

## His True Colors Chapter 1521-1530

### Chapter 1521

The fact that Yi Qingshan was still in Yanxia, but not sensed by Han Qianqian's consciousness, meant that Yi Qingshan's realm had already reached the God Realm, and if that was the case, then the words of the man in the dream might very well be true.

Fei Lingsheng, who was also in the Extreme Master Realm, knew very well that it was very difficult to break through the God Realm, and with Yi Qingshan's own strength, he would never be able to do it.

If he can reach the Divine Realm, he must have the help of a superior person.

Fei Lingsheng couldn't think of anyone else who could do it except for the person in the dream.

Since he had helped Yi Qingshan reach the God Realm, it meant that he could also reach the God Realm as long as he fulfilled his conditions.

Such a temptation had a fatal attraction for Fei Lingsheng.

"What are you waiting for?" Han Qianqian saw Fei Lingsheng suddenly froze and couldn't help but ask.

"No, it's nothing." Fei Lingsheng thought in her mind that killing Su Yingxia would give her the divine realm in return, so she showed a moment of panic in front of Han Qianqian.

Han Qianqian's eyebrows furrowed slightly, and this time when she saw Fei Lingsheng, she had obviously become something different, as if she was hiding something.

Han Qianli still pretended not to know anything, because Fei Lingsheng's concealment was impossible to ask, and could only reveal her own flaw.

However, Han Qianli had a feeling that her concealment was related to Su Yingxia, because when she saw Su Yingxia just now, her expression changed very obviously.

At this time, Su Yingxia quietly asked Han Qianli in her ear, "Qianli, are we going to go to Xuanyuan World through here from now on?"

"En." Han Qianli nodded his head and said, "This is the only connecting passage, whether in or out."

"The existence of this passageway will pose a great threat to Earth," Su Yingxia continued.

"That's why the apocalypse exists, the Xuanyuan world invaded Earth a hundred years ago, and if it wasn't for the many experts of the apocalypse fighting to the death, today's Earth might not be what you see." Han Qianli said, "The war a hundred years ago was so brutal, it was beyond Han's imagination, after all, so many experts had fallen.

"Why don't we just block the place off?" Su Yingxia said, "This made Han Qianli laugh a bit.

If it was so simple, why would the apocalypse sacrifice so many people a hundred years ago?

"It's not that simple, but I will definitely find a way to sever the connection between the two worlds in the future." Han Qianli said. Han Qianli said, "Only by completely destroying the space tunnel will the threat to Earth from Xuanyuan World be completely resolved.

Now that Han 3,000 had stepped into the God Realm, he knew that even if he went to Xuanyuan World, sooner or later he would ascend to a higher level world, so he couldn't protect the Earth all the time, and the only way to make the Earth safe was to destroy the space tunnel.

"Destroying the spatial tunnel will most likely destroy both worlds." The Fei Ling Sheng on the side spoke up.

"How do you know?" Han Qiangli turned to Fei Lingsheng and asked.

A spatial tunnel existed between the two spaces, and in Han Qiangli's opinion, cutting off the spatial tunnel was just cutting off the link between the two spaces, so how could the two worlds be destroyed.

"Because they originally coexisted, according to the legends of Xuanyuan World, Earth and Xuanyuan World, originally one and the same, became two worlds because of some special reasons, and the space tunnel is the key factor that sustains the existence of the two worlds." Fei Lingsheng explained.

Originally as one?

Such a possibility was completely unimagined by Han Qiangli, that is, Earth and Xuanyuan were originally one world, and then split into two for unknown reasons.

If that were the case, then destroying the space tunnel would most likely directly destroy the two worlds.

But as Fei Lingsheng also said, this is just a legend, and there is no way to verify whether it is true or not.

"After all, a legend is a legend, and there's no real proof." Han Qiangli said.

"For the Xuanyuan World, the Divine Realm is also a legend, but you still did it." Fei Lingsheng said.

Han 3,000 was not a reckless person, and since such a legend existed, he would definitely verify it before acting.

"Don't worry, I won't destroy the spatial tunnel until I'm sure if this is true or not, and with my current strength, I can't do it." After Han Qianli finished speaking, he laughed to himself.

To him, destroying the space tunnel was currently a very simple idea, and he knew very well that he couldn't do it with his own strength.

"Will you stay in the apocalypse for a while?" Fei Lingsheng suddenly asked.

Without leaving a trace, Han Qianli nodded his head and said, "En."

Fei Lingsheng asked this, and Han Qianli also sensed that she seemed to want him to stay.

It seemed that the things she was hiding would be revealed during the time he stayed.

"If you're busy with something else, you can leave first and I can stay here for a while to guard the place." Han Qianli continued

## **Chapter 1522**

Han Qianli's words were a test for Fei Lingsheng. When Fei Lingsheng hastily denied that he was leaving, Han Qianli was even more sure that she was hiding something from him, but what it was, Han Qianli couldn't guess at the moment.

However, Han Qianli believed that sooner or later, Fei Lingsheng would reveal himself, so he didn't have to be in a hurry, as Fei Lingsheng was no match for him.

After taking Su Yingxia out of the forbidden area, Han 3,000 unconsciously walked to the stone room, and behind that stone door was Fuyue's former residence.

But the problem that Han Qianli had been worried about was simply unsolvable now, so he didn't dare to try it.

"What are you standing still for, what is this place?" Su Yingxia asked Han Qianqian.

Han Qianli pointed ahead and said, "There is a very hidden stone door there, and inside the stone door is your past life."

Su Yingxia had heard Han Qianqian mention this matter before, and although she found it unbelievable, after seeing the space-time tunnel, these things were no longer so unbelievable to Su Yingxia.

"Are we going to go in and take a look?" Su Yingxia asked.

Han Qianli appeared very torn and shook her head, saying, "I'm not sure what kind of effect you will have on your body if you have the power of fufu at this time, I'm afraid that something will go wrong, even I can't change it."

"Since it's my former life, she shouldn't harm me, right?" Su Yingxia said, "It's not a problem to think this way according to normal reasoning."

It's not a problem to think this way according to normal reasoning, but Fuyue's power is too powerful for Su Yingxia, even more powerful than the Extreme Master Realm, and with Su Yingxia's current physical condition to absorb this power, no one knows what will happen.

What's more, Su Yingxia is still a minor, and once Su Yingxia's body is affected by this power, Han Qianli is afraid that even he won't be able to change the consequences.

"Let me think about it again, I need to make sure you're safe." Han Qianli said.

Su Yingxia wasn't in a hurry, she knew that Han Qianli was doing it for her own good, so there was nothing wrong with listening to Han Qianli's words.

After staying in the stone room for some time, Han Qianli took Su Yingxia to the Four Gates territory.

When the next oldest assistant heard that Han 3,000 would be staying here for a while, she quickly arranged a room for Han 3,000.

"Is there only one room?" After Su Yingxia saw the room, she asked weakly.

The assistant looked at Han Qianqiang in confusion, the two of them are so close, isn't it right to have a room?

"That's how I can protect you better," Han Qianli explained to Su Yingxia. Han Qianli explained to Su Yingxia.

Fei Lingsheng was hiding something, whether she would be a threat to Su Yingxia or not was something Han Qianli wasn't sure of yet, so Su Yingxia could get the best protection by living with him.

It's hard to guarantee that Han Qianqiang won't have any strange ideas when she's alone in the same room.

"You go ahead and get busy," Han Qianli said to his assistant.

The assistant left first.

Su Yingxia, on the other hand, waited until the assistant was far away before saying to Han Qianli, "What bad thoughts do you have, and you were saying that I'm not fit to have the power of Fuyan at my current age, are you fit to do those things?"

Han Qianli couldn't laugh or cry, he didn't have those thoughts in his head, not to mention Su Yingxia was underage, before being reborn, even if they were already legally married, Han Qianli slept under the bed for three years, without forcing Su Yingxia to do anything she didn't want.

"I don't think so, if you're worried, I can sleep at the door." Han Qianli said.

"Tsk, tsk, now pretend to be pitiful first so I can sympathize with you, then find an excuse to go into the room, who knows what you're really thinking." Su Yingxia said with a scowl on her face as she looked at Han Qianli.

"Really no." Han Qianqiang looked like she wanted to cry, Su Yingxia had decided that he had bad thoughts, and there was no room for reasoning.

Su Yingxia pushed Han Qianli out of the room and said, "Since you asked to sleep in the doorway, then sleep in the doorway."

After saying that, Su Yingxia directly closed the door.

After laughing bitterly, Han Qianli sat down in the doorway, in order to balance her mind, she could only think of taking revenge in the future, and then when Su Yingxia became an adult, she would vent this resentment on Su Yingxia and make her beg for forgiveness.

After the sunset, Han Qianqian covered the entire room with his consciousness to catch any movement of the wind and grass.

For Han Qianli, Su Yingxia was of incomparable importance, and it was important to ensure her safety, and Fei Lingsheng had become a dangerous person in a way that Han Qianli had to be wary of.

Forbidden Area.

Fei Lingsheng reappeared in the dream world.

The man who claimed to be strong in the Divine Realm was somewhat urgent, because he knew that Han 3,000 and Su Yingxia had come to the Apocalypse, and this was the best time for Fei Lingsheng to fulfill his request, so he spoke in a commanding tone, asking Fei Lingsheng to kill Su Yingxia as soon as possible.

Faced with this request, Fei Lingsheng didn't directly agree to it, because Han Qiangiang was always by Su Yingxia's side, so she couldn't find the opportunity.

And in this situation, even if she managed to kill Su Yingxia, it would be impossible for her to escape.

"The person who came to Earth is Yi Qingshan?" Fei Lingsheng asked the man.

"Good." The man said.

Fei Lingsheng's heart beat faster when he heard such an affirmative answer, Yi Qingshan could hide his breath in front of Han Giangli, and it was very likely that he had turned into a God Realm powerhouse, and with Fei Lingsheng's understanding of Yi Qingshan, it was impossible for him to do so with his own strength.

"Did you help him break through the God Realm?" Fei Lingsheng continued to ask.

That person obviously had some hesitation and did not give Fei Lingsheng an answer at the first time, nodding his head after a moment and saying, "Since you already know about this matter, I won't hide anything from you, yes, I did help Yi Qingshan break through the God Realm, and now he is already a strong member of the God Realm."

Fei Lingsheng was too eager for the God Realm, so he didn't care about the man's momentary hesitation at all.

It was true that Yi Qingshan had come to Earth because of him, but hiding his breath in front of Han Qianqian was not because of his breakthrough in the God Realm, but since Fei Lingsheng thought so, it was a good thing for him, so he didn't deny it.

"As long as I kill Su Yingxia, you can help me?" Fei Lingsheng's previous attitude was very hesitant and wavering, she didn't know whether she should do it or not, but Yi Qingshan had turned into a God Realm powerhouse, so she couldn't hold on.

## **Chapter 1523**

"Of course." The man replied quickly, because the only person who could help him do this was Fei Lingsheng.

Although Yi Qingshan had arrived on Earth, Yi Qingshan had no way to get close to Su Yingxia and could never appear in front of Han 3000, because Yi Qingshan was not a true God Realm powerhouse, nor was he a match for Han 3000.

"As long as you kill Su Yingxia, I can allow you to reach the same realm as Yi Qingshan in a very short period of time."

Fei Lingsheng was willing to fight to the death for the Divine Realm, because relying on Han Qianqian to become a Divine Realm powerhouse was still a thing full of unknowns, but this person in front of her had already helped Yi Qingshan truly do it, so she was willing to trust this person in front of her.

"I want to know why you killed Su Yingxia." Fei Lingsheng was curious.

Although Su Yingxia was Han Qianqian's woman, and this person in front of her obviously wanted to target Han Qianqian, but in Fei Lingsheng's opinion, killing Su Yingxia was completely meaningless, and would only increase Han Qianqian's anger, crazy God Realm powerhouses, it was frightening to think about.

"Because only this woman can threaten me." The man said.

Fei Lingsheng frowned at this statement, Su Yingxia is just an ordinary person now, although she will become very strong in the future, but no matter what, she will not be as strong as Han Qianli, right?

It was too strange that he wasn't afraid of Han Qianqian, but of Su Yingxia instead.

"I know Su Yingxia's strength, she has defeated many strong men in the Xia Kingdom's Jingwu Mountain, but those strong men are not worth mentioning compared to Han Qianli, right?" Fei Lingsheng said.

The man smiled faintly and said, "If you knew that it was only one-tenth of her strength, you wouldn't think so."

"What!" Fei Lingsheng looked shocked and said with an incredulous expression, "How is it possible, how can she be so strong?"

"Her previous life, but Fuyu, how can someone like you understand the power of Fuyu?" The man suddenly looked up at the sky and said with a sigh on his face.

Fei Lingsheng didn't know who Fuyan was, but that man's action of looking up at the sky gave Fei Lingsheng a hint of insight.

Could it be that the Fuyan he was talking about was a powerful person from that space above Xuanyuan World, and only then would a God Realm powerhouse be afraid?

But how could a strong man from that space appear on Earth?

"Even in the Eightfold World, she is the strongest of the Kongdong Realm, and destroying a world is just a snap of a finger." The man said involuntarily.

The Eightfold World!

Is this the name of the world?

The Konti realm, it seems, is a no lesser realm, and still the strongest!

This made Fei Lingsheng take a deep breath, although this was beyond her comprehension, but she knew that Su Yingxia, once she regained her true strength, would definitely be more powerful than the so-called God Realm powerhouses.

And it would be a good thing for her to get rid of such a person as soon as possible.

"Don't worry, I will help you kill Su Yingxia as soon as possible, and I hope you can keep your promise to help me break through the God Realm after I kill Su Yingxia." Fei Lingsheng said.

"As long as you can kill Su Yingxia, I will definitely let you break through the divine realm."

As soon as the man's voice fell, the dreamland disappeared.

Immediately, Han Qianli appeared in the forbidden area.

He rushed over because he felt a very strange power fluctuation in the forbidden area.

However, when Han Qianli came to the forbidden area, the strange power disappeared again.

"What was that power just now?" Han Qianli questioned Fei Lingsheng.

"I don't know, the space tunnel seems to be creating some kind of fluctuation, so it's not like someone is coming to Earth again." Fei Lingsheng feigned a vigilant look, staring at the space tunnel.

Han Qianli felt that Fei Lingsheng was a bit strange, her vigilance shouldn't have appeared after the power disappeared, it was obviously a deliberate act to show herself.

Could it be that the power just now had some kind of relationship with Fei Lingsheng?

"Fei Lingsheng, what I hate most in my life is betrayal, and if anyone dares to betray me, I will let him die without a burial place." Han Qianli said in a cold voice.

"With your strength, how could anyone dare to betray you?" Fei Lingsheng said with a smile, not showing anything strange.

Han Qianqiang couldn't see any flaw in Fei Lingsheng from the surface, but he knew there must be something odd about this woman, but again, as long as he protected Su Yingxia, Fei Lingsheng had nothing to fear.

"You go rest, I'll keep an eye on it." Han Qianli said.

Fei Lingsheng subconsciously wanted to refuse, but the words had just reached her throat, but she took them back.

Han Qianli stayed in the forbidden area, this was her big chance to kill Su Yingxia, how could she miss it.

"You're a strong divine Realm, it's not good to have you doing all this hard labor," Fei Lingsheng said.

She didn't even refuse!

Han Qianli's eyes flashed with a trace of killing intent, how could a strong person of her realm need to rest, and she didn't refuse, obviously with some purpose.

Could it be that she really had some kind of idea about Su Yingxia?

## **Chapter 1524**

In the next moment, Han Qianqiang appeared behind Fei Lingsheng.

Even an Extreme Master realm powerhouse could not sense Han Qianqian's movements.

Fei Lingsheng only felt Han Changan's sudden disappearance and thought to himself, "Could it be that he regretted it and that's why he ran away?"

"Fei Lingsheng, what exactly are you hiding from me?" Han Qianqian's voice suddenly came from behind him.

Fei Lingsheng was shocked out of a cold sweat and turned around to look at Han Qianqian, looking visibly panicked.

"You, what did you say, how could I have something to hide from you." Fei Lingsheng said.

"You can't conceal your panic." Han Qianqian said.

Fei Lingsheng quickly suppressed his panic and said, "You suddenly appeared behind me, I was just scared to panic."

Han Qianqian suddenly reached out and grabbed Fei Lingsheng by the throat, saying in an icy voice, "Those who betray me have only one way to die, do you want to leave?"

Fei Lingsheng, whose face had turned red from suffocation, shook his head with all his strength and said, "I didn't, I didn't betray you."

Killing Fei Lingsheng was the best way Han Qianli could think of to remove the threat, and as long as Fei Lingsheng was dead, he would not have to worry about it.

But Fei Lingsheng's change of heart due to what, that would become a question that could not be pursued.

With Fei Lingsheng's courage, she would never dare to betray herself so easily, so Han Qianqian wanted to know exactly what had caused it.

"Tell me, who exactly gave you the guts." Han Qianqian asked.

At this time, Fei Lingsheng could barely breathe, and her Extreme Master realm strength had no room for resistance in front of Han Qianqian.

Fei Lingsheng was unable to speak, and could only shake her head.

When Fei Lingsheng was almost out of breath, Han Qianqian let go of her hand.

Fei Lingsheng gasped for breath.

Han Qianqian said in a cold voice, "Yi Qingshan was able to come to Earth and not be sensed by my consciousness, it must be because he had some kind of strange encounter in the Xuanyuan World, and your betrayal of me was also because of this, right?"

"Is it because of the divine realm that you can rise to the idea of betraying me?"

"But in the world of Xuanyuan, who can help you reach the divine realm?"

Han Qianqian's words sent chills down Fei Lingsheng's spine, and almost every sentence was to the point.

But this was not surprising to Han Qianqian.

It was because this situation was very easy to guess.

The only thing that could interest Fei Lingsheng was to break through the divine realm.

And to make Fei Lingsheng betray him, there must also be some connection to the divine Realm.

But Han Qianqian couldn't figure out how someone in Xuanyuan World could help her reach the divine Realm.

"Is it possible that the Linlong has awakened?" Han Qiangli continued.

These words made Fei Lingsheng's head rumble.

She had doubted that person's identity before, but after learning that Yi Qingshan had become a God Realm powerhouse, Fei Lingsheng didn't pursue the matter any further, because her desires had been blinded by the God Realm.

Now that she heard Han Qianqian say this, it was indeed very possible.

In Xuanyuan World, where there had not been a God Realm for a thousand years, how could there be a God Realm powerhouse without her knowing about it?

That person could appear in any form since he was appearing in the dream world, and it was definitely highly probable to say that he was an incarnation of the Lin Long.

"Go ahead, tell me the truth of the matter, so I can avoid killing you." Han Qianli's desire for knowledge had climbed to an extreme, which made it impossible for him to easily kill Fei Lingsheng.

"No, I really didn't betray you." Fei Lingsheng said.

Han Qianqian's words made Fei Lingsheng almost believe that the young man was the incarnation of the Lin Long, but because of this, she would not tell Han Qianqian the truth.

If Fei Lingsheng had still had a slight doubt that that person could help her break through the divine realm, Fei Lingsheng was now completely convinced.

A creature as powerful as the Linlong, and having lived for an unknown number of years, he could definitely help her become strong in the God Realm, and more importantly, Yi Qingshan had already reached it.

Han Qianli gritted her teeth, this woman was so stubborn, it seemed she wouldn't shed a tear until she saw the coffin.

"He won't let you kill me because your strength is no match for mine, it looks like the person he is going to deal with is Su Yingxia, do you think you still have a chance with what I have already guessed?" Han Qianli said.

This statement made Fei Lingsheng almost desperate, it was not an easy task to kill Su Yingxia, and now that Han Qianli was on guard, it was even more difficult to achieve.

"If you can't complete his mission, is his promise to you still meaningful? And how can you be sure that what he says is true?"

"You don't think Yi Qingshan is already a God Realm powerhouse, do you? If so, that would be a laughing stock. He is also a God Realm powerhouse, does he still need to be afraid of me?"

Han Qianqian's thinking was very clear, and he had almost judged the trajectory of the whole matter.

To Fei Lingsheng, these words were heart-rending. Yi Qingshan was a strong God Realm player, so he did not need to be afraid of Han Qianqian, nor did he need to hide in front of Han Qianqian.

Could it be that Yi Qingshan's Divine Realm is simply a fake?

## **Chapter 1525**

Fei Lingsheng's position became less and less firm, and his expression showed hesitation.

Han Qianqian struck the iron while it was hot and continued, "You're just a piece of trash with no value, do you think anyone else will help you? And I'm going to kill you, and no one can stop it."

"If you can't even save your life, how are you going to become a God Realm powerhouse."

"Delusional!"

When these last four words came out of Han Qianqian's mouth, Fei Lingsheng was completely devastated.

Han Qianqian's words, one after another, made her realize the reality.

Although her imagination was very beautiful, things had already reached this point, beyond her control, and if she didn't tell Han Qianli the truth, she was afraid that she would really have no choice but to die.

"Why do you know so right?" Fei Lingsheng said.

Han Qianli smiled faintly, the fact that Fei Lingsheng would ask this means that she had already admitted what Han Qianli had said before.

"Guess." Han Three Thousand Thousand said.

Fei Lingsheng smiled bitterly, just by guessing, Han Qianqian had almost guessed the whole thing, which was even more terrifying to her than the shock of strength.

"Yes, someone did promise to help me reach the God Realm if I helped him do what he wanted," Fei Lingsheng said.

"What kind of thing?" Han Qianli asked, which was the question he was most concerned about, and although he had roughly guessed it, there was no way for Han Qianli to know whether it was right or wrong.

"Ki Il Su Yingxia." Fei Lingsheng said.

Han Qianqian's face was frosty for a moment.

As expected!

It really is about to take action against Su Yingxia.

You should know that Su Yingxia is Han Qianli's backbone, and anything that threatens Su Yingxia's existence is an unpardonable crime to Han Qianli.

Han Qianli took a deep breath to calm his irritation and said, "Who is it, who wants you to do this."

Fei Lingsheng shook his head and said, "I don't know who he is, he only appears in my dreams."

"Dreams?" Han Giangli frowned, but there was still this ability to enter someone else's dream.

"This dream was created by him, not a real dreaming," Fei Lingsheng explained.

A created dreamscape.

With Han Giangli's current ability, he could do it, but he hadn't tried to do it yet, and what seemed like a very unbelievable thing wasn't that hard for him.

"Do you know who he is?" Han Giangli asked.

"I don't know, he just told me that he's a God Realm powerhouse who's been hiding in Xuanyuan World," Fei Lingsheng said.

How is it possible to be a hidden God Realm powerhouse in Xuanyuan World?

If such a strong person existed in Xuanyuan World, he should have ascended a long time ago, so why would he stay in Xuanyuan World, and Han Qianli had never felt the existence of such a strong person.

"But your guess just now is probably correct, I suspect that this person, is the incarnation of the Lin Long, Xuanyuan world apart from the Lin Long, there should not be a strong person in the divine realm." Fei Lingsheng explained that this was just her personal speculation, but Fei Lingsheng felt that the possibility was very high.

Because she was born and raised in Xuanyuan World, and she knew very well whether or not there were God Realm powerhouses in Xuanyuan World.

Although Han Qianqian had long guessed that the Linlong had most likely awakened, because Han Qianqian believed that Yi Qingshan was able to come to Earth with the help of the Linlong, and even the way he hid his breath was also related to the Linlong.

But according to the time when the Lin Long should have awakened, it was more than ten years earlier, which was definitely not good news to Han 3,000.

Moreover, the current Lin Long obviously still remembered the past, and that's why he was so eager to deal with Han Qianqian.

But there was one thing that Han Qianqian couldn't understand: since the Lin Long had already awakened and wanted to deal with him, why didn't he come to Earth himself, instead of letting Yi Qingshan come?

You should know that Yi Qingshan's strength could not possibly pose a threat to Han 3,000, he was at most just a rat who had hidden his scent and only dared to hide in the shadows to cause Han 3,000 some minor trouble.

"A trash like Yi Qingshan can't deal with me, so why did he send Yi Qingshan to Earth?" Han 3,000 frowned and said to himself.

Fei Lingsheng smiled bitterly on his face when he heard Han Qianqian say that Yi Qingshan was trash.

Once an Extreme Master, he was the top existence in the Xuanyuan World, but now, in Han Qianqian's eyes, he was just a trash, and this difference in status was too great for Fei Lingsheng.

This was also why Fei Lingsheng was obsessed with the divine Realm.

"Perhaps, he simply can't leave the Xuanyuan World." Fei Lingsheng guessed.

Han Qianqian sank to his knees, remembering that Lin Long had said that he had come from a higher world, preferring to be a chicken's head rather than a phoenix's tail, and in the process needing to sleep to escape the tracking of the higher world's powerhouses, indicating that he was very scrupulous about the higher world.

Perhaps he was afraid that his breath would be exposed in the spatial tunnel and attract the attention of the higher world?

Although it was only a possibility, the current Han 3,000 could only explain in such a way why the Lin Long didn't come to Earth himself.

"Why did he kill Su Yingxia?" Han Qianli asked with a puzzled face.

Su Yingxia's importance to him was self-evident, and killing Su Yingxia would only completely provoke Han Qian's anger, even if he were to replace his position and consider it from the perspective of the Linlong, Han Qian felt that he would not make such a choice, because completely angering a God Realm powerhouse was definitely not a wise choice.

"It's because, he's jealous of Su Yingxia." Fei Lingsheng said.

"Scruple?" Han Qianqiang had a startled expression.

Isn't scruples the same as fear?

How could Lin Long be afraid of Su Yingxia?

Although it is true that Su Yingxia will become very strong after receiving Fuyue's power, but even if he is strong, can he still be as strong as this God Realm?

"How is that possible? He's not afraid of me, but he's afraid of Su Yingxia," Han Qianli said in disbelief. Han Qianli said in disbelief.

"I thought it was very strange at first, but he said that Su Yingxia's strength, when he was in Xuanyuan World, was only a tenth of what it was when he recovered." Fei Lingsheng said.

One-tenth.

Even Han Qianqian couldn't help but swallow his saliva at these words.

Su Yingxia would actually be strong to this extent.

"And he even said one more thing." Fei Lingsheng continued.

"What words?" Han Qianli looked eager to ask, as he knew that this next sentence was the real point.

"He said that even in the Eightfold World, she was the strongest in the Kongdong Realm, and that destroying a world was just a snap of the finger."

## **Chapter 1526**

The Eight Worlds!

The Konton Realm!

To Han 3,000, these two terms were unfamiliar to him.

But he knew that this was that higher world, and the Kongdong realm was the name of that world's realm. The Kongdong Realm was the name of that world's realm.

According to Lin Long's words, the Kongdong Realm should also be a very powerful realm in the Eight Directions World.

And the three words "strongest" struck Han Qianqian's heart heavily.

But he couldn't figure out how Fuyue could appear on Earth since he was a strong person in the Eight Directions World. Moreover, a strong person of this level should have a longer lifespan. And how could he die on Earth for no reason, which was obviously a very bizarre thing.

"Did he say anything else?" Han Giangli asked.

"No, I've told you everything I know, and there's absolutely nothing I'm hiding," Fei Lingsheng said.

Looking at Fei Lingsheng's eyes, Han Qianli knew that she wasn't lying.

But a bunch of questions. But Han 3,000's mind was a muddle.

The reason why Fuyu appeared on Earth and why she died on Earth became something Han Qiannian couldn't figure out.

"If he appears again in the dream world looking for you, you tell him for me that sooner or later I'll whip his dragon tendons." Han Qianli said to Fei Lingsheng.

Fei Lingsheng nodded her head, although the words sent chills down her back, but since it was Han Qianqian's words, she could only convey them truthfully.

With great doubts, Han 3,000 left the forbidden area.

The Kongdong realm powerhouse of the Eightfold World.

Su Yingxia actually had such an astounding past life, which was really unexpected to Han Qianli.

It was thought that Fuyan was only a strong man of the Earth. It was just the best of the apocalypse, but now it seemed. Han 3,000 clearly underestimated Su Yingxia's identity.

Han 3,000 desperately wanted to know what had happened and why Fuyao had come to Earth, but Han 3,000 was also clear that this matter could not be known in a short period of time.

Unless one day, Su Yingxia regained her memories of her previous life, otherwise, she could only wait until Han 3,000 went to the Eight Directions. Only after Han 3,000 went to the Eightfold World, could he investigate the reason.

Back to the residence. The respect for Su Yingxia was not just words, and he would not force Su Yingxia to do anything she did not want to do.

The next morning, Su Yingxia got up and went out, almost stepping on Han 3,000.

Seeing that he really slept at the door, Su Yingxia suddenly felt guilty.

I thought Han Qianqian would go to another room, but I didn't expect him to just lie on the ground in front of the door.

"Get up, the sun is on your ass." Su Yingxia said to Han Qianqian.

When Su Yingxia woke up, Han 3,000 felt the sun on his buttocks. Han Qianli already felt it, but he was just pretending to be asleep.

He pretended to rub his eyes. Standing up with a sleepy look, he said, "It's dawn so soon."

"You ..... really slept here all night?" Su Yingxia asked.

"Yes." Han Giangli looked like he was taking it for granted and said, "It's the only way I can protect you better, but it's okay. It's a little hard, but it's okay."

Han Giangxi wouldn't do anything to force Su Yingxia. But that doesn't mean he won't deliberately pretend to be pitiful in front of Su Yingxia in order to win Su Yingxia's pity. So that he could go to sleep in his room.

That would make Su Yingxia feel even more guilty. After all, Han Giangli slept at the door to better protect her.

"Are you serious. Or are you pretending to be pitiful in front of me." Su Yingxia asked.

Han Qianli nodded her head without revealing anything, but she was a little surprised. Was it because her own acting skills were showing a flaw, and that's why she made Su Yingxia say that?

"What's so pitiful about it? I slept well, so why would I be pitiful?" said Han Qianqian, looking as if nothing had happened. Han Qianli said as if nothing had happened.

The more Han Qianli acted carelessly, the more guilt Su Yingxia felt in her heart, and then a voice in her heart told her that she should let Han Qianli sleep in her room tonight, after all, he was trying to protect himself, how could he let her sleep at the door.

"What are we going to do today?" Su Yingxia changed the subject and asked Han Qianqian.

Han Qianli was not in a hurry, he knew that Su Yingxia must already have guilt in his heart, as long as he let this guilt grow, he could sleep in the room sooner or later.

"Let me take you to see the scenery, the scenery of the apocalypse is very good, and I also know that there is a natural waterfall nearby, it's very beautiful." Han Qianli said.

The geographical location of the apocalypse was in the middle of a primeval forest, where the most pristine forest landscape had been kept unspoiled by anyone, and was definitely very attractive to people like Su Yingxia who grew up in the steel jungle.

As a matter of fact, Su Yingxia became interested in the waterfall, and even said to Han Qianli, "In that case, let's go quickly."

Han Qianqian smiled faintly, and couldn't help but have some bad thoughts in her heart.

The two of them chatted all the way to the waterfall, and it took them half a day to arrive at Han Qianli's so-called waterfall.

Han Qianli had never been here before and had only felt it with his divine sense, so the scene in front of him was the first time he had seen it with his own eyes, and he couldn't help but be amazed by the scenery as well.

## **Chapter 1527**

"So beautiful." When he said this, Su Yingxia was like an uninformed hick.

But Han Qianli knew that Su Yingxia had truly seen so much more than him. The Eightfold World alone was something Han Qianqian had not touched, not to mention that she was once a strong Kongdong realm master.

The current Han Qianqian didn't understand the realm of the Eightfold World, and knew what the Kongdong Realm meant in the Eightfold World.

But one thing was clear to him: since the Linlong was so scrupulous about her strength, it meant that the Kongdong Realm must be a very powerful existence.

Han Qianqiang had never dreamed of it. An unlucky marriage had led him to marry such a strong wife.

Su Yingxia had such strength. Han 3,000 couldn't help but think, if he went to the Eightfold World in the future, wouldn't he also have a patron.

Thinking of this, the corners of Han Qianli's mouth unconsciously turned upward.

"What are you laughing at?" After Su Yingxia saw it, she was puzzled and asked.

"Laugh if you are happy, to be able to be with you. Just be happy." Han Qianli explained.

Su Yingxia blushed scarlet, Han Qianli's unashamed expression made Su Yingxia a little shy, although she knew she would become Han Qianli's wife in the future, but such a confession was somewhat shy at Su Yingxia's age.

"Can you swim?" Han Qianli asked Su Yingxia.

As soon as he said this, Han Qianqian made a lifelong leap and jumped directly into the water.

Su Yingxia was splashed by the exploding water and scolded Han Qianli twice. But there was a smile on her face, indicating that she wasn't really angry at all.

"Come down. The water is cold and very comfortable." Han Qianli swam in the water and said to Su Yingxia.

Su Yingxia was a little unable to let go, after all, a lonely man and a woman were swimming together, what if something happened that shouldn't have happened?

But looking at the happy Han Qianqian, Su Yingxia couldn't control herself. Because she used to be a swimmer, she has loved playing in the water since she was a child.

After a fierce struggle of thoughts, Su Yingxia finally fell in front of the temptation and jumped directly into the water. Su Yingxia finally collapsed in front of the temptation and jumped directly into the water.

This was probably the most relaxed Han Qianqian's body and mind had been in many years.

Whether it was before or after his rebirth, Han 3,000 was carrying a tremendous amount of pressure.

Once upon a time, under the oppression of Nangong Qianqiu, he did not have a happy childhood.

Even as an adult, Han 3,000 still had to face tremendous pressure.

After going to Cloud City, Han 3,000 became a spurned trash, and at that time, Han 3,000 was almost resigned to his fate. He had almost resigned himself to his fate until the moment Su Yingxia took his hand. It was only when Su Yingxia held his hand that Han Qianqian made up his mind to make all those who looked down on him regret it.

This path was not difficult for Han 3,000 miles away, and he did it. But the greater the ability, the greater the responsibility.

The current Han 3,000 was still burdened with the task of dealing with the Lin Long. With the responsibility of dealing with the Lin Long, it could be said that not a moment was easy for him.

But now. Han 3,000 could finally put everything aside and enjoy this moment of peace.

Once upon a time, Han Qianxiang had thought. After dealing with the Lin Long, he would take Su Yingxia with him. Find a piece of paradise and enjoy the world for two. But now, this idea is no longer valid.

Because Su Yingxia's previous life came from the Eight Directions, she will go back one day, and Su Yingxia's strength is very strong, in order to match Su Yingxia, Han Qianli also needs to make herself stronger.

Happy moments are always short-lived.

When Su Yingxia got tired, the two of them rested on the shore.

Su Yingxia lay on Han Qianqian's lap, looked around at the beautiful scenery and said, "I didn't think there was such a beautiful place in this world.

"You've seen more beautiful scenery, but you've just forgotten," Han Giangli said.

"Will you still take me to see those beautiful landscapes?" Su Yingxia asked.

"Of course, as long as it's something you like, I'll take you there." Han Qianli said softly.

Su Yingxia cheerfully closed her eyes and prepared to rest for a while, when she realized that all of her clothes had dried.

"I wish I had your kind of ability." Su Yingxia said with an envious face.

It was only a matter of time before Han Giang didn't know how to respond to this, after all, Su Yingxia was even more powerful than him.

"You'll also become very powerful in the future, and you'll be more powerful than me," Han Qianli said.

Su Yingxia muttered, obviously not believing Han Qianli's words.

A tired Su Yingxia soon fell asleep on Han Qianli's lap, and Han Qianli just stayed quietly, not daring to move for fear of waking Su Yingxia.

The Eightfold World.

Kongdong Realm.

At this moment, Han Qianli suddenly wanted to visit the Eightfold World urgently, because that was Su Yingxia's real home.

But Han Qianli was also a little apprehensive, after all, it was a higher world, and his divine realm strength, in the Eightfold World, was most likely just the lowest level of weakness, in this case, Han Qianli undoubtedly lost the ability to protect Su Yingxia.

## **Chapter 1528**

When Su Yingxia noticed that Han Qianli looked like she had a lot on her mind, she couldn't help but ask Han Qianli, "What's wrong with you, you look like you have something on your mind."

Han Qianli subconsciously shook his head and said, "Nothing."

As soon as she saw Han Qianli's eyes were in a trance, Su Yingxia knew he was lying, and after sitting up, her eyes stared at Han Qianli and said, "Is there still a secret between the two of us, is there anything we can't tell me?"

Regarding the fact that Su Yingxia was the strongest person in the Eight Directions World, Han Qianqiang did have concerns, but his concerns came from his lack of strength, and had nothing to do with Su Yingxia herself.

To make up for this, Han Qianli only needed to make himself stronger, so in his opinion, there was no need to tell Su Yingxia about it.

But Su Yingxia looked like she was breaking the sand pot to ask the bottom line, so Han Qian can't lie, because one lie, there will be countless lies to cover up the lie, this is a bottomless pit, and once Su Yingxia finds out, it's very likely that it will have an impact on their relationship.

"I got a message last night," Han Qianli said.

"What news?" Su Yingxia couldn't wait to ask.

"Your past life, which is Fuyu, is most likely from another world." Han Giangli said, although there was no hard evidence of this matter, but according to what Lin Long said, it was already ninety-nine percent true.

"I'm from the world of Xuanyuan?" Su Yingxia was surprised, she always thought she was on the same side as Han Qianqian, but if Fuyan is from Xuanyuan World, she would be enemies with Han Qianqian!

"No, it's a more advanced space, the Eightfold World, a place I've never even seen," Han Giangli explained.

"The Eightfold World!" Su Yingxia was slightly surprised and said, "How could that be? Fuyan came from the Eightfold World, so how could he appear on Earth, you couldn't have been tricked, could you."

The chances of being tricked were very small, because Han Qianqiang had already thought very seriously about this question.

Lin Long asked Fei Lingsheng to kill Su Yingxia, and presumably Yi Qingshan came to Earth for the same purpose, which meant that Lin Long was really jealous of Su Yingxia's strength, and if Su Yingxia wasn't from the Eightfold World and wasn't a strong Kongdong realm, how could he be afraid for no reason?

"I've told you about the Linlong, you know how powerful he is," Han Qianqian said.

Su Yingxia's expression became serious when she heard the word "Linlong", according to Han Qianqian's description, the Linlong could easily destroy the Xuanyuan World, such a destructive power, of course powerful.

"En." Su Yingxia nodded her head and said.

"He's afraid of you, that's why he sent people to Earth to kill you." Han Giangli said.

"En?" Su Yingxia looked at Han Qianqian with a confused face, in her heart, the Linlong was a very terrifying existence, and such a character would be afraid of her, which made Su Yingxia somewhat unbelievable for a moment.

"This is a thousand times true, because you are a strong Kongdong realm of the Eightfold World, which is a very powerful realm according to him, that's why he's afraid of you, and that's why he wants to kill you before Nian's strength is restored." Han Giangli said.

It took Su Yingxia a long time to digest this matter, and right now it was already full of stars.

"If I'm so powerful and can still deal with the Linlong, why do you still look like you have a lot on your mind?" Su Yingxia was puzzled to ask, to be able to deal with the Linlong, isn't this a good thing?

"Because I can't protect you anymore," Han Giangli said.

Su Yingxia was amused by this statement, and directly climbed on Han Qianli's shoulder with her hand and said, "You can't protect me, so let me protect you instead, how about you be my little brother."

Han Qianli smiled faintly, it was nice to be protected by Su Yingxia, but what Han Qianli was really worried about was the reason why Su Yingxia had come to Earth.

It was reasonable to say that as a strong Kongdong realm member of the Eightfold World, it was absolutely impossible for her to leave the Eightfold World easily, and there was most likely some inexorable reason for this, and when she returned to the Eightfold World again, it was likely that she would continue to face this kind of problem.

If she came to Earth as a last resort because she had a grudge against a strong person for some reason, then Han 3,000 would become a chicken's rib, a drag on Su Yingxia, which Han 3,000 would never want to see.

"That's right, it's good that you can protect me, it seems that my worries were unnecessary." Han Qianli said with a smile, not telling Su Yingxia what he was really worried about, to avoid Su Yingxia from thinking like him.

"You don't think it's a shame to be protected by a woman, do you." Su Yingxia asked Han Qianli with a smile.

"Of course not." Han Qianli shook his head repeatedly and said, "How would it be embarrassing to be protected by your own wife."

When it came to the word wife, Su Yingxia's face turned scarlet again, after all, she was still young, and it was a little too early for her to be called that.

The two of them did not go home that night, but spent the whole night at the waterfall, Su Yingxia slept soundly on Han Qianli's lap, while Han Qianli was thinking about how to make herself stronger.

The biggest reason why Han 3,000's realm rose so fast was the skeleton, but the skeleton had its limits.

Han Qianli, who had not slept all night, was full of thoughts about this problem, but until dawn, Han Qianli did not come up with any countermeasures, because now he knew nothing about the Eight Directions World, how to cultivate, how to make himself stronger, and even more an empty conjecture.

"I actually slept by the waterfall all night." At this time, Su Yingxia woke up rubbing her eyes, but there was no sound of the waterfall in her ears.

Just when I wanted to say if I was deaf, the sound of water came from my ears, and Su Yingxia knew that this was Han Qianqian's tactic, so she didn't ask any more questions.

"Hungry, right?" Han Qianli smiled and asked.

At the moment, Su Yingxia was still an ordinary person, and he was different, Han Giang's eating was no longer a physical need, but a taste for the mouth, but Su Yingxia was still an ordinary person who needed to eat.

"Let's go back first, there should be something delicious waiting for us." Han Giangli said.

"But ..... I'm so hungry I don't have the energy." Su Yingxia looked at Han Qianqian with a pitiful face.

## **Chapter 1529**

Han Qianli carried Su Yingxia back to the four gates, the next old assistant had prepared a sumptuous breakfast for them, as for where Han Qianli and his two men went, the assistant did not dare to ask casually, after all, Han Qianli was a person who made He Qingfeng kneel, he had absolute freedom in the apocalypse, anywhere he could go.

In the process of eating breakfast, Su Yingxia suddenly said to Han 3,000, "I want to go to Fuyue's residence."

This question had actually been nagging at Han Qianli's heart, he had been considering whether to take Su Yingxia there at such a time, he was worried that Su Yingxia's current body was not the best moment to receive Fuyan's power, and was even more worried that Fuyan's power would cause harm to Su Yingxia's body.

"Once you enter the stone room, Fuyue's power will condense into a bead, her physical body will be destroyed, and it's very likely that the condensing into a bead part will be missing because of your presence, once the power keeps entering your body, that's something I can't stop." Han Qianli said, "The last time I went to the stone room, because Su Yingxia wasn't there, the power was pooled into a bead.

But this time was different, and Han Qianli couldn't predict what kind of changes would happen with Su Yingxia present.

"Since that's my past life, it's also the power that belongs to me, so how could it hurt me." Su Yingxia said, she and Han Qianqiang's thoughts were completely different, she didn't think Fuyue's power would hurt her, after all, it was hers.

She didn't think that Fuyuki's power would hurt her, after all, it was her. Su Yingxia had a point in saying that, but there was a risk after all, because no one knew what kind of outcome would be brewed from something that didn't happen.

"But there is still a risk," said Han Qianli. Han Qianqiang said, he did not want Su Yingxia to be a little bit dangerous.

"Since Lin Long wants to get rid of me so badly, and Yi Qingshan doesn't have enough strength, what if he deals with me in some other way, and you're not by my side?" It was also a risk, said Su Yingxia, and it was a risk that could be avoided if she could get back the power of Fuyuki, so she thought she should do it.

"How so, I will always be by your side, no matter what happens." Han Qianli said, nothing in this world could be more important than Su Yingxia, so Han Qianli would never leave Su Yingxia for any other reason.

"Even if you're by my side, doesn't he have any other way to deal with me?" Su Yingxia said.

The other way?

With Han Qianqiang guarding it, what else can Lin Long come up with?

Although he could create dreams, Han Qianli could completely circumvent this, and even in the dream world, it was impossible for Lin Long to kill Su Yingxia.

"Of course, I'm still very confident about that." Han Qianli said with a confident face.

Su Yingxia muttered, Han Qianli's lack of oil and salt made her helpless.

At this time, the assistant ran to Han Qianli's face with panic in her eyes.

"What's going on?" Han Qianli asked in a deep voice.

Could it be that the Linlong knew that Yi Qingshan and Fei Lingsheng couldn't help him complete his mission, so he had come to Earth himself?

"There was a vision on the mountainside, and I don't know how it happened, but it reflected a colorful light." The assistant said to Han Qianqian.

Seven-colored light?

"It's just a rainbow, haven't you ever seen one before, so why make such a fuss?" Su Yingxia said, "If it's just a rainbow, of course he won't be surprised.

The assistant smiled bitterly, if it was just a rainbow, of course he wouldn't make a fuss, but it wasn't a rainbow at all.

"Let's go out and take a look." Han Giangli said.

Su Yingxia also stood up, and when the group arrived at a place with a wide view, Han Qianli's face became heavy.

The place reflecting the colorful light was actually in the direction of the stone room, and it was very likely that the light was related to the stone room.

At this time, He Qingfeng also hurriedly came, because the next old man told him that the granduncle had come out of the stone room, and now that the stone room had a sudden vision, in his opinion, only Han Qianli knew what was going on.

Now, in his opinion, only Han Qianqiang knew what was going on. "Granduncle, there's been a change in the stone room, do you know what's going on?" He Qingfeng asked Han Qianqian.

Han Qianqiang couldn't help but turn his head to look at Su Yingxia. In his opinion, the mutation in the stone room was probably related to Su Yingxia, because the real owner of the stone room was Su Yingxia.

Su Yingxia stared at the direction of the stone room, and did not know whether the colorful light was reflected in her eyes, or whether it was emitted from her eyes themselves.

"Three thousand, I feel someone is calling me, it's in that direction." Su Yingxia pointed to the stone room and said to Han Qianqian.

Han Qianqian's heart sank!

Someone is calling her!

Could it be that this is the power of Fuyan calling to her?

For Su Yingxia to receive Fuyan's power at this stage, Han Qianli's heart did not accept it, he did not want to see Su Yingxia being hurt, but the current situation, it seems that he could not stop it.

But Han Qianli couldn't figure out why the mutation would suddenly happen at this time.

## **Chapter 1530**

At this time Su Yingxia, there is only one feeling, that is, the stone room has an inexplicable summoning, so that she can not help but want to go, it is a special kind of feeling, so that Su Yingxia can not refuse.

In the case that the power has already reacted to Su Yingxia, Han Qianli has been unable to stop Su Yingxia from inheriting the power.

Other people may only think it was a seven-colored light, but Han 3,000 could clearly feel the powerful power of the light, which even he, who possesses the God Realm, could not counteract.

Although he had known that the Kongdong realm was very strong, a realm that even the Linlong was afraid of, it wasn't until now that he was able to clearly feel the difference.

If the world was like ants to Han Three Thousand, then Han Three Thousand was just a stronger mole in front of this power.

"Three thousand, I'm going." Su Yingxia suddenly turned her head to look at Han 3,000 and said with a firm look in her eyes.

At this point, it was already too late for Han 3,000 to stop.

Sighing inwardly, she only hoped that, as Su Yingxia thought, this power would not harm her.

Han Qianli hugged Su Yingxia's waist, and the two of them took off into the air, flying straight in the direction of the stone room.

He Qingfeng and his assistant directly looked dumbfounded, although they also have the power that mundane mortals do not have, but flying in the air is something that they do not even dare to think about, but Han Qianli did it!

"This ..... he was able to fly!" He Qingfeng's eyes were almost about to fall to the ground, and words could no longer describe the shock in his heart.

"Is this the strength of a strong man from a hundred years ago?" The assistant also said with a look of wonder.

But in a flash, Han Qianqian and Su Yingxia had arrived in front of the stone room.

When Han Giangli released Su Yingxia, Su Yingxia walked towards the stone room.

Han Qianqian followed behind Su Yingxia to deal with any unexpected situation.

But soon, Han 3,000 was suppressed by the power coming from the stone room, and even though Han 3,000 resisted with all his might, his feet even sank into the rocks, he was still not allowed to take another step.

Han Qianqian, who clenched his teeth and held on, soon turned pale white, and if he continued to hold on, he was afraid his veins would break and he would die.

As a last resort, Han 3,000 had to give up the fight, but in an instant, he was forced back several dozen meters by the power in the stone room.

This caused Han 3,000 to inhale a deep breath of cold air.

He was a God Realm powerhouse, looking down on the world, but he was defenseless in front of Su Yingxia's power. The strength of the Kongdong Realm was so terrifying!

"Is this the difference between the Eightfold World and the Xuanyuan World?" Although there is a certain gap between Earth and Xuanyuan, this gap is not particularly obvious between the strongest people, or else the war a hundred years ago would not have been able to push back those in Xuanyuan.

But the gap between the Eightfold World and Xuanyuan World is too great, and Han 3,000 personally felt that this is simply a different level of power.

In this situation, Han 3,000 could not know what was going on in the stone room, so he could only wait quietly from a distance.

And Su Yingxia, after walking into the stone room, saw the former self, beautiful as a scroll Fuyue, even Su Yingxia could not help but be moved.

And this time, Fuyue did not vanish into thin air, but actually opened her eyes, her pupils as blue and clean as the sky.

The corpse suddenly opened its eyes, which is an extremely terrifying thing for many people, but Su Yingxia didn't feel afraid, and instead walked to Fuyue's side.

"Are you the one who was once me?" Su Yingxia couldn't help but ask.

Fuyue didn't say anything, and after opening her eyes, her appearance didn't change at all, she just looked at Su Yingxia quietly.

"What are you trying to tell me?" Su Yingxia said.

Although Fuyu's mouth began to move, Su Yingxia couldn't hear anything.

"I can't hear you, can you speak louder." Su Yingxia said with an anxious face.

Just as the words fell, Fuyue's original self suddenly turned into a mass of nothingness, as if it was about to disappear at any moment.

"I haven't heard what you said, so don't rush the news yet." Su Yingxia quickly said.

Soon, Fuyan transformed into a colorful force that poured into Su Yingxia's body.

Su Yingxia instantly felt that her body was about to explode, all kinds of power surged in her body, she didn't know how to deal with it, the first thing that came to her mind was Han Qianqian, but she couldn't cry out for help.

The first thing he thought of was Han Qianli, but he couldn't get out the cry for help. Han Qianli, who was outside, had no idea what was going on; he could only see the colorful light getting stronger and stronger, even to the point where he couldn't look directly at it.

But Han Qianli guessed that Su Yingxia was already receiving Fuyue's power at the moment, and the process was definitely unpleasant for Su Yingxia, but Han Qianli's worries could not be translated into any practical action.
