

His True Colors Chapter 1531-1540

Chapter 1531

For half a month, Su Yingxia did not leave the stone room, which was a great torment for Han 3,000 yuan.

During this half month, Han 3,000 wanted to rush into the stone room countless times, but unfortunately, with his ability, he couldn't bear the pressure brought about by the power of the folding, no matter how torturous it was, Han 3,000 had no choice but to wait.

In the meantime, Fei Lingsheng came to Han 3,000, and told Han 3,000 that Lin Long wanted her to ruin Su Yingxia's power inheritance process, and it would be best to kill Su Yingxia in the meantime.

By doing so, Fei Ling Sheng directly chose to betray the Lin Long, which was a very wise choice for her.

Because the Lin Long couldn't come to Earth, and he also made it very clear that he was afraid of Su Yingxia's strength, so what Fei Lingsheng had to do was to try to please Han Qianqian as much as possible, and if she couldn't rely on the Lin Long to reach the God Realm, she could only put her hope on Han Qianqian.

Han Qianqian didn't have too many thoughts about this, because now he only wanted Su Yingxia to come out unharmed, as for other things, it wasn't something that Han Qianqian had the heart to consider.

On this day, Fei Lingsheng came to Han 3,000 again.

As soon as she appeared, Han 3,000 yuan knew that it must have something to do with Lin Long, so he asked directly, "Did Lin Long give you any orders again?".

"If I don't do what he says, he'll kill me," Fei Lingsheng said.

Han Qianlian smiled coldly, now that the Lin Long was in Xuanyuan World, how could he kill Fei Lingsheng?

"Don't worry, if he had the guts to come to Earth, he would have come long ago and wouldn't have to wait until now." Han Giangli said.

Fei Lingsheng naturally understood this, if he didn't have any concerns, why would the Lin Long need to give him the task of killing Su Yingxia?

But what Fei Lingsheng was worried about wasn't Lin Long's arrival on Earth.

"He can create dreams, and in the dreams, can he kill people?" Fei Lingsheng asked.

Han Qianqiang looked at Fei Lingsheng with a sneer in her eyes, but thanks to her, who was also an Extreme Master, she didn't even understand this point.

Dreams are just illusions, but how can one kill in an illusion?

"Don't you even know what a dream is?" Han Qianqiang said.

Of course, Fei Lingsheng knew that she wasn't ignorant to such a degree, but after all, a Lin Long was a Lin Long, and no one could guess whether he had special abilities, after all, Fei Lingsheng had felt the dream world herself, and she knew how real it was.

"Even if you are a Lunar Dragon, you can't kill people in the middle of the dream world, right?" Fei Lingsheng said.

Han Qianqian knew that she was afraid of this, and said, "If you're afraid, you can stay by my side, and I can guarantee that he won't be able to kill you."

This was good news to Fei Lingsheng, although she didn't know if Han Qianxiang could really help, but at least it would put her at ease.

"What about the forbidden area?" Fei Lingsheng asked.

"I'll have someone from the apocalypse guard it, and I'm sure he wouldn't dare to do anything in this situation," Han Qianli said.

Fei Lingsheng nodded his head and stopped speaking.

Time slipped by.

Twenty days had passed since Su Yingxia had entered the stone room, but the power emitted from the stone room hadn't weakened at all, and if this situation continued, there was no telling how much longer it would last, making Han Qianqian increasingly anxious.

When he was on the Black Sheep Organization's headquarters island, he was in solitary confinement for three years, and if Su Yingxia was like that, it would be too hard for Han Qianli to accept.

To worry about Su Yingxia for three years, imagine what kind of psychological torture Han Qianxiang will go through.

"It's useless for you to be anxious, no one can help her at this time." Fei Lingsheng said to Han Qianqian after sensing her anxiety.

This simple truth Han 3,000 naturally understood, but just because he understood it didn't mean that he could be forgiving, after all, this was the person he cared about the most.

"You don't understand." Han Three Thousand said.

"In addition to worrying about her condition, you're also worried about yourself, right?" Fei Lingsheng suddenly said.

"What do you mean?" Han Qianli frowned.

The corners of Fei Lingsheng's mouth rose and he said, "She is the strongest person in the Eightfold World, and you, sooner or later, will go to the Eightfold World, and at that time, she will be much stronger than you, and you will lose the ability to protect her, this contrast is not easy for you to accept, right?"

Fei Lingsheng's words spoke directly to Han Qianqian's heart.

He has long been worried about this, and has even mentioned it to Su Yingxia.

Although Su Yingxia said at that time that he could protect Han Qianqian, but out of a man's pride, how could Han Qianqian want Su Yingxia to protect him?

More importantly, Su Yingxia's reason for leaving the Eightfold World is unknown, and Han Qian Qian speculates that she may have offended someone and attracted a powerful enemy, which is why she was forced to come to Earth.

If this reason exists, then when Su Yingxia returns to the Eightfold World, her enemies will certainly come to her door, which is a huge trouble for Su Yingxia, and the Han Qianqian at that time will probably be an ant-like existence in the Eightfold World, which is a situation Han Qianqian can never accept.

"You're smart, but people who are too smart are often unpleasant." Han Qianqian said indifferently.

"Do you remember the exotic beasts of the Xuanyuan World?" Fei Lingsheng said, "Han Qianli looked at Fei Lingsheng and didn't quite understand what she meant.

Han Qianli looked at Fei Lingsheng, not quite understanding what she meant by that.

Although Han Qianqian had been reborn, she had not forgotten everything in Xuanyuan World, so why would she suddenly ask this?

"What do you mean?" Han Qianli asked.

"Exotic beasts can be tamed, and the Lunar Dragon will certainly bring a great increase in your strength," Fei Lingsheng said.

Fei Lingsheng's words had been very clear, she wanted to tell Han Qianqian to tame the Linlong, so that the Linlong would recognize its master, thus becoming his foreign beast.

But how could this be possible? Han Qianqian didn't even know if he was the match for the Linlong, and in order to tame the Linlong, he had to be much stronger than the Linlong, which was obviously unrealistic.

"Your joke is too big, taming the Lin Long, with my current strength, how could I possibly do it," Han Qianli said.

"It's true that you can't do it with your strength, but there's still her, as long as she can help you, won't this matter be a breeze?" Ferrington said.

She?

When Su Yingxia came out of the stone room, no one could know what kind of strength she would have.

If she returns to her prime, then the Linlong will be an earthworm to her, and she can indeed help Han Qianli tame the Linlong.

Chapter 1532

It must be said that Fei Lingsheng's statement made Han 3,000 yuan very impressed. Although he now had a red-eyed jade mang, there was still a very big difference between the two compared to the Lin Long, but on second thought, it was after all an external force, and did not belong to his own real strength, which made Han 3,000 yuan lose a lot of interest.

"Even if I could tame the Linlong, it would not be enhancing my own strength, not much significance, and in the Eightfold World, the Linlong is probably just a low-level exotic beast, otherwise, how would he escape to Xuanyuan World?" Han Qianqian said.

"I know a secret method that can refine foreign beasts, thus transforming all the power of foreign beasts into your own. Fei Lingsheng said.

Refining exotic beasts.

This was something Han Qianqian had never heard of, but compared to his knowledge of the Xuanyuan World, Fei Lingsheng definitely understood it better than him.

Since Fei Lingsheng said that such a secret method existed, it was most likely true.

"What do you mean, taming the Lunar Dragon and then refining it?" Han Qianli said.

"Good, so you can improve your strength quite a bit." Fei Lingsheng said.

"Why are you telling me this, it won't do you any good for me to become stronger." Han Qianli looked at Fei Lingsheng with a questioning face, the feelings between the two of them were hypocritical, so in Han Qianli's opinion, Fei Lingsheng would never be nice to him for no reason.

"It's true that it's not good for me for you to become stronger, but I want you to help me become strong in the God Realm." Fei Lingsheng said, this was her only obsession, as long as she could reach the divine realm, she was willing to do anything.

"You also want to go to the Eightfold World?" Han Qianli guessed.

Fei Lingsheng shook his head without hesitation and said, "It was not easy for me to dominate the Xuanyuan World, so why should I go to the Eight Directions to become a Gryphon? As long as I become a god, no one in Xuanyuan World will ever be my match again."

Han Qianli thought that Fei Lingsheng had higher aspirations, but she wanted to dominate Xuanyuan only, which was a meaningless thing to Han Qianli.

Even if she was invincible in Xuanyuan World, so what, without a better quest, she would just live her life at a loss.

"Don't worry, I'll help you become a strong divine realm player, and it's even possible Han Qianli stopped talking and looked toward the stone room, and continued after a while: "It's possible that when she comes out, you can It's a breakthrough in the realm."

If Su Yingxia recovered the Kongdong Mirror, then for her, creating a strong divine Realm would likely be just a small matter of playing around.

This made Fei Lingsheng so impressed that he even couldn't help but breathe a little faster.

At this time, there was suddenly a gray-haired old man standing beside the two of them, but they did not notice it at all.

The old man looked moved, quite excited, and his constantly beating facial muscles gave the impression that he was in a state of euphoria.

"Miss, I've finally found you." The old man said.

Only after his voice fell did Han Qianli and Fei Lingsheng abruptly turn their heads.

Han Qianli's face was filled with shock, but with his current strength, he didn't even notice anyone approaching.

Fei Lingsheng was similarly shocked, unable to imagine how this seemingly ordinary old man could have approached them, and in a state of unawareness.

"Who are you?" Han Qianli questioned the old man.

The old man looked at Han Qianli with pale eyes and said, "How can a loser like you have the right to know who I am?".

Han Qianqian was furious that an old man dared to speak to him in such a tone of voice, but he was a strong man in the God Realm.

"Old thing, you're really big-headed." Han Qianqian said coldly.

The old man smiled faintly and said, "Daring to call me old thing, you're the first, I'm going to kill you as easily as squeezing an ant, if it wasn't for Miss's face, you'd already be a corpse."

Miss!

Did he call Su Yingxia "Miss"?

Han Qianli's heart shook.

Su Yingxia came from the Eight Directions World, and the old man in front of him was obviously from the Eight Directions World as well.

If that was the case, then I'm afraid Han Qianli's divine realm strength was really just an ant in front of him.

"Who are you." Han Qianqian asked.

"You have no qualification to know my identity, a lowly creature from a lowly world, but to be favored by a lady, I don't know what luck you've had." The old man was clearly a bit indignant, but although he was filled with hostility, he didn't dare to disadvantage Han Qianqian easily.

Low-class creatures!

It was the first time that Han Qianli had been evaluated like this, but despite this, Han Qianli couldn't find any rebuttal from Li, because this old man came from the Eight Directions World, and really had the right to treat him as a lowly creature.

"I am such a low-class creature, but also Su Yingxia's husband, you are disrespectful to me, aren't you afraid that I will tell your lady?" Han Qiangiang said through gritted teeth.

Chapter 1533

After hearing this, the old man scoffed, "A seven-foot man in the hall, doesn't he feel ashamed to say such words?"

Han Qianxiang really didn't feel ashamed. In front of a strong man like this old man, there is no need for dignity, and since they are not of the same world and the same level, there is no need for Han Marchant to compare strength with him.

Since he addressed Miss Su Yingxia, Han Qianli, as Su Yingxia's future husband, said these words as a matter of course.

"What I said was just the truth. How can I be embarrassed?" Han Qianqian said indifferently.

The old man's face was livid, obviously annoyed by Han Qianli's words. But this was indeed the truth again, and he couldn't refute Han Qianqian's words.

"After Miss regains her memory, are you sure she'll still take you seriously?" The old man snorted coldly.

Han Qianli was very confident about this, after all, the relationship between him and Su Yingxia had been honed over a long period of time.

"This is between her and me, what right do you, a servant, have to meddle with the east and west." Han Qianli said.

This caused Fei Lingsheng on the other side to break out in a cold sweat.

Daring to speak in such a tone with a powerful person from the Eight Worlds. Han Qianli's courage was too great, knowing that with this old man's strength, he could easily kill Han Qianli, and now that Su Yingxia hadn't awakened, there was no one to protect him.

"Kid, if you anger me, there is only one way to die." The old man gnashed his teeth and looked at Han Qianli.

Anyway, having come this far, Han Qianli simply broke the jar and said fearlessly, "If I can't beat you, of course you can kill me. But if you kill me, how are you going to explain to her?"

"You" The old man was so angry that he could not help it. But there was nothing he could do about it. Han Qianli's rascal-like attitude made him want to crush Han Qianli directly, but how to explain to Su Yingxia was indeed a big problem.

"Old man, you're old. Don't be so angry, in case you overreact and hiccup. I still don't know how to explain to Yingxia." Han Qianli said.

Fei Lingsheng wanted to laugh, but didn't dare. The old man didn't dare to kill Han Qianli, but that didn't mean he didn't dare to kill her, in case he thought he was making fun of him, how he would die.

"You'd better care about your lady's state, she's been in for a long time, when will she be able to come out." Han Qianli said, and this was his way of seeking an answer for himself in disguise. Because he didn't know how Su Yingxia's condition was, he couldn't put his mind at ease.

"Miss is in good shape. It's just the beginning." The old man said.

Han Qianli was relieved when he said so.

But it was only the beginning, which meant that Su Yingxia would need more time, which made Han Qianli feel a little depressed.

"How long will it take?" Han Giangli couldn't help but ask.

"You want to know?" The old man said.

Han Giangli nodded his head as if pounding garlic.

"Why should I tell you this trash." The old man said.

Han Qianli awkwardly put on his expectant expression. This old man was like a little kid, and he still had a temper.

"Are you going to stay here forever?" Han Qianli asked the old man.

This seemed to speak the old man's mind. And judging from the change in his expression, Han Qianli guessed that he couldn't stay for too long.

"Kid. Although you're trash and worthless in my eyes. But since Miss has chosen you, I can only trust you." The old man suddenly said to Han Qianqian.

Han Qianqian was baffled by these words. He asked, "What do you mean."

"After Miss wakes up, you help me tell her. I hope she can return to the Eightfold World as soon as possible, and the Fushi lineage needs her." The old man said with a dignified look.

It seemed that Fuyu was Su Yingxia's real name.

And looking at the old man's expression, it seemed that Su Yingxia's home in the Eightfold World was suffering from some kind of crisis, and that's why she needed to hurry back to the Eightfold World as soon as possible.

"Don't worry, I'll tell her as soon as she wakes up, but I can't guarantee that she'll be able to recover her past life memories." Han Qianli said.

The old man took out a glazed bottle, very small but exquisite, and said to Han Qianli, "If you let Miss eat this pill, she can naturally recover her past life memories."

The old man had already disappeared into thin air on the spot, and Han Qianli did not feel any power fluctuation at all.

"I can't even feel his power, I'm really a loser, this God Realm powerhouse." Han Giang said with a bitter smile on his face, in the Xuanyuan World, his strength was unrivaled, but to the strong men of the Eightfold World, he wasn't even an ordinary person.

"That's why I'm not willing to go to the Eightfold World," Fei Lingsheng said.

"You're just like the Linlong, and the Rooster Tail can satisfy your vanity, so naturally, you don't need higher aspirations." Han 3,000 said that such a life was meaningless to him, and since Su Yingxia was from the Eightfold World, Han 3,000 would have to go to the Eightfold World.

Chapter 1534

The appearance of the old man strengthened Han Qianxiang's determination to become stronger, because he knew that there was a huge gap between himself and Su Yingxia, and if he couldn't become stronger, Han Qianxiang wouldn't be qualified to match Su Yingxia.

Just like that old man's attitude just now, he treated Han 3,000 as trash.

After going to the Eight Directions World. Everyone in the Fu Clan will look at him that way, and this is a situation that Han Qianxiang must change.

"The Linlong is not an ordinary exotic beast, it comes from the Eightfold World, can it really be tamed?" Han Qianqian's expression was firm as he asked Fei Lingsheng.

Fei Lingsheng could clearly feel Han Qianli's change, both in tone and look, Han Qianli seemed to have decided to refine the Linlong into his own power, thus raising his vigilance.

"As long as it's a different beast, it can be tamed. I guess the reason he went to the Xuanyuan World is because he didn't want to become a slave of those powerful people." Fei Lingsheng said.

Such a statement was very possible, and the negative. Lin Long wouldn't risk going to the Xuanyuan World.

"Have you ever considered staying in the Xuanyuan World?" Fei Lingsheng suddenly asked Han Qianqian.

"En?" Han Qianli turned her head and frowned at Fei Lingsheng, not quite understanding what she meant by suddenly saying such words.

"Didn't you hardly feel the attitude of that old man just now, he was full of disdain for you and just treated you like trash, this is the situation your strength is facing in the Eightfold World, you'll go from being the top powerhouse in the Xuanyuan World to a trash that everyone can despise, such a change. Can you accept that?" Fei Lingsheng said.

"Is it hard for you to ask me to be like you, to turtle in the world of Xuanyuan and not face reality?" Han Qianli said indifferently, "The Eightfold World is where Su Yingxia truly belongs, and that alone is enough of a reason for Han Qianli to go to the Eightfold World.

"How many people do you think will take you seriously in the Fu Clan?" Fei Lingsheng said.

Han Qiangli suddenly raised the corners of his mouth and said, full of confidence, "One day, the entire world of the Eight Directions will prostrate itself at my feet, do you believe it?"

Fei Lingsheng wanted to treat this as a joke, the Eightfold World is a space that is completely incomparable to Xuanyuan World.

But Fei Lingsheng could not laugh. Because of Han Qiangli's determination, she felt a strong persistence, the present Han Qiangli may not be able to do it. But the future him may really be able to do it.

"If there's such a day, I'm willing to be an ox for you," Fei Lingsheng said.

"No need." Han Qiangli shook his head and said, "You want me to escort you in the Eightfold World, but that's not something I should do, the only thing I want to protect is her."

Han Qianli looked at Su Yingxia with persistent eyes, although he knew that he would no longer be qualified to protect Su Yingxia after she left the stone room. But this thought would never change in Han Qianli's mind.

Day after day passed.

As the saying goes, "There is no Koshi in the mountains, but a thousand years in the world."

In the blink of an eye, Han Qianlian came to Xuanyuan World. During these two years, Han Qianqian stayed in front of the stone gate almost every day, and would not have left it except under special circumstances.

During these two years, the power of the stone gate had weakened a lot, which meant that most of its power had been absorbed by Su Yingxia.

One thing Han Qianqian felt very strange, before the rebirth of the condensation beads he received, Su Yingxia only took a very short time to absorb all of them, but this time it took too long, how could there be such a big time gap between the two?

Could it be that the power that the gel pearl brings to Su Yingxia is limited, and that's why it can be absorbed in a very short period of time?

But at that time, Su Yingxia absorbed the power of the condensed pearl. He has already been able to abuse the entire Xuanyuan world.

This time, Su Yingxia will not be able to directly restore the strength of the Kongdong realm.

If that's the case, the threat of the Linlong is a joke to Han 3,000. If this was the case, the threat of the Linlong would become a joke to Han Qianliang.

At this time, the Linlong should have been hiding in the dark forest, shivering.

Xuanyuan world.

The dark forest, from time to time, let out an angry roar, which made the entire Xuanyuan world's strong man are very afraid, so much so that this time no strong man dared to sneak outside, afraid of a bad luck. It was caught by the Lin Long as food.

The Lin Long's anger came from his fear of Su Yingxia, who knew very well what was happening in the apocalypse. But in the face of all this, he has no way, the Lin Long also tried to go to Earth. If he uses the time tunnel to enter the Earth, he will certainly attract the attention of the Eight Directions. What's more, now on Earth, there are people secretly protecting Su Yingxia. Even if he goes, it is very likely that he will not be able to achieve his goal.

The current Lin Long is like a chronic death. He knew he would die when Su Yingxia regained her strength, but he couldn't do anything about it.

"I've been hiding for thousands of years, is it hard to fall to be really destroyed in the hands of a woman!" The Linlong gnashed his teeth and said, full of unwillingness, in a short while, he will be able to use the power of heaven and earth to completely block the Xuanyuan world, at that time, no matter how much he is a king in the Xuanyuan world, no one can interfere with him, but in this critical time, Su Yingxia has gained the power of Fuyuan, this is a very desperate thing for the Linlong!

"Fei Lingsheng, the next time I see you, I will definitely make you break into pieces." In his opinion, the biggest reason why the threat of Su Yingxia was not lifted was because of Fei Lingsheng's betrayal, if Fei Lingsheng had not betrayed him, how could Su Yingxia accept the power of Fuyan so smoothly.

No matter how much he said, no matter how much he consoled himself, the Linlong knew one thing clearly, and that was that his fate was inescapable, a fact that he was powerless to change.

Facing a Kontonian powerhouse like Su Yingxia, Lin Long didn't even have the courage to resist.

Of course, Lin Long did not give up, after all, he had escaped from the Eight Directions World for thousands of years, how could he easily accept his fate in such a life and death situation?

Re-create the dream.

When Fei Lingsheng appeared, Lin Long's attitude changed drastically from before, no longer looking so superior.

"You're still looking for me, you don't still think I can help you kill Su Yingxia, do you?" Feeling that he was in the dream again, Fei Ling Sheng said faintly.

Chapter 1535

Now the Linlong has no more thoughts of killing Su Yingxia, because not only Fei Lingsheng, even he does not have this ability. Naturally, he would not have any delusions in this regard.

"With your strength, how could you possibly kill Su Yingxia." Lin Long said.

These words, as if they were a bit derogatory to Fei Lingsheng, made Fei Lingsheng very unconvinced and retorted, "Is it difficult to fall to your strength and be able to kill Su Yingxia?"

In the past, Fei Lingsheng would never have dared to speak to Lin Long in this manner. Fei Lingsheng would never have dared to speak to Lin Long with this attitude, but now. She was no longer afraid of the Lin Long.

"Of course not." Lin Long said.

"Then why are you looking for me?" Fei Lingsheng was puzzled.

"I want you to help me think of a way how to resolve the conflict between me and Han Three Thousand Years." Lin Long said, this conflict is not resolved, it is a dead end for Lin Long, he is also considered to know the time, know what he should do.

This made Fei Lingsheng a little startled. She never thought that this was the reason why Lin Long was looking for her.

The most powerful exotic beast in Xuanyuan World was actually going to choose to bow down because of Han Qianliang.

"You're actually willing to bow before Han Qianxiang." Fei Lingsheng said.

This was of course what Lin Long was unwilling to do, but in this situation, he had no other choice, compared to death, what was bowing his head?

And to endure humiliation for a while is nothing to the Lin Long, Han 3,000 sooner or later will go to the world of the eight directions, when he leaves, the Lin Long in Xuanyuan world. The first strong man again.

"Isn't it a matter of course to bow to the strong?" Linlong said.

This made Fei Lingsheng want to laugh. If he really took it so for granted, he wouldn't have left the Eightfold World in the first place, and wasn't he just not intent on bowing down to the strong, so he came to Xuanyuan World to become king.

"I can't help you, with my position, do you think I have the right to speak in front of Han Giang?" Fei Lingsheng said directly.

"You will be able to help me think of a way." Linlong said.

This kind of responsibility was imposed on Fei Lingsheng. It made her very helpless, and it seemed that Lin Long had to force her to come up with a way to do it.

Of course. It wasn't that there wasn't a way, it was just that in Fei Lingsheng's opinion, the Linlong was definitely unwilling.

"There is a way, but it's useless to say it, you definitely won't agree to it." Fei Lingsheng said.

"Say it quickly." The Linlong looked impatient and said impatiently.

"After becoming Han Three Thousand's exotic beast and being tamed by him, he naturally won't kill you." Fei Lingsheng said.

When he said this, the Lin Long's eyes clearly showed anger.

Become a different beast for Han Qianxiang!

When the Linlong escaped from the Eight Directions World, he did not want to be a human slave. How could he be willing to become Han Qianqian's exotic beast?

If he had been willing to do such a thing, he would have done it back in the Eightfold World. He would have already done it.

"How is this possible, how could I, a Heavenly Dragon, be a foreign beast for a human." The Dragon gnashed his teeth and said.

Fei Lingsheng didn't know what the Heavenly Dragon meant, it was the most orthodox existence of the bloodline of the dragon race. It was a pity that the dragon clan had declined thousands of years ago to such a state.

Many companions of the dragon tribe. All of them chose to become human beasts, but he was unwilling. Because the Linlong always believed that his bloodline was more noble than humans.

"If you don't want to, there's no other way. After all, you killed his daughter." Fei Lingsheng said, although whether Han Nian had died at the hands of the Lin Long or not. Or whether he disappeared due to a time lapse didn't have a concrete answer, but the responsibility for it all. Han 3,000 yuan will definitely blame it on the Linlong, just this point, is an unholy feud, how can there be any other way to resolve the grudge.

"His daughter was not killed by me." Lin Long was eager to defend himself, and even had a hint of panic in his look, even if he wasn't afraid of Han Qianqian, he was afraid that Su Yingxia would blame him.

"But it's very much to do with you, and you are to blame." Fei Lingsheng said.

"No, no, no, his daughter didn't die, so why would it have anything to do with me." Linlong said.

"What did you say!" Fei Lingsheng looked at Linlong with a horrified face, and this news had an incomparably great impact on her.

Han Nian did not die.

How was this possible.

When the time and space forces of the Dark Forest were chaotic, to an ordinary person, the power of chaos was a sharp blade, under such circumstances, how could Han Nian have survived.

What's more, space reverses time, and no matter what angle one looks at it from, Han Nian shouldn't exist in this world!

"How is that possible? Even if Han Nian didn't die, he should have disappeared." Fei Lingsheng said.

The Linlong's expression suddenly became heavy and seemed to be very torn, and only after a while did he say to Fei Lingsheng, "You ask Han Giang to come see me, and as long as he promises not to deal with me, I can tell him about Han Nian."

From what Lin Long said, there seemed to be something hidden, and Fei Lingsheng didn't dare to hide it.

After leaving the dream world, Fei Lingsheng found Han Qianqian at the first opportunity.

Chapter 1536

Fei Lingsheng, who came before Han Giang, was very agitated, and even his breathing was extremely heavy.

Han Qianli couldn't help but ask, "You appeared in Lin Long's dream again, is it hard to defeat him now, and he still dares to threaten you?"

Fei Ling Sheng shook his head. Said, "I did appear in his dream, but instead of threatening me, he told me something very shocking."

"Something that was shocking." Han Qianli faintly said.

"Before I tell you, you'd better prepare yourself mentally, or else I'm afraid you won't be able to accept it for a while," Fei Lingsheng said.

Han Qianli smiled disdainfully. With his ability to withstand, he didn't think there was anything he couldn't accept.

Furthermore. What happened in Xuanyuan World was of no concern to Han 3000, and it wasn't even worth surprising him, regardless of what happened.

"Go ahead, I'm ready." Han Three Thousand said.

"Han Nian, there is no death." Fei Lingsheng stared at Han Qianqian.

When the words were spoken. Han Qianli's expression froze in an instant, and Fei Lingsheng could clearly feel Han Qianli's muscles tense up instantly.

"What did you you say!" Han Qianqian turned his stiff neck and looked at Fei Lingsheng.

He thought nothing could shake his rock-solid heart, but when the words entered his ears, Han Three Thousand simply couldn't contain his consternation.

"Your daughter, Han Nian, is not dead, nor has she disappeared," Fei Lingsheng said.

"How is that possible, how is that possible!" Han Qianqiang said incredulously, in his opinion. In his opinion, it was only natural for Han Nian to disappear. Han Nian disappeared as a matter of course, after all, he was only fourteen years old after his rebirth, and there was no room for Han Nian to exist at all.

"I don't know what's going on, this is what Lin Long told me, and he said if you want to know what's going on, go see him." Fei Lingsheng said.

Han Qianqian went directly toward the forbidden area. At this time, he couldn't care less whether or not Lin Long had any conspiracies.

In this world. Apart from Su Yingxia, the most important thing to Han 3,000 was Han Nian, and such impactful news made Han 3,000 not even consider whether it was a trap or not.

Arriving at the forbidden area.

As soon as Han 3,000 closed his eyes, he arrived at the dreamland created by the Linlong.

"If you utter half a lie, I will cramp your muscles and skin you." Han 3,000 gritted his teeth and said to Lin Long.

"If you want to know about this, you must promise me one condition." Lin Long said.

"Say, don't say one condition, even if it's ten, a hundred. I'll promise you." Han Qianli said happily, no condition could be more important than Han Nian. So Han Qianli didn't even think twice.

"You can't hurt me, and you can't let Su Yingxia kill me." Lin Long said.

"I swear to God." Han Qianli said, urgency clearly felt from his attitude.

As for the hatred between him and the Linlong, before Han Nian's message. It had become unimportant.

"Do you remember the changes that happened in the space-time tunnel on the day of our war?" Linlong said.

"Of course I remember. The power of the space-time tunnel suddenly became chaotic and conflicting, which is why I was reborn." Han Giangli said.

"Then did you feel a force appear that didn't belong to the space-time tunnel? And this power. And it doesn't belong to you and me." Lin Long said.

Han Qianqian frowned, Lin Long's words clearly implied something. But he was deliberately selling out, and Han Qianqian didn't understand what it meant.

"Just say what you have to say. Don't tell me what to say." Han Three Thousand said.

"This power comes from the Eight Directions World." Lin Long said.

Han Qianli stared at it. In a deep voice, he said, "You mean that the people of the Eightfold World captured Han Nian?"

"Time and space are reversed, time is turned back, and only the strongest people in the Eightfold World can keep your daughter safe from these factors, and I am certain that your daughter is in the Eightfold World right now." Lin Long said.

Han Giangli took a deep breath, if Han Nian really still existed, it would be great news for him.

But whether these words were true or not, Han Three Thousand had no way to determine, it was likely that this was just a delaying tactic of the Linlong, after he and Su Yingxia arrived at the Eightfold

World, Linlong's danger was over, at that time, even if Han Three Thousand knew that this matter was false, there was nothing he could do about it.

"How do I know you're not lying to me," Han 3,000 said.

"With Su Yingxia's ability, even if she goes to the Eightfold World, she can return to Xuanyuan World, and if I lie to you, wouldn't I end up worse off." Lin Long said.

The emphasis here is on Su Yingxia's ability, which means that after Han Qianqiang went to the Eightfold World, she will not be eligible to return to Xuanyuan World if her ability is insufficient.

But with Su Yingxia, it was enough.

In this case, the probability of the Linlong lying should be very small, which made Han 3,000 yuan very excited.

But who had captured Han Nian, and for what reason?

Chapter 1537

Whether or not Lin Long's words were worth believing was something Han Gongqiang couldn't confirm yet, but in his heart, he was willing to believe that it was true, because Han Nian was also a very important role in his life, although Han Gongqiang had tried his best to comfort himself with the fact that Han Nian's disappearance was due to the reversal of time and space, a situation that he was powerless to stop.

But even so, Han Qianli was unable to truly let go of this matter.

Now, learning that Han Nian might still exist in another world was undoubtedly heartening news to Han 3,000.

"You tell me this matter, what do you want to get" asked Han 3,000 yuan, he knew that the Linlong could not let him know about this matter out of good intentions, there must be something that he wanted.

"I hope to use this news to resolve the conflict between us," Lin Long said.

The corners of Han Qianli's mouth rose, this guy used to be arrogant, but he didn't expect to soften now, it seemed that the shock Su Yingxia brought to him was really very strong, so much so that he had begun to be afraid.

"It seems that Su Yingxia's shock was so strong that he was already afraid.

"It was as if Lin Long had heard something incredible.

Kongdong Realm

It was able to be described as a district.

In the eyes of the Linlong, Han Qianqian was like an ignorant little kid, which was why he had such ignorant thoughts.

In the Eightfold World, the Kontiong Realm was a generation of powerhouses.

"The Kongdong Realm has the name of Sub-Divine in the Eightfold World, and is a true demigod. You don't think that the so-called God Realm in Xuanyuan World is a true god, do you?" As he said this, Lin Long's tone clearly revealed some disdain.

Only the God Realm of the Eight Parties World was qualified to be called a true God.

Because the God Realm of the Eight Parties World was strong enough to create a world on its own!

After all, the Kongdong Realm was just a name to him, and he had no concept of the strength of the Kongdong Realm. With this kind of ignorance, he was able to get the real explanation from Lin Long.

The sub-divine level, if we were to speak in terms of the Xuanyuan World, would be the Extreme Mastery Realm, but Han Giangli knew that there was no comparison at all between the two.

"The true divine realm of the Eightfold World is capable of creating worlds, and the Earth might have been created by someone strong in the Eightfold World, and when I say it this way, you can understand how strong the Kongdong realm really is, and Su Yingxia is only one realm away from creating worlds." Lin Long continued.

Creating the World

Even the earth could have been created by a powerful person from the Eight Directions.

The impact of these words was very strong for Han 3,000.

Because this meant that if he could reach the Divine Realm of the Eight Directions in the future, he would be able to create an Earth of his own!

Han Qianli took a deep breath, he was finally able to have a concept of the difference in the realm between himself and Su Yingxia, although the concept was still not very clear, but at least there was a vague concept.

"Why do you want to leave the Eightfold World, is it hard to fall down that you don't want to have this kind of ability?" asked Han Qianliang curiously, under this kind of temptation, the Linlong chose to go to Xuanyuan World to dominate, which he couldn't understand.

In the Xuanyuan world such a place to be king and hegemony can do, after all, is someone else's world, but in the world of the eight directions, but there is a chance to call the creation of the world of the true God!

The Lin Long looks self-deprecating.

Having this ability

This is something that Lin Long didn't even dare to think about, because not everyone has a chance to reach the God Realm in the Eight Directions World.

"When I left the Eight Directions World, the entire Eight Directions World had only two strong gods, and they were only legends. No one knew if they really existed." said Lin Long.

"The Divine Realm of Xuanyuan World was once also a legend." Han 3,000 said, expressing with these words that legends could exist as well.

But such words drew a mockery from the Lin Long, saying, "Why are you comparing the Xuanyuan World to the Eightfold World, are you hard-pressed not to know the difference in time between the two worlds?"

"Of course I know, I just want to tell you that even legends can be real," Han Giangli said.

"Even if there was a real God Realm in front of me, I wouldn't be moved, because before it was called the God Realm, I had already been captured and kept as a pet, and you and I, after all, are not the same." Lin Long said.

This truth, Han Qianli could not refute, even though he was a Lin Long, he was also considered a type of exotic beast, which was a fact that could not be changed.

"Ever since the old man appeared and uttered these four words, Han Qianli was very curious about the Fu Clan, and he wanted to know what kind of existence this family had in the Eight Directions World.

When he said the four words Fushi lineage, the Linlong's eyes clearly revealed intense fear, which also made Han Qianli feel that the Fushi lineage was not simple.

"Remember when I said that there were only two True Gods in the Eightfold World, right?" Lin Long asked.

Han Qianli subconsciously nodded his head.

"One of these two True Gods is a member of the Fu Clan, but of course, this is just a legend in the Eightfold World, and no one knows the real truth," Lin Long explained.

If there were true gods, then the Fu Clan must be the top family in the Eight Directions World.

Han Qianqian never thought that Su Yingxia would have such an origin!

But if it is such a powerful family, then why did the old man say that the Fushi lineage needs Su Yingxia now?

Or is it that the legendary God of the Fushi lineage does not exist?

"I don't know what good luck you've had to become the son-in-law of the Fu Clan." As he said this, Lin Long's eyes were filled with envy.

But Han Qianli couldn't stop smiling bitterly.

Once upon a time, just from the Su family, Han Qianli had been spat upon in Cloud City for three whole years as a trash.

If he had returned to the Eightfold World, Han 3,000 would undoubtedly be a waste in the eyes of those people, and he would have to live a humiliating life in the fire.

In Cloud City, although Han 3,000 was called trash, all these were just his pretenses.

But in the Eightfold World, Han 3,000 didn't have to pretend at all, and he was a real trash!

Chapter 1538

Han Qianqiang also took the opportunity to learn more about the situation in the Eight Parties World, the Linlong knew everything and told Han Qianqiang almost everything he knew, after all, he hoped that in exchange for peace between him and Han Qianqiang, so he did not hide anything.

After knowing what he wanted to know, Han 3,000 left Lin Long's dream world.

Back in front of the stone house, Han Qianli's heart was very heavy, he knew that he would most likely have to go through everything again in Cloud City, and the situation would be even worse compared to Cloud City, after all, in Cloud City, it was only a thought for Han Qianli to resist, because all the uselessness he pretended to be.

But in the Eightfold World it would be completely different, he would be a complete waste, and in a short period of time, Han 3000 would not have any ability to change his fate.

He is now in the so-called divine realm, but in the Eightfold World, he will be a mere mole, and he will not be able to increase his strength in a short period of time.

But Su Yingxia, in spite of all the difficulties, Han Qianli is going to give it a try, and he will never give up on Su Yingxia.

"What's wrong with you?" seeing Han Qianli's heavy-hearted appearance, Fei Lingsheng walked up to him and asked.

"In the Eightfold World, I'll be a real loser, but she, however, is the proud son of the Fushi lineage." Han Qianqian looked toward the stone room and said.

Fei Lingsheng naturally understood this truth. With Su Yingxia's status in the Eightfold World, a trash of Han Qianli's strength probably wouldn't even be qualified to enter the Fushi lineage's house.

But even so, Fei Lingsheng knew that Han Qianxiang would not give up.

"But you still won't stay in the Xuanyuan World because of this, will you?" said Fei Lingsheng.

"Of course." His relationship with Su Yingxia was never something that could be separated by these external relationships, nor was there any difficulty that could prevent Han Qianlian from being with Su Yingxia.

"Have you ever thought that because of your existence, it will bring her a lot of trouble?" asked Fei Lingsheng.

Han Qianli hadn't really thought about this question, but he knew that trouble would definitely exist, as Su Yingxia was high up in the sky, and the Fu Clan would certainly make things difficult for her.

But Han 3,000 was confident that one day in the future, he would impress the entire Fushi lineage, and at that time, these troubles would naturally disappear.

"I'll become the True God of the Eight Directions, for sure." Han Qianli gritted his teeth and said.

Looking at Han Qianqian's determined look, Fei Lingsheng suddenly had an impulse to follow Han Qianqian to the Eightfold World, and perhaps one day in the future, she would also become a powerful person in the Eightfold World because of Han Qianqian.

Fei Lingsheng knew that this was not an easy thing to do, and that she would probably die in the process. For her, staying in Xuanyuan World was still the best choice for now, bar none.

"I believe you can do it for her." Fei Lingsheng said.

At this time, the rainbow power emitted from the stone room suddenly changed, surging extremely strongly, and because the power fluctuation was too powerful, Han Qianli and Fei Lingsheng both had to retreat to a farther distance.

"What's going on?" said Han Qianqian with a worried look on his face.

Fei Lingsheng also didn't know what was going on, but the power surge seemed to be absorbing the purest aura of the world, and it seemed that Su Yingxia's inheritance of power had reached the most critical moment.

"I think she should be coming out soon," Fei Lingsheng said.

Han Qianli didn't speak, his eyes staring intently at the stone door.

"Don't worry, she won't be in danger, or else that old man won't leave easily." Fei Lingsheng said comfortingly.

This indeed reassured Han Qianli a bit, because the old man said that Su Yingxia would not be in danger, and his words were still worth believing.

In this state, it lasted for three whole days before the wild surges of power calmed down and all the colorful power was absorbed by Su Yingxia.

It was extremely torturous for Han Qianli to not see Su Yingxia for two whole years, but now he knew that Su Yingxia would be out soon.

It's not even a matter of minutes before the stone door is opened and Su Yingxia, who is floating in a white dress, appears in front of Han Qianli.

At the moment, Su Yingxia's temperament has been completely different, and she has become an adult.

It's not just a matter of time, but also a matter of time.

"You are," said Han Qianli, fidgeting.

Su Yingxia smiled and said, "What's the matter, can't you even recognize your own wife?"

Han Giangli was stunned, then rushed to Su Yingxia's side and picked her up.

"You've finally come out, do you know how much I've been worried about you these past two years." Han Qianli said excitedly.

Chapter 1539

When she heard about the two years, Su Yingxia was stunned, because to her, she had only been away from Han Qianqiang for a little while, but she didn't expect that it had already been two whole years!

"Has it been two years already?" asked a startled Su Yingxia.

"Of course, if you don't believe me, ask her." Han Qiangiang pointed at Fei Lingsheng from afar.

Fei Lingsheng nodded his head.

Su Yingxia didn't doubt Han Qianli, so she didn't even look at Fei Lingsheng, for her, Han Qianli's words didn't need to be proven by anyone else.

"What happened in these two years," Su Yingxia asked.

"Go back and say it first."

"Then you'd rather let me down."

"No, just don't let go."

"Let me go, it's embarrassing to be seen by others."

"How would it be humiliating, a husband hugging his wife, it's a natural thing, if anyone dares to say it's humiliating, I'll kill him right away."

The two of them played around, and under the envious eyes of Fei Ling Sheng, they returned to the room that belonged to them.

"You look at yourself first." Han Qianqiang brought Su Yingxia to the mirror and said.

When Su Yingxia saw herself in the mirror, her whole body was stunned.

Isn't this the same Fuyue she saw when she entered the stone room?

"This is what you'll look like in the future, isn't it beautiful." Han Giangli said with a smile.

Su Yingxia touched her face, to her, the current feeling was like an illusion, but the real touch told her that it was all real.

"This is the future me." Su Yingxia said to herself.

"Not only are you beautiful, but you're also very powerful." Han Giangli said.

"I do feel that my body is different, but where it is different, I can't tell," Su Yingxia said.

The reason why she feels this way is because Su Yingxia isn't used to her power and won't apply it, which will take time for her to get over it.

But there was another way for her to know all of this faster.

Han Giangli set out the glazed bottle the old man had left behind.

"What is this," Su Yingxia asked, puzzled.

"It was left behind by an old man who called you Miss, who should be a servant of the Fushi lineage in the Eightfold World, your true home," Han Qianli explained.

The Fushi lineage.

The Eightfold World.

For Su Yingxia, this was a very strong sense of shock, and for her to be called Miss, her status must not be low.

"What is this for," Su Yingxia was curious.

"As long as you eat what's inside, you'll be able to remember everything that happened in the past, and he also left a message for me to tell you that the Fushi lineage needs you and wants you to return to the Eightfold World as soon as possible." Han Giangli said.

He didn't want to hide this matter, because it was something that needed to be faced sooner or later, and delaying it didn't make any sense to Han 3,000, and Han 3,000 himself wanted to face it as soon as possible, after all, he needed to go to Xuanyuan World in order to improve his realm.

Su Yingxia didn't choose to open it at the first opportunity after receiving the glass bottle, because for her, recovering her memories wasn't that simple, and she didn't know if she would be able to accept those things.

"No matter what, this is something you'll have to face eventually." Han Giangli saw Su Yingxia's hesitation and said.

"Aren't you afraid that after I recover my memories, it will affect our relationship," Su Yingxia asked.

"I still have this confidence, after all, I'm so fascinating, how could you not like me for other reasons." Han Qianli said with a smile.

Su Yingxia sneered at Han Qianli's narcissism, which gave her goose bumps.

"When did you become so narcissistic, it's disgusting." Su Yingxia said.

Han Qianli raised her eyebrows and said, "Don't think that if you become powerful, I won't dare to do anything to you, and you're an adult now, so even if I do something to you, it's not a crime."

After saying that, Han Qianqian hugged Su Yingxia tightly in his arms.

Su Yingxia was filled with fear, and said vigilantly, "What do you want?"

"Don't you know what you should do between husband and wife," said Han Qianqian.

Su Yingxia was still a little afraid of the unknown, so she pushed Han Qianqian away.

To Su Yingxia, it was only a small amount of force that she used to push Han Qianqian away.

But Han Qianli flew out and smashed a hole in the wall and flew straight out of the house.

Su Yingxia looked at the scene in front of her, startled, and then looked at her own hand, she even wondered if it was her own doing.

"You, are you okay." Su Yingxia rushed out of the room and ran in front of Han Qianli.

Chapter 1540

It had been a long time since he had felt such a blow of obscenity since he was called a God Realm powerhouse, but just a moment ago, Su Yingxia's sudden exertion made Han Qianli unable to resist at all.

"This is the difference between me and the Kongdong realm." Han Qianqian said with a bitter smile.

Su Yingxia hurriedly helped Han Qianli up, even accompanying her, she really didn't know that just such a small shove could lead to such serious consequences.

"How are you? Are you okay? Are you hurt anywhere?" Su Yingxia asked worriedly.

"Fortunately, my bones are hard, otherwise I would have been miserable." Han Qianli said.

"Are you really okay, don't lie to me." Su Yingxia didn't believe Han Qianli's words, after all, the whole wall had been broken.

"It's fine, don't worry, I still have the ability to withstand a few blows," Han Qianqian said.

After confirming again and again, Su Yingxia was finally relieved.

"Although I'm fine, you still need to learn to control your power, otherwise if you accidentally injure someone else, you might be in danger of dying." Han Qianli reminded that he was unharmed, but that doesn't mean that everyone can take such a serious injury.

Although Han Qianqiang's realm was weak in front of Su Yingxia, he was after all still a powerful divine realm in Xuanyuan World, and in terms of resistance, he had to be much better than an ordinary person on Earth, so if Su Yingxia didn't learn to control his power, if he accidentally injured an ordinary person, he might directly kill the other person.

"En, I know." Su Yingxia said.

After Han Giangli patted the dust off his body, he said to Su Yingxia, "When are you going to eat this thing that can restore your memory?"

Su Yingxia is very hesitant on this matter, because she is very clear that once her memory is restored, I'm afraid many things will change, and this is something Su Yingxia does not want to face now.

But at the same time, Su Yingxia knew even more clearly that there was no way to escape some things, and she would face them one day.

"Let me think about it some more." Su Yingxia said.

"The Fushi lineage needs you, so you'd better think it over as soon as possible."

"En, I know." Su Yingxia nodded.

Han Qianli didn't say anything more, he had done his duty and conveyed the old man's words to Su Yingxia, placing it in Su Yingxia's hands how to choose, that wasn't something Han Qianli could interfere with.

"Now that Su Yingxia is awake, she can reasonably go back to Yun City at this time, but Su Yingxia can easily cause injuries to people, so Han Qianli decided to let Su Yingxia get used to her power first.

"Okay, don't worry, I'll adapt quickly." Su Yingxia said.

The next month, Su Yingxia every day in the conscious control of their own power, the effect is also very good, at first Su Yingxia casually punch, will cause the sound of air cracking, but after a month, Su Yingxia's power, has been able to control the Han 3000 only to force back a meter or two, is very effective.

On this day, Han 3,000 and Su Yingxia finally left the apocalypse.

As for Fei Lingsheng, she continued to stay in the forbidden area of the space-time tunnel, although she no longer needed to prevent the Linlong from sending people to Earth, but for Fei Lingsheng, Earth had no enemies that she could not stay with, and she was more than willing to stay in the forbidden area, so that she could get close to Xuanyuan World.

Of course, Fei Lingsheng could have chosen to return directly to Xuanyuan World, but she didn't do so because she still needed Han Qianqian to instruct her on how to become a strong God Realm player.

On the plane back to Cloud City, the two of them sat side by side in the first class cabin, Su Yingxia suddenly said to Han Qianli, "I feel that this world is completely different for me."

"What's different?" asked Han Qianqian.

"I can feel many different things, the wind outside the plane, the clouds, the light, even the impurities in the air," said Su Yingxia. Su Yingxia said.

Han Qianli smiled and said, "This is the manifestation of your perception ability, you are stronger than me, so you can perceive more clearly than me.

"Three thousand." Su Yingxia suddenly shouted with a sincere face.

Han Qianqian saw Su Yingxia's serious expression and knew that what she said next must be somewhat serious, so he put away his joking mind.

"What's wrong?" asked Han Qianli.

"Are you afraid?" said Su Yingxia.

Han Qianli knew what she was afraid of. He was indeed a little afraid of the Eightfold World, for there he was no longer a strong man, but the lowest existence in the Eightfold World.

To Han 3,000, going from the strongest to the weakest was a huge change in his status.

But fear is fear, does not mean that Han 3,000 will retreat, for the sake of Su Yingxia, Han 3,000 is willing to do anything, and he is confident that even in the Eightfold World, he can be called strong.

"Fear, but that won't stop me from going to the Eightfold World." Han Three Thousand said.

"If we don't go, will we be able to avoid a lot of things." Su Yingxia asked.

Han Qianli frowned, Su Yingxia suddenly said this, it's hard to believe that she had already thought about not accepting what happened before

But Han Qianxiang knew that even if Su Yingxia really chose that, she could not escape her fate, because that old man would still find them after all.

What's more, Han Nian was kidnapped by someone from the Eightfold World, which became the reason why Han Qianli had to go to the Eightfold World.

"We have a daughter, do you remember?" said Han Qianxiang to Su Yingxia.

"Of course I remember," Su Yingxia said. Su Yingxia said, "Han Qianli had told her everything, and Han Nian became an indelible mark on Su Yingxia's memory, so there was no Han Nian in her memory, but this mother-daughter love had been born in Su Yingxia's heart.

"It's very likely that she didn't die, nor did she disappear due to the reversal of time and space." Han Qianli said.

Su Yingxia stared at Han Qianli, incredulous, and said, "What you mean is, she's still in this world."

"To be precise, it's not this world, but the Eightfold World," Han Qianli said.

"How could that be? How could she go to the Eightfold World." Su Yingxia asked, puzzled, Han Nian was just a child, what ability did she have to go to the Eightfold World.

"According to what Lin Long said, she was captured." Han Qianli said in a deep voice.
