

His True Colors Chapter 1501-1510

Chapter 1501

Su Yingxia did not tell Su Guoyao about her move to the hillside villa because she knew that Su Guoyao would not resist it.

The surprise that exists between the two is only the attitude that is shown.

But while Su Yingxia was packing her bags, Su Guoyao just happened to go home early.

For the current Su Guoyao, every day even after leaving the company, he will have a lot of social engagements, often late at night before returning home, today is an exception.

"Yingxia, what are you doing?" Seeing Su Yingxia packing her luggage as if she was leaving her home made Su Guoyao a little bewildered.

"Move out." Su Yingxia said.

Su Guoyao's heart was tight, Su Yingxia is now the entire future of the Su family, what kind of status the Su family can reach in the future, and what kind of achievements he himself can achieve, is inextricably linked to Su Yingxia.

She moved out without any warning, could it be related to Jiang Lan?

"What's wrong, why are you suddenly moving out, did your mom tell you something?" Su Guoyao asked nervously.

Su Yingxia didn't think Su Guoyao would think otherwise, but this gave her a chance to test Su Guoyao, asking: "You are so nervous about me because I can bring more cooperation to the Su family, right? If there was no Han Qianqian, would you still care about me?"

"You're my daughter, of course I care about you, what does it have to do with Han Giang?" Su Guoyao didn't hesitate to say, this is indeed no lie, the father cares about his own daughter, it is reasonable, but to say that there is no relationship with Han Qianqian, this is a bit hypocritical.

The company's main business is to provide a wide range of products and services, including a full range of products and services, and a wide range of products and services.

"My mom went to see Han Qianqian today." Su Yingxia said.

Su Guoyao immediately frowned upon hearing this, this woman he has now completely disregarded, suffered for many years of oppression, now Su Guoyao can finally turn over a new leaf, naturally will not let Jiang Lan order.

"What does she want with Han Qianqian?" Su Guoyao asked in a deep voice.

"She threatened Han Qianqian, if she wanted to be with me, she had to give her a million dollars." Su Yingxia said.

Su Guoyao's eyes instantly revealed killing intent, threatening Han Qianqian?

Now the Su family can't wait to worship Han Qianqian as a god, and Jiang Lan is actually doing something behind the scenes to offend Han Qianqian.

"I've already given her face by letting her stay in the Su family, but I didn't expect that she would still find trouble for me." Su Guoyao gritted his teeth and said.

He carefully maintained his relationship with Han Qianqian, but Jiang Lan did this kind of thing, making it impossible for him to forgive Jiang Lan.

"I advise you, you'd better control your own wife, or else, resulting in unforgivable consequences, you just wait for regret." Su Yingxia's words seemed a bit desperate, but considering Su Yingxia's experience, it was not too much to ask.

The company's main business is to provide a wide range of products and services, and to provide a wide range of products and services to the public.

It's not just a matter of time, but also a matter of time.

How could such a selfish woman win Su Yingxia's affection?

"I know what to do, but where the hell are you going, not living at home, you have to tell Dad where you're going, you're just going out, Dad will be worried," Su Guoyao said.

Jiang Lan's matter, he has countless ways to deal with it, but Su Yingxia so go, let Su Guoyao can't help but panic, after all, the Su family's future is tied to Su Yingxia.

"Go to the hillside villa." Su Yingxia said.

Hillside villa!

These four words stunned Su Guoyao.

Wasn't that Han Qianqian's house?

So, Su Yingxia is moving into Han Qianqiang's house!

This is definitely a great thing for Su Guoyao, he doesn't care if Su Yingxia wants to live with Han Qianqian or not, and he won't even think about the fact that Su Yingxia is not suitable to do this at her young age.

In Su Guoyao's mind, there is only one thing, that is, Su Yingxia and Han Qianqian are finally together, after all, if they were not together, Su Yingxia would not be able to move to Han Qianqian's house.

"Daughter, you didn't lie to me, is this true?" Su Guoyao couldn't help but show his intense excitement.

"Are you so happy?" Su Yingxia asked.

"Of course, of course I'm happy." Su Guoyao said unabashedly, "Daughter, do you know how important your relationship with Han Qianli is to the Su family."

Su Yingxia smiled faintly, in Su Guoyao's eyes, after all, the interest was still greater than her daughter, which made Su Yingxia feel that it was a wise choice to move out.

Moreover, she was once Han Qianqian's wife, and living together some years earlier in this life is not a big problem.

More importantly, if she wanted to have Han Qianqian's ability, she had to cultivate in the hillside villa.

Although this story is very metaphysical to Su Yingxia, the facts are in front of her, Su Yingxia is willing to believe in Han Qianqian, and she also wishes to go to the other world with Han Qianqian earlier.

Once the curiosity starts, it's hard to contain it, and right now Su Yingxia can't wait to go to Xuanyuan World.

"I'm leaving, are you going to drive me?" Su Yingxia asked.

"Why not send it, of course I will send you." Su Guoyao said, immediately went out to drive.

"Sending a sheep to the tiger's mouth, and you're still so happy." Su Yingxia said with a sigh.

Su Guoyao didn't even hear what Su Yingxia was saying, he now has one thought, to quickly inform the old man of this matter, if the old man knows that Su Yingxia and Han Qianqian have confirmed their relationship, he will definitely be very happy, and the real power of the Su family will all be handed over to Su Guoyao.

The Su family company is now managed by Su Guoyao, but the real top decision is not in Su Guoyao's hands. Su Guoyao knows that the old man has been waiting for this day, until the matter can be confirmed without any hindrance, then the power will be handed over to him.

Chapter 1502

In the past few years, Su Guoyao has also met with Han Qiangliang after sending Su Yingxia to the hillside villa, but Han Qiangliang's attitude towards Su Guoyao is not like that of his father-in-law at all.

In the eyes of Han Qiang, Su Guoyao let Su Yingxia be with him because of his interests, and under such conditions, Su Guoyao is not worthy of Han Qiang's respect.

Of course, Su Guoyao doesn't care about this. He has been wasted for too long, and now that he finally has a position in the family because of Han Qiangli, how would he care about Han Qiangli's attitude towards him?

"Three-thousand, my daughter, from today on, I'll leave her in your care, you must take good care of her." Su Guoyao said to Han Qianqian.

Han Qianqian's expression was flat, without the slightest ripple and said, "There is nothing else, you can leave first."

Su Guoyao didn't expect to be evicted so soon. This hillside villa is a symbol of status, and he was hoping to have a meal at his future son-in-law's house, but now it seems impossible.

"Yes, yes, yes, I just have some contracts to deal with at home, so I'll leave first." Su Guoyao, who had found a step for himself, left directly after putting down his luggage.

Since then, Su Yingxia lived in the hillside villa, and Han Qianqian's daily task was to teach Su Yingxia how to vomit, and if she absorbed the outside world's spiritual energy into her own body, it would make her a real cultivator.

Half a month later, an unexpected person appeared at the mountainside villa.

The next old man.

With the Eight Lantern Realm, Next Elder was now an absolute powerhouse of the Apocalypse, and even the entire Three Houses combined would not be his match.

In Han 3,000's opinion, the next oldest person with such strong strength should stay in the Apocalypse and reorganize it.

The apocalypse was divided into four gates and three temples, which was actually a division of power, dividing the apocalypse, which was originally one rope, into two strands, a situation that led to the lack of concentration of the apocalypse's power, and if it really ushered in an invasion of Xuanyuan World, the apocalypse would definitely not be able to explode at the first time with its strongest power.

"The current apocalypse is split into two, you should stay in the apocalypse and reorganize the apocalypse under your own command, why did you come all this way to find me?" Han Qianqian asked the next old man.

The next old man coughed twice and was about to speak when Han Qianqian interrupted him.

"Are you injured?" Han Qianqian was surprised and asked, "There are strong fluctuations in the power of the second old man's body, and this is due to being agitated.

But how could anyone hurt the eight-lantern realm strength of the old man?

"Someone is coming from Xuanyuan World," the next old man said. The next old man said.

Han Qianqian suddenly stared at him!

Someone from Regulus World!

How is this possible!

The time and space tunnel from Xuanyuan World to Earth, in the deepest part of the Dark Forest, where the Lin Long resides, absolutely no one dares to break into this forbidden place, how could anyone come from Xuanyuan World?

And the fact that the visitor was able to reward the next old man meant that his realm was above the Eight Lantern Realm, which was even more unlikely.

From Han Qianqian's understanding of those strong people in Xuanyuan World, the more profound the realm, the more afraid of death they were, the less likely they would take such a big risk to come to Earth.

"Are you sure it's someone from the Xuanyuan World?" Han Qianqiang seriously asked the next old man, "In this world, apart from him, there is another person who can threaten the strength of the eight-lantern realm of the next old man, and that is Fei Lingsheng.

However, Fei Lingsheng had already gone into seclusion after getting the Sacred Chestnut, so it was reasonable for her to not break into the apocalypse for no reason.

Of course, there were exceptions to everything, and in case she had other ideas and thus chose to do so, it wasn't impossible.

"Yes, he appeared from the time tunnel and wounded the ten strongest people, and I was seriously wounded in just one look at him, but he didn't kill anyone." The next old man said.

"Was it a man or a woman?" Han 3,000 asked.

"It's a man." The next old man said.

Han Qianli shook his head, so it seemed that Fei Lingsheng was not the one who did it, but who would dare to break into the Earth at such a time? And how did he find the space tunnel?

This matter was not to be taken lightly by Han Qianli, because the one who could injure the old man was probably a strong man of the Nine Lanterns Realm, or even the Extreme Master Realm, and such a strong man came to Earth with the ability to do whatever he wanted, and once he unabashedly showed his ability, the Earth might be completely changed.

Han Qianli suddenly stomped on the ground with his left foot.

The next old man could clearly feel a power emitted from Han 3,000's body spreading outward.

This power was not lethal, but very powerful.

This was the most effective and convenient way for Han 3,000's consciousness to spread to find the strong man from Xuanyuan World.

And now that Han Three thousand has reached the real God realm, the spread of his consciousness can almost encompass the entire Yanxia, and as long as that guy is in the Yanxia realm, Han Three thousand's consciousness will definitely be able to feel his presence.

After a full ten minutes of time, Han 3,000 frowned, and there was no trace of that person in Yan Xia territory!

Chapter 1503

"How long has it been since he appeared?" Han Qiangli asked the next old man. Han Qianli asked to the next old man.

He was very confident in his consciousness, and since he couldn't feel that person's breath, he must not be in Yanxia, but Han Qianli couldn't figure out why he would leave.

"After I was injured, I came looking for you without stopping, but two days have passed," The next old man said.

"Two days was enough time for him to leave Yanxia." Han Qianli had a slight doubt, what was this man's purpose in coming to Earth, and why did he choose to leave Yanxia in the first place after he came?

Is it because he senses a presence greater than himself, or is it because there is some other purpose?

Regardless of the reason and what his purpose was, Han Qianqiang wanted to find him in the shortest possible time so that he wouldn't upset the balance of the Earth.

"Does the apocalypse have eyes and ears in other countries besides Yan Xia?" Han Qianqiang asked the next oldest.

"Under the apocalypse, there is an intelligence organization that is responsible for the world, called Skynet, and we use Skynet to collect global information," The next oldest said.

"Very well, mobilize Skynet with all your might, I want to know about every special event that happens in the world." Han Qianqiang said to the next oldest in a commanding tone.

The next oldest nodded and said, "I'll inform them."

When the next oldest gave the order to Skynet, he looked at the worried Han 3,000 and couldn't help but ask, "Master-Uncle Ancestor, the Xuanyuan World invaded the Earth, why was there only one person this time, they wouldn't have already had a thorough plan and just sent this person to test the situation."

Although he now had the strength of the Eight Lantern Realm, he was still vulnerable to that person, which almost made him anticipate what kind of damage the Xuanyuan World would do to the Earth if a large number of experts invaded.

More importantly, the current apocalypse was not as strong as it had been a hundred years ago, and it was almost impossible to stop the Xuanyuan World's powerful people from messing around on Earth.

Han Qianli was also pondering this question, but what the next old man said was almost impossible.

Xuanyuan World had also suffered heavy losses in the Hundred Years War, and now the entire Xuanyuan World, the three countries only had a single Extreme Master realm powerhouse each.

And after the Xuanyuan world was divided into three countries, the power has been divided a lot, no country has independent capital to invade the Earth.

"How exactly this matter is, only by catching it can we know." Han Giangli said.

The next old man didn't say anything more because he knew he couldn't help in this matter, so he didn't add to Han 3,000's troubles.

Since the old man was badly injured, Han 3,000 let him stay at the hillside villa, which was the only place where he could gather his spiritual energy, and healing here would be twice as effective for him.

In the end, it was the only place where Han 3,000 could gather spiritual energy, and it was only natural for him to have some men.

As for why the men are so old, it's not a question Su Yingxia wants to think about.

Two days later, Fei Lingsheng, who had been away for many days, also left.

Fei Lingsheng, who had been away for many days, also returned to the mountainside villa.

She thought that she would be able to approach the divine realm by getting the Sacred Chestnut, but she was undoubtedly disappointed.

Fei Lingsheng was very discouraged because she knew that no matter how much Sacred Chestnut she ate, it would not help her.

She used to think that Han Qianqian's breakthrough to the Divine Realm was entirely based on Holy Chestnut, but now she knew that she was very wrong, and that Han Qianqian's Divine Realm had nothing to do with Holy Chestnut at all.

"Now you're willing to believe me." Feeling Fei Lingsheng walk behind her, Han Qianli said with a smile.

Fei Lingsheng unabashedly sighed and said, "Sacred Chestnut is only useful to cultivators at a low realm, and the lower the realm, the more useful it is."

"I told you this long ago, but it's a pity you didn't want to believe it," Han Qianli said.

Fei Lingsheng walked over to Han Qianli, looked at Han Qianli with puzzled eyes, and asked, "Two days ago, I felt your consciousness, are you deliberately demonstrating your strength?"

Han Qianli smiled helplessly, he hadn't been bored to such a degree, and this kind of manifestation, ordinary people couldn't feel it either.

"Someone has come to Earth." Han Giangli said.

Fei Lingsheng didn't understand the true meaning of the words at first and said, "There are people everywhere on Earth, is it any wonder?"

"I mean, Xuanyuan World, someone came to Earth." Han Qianli continued.

Fei Lingsheng was dumbstruck!

People from the world of Xuanyuan have come to Earth!

Although she was also from Xuanyuan World, the way she came to Earth was related to Han Giang.

"You're not kidding, how could someone come to Earth, the time tunnel is in the forbidden land of the Dark Forest, even the strongest of the Extreme Master Realm wouldn't dare to trespass." Fei Lingsheng said in disbelief.

Chapter 1504

If it wasn't for the fact that the old man was seriously injured, Han 3,000 was unwilling to believe that this was true, because if someone really came to Earth, then some kind of change must have happened in the Xuanyuan World.

This unknown change would be a very big danger signal to Han 3,000 because he could not predict what would happen next, whether more powerful people from Xuanyuan would come to Earth.

Although Han 3,000 was strong enough to deal with these guys, it wasn't easy to find them out in the vast sea of people, and in the meantime, with their abilities, they could affect the balance of the Earth.

"What you thought was impossible has indeed happened now, but the reason for it, I can't figure out." Han Giangli said.

Fei Lingsheng's expression was serious, she was born and raised in Xuanyuan World and knew it better than Han Qianqian, for so many years, although there had been legends about Earth and many powerful people trying to invade it, no one knew where the space tunnel was.

And even if someone knew now, so what?

Who dares trespass in the forbidden zone of the Dark Forest?

The stronger the person is, the more they value their lives, and if it were Fei Lingsheng herself, she wouldn't be able to risk her life at the cost of going to the forbidden area of the Dark Forest.

"Have you already decided on this matter?" Fei Lingsheng asked.

"One hundred percent sure, no one on Earth can harm the next oldest, and he made it clear that the man appeared from the space tunnel," he said. Han Qianqian said.

Fei Lingsheng let out a sigh of bad luck. If so, there should be no mistake about that person's identity, but how and why did he come here?

"Can you find him?" Fei Lingsheng asked.

"My divine sense can spread throughout Yan Xia, but unfortunately, he has already left Yan Xia, which is completely beyond my ability, and the Earth's aura is scarce, so I can't expand the domain of my divine sense." Han Giangli sighed, if the divine sense could be spread all over the Earth, then Han Giangli wouldn't have to worry about the current situation, because if he came one, he could kill one.

"Why do you think they were able to come to Xuanyuan World?" Fei Lingsheng was curious about this, as from her point of view, it was completely impossible for those people to come to Earth.

In fact, after Han Qianli learned this news from the next old man, an idea had unconsciously appeared in his mind, but he thought it was unlikely.

After hesitating for a long time, Han Qianli said, "Perhaps, this matter is related to the Lin Long."

"The Linlong!" Fei Lingsheng frowned and said, "How could it have anything to do with the Linlong, the current Linlong should still be in a deep sleep."

If it were a normal situation, the current stage of the Linlong, indeed, has not yet awakened.

But the current situation, is it really normal?

The rebirth of Han 3,000 yuan has become very abnormal, and even Fei Lingsheng was reborn with him to Earth, it is not surprising that the Lin Long awoke early.

There is one more important point, the Lin Long is a higher level space creature, whether he will be affected by the time flow backwards, Han 3,000 yuan simply can not be sure, and that person can come to Earth through the restricted area of the Dark Forest, to say that there is no relationship with the Lin Long, Han 3,000 yuan himself is not quite believe.

"A lot of things have changed since my rebirth, and it's not strange that the Linlong awoke early," Han Qianli said.

"If it's really the Lunar Dragon's awakening, why didn't it come to Earth by itself?" Fei Lingsheng has too many questions that need to be answered by Han Qianqian, because her mind is full of doubts and puzzlement.

Unfortunately, Han Qianqian is not a know-it-all, and he doesn't know anything about the current situation in Xuanyuan, so how can he help Fei Lingsheng answer these confusions?

"The best way is for me to guard the spatial tunnel, and once someone comes, I'll be able to nip this danger in the bud." Han Qianli said.

Fei Lingsheng nodded his head, this was indeed the best way, and only Han Qianli could do this.

But then Han Qianli said, "But I still have to protect Su Yingxia, and I can't leave Cloud City for the time being."

After finishing his words, Han Qianqian set his eyes on Fei Lingsheng.

"What do you mean, you don't want me to go, do you?" Fei Lingsheng asked with a wary face.

Han Qianli nodded his head and said, "Besides me, you are the strongest person existing on Earth, and since I can't go, of course only you are qualified to go."

Fei Lingsheng had a feeling of being played by Han Qianli, he just said that he was going to guard the space tunnel, it seemed like he was just opening the topic, in this guy's heart, I'm afraid that he was already planning to let her go.

"I'm not going, I'm originally from Xuanyuan World, the safety of the Earth, what does it have to do with me." Fei Lingsheng refused, guarding the space tunnel, for her it was to kill her own kind, this was definitely not something Fei Lingsheng was willing to do.

"Indeed, the safety and security of the Earth has nothing to do with you, but is it relevant that you want to become a God Realm powerhouse?" Han Qianqian said.

These words made Fei Lingsheng's eyelids jump.

Once she didn't have any pursuit for the God Realm, because it was a legendary realm and the world didn't even know if it really existed, so Fei Lingsheng didn't think about increasing her strength after she reached the Extreme Master Realm.

But now, with a living God Realm standing right in front of her, how could Fei Lingsheng be calm?

After all, the Extreme Mastery Realm could only live for a few hundred years, but a strong divine Realm had a lifespan of more than a thousand years, and only when they reached the divine Realm could they go to a higher dimension, which was already a lifelong sole pursuit for Fei Lingsheng.

"If I help you, can you help me reach the God Realm?" Fei Lingsheng asked.

"I can't promise, but I promise you that I will do my best to help you," Han Qianqian said.

Although he didn't get a definite answer, Han Qianqian's words made Fei Lingsheng even more willing to believe that he didn't have a mouthful of certainty to help himself reach the God Realm because he himself wasn't sure, but being able to help her with all his might was already something Fei Lingsheng was asking for.

After thinking about it for a long time, Fei Lingsheng said, "Okay, I promise you, but I won't kill those people, I will only drive them back to Xuanyuan World."

"No matter how you do it, as long as these people don't appear on Earth," Han Giangli said.

Fei Lingsheng nodded her head, it would help her conscience to be more settled, at least she didn't do anything to her own race of people.

Chapter 1505

Shortly after Fei Lingsheng left, Su Yingxia returned home, missing the opportunity to meet him and avoiding the trouble of Han Qianqiang explaining Fei Lingsheng's identity to Su Yingxia.

After living here for half a month, Su Yingxia has now completely taken the hillside villa as her home.

When she returned home, she plopped down on the sofa in the living room, seemingly unconcerned about her image in front of Han Qianli.

This makes Han Qianli very happy, because the more Su Yingxia doesn't care, the more it shows that she has no scruples in Han Qianli and treats her as one of her own.

In fact, in Su Yingxia's heart, she has already treated Han 3,000 as her husband, although it is the future, but it does not hinder her view of Han 3,000 now, between the two, it is just less husband and wife.

"It's just reading, is it so tiring?" Han Qianli smiled and said to Su Yingxia.

Su Yingxia looked at Han Qianqian with a grumbling look and said, "Studying is not an easy thing to do nowadays.

Han Qianli smiled, he didn't need to read now because his ability was so strong that reading couldn't enhance him in any way, and the knowledge Han Qianli had was enough, after all, he had retained all his memories after being reborn.

At this time, Su Yingxia suddenly stood up and walked over to Han Qianqian, the smile on her face giving Han Qianqian a creepy feeling.

Han Qianli knew that Su Yingxia's behavior like this would definitely not be a good thing to follow.

"What do you want?" Han Qianli showed a timid expression, and in this world, only Su Yingxia could do that.

"I'll become strong in the future, right?" Su Yingxia asked.

Han Qianli nodded his head, when Su Yingxia gained the ability to fufu, she would indeed be a strong person, and her strength was still above the Extreme Master realm.

"Good."

"Since I'll also become a strong person, there's no use in reading and learning things now, right?" Su Yingxia said.

Only then did Han Qianqian understand what Su Yingxia meant by that, so she didn't want to study anymore.

In a sense, studying is really of little use to Su Yingxia, and the value it can represent is merely a transition from Su Yingxia's idle time.

If she didn't want to study, Han Qianqian would definitely support her, because there would be more time for her to practice.

"If you don't want to study, you can stop studying," Han Three Thousand said.

"Really?" Su Yingxia flashed her big eyes and asked with an excited face.

"Of course it's true." Han Giangli said.

"It's just a pity." Su Yingxia slumped her head again, looking dejected, and said, "What's the use of agreeing with you, my father won't agree."

Han Qianqian knew in her heart what was in Su Yingxia's gourd, and she deliberately said so, just to get him to convince Su Guoyao.

This is not simple.

The current Su Guoyao wouldn't refuse any request made by Han Giang, and that was just a small thing.

"Alright, I know what to do, you don't have to act." Han Qianliang said helplessly.

Su Yingxia glared at Han Qianli and said, "I'm not acting, but if you're willing to help me, I'll be very grateful, how about coming back to my house for dinner tonight?"

"In such a hurry?"

"That's how urgent it is!"

Su Yingxia's eagerness to go back to school is already a great reluctance.

Han Qianqiang, who had no choice, agreed.

Su Yingxia made a phone call to Su Guoyao, informing him that he would be home for dinner tonight, and that he would bring Han Qianqiang with him.

Su Guoyao, who was in a meeting, got on the phone directly at the meeting and couldn't wait to go home after hearing the news.

The company's main business is to provide a wide range of products and services, including a full range of products and services, including a full range of products and services.

He wondered if he had recently given this guy too much power, causing him to be so rampant that he didn't even open the meeting.

"Su Guoyao, it's still a meeting, how big of a deal do you have to leave at this time!" The old man snapped at him.

Certain members of the Su family who were unhappy with Su Guoyao at the meeting all smiled downright after hearing the old man's words.

"Dad, I have to hurry home." Su Guoyao just realized that the old man was still in the meeting room.

"Hmph." The old man snorted coldly and said, "Is it time to finish work now, you have to go home, what is more important than the company meeting?"

"Dad, Yingxia is coming home for dinner tonight, and she's bringing Han Qianli with her, so I have to hurry home and get ready." Su Guoyao explained.

The hostility on the old man's face instantly disappeared when he heard the words Han Qianxiang.

Although he had thought that nothing could be more important than the meeting, but when it comes to Han Qianxiang, what does a broken meeting mean?

The old man's life was given by Han Qianqian, and the future of the Su family was also given by Han Qianqian, who was the most important person.

Chapter 1506

After Su Guoyao uttered the words "Han Qianyang", the people in the meeting room knew that there was no more excitement, because they all knew very well what the words "Han Qianyang" meant in the Su family, as long as it was related to Han Qianyang, it didn't matter even if the sky fell on the Su family.

The old man was slightly embarrassed, after all, he harshly questioned Su Guoyao, and it was inevitable that he would feel embarrassed at this time.

However, his position in the Su family was not something that others dared to criticize.

After the old man let the others leave, he walked up to Su Guoyao and asked, "Can I come with you?"

Can we go together? Instead of saying go together.

This shows that the old man is asking Su Guoyao, although he has the absolute right to speak in the Su family, but in this matter, he does not dare to decide by himself.

Su Guoyao also didn't think there was anything wrong with the old man's inquiry, after all, it was related to Han Qianqian, and even the old man didn't dare to have too arrogant an attitude.

"Dad, of course, if you don't have anything else, try my cooking." Su Guoyao said.

The old man smiled with joy and said, "Hurry up and go, but don't let Han Qianqian wait."

The two of them left the company together.

Before going home, Su Guoyao took the old man to the supermarket to buy some ingredients.

Although the old man didn't know much about this area, he bought the expensive ones, after all, he was entertaining Han Qiangiang, so he didn't dare to be sloppy.

When I got back to the Su family, Han 3,000 and Su Yingxia hadn't gone home yet.

The old man was sitting in the living room, waiting on thin ice, while Su Guoyao was busy in the kitchen.

During the time that Su Guoyao was oppressed by Jiang Lan, Su Guoyao took care of almost all the household chores, and Jiang Lan did not care about anything in the house.

Jiang Lan did as she pleased without caring about Su Guoyao's feelings.

After Su Guoyao found out about her visit to the hillside villa, Jiang Lan was beaten by Su Guoyao and now she has to be careful even to breathe.

In the evening, Han Qianli and Su Yingxia returned home.

When Su Yingxia saw the old man, she was a little surprised.

But Han Qianli was very calm, and even felt reasonable, after all, the old man and he don't have many opportunities to meet, and now that he's personally at Su Guoyao's house, how could the old man not show up?

"Three thousand, I finally see you again." The old master even stood up and took the initiative to walk to Han Qianli's side, which was not like the attitude of an elder to his junior, but more like a servant to his master.

"Old Master, you're in good health." Han Qianli said with a smile.

"It's all thanks to you, or else my grave grass would be one person tall." The old man said jokingly.

This kind of talk is absolutely taboo for old people, but the old man was particularly open-minded and had no scruples at all, because for him, he had already died once, and it was Han Qianli who gave him the chance to live.

"You're Yingxia's grandfather, so it's only natural for me to save you," Han Qianli said.

The meaning of this statement was made very clear, if the old man had no relationship with Su Yingxia, he would never have made a move to save her.

It was only then that the old man saw Su Yingxia standing beside Han Qianli and said, "Yingxia, you're getting prettier and prettier, you and Qianli are really a couple."

Su Yingxia sneered in her heart, her grandfather, but never put her in his eyes, every time he went to the Su family, the old man did not give her a good face, because she is a woman, and women in the Su family, a family that prefers sons to daughters, there is no good treatment.

But now, because of Han Qianqian, Su Yingxia has jumped to become the most important grandchild in the old man's heart, but unfortunately Su Yingxia doesn't care about that.

"Grandpa, I used to look like this too," Su Yingxia said. Su Yingxia said.

The old man also heard the meaning and quickly said, "It was grandpa's fault that he didn't care about you, but don't worry, he won't now."

The company's main business is to provide a wide range of products and services, including a full range of products and services, and a wide range of products and services.

But when the old man gave his opinion on the construction of the new city, Han 3,000's expression immediately went cold.

"Feng Qian's matter is solely the responsibility of Xiaolong, if you have any opinions, you can find him, as long as he agrees, there is no problem."

Chapter 1507

The old man said so much, in fact, he hoped that he could get Han Qianli's attention, and what he said was also good for the construction of the new city, but he did not know that, in Han Qianli's eyes, the new city is just a boring thing to pass the time, Han Qianli has never really on this matter.

Even when the project had just started, Han 3000 had lost interest in this matter.

Now, Han 3,000 has told Su Yingxia about everything, and Su Yingxia has even moved into a hillside villa, so why would Han 3,000 waste time with Su Yingxia to do these meaningless things?

When the old man saw Han Qianqian's very cold attitude, he didn't know what to say for a moment.

"The Su family has received enough benefits, are you still not satisfied?" Han Qianqiang asked the old man, he knew why the old man had said so much, wasn't it because he wanted Han to give the Su family more power?

But in Han Giangli's opinion, the Su family had gotten enough benefits from this matter, and the old man had picked up a life because of him, so he should know how to be satisfied.

"No, no, that's not what I meant," the old man explained to Han 3,000 with panic in his eyes. The old man was filled with panic and explained to Han Qianli.

"The Su family was originally a small business family, and I have already given you enough benefits, if you try to rely on Su Yingxia's little ungrateful claim, I can only make the Su family go back to what it was before." Han Qianli said.

He knew that if Han Qianli could say these words, he would definitely be able to do this, and if the Su family lost the support of the New Town Project, it would be a devastating blow to the Su family.

Because after getting the cooperation of the new city project, the Su family has already pushed out all the original objects of their own cooperation, and put all their thoughts on the new city, if they lose the cooperation of the new city at such a time, the Su family will not have any cooperation.

"No, no, no, I didn't mean it, I'm blamed for being nosy, 3,000, you can just pretend I didn't say anything." The old man regretted it and could only hope that Han Qianxiang could take back those words.

Admitting a mistake to a child, in the eyes of an uninformed observer, might seem startling, but to those who knew Han Qiang's identity, it was a reasonable thing to do.

The world of adults, where there is only status, is not a world of leaning on the old.

Although the old man was much older than Han Qianli, in terms of status, Han Qianli surpassed the old man by too much, which led to the old man's attitude toward Han Qianli.

"I can ignore this matter today, I hope you can remember that the Su family is not in any position to dictate the construction of the new city, do what you should do." Han Qianli said.

"Yes yes yes, I know what to do." The old man nodded repeatedly.

Su Yingxia's expressionless look on the side didn't help the old master say half a word, because she had never been favored by him, so naturally she wouldn't feel obligated to speak for him.

The company's main business is to provide a wide range of products and services, including a full range of products and services, including a full range of products and services, and a full range of products and services.

The company's main business is to provide a wide range of products and services to its customers.

After Su Guoyao finished his work in the kitchen, a large table of sumptuous dishes perfectly reflected Su Guoyao's culinary skills.

As the top person in charge of the Su family company, no one would have thought that Su Guoyao would still have such skills, thanks to Jiang Lan, who forced Su Guoyao to do so.

"Three thousand, Yingxia, come and eat while it's hot," Su Guoyao greeted the two of them. Su Guoyao greeted the two, even though his father was present, Su Guoyao did not call the old man first.

Of course, the old man will not mind, he is a sensible man, but he does not dare to compete with Han Qianqian at such a time.

During the meal, Jiang Lan did not come to the table, because Su Guoyao knew what happened between her and Han Qiangli, so he deliberately warned Jiang Lan so that Han Qiangli would not lose his appetite after seeing Jiang Lan.

"Three thousand, how's the taste, my cooking is okay." Su Guoyao asked to Han Qianqian with a smile.

"It can only be called okay." Han Qianqian said without giving face at all.

Su Guoyao's modest words were waiting to be praised by Han Qianqian, but who would have thought that Han Qianqian would be so straightforward, making Su Guoyao embarrassed.

"Home cook's craft, you more understanding, and hotels and private restaurants, there must be a big difference." Su Guoyao said.

"I came today to inform you of one thing." Han Qiangiang said.

Su Guoyao had been waiting for this moment, because he knew that Han Qianli could not come to the house for no reason, even the old man was unconsciously stretching his neck at this time.

"What's the matter, you can tell me," Su Guoyao said.

"Starting tomorrow, Yingxia won't be going to school, and she'll be staying at the hillside villa." Han Qiang said.

Su Guoyao was stunned, not going to school?

It's such a small thing!

Su Guoyao was worried that it was because there was something wrong with the New Town project that Han Qianqiang would come to the door to question him, which made Su Guoyao instantly relieved.

"It's up to you guys to decide, as long as you're happy, you can do anything." Su Guoyao said.

In Su Guoyao's opinion, it doesn't matter whether Su Yingxia studies or not, because as long as she marries Han Qiang, she will be able to be a rich wife, and she will not worry about food and clothing in the future, and there will be endless money, but the quality of cultivation may not be able to be compared with highly educated people, but it doesn't matter, in today's society, what can be more important than money?

"Dad, is it really okay?" Su Yingxia asked weakly, she didn't expect Su Guoyao to agree to this so easily, completely unexpected.

"Of course it's true, as long as you are happy, Dad will do whatever you want." Su Guoyao smiled.

"Yes, you are happy more than anything else, if you don't want to study, you don't have to study, it's not a big deal." The old man also spoke up and said.

Su Yingxia nodded her head repeatedly, she was worried that Su Guoyao would refuse, but now it seems that all those worries were unnecessary.

After finishing dinner, Han Qianli led Su Yingxia out of the Su family, and the two of them went shopping on foot while heading back towards the road to the hillside villa.

She was the only one who could do the chores in the Su family, and she didn't bully Su Guoyao like she used to.

Now Jiang Lan was afraid that if she did not satisfy Su Guoyao, she would be kicked out of the Su family.

Chapter 1508

"Dad, did you tell Han Qianqiang about those things?" After Han Qianqiang left, Su Guoyao asked the old man.

The old man had a helpless grin on his face, and the Su family's ambition was indeed great, hoping to take advantage of the relationship between Su Yingxia and Han Qiangli to have a heavier presence in the new city, which the old man even took for granted before, but after he felt Han Qiangli's attitude, he no longer thought so.

It is true that Su Yingxia and Han Qianqiang have a good relationship, and there is even a strong possibility that they will get married in the future, but what does this have to do with the Su family?

And because of Su Yingxia, the Su family has gotten enough, and their wishful thinking that they should get more is actually what Han Qianqian said about not having enough.

"He said we don't know enough." The old man said.

Su Guoyao's heart thudded, if Han Qianli said that, then it must have been more than just that.

"What else did he say?" Su Guoyao couldn't wait to ask the question.

"If we can't stop our greed, he will make the Su family lose everything they have now." The old man said.

Su Guoyao's face became pale. If we lose everything we have now, what is the Su family left with?

Now that he is the head of the high and mighty Su Family Company, all the big and small company owners in Yuncheng will give him face, but if he loses his cooperation with Fengqian, who will still take him seriously?

Su Guoyao, who has had a hard time having the status he has today, doesn't want to fall down again.

"Dad, in fact, what the Su family has now is already very good." Su Guoyao said.

If it was before, the old man would definitely refute Su Guoyao's words, because as a businessman, if there is no ambition, then it is not a qualified businessman.

But now, the old man didn't dare to have too many expectations, after all, Han Qianli had already made his words very clear, so how could he dare to show his greed in front of Han Qianli?

"Even if Su Yingxia will marry him in the future, he won't treat us as family, so we can't expect him to bring more benefits to the Su family," the old man said. The old man said.

Su Guoyao felt that there was something in the old man's words, so he asked, "Dad, what should we do now?"

"Use your existing position to develop as many collaborative resources as possible, and use your ability to improve your position, not just rely on him." The old man said.

Su Guoyao nodded his head, since he couldn't dig more benefits from Han Qianli, he could only work hard himself.

On the way home, Han Qianli and Su Yingxia were chatting about the north and south, when suddenly Su Yingxia stopped walking.

Han Qianli was puzzled and asked, "What's wrong?"

"Are you really stupid, or are you pretending to be?" Su Yingxia asked rhetorically.

Han Qianli was confused, just chatting well, how the conversation suddenly changed, and Han Qianli did not feel stupid where.

"What do you mean?" Han Qianli was puzzled and said.

"It's so late at night, you can't even see a ghost, and you don't even dare to hold my hand?" Su Yingxia said.

Han Qianli was dumbstruck.

He had never thought like this before, because the three years he had spent with Su Yingxia had made him have complete respect for her, and he wouldn't do anything to make her resist, so he was used to keeping a certain distance from her.

But since Su Yingxia has already said this, it is equivalent to Han Qianli's approval, Han Qianli immediately took Su Yingxia's hand.

"I'm not afraid you'll resent it, although you'll be my wife in the future, I'm still worried that you won't like me now." Han Qianli said with a smile.

"You're so powerful, can't you still see through my thoughts?" Su Yingxia said disdainfully

"Can." Han Qianqian said, "I can see through what's going on in everyone's head, but if I do so, I'll cause some harm to the other party, and if it were anyone else I could do it, but you, absolutely not."

Su Yingxia just said casually, did not expect Han Qianqian to give such an answer, making Su Yingxia very surprised.

"Really? Can you really see what people are thinking?" Su Yingxia was surprised.

"Of course, I can invade anyone's consciousness." Han Qianli said.

"Then will I have this ability in the future?" Su Yingxia asked with an expectant face.

"Uh if you have my realm, you should be able to." Han Giangli said.

Su Yingxia pouted and said, "Wouldn't that be a long time."

"I can help you if you want to see who's idea it is," Han Qianqian said.

Su Yingxia stared at Han Three Thousand.

Han Qianqian realized that Su Yingxia wanted to see herself.

"I need to see if you really love me that much," Su Yingxia said.

Han Qianli's expression gradually became serious, he never joked about this matter, although his marriage to Su Yingxia was forced by necessity, and Su Yingxia hated him for a while after the marriage, but what Su Yingxia had said for him in private, Han Qianli had never forgotten.

Chapter 1509

Han Qianli's expression was sincere, which meant that he would have something sincere to say to Su Yingxia next.

But just at this time, something fatal happened.

The appearance of a few punks broke the quiet of the night.

Several people seemed to have drunk a lot of wine and were walking shakily.

When they spotted Han Qianqian and Su Yingxia, a small couple, they surrounded them with jokes.

"Kids, it's so late and you're not home yet, talking about love behind your family's back, you're really bold."

"Little sister, why don't you play with brother for a while, he must be much better than your boyfriend."

"The little girl is quite watery looking."

Meeting these hooligans, if it had been before, Su Yingxia would have been very scared, but now she was very calm because she knew Han Qianli could protect herself.

"Get out of the way." Han Qianli said in a cold voice.

"Yo, little brother, you're not so f*cking brave as to tell me to f*ck off."

"Little thing, do you know who we are?"

"Just a bunch of hoodlums, do I need to know who you are?" Han Qianli disdained it.

Someone directly smashed the wine bottle in his hand.

Little yokels?

How can they be called hooligans when they claim to be from the streets?

"Little b a stard, you've got a big f*cking mouth, it seems that if I don't teach you a lesson, you don't know what kind of person my brothers are." After saying that, the man was about to teach Han Qianqian a lesson.

This kind of person was even worse than an insect in Han 3,000's eyes, and he was kicked away by Han 3,000 before he could even get close to Han 3,000.

Originally, several people were full of alcohol, but when their companions were kicked away by Han Qianli, they were all a little more sober.

No one had expected such a small kid to have so much strength.

"Kid, you have a lot of strength, but do you know what will happen if you injure one of us."

"Cut the crap, if you want to fight, come on." Han Qianqian said indifferently.

Several people saw Han Qianli was so strong, they couldn't help but feel a little guilty.

There must be a reason why he was so mad, and the man who had just been kicked away seemed to have fainted and hadn't moved at all.

They had to weigh whether they were Han Qianqian's opponents, and if they couldn't beat him together, they would have to steal the chicken and lose the rice.

"Kid, do you know who we hang out with?" A certain person said to Han Qianqian.

"Now that Mo Yang has abdicated, you're not going to say that your boss is Blade Twelve, are you?" Han Qianqian smiled and said.

The man who spoke was shocked. This kid knew so much about Daoist affairs, and he even knew the name of the Twelfth Blade, could it be that he was also a Daoist at such a young age?

"How do you know Knife Twelve?" The man asked with a guilty conscience.

"He's my friend, is it any wonder I know him?" Han 3,000 said.

Friend!

Friend of Knife Twelve!

The first thing that you need to do is to make sure that you have a good understanding of the situation.

Although there was no concrete evidence, everyone on the street knew that those who had disappeared must have died at the hands of Blade Twelve.

The fierce reputation of Blade Twelve has spread in Cloud City, and no one is unscrupulous about this name.

These few thugs are just using the name of Knife Twelve to fox and tiger, how could they have expected to kick on the iron plate?

After a few people looked at each other, an unexpected situation occurred.

The poor man who was kicked unconscious by Han 3,000 was directly given up by his companion.

Su Yingxia, who was waiting to see a good show, was directly dumbfounded.

Run away!

It ran away!

"Why are they running so fast." Su Yingxia asked, startled.

Han Qiangli was also laughing and crying, thinking that these guys wouldn't believe him and would still compete with him, who would have thought that one was faster than the other when running away.

"I guess they were frightened by the name of the Twelfth Blade," Han Qiangli said.

In Su Yingxia's opinion, when the Twelfth Blade is serious, it is indeed a bit scary, but most of the time, the Twelfth Blade is still an approachable face.

What Su Yingxia doesn't know is that Knife Twelve's approachability is just her unique treatment, treating outsiders with the kind of killer vibe that Knife Twelve has, it's enough to scare the crap out of many people.

"I was planning to see you show off your skills." Su Yingxia was obviously a little lost, not being able to see a good show, and even less enjoying the feeling of being heroically saved by Han Qianli.

"Why don't I go home and practice with Knife Twelve, so you can see what I can do?" Han Qianli suggested that as long as Su Yingxia wanted to meet his demands, Han Qianli would definitely find a way to satisfy him.

Villa on the mountainside, knife twelve suddenly sneezed more than ten times in a row, an unknown premonition in the heart, and eyelids jumping straight.

"What's going on, how can there be a sense of danger." Knife Twelve said to himself.

Chapter 1510

Heavenly Apocalypse.

Fei Lingsheng's appearance caused He Qingfeng great discontent, because after the previous incident of kneeling, He Qingfeng had lost face in the apocalypse, and even the people of the three temples would talk about him in private, which put He Qingfeng under tremendous pressure, until the next old man left, and then he suppressed the matter with his strong-arm tactics.

Just as He Qingfeng was about to use violence to convince the people of the Apocalypse to believe in him again, Fei Lingsheng appeared again, and He Qingfeng's dissatisfaction with her caused Fei Lingsheng to teach him a hard lesson.

In this life, He Qingfeng was ill-fated and even a bit pitiful, but when he was beaten to the ground by Fei Lingsheng, he didn't even know what was going on.

Once upon a time, he was a strong man in the apocalypse, and even more of a god-like existence in the mundane world.

But now, after the blow brought by Han Qianqian, and the blow by Fei Lingsheng, he began to doubt his life.

Where did all these guys come from, and how could they all be so powerful!

"With your strength, you're no match for me at all, I advise you to give up the idea of blocking me, and the reason I'm here is because Han Qianqian ordered me to." Fei Lingsheng said to He Qingfeng.

He Qingfeng regretted it when he heard the words Han Qianqian, and if he had known earlier, how could he have fought against Fei Lingsheng?

He Qingfeng was in a wretched state, and with great difficulty, he crawled up from the ground, barely managed to squeeze out a smile on his face, and said, "So it was sent by my granduncle.

He Qingfeng knew that the matter of being beaten to the ground by Fei Lingsheng would definitely spread to the apocalypse again in a very short time, but he had no choice, the difference in strength forced him to admit it himself.

"In that case, you still won't give way to me." Fei Lingsheng faintly said.

He Qingfeng hurriedly made way for Fei Lingsheng, and instructed his assistant to go on, so that those stationed in the forbidden area would not clash with Fei Lingsheng.

When Fei Lingsheng arrived at the forbidden area and saw the spatial tunnel, an impulse arose within her.

After all, she was from Xuanyuan, and the way home was right in front of her right now, so how could she not be impressed?

But she also knew that this was not the right time for her to go back, and if she wanted to touch the divine Realm, she would need Han Qianli's guidance, and she was afraid that she would never have the chance to let Han Qianli guide her again once she left.

More importantly, Fei Lingsheng still had a fear in her heart, she didn't know what was happening in the current Xuanyuan World, and such an unknown would cause her to feel an inexplicable fear.

"What exactly happened, why would someone come to Earth." Fei Lingsheng said to herself.

That night, Fei Lingsheng slept directly in the forbidden area, because she was even more desperate than Han Qianqian to know what had happened in Xuanyuan World, and the only way to be able to know this was to catch the person who had come from Xuanyuan World.

When Fei Lingsheng fell asleep, she came to a very real dream, where the surroundings were foggy and the visibility was very low.

Fei Lingsheng knew very clearly that she was dreaming, but no matter what she did, she couldn't wake up from the dream, which made Fei Lingsheng feel that there was something not simple about the dream.

"Fei Lingsheng, you've betrayed the Xuanyuan World." At this moment, a very deep voice suddenly sounded in Fei Lingsheng's ear.

Fei Lingsheng circled around in panic, but did not see the owner of the voice, who seemed to be hiding in the fog.

"Who are you." Fei Lingsheng asked.

"Those who betray the world of Xuanyuan are not qualified to live." The voice said again.

Fei Lingsheng was full of vigilance, ready for any unexpected situation that might come his way.

"Whether I'm qualified to live or not is not for you to decide, sneaking around and not daring to show your face, if you have the ability to come out and speak." Fei Lingsheng said.

As soon as his voice fell, the thick fog gradually began to disperse, and a place that was like a paradise appeared before Fei Lingsheng's eyes.

There was green land, peach blossoms in full bloom, a small stream, and even fish jumping around in the stream, making Fei Lingsheng feel like she was in reality.

It was when she knew that no matter how real the scene was, it was all a dream.

Not far away, under the pavilion, sat a man, who, judging from his back, should be very young.

"Who are you and why did you appear in my dream." Fei Lingsheng questioned.

The young man stood up, turned around with a graceful look and a faint smile, and said, "I created this dreamscape, why can't I appear."

Create the dream!

Fei Lingsheng's heart was shaken.

As a strong person in the Extreme Mastery realm, she didn't have this ability, but this person in front of her could do it, which was a clear indication that he was stronger than she was.

"Why did you create the dream world, why did you want me to appear?" Fei Lingsheng asked.

"Because you betrayed the Xuanyuan World, I want you to die." The young man was full of smiles, and there was no murderous intent, but his words made Fei Lingsheng feel a strong threat.

"You can create a dream, but a dream is still a dream, so how can you kill in a dream." Fei Lingsheng said in disbelief.

"If you don't believe me, you can try, but I have to warn you, if you try, you won't have a chance to regret it." The young man said.

Fei Lingsheng suddenly felt fear in his heart, how could he easily try something that was a matter of life and death?

"Are you from Xuanyuan World?" Fei Ling Sheng changed the subject and asked the young man.

"Yes, that's why I will punish you in place of Xuanyuan World. You betrayed the place where you were born and raised, and deserve to die." The young man said.

Fei Ling Sheng subconsciously shook her head, in her heart, she had a great fear of this young man, so she did not want to be his enemy.

"I have not betrayed the world of Xuanyuan, and I don't know in what way I came to Earth." Fei Lingsheng said.

"But you stayed on Earth and didn't return to Regulus World, isn't that betrayal?" The young man said.

Fei Lingsheng gritted his teeth, this was a dream anyway, even if he told the truth, Han 3000 wouldn't be able to know.

"I'm staying on Earth because I want Han 3000 to help me reach the God Realm, because in the entire Xuanyuan World, he's the only one who exists who is strong in the God Realm, and he's the only one who can help me." Fei Lingsheng said.

After hearing this, the young man suddenly sneered.
