

## His True Colors Chapter 1541-1550

### Chapter 1541

The temperature in the entire first class cabin suddenly plummeted.

Han Giangli knew that this was a consequence of Su Yingxia's inability to conceal her killing intent.

"What's going on, why has the temperature suddenly dropped."

"Where's the flight attendant, what's going on."

Several guests who were also sitting in the first class cabin immediately paged the flight attendant.

When the flight attendants felt the temperature in the first class cabin, they also found it very strange because it was so cold, which was a problem they had never encountered before.

"Please wait, I'll go check."

If Su Yingxia couldn't control her killing intent, the temperature of the first class cabin would continue to drop, knowing that this was a powerful person of the Kongdong realm in the Eight Directions World!

"Don't worry, even if someone did capture Han Nian, they must have a purpose and would never hurt Nian'er." Han Qianli said to Su Yingxia.

Su Yingxia obviously clenched her teeth, the other party had captured Han Nian, and most likely wanted to use it to blackmail her, and that's why she couldn't control her killing intent.

"So, we have to go back to the Eightfold World to do so." Su Yingxia said.

Han Qianli nodded his head, such was fate, no one could stop it.

And even without Han Nian as a factor, Su Yingxia actually couldn't escape the fate of returning to the Eightfold World, after all, her family still needed her.

"After we've made arrangements for Earth, let's go to Xuanyuan World first." Han Qianqian said.

It was possible for Su Yingxia to return to the Eightfold World without any restrictions, but Han Qianli was different, although he had reached the Xuanyuan World's divine realm, the Heaven's Gate was the only way for him, and perhaps he still had to go through the complete Heavenly Lightning First Tribulation before he could go to the Eightfold World.

"En." Su Yingxia echoed, to her, the other things didn't matter, but Han Nian was the one she had to go to since he was in the Eightfold World.

A few hours later, the plane finally landed at Cloud City Airport.

After two years, Han Qianli finally returned to this place, not knowing how Blade Twelve and Mo Yang were doing in their cultivation.

After leaving the airport, Han 3,000 and Su Yingxia took a taxi and headed to the villa area of Mount Yunding.

Even if you don't need to cultivate, just living in the mountain side villa has a lot of benefits for ordinary people, prolonging their life and strengthening their body is a small matter.

"Su Yingxia asked Han Qianli, "Do you want to bring Knife Twelve and Mo Yang to Xuanyuan World?"

Previously, Han 3,000 had indeed thought so, after all, he had only had a few good brothers in his life, but now, on this issue, Han 3,000 had to reconsider.

Previously, Han 3,000's plan was to take them to Xuanyuan World and then help them with their cultivation, so that the two of them could also be called God Realm powerhouses, and thus make their way through the Eight Directions together.

But now, the situation had changed, and Han 3,000 had to change his plans.

He wouldn't be able to stay in Xuanyuan for too long, which meant that he couldn't escort Dagger Twelve and Mo Yang, which wasn't good for them, because there were existences stronger than them in Xuanyuan, and without Han's protection, they would most likely die.

The most important thing was that Han Qianli couldn't take them to the Eight Directions World, after all, even he himself was an insect in the Eight Directions World, and if he caused any trouble, it would harm them instead.

"That's what I thought before, but now, I have to tell them the pros and cons and let them choose for themselves," Han Qianli said.

When they arrived at the hillside villa, Han 3,000 didn't even have to knock on the door, it opened by itself.

Of course, it wasn't someone who opened the door for them, but rather Han Qianli used his own power.

In the living room, Daoist Twelve and Mo Yang Liu Fang were sitting cross-legged, apparently absorbing the aura of the spiritual formation.

Let's not mention the realm of Dao Twelve, but what surprised Han Qianli was that Mo Yang had already reached the Second Lantern Realm, and Liu Fang had even reached the Third Lantern Realm, which was something Han Qianli never expected.

Even in Xuanyuan World, it is very difficult to break through the One-Light realm, but Mo Yang and Liu Fang have done it on Earth.

Han Qianli and Su Yingxia appeared in the living room, but the three of them were unaware of it, as there was a huge difference in strength between them.

"Han Qianli smiled and said, "You guys, there's an intruder in your house.

The three of them opened their eyes at the same time.

When Mo Yang saw Han Qianli, he excitedly ran to Han Qianli's side.

At first, he thought that the things that Han Qianqian said were all fantasy stories, but now, Mo Yang has been able to feel the benefits and wonders of the arrival of cultivation.

Liu Fang was the one who had the greatest doubts about this, but now, she also accepted that people could practice.

"I'm sorry, I doubted you before." Liu Fang said to Han Qianqian with an apologetic face.

## Chapter 1542

These little things were not on Han Qianqian's mind at all, and it was normal for him not to be believed. Even if it was Han Qianqian himself, he wouldn't easily believe such things.

"You two are really good, you actually both have realm advancement, which is hard to do even in the Xuanyuan World." Han Qianli said with a smile.

"Really? Am I that good?" For several people in Mo Yang, they have no real concept of the realm, but just know that their bodies are different. At the same time, they were also able to do some things that they couldn't do before.

"Compared to her, you're still a bit behind. You're only at the two-light realm, but Liu Fang is already at the three-light realm." Han Qianli said.

"No way, I'm even worse than her realm?" Mo Yang has some unwillingness to believe in reality.

As soon as this was said, Mo Yang's ears were grabbed by Liu Fang.

"What's wrong, can't I be more powerful than you if it's hard to defeat me?" Liu Fang said in a threatening tone.

Mo Yang quickly admitted his mistake. Don't say that he wasn't as powerful as Liu Fang, even if he was stronger than Liu Fang, Mo Yang had to confess in front of Liu Fang.

"Wrong wrong wrong, of course you can be stronger than me." Mo Yang said.

In front of the outsiders, Liu Fang was able to give a little face to Mo Yang and didn't pursue this matter too much.

"Three thousand, tell us about the Xuanyuan world." Mo Yang asked curiously.

Since they were going to be given a choice, they naturally had to be told about the Xuanyuan World.

In the next few moments, Han Three Thousand told them about the Xuanyuan World one by one.

About the realm, and the layout of the country in Xuanyuan World, as well as the dangers of Xuanyuan World, Han Qianlian told them about it. As well as the dangers of Xuanyuan World, Han 3,000 didn't hold back at all.

Half a day later, Han 3,000 told them all about Xuanyuan. Su Yingxia quickly brought a cup of hot water to Han 3,000 before he stopped.

"Our current realm is only elementary in Xuanyuan World." Mo Yang said with his head hanging down.

Han Qianlian couldn't laugh or cry, knowing how many people in Xuanyuan World were stopped from the Second Lantern Realm and spent their whole lives in the First Lantern Realm, he reached the Second Lantern Realm in just two years. He was still not satisfied.

"Do you think Xuanyuan World is full of strong people? There are many who are weaker than you, so don't be inadequate," Han Qiangli said. Han Giangli said.

"That's true. But according to what you say is so dangerous, wouldn't it be dangerous for us to go to Xuanyuan World with our current strength." Mo Yang said.

Han Qianli nodded, this was the truth and why he was telling them these things.

"Good, so you guys need to carefully consider whether to go to Xuanyuan World or not." Han 3,000 said.

"There's no need to consider, I'm going." Blade Twelve said without hesitation, this was something he had decided a long time ago, and would never make any changes due to other factors.

Knife Twelve's answer did not surprise anyone.

But Mo Yang hesitantly took a look at Liu Fang. It was obvious that this house of two, Mo Yang was not the one to make the decision.

"Go." Liu Fang's answer was also very simple. Although there was only one word, it clearly expressed its meaning.

"Wife, but there is a great danger, aren't you afraid?" Mo Yang asked.

"A little scared. But since I know about Xuanyuan World, if I don't go and see it. I will definitely regret it for the rest of my life." Liu Fang said, "She has been looking forward to this matter. She had been looking forward to it. After all, it was an unknown world. Who doesn't want to see it?"

The corners of Mo Yang's mouth rose, and I could see that he had already made a decision in his heart. He was just waiting for Liu Fang's result.

"Three thousand, when do you want to go?" Mo Yang asked.

"There's no hurry. Even if you're going to go, you'll have to become stronger and more powerful." Han Giangli said.

"It's been two years already, and you've only reached the Second Lamp Realm, so if you're even more powerful, won't you have to wait for decades?" Mo Yang said, "He can't wait inside, so how can he have the leisure to wait any longer."

Han Qianli took out two sacred chestnuts and said, "This will effectively help you raise your realm in a short time."

Mo Yang reached out and dodged them, and gave one to Liu Fang, then said, "With such a good thing, you didn't even take it out earlier."

Han Qianqiang glared at Mo Yang and wanted to reprimand him, but Liu Fang was there and had to give him some face anyway, so he didn't say anything.

"Have you thought of how to explain to your family?" Han Qianliang asked Liu Fang, since she had just agreed quickly, it meant that she had already considered this matter in her heart.

"If I were to disappear, my family would definitely look for me at the ends of the earth, and it would affect their lives, and my death would make them sad for a while, but it wouldn't affect them too much," Liu Fang said.

"If there's anything you need help with, just ask." Han Qianli said.

Next, it was Su Yingxia's problem, after all, she also needed to explain to her family.

After Han Qianli and Su Yingxia went back to their room, he asked Su Yingxia, "Have you thought about how to explain to your family?"

"I didn't have an idea before, but I can learn from Liu Fang's approach."

## Chapter 1543

After solving Su Yingxia's problem, Han 3,000 had to think about himself, although he didn't have much affection for the Han family, but after all, Han Tianyang was still alive and this grandfather was still important to him, after all, in the Han family Han 3,000 had only felt love and affection from Han Tianyang.

Now that the time to leave is drawing nearer and nearer, it is necessary for Han 3,000 to explain to Han Tian Yang the reason for his disappearance.

Of course, Han Qianxiang didn't intend to tell the truth to Han Tian Yang, so on the plane two days later, Han Qianxiang kept making up stories in her mind, hoping to make a convincing story to let Han Tian Yang know that she would never return to the Han family again.

However, this was still a difficult task for Han 3,000.

Although Han Tianyang did not contact him during the time he came to Yun City, Han Qianli knew that Han Tianyang must have been following the development of Yun City and knew what he had done.

But to leave forever was a difficult thing to explain.

The plane landed at Yanjing Airport.

Soon after Han Qianli left the airport, he felt that he was being followed, but who they were and what they wanted to do, Han Qianli had no way to guess, as he hadn't been back to Yanjing for many years.

After taking a taxi to the city, Han 3,000 got off at an alleyway and quickly approached the alley.

The man who was tracking the car looked hurried, afraid of losing Han Qianli, so he piled into the hutong, and it was because of his hurry that he revealed his whereabouts directly in front of Han Qianli.

"After following me for so long, what do you want?" Han Qianqian asked faintly.

The man didn't expect that he had already been noticed by Han Qianqian, looked a little surprised, but tried very hard to hide his panic and said, "Following you? I don't know you, why should I follow you, I want to go home, don't get in my way."

"I don't think I have any enemies in Yanjing, and there shouldn't be many people who dare to oppose me," After he showed his strength at the Wuji Summit, Yanjing no longer dared to ignore the word Han Jiangan, and because of this, even the Han family has been better developed, which is why Han Jiangan wondered why someone was following him as soon as he returned to Yanjing, could it be that there was someone who didn't want to live?

"I don't know what you're talking about, get out of my way, I'm going home." The man lowered his head and passed directly by Han Giangli.

Han Giang's brow furrowed slightly, he could stop this person from leaving with just a thought, and he also had a way to make this person instantly vanish from the face of the earth.

However, Han 3,000 didn't do so. This person was just an informant, and even if he were to kill him, it wouldn't do Han 3,000 any good.

The former Han 3,000 won't kill innocents indiscriminately, and the present and future Han 3,000 won't do the same, because born on Earth, Han 3,000 regards human life as very important, and will never go so far as to kill someone unless it is absolutely necessary.

"Tell the people behind you that I can pretend this didn't happen today, but if it happens again in the future, I'll pay a visit personally." Han 3,000 said.

The man didn't even stop for a moment, but instead sped up and left.

Han Qianli smiled slightly, wanting to know who the person behind the curtain was, it was too easy for him to just see who he was going to meet later, and for Han Qianli, it was easy to track people with his consciousness.

Han Family.

Han Tian Yang has now taught Han Cheng everything about the Han family, and he is the dog meat master behind the scenes, Han Cheng has any problems and troubles in the work, just need to consult him, some small things, Han Cheng can be within his ability to solve.

Although the Han family once had a certain status in Yanjing, there is still a huge gap compared to now, and all this is due to Han Qianli's influence, which has brought the Han family to the present stage.

Several big families in Yanjing, who dares not give face to the Han family now.

In particular, Wang Li of the Wang family treats the Han family as if they were the master.

He was very curious about this matter, and he didn't understand why the master of the Wang family had to work as a servant for the Han family, so he deliberately investigated what was going on, but unfortunately, with Han Tian Yang's means, he didn't know what was going on.

The Han family is now in a high position, everyone should be happy.

However, there are two people who have a lot of discontent in their hearts in the face of this situation: Nangong Qianqiu and Han Jun.

In the beginning, Nangong Qianqiu's purpose was to let Han Jun develop the Han family for the good of the family, but gradually, the prejudice against Han Qianqian had formed an obsession in Nangong Qianqiu's mind, and after she habitually treated Han Qianqian as trash, the achievements of Han Qianqian were naturally not accepted by Nangong Qianqiu.

Even to this day, Nangong Qianqiu still has a lot of dissatisfaction with Han 3,000, and she even thinks that Han would have done better if the development of the Han family had been taught to Han Jun.

Such an idea is very crazy, to say the least.

Because Han 3,000 yuan changed the entire Yanjing's pattern, this is absolutely not something that can be done casually, and even less so by Han Jun, a spoiled son from childhood, but Nangong Qianqiu, who is so stubborn, would think so.

In the past few years, Han Jun has never given up the idea of dealing with Han Qianqian, and even in countless dreams, he has killed Han Qianqian, which shows how much Han Jun hates Han Qianqian in his heart, but unfortunately, Han Qianqian has not come home all these years, so Han Jun has no chance to find her.

It's not that Han Jun hadn't thought of sending someone to Cloud City, but when he learned that the local boss of the Gray Group in Cloud City was already Han Qianqian's man, he had to give up the idea.

"Grandmother, when will I be able to rule the Han family." Han Jun asked to Nangong Qianqiu, who was now approaching twenty and understood more about the importance of power, and thus became greedy.

If there was no Han Qianqian, if there was no Han Tian Yang, the heavy power of the Han family now should be in the hands of Nangong Qianqiu, and Nangong Qianqiu had planned to kick out the other collaborators of the Han family when she had the power, so that Han Jun could take over the

power, but unfortunately, the development of things now is completely different from what she had imagined.

#### **Chapter 1544**

"You can't control the power of the Han family while your grandfather is alive," Nangong Qianqiu said.

This made Han Jun reveal a fierce look in his eyes, he had already thought more than once of killing Han Tianyang and killing his own grandfather. Because only then would he be able to get what he wanted, but unfortunately Nangong Qianqiu had been stopping him for years.

"Why can't you just kill Han Tianyang?" Han Jun gritted his teeth and asked, but in private he had called Han Tianyang by his first name, showing that he didn't take Han Tianyang into account at all.

This is the consequence of Nangong Qianqiu spoiling Han Jun since he was a child, and Han Jun has developed a selfish character. As long as he could get what he wanted, he would do whatever it took to get it. Even if it's his own grandfather's life.

"Once this matter is revealed, do you have any idea what kind of impact it will have on you, not that Grandma won't let you do it, but you should never do it until you are fully prepared," Nangong Qianqiu said, "The marriage between her and Han Tianyang. If there wasn't a chance, Nangong Qianqiu would have wanted Han Tian Yang to die even more than Han Jun did.

"It's not even done, so how would you know it's going to be revealed, you have to try everything to know the result, right?" Han Jun said with a dissatisfied look on his face.

"Give it a try?" Nangong Qianqiu smiled contemptuously, "How can this be attempted so easily? Once an accident occurs, the result is not something the two of them can afford.

"In front of us is the abyss, once you fall, you will never be able to turn back. This is not a child's game, and if you fail, you can start again."

Even though Nangong Qianqiu said so. Even though Nangong Qianqiu said so, Han Jun was still very unconvinced in his heart, because he thought he could handle this matter perfectly, even in Han Jun's heart, he treated this matter as a very small matter, thinking that there was no difficulty.

This kind of blind self-confidence is actually something that Nangong Qianqiu let Han Jun cultivate. Because if he wanted something, he had to get it. It had become a habit.

"But Han 3000 didn't return to the Han family, and he doesn't seem to care about the rights of the Han family, which is a good thing for you." Nangong Qianqiu said, "Han Qianxiang helped the Han family, but he didn't care about the Han family's rights, which left some room for Han Jun to turn the situation around.

If Han 3,000 took control of the Han family and replaced all the Han family companies with his own henchmen, this would have made it very difficult for Han Jun to succeed to the Han family's power, but fortunately, Han 3,000 did not do so.

These words are good news for Han Jun. However, saying them in such a way made Han Qianli very unhappy.

There was never anything that he didn't want. It could be thrown to Han 3000, when was it his turn to pick the junk that Han 3000 didn't want.

"Grandma, the toys I didn't want before, even if I burned them. I don't want to leave them to Han 3,000, and now. How dare you ask me to pick up something he doesn't want?" Han Jun gritted his teeth and said, "This is not a toy, this is the Han family's right.

"This isn't a toy, it's the Han family's right. It's something that can make you a superior person, do you still want to lose your temper?" Nangong Qianqiu was a little angry. Cold voice said.

Han Jun knew that power and toys could not be compared, but the knot in his heart was not one that could be easily untied. But the knot of his heart power could not be easily untied.

"Grandma, I'm not losing my temper. I'm just ....."

At this moment, Nangong Qianqiu's phone rang.

When the phone was connected, Nangong Qianqiu's expression became much more rigid.

An unknown premonition was born in Han Jun's heart, although he didn't know what was happening, but something that could make Nangong Qianqiu change her face was definitely not a trivial matter.

"I know."

When Nangong Qianqiu hung up the phone, Han Jun couldn't wait to ask, "Grandmother, what's wrong."

"Han 3000 is back." Nangong Qianqiu said, a moment ago she was glad that Han Qianqiang didn't have the right to control the Han family, but now he was back, which made Nangong Qianqiu a little worried.

Once Han Qianxiang had his eye on the Han family's power, it was definitely not good news for their in-laws and grandchildren.

Because as long as Han Qianqian was willing to ask for it, Han Tian Yang would definitely give it to him, something Nangong Qianqiu knew very well.

But what Nangong Qianqiu didn't know was that for these worldly rights, Han Qianqiang didn't care about them at all, and the so-called status was worthless in front of him.

"Him!" Han Jun instantly gritted his teeth, and just hearing the three words Han Qianqian, he couldn't quite control his killing intent.

"Grandmother, what is he doing back?" Han Jun asked.

Nangong Qianqiu shook her head blankly, she also couldn't guess the purpose of Han Sanqiang, but Nangong Qianqiu, who was particularly knowledgeable about the situation in Cloud City, wouldn't think that Han Sanqiang had returned to Yanjing to seek help from the Han family.

"Cloud City's new city project is now developing very well, and it is reasonable to say that there is nothing the Han family can do to help him, unless, his current desire is no longer tightly focused on controlling the rights of Cloud City." Nangong Qianqiu said in a deep voice.

## **Chapter 1545**

Nangong Qianqiu and Han Jun were worried about the purpose of Han Qianyang's return to Yanjing, but Han Tianyang was very happy about it, after all, the development of the Han family was absolutely related to Han Qianyang. In Han Tian Yang's heart, he believed that Han Qian Nian is the best heir of the Han family, and only Han Qian Nian can make the Han family develop better.

As for Han Jun, who had been spoiled since childhood and didn't know anything about business, Han Tian Yang had never considered it at all.

And Han Tianyang thought. If the Han family really fell into the hands of Han Jun, it would certainly decline.

"I haven't seen you for several years. You've grown a lot taller, though, and you haven't come back to see grandpa for so long." Han Tianyang said to Han Qianqian with a grumbling face.

It's true that Han Qianli had grown a lot taller, but this had nothing to do with time, but because Su Yingxia had matured after inheriting Fuyan's power, Han Qianli had deliberately changed his figure and appearance, and after all, an Extreme Master could change his physical features at will. As a divine realm powerhouse, Han Qianli was able to do so easily.

"Grandpa, I'm sure you know about Cloud City, I'm too busy." Han Qianli said.

Han Tianyang received the news about the development of Cloud City's new city a long time ago, and admired Han Qianli's generosity, but he also knew that Han Qianli was simply a hands-off shopkeeper, so there was nothing he needed to be busy with.

However, Han Tian Yang didn't dismantle Han Qianyang, he knew that Han Qianyang didn't come back. He knew that Han 3,000 didn't come back, so he must have his own reason.

"Yes, yes, yes. Grandpa knows you're busy, just a few random complaints." Han Tianyang said.

"How have you been lately, you seem to be in good health." Han Qianli said with a smile.

Han Tianyang patted his chest and said, "Running ten kilometers every day, my physique, even the old lady next door is greedy."

Hearing this joke. Han Qianli couldn't help but laugh out loud, he could feel that Han Tianyang was very happy. This made Han 3000 even more unsure of what to use as an excuse to leave forever.

"Awesome, the old lady next door doesn't like you, does she?" Han Qianli said with a smile.

Han Tianyang raised his eyebrows and said, "Not only the old lady, but also the little girl."

The conversation between the grandparents got more and more sidetracked, and by the time Han Qianli sensed something was wrong, it was too late.

"You don't know, grandpa's body, this morning was a pillar of strength." Han Tian Yang said with a look of pride.

Discussing such issues with his elders, Han Qianli felt very awkward and could only quickly change the subject. He asked, "Grandpa, how is the company's situation lately?"

"Company?" Han Tian Yang was stunned. He said, "Good, very good na, the Yang family, the Wang family, the Mo family, the three great families of Yanjing. The Mo family, once the three great families of Yanjing, is now obliged to give face to the Han family, of course. Now whoever has to give the Han family a face, of course. It's not that the Han family has a lot of face, but the most important thing is you."

Han Tianyang did not hide his fondness for Han Qianli at all. The three great families had all cooperated with the Han family. This was Han Qianqian's accomplishment.

More importantly, Wang Li of the Wang family treated the Han family with great care. What's more, he was so considerate that he was afraid that if any business didn't make money for the Han family, he would almost hand over all his family's business to the Han family.

"That's good." Han 3,000 said.

"Right, when do you plan to go back to Yanjing, if the Han family's company is left to you to take care of, it will definitely develop better, and your father's ability to maintain that is just to be able to maintain." Han Tian Yang said.

"Grandpa, I was just about to talk to you about this matter this time." Han Qianli said.

Han Tianyang's happiness overflowed, he was afraid that Han Qianli would resist this matter, but he didn't expect Han Qianli to return to Yanjing because of this matter.

"There's nothing to discuss, as long as you come back, you can immediately take the chairman's seat." Han Tianyang said, "He doesn't need to think or hesitate about this matter at all.

Han Qianli shook his head and said, "No, I won't interfere in any of the company's affairs in the future. I came back this time to tell you that I'm leaving the country and will never come back."

Han Tian Yang was directly stunned.

In his heart, he expected Han Qianli to return to the Han family to preside over the situation, but he didn't expect Han Qianli to say something like this, and the huge difference in his heart caused Han Tianyang to be directly confused.

After a long time, Han Tianyang came back to his senses and said to Han Qianli, "You're leaving and will never come back?"

"En." Han Qianli said, this was something he had to face sooner or later, so he didn't have to fidget in front of Han Tianyang.

Han Tianyang frowned, Han Three Thousand couldn't do this without a reason, he left, perhaps with some unspeakable reason.

The first thing Han Tian Yang thought of was Nangong Boling, perhaps he was the only one who would make Han 3,000 yuan make such a choice, or maybe it was a choice of desperation.

"Was it Nangong Boling, who asked you to do something else?" Han Tian Yang gritted his teeth and said, "The Nangong Boling once controlled his life, and Han Tian Yang did not want Han Qian Yang to follow his own path."

## Chapter 1546

"Grandpa, don't worry, with his ability, how could he control me." Han Qianli said with a smile, Nangong Boling does have a very huge amount of power, but in front of Han Qianli, all of this is just child's play, now Nangong Boling, who treats him like a god, how could he dare to control his life.

Nangong Boling has neither the courage nor the ability.

But Han Tian Yang did not believe Han Qian Qianyang's words, because he is very clear about the situation in Yun City, when those responsible for luxury and luxury appeared in Yun City, Han Tian Yang guessed that the appearance of these people and Nangong Boling, because Han Qian Qianyang himself, absolutely can not touch those big figures in the fashion industry, the only thing that can make Han Tian Yang think of, is Nangong Boling.

From that time on, Han Tian Yang was almost convinced that there was some kind of cooperation between Han 3,000 and Nangong Boling, so he began to worry about Han 3,000, because working with an old thief like Nangong Boling, Han 3,000 would definitely be at a disadvantage.

In terms of means, in terms of mind, in Han Tian Yang's heart, Han Qian Qian could never be Nangong Boling's opponent, so he was very afraid that Han Qian Qian Qian would become Nangong Boling's puppet.

"Three thousand, you must know that Nangong Boling is a very sneaky and cunning person, and you will definitely suffer a loss if you cooperate with him," Han Tianyang said.

Looking at Han Tianyang's anxious face, Han Qianxiang couldn't help but smile and said, "Grandpa, I'm very he didn't cooperate."

Han Tian Yang sighed, didn't think that Han Qian Qian would still want to conceal it from him at such a time, he could only say everything he guessed, at such a time, Han Tian Yang didn't want to let Han Qian Qian step into the sea of fire and knives just because he was concerned about her face.

"I know all about Yuncheng Fengqian Merchant Mansion, and I'm also very clear about those luxury goods in charge that you invited, is it so hard that these people have nothing to do with Nangong Boling?" Han Tian Yang said bluntly.

"He really helped with this matter, but that doesn't mean he can control me." Han Qianli said.

Han Tianyang sighed helplessly, in his opinion, Han Qianli was still too young to know that he had stepped into the trap set by Nangong Boling step by step, and by the time he understood all this, it would be too late.

The good thing is that Han Tianyang felt that he was someone who had been there, and he could stop it all in time.

"No matter how the deal between you was formed, and what he promised you, his words, you must never believe, he is a profit-oriented person, absolutely ....."

Before Han Tian Yang finished speaking, Han Qian Qian directly interrupted, because for him, these situations are simply impossible, Nangong Boling even if he had a hundred guts, he would never dare to calculate him.

The strength of Han 3,000 was thoroughly displayed in front of Nangong Boling, who should know the consequences of calculating Han 3,000 better than anyone else.

The most important thing is that Han Qianli's so-called departure had nothing to do with Nangong Boling at all, and was only the result of Han Tian Yang's wishful thinking.

"Grandpa, my matter really has nothing to do with Nangong Boling, and Nangong Boling is just a servant in front of me," Han Qianli said. Han Qianqiang said.

A servant?

Han Tian Yang shook his head repeatedly after hearing this, he knew very well what kind of person Nangong Boling was, and what kind of means he possessed, how could a person like him, who was at the top of the pinnacle, become Han Qian Yang's servant?

"Three thousand, do you still have to brag in front of grandpa? And it's not even enough to brag about it, but it's still so outrageous, do you really think I don't know Nangong Boling?" Han Tianyang said, "Han Qiangiang looks helpless.

Han Qiangiang looked helpless, Nangong Bo Ling's fear of him, what is the difference with a servant, but this kind of thing, indeed not a few words can make Han Tianyang believe.

As a former puppet of Nangong Boling, Han Tianyang feared Nangong Boling as much as Nangong Boling feared Han Qianyang.

Han Qiangiang took a deep breath, in order to be able to reassure Han Tianyang, it seems that he can only tell Han Tianyang some truth.

The entire Han family, except for Han Tianyang, no one is worth Han Qianli's attention, so he didn't want his departure to cause any harm to Han Tianyang.

"Grandpa, look what this is." Han Three Thousand stretched out his right hand, and a ball of lightning actually appeared in his palm, and it emitted a zipping sound of electricity.

"What is this?" Han Tianyang asked, startled.

Han Qianli smiled faintly, and the thunder ball in his palm suddenly turned into a fireball, burning with a raging fire, then the fireball changed again, forming a very small tornado in Han Qianli's palm, but although it was small, the whistling sound of the wind could not be ignored.

Han Tian Yang was dumbfounded, as if Han 3,000 was changing magic, making all kinds of natural forms change in his palm.

"When did you ..... learn how to change magic?" Han Tian Yang was startled by the question, but in his heart, he felt that it was more than just magic.

"Grandpa, this isn't magic, but an ability that I possess, an ability that can hurt people ah." After Han Giangli said that, he suddenly launched his palm, and the wall facing him was directly smashed into a huge hole.

The accompanying rumbling sound caused Han Tian Yang to stand still on the spot.

After rubbing his eyes, Han Tian Yang was sure that what he saw was not an illusion, and his expression was even more unable to conceal his shock!

"What is this .....!" Han Tianyang couldn't wait to ask the question.

Han Qianlian did not directly explain to Han Tian Yang, but talked about what happened in the Nangong family before, that attack, how Han Qianlian was able to make things right with his own ability, and how he helped Nangong Boling to solve the problem.

After hearing this, Han Tian Yang's expression could no longer be described as shocked, and his eyes, which were about to fall to the ground, and his dislocated jaw were all indicative of his inner surprise.

"You mean, you took care of an arms raid with one person's ability?" Han Tian Yang drew a breath of cold air and asked.

"Yes, that's why Nangong Boling is like a servant to me, because he is in awe of my power." Han Qiangiang said.

Such a thing was difficult for Han Tian Yang to fully accept for a while, but he knew that Han Three Thousand was no longer as simple as an ordinary person, he possessed god-like power and had jumped out of the boundaries of mortals.

"The place you're going, it's not on Earth, is it?" Han Tian Yang asked, "Since Han 3000 possesses extraordinary power, his so-called departure must not be as simple as leaving the province and going abroad.

"Yes, the place I'm going to is called Xuanyuan World, which is outside the Earth," Han 3,000 said.

## **Chapter 1547**

Regulus World!

To Han Tian Yang, it was strange and extremely shocking.

He had never thought that there was a second world that existed in this universe.

Han Tian Yang kept taking deep breaths to calm his emotions.

He knew that the reason Han Qianqian had told him so much was because he had a certain weight in Han Qianqian's heart, otherwise, there was no need for him to make a special trip to Yanjing.

"Is it dangerous?" Han Tian Yang asked.

"En, it's very dangerous." The world of Xuanyuan wasn't dangerous for Han 3,000, it was just that his final destination was the Eightfold World, and the Eightfold World wasn't a safe place for Han 3,000.

"Then be careful, and if you have the chance, come back to see me again." Han Tian Yang said.

He didn't ask Han Qianliang to take him with him to Xuanyuan World, because Han Tianyang knew that it was a dangerous place for Han Qianliang, so if he went, he would only be dragging Han Qianliang's feet.

Han 3,000 has suffered enough humiliation in the Han family since childhood, and Han Tian Yang does not want to cause him any more trouble because of himself.

"I don't know if I'll have the chance to come back after this farewell." Han Qianli said honestly, he didn't say anything to make Han Tianyang feel relieved.

"Hey." Han Tianyang sighed and said, "I thought you could inherit the Han family business and carry it forward in the future, but now it seems that the Han family will fall into your brother's hands sooner or later."

This was something that Han Tian Yang did not intend to see, because in his eyes, Han Jun was a real loser, but now, in this situation, Han Tian Yang had no other choice, after all, without Han Qianyang, Han Jun would be the only heir.

This kind of trivial matter, Han 3,000 does not care, what Han Jun can get, has nothing to do with him, and everything on earth, for Han 3,000 has long been meaningless, to whom it does not make much difference.

"Grandpa, this is for you." Han Giang pulled out a Sacred Chestnut, and although he had no intention of taking Han Tian Yang away with him, he also hoped to keep him alive for a little longer.

With the power of the Sacred Chestnut, Han Tianyang's body would become more hardened and his life expectancy would increase quite a bit.

If he could comprehend some cultivation methods on his own, living for another hundred years wouldn't be a big problem.

"What is this?" Han Tian Yang was puzzled.

"If you eat it, you can avoid all diseases and prolong your life." Han 3,000 said.

"In this world, is there really such a thing?" Han Tian Yang was surprised.

"It doesn't belong to the earth, but for some reason it has grown on the earth." Han Qianli explained.

After receiving the Sacred Chestnut, Han Tian Yang put it in his mouth, and without even chewing, the Sacred Chestnut melted into a warm gas that instantly reached every part of Han Tian Yang's body.

"It's so warm." Han Tianyang couldn't help but say.

"Grandpa, if there's nothing else, I have to go." Han Qianli said.

Parting eventually, Han Tianyang knew that although he could let Han Three Thousand stay at home for two more days, it would be pointless and would instead delay Han Three Thousand's business.

"Go, be careful, and if you still have the chance, remember to come back and visit home," Han Tianyang said.

As she was about to leave the Han family compound, Han 3,000 noticed that someone was secretly watching her, but the person was not hostile.

"Mom?" Han Qianli shouted.

Shi Jing came out from the shadows, her expression obviously a bit gloomy, and said, "You just got back, and you're leaving, and it's been how many years?"

Although there is no big gap between Shi Jing and Han Qianqian, Shi Jing still doesn't dare to interfere in Han Qianqian's life.

She knew about the Fengqian commercial building project in Yuncheng, and also knew that Han 3,000 must be so busy now that she didn't have time to stay in Yanjing, but Han 3,000 was after all her own bones, and after the absence of Nangong Qianqiu's oppression, Shi Jing's attitude towards Han 3,000 gradually changed a lot, and she would also start to feel sorry for Han 3,000.

"There are still many things I need to deal with, I just have something to tell grandpa this time back," Han Qianqian said.

"Is there something wrong with the company, is your grandfather willing to help?" Shi Jing knows that Han Qianqian is a tough person and will never ask for help unless it is absolutely necessary.

This time back to Yanjing, it is very likely that they have encountered a very big trouble, and that's why they were forced to seek Han Tian Yang's help.

"Mom, there is no problem with my company, and I am not going home to ask grandpa for help, so don't worry, no one can cause trouble for me now." Han Qianli said with a smile.

"At such a young age, how did you learn to brag, what kind of people did you learn this from." Shi Jing frowned.

"Yeah, what didn't you learn, but learned to brag, Han 3,000, do you have any other real skills." A yin and yang voice sounded, only to see Han Jun come out, accompanied by Nangong Qianqiu.

"Han Jun, the Yanjing Han family will be in your hands from now on, I've made a deal with my grandfather, I advise you better not to trouble me and make me change my mind." Han Qianqiu coldly said.

## **Chapter 1548**

He had always regarded Han Qianqian as an enemy fighting for family power, but now Han Qianqian told him that he would inherit the Han family in the future. Now Han Qianli tells him that the Han family will be inherited by him.

How is this possible!

How could he let go of the Han family's power and take it for himself?

Han Jun's mouth raised a disdainful smile, and he knew that this must be Han Qianli's ill-intentioned trap.

"Do you really think I'm a fool that you would give away the family power?" Han Jun said disdainfully.

"Family power?" Han Qianqiang scoffed at these four words and said, "Is it really great power? In my eyes. It is nothing."

"Acting like you don't care, you're just thinking about how to squeeze me out of the Han family. Han Qianqian, you're really a lowly schemer. You don't really think I'll fall for that, do you?" Han Jun said, "Nangong Qianqiu is also full of coldness."

Nangong Qianqiu was also full of coldness, she also did not believe Han Qianqiang's words, although it is true that Han Qianqiang has a good development in Yun City. But how does Cloud City compare to a first-tier city like Yanjing? His properties in Cloud City are not even as valuable as the Han family's compound, so how could he give up his rights to the Han family?

"Han Jun, I've never put you in my eyes, much less needed to use such time-wasting tactics on you, but I also have to warn you that if you don't have the ability to maintain the relationship between the Han family and the three great families, then even if the Han family falls into your hands, it will fall." Han 3,000 said.

The attitudes of the three great families toward the Han family. All of them had changed because of Han Qianli, even if Han Jun didn't mean to admit it. He also knew that it was an unchangeable fact, and when Han Qianli's words reached his ears, they naturally changed their flavor.

"Han Three Thousand, you don't want to destroy the relationship between the Han family and the three big families, do you know that this kind of thing is detrimental to others and yourself, grandpa?" Han Jun knew that his own position could not suppress Han Qianli. So he had to move out to Han Tian Yang.

"I told you, I don't have time to deal with trash like you. Nor do I care to do such a thing." Han 3,000 said.

When Han Jun heard this, his expression instantly turned gloomy.

He was the only one who scolded Han Qianli for trash, when was it Han Qianli's turn to scold him?

"Rubbish? You're the trash, the real trash. You've been a trash in my eyes since you were a kid. Han Jun gnashed his teeth and said.

With Nangong Qianqiu's protection, Han Jun had the status of a true young master in the Han family, while Han Qianqiang, on the other hand, was not even as good as a servant. Therefore, it was reasonable that Han Jun would treat Han Qianqian as trash.

But the current Han Qianqian is no longer the oppressed Han Qianqian of the past.

"A person who doesn't even have the most basic ability to take care of herself, how can she still be qualified to call others trash? How dare you still have the right to call others trash?" At this time, Han Tian Yang's cold voice sounded.

Just now, after knowing Han Qianqian's ability, Han Tian Yang understood more about Han Qianqian's power, in front of Han Qianqian. Han Jun was not even as good as an ant, so what qualifications did he have to compete with Han Qianqian?

At the sight of Han Tian Yang. Han Jun immediately wimped out, and Nangong Qianqiu also lowered her head. She didn't even dare to look at Han Tianyang.

They were husband and wife, originally united by their interests. Nangong Qianqiu didn't dare to act capriciously in front of Han Tianyang.

"Grandfather." Han Jun bowed his head and shouted.

Han Tianyang walked up to Han Jun and slapped Han Jun's face with a heavy slap.

Han Jun didn't know why. He didn't dare to take a breath.

"Apologize to him." Han Tianyang coldly snapped.

"Why?" Han Jun looked unconvinced and asked to apologize to Han 3000. Isn't this a joke?

Han Tian Yang slapped Han Jun in the face again and said, "Apologize."

"I ....."

Han Jun, who hadn't finished his sentence, received a third slap.

His face was raw and painful, and was obviously swollen.

Nangong Qianqiu was distressed at what she saw, but did not dare to say anything.

Han Jun knew that no matter what he said, except to say sorry, he would be beaten.

In front of Han Tian Yang's powerful atmosphere, Han Jun could only compromise temporarily and said to Han Qianqian, "I'm sorry."

Han Qianqiang didn't care, a person who didn't care about him, no matter what he said or did, it didn't have much to do with him.

And he would be leaving Earth soon, and these little things were even less worth Han Three Thousand's concern.

"Grandpa, I'm leaving." Han Three Thousand said.

"There's no rush." After Han Tian Yang said that, he turned to look at Han Jun again.

An ominous premonition was born in Han Jun's heart, wasn't it enough that he had already apologized?

"Kneel down." Han Tian Yang said.

Han Jun's head rumbled.

Saying the three words sorry was already his bottom line, but I didn't think Han Tianyang would want him to kneel down to Han Qianqian!

"And you." Han Tianyang looked at Nangong Qianqiu and continued.

Now not only Han Jun was blinded, even Shi Jing, who was on the side, was also blinded.

Although Nangong Qianqiu had not treated Han Qianqian as her own grandson since she was a child, she was still Han Qianqian's elder, so how could she let Nangong Qianqiu kneel down to Han Qianqian?

## **Chapter 1549**

Nangong Qianqiu's face was livid, asking Han Jun to kneel down to Han Qianqiang, which she couldn't quite accept inside, and she even couldn't help but want to say something nice for Han Jun, asking Han Tian Yang not to do such an outrageous thing, but what Nangong Qianqiu never expected was that Han Tian Yang not only asked Han Jun to kneel down, but also her!

"Are you crazy? Can he afford to have me kneel to him?" Nangong Qianqiu gritted her teeth and said.

Han Tian Yang walked up to Nangong Qian Qiu with a cold face, Nangong Qian Qiu subconsciously took two steps back, after all, she had seen Han Jun being slapped just now.

"What are you afraid of?" Han Tian Yang asked.

"I ..... am not afraid." Nangong Qianqiu said.

"Since childhood, you haven't done your duty to take care of him, and isn't it your fault that it's hard to fall?" Han Tian Yang said, "Although the debt to Han 3000 can no longer be recovered, making Nangong Qianqiu admit her mistake will eventually make Han 3000 feel better, which is why he did it.

Nangong Qianqiu smiled coldly and said, "I didn't take care of him properly, so do I need to kneel to him?"

"You filled his childhood with nightmares and shadows, and that's the price you should have to pay." Han Tian Yang said in a firm tone.

Nangong Qianqiu's temper also came up.

In her heart, Han Qianqiu had always been a wimp, and although he did make some contributions to the Han family now, it wasn't to the point where she needed to admit her mistakes, and this admission was even more unacceptable to her.

"That's his own uselessness, what does it have to do with me." Nangong Qianqiu gritted her teeth and said.

When Han Tian Yang heard this, he was instantly furious, taking two steps forward and swinging his upturned hand down heavily.

Slap!

A resounding slap on the face made Nangong Qianqiu almost dizzy.

Shi Jing, who was by the side, saw this scene and kept giving Han Qianqian a wink, hoping that Han Qianqian would say something to stop this, because Han Tian Yang's anger could only be doused by Han Qianqian.

But Han 3,000 stood still and did not move, although he had already looked past the previous incident, but it was good to teach Nangong Qianqiu a lesson.

"Three-thousand years, you must stop your grandfather." Seeing that her eyes were not working, Shi Jing helplessly walked to Han Qianqiu's side and softly reminded her.

"Stop what, why should I?" Han Qianli faintly said.

"Is it so hard that you really want grandma to kneel to you?" Shi Jing said, "This kind of seniority issue, Shi Jing is really afraid that Han Qiangiang will be struck by lightning.

"Grandmother? Do I?" Han Qianqian smiled contemptuously, although he had moved on from the past, it didn't mean that he didn't care to call Nangong Qianqiu that.

In Han Qianqian's heart, he has long since stopped treating Nangong Qianqiu as a grandmother, a stranger, an emotionless stranger.

Shi Jing's face was somewhat ugly, and if Han Qianqian didn't come forward to stop it, no one would be able to stop the situation from getting worse.

"Even if you don't admit it, you still have her blood flowing in your body, and if she kneels down to you, you will be struck by lightning from heaven," Shi Jing said.

Faced with the four words, Han Qianqian smiled slightly, to him who had already suffered a thunderstorm, what was a heavenly strike and lightning strike?

At this time, Han Tianyang found Shi Jing and mud, turned his head with a cold face and said to Shi Jing: "Get lost."

Shi Jing involuntarily shuddered, the killing intent in Han Tian Yang's eyes made her instantly retreat, although she did not want to see Nangong Qianqiu kneeling, but she did not want to be marked down in Han Tian Yang's heart.

"I'll give you one last chance." Han Tianyang said to Nangong Qianqiu.

Nangong Qianqiu, with a firm expression and a tough attitude, said, "Han Tianyang, don't forget that I am after all a member of the Nangong family, and even if I am just a tool, I am still surnamed Nangong, so let me kneel, have you ever thought of the consequences?"

Although Nangong Qianqiu is indeed a tool, her backstage, after all, is the Nangong family, the world's top figure Nangong Boling.

But now, for the word Nangong Boling, Han Tian Yang has no fear, because he is just a servant in front of Han Qianyang, and if not for Han Qianyang, Nangong Boling might have died long ago in a hail of bullets.

"Nangong Boling is nothing more than a clown to my Han family." Han Tian Yang coldly said.

"Haha, hahahahahahaha." Nangong Qianqiu suddenly laughed, to her, this is simply an international joke, Nangong Boling is a jumping clown, what is the small Han family?

"Han Tianyang, you really have the audacity to say that Nangong Boling is a jumper, I will definitely spread this matter back to the Nangong family." Nangong Qianqiu looked viciously at Han Tianyang, she was no longer afraid of breaking the net with Han Tianyang.

"No need."

At this time, an outsider's voice sounded in the Han family's compound.

When the crowd followed the voice, they looked over.

Han Qianli's expression was filled with puzzlement.

Han Tianyang, on the other hand, was visibly stunned.

As for Nangong Qianqiu, she was so happy that she almost burst out laughing.

It was Nangong Boling they were talking about.

Han Qianqian didn't quite understand how Nangong Boling could suddenly appear in the Han family, but this guy wasn't hiding well on his island, so why would he come out?

"Master, did you hear everything Han Tianyang just said?" Nangong Qianqiu rushed to Nangong Boling's side, she was now very excited because Nangong Boling's appearance in her opinion could not only teach Han Tian Yang a lesson, but also make Han Qianqiang pay the price.

"Heard that." Nangong Boling faintly said.

"Family Master, he really deserves to die for being so disrespectful to you." Nangong Qianqiu fanned the flames and said.

Nangong Boling smiled slightly, Han Tianyang deserves to die? He didn't even dare to think about it, because he knew clearly that if Han Qianxiang wanted him dead, it would be useless even for the Great Luo Jin Immortal to appear in the world.

And wouldn't it be even more logical for Nangong Boling to kneel down to Han Qianxiang?

"Guilty as charged? I think you're the one who deserves to die, and is it hard not to pay the price for causing such serious harm to your grandson?" Nangong Boling said.

As soon as the words came out, Nangong Qianqiu was instantly confused.

She had thought that Nangong Boling's appearance was her helper, but looking at the meaning of Nangong Boling's words, it also meant that she was to kneel down and apologize to Han Qianqiang, what was this situation?

"Master of the house, what do you ..... you mean?" Nangong Qianqiu asked, puzzled.

"Kneeling down to apologize, is that simple and straightforward enough?"

## Chapter 1550

When Nangong Boling said these words, Han Tianyang knew even more how much respect he had for Han 3,000, and because of this fear, he was able to make Nangong Qianqiu kneel.

After all, he had been used as a puppet by Nangong Boling for many years, and now he could finally turn over a new leaf, and he no longer had to worry about the Nangong family threatening the Han family in the future.

As for Nangong Qianqiu, she doesn't think at all anymore. She doesn't understand why Nangong Boling wants her to kneel down and apologize to Han Qianqiang, and why he doesn't shy away from embarrassing the Nangong family? After all, on her name, there is also the word Nangong on it.

Shi Jing, on the other hand, was completely speechless. Nangong Boling's appearance could not help but not defuse this matter, but instead made it go to an irreversible extreme.

The first thing you need to understand is that you can't be sure that you're going to be able to get a good deal of money.

"Is it hard to understand you can't understand my words?" When Nangong Bo Ling saw that Nangong Qianqiu did not make a single move, his tone had dropped to freezing point.

Nangong Qianqiu shivered involuntarily, facing Nangong Bo Ling, she didn't dare to slacken a bit, because she had known since childhood how ruthless this man was, Nangong Bo Ling in order to be able to sit on the seat of the head of the family, but he had killed his own brother.

If she didn't do what he said, Nangong Qianqiu didn't know what kind of fate she would bring to herself.

Before Nangong Boling was truly angry, Nangong Qianqiu could only kneel down!

When Han Jun saw this scene, his legs suddenly and inexplicably weakened, because all along, Nangong Qianqiu had been his strongest protective umbrella, and now the umbrellas were kneeling down, proving that Nangong Qianqiu had lost the ability to protect him.

Seeing Nangong Qianqiu kneel down, Nangong Boling walked up to Han Qianqiang and said, "If you have any other demands, you can feel free to ask."

"Do you think I would care about her?" Han Qianli faintly said.

Nangong Boling shook his head and said, "With your status, you naturally don't need to care about such a small role."

Nangong Qianqiu was indeed a small role, but when she felt Nangong Boling's attitude toward Han Qianqian, she felt very surprised that the head of the Nangong Family, who was the head of the Nangong Family, had lost half of his imposing momentum in front of Han Qianqian, and even gave the impression that he was carefully serving Han Qianqian, what was going on!

Could it be that even Nangong Boling is afraid of Han Qianxiang?

How is this possible!

"Did you come to Yanjing looking for me?" Han Qianqian asked.

Recently, Nangong Boling had a feeling that if he didn't come to see Han Qianqian, he would never have the chance to see her again in the future, which is why he boldly and boldly came to the door himself, afraid of missing his chance to go to the apocalypse.

For Nangong Boling, the apocalypse is his lifelong obsession, and at his age, power and social status are no longer important, what he wants more is to live a long life, and only Han Qianqian and the apocalypse can help him do that.

"I'm sorry, please forgive me for coming uninvited." Nangong Boling said with his head buried, not caring at all that there were other people present.

Nangong Qianqiu's eyes were dull, as if she had lost her soul.

Although she had long suspected that Nangong Boling was afraid of Han Qianqian, this was only a guess, and Nangong Qianqiu did not believe it at all.

But when Nangong Boling's mouth uttered the three words sorry, Nangong Qianqiu knew that everything she had guessed before was correct, but she couldn't figure out how Han Qianqian, the trash, had managed to do it!

"Is it so hard for you to forget that I will still go to the Nangong family, or are you afraid that I won't go?" Han 3,000 faintly said that the Nangong family still kept the stone tablet, which Han 3,000 would definitely take with him.

Nangong Boling was indeed afraid of this happening in his heart, because after he had seen Han Qianli's power, he didn't feel that the tablet was that important to Han Qianli, so he couldn't rely on that to be able to wait for Han Qianli in the Nangong Clan.

"I shouldn't doubt you, but I'm worried that you won't be able to remember such a small thing." Nangong Boling didn't dare to look up, because he knew it was a sign of disrespect to Han Qianli.

Han Qianqian smiled coldly and said, "Nangong Boling, you really have a lot of nerve to doubt me."

"I don't dare." Nangong Boling said with a tremble all over his body.

"Even if I really don't go, what's the point of you finding me?" Han Qianqiang said.

This question had never occurred to Nangong Boling, nor did he dare to think about it.

"No matter what, for me, I have to see you, and as for the consequences, I have never thought about it." Nangong Boling said.

This guy, really a bit afraid of death, but he did all of this, but he just did not want to let himself die.

"I'm going back to Yun City, you wait for me in Yanjing." Han Qianqian said.

When Nangong Boling heard these words, he finally put his heart at ease and said, "If you have any orders, please feel free to ask."

Han Qianli didn't say anything, and left the Han family courtyard straight away, for him, what else couldn't he do?
