qianli with a suspicious face and said, "You're not using this excuse to get me to live with you, are you? I'm not yet an adult, so how can you have those strange thoughts."

Han Qianqian panicked and quickly waved his hand, he has no strange ideas now, after all, once Han Qianqian and Su Yingxia shared the same room for three years without any intention of forcing Su Yingxia, how could he be anxious over such a matter.

"No no, you misunderstood, what I said is true, and even without this matter today, I would still find a way to let you live in the villa, because only here can one cultivate." Han Qianli quickly explained.

Seeing Han Qianli's inability to conceal her panic, Su Yingxia snapped, "Don't worry, I'm just joking with you, and if you really want to force me, with your ability, I can't resist."

It was so hard to know how to respond to this, but one thing was good news for Han Qianli, the rejection he was worried about before didn't seem to be happening to Su Yingxia at all.

"By the way, you said we still have a daughter." Su Yingxia suddenly asked.

Han 3000 nodded, this was something he hadn't been willing to think about because his rebirth had changed a lot, but almost everyone around him was there, except for his daughter, who had disappeared, and it was very likely that his rebirth had caused Han Nian to disappear directly into the world.

"Is she cute looking?" Su Yingxia asked curiously.

"Of course." Han Qianli replied without hesitation, in his heart, Han Nian was the cutest girl in the world, there was no doubt about it.

Su Yingxia bit her lip and said, "Then she, does she still exist now?"

This question made Han Qianqian take a deep breath, and her expression was particularly heavy as she said, "I don't know, but based on the current situation, she may not even exist anymore."

Su Yingxia muttered, in her opinion, this was quite a pity.

The reason why Su Yingxia didn't have the same sense of sadness as Han Qianli was because in this life, she hadn't met Han Nian, nor did she have any feelings for Han Nian, nor was there any mother-daughter love of that sort.

"I'm going home first." After Su Yingxia said that, she headed downstairs.

Han Qianli was stunned for a moment before quickly calling out to Su Yingxia, "This is the most suitable place for you to cultivate, don't you want to have my kind of ability?"

Su Yingxia turned around, made a face at Han Qianqian and said, "I have to stay here first, but I also have to go home and pack my clothes first.

After saying that, Su Yingxia directly ran away.

Han Qianqiang, who was stunned in place, laughed shortly afterwards.
